

Ditsy Wife 1461

Chapter 1461: How did you learn to speak a foreign language?

The depressing thing was that America and China had turned black into white. Tong Siyao had to pay attention to the weather in Beijing every day and video call Yao LAN in the morning. It happened to be at night in China.

Sometimes, she would post photos-she would take them during the day and send them back in the middle of the night, lying to Yao LAN that she had just taken them.

With this, Tong Siyao felt like a spy every day. It was so tiring! He simply brought this upon himself!

She wanted to stay for a few days before leaving for a country that had no time difference with China. She was also afraid that the child would not be able to take it, so she could only forget it and live her life like this.

She spent more than two months in M country, spending Christmas with the newspaper staff. She posted a photo on October's personal page-there was only the Christmas setting and no one else-so as not to make people suspect that she was Chinese. Chinese people didn't put Christmas trees at home during Christmas, and they didn't know how to make Turkey or pumpkin cakes.

She brought Sheng annian back to China before the new year. He took a flight to Southeast Asia and rested for a week to get over his jet lag before returning to Xizha.

At this moment, there was still half a month before the new year. She told Yao LAN that she would only leave after the Lantern Festival. Yao LAN was extremely happy.

grandma ... Tong annian had already learned how to walk. His small body rolled over to Yao Lan's feet and he almost fell.

Yao LAN was overjoyed. She carried him up, oh my, my good grandson. It's only been a few months since I last saw you, and you've already learned how to walk and talk!

Tong annian's words were much clearer now than when Tong Siyao had just returned. At that time, he could only shout for help. Now, not only could he shout, but he could also say some simple words and short sentences.

Tong Siyao looked at them and suddenly felt bad. Although she did not want Yao LAN to suffer, she felt that she was being selfish by not letting Yao LAN witness Tong annian's growth.

Yao LAN didn't care about all this and carried Tong annian to the side to chat.

Tong annian had been overseas for three months and had only heard foreign languages. After speaking a few words with Yao LAN, he could not speak any more foreign words.

&Nbsp; Yao LAN was stunned and asked Tong Siyao, " how did you learn a foreign language?

Tong Siyao coughed, 'aww! I speak in a foreign language when I'm on the phone with my foreign colleagues. He must have heard it. '

Yao LAN was extremely excited, "an Nian is that amazing?" Self-taught genius!"

Tong Siyao was speechless. Fortunately, Tong annian did not have a good memory and could not speak a complete sentence. That was why she did not give herself away. She would not dare to do it again!

After the new year, Tong Siyao went to Emilia again.

When she left, she did not let Yao LAN and Tong silu send her off.

Tong annian was sprawled on the sofa playing with his toys. She squatted beside him and said, ""Mommy's leaving

Tong annian didn't understand what she meant. He looked at her and nodded obediently.

Tong Siyao hugged him and couldn't help crying.

sister ... Tong silu couldn't stand it anymore. She wanted to cry too.

niannian, be good. You have to listen to Grandma, Yingluo. Tong Siyao stared at Tong annian, her tears flowing like a river.

Tong annian instantly panicked. He clumsily reached out to help her wipe her tears. "Mommy, don't cry, Yingying."

mommy will be back soon, ran ran. Tong Siyao hugged him tightly, picked up her suitcase, and ran out of the house.

When Tong annian saw this, he ran over with his short legs. "Mother..."

"Mom will be back tomorrow," Yao LAN hugged him.

wuwuwuwu ", Tong annian's short legs waved in the air and he started crying.

Why didn't he let him chase his mother? He didn't do anything bad!

Yao LAN was afraid that Tong Siyao would hear his cries, so she quickly carried him back to the bedroom..

Chapter 1462: Niannian is a little like that person

Yao LAN and Tong silu both thought that he was reluctant to part with Tong Siyao. In fact, how would he know about this?

He thought that Tong Siyao had gone out at the last minute and only felt that something was wrong at night. She started to look for her mother and cried for most of the night before she fell asleep.

The next day, Tong Siyao called back.

Yao LAN placed the phone next to Tong annian's ear. When Tong annian heard the sound) he immediately turned his head."Mom?"

"Don't move, listen to mommy." Yao LAN said.

Tong annian puffed up his cheeks and reached for his phone. He used his pinky to poke at the screen, trying to call out his mother.

Yao LAN had no choice but to put the call on speaker. mommy is talking to you. Hurry up and call for help.

