

Ditsy Wife 1431

Chapter 1431: There's a problem with this Xin Rong

As for Xinrong Linyi, as the leader of the mercenary world, how could he not know how to ride a horse?

But in the face of Sheng nanxuan's inquiry, she naturally had to be careful. If he went to the border to investigate, wouldn't he be exposed?

it's hot," Sheng nanxuan said to Simon. be careful. Then, he left with CEng Shuai.

Xin Rong heaved a sigh of relief. "Let's continue,"

Sheng nanxuan heard the sound of the horse's hooves running away. He turned his horse around and looked at them.

"What's the matter?" asked Zeng Shuai.

"There's something wrong with this Xin Rong. Investigate him thoroughly!"

There was no mention of her riding skills in the information he had found. At least, she had not ridden a horse since she came to the capital. Otherwise, given how powerful he was, it was impossible for him not to be able to find out.

If he had only learned it when he was young, how could he be so skilled?

Xin Rong and Simon returned to the villa just in time for Sheng Yiting to return.

When Sheng Yiting called him 'uncle', Simon paused for a moment before he reacted and nodded.

In the past, when he wanted to pursue a girl, he forbade Sheng Yiting from calling him uncle in front of the other girls. He wanted to refute Sheng Yiting, but after hesitating for a moment, he realized that it didn't matter anymore if he was Xin Rong's boyfriend.

Sheng Yiting looked at Xin Rong, not knowing how to address her. He nodded and said, " Hello, my house is also my uncle's house. Please feel free.

Xin Rong smiled.

I'm going to visit my mother first," Sheng Yiting said to Simon.

Xin Rong saw him go upstairs and whispered in Simon's ear, I think he's more handsome than you."

Simon was shocked and looked at her.

"But I'll only sleep with you," she said with a smile.

Simon facepalmed and pulled her inside. "Alright! Go and drink some water!"

"I want to take a shower." but I didn't bring any clothes, "Xin Rong said softly.

"My sister doesn't have a girl of your age in her family. I don't know if there are any." You go take a shower first, I'll help you ask."

The two of them each drank a large glass of water before Simon brought Xin Rong to his room.

After entering, he asked, "how is it?" I've been living in this room for more than ten years. In the future, it'll just be the two of us. Bring more clothes next time, in case you don't even have to change your clothes the next time you come."

Xin Rong sat on the bed and took off his shoes. He stared at him. "Aren't you going?"

"Zhenzhen, go, go, go, I'll go now." Simon glanced at the bathroom and walked out in disappointment.

Hehehe, if he couldn't do it now, he would do it later.

When he brought the clothes over, he would send them in, hehehe.

Simon's thoughts were wonderful, and his steps were light.

Gong mo was chatting with a group of people in the sunroom when Sheng Yiting stood beside her and said something.

As Simon walked in, Shan Rong snorted, "my son is here too!" Do you think you're the only one with a son?"

"Mom ..." Gong mo was helpless.

Everyone could not help but laugh. Simon asked in confusion, "What's wrong?"

Sheng Yiting raised an eyebrow. what are you doing here? why aren't you with your girlfriend? "

"Ahem." Xi Meng Ran over to Gong mo and said to everyone, " she was drenched in sweat when she went riding a horse with Xin Rong. I came to ask if sister has any clothes for her to change into.

Gong mo thought for a moment and stood up. I'll go and look for it. You guys sit down first.

Simon followed her out. Lu duo glanced at Sheng Yiting and was about to say something when Sheng Yiting followed her out.

Lu duo froze. She looked at everyone but didn't follow them.

Sheng Yiting's attitude toward her would probably never soften for the rest of his life.. It would be too embarrassing if she went out with him like this and nothing happened!

Chapter 1432: You look prettier than me in it

Lu duo gritted her teeth in her heart.

So what if he ignored her now? With her around, other women could forget about getting close to him! When he grew older in the future, wouldn't he only be able to choose her? At that time, the old people were looking forward to him getting married, and she was the only one in the circle who was worthy of him.

They knew each other well.

Thinking about it this way, Lu duo felt very angry.

She couldn't afford to wait as she was getting older. Who knew what would happen in the future?

And,

He might have to run for the president when he turned 30. She had to get permission to enter the President's House when he moved in!

Simon followed Gong mo to her cloakroom.

