

## **Ditsy Wife 1471**

Chapter 1471: Announcing their relationship

“Say something!” Simon roared.

fine, fine, fine. I’ll go take a walk. Xin Rong was at his wit’s end. when you’re not stupid, why do you have a manic disorder? ‘

you-” Simon was furious. it’s all because of you! I’ve never been like this before! I don’t care anymore, this time I’m going to walk out with you hand in hand! If the reporters ask, I’ll tell them he’s your boyfriend!”

“Yingluo is up to you.” Xin Rong didn’t care.

So what if it was announced?

If you don’t like it, you can still share it! You can even get a divorce after getting married

When Simon heard her relent, he snickered in his heart, feeling that he had gained a great advantage! If he knew that she was actually thinking like this, he would probably die!

On the day of the trip to the United States, Simon swaggered next to Xin Rong.

The reporters squatted at the airport, trying to stop the crew and ask if they were confident of winning an award in country M. In the end, Simon and Xin Rong appeared hand in hand. How could they remember that? they all squeezed over.

Seeing a large group of people rush over, Xi Meng hurriedly reached out to grab Xin Rong’s shoulder, afraid that she would be knocked down.

“Xin Rong, can you introduce us?” the reporter asked excitedly.

“No,” Xin Rong said with a smile.

Ah? The reporter was dumbfounded-why don't you play your cards according to common sense?

Simon was also stunned and looked at her with a depressed expression.

“You guys are so funny!” Xin Rong laughed.

Reporter: “Yingluo, is there anyone like you?” This was too much! Believe it or not, we'll hack you!

“My boyfriend, Mr. Dan.” Xin Rong tugged at Simon and said, ‘i everyone, please take good care of me.

uh uh oh! the reporters didn't dare to advise him. She suddenly forgot what she wanted to ask.

Simon held Xin Rong's hand with a smile and said heroically, I ‘ “Don't worry, everyone. I will take good care of Xin Rong! i

Xin Rong glanced at him and said to everyone, ‘ “I'm sorry, everyone. I have to board the plane now. I'll be accepting your interview another day.” She walked forward and tugged at Simon, who was in a daze.

Simon staggered and hurriedly followed.

The reporters chased after the two of them and took a few more photos.

Simon was very tall, and he put his arm around Xin Rong's shoulder, making the tall Xin Rong look like a little bird. The two of them looked so compatible no matter how she looked at them-even their backs

were so compatible! When the reporters were done taking pictures, they turned around to interview the others, only to find that everyone had already run away!

Ha! So Xin Rong was just a smokescreen!

However, news as big as Xin Rong's public announcement of his relationship was more important than anything else!

Xin Rong saw that there were no reporters behind him and shook off Simon's hand on his shoulder.

"You're despising me!" Simon was furious.

"I think you're too heavy!" Xin Rong glared at him and rubbed his shoulders.

Simon hurriedly grabbed her shoulders with both hands and pretended to give her a massage. "I'll give you a massage ..."

"Let's talk in the waiting room." Xin Rong said lazily.

Simon hurriedly nodded and entered the waiting room to fulfill his duty as Xiao-Yan-Zi.

Xin Rong squinted his eyes in enjoyment and pointed at the shoulder that he was pressing on. "This side is enough."

Simon immediately retracted his other hand.

The director took a glance and was filled with emotion. Everyone outside was saying that Xin Rong was a kept woman, but in his opinion, it was clearly this important figure of extraordinary origin who was a kept woman.

It had to be said that Xin Rong was an extraordinary woman-how could an ordinary woman have this ability?

Tracy was working on her phone while sitting at the side. Xin Rong had wanted to bring Simon along, but he hadn't informed her in advance. She had only just found out, so she was busy communicating with the company's public relations department..

Chapter 1472: Are my fans satisfied with you?

At this moment, the interview had already been posted online by the reporters.

No one had time to predict how the fans and passersby would react. They could only keep an eye on it. Moreover, there was a black stone on the other side that was ready to strike.

Lei Xi frowned and glared at Xin Rong. "Take a look at what's going on online! I won't care about you if you mess around again in the future!"

Simon looked at her with dissatisfaction and said, "I'll take responsibility if anything happens." You're just an agent, why do you care so much?"

The others were shocked and quickly moved their chairs to the side, away from the war zone.

