

## **Ditsy Wife 1441**

Chapter 1441: new Year is coming!

Many of the singers had hoarse voices. They did not speak well, but their singing was unique.

Cindy happened to be this kind of person, and she was even more moving than those people's muffled voices. Just hearing her words gave him goosebumps.

If she hadn't retired back then, she would still have been a diva in the music industry.

Xin Rong lowered his head and wiped the tears from the corners of his eyes. He knew why she had retired.

After Cindy finished singing, she took a few deep breaths, looked at the camera, and said, "I hope there won't be any more Wars,"

Simon raised his head and stopped filming when he saw her looking at Xin

Rong.

Xin Rong held Cindy's hand and said, "mother!!!" your final destination will also be Emilia. That is our home.

Cindy then slowly closed her eyes.

The latest entertainment news: "singer Chini, who became famous through a talent show 26 years ago, passed away yesterday at the Xizha cancer treatment center. His daughter, Xin Rong, has just posted a related Weibo. Please read the detailed report!"

Xin Rong Weibo-

@ Xin Rong: her mother passed away yesterday. She said she was sorry to those who kept thinking about her.

No items found.

[China: not enough budget!]

Country M:

Xin Rong didn't pack up much of Cindy's belongings.

Sindy had been like a floating duckweed all her life. She had never decided where to settle down, so she naturally wouldn't buy anything.

Xin Rong packed up what he had and sent it to the capital. In the future, she would definitely bring the remains and ashes back to Emilia!

She stored Cindy's ashes in a Cemetery in Western Zha and asked someone to release her from purgatory. Then, she returned to the capital with Simon.

The moment Xin di passed away, Simon informed Gong mo and the rest. However, Xin Rong said that there would be no funeral, so Gong mo and the rest didn't go.

After they got off the plane, Simon brought Xin Rong to the Sheng family.

As soon as she entered the room, Gong mo pulled her back and said, "Seriously, why are you shouldering such a huge matter by yourself?"

"I didn't carry it alone." Xin Rong said, mother asked me to find an opportunity to send her ashes back to Emilia. I will hold her funeral then. I will definitely invite you. After all, she didn't know many people when she was alive, and it's rare for you to miss her. '

"That's good," Gong mo sighed. Don't be too sad. In the future, Simon and I can take care of you."

"I'm fine," she said. She didn't need anyone to take care of her. She just felt that the courage on her shoulders had increased.

She had wanted to live her life however she wanted, but after Cindy's death, she was too embarrassed to take over Xin Rong's body and do nothing.

Even if she was embarrassed, Cindy's words of " Emilia is Home " had touched the depths of her heart.

She used to think that it didn't matter where she died, but now she wanted to end up in eminya.

After dinner, Xin Rong returned to his residence.

Simon told her to rest for two more days, and she couldn't help but laugh."My heart isn't that fragile. Don't worry about me.."

Chapter 1442: black material

He still had to bring Cindy's ashes back to Emilya in the future. Although he didn't think about what to do, it wouldn't go wrong to work hard.

Being sad and dispirited would only waste one's life and stray further and further away from one's goal.

Thus, the next day, Xin Rong went to the company in high spirits.

Because of Cindy's death, she had become popular on the internet again. She had attracted everyone's attention as soon as she entered the company.

To everyone's surprise, she wasn't the least bit sad that her mother had just died, and she even walked with a swagger!

Some people thought, "it's definitely hype!" He actually used his mother to create hype. How shameless!

Xin Rong walked into Lei Xi's office and Lei Xi jumped up. "You're back? When did you come back?"

"Yesterday," Xin Rong closed the door.

"Then why didn't you rest?"

"The custody fee for bone ashes is so expensive."

Tracy , "Yingying. "

"Do you have a job?" Xin Rong looked at her pitifully.

"Ahem!" don't look at me like that. I'm not used to it, 'i said Tracy hurriedly.

it's better to be more arrogant.

Xin Rong wrinkled his nose and snorted. "You're a masochist?"

Lacy glanced at her, not joking with her. It was not appropriate for her to lose her family now.

“I do have work. A lot of people have asked you to do an interview. It’s about your mother, do you want to take it?” She asked.

Xin Rong hurriedly shook his head. He knew what these people were planning and could imagine what kind of questions they would ask. He didn’t have the mood to act pitiful in front of the camera.

“Do you have a film contract?”