Her cloakroom had been expanded once, and it was extremely big now. I didn't throw away the clothes I used to wear. It's just that it's been so many years and they're all outdated, Huanhuan. Gong mo walked towards the storage room. It was filled with the clothes she wore when she was young. Although he didn't know what to do with them, he did.

"Do you want her to choose?" Gong mo opened the cabinet and asked.

"It's fine, it's fine," Simon said, " I know what kind of clothes are suitable for her.

After all, Simon had grown up with a lot of women, so he still had some aesthetic sense.

In fact, the current aesthetic standard was not much different from that of more than 20 years ago. Although there were many new styles, some of the old styles were still popular.

Simon chose a champagne-colored bohemian dress for Xin Rong.

you have good taste, " Gong mo laughed. she'll definitely look good in this!

Simon couldn't wait any longer. He immediately took the dress and went to find Xin Rong.

Xin Rong had already taken a shower and had taken a shirt from his closet to put on temporarily.

When Simon entered and saw her appearance, he immediately swallowed his saliva.

That was his shirt, Yingluo.

Just the thought of it made him extremely excited!

Xin Rong looked up and smiled when he saw the clothes in his hand.

Simon thought she was inviting him and rushed over excitedly. Xin Rong was shocked and jumped to avoid her.

oof! Simon hit the bedside table.

Xin Rong snickered and snatched the dress from him. "I want to have fun with you too, but you're taking so long. How embarrassing would it be if everyone knows about it?"

Xin Rong took the dress to the bathroom.

Simon held his head and thought, 'since you praised me for being long-lasting, I'll let you go!

After a while, Xin Rong came out in a new dress and spun around in front of him. "How is it?"

Okay, okay, okay, Yingying. Simon stood up, cupped her face, and kissed her.

my sisters are having afternoon tea. Do you want to go? ' sure! Xin Rong tidied his hair and followed him to the sunroom.

As soon as they entered, everyone's stunned gazes were cast over.

She was a little taller than Gong mo. Gong Mo's dress was designed to reach the ground, so she just exposed her ankles and looked a little sexy when she walked.

"You look much prettier than me in this," Gong mo said to dan Rong.

Shan Rong nodded,"my son's taste goes without saying. He's the best at discovering beauty- "

"Cough cough!" Simon coughed heavily. Afraid that she would mention his past, he hurriedly interrupted her, " I'll leave Xin Rong to you. Don't bully her. "I'm most afraid of you bullying her." Shan Rong glared at him. you better behave yourself.

I'm the most honest of them all," Simon said innocently. if you don't believe me, ask Xin Rong.

"I think you're the most dishonest," Xin Rong said as he glanced at him.

Simon, "hehe."

Simon ran away with a red face.

Shan Rong looked at Xin Rong with surprise and enthusiasm.

Tsk, tsk.. It's really strange that my son would blush after so many years! This daughter-in-law was amazing!

Chapter 1433: Xin Rong suddenly became popular

Xin rongke's " shocking dream of marriage " was released. It was indeed a bad film with a bad reputation. However, with the male and female leads 'fan base, many people still paid the bill. Moreover, the overwhelming bad reputation was also a form of publicity. Many people just wanted to see how bad the movie was!

As a result, the box office earnings were not bad.

This was Xin Rong's first movie, so Simon naturally had to support it.

He had originally wanted to book a few shows, but Xin Rong said, i ' I'm just showing my face, I'm not the main character. It's not good for me no matter how high the box office is. Even if it's bad, they won't be able to scold me. I'd better not waste money.

Simon was a little disappointed. His goddess was too powerful, and he always wanted to do something for her to show off his dominance.

Aiyoyo

He asked, “then shall we go and watch it together?” It’s your first time acting in a movie.”

“Alright!” Xin Rong nodded.

Hence, the two of them bought tickets to the VIP hall. The VIP hall had couple seats, and the sofa was large and comfortable, so the two of them sat next to each other. If there wasn’t anyone else, it wasn’t impossible to do something.

Xin Rong was afraid of being recognized, so he only entered with Simon when the movie started.

When she appeared, the movie was coming to an end. Many people couldn’t stand the plot anymore and had left.

When she suddenly appeared from behind the pillar, her fair face appeared in the camera, and the surrounding audience couldn’t help but let out a “wow! !