Lei Xi choked and didn't dare to refute Simon. She looked at Xin Rong.

"Shut up," Xin Rong said, glaring at Simon.

Simon gritted his teeth and increased the strength of his hand.

ah! Xin Rong cried out in pain. He dodged his hand and kicked him under the table.

He turned around and took out his phone.

Lei Xi didn't expect the two of them to "quarrel." She was a little embarrassed and whispered to Xin Rong, "How about I don't accompany you? I don't have to worry about anything with your boyfriend around."

Hearing this, Simon's mood became much better.

"If anything happens, I'll stay in the country and watch," she continued.

Xin Rong said, "the plane tickets have already been booked. How can we not go?" It wasn't a big deal, so there was no need to worry. I've just received such a prestigious award, would the company still try to sabotage me at this time? I've arranged for someone to keep an eye on it, " Simon said. don't worry.

"Look!" Xin Rong laughed. My boyfriend is so thoughtful!" Tracy rolled her eyes and ignored her.

Simon happily hugged Xin Rong and kissed her on the cheek.

Xin Rong looked at the phone in his hand. "How is it? Are my fans satisfied with you?"

"If you're not satisfied, you'll have to share it with me?" Simon was speechless.

"If they're not satisfied, I'll expel them from the fan list! How can you be my fan if you don't agree with my vision?"

Simon grinned happily, hugged her and kissed her again, saying, " "Your fans are quite satisfied with me."

"Oh, really? Let me see." Xin Rong extended his hand.

“I don’t think I should?” Simon avoided her and pretended to put away his phone.

How could Xin Rong let him have his way? he immediately took out his phone!

Simon was stunned for a moment and looked at the phone in his hand. He didn’t know whether to put it away or take it out. He felt very depressed. Can’t you just pounce on me and snatch it? I want you to pounce on me! I want you to throw yourself into my arms!

Xin Rong browsed through the comments on the website. Almost everyone was screaming.

[ [licking, licking, licking, licking, licking, that’s enough for me to lick for a

[Oh my God, she has long legs! The knife-like facial lines were as perfect as a plaster statue! oh, oh, oh forgive me for not knowing how to speak! [I just want to say, goddess, I want to fight with you for my male God!]

Hehe, Xin rongxiang thought, if she was my fan, I would have fired her immediately! What kind of fan would snatch a man from their idol?

[how can there be such a handsome man in this world?] Just like a noble!

[the Half-Blood Prince, oh) 01-14

[our Queen’s taste is really amazing!] [my queen, I’ll give you 32 likes!]

[what’s the name of the Queen’s husband? Male escort?]

Simon spat, “you’re the gigolo!” Your whole family is a gigolo!

[what's a gigolo? He was called Wang Fu! However, I agree with the Queen raising more male companions.. The Queen is so beautiful, so you must not treat yourself badly

Chapter 1473: Those eyes were as gentle as water

The Queen nodded in satisfaction, "not bad, not bad. This is my fan." Bengong will consider the matter of a gigolo

Simon thought, hehe, gigolo? If one came, he would be chopped into pieces, and if one came, he would be stomped into paste! Let's see who dares to fight for my favor-ah pui! What fight for favor? He was snatching his wife! [oh, oh, oh Lord husband!] Mr. Wang Fu is so handsome

[ did you guys notice that Mr. Wang is super domineering when he's alone?

he's like The Godfather of the underworld. But beside the Queen, he had become a victim. ]

[ hahaha, Yingluo is in the wrong! ] That's why I said that the Queen is awesome! [ however, the reason why the Queen's husband is willing to accept it in front of the Queen is because of love! ]

[facepalm the way my husband is looking at the Queen is about to melt!] My heart was pounding and my body was bubbling with pink bubbles! Also, I think the Queen must be a little lamb in private. [everyone, look at the back photo. The Queen is so cute and lovely!] Xin Rong,"is Yueyue bullying me for being short?"

However, what was with the melting gaze?

Xin Rong clicked on one of the news photos. It was a very well-taken photo. She was squeezed into the crowd and Simon stood behind her. His eyes were lowered as he looked at her. He was carefully protecting her with his hands.

His eyes were as gentle as water, and her heart began to race.

Did he usually look at her like this?

Xin Rong raised his head and was startled by his focused gaze.

