

Ditsy Wife 1481

Chapter 1481: Simon, save me

Xin Rong hadn't slept well these past few days and was feeling drowsy. When she heard their voices, she thought to herself, "This body was really too weak. If it was in the past ...

She suddenly stopped and opened her eyes.

Although his physical fitness wasn't as good as before, some feelings still remained.

She rolled down the window and looked up at the small plane in the sky.

"Is there a problem?" Lin shifei asked.

"What do you guys think?" Xin Rong asked.

Lin shifei smiled bitterly. I didn't bring anything today. I might die Here.

Xin Rong knocked on the window and said indifferently, "Don't think too much."

After passing through a fork in the road, the plane made a turn and chose a different direction from them.

Wen Qianyi heaved a sigh of relief, "I knew it. How could there be so much danger?" You guys just want to see the world in chaos!"

"Ha!" Lin shifei snorted coldly. 'Is he doubting my judgment?'

pfft-” Angel gloated, ” Qianyi, you actually dare to refute neo. Do you want to be single for the rest of your life?!

Everyone was speechless, but in their hearts, they were silently praising Angel!

Lin shifei glared at Anqi and Anqi quickly hid behind Xin Rong.

Xin Rong smiled and hugged Anqi to his chest.

They went straight to the airport. The plane ticket was for tomorrow morning, and they would be staying in the hotel next door for the night.

After Xin Rong entered the room, he first charged his phone. The last time it was charged was in China, but it had automatically shut down yesterday.

He received a text message from Simon after he turned it on.

Simon said, “if you have the ability, don’t ever answer the phone!”

Xin Rong,”shua shua shua.”

She didn’t do it on purpose.

However, one could imagine how flustered and exasperated he was.

Xin Rong gulped guiltily. At that moment, his phone rang. The caller ID showed that it was Simon!

She jumped in shock and threw her phone on the bed.

The phone continued to ring. She exhaled and said to herself, "What was there to be afraid of? You're the Queen! Why should he be afraid of him?"

She reached out her hand and the doorbell suddenly rang.

Xin Rong was afraid that Simon would get impatient, so he picked up the phone first.

It was obvious how much this person missed her as soon as she turned on her phone.

She was overjoyed at the thought of this, but then she heard Simon's sneer. "Hehe!"

Yingluo actually dared to tease her?

Xin Rong heard the doorbell ring and temporarily pulled out the charging cable—he estimated that the newly charged battery would last for a while. If you can't hold on, cough, cough, we'll fight later! "My phone ran out of battery earlier." She said.

"And now?" Simon gritted his teeth.

"There's no electricity either! if it breaks, it's definitely not my fault ... Xin Rong opened the door and saw King standing outside. He took a deep breath.

"Hi, Judy." King looked at her with a burning gaze and smiled evilly.

Xin Rong's eyes widened. He knew!

There was no need to ask how he knew. Since Sheng nanxuan could find out, it was even more likely that he, the person who had facilitated her i ' rebirth could find out!

She immediately closed the door but King kicked it open. She fell to the ground from the impact.

The phone flew out and Xin Rong shouted, "Simon, save me!"

King walked in and smacked her on the neck.

She wanted to hold on for two seconds and call for Anqi and the others next door. But this body did not give her such hope, and she fainted in an instant.

King scooped her into his arms and picked up the phone beside him. When he saw that the phone was turned off, he thought that her cry for help had not reached her. He sneered and threw it aside, then carried her out of the room. As soon as he entered the elevator, the door of the room next to him opened..

Chapter 1482: If you were any slower, you'd be a father

Anqi walked out in a bathrobe and glanced at Xin Rong's door.

The door was closed, and there seemed to be nothing unusual.

However, when she was taking a bath, she seemed to have heard Xin Rong's cry for help.

I hope it's an auditory hallucination.

Angel raised her hand and knocked on the door.

King gritted his teeth and sneered. "You're quite smart to have found a good backer."

Xin Rong closed his eyes and ignored him. If he was willing to suppress it, then so be it.

King lifted her chin and forced her to open her eyes.

“Is he as reliable as I am?” he asked angrily, staring at her.

Xin Rong paused. I don't feel comfortable with you on top of me.

King stared at her and she met his gaze calmly.

After a while, he let go of her and smiled ambiguously.

“I'll make you comfortable.”

Xin Rong, [sob sob sob] , I like the two-sided love.

“I can't wait for your wishful thinking, so why not force

it? At least I can have you.”