However, this scene only flashed by, giving people the feeling of a fleeting glimpse.

Simon grabbed Xin Rong’s hand excitedly. “You’re so pretty!”

shush! Xin Rong hurriedly stopped him.

Simon coughed and looked around. Fortunately, his voice was soft, and the fight in the movie had already started, so no one heard him.

Xin Rong's performance won the crowd's praise.

One was because of the stunning entrance, and the other was because of the natural and smooth fighting.

The audience commented, "I feel that the martial arts Director for this scene is different from the rest of the film. This one is the master, and the others are the apprentices."

The martial arts Director said, "I feel bitter, I have something to say!"

Many viewers said, "the only thing worth watching in this show is Hong Yu. She's beautiful and good at fighting. Why didn't she kill the male and female leads?" I'm annoyed just by looking at them!

As a result, another group of people went to watch the movie to see Hong Yu. Xin Rong became famous all of a sudden.

Lei Xi struck while the iron was hot and arranged for someone to expose on the internet-it was said that Xin Rong's fight in this film was real kung fu!

the legend of a hundred heroes " was also released to create hype. They played a video of her practicing her swordsmanship in the production team. Her movements were beautiful and valiant.

Mystery city's case collection " did not want to fall behind, so it silently played a fighting scene that had not been post-processed. Xin Rong and the male and female leads fought each other bare-handed, each of their moves restraining the male lead. In the end, the director's voice came from behind the camera, "Wrong, wrong! Xin Rong, you can't beat him. Take it easy and let him win!"

In an instant, Xin Rong became popular on the internet, giving birth to a large number of fans.

Everyone expressed one after another that they were not afraid of the goddess's beauty, but that her martial arts were good!

After that, Tracy received a bunch of scripts for martial arts movies and wuxia movies.

Tracy was in an extremely good mood. She smiled and said, "when the legend of bailing and Mystery City are broadcasted, you'll be at least a third-tier or second-tier actress. The company will arrange an assistant for you then.

my current assistant is very useful "Xin Rong said proudly.

of course! Tracy put her hand to her forehead and said fiercely, "I've already used it on the bed. Of course it's useful!

"Thanks for the compliment," Xin Rong said with a smile.

Yingluo, who praised her?

Chapter 1434: What if I want to audition for the female lead?

Tracy threw the script in front of her and said, "look at this!" Muxia is the director, Su Yi won the male lead, and he invites you to audition for the second female lead!"

Just as Xin Rong was about to open it, he paused. "Don't! Aren't we being bullied by them?"

Lei Xi paused and did not say anything.

"What?" Xin Rong was puzzled. Do you still have feelings for your ex-husband?"

“No, I didn’t,” After all, I’ve been with him for so many years. I still know his level. Although his character wasn’t good, his talent wasn’t bad. He’s going to win an award for this movie, and it’s good for you to be the second female lead. I just feel that for Yingluo’s future development, it’s fine to bear with it.

Of course, if you don’t want to take it, then we won’t.”

“Then don’t answer it. Just go back, I’m not going!”

Tracy paused. She wanted to say something, but she stopped herself and nodded.

With Muxia’s status in the industry, a direct rejection would offend him. No matter what, he should go for the audition. After all, he had been invited. However, they had already offended him, so this little bit was nothing.

Xin Rong sat up straight and began to study the rest of the script.

Seeing that there were a few idol dramas, she asked, “This drama isn’t for me, right?”

that’s right. These people don’t care what you know. Seeing that you have something to talk about, they want to spread their net and catch more fish. “It’s not like I can’t act in a good script.” As Xin Rong spoke, he flipped it open to look at the story outline. After one glance, he threw it away. forget it, I don’t want it! What about mifei and the others? If there’s something suitable for them,”

“Don’t worry, I know what to do with them. The two of them have a lot of film contracts now. Mi Fei is picky, and Chen Mei hasn’t taken a break.” As she spoke, she sighed softly.

Chen Mei seemed to have a good relationship with Yu Lin. Yu Lin had recommended many production teams to her. She was now like a fish in water and didn’t even listen to her own words.

Knowing that she would run away sooner or later, she was just doing her job as a manager.

“What’s with this book?” she asked.

“I almost forgot!” Lacy exclaimed. This director is a friend of the director of ‘Mystery City’. The director of ‘Mystery City’ saw your acting skills and recommended you to him. He’s asking you to audition for the role of the third female lead. He’s a Special Agent.”