Her eyes were even gentler than in the photo.

Simon turned his head away as if nothing had happened and put his phone in his pocket. "We can board the plane now, let's go."

Xin Rong looked at him and slowly stood up. He raised his head and kissed him on the cheek.

Simon was stunned and turned to look at her.

Beside them, Tracy facepalmed and said, 'that's enough! Hurry up and board the plane!'"

Xin Rong looked at Simon with a smile and reached out to hold his arm. I suddenly realized that you're so handsome

Simon's face turned red, and he pulled out his hand to hug her. He was so excited that he was screaming in his heart.

At the Hollywood Film Festival, the members of the 'Rouge' production team were invited to watch many films and also attended many gatherings of the filmmakers.

Xin Rong always brought Simon with him to attend the event-he had no choice but to bring him, as this person had to shamelessly follow him.

Lu Jia had some connections here, and the entire crew got to know many people through him.

Xin Rong saw Anqi and Hu Kecheng walking over from afar and revealed a meaningful smile.

Beside them, Lu Jia's producer friend said, "the stunner opposite us is called

Anqi. She just entered the entertainment industry two years ago and is now an influential figure in Hollywood.

To put it nicely, he was an influential figure, but in fact, he was the Queen of topics.

No one knew where she came from, but she was rich, rich, rich (important things have to be repeated three times). Her manager, assistant, makeup artist, and bodyguards were all handsome men!

Just because she was rich, she was quite arrogant, making everyone love and hate her.

The producer saw Anqi approaching and reminded Lu Jia, "Rich man! I'm not lacking in money!"

Lu Jia immediately understood that she could invest in it. However, his stage was in China, so he probably didn't need it.

Hi! the producer knew Anqi and immediately greeted her.

Angel walked over with a glass of wine. Hello! This place is really full of gentlemen and beautiful women!

"The pretty girls you mentioned, does that include you?" the producer laughed.

"Naturally!" Anqi raised her chin and extended her hand to Xin Rong. Anqi..

Chapter 1474: I think she's dangerous

"Xin Rong," Xin Rong smiled and scratched her palm.

Angel's little heart was thumping, "OWW OWW boss is teasing me!"

Anqi then got to know Lu Jia and Simon before turning to Xin watched the movie you acted in. You acted really well."

"It's all the director's credit." Xin Rong pointed at Lu Jia.

director Lu, you're amazing," Anqi quickly said to Lu Jia. it's a pity that I'm not Chinese. I don't know when I'll have the chance to work with you. Will you come to Hollywood to develop your career?

uh, Yingluo might. I hope we have a chance to work together.

Lu Jia had never thought of coming to Hollywood, because the film industry in China was better, and he was not interested in it. But in front of the other party, he naturally had to give face.

Anqi smiled happily and said to Xin Rong, I have something to ask you about acting. Can we talk in private? '

"Okay." Xin Rong shrugged his shoulders.

Rongrong ... Simon was-little worried and looked at Angel warily.

Anqi put on an innocent face and turned to Hu Kecheng. 'Give me another cocktail."

“What’s the matter?” Xin Rong looked at Simon, puzzled.

she’s scared. Simon felt that there was something wrong with Angel. This was an intuition that he had trained since he was young. This person was definitely not as simple as he looked.

“Who can still bully me?” Xin Rong said with a smile.

Simon sighed and let go of her. then be careful. Call me if you need anything.

Even if there was something wrong with Anqi, she wouldn’t do anything in this situation, right?

Xin Rong nodded and went to the side with Anqi.

“That one in your family is really protective of his children!” Angel laughed.

“Do you know who he is?” Xin Rong glanced at her.

“How can I not know?” Angel’s eyes widened and she secretly gave her a thumbs up. well done!

Xin Rong suddenly felt a gaze on her. “Someone’s looking at me from behind.”

When Angie heard this, she flicked her long, curly hair flirtatiously. She turned her head and was slightly stunned for a moment, then revealed a charming smile.

Xin Rong turned around and saw a woman with a high nose bridge and curly black hair standing in the middle of a few men. The woman had a curvaceous body, fiery red lips, and a soul-stirring charm that was no less than Angel’s.

“Sophie morning.” Anqi said, before I came, she was the sexiest woman in Hollywood. She’s covered in thorns and Poisonous Roses, always making things difficult for me. ‘

“I can feel it.” Xin Rong turned around. but why is she looking at me? Are you interested in him?”