“The director of ‘Rouge’ is asking when you’ll be free,” she said.

Xin Rong’s eyes lit up. “You’ve chosen me?”

“Yup,” Tracy laughed, but halfway through, she felt that it was inappropriate, so she put away her smile. but the shooting has been delayed by more than a month. We have to rush it over the new year.

so be it. How can we let go of this opportunity?

The next day, Xin Rong reported to the production team of ‘Rouge’.

Mystery city’s mysteries ” had already started broadcasting, and the ratings were high, with many positive comments. Although she hadn’t made an appearance yet, the company had already anticipated that she would become famous. They had upgraded her treatment in advance and arranged an assistant for her.

When she arrived at the set, the crew arranged another one for her.

Simon finally didn’t have to run around anymore, and he stuck to her wholeheartedly.

“Don’t you have anything to do as a man?” she asked in disdain.

Simon choked and said gloomily, “my job now is to accompany you!” If there’s anything, I can settle it through the phone.”

“I know you’re powerful. You’re different from the others,” Xin Rong said with a smile.

that’s ... Simon’s tail suddenly rose to the sky.

In less than two days, a piece of news about Xin Rong appeared on the internet. It was said that when she returned to the company a few days ago, she didn’t look sad. Instead, she was in high spirits. From this, it could be seen that she didn’t suffer the pain of losing her mother. Xin NI’s death was just a crazy hype!

Anger rose in Xin Rong’s heart, and Simon hurriedly comforted him. “Don’t be angry! Leave it to me! I’ll take off his vest!”

Xin Rong still had to film. He gritted his teeth. hold on for now. I’ll check it later!

“Ah?” Simon was stunned. Check?

It seemed that the Queen was really angry, and he had to take it seriously!

He hurriedly instructed his subordinates to check the IP address. By the time Xin Rong was done, there were already some results.

let’s go back to the hotel first. It’s too cold here. We’ll take our time to deal with these bastards!

“Have you found the mastermind?” Xin Rong frowned in displeasure.

“Uh, Yingluo might have your fellow disciple, Chen Mei.”

“Ha ...” Xin Rong laughed coldly.

The two of them went to eat first, and they talked as they heated up the hot pot..

Chapter 1443: I heard that women are strange

In the steaming hot air, Simon was busy putting food into Xin Rong's bowl.

Chen Mei has been close to Yu Lin recently. Perhaps Yu Lin will get some too. Through Su Yi Sheng's help, Yu Lin became the female lead in Muxia's new movie."

"Her?" Xin Rong scoffed.

"Muxia didn't want to use it at first, but when he saw that even Rouge used newbies, he deliberately challenged them. I heard that these two movies are going to win awards next year and are competitors!"

Yu Lin's acting is not bad. She can at least win the Best Newcomer Award. Xin Rong laughed. Muxia has more than one opponent. He didn't have a movie queen to join him. It's probably because the script isn't that good and he's deliberately finding a way out. If the movie queen doesn't accept it, the Best Female Lead probably won't get a chance. It's better to fight for the best Newcomer."

Xin Rong was wrong.

It wasn't that Muxia's script wasn't good, but with the male lead as the main character, there was too little space for the female lead to express herself. How could those movie Queens be willing to be the green leaves for su Yisheng?

Su Yisheng had been praised every time in the films Muxia had acted in the past few years, but the female lead couldn't even get a drop of water on her. How could a movie queen with a pursuer be willing to lower herself?

On the other hand, "Rouge" had a female lead role, so the famous movie Kings were not willing to take it. Fortunately, the director had a good network and had a few late-bloomers joining.

Simon said, "in that case, it's likely that Yu Lin has a share." If you're embroiled in a scandal, you might lose the female lead role, and then you'll no longer be her competitor. Hmph, she's afraid of you!

Xin Rong nodded. when she acted with me, she always put in a lot of effort. It's obvious that she sees me as a strong opponent. I entered the industry later than her, I don't have as many fans as her, and I'm not as famous as her. She would lose to anyone but me! I heard that women are strange."

Simon was stunned, and his expression suddenly became strange. "Heard?

Aren't you a woman yourself?"

"I'm not a woman enough, okay?" Xin Rong coughed.

"It's okay, I like you like this!" Simon grabbed her hand and said with a smile, 'no, I just like you!

"Eat!" Xin Rongyuan glanced at him. After eating, we'll go back and fight back!"