Xin Rong smiled, “what if I want to audition for the female lead?” The third female lead is a fighting scene again. I’ve already shot three in a row, so I want to change it. Moreover, this character died in the end, and it was the same for the previous three movies. I can’t play this role!”

Speechless, Tracy said, “the film industry is different from the television industry.” If you want to audition for the female lead, it’ll be difficult unless your acting skills are heaven-defying!

“I like challenges!”

With such a character setting, every scene was a scene of the heart.. It required superb acting skills, otherwise, nothing could be acted out!

Chapter 1435: Sheng nanxuan’s visit

There were a few movie Queens in the industry who were acknowledged for their good acting skills, but they were old. However, her acting skills were enough to support them to play the role of a young girl, and the director had already sent an invitation.

Besides, this character didn’t need to show too much of a young girl’s side, so people wouldn’t care about this when they were watching the show.

Hence, it would be difficult for Xin Rong to compete for this role!

Even if her acting skills were good enough, without status and a fan base, she had already lost by a large margin!

However, Xin Rong liked challenges, so he didn't read any other scripts. Because there was still one more movie, and it was the modern character who looked calm on the surface but was crazy on the inside. If he got the lead role of the movie, it wouldn't be too late to take on other shows according to his schedule.

On Xin Rong's first day of reporting for the modern drama, Simon was called by Gambino to discuss some matters and didn't accompany her.

She returned home after filming. When she walked to the door, she felt that something was wrong. She felt that there was a hidden danger.

She turned her head and looked around. This was a high-end residential area, so no one should be able to sneak in.

However, it was hard to say for real experts. Security was useless, and surveillance was useless.

She took out her key and opened the door while looking vigilantly at both sides of the corridor, in case someone suddenly sneaked out.

She heaved a sigh of relief when no one appeared even after the lock was unlocked. She rushed into the house and closed the door in one go. Then, she was dumbfounded ...

Sheng nanxuan was sitting in the living room with a bodyguard beside him.

Xin Rong's eyes widened, and he didn't know what expression to make.

Should he be calm?

But wasn't there a problem with being calm? She was just a commoner. If a person appeared in her house for no reason, even if she knew him, she would be shocked!

But what kind of expression should he make if he was scared?

Sheng nanxuan must have found something if he appeared here. Was there any use in acting dumb?

Xin Rong let out a breath and patted his chest. "Sis, brother-in-law, what are you doing? How did you get in?"

She suddenly thought of Simon and smiled in relief. "Did Simon bring you in? Why didn't he tell me?"

"I came in by myself. Simon didn't know." Sheng nanxuan crossed his legs and casually placed his hands on the sofa. The ordinary sofa felt like a throne to him.

Xin Rong was stunned and slowly walked over. "Why?"

"You're not afraid at all." Sheng nanxuan smiled.

He shot a look at the bodyguard, who nodded at Xin Rong and left.

Xin Rong looked at Sheng nanxuan warily.

Sheng nanxuan looked at her. have a seat. Let's talk slowly.

Xin Rong's jaw clenched. She smoothed her skirt and sat on the sofa furthest away from him.

"You're not afraid at all," he laughed, "where did you get your courage from? Xin Rong sighed and pleaded, " "If you have something to say, just say it." She didn't want to die without understanding!

It was said that Sheng nanxuan's body was different from ordinary people's. As Judy, it was impossible for her to win, let alone this body.

"Should I call you Judy?" Sheng nanxuan rubbed his fingers.

Xin Rong looked at him and heaved a sigh of relief.

As expected, he had found out.

It wasn't a secret that the original body had entered the hospital. As long as they investigated, they would definitely find out that Judy and Xin Rong had appeared there at the same time. If he found out that Carter was also there and knew about the double S experiment, he could make a bold assumption.

Xin Rong's eyes narrowed. If he could find out, King might find out as well.

That lunatic!

Xin Rong gritted his teeth. I'm Xin Rong now.

Sheng nanxuan looked at her thoughtfully.. what's your purpose in getting

close to Simon?

Chapter 1436: I'd rather kill the wrong person than let him go

Xin Rong relaxed his body and said leisurely, "If you've really investigated seriously, you should know that I wasn't the one who approached him. Let's not beat around the bush, you're afraid I'll take revenge on Gong mo, right?" Sheng nanxuan furrowed his eyebrows.