“Don’t scare me!” Angel shuddered.

Xin Rong chuckled and swirled the red wine in his glass.

This Sophie monin gave him an uncomfortable feeling. He hoped that it was just a simple woman’s fight.

He returned to Simon and saw that he was also looking at Sophie monin. “I’ve only been gone for a while. Who are you looking at?” she pinched him unhappily.

I think she’s very dangerous, ” Simon said, feeling very tired. I’m afraid you’ll be in trouble.

“Hehe, Yingluo is such a beautiful and sexy woman, yet you still think she’s dangerous. Or rather, is this your instinct to hunt for women?”

Yingluo was not what she thought.

Forget it, maybe these women were too bright? In other words, it was really the self-awareness of a Hunter. Cough, cough.

The next day, Anqi went to the hotel to look for Xin Rong. The two of them “regretted not meeting each other” and became good friends after some time!

Lu Jia and his producer friend quietly exchanged information about the two and couldn’t help but sigh.. Birds of a Feather really flock together!

Chapter 1475: What’s so special about it?

The insolent Xin Rong had attracted the attention of the Chinese entertainment industry, while the insolent Angie had messed up Hollywood. With two insolent people gathered together, wouldn't the world be turned upside down?

There was an award ceremony on the closing day of the film festival.

Xin Rong was dressed up today. She was wearing a nude lace gown that perfectly outlined her figure.

Her long black hair was neatly combed to one side of her shoulder and hung down from her chest to her waist, showing the unique beauty of an Eastern woman.

She was like a noble Princess today.

Angel, on the other hand, was wearing a long red dress. She had blonde hair, blue eyes, and fiery red lips. She was more powerful than Sophie morning.

The black dress that Sophie monin was wearing was equally sexy. But seeing her so flamboyant, he was so angry that his nose almost twisted.

Angel puffed out her chest in front of Sophie mo ning and walked over to Xin Rong to take a photo with him.

When Xin Rong posted the photo of the two of them on Weibo, the fans were both surprised and happy. This was because Xin Rong also had many fans of Anqi.

[ Oh my God! [ I heard that the Queen and the goddess met, but I didn't believe it! ]

[ I support Xin Qi! ]

[the Queen's 10000 -year attack was a novelty back then!]

[it's not bad to be at ease

Anqi also posted on Weibo, but her comments were a little more discordant because Anqi had more anti-fans.

[hehe, a certain someone is being wild again!]

[copying my Sophie's clothes again!]

[who's that little b \* tch next to her?!] [you actually dare to get so close to my goddess!]

[hey you guys actually have an affair!]

Sophie monin stood in the distance, looking at the two men in confusion.

Angel would not be so intimate with others for no reason. She used to be a mercenary. Although her life was not as dangerous as that of a killer, she was still wary of the world.

What was so special about this Xin Rong?

Sophie monin furrowed her brows. After the award ceremony, she returned to her residence and made a phone call. that Angie of Queen's is a little strange.

She's especially close to a female star from China.

The person on the other end said, "I'll tell BOSS." However, the BOSS might not care about this."

"I understand," Sophie Monin sighed.

King's only concern was Queen.

Xin Rong returned to the hotel and was questioned by Simon. "I've never seen you so close to anyone before. Is there anything different about Anqi?"

"Why are you so concerned about her?" Xin Rongyuan shot him a glance.

Simon almost vomited blood. "I'm just concerned about you! I told you, there's something wrong with her, why didn't you be more careful?"

"How should I be careful?" Xin Rong was unhappy. "I'm just a small-time actress. How big of a problem can I encounter? Besides, don't I have you? You can't protect me?"

Simon didn't know what expression he should have.

It was a good thing that she trusted him, but in his world, there were some dangers that a small-time actress like her could not imagine!

It would be fine if Anqi was really a small-time actress, but what if she had some other background?

Simon thought for a moment and decided to investigate. He would not take his woman's life as a game!

After he returned to the country, he quickly found out that Angie, her manager, assistant, makeup artist, and bodyguards were all mercenaries! Of course, there was also a leader-Queen!

Why would a group of mercenaries go into the entertainment industry for no reason? Could it be for a mission?