Tong annian pursed his lips and started crying. mommy ... Waah, I want mommy!

"Niannian, I'm sorry." Tong Siyao said sadly, " mom will be back soon.

mommy, sob, sob. Tong annian cried until he was out of breath. sob, sob, sob, sob, sob, baby is good, sob, sob, so good, so good.

He thought that his mother had left because he was disobedient.

mommy knows I'm a good baby, Yingying. Tong Siyao covered her mouth and cried sadly. mommy's not good. Baby, don't be angry with mommy, okay?

When mommy gets home, she can play with the baby again.”

“Boohoo, mommy Yingluo.” Tong annian held onto his phone and fiddled with it helplessly. After a while, he pounced on Yao LAN and asked with his tear-stained face, ” “Where’s Mama?”

“Mommy is going to earn money to buy clothes and toys for the baby, and Guoguo.” Yao LAN passed him a cut apple.

He turned his head away and continued to cry.

&Nbsp; Yao LAN said to Tong Siyao, ‘i hell get used to it in two days. Don’t worry. Just focus on your work.

“Yingluo, yes.” Tong Siyao sobbed. I’m sorry, ran ran.

“If you feel sorry, then tell me who the Father is.”

I’m back! Tong Siyao was suddenly full of energy. I’ll get back to work. I’ll call you tomorrow!

Yao LAN was furious. She hung up the phone and wiped Tong annian’s tears. She held his face and looked at it carefully for a long time before asking Tong silu, ” “Don’t you think that niannian looks a little like that person?

Tong silu glanced at Tong annian and asked ,’who’s that? It’s that guy you don’t say, he really does look like her!”

Yao LAN was furious, “your sister is a donkey!” The child is such a big matter, yet he has to shoulder it alone!”

Tong silu thought of the letter that Tong Siyao had given her and said, ” “Maybe there’s some hidden story, Yingluo.”

“What secret can there be? She was not willing to take responsibility! That kind of rich man from a big city, just look at his appearance, you know he’s not a good person!”

Tong silu thought to herself, you’re discriminating against handsome guys! She coughed and said, “he’s an Nian’s father after all.” &Nbsp;

“What father? An Nian hadn’t grown up yet. Children all look the same, but when they grow up, they don’t look the same!”

Tong silu: “ Wanwan. then do you want an Nian to be that person’s or not?”

“Dad?” Tong annian suddenly raised his head.

“Cough, cough, cough.” Yao LAN choked on her saliva.

“Grandma asked if you pooped today!” Tong silu said hurriedly.

Tong annian pouted, lowered his head, and continued to sulk. She missed her mother and didn’t want to poop.

The film industry’s annual Golden Film Awards ceremony was about to begin.

The Golden Film Awards was founded by China and had a history of more than a hundred years. It was the most influential film Award in the world.

The Golden Film Awards were very important. They mainly selected films produced by Chinese filmmakers and also accepted foreign films to participate.

However, each foreign country could only send one film each year..

Chapter 1463: Two nominations

Filmmakers all over the world were proud of winning the Golden Film Award.

The trophy for the Golden Shadow awards was shaped like a film film that was curved upward in a spiral) with a base at the bottom that was easy to place. The entire trophy was gold in color, and the year and name of the award were engraved on the i ' film.

Before the award ceremony officially started, the organizing committee announced the list of nominees to the public.

The films that were selected were first and foremost very artistic. However, the movies that could really win awards were mostly elegant and vulgar, and the box office was not weak either. If the box office suffered a crushing defeat, it would be difficult to win the award even if they were nominated.

Both 'Rouge' and 'world of martial arts' were the favorites of this award ceremony. 'Rouge' received 11 nominations, while 'world of martial arts' received nine.

Both movies had their own advantages. Although Lu Jia's box office this time had won against Mu Xia,' pugilistic world' had also done well.

It could be said that the king saw the king in these two shows!

The two films were nominated for the best film and Best Director awards at the same time.

Many people were guessing who it would fall to in the end.

Would there be an unexpected winner in the end when the two of them were so passionate?

As for the actors, the one who attracted the most attention was Xin Rong!

This was because it was her first time acting in a movie, and she had been nominated for two awards- Best Newcomer and Best Female Lead.

Xin Rong was very satisfied with the committee's judgment. She usually walked with a swagger, okay? she walked with a swagger at all times. The Queen was just that confident!

