### Chapter 1451: Lu duo's parents

Tong Siyao was chatting with the escapees in their tents to gather information.

The doctors were setting up camp outside, and many ill refugees went to line up. A few doctors set up tables randomly and began to treat patients in the open.

Tong Siyao hurriedly put away her pen and paper and went out with her camera.

After taking some photos, she went to help the doctor organize the medicine.

A man with blonde hair and blue eyes asked in English, "You're not from this

Tong Siyao nodded and talked to him in English.

"You're that October?" He asked.

Tong Siyao paused and nodded. you guessed it.

"This name can't be real. Why is it called this? Is it because of that?"

Tong Siyao knew that he was referring to the terrorist attack on Country M on October 10th last year. She shook her head. "My son was born in October."

It happened to be on the 10th of October, and she only found out about such a major international event two days later.

“Mike, they need your help over there.” A female voice was heard.

sorry to trouble you,” Mike hurriedly said to Tong Siyao. I’ll go over first.

Tong Siyao turned her head and saw a woman with black hair and black eyes. She nodded slightly, and the other party responded in a friendly manner before going back to work.

After two hours, everyone finally stopped.

Just as Tong Siyao was about to return to the refugee camp, the woman from earlier walked over. are you Chinese or Yingluo? ‘

“He’s Chinese.” Tong Siyao smiled.

The woman smiled. I’m Chinese too. Just call me Helen. That’s what they call me. It’s easier to remember.

okay. Tong Siyao nodded. you can call me Yaoyao.

“Alright,” he said. Helen handed her a bottle of water and said, “ thank you for your hard work just now. We really don’t have enough manpower here.

Tong Siyao quickly declined. don’t waste it. Just keep it. You can just boil some water for it.

Hearing that, Helen didn’t continue to give it to her. In this place, all resources had to be saved, not to mention precious water.

“Come sit over there.” Helen pointed to the side.

Tong Siyao naturally agreed. She still wanted to interview these people, so it was good to cultivate some feelings first.

“How long have you been here?” Helen asked after they sat down.

“Three months.”

“What do you usually do? Are you busy?”

Tong Siyao shook her head. I want to be busy, but I can't. Sometimes, I'm in despair. I can only watch some things happen. For example, Taowu's death. Those who are about to die will wait to die, and those who are not going to die will watch him die.”

Helen was used to seeing life and death, so she was not touched. She just sighed softly.”Sometimes, we doctors can't do anything. The first time I encountered this kind of thing, I would feel very useless and couldn't come back to my senses for a few days. Now that I know, I can't save the world. Even if I save this one, there are more in places I can't see.”

Tong Siyao didn't say anything. She knew this, but she couldn't be that calm. Many times, she felt terrible. The only thing she could insist on was not to mix these emotions in her reports, use the most objective attitude, and maintain the integrity of a reporter.

“Helen,” A voice in Chinese was heard.

Tong Siyao turned around and saw a middle-aged man walking over. He looked familiar and Chinese.

Tong Siyao thought for a while and suddenly got a shock. She turned back to look at Helen again-it was Lu duo's parents. She had seen them in Lu duo's

Encyclopedia before.

“My husband.” Helen said, his surname is Lu.

Tong Siyao stood up uneasily and shook hands with Lu Yang. “Hello, Mr. Lu..”

Chapter 1452: Spend more time with the child when you have time

“Hello,” he said. Lu Yang asked, you’re Chinese? How long have you been here?”

“Three months.” Helen said.

Lu Yang nodded and smiled at Tong Siyao. “We just arrived here and there are

many things we don’t understand. It it’s possible, please remind us.”

The most annoying thing about this kind of place was that the situation was unstable. They came to treat people and save lives. Some people were unwilling, so they would try to drive them away. They would kill and set fire at all costs. Over the years, many of their peers had sacrificed their lives because of this.

“Don’t worry,” Tong Siyao said, I can also help you guys.

“That would be great.” Lu Yang said with a smile.

but I’ve never learned this before,” Tong Siyao said awkwardly. I might need you to teach me.

“It’s fine, we’ll teach them when we’re free. We still have to teach the refugees about hygiene.”

Tong Siyao looked at the refugees around her and sighed. “Yeah, it’s better to teach a man to fish than to teach a man to fish.”

Because of Lu duo, she didn't want to be too close to Lu Yang and Helen. Although she knew that these two were good people after getting along with them, she still had a knot in her heart.

However, there were only so many people in this place, and they were the only three Chinese people. Whether they wanted to or not, they had the most contact with them.