However, Anqi had been in the entertainment industry for two years, and this mission had been on for too long.

Could it be that they didn't want to fight anymore because Queen was dead, so they chose this new life?

Chapter 1476: Inseparable in the future

In any case, he was slightly relieved to know that the other party was a mercenary.

Both killers and mercenaries were employed by others, but the killers' mission was to take lives, while the mercenaries' mission was to save.

In short, if a person wanted to hire a killer, they would definitely find a killer, not a mercenary. The mercenaries had never killed anyone in their business, so they probably wouldn't harm Xin Rong.

In June, Anqi came to China in a high-profile manner and said that she wanted to invest in a movie, which immediately attracted the attention of people in the industry!

The two movies she had invested in Hollywood had both made losses, but she wasn't sad at all. She just felt that that place wasn't suitable for her and planned to fight again in another place!

Everyone had already understood that Angie was not short of money and was very willful! Even commander Zeng wasn't so willful when he met Tian Cheng!

She was actually just messing around. It was too troublesome to have too much money.

Everyone didn't mind helping her spend her money, so they all tried to find out more.

She was the most familiar with Xin Rong, so she naturally contacted the various parties through him.

First, she invited Tian Cheng to be the screenwriter.

Zeng Shuai had always been in charge of investing in Tian Cheng's drama, and she had long wanted to try working with others. However, no one in China dared to compete with Zeng Shuai, and foreign investors were a good choice.

But even so, commander CEng would naturally help if he could.

Hence, everyone got excited!

Tian Cheng's drama was a guarantee of quality! If he didn't fight for it now, when would he?

The first to be tempted were the directors. Many of them looked for Tian Cheng's manager or CEng Shuai's Secretary to recommend themselves.

Anqi is the investor this time," the two said. she has the final say on which director we're going to work with!

Anqi was in contact with all the famous directors in China.

At first, Mu Xia was disdainful. He looked down on Zeng Shuai's mannerism for Tian Cheng. Although Tian Cheng's scripts were successful every time, he despised Zeng Shuai for being so unmanly.

However, with Tian Cheng as the scriptwriter, he was still very tempted.

Later, he heard that Lu Jia had contact with Anqi in country M and Anqi had first looked for Lu Jia, which made him even more tempted!

No matter what, he had to snatch this opportunity from Lu Jia's hands!

He also called Su Yi Sheng, Yu Lin, Chen Mei, and others to attend the audition.

Anqi had deliberately created such a big scene so that she could openly cooperate with Xin Rong! They used to be a team, and in the future, they would be inseparable. Now, it was time to create an opportunity for them to become closer, so that they wouldn't appear too abrupt in the eyes of outsiders.

Everything was done for Xin Rong's sake, so he had the final say.

As for the director, Anqi had asked Hu Kecheng, the manager, to negotiate with him. She had already decided in her heart that Lu Jia would be the one to do it, and the others would just be accompanying the Crown Prince!

However, no one knew that. Thus, Mu Xia was very unhappy that he had lost to Lu Jia again.

Then, they began to audition for the actors.

Xin Rong was the female lead, so it was passed easily. Yu Lin also went to compete for the female lead role and was scolded by Anqi as useless!

Su Yisheng was competing for the male lead, but he lost to a third-rate artiste who had been tepid for more than a decade in Lei Xi's hands. He was so angry that he laughed.

As a result) Mu Xia and Su Yi Sheng's hearts were filled with anger.

Previously, they had defamed the entire production team of 'Rouge, and now they were planning to defame the new production team that Angie had set up!

Angel was such a rich young woman.. Who knew how many men she had behind her? anyway, no matter how disgusting and evil she was, he would let her know what it meant to be 'i a strong Dragon can not suppress a local snake

Chapter 1477: fourteen is dying

Xin Rong saw that they were moving again and didn't hesitate.

The last time he let them go, he was afraid that 'Rouge' would be criticized, but this time, he didn't have to be afraid!

And so, in a single night, the videos and photos of su Yisheng and Mu Xia's e-mails spread all over the internet, shocking the entertainment industry both domestically and abroad!

Su Yi Sheng and Mu Xia were dumbfounded. Yu Lin and Chen Mei had also revealed their faces in those photos and were on the verge of a mental breakdown.

They wanted to ask for help, but who would help them? Their careers in this lifetime would come to an end, and they would no longer have a place in the entertainment industry.