He was naturally afraid. Otherwise, he wouldn't have had the thought of killing her when he first found out that she had gone to bewilderment Fog Island.

However, the situation had become complicated.

He had always been a protective person. Even though her relationship with Simon was a little hard to define, in his opinion, she was already under his protection.

Even if he didn't protect her, he couldn't possibly go against Simon.

Furthermore, she was now Princess Emily. Emilia was a sovereign country.

Although the situation was unstable now, who knew what the future would be like? Keeping her alive might be a card that China could play in the international arena in the future.

"You still hate us?" He asked.

Xin Rong was silent for a few seconds before saying, "if I said I've let it go, you definitely wouldn't believe me." It's related to the safety of your wife and child, so you'd rather kill the wrong person than let him go."

"You know me well!" Sheng nanxuan smiled.

Xin Rong also laughed) completely relaxed."I don't know if you've experienced life and death. When I first went to bewilderment Fog Island, I offered such a high price because I wanted to finish that job and stop. However, with his identity back then, it would have been difficult for him to back out. People in the pugilistic world had no choice. Now, he had left the martial arts world without any worries. It was simply a blessing from the heavens! It's not easy to get this opportunity, so why would I make things difficult for myself?"

"I can't be at ease when you say that." Sheng nanxuan stood up. but for Simon's sake, I'll let you live for the time being.

Xin Rong frowned in displeasure.

Her master had died because of Gong mo, so what right did he have to say such things?

Sheng nanxuan could not help but laugh when he saw her tensed face. "I understand your feelings. If it were me, I would be even angrier. It's human nature. But there were some things that you couldn't let go of just because you understood the other party, right? Weren't you the same back then? You know it's not our fault, but you still hate us."

Xin Rong suddenly smiled and nodded, "good that you understand." I'm just afraid I don't understand."

Sheng nanxuan left without looking back.

Xin Rong stood up and stomped on the spot where he had sat. "Amazing!"

She was so angry!

She had never been afraid of anyone in her life, because she had avoided all the people she was afraid of, including him!

Now that they had met directly, they couldn't win in a one-on-one fight, and it was even worse in a group fight. At most, she had six people, unlike them.

Xin Rong felt extremely aggrieved. I also have to raise many, many younger brothers, Yingluo. No, I have to become strong myself, so that I can mobilize the entire country like Sheng nanxuan! Hmph let's see who's more powerful then!

Just as he was thinking about it, Simon called.

When Xin Rong saw this, he suddenly understood what had happened.

Simon had been inseparable from her recently. Today, he was called away by Gambino. It must be a trick by Sheng nanxuan to lure the Tiger away from the mountain!

She was even more depressed.

The other party could at least lure the Tiger away from the mountain. If he wanted to lure the Tiger away from the mountain, he would be all alone. How could he proceed?

It seemed that he couldn't just be an actor. At least for now, he had to take care of Simon, a loyal dog. In the future, if she became Madam Gambino, she would at least have the power of the entire Gambino family to mobilize.

As for starting from scratch to develop a force?

She really didn't want to be so tired right now. She just wanted to have some fun in the entertainment industry!

She reached out and picked up the phone..

Chapter 1437: What kind of gift do you want?

Xin Rong insisted on auditioning for the female lead of "Rouge and Lei Xi had to negotiate with the director for a long time before she succeeded.

The director was a little unhappy. He felt that Xin Rong was too full of himself. He hadn't even learned how to walk and he already wanted to fly. Forget it, I'll give her a chance to be defeated!

On the day of the audition, Lei Xi and Xi Meng accompanied Xin Rong.

While Lei Xi was extremely nervous, Xin Rong and Simon were very calm.

I heard that your birthday is coming soon. What present would you like? "Xin Rong asked Simon.

Simon said excitedly, "the things you made for my sister are very interesting. Can you make anything else?" Make me one too!"

Xin Rong had given Gong mo a wind chime that had the domino effect. She had made it herself.

When she sent it over, it had not been assembled yet. That night, she helped to assemble it and placed a small ball at the starting position. The ball rolled along the way, making a very pleasant tinkling sound. In the end, the ball would activate a wind chime, which would ring for a long time. If there was wind, it would continue to ring.