When Yu Lin heard this news, she was completely dumbfounded.

How could Xin Rong have been nominated for Best Female Lead?

This time, there were five nominees for the Best Newcomer Award, three men and two women. The women were naturally her and Xin Rong!

However, Xin Rong had been nominated for Best Female Lead, while she had not. Wasn't it said that Xin Rong's acting skills were better than hers?

In other words, this Best Newcomer Award would definitely not go to him. It would either go to Xin Rong or one of the three men!

Yu Lin was mad with anger!

She had put in a lot of effort into acting in 'river's Lake' because she wanted to win the Best Newcomer Award and pave the way for her own stardom. In the end, she met Xin Rong!

Ever since the nomination was announced) the reporters had gone crazy and blocked people from interviewing. Of course, it was good to block those who were nominated. Even if they couldn't, they could block those who weren't nominated. They just asked, What do you think of this nomination? Do you have the confidence to win the award? Who do you think has the ability to win this award?

Anyway, it didn't matter if they watched the fun!

Celebrities would avoid them to avoid unnecessary trouble. Because if he answered inappropriately, he would offend others.

However, she couldn't avoid the award ceremony.

In the hotel, Xin Rong was preparing to leave for the award ceremony.

She was wearing a long Crimson dress and her hair was tied up in a high ponytail. She looked like a queen who looked down on the world.

Generally, young girls would look very unconfident in this color and style. In common words, the clothes were too old-fashioned!

However, these were only words of comfort. There was nothing wrong with the clothes. In the end, it was his temperament and aura that were not good enough. It could not bring out the good quality of the clothes at all.

But Xin Rong didn't have this problem!

She looked like she was wearing a battle robe that belonged to her alone!

The clothes and her temperament were one, setting off her nobility. She also showed the beauty of her clothes. The two complemented each other and brought out the best in each other!

Simon sat on the sofa and looked at her with his chin in his hand. His eyes were bright..

Chapter 1464: other than me?

When Simon had first gotten together with Xin Rong, he had been very silly.

Xin Rong was different from all the girls he had met before. He didn't know how to deal with her, so he became weak when he met a strong opponent and never returned on the path of two!

However, now that she had been with Xin Rong for a long time, even if she felt stupid, she didn't dare to make the same mistake again.

If she was powerful, he would be more powerful than her!

Therefore, Simon's current expression was in line with his identity as the

Crown Prince. He was a little demonic and crazy.

"Have you seen enough?" Xin rongyu glanced at him and walked over with a ruby necklace. "Put it on for me."

Simon stood up, picked up the necklace, and stood behind her. He put it on her carefully, then put his hands on her shoulders and asked in a low voice, go with you?

Xin Rong turned and retreated, casting him a flirtatious glance. "What identity are you going to use?"

"Do you think my status is low?" He asked in dissatisfaction. He could tell that she didn't want him to go.

Xin Rong sighed, "please do me a favor." I'm already at the heart of the storm. If you appear again, those people will have something to say if I win the award."

"You're afraid of people talking about it?" Simon laughed.

"I'm not afraid, but I hate it when people question me!" Xin Rong gritted his teeth, picked up his bag, and patted his face. I'll be leaving first. Be good and don't go looking for the little girl

Simon grabbed her, pulled her into his arms, and kissed her hard.

Xin Rong quickly stomped on his foot) causing him to release her in pain. He cried out unhappily,""You ..."

"You're messing up my makeup!" Xin Rong was flustered. I'll deal with you when I come back tonight!

haha! Simon laughed. we don't know who's going to take care of who yet!

Xin Rong was stunned and left in a Huff.

He was getting more and more difficult to deal with now!

She suspected that he was just pretending to be weak! If it wasn't for the fact that he was with her every day and she could see all the changes in him, she would have suspected that he had a soul attack!

Xin Rong went downstairs. Lei Xi was waiting for him with her makeup artist.

The makeup artist had to follow them the entire time. It would be easy to fix her makeup if her makeup was ruined.

Seeing that her lipstick had fallen off, Tracy held her forehead in exasperation.

"Let's get in the car first, Yingluo."

Xin Rong alighted when they arrived at their destination.

The surrounding reporters didn't recognize her at first, and then they swarmed up.