“Ahem, ahem, ahem, this is the shadow Castle? You also know that I've found a big backer. Aren't you afraid that he'll blow this place up?”

“He would dare!” he might not be able to do it,
“King said with a stern voice. He paused and laughed.

“If he doesn't, what about night God? Also, you weren't the one who defeated the previous BOSS. If he knows that you've ruined an Ying, he'll definitely be the first one to come back and deal with you.”

King's eyes narrowed and he laughed evilly. "He's back just in time! I've been waiting to beat him down!"

"Can you get up and let's talk properly?" Xin Rong said helplessly.

"We can't!" King reached out and pulled her shirt.

With a ripping sound, Xin Rong's upper body was exposed to the air.

"I only have this one piece of clothing!" Xin Rong was furious.

"I'll buy it for you." King said gently.

"Is there any meaning to this?" Xin Rong sighed. Do you think I'm the kind of person who would treat someone as his life on the day he slept with me? In my heart, Simon is just a long-term bed partner. If I'm unhappy one day, I'll find a better-looking young hunk!"

King paused and looked up at her. "Change it? Then why don't you switch to me? I can also be your long-term bed partner. You've been kidnapped by me for so long, but he still hasn't come to save you. I don't want a man like him!"

"Get this straight!" Xin Rong shouted. The main point wasn't about the other one, it was about the young hunks! Take a look in the mirror, are you a young hunk?"

When Judy died, she was already 34 years old. King was a few years older than her and was like a piece of old cured meat.

King immediately looked at her with a complicated expression. He felt extremely aggrieved. "So you like pretty boys!" He said

resentfully.

Simon's skin was indeed very fair, and he was the type of person who was born into a rich family.

King had sacrificed a lot to become an assassin. Even if he was fairer than Simon, he had long since become tanned! He had always had a cold face when he was young, and it had nothing to do with young hunks.

At the thought of this, he was extremely depressed.

After all this time, he was not Judy's type at all?

He glared viciously at Xin Rong. Suddenly, a voice came from outside. He was furious. "What are you doing?"

"BOSS!" Someone shouted from outside, "someone has broken into the castle!"

King stared at Xin Rong and said through gritted teeth, "

"Kill them all! Don't come and ask me!"

After he finished speaking, he kissed Xin Rong. Xin Rong turned his head away, grabbing him with his hands and kicking him with his feet.

The two of them fought from the bed to the ground. If it was Judy, she would definitely have the upper hand. Unfortunately, Xin Rong's strength was much lower than King's, so he could only keep his innocence.

Xin Rong regretted wasting his life for the past two years!

Although she had been training in the past two years, she didn't have to fight and kill like before. She just wanted to be stronger than ordinary people. She had never trained against "professional enemies.

If she had known that she would have to face King again, she would have gone through the transformation from an assassin to a mercenary!

Hmph! When she went back today, she would put the mercenary course on her schedule.

It was enough to suffer a loss once!

A trail of blood appeared on King's face. He said angrily, "Crazy woman! Don't think I can't bear to hurt you!" come on! Xin Rong stood in front of him and waved at him provocatively.

Under her unbuttoned shirt was her perfect body, enough to make any man's blood boil.

But at this moment, who was in the mood to look at her bikini and small waist?

She was holding a half-broken wine glass in her hand, which could take a person's life at any time!

King liked to drink in his room when he had nothing to do. He had brought the glass in himself! He secretly made up his mind that he would never do it again in the future!

At this moment, the door was slammed open.

The two of them looked over warily and saw a group of people rushing in with guns.

The leader was stunned and shouted outside, "Young master! It's here!"

The next second, Simon rushed in.

When Xin Rong saw him, he finally heaved a sigh of relief. He tugged at his clothes. "If you were any slower, you'd be a father!"

Simon's eyes widened and he shouted to the surrounding people, "

"Close your eyes!"

The group of people immediately left and were about to block King's Men outside.

Simon saw that King still had his eyes open-King was actually glaring at him-so he pulled out a dart from behind his waist and threw it over. It was the boomerang Xin Rong had made for him..

Chapter 1483: not bad

King dodged to the side and dodged the DART, which returned to Simon's hand.

Simon gritted his teeth and put away the DART. He took off his shirt and walked towards Xin Rong.

Xin Rong smashed the glass cup in his hand to the ground and looked at him with a pair of gentle eyes.

He draped the shirt over her shoulders with a dark face, grabbed her hand and put it in his sleeve. He gritted his teeth and buttoned it for her.