The more contact he had, the more he understood.

One day, the two of them were looking at the stars outside the tent. Helen said, "I have a daughter, she's the same age as you,"

Tong Siyao said, Hanhan.

"She's not as capable as you. You're here alone, trying to save the world."

"I'm not that powerful." Tong Siyao looked at her. you and Uncle Lu are the ones who are saving the world.

"We are from different pathways." Helen said, " more and more people are paying attention to this place after you reported the situation here. Even Lu

Yang and I came here because of this.

then your daughter Yingluo is also somewhere else. She's saving the world through other means. Tong Siyao didn't want to say anything good about Lu duo, but she was willing to comfort Helen.

Lu Yang and I decided not to come anymore," Helen said. we've been away all these years. We're sorry to the child, Yingluo.

"Then why this time?"

“Because the gap between us is too deep, right? Even if we follow her, we won’t be able to get into her heart. Her father and I were reading the newspaper that day, and it happened to be an article about you. She must have misunderstood, so she said to us, “Mom, dad, you guys go ahead. I’m already big enough to take care of myself. If he didn’t go. Don’t follow me, I’m not comfortable.”

“Your daughter said that?”

Helen nodded and said, “I always remember how she was when she was young. She was very obedient and sensible.” At that time, I thought she would understand, but now that she’s grown up, we don’t understand her anymore.

Yingluo, it’s our fault.”

Tong Siyao didn’t know what to say.

“You said you have a child?” Helen looked at her and asked, “you’re still very young, right? Spend more time with him when you have the time. Don’t let him be alone.”

“I know. I’ll go home after a while and spend New Year’s with him. I’ll come back next year.”

Helen took a deep breath, looked at the sky, and said, “Next year? I hope we won’t have to fight next year.”

I hope so too. I can’t wait to stop playing tomorrow.

let’s go. Helen patted her shoulder. we’re in the same world, and we have the same dream.

That was probably what the soldiers of the United States were thinking, but some things were not so easy to stop.

Tong Siyao rushed back to the country before her child’s birthday and flew to Xizha after a transfer flight. She didn’t go to Beijing.

When she returned home, Yao LAN exclaimed in shock, "Did you go to Africa?"

How did you get so tan?"

Chapter 1453: He already knows how to call his mother

"Did I?" Tong Siyao touched her face. it's not very dark, is it? ' "You're much darker than before."

"It's sunny outside?" Tong Siyao said guiltily, " where's niannian?"

"He's sleeping," Yao LAN whispered, "go and take a look. I show him your picture every day, and he can already call me mom."

Hearing this, Tong Siyao was excited and immediately went to the bedroom to see the child.

When she was in Emilia, she had a few video calls with Yao LAN and Tong silu. Every time, Yao LAN would carry the child for her to see. However, the child was still young and didn't really remember her. If she wanted him to have a deeper impression of her, she could only look at the photos every day.

Tong Siyao entered the bedroom quietly and saw a chubby baby lying on the bed.

Tong Siyao's eyes suddenly became wet. The child was so good-looking. One could see how dedicated Yao LAN was.

She suddenly had an impulse to never leave again! She would stay at home to accompany him!

However, when she thought of the potential danger, she was unwilling to give up.

What if the devil came again one day? could she just watch her child get into trouble?

She wiped her tears and picked up the various small toys by the bed.

There were a few toys making soft sounds. The child had been sleeping for a long time, but he woke up when he heard the sounds and looked at her with his big eyes.

He held his finger in his mouth and looked at it for a while. He was shocked. I don't know him! He was definitely a bad person! Where's grandma?

He sneaked a peek outside the door and shouted, "Hey ... Hey Hey ..."

Tong Siyao was overjoyed. She quickly put down her toys and picked him up. "Annian, you're awake?" waa ... Tong annian burst into tears and turned to look for Yao LAN. waa ...

Grandma, come quickly! I've been caught by the bad guys!

"What's wrong?" Yao LAN rushed in.

"I don't know." Tong Siyao didn't know what to do. Seeing her child cry so hard, her heart ached. She could only hand her over to Yao LAN.

Yao LAN hurriedly hugged the child and gently patted his back. He snuggled into her arms and sobbed, "granny ..."

"Be good, don't cry. This is your mother." wuwuwuwu ", Tong annian cried so hard that his ears were ringing. How could he hear it?

After a long time, he finally calmed down. Yao LAN placed him on the bed. He saw Tong Siyao staring at him from the side. She stuck out her butt and crawled into Yao Lan's arms.

“This is my mother? Don’t you recognize me?”