Simon had already found out that Chen Mei had hired an Internet Water Army to post to defame Xin Rong. His people found the conversation record in the computer of the head of the Internet Water Army.

He proudly said to Xin Rong, "look!" The evidence is irrefutable!"

"How can this be enough?" Xin Rong grabbed the computer and began to type away.

Simon's eyes widened, "wait!" Yingluo, you're a hacker?"

Xin Rong glanced at him and said in disdain, " "You're making a fuss!"

Simon remembered the hand-made Boomerang that she had given him for his birthday. It was small and exquisite, and it had been hanging on his key. Now, she can be a hacker again.

He suddenly felt that she was full of doubts, a capital mystery!

Xin Rong didn't care about his guesses. He continued to act as a hacker. since Chen Mei and Yu Lin are related, I'll naturally have to take a look at Yu Lin's side and see if Su Yi Sheng and Muxia Qianqian can take this opportunity to wipe them out in one fell swoop!

"My dear, you're so smart!" Simon called out like a Lackey.

don't bother me. Xin Rong pushed him away. make me some black tea.

Simon excitedly ran over to serve her.

Xin Rong hacked Su Yi Sheng's email and found that some of the emails he had with Mu Xia were very strange.

She casually opened one and downloaded the documents inside, only to find that it was full of white photos!

She was a popular starlet. There were solo photos and group photos with su Yisheng, but of course, they were all those kinds of photos..

Chapter 1444: there's a turning point

Xin Rong glanced at the name of the email. It was made up of a few English letters, which happened to be the first letter of Xiaohua's name.

Xin Rong looked at the similar email names again. Almost every one of them was different!

With so many photos, if they were made public, wouldn't they become a y-photo gang?

Xin Rong opened the latest one. The title of the email was " cm and it was Chen Mei.

This time, su Yisheng wasn't the only one playing, he even brought Mu Xia along, it was simply unsightly!

"You two beasts!" Xin Rong cursed.

"Don't look!" Simon shouted and rushed over, opening his arms to block the screen.

"What are you doing?" Xin Rong's eyes widened.

don't look at other men ... Simon felt that his request was too overbearing, so he added, "when you're naked!

Xin Rong rolled his eyes and slapped the table. "Then you're not allowed to look

either! You're not allowed to look at other women naked! No, you can't look at a man's, who knows if you're gay?

Simon was depressed. don't you know whether I'm gay or not? '

"What if you have two plugs?" Xin Rong choked.

Simon took a deep breath and said, "Don't think that I don't dare to do you!"

If it wasn't for the fact that Cindy had just passed away, he would have already pounced on her!

Although there was no such thing as mourning, Cindy was only seven years old. He respected her!

He angrily closed the page and said, "give me the relevant data. I'll get someone to check it. Don't look at it!" &Nbsp;

Xin Rong stretched lazily. alright, collect the information. Then we'll slowly toy with them until they die! Now, let's release the evidence of Chen Mei defaming me!"

The next day, someone posted on the internet, clearly showing the evidence of Chen Mei hiring someone to post to defame Xin Rong.

The netizens were all worshipping Him as the technological King!

Xin Rong had told Lei Xi from the start to not care. Seeing this result, Tracy didn't ask her. She called Chen Mei back and scolded her.

Chen Mei lowered her head and didn't dare to say anything.

This was what Yu Lin had told her to do, but how could she dare to mention Yu Lin?

Behind Yu Lin was Su Yi Sheng and Mu Xia. The three of them were playing tricks on her! If he betrayed Yu Lin, they would definitely turn around and trample on him.

Mi Fei stood in front of Chen Mei and pleaded with her, "sister Qian, there must be some misunderstanding. Someone might be trying to drive a wedge between us and sister Xinrong.

'Get out of here!' She said angrily.

Chen Mei turned around and rushed out. Mi Fei chased after her. Chen Mei shouted at her, "Don't worry about me!"

Mi Fei was stunned as she watched her leave.

She hurriedly went to look for Yu Lin, who already knew about this matter.

Seeing that there was no more information to reveal, she guessed that she had

not been exposed. She immediately helped to come up with a plan. "There's a turning point. Don't you live with Mifei? How's your relationship usually?" this Qianqian! Chen Mei was shocked and immediately understood what she meant. you mean Qianqian pushed her? 'I But Yingluo is my good friend!"