In the middle of the gravestone, a name was engraved in cursive font-Judy. Below it was a neat row of Arabic numbers, which wrote the date of her birth and death.

King stood in front of the tombstone. No one dared to disturb him and his sweetheart.

A subordinate quietly walked to a spot not far behind him, his expression anxious. He had something to report, but he did not dare to disturb him.

"What's the matter?" King asked unhappily.

The subordinate immediately walked over and whispered, "Xuanyuan fourteen is dying."

King's eyebrows twitched. He looked at the name on the tombstone and asked, "Where's Silver Wolf and the others?"

"In China. MO ning had previously reported that Anqi had special feelings for a Chinese actress, and they had hit it off at first sight. Anqi has brought the other four to China to film with that actor."

"Oh?" King raised an eyebrow, deep in thought. that's strange.

The subordinate knew that he had his own judgment and did not interrupt.

alright, go and get ready. We're going to see that Lion!

'Yes.'" The subordinate retreated first.

King looked at Judy's tombstone and smiled. "You see, in the end, I'm the only one who remembers you every day. The few companions you protected with your life, in the blink of an eye, went to play with others. They might not even bother to collect fourteen's corpse."

China.

Xin Rong lay in the bathtub, his body covered in bubbles.

Simon came in with a plate of grapes and asked with a smile, "My queen, do you want it?"

Xin Rong turned his head and hooked his finger at him. "Good girl, feed it to my mouth."

Simon gritted his teeth in his heart, 'this little fairy! What do you take me for?

However, he still ran over and picked up a grape to feed her. Just then, Xin Rong's phone rang.

She picked up the phone and heard Angel's anxious voice, " "Fourteen can't take it anymore!"

Xin Rong sat up abruptly and bumped into Simon's hand, causing the grape in his hand to fall into the bathtub.

OWW-" Simon reached out to grab it, but she slapped it away.

"I was going to pick up something!" Simon couldn't help but argue. He was not taking advantage of her.

Xin Rong ignored him. He stood up, wrapped himself in a towel, and stepped out of the bathtub.

"What's the matter?" Simon asked anxiously.

Xin Rong quickly walked out of the bathroom and whispered into his phone,

"I'm going to see it."

"Yes." Angel agreed.

Xin Rong hung up the phone, feeling a little sad.

She should have gone to see its Kasaya.

"Rongrong!" Simon walked over. what's the matter? What happened?"

"I'm fine." Xin Rong looked up with a calm expression. there's an emergency on set. I have to go find Anqi.

Simon was stunned. Why was the crew in such a hurry? It was the first time he had seen her with such an expression.

Xin Rong returned to his bedroom to change. When he came out, Simon hugged him.

Simon kissed her hard and said seriously, "If you need me, remember to tell me,"

Xin Rong smiled and lifted his chin.. don't worry! I won't be polite with you!

Chapter 1478: It's not a bad idea to let him know

Seeing her like this, Simon heaved a sigh of relief. It was probably not a serious matter.

"Do we really have to go now?" he coughed. If it wasn't serious, then tomorrow. But now, there was hehehe!

Xin Rong rolled his eyes at him.

He knew that there was no room for discussion, so he put on a serious face and said, "I'll send you off!"

"Don't bother, help me eat the grapes." Xin Rong turned and left.

Anqi lived in the Huan mo building. When Xin Rong entered her room, the other four were also there.

"Can I book a plane ticket for tomorrow?" Angel asked.

“Alright!” Xin Rong nodded. but I can’t explain it to Simon.

“Why should I explain to him?” Ares was a little displeased.

“Don’t forget his identity,” Xin Rong said helplessly. He wasn’t stupid. The last time he went to Country M, he already felt that Anqi was wrong. He didn’t know if he had investigated it after that. Furthermore, with my current status, it’s unlikely that I’ll go with you alone!”

What did that mean? In her heart, Simon was more important than them?

“Then you’re not going to care about fourteen anymore?” Angel was also jealous.

“Of course we have to take care of Wanwan.” Xin Rong felt a headache coming on.

“Aren’t you going to Emilia to express your condolences?” Lin shifei asked, why don’t we use this reason?

Recently, October revealed on his personal page that the Doctors Without

Borders had been attacked by local armed forces and many medical staff had

When Xin Rong saw this, he decided to go there.