Ye Zi squeezed through the crowd and asked loudly, "Miss Xin Rong, you've received two nominations today. What are your thoughts on this?" "You're very beautiful e ' Xin Rong glanced at her and smiled.

Ye Zi was stunned, and so were the people around her. Wait a minute! Goddess, you're wrong, are you trying to pick up girls?

Xin Rongwei lifted his chin and looked at everyone. "The Best Newcomer Award, who else but me!"

"Then what about the Best Actress award?" the reporter asked in a hurry.

"Seniors, you're all very experienced. I naturally can't compare to you. I was lucky enough to be nominated, all thanks to the director's good training and the good cooperation of the other actors. However, I know that my acting skills are still lacking compared to my experienced seniors."

When she was a mercenary, she only put on an act to fool her enemies. But now, it was different. Compared to the younger actors, she was more than capable. However, those old actors had feelings in their acting, while she often did not have any.

Of course, she had put in her feelings for this role as Yanzhi, but that was because her identity and experience were similar to Yanzhi, so she had some feelings in her heart.

Otherwise, she would at most be nominated for Best Newcomer, but not for

Best Female Lead..

Chapter 1465: winning

However, her truthful words were a huge bomb to the reporters!

There had never been an actor as crazy as her!

Was she really so sure that she would win the award?

What if he couldn't get it? where would he put his face then?

Of course, no one doubted the fairness of the Golden Shadow awards. No matter how good a person was, they couldn't change the results of the Golden Shadow awards! Otherwise, how could the Golden Shadow awards have such a big influence?

Therefore, she would definitely not be deceived, nor would she know the result in advance.

That was why she was crazy! She was a lunatic!

Xin Rong left under the guidance of the staff and the reporters immediately posted her answer online.

There was an uproar on the internet. Some were scolding her, and some were worshiping her.

However, these arguments wouldn't last long, because the outcome would be out soon.

Xin Rong walked down the red carpet with the crew of 'Rouge'.

She was still a newcomer in the film industry and did not have a high status. Otherwise, he would have arranged for her to go alone.

However, the main committee had arranged for her to go with the male lead of 'Rouge'.

Xin Rong felt that this was just a formality. How tiring would it be to walk again and again? Just tell the male lead to go on his own!

She didn't know how to describe the male lead's feelings, but she still made a trip for the sake of exposure.

After the red carpet, everyone took photos with each other and accepted interviews.

The reporters in the hall were from the National television station and were much more polite than the ones outside. They would never ask questions that could easily stir up conflict.

Xin Rong attracted a lot of attention.

When the photos of the red carpet were uploaded online, everyone's jaws dropped. Even the haters could not help but kneel down and call her Queen.

The passers-by all expressed that with such an aura, it wasn't strange at all for him to say 'who else but me'. If he was still being humble in this situation, that would be fake!

Xin Rong's face was the most tender compared to the younger generation. Compared to the older generation, her aura was not weak at all. She could be said to be the Queen of the red carpet, who was so beautiful that she outshone everyone else!

However, none of this was as important as the awards.

The most important thing for an artiste was to let his work speak for him!

The Best Newcomer Award was announced earlier, so Yu Lin understood that she didn't have a chance, so she kept smiling in front of the camera.

Xin Rong also smiled calmly, but at this moment, he felt a bit nervous.

The final result was almost without any suspense, and it was taken by her.

The actors who won the Best Newcomer Award would all become best actors or best actresses in the future. From this moment on, her path to stardom would be brilliant.

She stood on the stage with the trophy in her hand and said calmly, ‘ ‘Thank you, everyone. I’m very happy. I’m sure everyone has heard that when I came here, I made a bold statement at the door-the Best Newcomer Award, who else but me? However, I was very nervous just now-what would I do if I didn’t get the award today? Should he continue to say that the evaluation committee had no taste? Or should he hide and focus on studying acting?’

But now, he didn’t have to worry about this problem. At first, I was indeed very confident. For some reason, I felt that I acted very well. Actually, it’s not acting. I’ve never learned how to perform. I’ve been working and learning at the same time. I’m not very good at acting emotionally. But ‘Rouge’ is different, because I’m different from all of you here.

To you, the war has already become history, but to me, it’s something that’s happening. That’s why I’m able to feel many aspects of the role of Yanzhi, so I can play her well.”

As he said this, some people below began to wipe their tears..

Chapter 1466: I won this award with a cheat

Xin Rong didn’t come to stir up emotions, she just wanted to show ...