Chen Mei lowered her head with a touch of determination in her eyes. She had already agreed to do so.

However, she was usually on such good terms with Mi Fei. If she agreed immediately, wouldn't she seem too cold-blooded?

"How good?" Yu Lin asked.

Chen Mei looked at her uneasily, not understanding what she meant. She muttered, " "It's just very good, Yingluo."

"Can she turn on your computer and use your account?" Yu Lin asked patiently.

A light flashed in Chen Mei's eyes. She lowered her head and murmured, " "I understand, Yingluo.."

Chapter 1445: You don't know what's going on?

Chen meifa pretended to be stupid on Weibo: I don't know what's up with those screenshots, but please take it easy when someone is fabricating evidence!

The netizens replied, "miss Chen, don't you understand?" Then let me explain to you. Although you didn't post it, you asked someone to post it! The IP address is recorded. What do you have to say?

Chen Mei didn't respond because she was scolded by Tracy on the phone. She told her not to make her own decisions and to wait for the company's arrangements.

She cried and said to Mi Fei, "company arrangements?" What would the company do? Xin Rong is more famous than me and has more backing than me. The company will definitely sacrifice me. I don't care what I do, I'm just

afraid I'll drag you down."

don't worry about that," mifei consoled. there's always a way to turn things around.

Mi Fei wanted to ask if she was the one who did it, but it was not good to question each other like this between friends. In any case, she could only choose to trust each other.

The next day, the two of them went to the set and were stopped by reporters for an interview.

Chen Mei was so scared that she hid behind Mi Fei, and Mi Fei was almost pushed down by the reporter.

Chen Mei hurriedly helped her up and rushed to the front, " "Stop pushing! I'll tell you, alright?"

Everyone stopped and waited for her to speak.

She opened her mouth but stopped.

A reporter who had been bribed by Yu Lin asked, "Miss Chen Mei, do you have something that you can't tell me?"

Chen Mei shook her head. no, nothing. I didn't expect it to be like this. Just ... Just take it as me.

Everyone was in an uproar.

Chen Mei dragged mifei out of the crowd.

"Chen Mei admits to defaming Xin Rong, seems to have a hidden reason."

Lei Xi was furious. She didn't ask Chen Mei to do this. What was Chen Mei doing?

She gave Xin Rong a call. I don't think Chen Mei can be kept. I don't know who's helping her! What's your plan? I'll make the arrangements!"

The two of them discussed for a while. At night, Tracy rushed to mifei and Chen Mei's house and told Chen Mei, " if you don't listen to my arrangements, then go and apply for a change of manager. I don't want an artiste like you who doesn't cooperate!

"Sister Qian!" Mifei was in the middle again. Recently, she had been accompanying Chen Mei. She hurriedly asked Chen Mei, " Xiao Mei, tell me quickly. What exactly happened? "

Xiaomei was Chen Mei's nickname. Her real name was Chen Xiaomei, and Chen Mei was her stage name.

"Don't you know what's going on?" Chen Mei looked up at Mi Fei.

Mi Fei's heart skipped a beat.

Chen Mei shouted on Weibo that she was wronged, but in the face of the reporters, she seemed to know the truth and couldn't bear to expose it. Mi Fei had expected this, but she didn't want to think badly of her. Now, it seemed like she had to face it.

Chen Mei turned her head away from her and said to Tracy with a straight face, "I don't know what's going on! I didn't do those things!"

"If you didn't do it, did I do it?" Lei Xi roared.

"I did it." Mifei suddenly said.

The two of them were shocked and looked at her.

She looked straight at Chen Mei and shouted in disappointment, "Is this your plan? Didn't we agree to be friends forever?"

Chen Mei's expression changed and she lowered her head in guilt, but she did not regret it.

you guys ... Tracy pointed at her.

I don't know what's wrong with her, she raised her head and roared. I didn't do it!

alright! Tracy gritted her teeth. take your time and tear it apart. Come to my office tomorrow morning!

However, Mi Fei and Chen Mei did not fight.

After Tracy left, miffey returned to her room and slammed the door shut.

Chen Mei thought for a while, got up, and knocked on the door..

Chapter 1446: Are you going to take the blame for her?

Mifei lay on the bed, covered her head with the blanket, and fell asleep with tears all over her face.

The next morning, she got up, packed up, and was about to go out when Chen Mei came out of the room.

Feifei! Chen Mei looked at her pitifully.