Xin Rong lowered his head with a smile. He felt that the weather today was really good.

King found it an eyesore!

This was his territory, and the two of them were simply challenging his authority by casting flirtatious glances at each other as if no one else was around!

He lifted a stool and was about to hit Simon when Xin Rong sharply noticed. He lifted his head and coldly took the boomerang from Simon's waist and threw it at him.

King roared, threw his chair aside, and stepped back. He touched his shoulder-his shirt had been torn-and the skin and flesh below were exposed.

The boomerang fell to the ground after it flew away from him.

Simon turned around and gave King a look that said, "you deserve it. then he said to Xin Rong,""You're quite capable

Xin Rong heard his enigmatic tone and guessed that he knew his background.

He laughed."He can't forget me even after I'm dead. That shows how powerful I am!"

Hearing this, Simon was furious. He turned around to pick up the DART and rushed towards King.

King wanted to kill him as well. The two of them fought without even blinking. Ping, ping, ping. The sounds were earth-shattering!

Xin Rong looked at himself. He was wearing a shirt, but his shirt was so big that it looked even more flirtatious on him.

She thought for a moment and took off her torn clothes.

Simon didn't like her body to be seen by others, so she didn't take off her outer shirt. Instead, she reached her hand inside and pulled it. Her posture was quite fanciful.

When she was half-naked, her five friends came.

"What are you doing?" Angel rushed in front of her.

"Take off your clothes. Didn't you see?"

Angel looked at Simon and King, who were locked in a fierce battle, and then

back at her. What was going on? Why can't I understand it?

Xin Rong pulled out his clothes, shook them, and tore them into strips of cloth.

Simon and King heard the voice and looked over.

Lin shifei looked at them and rubbed her chin. She asked Xin Rong, "Do you need help?"

"No need. My man naturally has the ability to hold his own!" Xin Rong tied the torn cloth into a belt and loosely tied it around his body as a decoration.

In this way, Simon's fat shirt became a slim skirt.

Simon was mad with anger, this woman! He actually took off his clothes in front of so many people!

He threw a punch at King.

King also started beating him up like a mad man. He was about to go crazy. A pair of lunatics! You're blaming me for everything!

Qi Qi and the others stood beside Xin Rong and commented, " he looks like a pretty boy, but I didn't expect him to be so good at fighting. As expected of the heir to the Mafia!

Lin shifei glanced at the door and asked, " "How do we solve this? It's easy to enter, but hard to leave."

The battle outside was also earth-shattering, with many casualties. If too many people from both sides died, it would be difficult to resolve.

An Ying was still okay, as he only listened to King's decision. The assassins under him had no human rights. If they died, they died. They didn't need to explain to anyone.

But it was more complicated with Simon. If too many people died, it would be difficult to explain to their families. Some people in the Mafia would doubt his ability, which might affect his status and prestige "Call the police!" Xin Rong said softly.

Angel and the others were shocked and stared at her..

Chapter 1484: I hate them

She shrugged her shoulders with an innocent look.

The five of them thought to themselves, "that's too ruthless!"

No matter how powerful the dark shadow and the Mafia were, they were still just gangsters. Although the White Way couldn't do anything to them, they could cause them a lot of trouble. If the police saw the scene of the fight, they could just take the person for tea and investigate here and there. No matter what, they would make the dark shadow and the Gambino family lose a layer of skin.

However, in the current situation, this was indeed the best solution.

Even if an Ying was friendly with the local police, they would be embarrassed to continue the fight.

Neo took out his phone. Instead of calling the police, he hacked into the police system and issued an order to call the police.

Simon and King had destroyed the entire room. Other than the corner where Xin Rong stood, the rest of the room had become a garbage dump.

Xin Rong couldn't help but worry as the two of them grew more and more frenzied.

If they continued fighting like this, even if they didn't die, they would be seriously injured, right?

Just then, Simon pressed King against the window sill. King grabbed him and flipped over the window sill.

Shan Yan! Xin Rong roared and rushed over.

On the way, she twisted her foot and fell to the ground.

"Judy!" Angel ran over and grabbed her leg. She was speechless. it's the glass.

Qingqing, you're too weak.

Xin Rong wasn't wearing shoes. The fight with King just now hadn't been too destructive, so it was quite comfortable to step on the carpet.

But now, Yingluo

Everything was broken, and even without the glass, everything else was still very prickly!