This was something Xin Rong had made himself. It was just a small mechanism, so it wasn't much to her. However, to Gong mo, it was his sincerity that was rare.

When Simon saw this, he felt sour in his heart. Xin Rong had never made anything for him!

Now that Xin Rong had brought it up, he naturally wouldn't let it go.

Xin Rong thought for a moment and decided to make a cold weapon for him, such as a dagger or a dart.

"You guys are still in the mood to discuss gifts?" she asked. You should think about the audition later!"

"I've already made preparations. If the director doesn't like me, it means-"

“He’s blind?”

“NO! I’m not good enough!”

Tracy choked. I didn’t expect you to know your own limits.

“I’ve always had it, so I won’t be modest when I know I’m going to win.” What could she say when Yueyue was so arrogant?

After arriving at the audition venue, it was Xin Rong’s turn after an hour.

She walked into the room and saw the director, scriptwriter, and others sitting inside.

She introduced herself, and the director said indifferently, I ‘ you’ll play the scene where Yanzhi was interrogated after her identity was exposed. You’ll have to start from the beginning.

This scene was the main focus of the entire film. The female lead, Yan Zhi, was exposed, but she did not know it herself. When she had the chance to leave, she did not. Instead, she returned to the battlefield that belonged to her, and what awaited her was torture.

Xin Rong retreated to the entrance and nodded to everyone before starting his performance.

She slowly took two steps forward, her face expressionless, looking like a walking corpse.

She seemed to be a little absent-minded and tired. She stopped and made a gesture of pushing the door. Suddenly, her body stiffened and her eyes widened.

In the script, the warlord suddenly appeared behind her and pointed a gun at her waist.

She would turn her head, and the moment she saw the warlord, she would suddenly realize that she had been exposed.

At this moment, if Xin Rong acted like this, she would have her back to the director, so the director couldn't see her expression.

So she took two steps forward and told the director through the movement of her eyes, "The warlord walked up to her.

The director nodded in his heart, "she's still able to adapt to the situation."

Xin Rong's expression suddenly changed. He looked pitifully in front of him and cried out, "Marshal!"

Next, she was questioned, and she kept quibbling until the Marshal angrily kicked her to the ground and interrogated her. But she still refused to admit it.

"Stop!" The director shouted impatiently.

This wasn't how the script was supposed to be.

In the script, Yanzhi knew that she had been exposed, so she did not beg for mercy..

Chapter 1438: persuasion

Yanzhi was not afraid when the gun was pointed at her waist.

When she turned around and saw who it was, she was slightly shocked. She understood that she had been exposed and instantly calmed down. It could be said that she was unyielding.

The director took a deep breath and asked unhappily, "What are you acting? Is this my female lead? The female lead is a revolutionary. What kind of person are you? where's your backbone?"

Furthermore, Xin Rong's expression had been one of utter shock when Yan Zhi had been pointed at with a gun. She didn't even see who it was. Was there a need to be shocked? Yanzhi had been trained, so she wouldn't be that shocked!

Xin Rong got up from the ground and adjusted his expression. He said indifferently, "A man who knows when to yield and when to stand tall is a man. Director, can you please listen to my explanation?"

The director waved his hand and was all ears.

Xin Rong said, "Yanzhi has received training, so even if her life is hanging by a thread, she will be very calm." The only thing that could make her feel pain was probably the faith in her heart. Therefore, when the gun was pointed at her waist, she would be a little surprised. This kind of surprise was fear and vigilance.

The moment she became a spy, she must have been prepared to sacrifice herself and made various assumptions. This situation was definitely within her assumption. Has my identity been exposed? Then what should he do? The mission has failed, I'm about to lose my life, and I can no longer contribute to the revolution.

At this time, her heart must be filled with mixed feelings, and it was impossible for her to be expressionless. She could be expressionless about anything, but she would feel terrible if she couldn't continue to devote herself to the faith in her heart. Coincidentally, there was no one in front of her at the moment. She was not afraid of being seen, so she did not need to hide her emotions too much."

When the director heard this, he became serious, and his thoughts seemed to have been opened by her.

Xin Rong continued, "but then she'll think of a way to solve the current predicament." Her first mission was not to deliver the message, but to survive!