“All good things must come to an end. No matter what the outcome is, you and I will no longer be friends.”

Chen Mei lowered her head and tears rolled down her face, ‘ “I’m sorry, Yingluo. I didn’t do it on purpose. It’s just that Yingluo, someone used my video to threaten me, so I had to do this, Yingluo.”

“What video?” Mi Fei was shocked.

it’s that kind of video! Chen Mei sobbed.

why would you take that kind of video?! Mifei asked in disbelief.

“Yingluo, I’m drunk Yingluo”

Mifei stared at her and sneered after a moment. “You think I’ll believe you?”

Chen Mei knew that she didn't believe her, so she took out her mobile phone, pressed it, and handed it over.

Mifei took it hesitantly. It was a video that was currently playing.

Chen Mei was sandwiched between two men. She looked drunk, as if she was in pain and happy at the same time. The two men had been censored, so she could not recognize them.

Mi Fei stuffed the phone back into Chen Mei's hand and turned around to leave.

Chen Mei went to the company to find her. I want to hold a press conference. At the thought that she was not qualified to hold a press conference at all with her fame and status, she said, "or record a video.

"You're going to take the blame for her?"

Mifei's lips moved, and after a moment, she said firmly, "I did it in the first place,"

"Can't I tell what kind of characters you two have?" she sighed.

Mifei lowered her head and cried sadly. "Sister Qian, I'm sorry for your cultivation. I've already made a mistake, so I have to admit it. 'this might ruin your path to stardom," she said helplessly. do you understand?

Mifei lowered her head and didn't say anything.

"Then let's record. I really don't know what medicine she gave you to make you so remorseless. The press conference might be disadvantageous to you. The reporters will be aggressive with their questions, and I'm afraid you won't be able to play well. And the reason for him turning black was nothing more than jealousy, so there was nothing to ask. Sinnie is now the focus of many foreigners because of the war with Emilyya. When you spoke, you said that you admired sinnie, so you were very angry when you saw that Xin Rong wasn't sad." what?! mifei looked up in surprise. how can that be?!

“This is Xin Rong’s idea,” Lei Xi said as she glanced at her.

Mi Fei paused and didn’t say anything. She suddenly didn’t know if it was a blessing or a curse for her to take the blame.

Tracy immediately got someone to draft a draft and had her recite it roughly. Then, she recorded the video with her bare hands.

After the video was recorded, it was posted on Star Entertainment’s official website and Weibo.

The internet was in an uproar. No one had expected such a twist.

For a while, many people sympathized with Chen Mei and went to her Weibo to apologize.

More people were scolding mifei-if it was true that she admired Chini, why did she use Chen Mei’s computer and account to find fake reviewers? He was clearly trying to kill two birds with one stone, eliminating two competitors at the same time!

There were also people who scolded Xin Rong, saying that she wasn’t worthy of being Xin NI’s daughter and that she wasn’t even sad about her mother’s death.

While the internet was in chaos, the inside of the star was very quiet, except for a little storm in Tracy’s office.

Instead of hiding Chen Mei, she gave the only two scripts she had to mifei..

Chapter 1447: let them die a worthy death

Chen Mei stared at her in disbelief.

She swept her gaze across the room and said, “don’t think that I don’t know the truth!” Since your reputation is not damaged, your good days are ahead! Mifei is your best friend, you have to give her some compensation.”

Mi Fei’s reputation was ruined because of this incident, but she became famous all of a sudden. And the blame that she had to take was temporary. In less than a year, their situations would be reversed. When the time came, these shows would just start broadcasting, so they would not be affected.

Mifei didn’t know any of this, she only thought, “ Since there was a show, he would film it. At least he could earn some living expenses before he was kicked out of the industry.

In the hotel, Xin Rong turned off the video and said to Simon, “ “As I expected, she pushed mifei out.”

“Aren’t they good friends? He’s too vicious!” Simon said resentfully, “ make those videos public and destroy them all!

“No rush. Now, everyone in the industry knew that Muxia’s new movie was competing with ‘Rouge’, and even the male and female leads were competing. If we wipe them out now, everyone will definitely say that it’s our production team’s doing. It’s better to wait for the trophy to be settled and let them die a worthy death.”

“What if Muxia wins the award?” Simon was taken aback.

But then he thought, “how is that possible?” Of course, my girlfriend will win!