She asked Tong Siyao to bring her the photos. Tong Siyao saw a few photo frames by the bed. There were photos of her alone, as well as photos of her, Tong silu, and Yao LAN.

She passed a single photo to Yao LAN, who placed it in front of Tong annian. Tong annian immediately hugged her, pouted, and mumbled, “Horse!”

“It’s mom.”

“Ma Ma!”

that’s right “Yao LAN picked him up and pointed at Tong Siyao. look over there, mom”

Tong annian glanced at it, then at the photo. He stared at Tong Siyao without blinking.

Yao LAN heaved a sigh of relief. She glared at Tong Siyao. “Who told you to get tanned?”

Tong Siyao: “Yingluo” is just a little dark. She didn’t become a black person.

“Manma.” Tong annian sized up Tong Siyao and called out incoherently. Tong Siyao was overjoyed. She reached out to hug him. “An Nian

Tong annian was so frightened that he hid in Yao Lan’s arms again.

Tong Siyao froze and felt hurt.

“Take it slow.” Yao LAN happily replied. If it was someone else, he wouldn’t have bothered so quickly. You’re his mother, and he knows that blood is thicker than water.”

Hearing this, Tong Siyao immediately became happy..

Chapter 1454: This child is especially easy to take care of

At this moment, Tong silu came back from school. Yao LAN quickly called Tong silu over to keep her company so that she could go and cook.

With Tong silu around, Tong annian was not afraid of strangers. Seeing that she wouldn't be able to hold him for a while, Tong Siyao went to pack her luggage and took out the clothes and toys she had bought for him.

look, Tong silu said to Tong annian. mom bought you something good.

Tong annian stretched his neck and sneaked a peek.

Tong silu smiled. sister, " she called out to Tong Siyao. look! He's peeking at you.

Wu Wu Wu Wu ", Tong annian sprawled on the bed and crawled under the covers.

haha ... Tong silu laughed loudly. he's shy.

Tong annian was extremely angry. He pounced on the plastic doll she had given him and took a bite. Hmph! Youngest aunt is bad! He was badmouthing her.

Tong Siyao walked over happily and placed the things in her hands on the bed.

She asked him gently, " annian, look at the clothes and toys mommy gave you. Do you want to try them on?

Tong annian stuck his butt out and ignored her. She placed the toy over, but he pretended not to see it. After a while, when no one was paying attention, she pulled him back into her arms.

“Sister, I’m going to help mom cook,” said Tong silu as she stood up. Tong Siyao nodded and reached out to stroke Tong annian’s head.

Tong annian shook his neck and turned to look at her.

She took another toy, and Tong annian stared at her intently. She guessed that he was trying to recognize her to see if she was the mother in the photo.

Tong annian pursed his lips. He didn’t call out to her, but took the toy she gave him.

Tong Siyao wasn’t in a hurry. She could take it slowly.

Before she went to bed at night, she and Yao LAN would help him bathe.

Yao LAN said, it’s better for him to sleep with me. You can bring him to sleep during the day. After you get used to it, bring him to sleep at night.

Tong Siyao nodded. will he wake up at night?

“No, it’s especially easy to take care of!”

Tong Siyao nodded. After the child was done washing up, she carried him to Yao Lan’s room. She only left when she saw that he had fallen asleep.

She stretched lazily and sat on the sofa to call ye Zi.

She had contacted ye Zi a few times when she was overseas. Ye Zi had gone on a trip to Southeast Asia in July and wanted to see her, but she was so scared that she found an excuse to reject her. Ye Zi was already starting to suspect if she was in Southeast Asia!

However, no matter how imaginative ye Zi was, she would never have thought that she would go to Emilyya.

With the current situation in Emilyya, many people thought that going there would be suicide. However, Tong Siyao had experienced it herself, so she didn't think it was life-threatening.

She got through to ye Zi's phone and was lectured by ye Zi. Ye Zi asked in dissatisfaction, 'i "You didn't even come to see me when you came back, and went straight home?"

"I'm going to take Xi Zha's plane, sorry." Tong Siyao said, " I'll go see you in a few days.

"You don't work at Qing Yu media at all, do you?" ye Zi suddenly asked after a pause.

"I thought you were doing something illegal!"

"I'll tell you when we meet." Tong Siyao said in a low voice.

"Alright then. There's a movie premiere today and it's almost over. I'll wait for the interview."

"Alright, I'll contact you another day."

Tong Siyao hung up the phone and went into a daze. She took out her laptop and searched for movie premiere i ' on the internet.