She wanted to hug her feet and cry, but when she raised her hands, there were

no tears-her nanas were also covered in glass.

Angel held her forehead and said to Lin shifei, "let's get her up first, I'll bandage her after we get out."
&Nbsp;

"I hate them." Xin Rong said.

When he went out, he saw Simon and King standing in the open space in front of the house, each holding a gun and pointing it at the other. The two men's men surrounded them with their guns raised, ready to fight at any time.

Simon and King were both injured and looked disheveled, but they exuded strong male hormones.

The two of them stared at each other, their fingers on the trigger, neither willing to give in.

Xin Rong was held by Lin shifei, and he looked around quietly. Fortunately, the police had come. Otherwise, this war would not be over in a short time.

The group of people confronted each other for a few more minutes before a voice came from outside. This is an order from the top. They said that there have been a few murders here. Let's take a look.

King frowned and asked his men in a low voice, "Who called the police?!"

Everyone looked innocent-we're bad guys, why would we call the police?

King looked at Simon and then at Xin Rong, who was beside him. He could guess who it was.

He said to Simon, "the police are a big problem. I don't think you want to mess with them, right?"
Collect them together?"

Simon retracted his hand and threw the gun to his subordinate behind him.

King instantly vomited blood. I haven't even counted to three, what are you so anxious for? You're making it seem like I'm more stingy than you!

He gritted his teeth and wanted to shoot Simon, but Simon's men were watching him from the side, so he could only think about it. Otherwise, it would be fine if he succeeded, at most he would be sought for revenge. If he didn't succeed, he would lose face.

He threw the gun to his subordinate gloomily and turned to leave.

The police were stopped outside. If they didn't go out, the other party would rush in and be caught red-handed!

Simon strode up to Lin shifei and glared at her.

"Why are you looking at him?" Xin Rong asked with a frown. Are you in love with him?"

Simon looked at her angrily and snatched her away.. "Why did you let him hug you

Chapter 1485: see you again

"My feet are all covered in glass." Xin Rong wanted to cry.

Not only was this body extremely weak, but it was also afraid of pain. She was the Queen of the mercenary world. How embarrassing!

Angel helped to explain. Lin is gay. Otherwise, how would he have the chance to Hug Boss? ‘

Simon was still unhappy and carried Xin Rong out.

Xin Rong wrapped his arms around his neck. He had just done some intense exercise and was covered in sweat. His skin was burning hot and his heart was beating like a drum.

For the first time, she felt a sense of security from a man.

It was fresh and beautiful to be protected as a little woman.

She leaned on his shoulder and said, “You were so handsome just now

Simon paused and glared at her.

“That’s cool!” She laughed as she looked up.

The corners of Simon’s lips lifted, and he almost broke into a smile.

“Don’t think that I won’t settle the score with you just because you’re sweet-talking me!” He said with a straight face.

Yiyi) ” he saw through her.

Simon carried her to the gate of the castle, but the police had not left.

When the police saw them, they raised their eyebrows and looked at King.

King took a deep breath and said in an aggrieved tone, i ‘ “My friends. They’re playing a game?’

Police officer, “Yingluo.”

Xin Rong raised his head and glanced shyly at the chubby Police Chief.

The police chief looked at her and Simon and felt that they were indeed playing some kind of game. He had to believe it.

“I’ll take my leave.” Simon said coldly to King.

“See you again!” King said through gritted teeth.

Then, he suddenly glanced at Xin Rong and said with a smile, you’re just a long-term bed partner in her heart. If she gets tired of you one day, she’ll change to a young hunk who’s better looking than you. Why do you have to waste your time for her? ‘

Simon looked at Xin Rong.

Xin Rong was confused, “I don’t understand what he’s saying.”

King smiled. what? have you forgotten what you said?” The Judy I know isn’t such an irresponsible person.”

Aiya ... Xin Rong cried out in pain. He closed his eyes and fell on Simon’s shoulder. I’m so dizzy!

Everyone thought, Yingluo’s acting is too exaggerated! You were nominated for Best Female Lead!

see you again •Simon smiled at King, but it was a fake smile. when we get married, I'll definitely treat you.

King almost vomited blood. As he watched them leave, he gritted his teeth.

After sending the police off, he strode into the castle and called for his right-hand man. "Get something to think of a way to destroy Gambino and Xin Rong!"

Sophie Monin quickly received the order and frowned. Simon Gambino doesn't seem to like my type, Yingying.