There was no reason, no reason. He just blindly worshipped his goddess!

He nodded, “you’re right!” When the time comes, we’ll make them throw the trophy in jail!

Xin Rong snapped his fingers, “well said!” We really have telepathy!’

A few days later, at a company meeting, she was publicly criticized by Kevin Zhang for not being able to tell right from wrong. He said that she had actually hidden Chen Mei and praised mifei. "You're wasting the company's resources! I think that's all you're capable of. Anyone with eyes knows that you should support Chen Mei now-"

"I'm blind, okay?" Lei Xi stopped him from saying anything.

Zhang Kaiwen choked and was suddenly speechless. After a long time, he said, "Right! You're blind!"

"Are you guys done?" the manager Director had a headache.

since Mr. Zhang cherishes talent so much, " said Tracy, " let him take care of Chen Mei. I can't afford to serve him.

"That's fine," The director agreed.

Both Tracy and Zhang Kaiwen heaved a sigh of relief.

Chen Mei had long wanted to change her manager. In the past, she had begged Yu Lin and su Yisheng, but both of them had delayed it. This time, he had harmed mifei, so he quickly arranged for her to be settled down. That was why Kaiwen Zhang was here today to get her. It just so happened that Tracy didn't want this hot potato, so she quickly threw it to him!

"So you only have two people with you now?" the director glanced at her.

Kevin Zhang grinned and said, "how could I have the nerve to snatch sister Scarlett's good seedling?" There are many people at my place, why don't you give a few to sister Qian?"

He had a few old people who were past their Prime. It was an honor to say that they were past their Prime. They had almost never been famous. It was annoying to see these people think that the eternal star tree was a good place to enjoy the shade, but they still refused to terminate the contract.

“Don’t give me all the rubbish you can find!” She gave him a sidelong glance.

When Kevin Zhang heard this, he immediately showed the information of a few celebrities. Although these people had never had much of a presence, the advantage was that they had never had any scandals!

Hehe, the worst thing about Yingying’s circle was that there was no news at all.

Xin Rong had reminded Lei Xi that day to take the opportunity to snatch a few useful artistes from Zhang Kaiwen. She had specially investigated the artists under Kevin Zhang and selected a few reliable ones to recommend to her. she ‘ used to be with Kevin Zhang, so she wouldn’t doubt it if she said that she had been in contact with him before.

So if the director didn’t mention it, then Tracy would have brought it up herself..

Chapter 1448: Tong Siyao returns to the capital

Seeing that the list given by Zhang Kaiwen and the list recommended by Xin Rong were more than half the same, Lei Xi picked the few candidates.

Two men and three women. They were not young anymore, but it was better than nothing. Otherwise, how tragic would it be if she couldn’t find the right person after she finally got the script?

Although these few people were not famous, they had been acting all the time. Although they were all small supporting roles, their acting skills had been slowly trained. The audience looked familiar, but they couldn’t remember the name. They were reliable and peaceful. If they were given a chance, they would soar to the sky and become a well-known force.

With a few more artistes in her hands, Lei Xi naturally applied for a bigger office from the company. Xin Rong's personal lounge was also reserved.

After the new year, Xin Rong finished filming 'Rouge'.

On the day of the killing spree, she had posted a picture of the stage on Weibo-Yan Zhi was dressed up gorgeously, standing on the stage with a pair of seductive eyes. Below the stage there was a rain of bullets and corpses. She chuckled, dismissive of these lost lives.

Xin Rong said, "no matter if it's sad or happy, it doesn't affect the faith in the heart." Only by moving forward can I live up to the expectations behind me. ' This was an explanation of Yanzhi, and also a response to the internet saying that her mother was not sad after her death.

At this time, 'Mystery city's mysteries' had finished broadcasting. She was very popular, and many production companies wanted to invite her to join them. However, because of her reputation, the better the production, the more hesitant they were.

This Weibo post washed away everyone's doubts to a large extent, and all kinds of film contracts came in like snowflakes.

It just so happened that there were many artistes at Lei Xi's place. The two of them picked and gave each of them a good role, giving everyone the feeling that "there's meat to eat if you follow Xin Rong Lei Xi'.

It was mid-February, and the capital was still very cold. Tong Siyao stood outside the airport terminal, looking for Ye Zio.

A familiar voice came from behind her. "Mom, I'm so cold!"