The first line of words that popped out was-'Rouge' premieres, Muxia generously congratulates

Tong Siyao frowned. The title had a lot of inside information.

She clicked on the main text. It turned out that Lu Jia, the director of Rouge, did not say anything when director Muxia's 'river's Lake' premiered last week.

However, the two movies were going to be released at the same time next week. Now that both sides were in a heated battle, Muxia generously expressed, " When 'Rouge' premiered, he would bring the crew members to book the entire place..

Chapter 1455: family watching a movie

However, at the premiere of 'world of martial arts' last week, Lu Jia did not say anything.

Those who didn't know the situation could immediately tell who was better between the two.

Tong Siyao was a reporter, so she knew that there were many twists and turns behind these reports. She didn't know the truth. Furthermore, this might be Muxia's way of promoting his movie. Looking at it this way, the silent 'Rouge' was rather calm.

"What kind of movie do you want to watch recently?" she asked Tong silu.

Tong Siyao was doing her homework. She asked happily, "Sister, you want to treat me to a movie?"

"It's not easy for me to come back. Of course, I have to take you and mom out to relax."

"That's good! There's been two blockbusters recently. One is 'river's Lake' by Mu Xia, and the other is 'Rouge' by Lu Jia. However, mom might not like the themes of these two movies, so we'd better bring her to watch a comedy."

Tong Siyao nodded. Mu Xia and Lu Jia were both aiming for the award, so the theme of the film would definitely not be easy. Especially 'Rouge', one look and one could tell that it was heavy. He didn't know if it was a good shot.

"Then let's go watch these two movies alone."

Tong silu's eyes lit up, and she hurriedly nodded.

you can continue with your homework, Tong Siyao said with a smile. I won't disturb you.

During the weekend, the two of them went to watch a comedy film with Yao LAN.

"Will annian cry?" Tong Siyao asked, worried.

"He won't. Give him a teething stick and he won't cry or make a fuss. If you're bored, just watch the screen for a while. If you're even more bored, just sleep."

Yao LAN said.

haha! Tong Siyao laughed, he's that obedient?

Tong annian had known her for two days and was already willing to call her 'mother'. Thinking that she was complimenting her, she turned her head and stared at her.

Tong Siyao reached out her hand. can you let mommy carry you?

Tong annian pouted and turned his head away, ignoring her. He rested his head on Yao Lan's shoulder.

"Haha, Yingluo loves grandma the most!" Tong silu said with a smile.

Tong Siyao smiled. She wasn't jealous. It was good to love his grandmother.

His grandmother took care of him every day, so of course, he should love her.

The cinema was promoting 'river's Lake' and 'Rouge with great fanfare. Mu Xia was a rather successful Commercial Director, and Lu Jia's films had always been of high quality.

Mu Xia was very confident in the box office. Any of his films could easily beat Lu Jia's highest-grossing film, which was why he dared to announce his support for Lu Jia's film in a high-profile manner. He was going to win anyway.

However, the investment for his film was also several times that of Lu Jia's film. Su Yisheng's salary alone was sky-high, and the other actors were all big stars. If he wanted the investors to think that he was more profitable than Lu

Jia, he would need the box office of 'river's Lake' to surpass 'Rouge' by several streets.

Lu Jia's " Rouge " this time had a female lead. The famous and influential male actors were not willing to be the supporting actors. Those who came were not famous, so their pay was naturally not high. They had originally planned for a high salary for the female lead, but in the end, they didn't invite the best Actress and instead invited Xin Rong. It was Xin Rong's first time acting in a movie, so his pay couldn't be any lower.

The money he saved was used on the publicity for Rouge. Lu Jia's publicity this time was not any worse than Mu Xia's.

Tong Siyao glanced at the promotional posters of the two shows and went to the automatic ticket machine to get tickets. Then, she entered the venue with Tong silu and Yao LAN.

The plot of a comedy was average, but it was funny. It was a good way to relax.

Both Yao LAN and Tong annian were very happy at first because they had a child who was about the same age as them. He turned his head and started to chat with her. After the movie started, Yao LAN carried him upright. He looked around and pouted his lips in depression..

Chapter 1456: formidable opponent

When everyone laughed, he had laughed too. Once, everyone laughed so loudly that he cried in fear. As soon as he started crying, the children behind him also started crying.

Yao LAN and Tong Siyao managed to calm him down. However, the child behind him continued to cry. Everyone was a little dissatisfied, so the family behind had to leave early.

Tong Siyao was a little embarrassed. Fortunately, Tong annian didn't make a fuss.