“I won this award because I cheated, not entirely because of my acting skills. So, the rest of you, please don’t be sad. If someone else played Yanzhi, your fifth competitor would not be me. ‘

Some people laughed.

Xin Rong gratefully bowed to the audience. "Thank you, thank you for listening to my words calmly and not throwing your shoes at me!"

The laughter from the audience grew even louder, and applause rang out.

Xin Rong gracefully walked down the stage and returned to her seat. Lu Jia smiled at her and said, "It's his first time receiving an award, but he's not nervous at all."

"There's nothing to be afraid of." Xin Rong said with a smile.

She was facing a rain of bullets. Would a group of unarmed people scare her? For the remaining few important awards, Xin Rong was called out by the host before the Best Female Lead was presented.

The host of this year's show was Tang Xinxin. Tang Xinxin walked to her with a microphone and asked, "I just remembered your acceptance speech. You said that if it were someone else, they wouldn't have acted as well as you?"

"Did I ever say that?" Xin Rong was confused.

"If it was someone else, you wouldn't be the fifth competitor for the Best Newcomer Award! Since it's not you, it means that the other party can't be nominated, which means that their acting skills aren't as good as yours. Tang Xinxin didn't mean to pick on her. After all, they had met a few times in the Sheng family. Tang Xinxin knew that Sheng Ning was very adaptable, so she wanted to take the opportunity to build her image.

"As everyone knows, I was able to play this role due to various reasons. One of them was for me to use my identity to convince the director. If I fail, the role will be played by a senior. Senpai isn't a newcomer anymore, so of course she won't be nominated for the Best Newcomer Award) but I believe she'll be nominated for the Best Female Lead Award!"

Tang Xinxin paused for a second and said embarrassedly, " then, do you think you'll get the best Actress award after the Best Newcomer Award? "

"It doesn't matter if I get it or not," Xin Rong said honestly, " I believe that if someone else plays Yan Zhi, the other four seniors will feel more pressure. This is all due to our director's ability. No matter who it is, he will make them the Best Female Lead candidate!"

There was a round of enthusiastic applause.

In the end, the Best Female Lead was won by a modern film.

"What do you think?" Lu Jia looked at Xin Rong and asked in a low voice.

"You deserve it."

Lu Jia nodded in satisfaction. Although this newbie was a little arrogant, he wasn't narrow-minded, which was a good thing.

In fact, Xin Rong's acting skills were obvious to all, and the evaluation committee had been in a difficult position at the beginning.

After some discussion, they felt that even though Xin Rong's acting skills were good enough to win the Best Actress award, the four other actors competing with her had more experience. Everyone decided to take into account the feelings of the older actors. Otherwise, it would not be worth it to offend all the old actors for a new actress like her. Moreover, this was for her own good. She was so young, and it was inevitable that she would be suspected of being overpraised. If she won the Best Female Lead Award, some people would definitely use this point to defame her and the evaluation committee, which would be very troublesome.

In the end, during the selection, Simon even had someone inform the evaluation committee. Since Xin Rong had two nominations, she had to get one no matter what!

Simon knew that Xin Rong and Yu Lin didn't get along, so he didn't want Yu Lin to win the Best Newcomer Award.

If Yu Lin won the Best Newcomer Award, Xin Rong would win the Best Female Lead Award, beating her by a notch!

However, how could the evaluation committee let this happen?

If Xin Rong won the Best Female Lead, the best Newcomer would either be her or an actor. In any case, it couldn't be Yu Lin!

Yu Lin was really unlucky..

Chapter 1467: the drunk Xin Rong is cute

Su Yisheng was nominated for Best Male Lead, but he lost to someone else.

When Xin Rong saw his smile freeze, he was secretly pleased.

At this point, only the best Director and best film awards were left. And these two awards were 'river's Lake' and 'Rouge'.

For the previous awards, world of martial arts had won Best Screenwriter, Best Original Music, and Best Editing, while Rouge had won Best Newcomer, Best Supporting Actor, best fashion design, Best Cinematography, and best makeup. Rouge was far ahead of them!

In the end, the best Director and best film were both won by Rouge, which became the biggest winner of the night!

Mu Xia was all smiles in front of the reporters as he congratulated Lu Jia, but when he turned around, his face darkened.

The crew had originally prepared a celebration party, but he cursed, " we didn't win any awards. What's there to celebrate?!"