Tong Siyao's body trembled. She saw Gong Mo and Sheng Shuangxue's figures reflected on the glass of the airport bus that was passing by.

Sheng shuangxue had grown much taller. She was no longer a young child, but a charming young girl. She hugged Gong Mo's arm tightly and shivered.

Tong Siyao saw Sheng nanxuan following behind them. She lowered her head, pulled up the scarf around her neck to cover her face, turned around, and disappeared into the crowd.

After a while, the family of three got into the car. Tong Siyao couldn't help but sigh in relief when she didn't see Sheng Yiting, but she was also a little disappointed.

Of course, she was still very nervous, afraid that he would suddenly appear out of nowhere.

Feeling the phone vibrating on her body, she quickly took it out. "Where are you?" ye Zi asked after the call connected. Why don't I see you?

I see the Sheng family. Tong Siyao said in a low voice, I'll hide for a while.

Ye Zi was speechless, 'you're really troublesome! What was there to be afraid of? Fine, fine, fine, hide!"

Tong Siyao didn't hide for long. After the Sheng family's car left, she went to find ye Zi after five minutes.

Ye Zi had bought a car with a mortgage, so it was much more convenient for her to go out.

Tong Siyao put down her luggage and got into the car. She felt the warmth in the car and instantly felt much more comfortable.

Ye Zi held the steering wheel and nagged, "you're really something. You've been back for more than a year and you're still here." You really don't have a job this year?

"No, I didn't,"

"Is it that bad?"

“It’s been more than a year. Isn’t it a waste?” Ye Zi started the car and asked

with concern, “what’s your next plan? ”

“I’m looking for a job.” Tong Siyao said calmly..

Chapter 1449: Meeting Lu duo at the interview

After the child was born, money was needed to raise it.

Moreover, she was afraid that that person would jump out again. If that happened, she and her child would suffer and have no one to complain to. Therefore, she wanted to develop her career, increase her influence, and become a well-known reporter. If anything happened, he could ask for help from the outside world, just like the celebrities in the entertainment industry.

Although he had this idea in the past, it was because of his father’s death. At this time, she just wanted to earn some chips to protect herself and her family.

Ye Zi asked, “where should I find it?” Aimo media?”

“Qing Yu media.” Tong Siyao smiled.

“What’s the Difference?” ye Zi asked. Qingyu media was not a Sheng, but it was a relative of the Sheng family!

Ye Zi moved to a new place. There was only one bedroom, but the living room was still spacious.

Tong Siyao didn't want to disturb her, so she slept on the sofa. The sofa in the living room was large and as comfortable as the bed.

I'm going on a business trip in two days. You can sleep on the bed then. Don't break the sofa, ye Zi said.

Tong Siyao knew that she was doing this for her own good. She was touched, but she asked unhappily, "Am I that fat?" "I think you've indeed gained weight!" Tong Siyao's heart skipped a beat.

Ye Zi said, "with mom cooking, you'll gain weight quickly!" I also gained two pounds when I went home for the new year, but it's hard to tell. You've been home for more than a year, it would be strange if you didn't get fat." Tong Siyao secretly sighed.

After two days of rest, she went to Qingyu media for an interview.

When she was at home, she had sent her e-resume to Qingyu media and only came back after receiving a reply. The interview time was also agreed on at that time.

She took a deep breath as she walked into the office building of Qingyu media.

The reception hall was very spacious, more spacious than the one in Huan mo building. Because Huan mo building had a hotel, there was a reception area in the lobby. Guests often came in and out, so it was naturally not so deserted.

Tong Siyao sighed. Standing here and thinking about Huan mo building, does it mean that the body is in Cao Ying and the heart is in han?

She walked into the elevator and chose the floor. When the elevator stopped, she took a look and saw that it was the office floor of the fashion magazine, Qingyu beauty.

The elevator door opened, and a group of people stood outside.

Tong Siyao looked and was slightly shocked-in the middle was a woman with heavy makeup. It was Lu duo.

When Lu duo saw her, she narrowed her eyes and walked in. Tong Siyao glanced at her and saw that she was wearing a bright red chiffon dress.

The weather was so cold, so it couldn't be for daily wear, right?

The rest of the people walked in. Lu duo's manager, David, was also there.

David was carrying Lu duo's violin, which was worth millions. He was surprised to see Tong Siyao. He looked at Lu duo, who looked calm.