When they left the cinema, Yao LAN said, "I won't be coming the next time the two of you are here." Annian didn't make a fuss this time, but he might not next time. It's not good to disturb others."

okay. Tong Siyao paused and smiled. then you can come with si Lu next time. I'll spend some time with him alone.

Yao LAN had been taking care of Tong annian for the past year. Even if the child was well-behaved, she would definitely be on tenterhooks when she watched the movie. She should be allowed to relax completely.

"Sure!" Yao LAN nodded.

'Rouge' and 'pugilistic world' were released on the same day, and their showtimes were the same. They both had midnight screenings. The box office earnings for the midnight show could be seen the day before.'Pugilistic world' was leading 'Rouge' by a large margin.

The next day, the newspapers and the Internet were all about the word of mouth battle between the two shows. Some were praising and some were trampling, dazzling people.

On the first day, the box office of pugilistic world was leading by far. Lu Jia was very calm as she comforted everyone in the group. "Muxia's movies always do better at the box office than mine."

"I went to take a look. It's indeed not bad!" Xin Rong said.

Everyone, "hehe."

"But ours is better!" Xin Rong said.

Lu Jia said, "then you should do more publicity when you're free. Let's get our box office higher." Don't forget, you're going to get a share!"

"Oh, I almost forgot."

Everyone: "Yingluo, are you still the lead actor?!" Not only did he not promote his own movie, but he also watched someone else's movie. Traitor!

Based on the fan base, Rouge naturally could not compare to world of martial arts. Just su Yisheng from world of martial arts had completely surpassed the sum of everyone in Rouge!

However, even su Yisheng might not be able to save world of martial arts this time.

"You guys haven't watched world of martial arts yet?" Xin Rong asked.

Everyone, "hehe."

“Know yourself and know your enemy, and you’ll never lose a hundred battles!” Xin Rong said earnestly.

I bought a night ticket,” Lu Jia said. it’s during prime time.

“Then you can talk after you’re done.”

The others also expressed their desire to watch.

After reading it, everyone didn’t know what to feel.

we might be able to make a comeback in the box office,” Lu Jia said. but the awards are in danger.

Although Muxia’s character wasn’t good, he was talented.

He had been filming commercial martial arts films for so many years and had won some awards and been nominated even more. Lu Jia had watched all of his films and knew that he had gone from purely commercial at the beginning to slowly adding some thought-provoking things.

But this time, he was considered well-prepared. The film didn’t look as Grand as before, but it explored the profoundness of “Jianghu ‘

In the pugilistic world, one couldn’t help themselves.

This world of martial arts was not just a green forest of martial arts, but also a world formed by everyone in their own fields. As long as you were a human, you would definitely be able to see through it.

Mu Xia had done a great job in this topic, and Lu Jia was truly impressed.

But because of this, the story of world of martial arts was not commercialized enough, and it was slightly dull. In the beginning, the audience had bought it because of Mu Xia and su Yisheng's signature, but it was hard to say what would happen after the word of mouth fermented.

This time, Lu Jia's " Rouge " had a strong story and could tightly grasp the audiences hearts from the beginning to the end. This was the foundation to guarantee box office sales..

Chapter 1457: box office battle

That was why he said that the box office for 'Rouge' might turn around-

But what about the award he was fighting for?

He might lose to Muxia.

Even though family feuds seemed Grand, the judges might be tired of it. On the other hand, Muxia was discussing the helplessness of society and human nature.

In short, each had their own merits.

The next day, the box office of 'pugilistic world' still greatly surpassed 'Rouge'. Compared to the first day, the two shows were on the rise.

After Tong Siyao and Tong silu watched both movies, she asked, i "Which one do you like?"

I was a little disappointed when I watched 'world of martial arts' at first, Tong silu said. I wanted to have some fun.

Muxia's previous films were all like this. It was very satisfying to watch, but this time, it was a little boring. Moreover, it wasn't the kind of dull plot, but rather a stuffy chest after reading it.

"Actually, the film is pretty good. I can see that Muxia has improved a lot," said Tong silu.

"It's not an improvement." Tong Siyao said, " he had plans to do this before, but he was smart. He wanted to make a name for himself first and earn money while accumulating experience. This time, I'm going to use my full strength and hit the target in one shot."

Tong silu thought for a while and nodded vigorously. Furthermore, Yu Lin's acting was also very good. It was her first time acting in a movie, and she handed in a perfect answer! However, when he first entered, he wanted to continue Muxia's past style. In the end, he turned around and became depressed! They didn't make it clear during the promotion, so it's a little speechless. I '

"The film Critics will praise him." Tong Siyao laughed. where's Rouge?