The award-winning scriptwriter, soundtrack, and editor: "..."

Xin Rong attended the celebration party with the crew and asked Lei Xi to pack a few red packets for Mi Fei and the others. The crew also had a share. It was better to be happy together than to be happy alone.

Her alcohol tolerance wasn't very good in this body, so she usually paid attention not to get drunk. He had no choice today and ended up getting dizzy from drinking.

When they left the celebration party, Tracy asked her, "Where are you going? Why don't you come to my house?"

"Why would I go to your house?" Xin Rong chuckled. You don't have a fierce man Yingluo in your house! Hahaha, I know, there's one, it's that person, Yingluo."

Tracy, "Yingying. "

"I know he's chasing you! Hurry up and go. You guys go have fun and don't mind me. He won an award today, aren't you going to congratulate him?" what nonsense are you talking about?! Tracy was furious.

The winner of the Best Supporting Actor award for 'Rouge' had known her for a long time, so he had some feelings for her in the past. Last year, when they had been filming "Rouge," Lei Xi had often gone to the set to look for Xin Rong. The two had interacted more, so he had put his plan into action.

However, before Lei Xi could agree, Xin Rong had already found out.

Xin Rong laughed, "when happiness comes, you have to grab it."

you ... seeing a familiar car parked by the side of the road, she sneered. sure! I'm going on a date, I'm not going to care about you! I'll sell you to a taxi driver!"

After he finished speaking, he helped her over.

The car door opened on its own. Tracy threw the man in and turned to leave.

Xin Rong was dizzy from the fall. He climbed up and shouted, "What a thing that values sex over friendship! You-"

She touched a warm body next to her and turned to look. She said with a smile, ' Lacy said she'd sell me to a taxi driver. I didn't expect my brother to be so handsome these days. Aiyoyo, let me touch ...

"Why don't you have cat ears?" Xin Rong placed his hand on her head. Do you want to grow cat ears?

Simon's face darkened. She still remembered cat ears?

This woman had asked him for a present on her birthday last year. The present she asked for was weird. She asked him to wear a cat costume to sleep.

In order to make his girlfriend happy, what else could he do? after the shower, he put on a cat ear ornament on his head. She was still not satisfied and said that he was not wearing a tail!

"Do you have a tail?" Xin Rong touched his butt.

"My tail is in front, do you want it?" Simon roared.

Xin Rong pouted, his expression cute. "You're so annoying! Why are you so dirty-minded?"

Oh my!

Simon suddenly couldn't take it anymore!

Xin Rong was usually an inviolable Queen. When had he ever been so cute?

He couldn't hold it in any longer and hurriedly asked the driver to start driving. As he held her in his arms, he thought, He wanted to get her drunk more often in the future. She would be so cute when she was drunk. She was so cute!

Let's see how he's going to dominate the battlefield tonight!

Chapter 1468: You actually dare to tease me like this

After returning to the hotel, Xi Meng took Xin Rong to shower. Then he helped her put on a cute bikini and a pair of cat ears on her head.

Xin Rong rolled around on the bed. Xi Meng was so cute that his heart trembled. He went to get a camera to take photos of her.

With two creaks, Xin Rong got up from the bed and slowly crawled towards him.

He saw the tail on her back and swallowed.

"Shan Yan! You idiot!" Xin rongzui glared at him with hazy eyes and pointed. how dare you, slave! How dare you make fun of me like this!

Simon was shocked, "is she going to wake up?"

look at me ... Xin Rong was just about to get angry when his body fell to the ground and he shrieked.

"Rongrong!" Simon shouted as he rushed over and picked her up.

She leaned into his arms and pulled on his collar. "What are you doing? I'm a beauty in front of you, but you can't control yourself. I can't help but wonder if you have water. I'm thirsty."

Simon put her on the bed and went to get a glass of water. "Your Majesty, the bejeweled nectar is here. Do you want to drink while lying down, sitting down, or standing up?"

Xin Rong opened his eyes and smiled at him. He grabbed the collar of his bathrobe and pulled him towards him.

F*ck! Simon shouted in his heart, 'he's so fierce even when he's drunk, he really needs a beating!'

She was already in this state. If he still couldn't get back at her, then he was useless.

The next morning, Xin Rong woke up with a splitting headache.

Although she couldn't control her drunkenness, she could remember clearly what happened after she was drunk!