There was only hope if he was alive. Therefore, without even seeing the Marshal, her first assumption was that she had been exposed, and she already had a solution in her mind.

She wouldn't just accept her fate and would fight back! He would still fight for it! He was just like all the Chinese people of that era! If she accepted her fate like this, even she, who had received training, had accepted her fate, what about the rest? In that era, if they had accepted their fate, there would be no China today. It would be a huge J country, wouldn't it?

Therefore, when she turned around and saw who it was, she immediately changed her expression, pretending to know nothing and to be afraid. Even if she sees a coffin, she might not shed tears!"

Xin Rong took a deep breath and said gratefully, " "Thank you, I'm done." The director looked at the scriptwriter.

The scriptwriter was a little dissatisfied, "is she saying that my script is not well-written?" Did not deconstruct the characters well?

The scriptwriter said stiffly, "your analysis is very good." But you're from Emilia, and this movie is about the history of China's War of Resistance. You're not suitable for it. '

Oh? " Xin Rong smiled faintly. Emilia is also fighting the war. The current me understands Yanzhi's feelings better than any other Chinese!

The director looked at her.

Although she was of mixed blood, Emilia was a race close to Asians, so it would not be out of place for her to act as a Chinese. At most, she would be a little too beautiful. And even if she looked out of place, the makeup artist would make her look right through her makeup skills.

After a moment of silence, he said,"you acted very well. You almost convinced me." We'll seriously consider it. You can go back and wait for the news."

Xin Rong bowed with a smile and left..

Chapter 1439: Waiting for Yingluo

Tracy and Simon hurried over.

“How is it?” Tracy asked worriedly.

Simon said with heartache, “it’s been so long. It’s too torturous.” Are you hungry? Let’s go eat something first!”

“Do these two people know what’s the most important thing?”

“Let’s talk outside,” Xin Rong said with a smile.

Lei Xi nodded. It was indeed not a good place to talk, as there were other people auditioning nearby.

However, when the other auditionees saw Xin Rong’s smile, they all began to suppress their emotions.

After getting into the car, Lacy asked about the situation again.

“If the director doesn’t want me, he’s blind!” Xin Rong said confidently.

She knew it! Dogs can’t change their

“That’s not right.” I’m not blind, ” Xin Rong suddenly said.

Tracy heaved a sigh of relief, thinking that she could still save her, but she said...

“You’re narrow-minded.”

Tracy, “there’s no hope for Qingqing!” He qijiao! He didn’t take his medicine when he went out!

She was the blind one to have met such an artiste! I wonder if she’ll be even more blind than when she married Muxia!

A week passed, but Xin Rong didn’t receive any notice of the audition results from the production team of ‘Rouge’.

“Did you smash it?” Tracy gloated.

Xin Rong glanced at her and asked, “Who did you choose?”

“I’ll go and ask!”

“You don’t know either?” Xin Rong laughed. That’s definitely me!”

“Don’t feel so good!” Lei Xi glared at her fiercely.

Lei Xi went to ask around. It seemed that all the other roles had been decided except for the female lead. The few movie Queens competing with Xin Rong had not been notified either.

“Then let’s wait a little longer.” Xin Rong said.

They waited for a month, but they still didn’t receive any notice.

When she heard that the others had not received the notice, she was puzzled. "What's this for? Why don't you ask Yingluo to get your assistant to ask around? he'll definitely have a way."

"Forget it!" Xin Rong said irritably.

It was not easy for her to get a role that she really wanted to play, but she was being whetted like this. She was not happy.

"I'm not going to do the calculations anymore. Pick a new script for me!" She said in a Huff.

How could there be any more books in her hands?

a shocking dream of marriage " had stopped screening a long time ago. The topic she had caused had been extinguished, and no one was looking for her anymore.

Besides, she was picky and did not want ordinary scripts.

Lei Xi tried her best to find two, but Xin Rong couldn't muster up any energy.

There was no news from the production team of 'Rouge', and Lacy knew that she was still looking forward to it.

It wasn't until the end of September that news of 'Rouge' starting production came in, and Xin Rong finally decided to give up.

She went to ask around, but still didn't know who the female lead was.

Actually, the internal department of 'Rouge' had always been at loggerheads.

The director was convinced by Xin Rong's acting skills and character. The scriptwriter also changed the script according to Xin Rong's request and was willing to let Xin Rong play the role.