Tong silu paused and said, "Alright!"

"It's that simple?"

"If I had watched Rouge before world of martial arts, I would have left halfway through world of martial arts. However, after watching world of martial arts and then Rouge, he had a feeling: There's no "best," only "better"!"

In short, both of them were good movies.

On the third day, because it was a Monday, the box office of both movies dropped. The drop for 'Rouge' was smaller and was starting to catch up to 'river's Lake'.

On the fourth day, the screening allocation of 'Rouge' was squeezed out by 'pugilistic world' , but the box office earnings actually surpassed' pugilistic world 'by a fraction.

On the fifth day, the showtimes of 'Rouge' were still fewer than 'pugilistic world', but the box office was very stable.' Pugilistic world 'started to decline and was no match for' Rouge'.

On the sixth day, the cinemas adjusted the movie screenings. 'Pugilistic world' was pushed down by 'Rouge', and the box office of Rouge 'kept rising.

On the seventh day, Xuanji

On the eighth day ...

The showtimes for world of martial arts were decreasing, but there were more and more for Rouge. Mu Xia couldn't sit still anymore. He had no problem with the popularity of 'Rouge', but if he didn't give a screening allocation to 'world of martial arts', how could he earn money?

He had his public relations team and internet trolls defame 'Rouge' in all sorts of ways on the internet. One moment, they stole the box office, the next moment, they reserved the entire theater with their family and friends, the next moment, they made up stories saying that Lu Jia stepped on 'river's Lake', and the next moment, they said that the main lead, Xin Rong, had a bad character and was being kept as a mistress.

Xin Rong had been having a lot of fun on Weibo for the past six months. He had gained a large number of brainless fans.

She immediately posted on Weibo: " it's indeed uncomfortable to be separated. I have to wait for them to finish reading my complaints. It's great to book the entire place. How dare they say I'm too shameless!!! [ image ] [ image ] [ image ] [ image ] ]

The first ticket was a stack of ticket coupons for movie tickets. The words ' world of martial arts ' were printed on the ticket, but the viewing time was a mess. There were morning, afternoon, night, and late-night movies.

The second ticket was also a ticket receipt for a movie, but it was for 'Rouge'. This time, it was a reservation.

The third and fourth pictures were the chat records of the world of martial arts WeChat group..

Chapter 1458: Tong Siyao's film review

"Muxia's movies always do better at the box office than mine," Lu Jia said.

"I went to take a look. It's indeed not bad!" Xin Rong said.

Although the latter part of her sentence "but ours is better" also appeared, the fans all expressed that the Queen was just that confident! The truth is the best ~

"We've finished watching world of martial arts. What's everyone's opinion on this?" Lu Jia asked after that.

The crew members reluctantly admitted, "Not bad, pretty good, Muxia is indeed skilled, but were also very good, I'm so excited to meet a strong opponent.

The fans expressed one after another that the people in this production team were too honest! I've been your fan for ten thousand years! And the excited one, the crew must be drunk to meet you!

Eh? Everyone was surprised to find that this was their Queen. Hahaha ... The Queen is indeed domineering. She is so broad-minded!

Then, everyone recalled what Mu Xia had shouted at the premiere of 'Rouge' and went to ask him, director mu said to book the entire theater for 'Rouge'. After you're done with the movie, give a few comments and show off your movie tickets! If you dare to say you'll book the entire theater, then show off your movie tickets! Movie tickets! Movie tickets!

Mu Xiayan was just joking. If he won, he would definitely be in the mood to watch. Now that she was being led away by 'Rouge', she had long forgotten what she had said.

At this moment, he felt like he was f \* cking a dog, and he wanted to catch Lu Jia-no! She wanted to grab the shoulders of everyone in the 'Rouge' crew and ask, "How broad-minded are you guys? You lost tens of millions of dollars to me on the first day of the movie's release, but you're still in the mood to watch my movie, and you even praised me in the private chat group! My heart is good, Fang

It was wrong!

It must be fake!

All the screenshots of the conversation were photoshopped!

Muxia's face started to darken again.

The fans were all drunk, "it's fine if you lose face, but don't lose li too!" 'World of martial arts' was not bad either, but it was not as suitable for the public as 'Rouge'.

At this moment, someone posted a screenshot of a foreign website. The source was the personal page of war correspondent October, who had become famous in the past six months.

This was indeed Tong Siyao's personal profile. She had applied for an overseas account because she was worried that the Sheng family or Lu duo would find out if she was in Hua.