Hmph Simon Gambino! This bastard actually dared to treat him like this?

What did he think he was? A bunny girl? He actually dared to let her act as a pet!

She put on her bathrobe and walked out of the room. Simon was carefully arranging the exquisite breakfast.

There was also a bouquet of roses on the table, which was obviously prepared for her.

Seeing this, Xin Rong's heart softened.

He noticed her and ran over, asking with concern, "Do you feel uncomfortable anywhere? Don't drink so much in the future, okay? Did you wash your face? I don't think so, go and wash up so that we can eat

Xin Rong shook him off and said with a straight face, "although I'm drunk, I remember everything that happened clearly." You're quite bold, aren't you?

Simon was stunned and coughed awkwardly. "So the Xuanji only allows the state officials to set fires, but doesn't allow the people to light lamps?

Xin Rong was stunned. He glared at him and turned to the bathroom.

Simon chuckled and followed her. He leaned against the door and said faintly, "There's something I haven't settled with you yet. Last night, you said in front of the reporters that the director trained you?

Xin Rong rolled his eyes. it's not what you think it means.

"But I don't feel comfortable." Simon said with a straight face.

Xin Rong froze and turned to look at him.

"You were making eyes with the director after that, and you even went to see su Yisheng!" He said sternly.

you remember it very clearly, Yingluo," Xin Rong said faintly.

Simon walked in, stood behind her, and pressed her against the sink. He said in a deep and serious voice, "Rongrong, you can only be mine, do you understand?"

Xin Rong was a bit afraid of him.

Perhaps she acted too carefreely at times, and he was always worried that she would leave him, so he became a little paranoid.

She had not forgotten who he was. If he went crazy, even Judy would not have any chance of winning, let alone her, who had nothing now.

She hurriedly kissed him on the cheek and said, "you can only be mine." I don't like to share things with others, even if it's dirty.."

Chapter 1469: waiting for them to court their own death

Simon paused, coughed, and asked guiltily, "The old Yingluo doesn't count, right?"

Xin Rong smiled, his fingers sliding across his face and gently lifting his chin. "Of course not. But Yingluo, if you want to cosplay in the future, you don't have to get me drunk on purpose. I'm happy to accompany you

"I'll be acting as Yingluo, right?"

Xin Rong laughed and looked at him. "I can do it too

Simon held his breath and became a little excited. "Shall we try Yingluo tonight?"

Xin Rong kicked him out and said, "you're dreaming?" It's a wind and rain!"

When Xin Rong arrived at the office, Lei Xi's desk was filled with a pile of work schedules and scripts that had just arrived.

It was so good to win an award. It was popular, and the pay rose.

Xin Rong looked at Lei Xi's expression and teased, "You look good today?"

Tracy glanced at her and teased, "You're a Queen again? I don't know if you remember how you looked when you were drunk last night."

Xin Rong,"hehe."

Don't say such an embarrassing thing!

How could he be such a cute girl?

"I'll take a look at the script first," she coughed lightly.

"You should take on the job too." Xin Rong said, in this line of work, you have to build good relationships everywhere. Otherwise, people will say that you don't give face.

"Then which one should I take?"

"Let's do the interview with Tang Xinxin first. With a good reputation and a high standard, ordinary people wouldn't be able to get on it even if they paid. If you don't go to other places, people won't dare to hate you. No matter how powerful they are, they can't be compared to Tang Xinxin."

"That's fine," She followed Simon and called Tang Xinxin 'sister' and

'cousin-in-law'. She had to give her face.

you can participate in the rest of your crew's activities when you have time. but now that you've won awards, I don't dare to invite you to ordinary events, "said Tracy. However, you have to go overseas to attend the film festival."

don't worry ∅ 'Xin Rong nodded. She was still waiting to go abroad and meet up with Anqi!

After winning the award, Xin Rong became extremely busy. There was news about her almost every day. Before she became famous, Simon had already prepared a public relations team for her to pay attention to all kinds of comments about her on the internet, then analyze and resolve them.

At this time, they sharply discovered that someone was fishing in troubled waters and was trying to harm Xin Rong.

It wasn't just Xin Rong. Many of the cast and crew of 'Rouge' had also suffered.

It's so obvious, it must be the crew of 'river's Lake'!

"Don't worry about them, just wait for them to court their own deaths!" Xin Rong said.