She was from Emilia, and now that Emilia was in deep trouble, if she did not say anything, she would inevitably be criticized.

However, because her schedule was full, she had not decided on a time yet.

After hearing Lin shifei’s words, she shook her head, “ I’ve decided to go at the last minute. I can’t convince him, and I don’t want to use Emilia!

The five of them paused and didn't say anything.

After a while, Xin Rong's phone rang.

It was Simon.

She picked up the phone, and Simon asked, "when are you coming back?" I'll go pick you up."

we might be discussing this until very late. I'm planning to stay here and go to the set directly tomorrow.

"Alright," Simon replied after a moment of silence

Xin Rong could tell that he was unhappy.

She hung up the phone and said to Anqi and the rest, I ' "Okay, we'll leave tomorrow. I'll let Lacy know and get her to cover for us. It should buy us some time. When he finds out that I'm not in the country, we should have met fourteen. As for Yingluo, I'll act according to the situation. It's not impossible to let him know my true identity."

Africa.

No. ICs health was getting worse and worse. The staff did not dare to let him go to the wild again and kept him in an artificial breeding ground.

The artificial breeding ground was used to take care of old, sick, or injured wild animals. It was equivalent to a Zoo and was quite spacious. However, compared to the boundless grasslands, this was a cage.

No. 14 was already at the end of his life. He didn't even have a place as big as a Zoo. The zookeepers had locked him up in an iron cage that was a few square meters in size.

King walked out of the iron cage and saw it lying on the ground motionless.

He said to the breeder, "Open it,"

"Sir," the breeder said with difficulty. Even though it's old, it's still a Lion and very dangerous."

"It's fine." King said.

The breeder hesitated for a moment, but still opened the cage.

The lion looked into the distance, not caring about the movement behind it.

King walked in and slowly approached it.

When it saw him, it slowly stood up and showed a guarded expression. Its claws gripped the ground, ready to pounce at him at any moment..

Chapter 1479: Pay attention to their movements

King smiled and unbuttoned his shirt.

The lion saw his actions and became even more vigilant, its whole body ready to attack.

The people outside the cage tensed up. King's Men took out their guns and loaded them.

King's collar wasn't buttoned to begin with. He unbuttoned one button and pulled his collar open-on his neck, there were a few marks that were lighter than his skin color. They seemed to be claw marks from beasts.

He said to fourteen, "you caught this, remember?" You are very loyal to your master, but are you waiting for your master? Don't wait anymore, she's never coming back." roar! the lion pounced over in anger.

The men outside the cage raised their guns and King shouted) " "Stop!"

Everyone paused and hesitated for a moment. In the end, they didn't dare to shoot.

King dodged to the side and fourteen slammed into the cage. He fell to the ground and couldn't get up for a long time.

King raised his hand and saw that his sleeve had been torn. He couldn't help but laugh."It really is a Lion!"

No. 14 turned his head away, no longer interested in him. It slowly lay on the ground and looked out of the cage, as if waiting for something.

King's heart sank. He turned around and walked out of the cage.

An animal would always be an animal! It would never understand that a dead person would not be able to wait for her appearance!

"Sir." The breeder told him, " we just received news that Miss Judy's friend will be here soon.

They had accepted King's benefits behind Angel's back and reported No. ICs current situation to him. They could not let Angel and the others know about

Therefore, these two parties must not meet.

"I know." King was a little unhappy and said to his men, "leave some people here to keep an eye on Anqi and the rest. Report to me at any time."

He really hoped that Angel and her group of people would be more heartless and stop meddling in Judy's Affairs. Then, he would be able to do something for her.

After Xin Rong got off the plane, he gave Lei Xi a call. dan Yan just came to see you," said Tracy, still in shock. he almost smashed my office! 000

Xin Rong paused. He couldn't imagine how angry Simon would be. "Where is he?" she asked.

"How would I know?"

Xin Rong consoled her and hung up the phone. He said to Anqi and the rest,

"Let's go,"

"Dan Yan is here?" Angel asked.

"I don't know!" Xin Rong got into the SUV and suddenly asked, "where's my

"Uh, hehe." The five people paused and swallowed their saliva. "They're going to be buried with him," Angel said in a low voice.

Xin Rong,"hehe."