She asked the news agency that published her report in country M to help her verify her real name. When she was in Emilya, she would occasionally update some news to let everyone know what was going on in real time. Of course, the premise of the update was that the internet was smooth. The war in Emilya often affected all kinds of communication.

Now, the screenshot posted by the netizens was a film review she had written for 'Rouge' in English. As 'Rouge' was also screened overseas, no one suspected that octopus was a Chinese.

The film review said,

the recent war in Emilya has made my heart heavy. "I'm thinking about how many more lessons we need to learn to make people reflect on war.

coincidentally, a Chinese Anti-Japanese War film, 'Rouge' , was being released. I sat in the cinema, wanting to see how the humans' reflection was going.

The misfortunes of that era are beyond the imagination of modern people, and I can't imagine it either.

Most of the time, for the sake of the drama's effect, the director would always do his best to torment the protagonist, giving him a constantly fluctuating life experience. He was afraid that there would be too few twists and turns, and it would not be enough to express his inner pursuit. It was ridiculous.

Yan Zhi was almost like this too.

However, the artistic effect was different from the rational news report.

Everyone will also realize that this film review is mixed with my feelings and is different from my usual reports. Therefore, there was nothing to criticize about this kind of treatment.

Of course, in the end, the protagonist would inevitably die, as if this would highlight the cruelty of war and the nobility of the revolutionaries.

I can't stand this. Why should I die?

Fortunately, Yanzhi had survived this time.

There were two things that she had never thought about. One was betrayal, and the other was death.

As long as she was alive, there would be hope. He was glad that she was still alive.

He hoped that the people who were going through war and suffering could do the same.

I'm not afraid of waiting too long, but I'm afraid of giving up hope..”

Chapter 1459: Your child, what else can I do?

Tong Siyao's reviews didn't have much of an impact on the box office, but it did contain the criticism of 'Rouge' to a large extent.

Anti-war activists all over the world were trying to find out more about Emilia through October's news. he " might just be a small reporter, but he was a great hero.

Some people had already raised "him" to a very high position, and no one could refute or profane him.

Moreover, the people in the country had always believed in foreign sayings.

They would subconsciously believe the opinions of a well-known person.

Moreover, due to his identity as an October, he did not dare to refute.

October had made a post a while ago, saying that he wanted to go home to see his children, spend time with the elderly, and sort out his information. He would go to Emilya next year!

Such a great person, would a group of people in the entertainment industry who were fishing for fame have the nerve to pinch him? Wasn't she afraid that her supporters would strangle her to death?

And so, Muxia and world of martial arts were as quiet as a chicken.

In the end, the movie was taken off-screen, and Rouge's box office earnings were 200 million more than pugilistic world's.

To prevent Yao LAN from suspecting her work, Tong Siyao did not dare to stay at home. However, where should he go next?

It's not safe to go to Beijing, so I won't consider it!

Do some local interviews to lay the foundation for becoming an independent reporter in the future?

NO!

If she were to interview them herself, she would definitely attract the obstruction of her peers. Half of the domestic media industry was in the Yu family, and the other half was in the Sheng family. If they were discovered soon, wouldn't they be walking into a trap?

The same applied to other cities in the country.

She knew that there was a Chinese refugee camp in shantagamma and wanted to go there for some interviews. But when she thought about the Sheng family, she decided against it.

It was better to be safe than sorry. It was impossible to hide it for a lifetime abroad, not to mention in China. It was better to be careful.

From the looks of it, he had to either stay put or leave the country. Then he could only go to Emilia if he wanted to go abroad. Otherwise, would it be a waste of time to go elsewhere?

But she couldn't bear to part with Tong annian. How long had she been back? I haven't seen enough yet!

However, she had told Yao LAN that she would be taking a one-month break. Now, it was almost the end of the month.

He said he was going to see ye Zi earlier.

Ye Zi really could only forget about it. The last time she went to the capital, she met Sheng nanxuan and Lu duo. This time, she might even meet Sheng Yiting! Tong Sivao thought about it and decided to go to country M to check out the news agency she was working with.

However, she told Yao LAN that she was going to the capital to work.

In the past month, she and Tong annian had become very close. Tong annian kept calling her "mother" and "mother", and she was extremely touched. She didn't expect him to pay attention to her after she had ignored him for so long.

If it were her, she would have cut off her cassock long ago if anyone ignored her.

Tong Siyao was stunned-could it be that Sheng Yiting inherited it?