She had already created a dead end. Let's see if Muxia and the others can find it!

In the next two months, the main production teams of world of martial arts and Rouge practically fought against each other on the surface. One day, you would release dirt on me, and the other day, I would release dirt on you. Neither side would give in to the other.

He even brought up the failed marriage between Lei Xi and Mu Xia!

A reporter took a picture of Lei Xi eating alone with the Best Supporting Male lead from 'Rouge' and said that the Best Supporting Male lead was a mistress. Lei Xi had long been together with him and even divorced Muxia in the end.

Furious, she yelled in the office, "Does everyone in the circle know what he's like? You still dare to criticize me? Don't you believe I'll drop a big one?"

Xin Rong hurriedly consoled him, "he's deeply rooted in the industry. How can we be his opponent?" He had to calm down first. It's never too late for a gentleman to take revenge."

"If this goes on, you don't have to act anymore!" your career just started to

take off! she yelled..

Chapter 1470: Are we considered dating normally?

Now, Xin Rong's scandals were full of tricks-he used his mother's death to hype himself up, he used Emily's war to hype himself up, he was kept by an unknown person, he spoke arrogantly, he was arrogant, and there was a shady deal behind his awards.

Although many people said that Muxia couldn't afford to lose and was deliberately defaming Rouge's people. However, there were also people who felt that there was no smoke without fire. Xin Rong was definitely not a good person!

If this continued, she might be popular, but her reputation would be gone, and her fans would all leave. Who would still dare to work with her?

At the thought of this development, she could not help but cry.

Xin Rong jumped in fright. He was both touched and flustered.

This was the first time a girl had cried in front of her, and she didn't know how to comfort her.

"I'm not even crying, why are you crying?" she said after some thought.

I'm not in a hurry," she scolded. the eunuch is in a hurry. You asked for it, okay? "

"No, no, no. I know you're doing this for my own good. I'm very grateful." Xin Rong hurriedly consoled her. Didn't I tell you about Chen Mei and mifei last time? I have a plan." what plan? I ' Rex was stunned. what plan? '

"When they're full of disgraces, everyone will know that they're desperate. Then, we'll throw out the evidence and let them never have a chance to rise again!"

"What evidence?"

"You don't know?" Xin Rong was shocked and whispered, " those two bastards took a lot of videos and photos. I got someone to get them. We can release them at any time.

Tracy frowned, "what about the female star involved?" Some people didn't do it willingly. Some of them are already very famous. If the impact is too wide, I'm afraid it won't end well. At that time, it'll only be harmful to us."

"Don't worry, I'll make the arrangements,"

He was afraid that those people had a powerful backer. But no matter how powerful their backer was, could it be greater than Sheng nanxuan?

Only then did Tracy heave a sigh of relief and say faintly, " "I suddenly feel like

I'm a useless manager, Yingluo."

that's normal Ø 'Xin Rong laughed. if you're more useful than my man, why would I still want him? I'll just want you!' you-"Lacy jumped up and hit her.

The Queen immediately turned into a Palace maid and fled like a rat!

Xin Rong felt that Lei Xi was the real Queen. She even dared to hit me!

Both 'Rouge' and 'river's Lake' would be heading to Country M to attend the local film Festival.

Simon decided to go with Xin Rong. Xin Rong wanted to see Anqi, but he was afraid that Xin Rong would notice something, so he was a bit unhappy.

"What are you afraid of?" Simon was depressed when he saw her hesitation. Was it what those haters on the internet said? Can't you just announce that we're dating normally?"

He had always wanted to make it public, but she had disagreed!

He didn't tell her his specific identity, so he couldn't help but suspect that she wanted to kick him away and find another branch!

Hmph stupid woman, there's a greater backer than me in this world?

If there was, he would shoot them!

When Xin Rong heard this, he was puzzled."Is our Yingluo dating normally?"

Simon was stunned. He was so angry that he grabbed her waist, picked her up, and placed her on the table. He shook her shoulder hard."Don't you agree? Isn't that right?"

"Yingluo, are you crazy?" Xin Rong hurriedly pushed him away. No matter how much I think about it, it's not true! I've read a lot of romance novels, but none of them are like us."

"Then what do you mean?" Simon shouted, " you're not going to take responsibility after sleeping with me?!"

Xin Rong's eyes widened as he thought, "don't all women say this?" As expected, I'm the attacker!