But the producers and investors would not allow it! They felt that Xin Rong didn't have any box office appeal.

The remaining few movie Queens were putting pressure on the crew through their own connections, making it very difficult for the director.

The director wanted to win an award through this film, so he wouldn't make any random decisions. He took some time to watch Xin Rong's previous scenes and was worried that Xin Rong wouldn't be able to fully interpret this character. He began to waver.

On the 10th of October, the M Nation was attacked by terrorists, shocking the world.

The director's daughter happened to be in that building and was seriously injured, so the crew had to delay the shooting.

Not long after, M country announced to the public that the terrorists were hiding in Emilia. The internal affairs of Emilia were at odds again.. A civil war was about to break out, and the attitude of the response was very bad, saying that the M Nation was bullshitting!

Chapter 1440: Cindy's will

On November 11th, Country M sent troops to Emilia, and the flames of war once again spread across Emilia.

Xin Rong had just taken on a new role when he suddenly received a phone call informing him that Cindy's condition had worsened.

She guessed that the M nation's invasion of Emilyya had agitated Cindy, so she hurriedly packed her things and went to Xizha city.

The new movie had already started, so she could only pay the penalty. Although she didn't have enough money, Simon was there.

Simon arranged for someone to help Tracy solve the problem, and she went to the airport with Simon.

It was almost evening when they arrived at the hospital.

The doctor said, " she suddenly coughed up a lot of blood. She doesn't have much time left. She might cough up blood at any time. You have to be prepared.

Xin Rong nodded and walked into the ward.

Cindy was lying in bed, her face pale, and she was wearing a gray woolen hat.

She opened her eyes when she heard footsteps, her expression excited.

mom! Xin Rong ran over.

Cindy wanted to sit up, but Xin Rong hurriedly helped her adjust the bed.

She grabbed Xin Rong's hand and stared into his eyes, if there's a chance, bring my ashes to Emilyya. You can throw them anywhere, but you must go there!

"I know," Xin Rong hurriedly agreed and then advised, " mother, don't be agitated. Take good care of your body. In the future, I'll bring you to Emilyya alive. Don't think about ashes or anything.

no, " Cindy shook her head and cried sadly. they're fighting again, and theyve never stopped.

And she had never done anything for Emilia.

Xin Rong opened his mouth, but he didn't know how to persuade her.

Simon poked her shoulder. She turned around and saw him handing her a tissue.

She took a tissue and wiped Cindy's tears. She looked at Simon and said, "This is my boyfriend, Simon."

Cindy looked over and frowned.

Why was it a foreigner? He looked like he was of mixed blood.

How much of the Eminian bloodline would her descendants have left in the future?

Sindy sighed again.

What did it matter how many bloodlines he had? He was also an Emilian with a trace of emillian blood. Moreover, there would be a new government in the future, and the royal family would not have much to do.

Xin Rong wrung a towel and wiped Cindy's face. I went to sister Simon's house not long ago. His sister said she knew you.

"What?" Cindy was shocked.

"It's because I look like a singer from many years ago. They asked me if my mother's name was Chini, and I said no, you're Cindy. They said that Cindy is Chini's real name, Yingying, right?" Xin Rong looked at her with a burning gaze.

Cindy took a deep breath and asked, "Who are they?"

Gong mo, Tian Cheng, Tang Xinxin, Qianqian! Xin Rong reported the names one by one.

Cindy felt terrible, she covered her face and sobbed, "I'm sorry to the person who misses me, Yingluo."

"It's fine. Everyone has their own lives," Xin Rong said after a pause. Cindy suddenly looked up. turn on your phone. Record a video for me.

Xin Rong was confused, but he still took out his phone.

She got up and left the bed. Simon said, "I'll do it. You stay with Auntie."

Xin Rong nodded and continued to sit on the bed.

Cindy sat up straight and asked Simon, "Are you done?" Simon nodded.

Cindy cleared her throat and started singing, "AMANI-

A hoarse voice sounded. At first, people were not used to it, but gradually, they found the benefits of this voice.

Xin Rong had listened to her old records. Her voice was clear and ethereal, like the sound of nature. It was extremely beautiful.

But at this moment, this hoarse voice was very charming and had a kind of sexy aura. However, she did not sing a sexy song. It was more of a song that she had experienced the vicissitudes of life..