Thinking of this, she shuddered and did not dare to continue thinking.

After she had booked the plane ticket, she looked at Yao LAN pitifully.

"Alright, alright, alright, Zhenzhen will take him away!" Yao LAN said helplessly.

Thank you, Mom! Tong Siyao hugged her happily.

"Your child, what else can I do?" Yao Lan's face was stiff as she thought of a song. Back then, you were the one who wanted to break up, so if you wanted to break up, then let's break up, ran ran.

Tong Siyao said, "I'll bring him back early for the new year." I'll still be going out next year, so I'll still have to trouble you again, Yingluo."

"Why are you still going out?" Yao LAN asked with a frown.

I can't help it. It's all work," Tong Siyao said in a small voice. but I should be able to apply for a longer leave next year.. As long as I'm free, I'll stay at home to accompany you and annian!"

Chapter 1460: Mommy is a bad guy

Yao LAN replied helplessly, "alright then, Yingluo."

Even though she couldn't bear to part with Tong annian, she still had to go to work and it was tiring to bring him along. Tong Siyao could take care of her for a few months, so she could catch her breath. Then, she could take care of her again, so that she wouldn't be so tense.

However, when she saw Tong annian's adorable little face and thought about how she hadn't seen or touched him for a long time, her heart felt terrible. "When we get to Beijing, we'll video chat every day!" Tong Siyao said.

Yao LAN smiled, "alright!" Why didn't you video call me every day when you were overseas?

"The internet in foreign countries is not good. How can they be better than our country? Everything's so convenient!"

After much persuasion, Tong Siyao managed to comfort Yao LAN and brought Tong annian away.

Yao LAN and Tong silu sent them to the airport. Tong annian didn't know how long he would be separated from his grandmother. He saw that there were many people around him and couldn't stop looking around.

After boarding the plane, he began to sleep. He woke up in the middle of the journey to eat, drink, pee, and play until he got off the plane.

They hadn't arrived yet, and they had to transfer flights in a few hours.

However, Tong annian started to look for his grandmother, but he couldn't find her. The surroundings were very unfamiliar. He frowned and looked at Tong Siyao, his face full of grievance.

Tong Siyao's heart ached so much that it almost melted. She hurriedly asked, "what happened to niannian?" Are you hungry?" wuwuwu, " Tong annian pursed his lips and cried unhappily.

His mother was a bad person. Where was she taking him? He wanted his grandmother to cry.

Mommy doesn't know what I want, grandma is the best, Yingluo.

Tong annian looked around and started wailing.

Tong Siyao hugged him and started to comfort him. He cried and cried and felt embarrassed. However, he was sad that he couldn't see his grandmother, so he could only continue crying.

After crying for almost an hour, he sniffled and fell asleep.

Tong Siyao heaved a sigh of relief and looked at the plane gliding outside the window.

Seeing her child cry so sadly, she really wanted to fly back immediately.

However, on the other hand, she understood how hard it was for Yao LAN to take care of him.

When she left last year, he had just learned how to turn over. Before that) he had been eating and sleeping, sleeping and eating. As long as she satisfied him, he would not have any emotions. But now that they could move and crawl, it would definitely be difficult to carry them.

Tong Siyao gently patted his back. When she heard the announcement for her flight ticket inspection, she hugged him and got up.

This time, he would properly experience Yao Lan's hardships.

Before Tong Siyao left, she had rented an apartment online. She would go there directly after she arrived in country M. The other party was surprised to see that she was Chinese, but he still rented the house to her.

Tong annian had already stopped crying. Tong Siyao mixed some milk for him, and he gloomily held the milk bottle and looked at the fallen leaves outside the window. His face was filled with sorrow.

Tong Siyao thought he was too cute. She touched his head and said, baby, be good. We're going to make new friends. We'll go home to grandma soon. The baby pouted unhappily, thinking, "mommy is a bad mommy!"

Tong Siyao kissed her and packed her luggage.

The house was in good condition and did not need to be tidied up. Just in case, she asked someone to change the lock.

After resting for two days to get over her jet lag, she brought Tong annian out of the house.

She first went to meet the people from the news agency, then brought Tong annian around to look around. After that, she practically stayed at her residence to sort out the interview materials.

The people from the news agency really liked Tong annian, so they bought him some clothes and toys. Tong Siyao would occasionally take him to have small gatherings with them, which was almost her only social activity.

She was by Tong annian's side every single day. This child was kind-hearted. He was only unhappy for the first two days and would occasionally wail a few times. After that, he would not torment her anymore. The mother and son lived happily every day..