"Why don't we dig it out?" Angel said, "that's a good whip!"

The previous Kings signature weapon had also been with Judy and had been stained with the blood of countless people.

Xin Rong thought, if I dig it out, won't I have to touch my ashes?

She shuddered for some reason and hurriedly said, "Forget it. Although this body is just a secondary body, it's still my previous body, so I don't want to disturb you."

Angel quickly nodded. yes, yes, yes. Boss Wanwan's body saved us many times!

"Wuwuwuwuwu, can you stop?" She did not want to discuss this at all!

Xin Rong and the others walked to the iron cage of No. 14. The breeder opened the door and left.

There were only six of them left beside fourteen. However, he didn't know if Shisi would be able to recognize Xin Rong.

"14?" Angel opened the door and walked in.

Fourteen turned around, got up slowly, and staggered over..

Chapter 1480: Unless she is Judy!

Angel's eyes welled up with tears and she knelt on the ground to welcome it. "You're not going to bite me?"

No. 14 lowered his head and rubbed against her body, then looked up at the others. When he saw Xin Rong, he bared his teeth and released his anger.

Xin Rong pursed his lips as tears rolled down his face."14 Pixiu"

Fourteen bared its teeth again. It was obvious that it did not like strangers to disturb its gathering with its old friends.

Xin Rong squatted down and extended his hand. "I'm Judy. Do you recognize

Shi si stared at her crying face and was somewhat puzzled. It couldn't understand what she was saying, but it could feel that she wasn't in danger. Yingying even felt a sense of familiarity.

No. 14 suddenly raised his head and roared. He turned around and rushed out of the cage. He stood on the empty ground in front of him and roared into the distance.

"Fourteen!" Everyone was shocked and hurriedly chased after him.

No. 14 barked for a few minutes before he slowly stopped and lay on the ground.

Everyone slowly approached it and saw it panting. Its eyelids were droopy, but it kept trying to open them.

"14 crickets." Xin Rong walked to its side, sat on the ground, and stretched out his hand, slowly touching its head.

It moved and raised its eyes to look at her. Its eyes were cloudy, and it probably couldn't recognize her.

It slowly closed its eyes and stopped breathing.

Xin Rong burst into tears and hugged it. "Fourteen

“Judy!” Angel saw that the caretaker had arrived and quickly tried to persuade her. don’t cry.

King hadn’t left yet. He had arrived at the city closest to No. 14. As soon as he checked into the hotel, his subordinate came to report, neo and Wolf King sent six people. Other than their own five, there’s also the Chinese actress.

King was stunned for a moment before his expression changed. “What’s the background of that actress? What right do you have to send off that Lion?” The subordinate kept quiet out of fear, not daring to speak.

“He’s really special!” “Investigate!” He laughed coldly and suddenly became furious.

What right did he have to send Xuanyuan fourteenth off? Unless she was Judy!

But was that possible?

Xin Rong carried fourteen’s ashes in the off-road vehicle. “Do you want to bury it next to your master?” Angel asked.

“Its world is the grassland.”

Xin Rong opened the window and stretched the box out. He opened the lid, and the ashes flew back with the wind.

Not long after, the entire pile of ashes was carried away by the wind.

Xin Rong threw away the bone ash box and closed the window. There was still a layer of dust on his hands.

Everyone looked at her and did not say anything.

“I don’t know where little Shisi is. I hope he can see it.” Xin Rong shook his hand.

In the past, little fourteen had been raised by humans, but he had been caught in the wild. It was only because he had feelings for Xin Rong that he had followed him. However, little fourteen did not have such a deep bond with humans and had been wild since young. If Xin Rong had not wanted to see him in the past, he would have been released into the grasslands.

With fourteen dead, Xin Rong suddenly felt that he had nothing to worry about and asked the zookeeper to let it go.

She had completely abandoned it. It walked towards the grassland and never looked back.

With this, Xin Rong had resolved one of his worries and didn’t need to worry about the lion in the future.

She closed her eyes, and the car drove on the vast grassland. The sound of the plane rumbling came from the sky-this was not surprising, as many tourists would take the plane to enjoy the scenery of the grassland.

After a while, Angel looked up at airplane and asked, “Don’t you guys think that this plane is following us?”

“It’s following the path, right?” Wen Qianyi said..