Tong Siyao saw someone holding a down jacket, a cup of coffee, and a heating pad. They all chose the top floor and guessed what Lu duo was going to do there.

The fashion magazine's Yingluo was probably taking the cover photo for 'Qing Yu Beauty', right?

The elevator stopped again.

Tong Siyao saw him and immediately squeezed out.

The elevator door closed, and Lu duo said to David, "Go and ask her what she's doing here."

I saw a resume in her hand," David said. she's applying for the job, right?" pass on my words," Lu duo said coldly. don't hire her, and don't spread the news!

She was glad that Sheng Yiting wasn't in the capital, so she could secretly drive Tong Siyao away!

Hmph this woman really doesn't know the immensity of heaven and earth. She actually dared to come back!

Tong Siyao and the interviewer were having a good conversation. They even agreed on the salary. The other party suddenly received a call, and his expression changed slightly. He glanced at her..

Chapter 1450: Tong Siyao's decision

Tong Siyao's heart skipped a beat. She remembered that she had just met Lu duo in the elevator.

Lu duo was the young lady of the Lu family. Because of her relationship with Yu Xinran, Qing Yu media still gave her a lot of face.

The interviewer hung up the phone and looked at Tong Siyao awkwardly.

"Miss Tong, I'm sorry, ran ran, but we can't hire you."

Tong Siyao heaved a sigh of relief. It was good that she didn't tell Sheng Yiting.

Although it was unlikely that Lu duo would do that, who knew what would happen if she went crazy?

Tong Siyao stood up and said, "It's fine."

Walking out of Qingyu media, the cold wind blew on her face. Tong Siyao put

on her mask and slowly walked to the subway station.

On the train, she thought about many things. When she returned to ye Zi's residence, she gave Yao LAN a call, I ' "How's niannian?"

“What can I do? Just cry!” Yao LAN said unhappily, ‘I you’ve only been fed milk for four months ...

“I want to feed him more too, but what can I do if I don’t have any?” Tong Siyao felt wronged. give him more milk powder.

“I know how to feed him. How’s your work?”

“I just went for an interview. I passed.” Tong Siyao smiled. I start work tomorrow.

“That’s good.” Yao LAN heaved a sigh of relief. but don’t tire yourself out. Although our family isn’t very rich, we’re not so poor that we can’t even feed ourselves. We still have your fathers pension.”

I’ll keep that for you when you’re old. Don’t move when you’re free. I’ll send you your living expenses every year, Hanhan.

After hanging up the phone, Tong Siyao felt exhausted.

She was a little suspicious that the person was Lu duo. If that was the case, it would be too dangerous for her to meet Lu duo today!

She thought about it for a few days and made a firm decision. While she went abroad, she logged into Weibo, which she hadn’t used for a long time, and sent Lu duo a private message: I’m going overseas. Please let me go.

Regardless of whether she understood him or not) he admitted defeat.

Tong Siyao was going to Emilia. She was afraid that ye Zi would be worried, so she didn’t tell her the truth. Because the plane was going to transfer to Southeast Asia, she said that she was going there. Qingyu media had a branch there, and she made up the reason that she was sent out.

As for Yao LAN, she also said that she had been assigned to work overseas and it was not convenient for them to contact each other.

It had been more than three months since America had arrived in Emilya, and the ambition to trample on them before the new year had long been lost.

The flames of war were raging within the borders of Emilya. The Foreign Affairs departments of various countries had summoned back their citizens who had remained there one after another, and most of the reporters had also been summoned back.

During this period, several reporters were killed at the muzzle of their guns, and those who didn't go didn't dare to go. As a result, fewer and fewer reporters stayed.

Tong Siyao was the only reporter in China who stayed in Emilia. However, she didn't sign a contract with any company, had no insurance, and no assistant. She fought alone.

After she settled down, she contacted an anti-war newspaper in country M.

Many of the internal reports in M Nation were provided by M nation's military reporters, so they were not objective. Many people in the M Nation opposed this war, and there were even more people in other countries who said that the M Nation was an invasion. Under such circumstances, the actual report would definitely attract a lot of attention.

Tong Siyao offered a high price to sell the content she interviewed to this newspaper.

She didn't want Lu duo or Sheng Yiting to find out about her, so she gave it some thought and decided to use the fake name, October.

Not long after, Tong Siyao's report caused a huge response!

The borderless doctor followed, and like Tong Siyao, he lived in a refugee

camp..