Xi Meng took Xin Rong to the hospital for a checkup. Xin Rong only had a superficial wound, but his internal organs were damaged.

Xin Rong told him to stay in the hospital. go back to China or Italy, " he said.

who wants to stay here? '

This was King's territory, what if that crazy person came again?

Xin Rong thought about it and agreed. Of course, he would take his private plane back to China that night. Anqi and the others would also come.

On the plane, Simon was resting in the only bedroom with a bruised face. Xin Rong sat next to him, holding onto his bandaged leg. He was afraid that he would have to rest for a few days before he could start working again. Otherwise, it would definitely affect his state of mind when he was acting.

Simon glanced at her and suddenly said, 'I thought you went to Emily behind my back.

"You went there to look for me?" Xin Rong was shocked.

“No, I didn’t,” Simon rolled his eyes at her. I checked the flight information and found out that you went to Africa with the five of them.

Xin Rong lowered his head in guilt..

Chapter 1486: I won’t let you take any more risks

“You already knew my identity, right?” He asked.

of course I do. Xin Rong nodded awkwardly. I know everything about the Sheng family.

Simon pouted and didn’t pursue the matter.

He didn’t want to say it because he didn’t want to scare her. Since she was clear about it, he didn’t have to explain. She wouldn’t be surprised.

He glanced outside the door and said, “I’ve investigated them, but I’ve never investigated you.” Although you’re different from ordinary people in some ways, I think it’s interesting to keep a sense of mystery and slowly discover it.

Until you were kidnapped, I had no choice but to ask them what was going on,

but ...”

“It’s beyond your imagination?” Xin Rong asked.

“A little.” Simon nodded.

He did not know what had happened to Gambino, and no one had told him.

However, he knew about the FARC and the banned experiment of " dual S.

Furthermore, with Yu qinghuan as an example, he was not that surprised.

"Then which one do you like?" Xin Rong asked.

Simon looked at her and said, "you." I've seen Xin Rong before, but I just thought he was good-looking and didn't like him. If I had met you earlier, you might not have died."

Tears welled up in Xin Rong's eyes. He lowered his head and leaned against him."If I had to die before I could meet you, I wouldn't have any regrets."

Simon hugged her tightly and kissed her hard on the top of her head. "I won't let you take any more risks in the future."

After Simon returned to China, he was afraid that Gong mo would find out that he was injured, so he did not dare to go to the Sheng family or leave the house.

He was now Xin Rong's boyfriend and there were many reporters waiting outside.

He had been staying in the hotel every day and was a little bored. One day, on a whim, he said to Xin Rong, " Let's have a spar. I've beaten the King of the assassin world, but he's just so-so. I haven't seen the Queen of the mercenary world yet, let me test your ability!"

Xin Rong rolled his eyes at him, "you're not getting a beating for three days, are you?" You're still injured and you're already thinking of fighting?"

"Of course, I'll call you when I'm better!"

Xin Rong choked and roared, “do you even have a conscience?” This body of mine hasn’t received any training!’

Simon was stunned for a moment before he nodded in realization. that’s right! Then don’t even think about crushing me in bed in the future!

“Hmph!” Xin Rong snorted coldly, “waiting for me here? Let’s rely on our own abilities on the bed!”

“I was the one who gave in to you in the past,” Simon sneered.

Xin Rong lifted his chin and smiled evilly.”The ability I’m talking about doesn’t necessarily mean the ability of your fists and legs

Simon looked at her and swallowed his saliva. He leaned over and wanted to take advantage of her.

Xin Rong let go of him and walked to the side.

Simon Fell on the bed and got up gloomily. “My sister has called me a few

times. When I’m better, you’ll come with me for dinner?”

He had wanted to bring her there before, but she was shy (heavy fog). Now that their relationship had improved greatly, he would protest if she were to reject him again!

As expected, Xin Rong nodded after a brief pause.”Sure

Simon grinned, like a happy child.

On the day they went to the Sheng family, there were still some traces of wounds on Simon’s body.

He asked Xin Rong, "can you tell?" My sister is asking what to do."

"Does she still care about you?" Xin Rong was speechless.

"She's concerned about me," Simon said matter-of-factly, " when I was studying here, she was the one who took care of me. Although she's my sister, she's like my mother."

you're the only one who has a sister and a mother," Xin Rong scoffed. what are you so smug about? '

Simon was bewildered. He remembered that whether she was Judy or Xin

Rong, she was alone..

Chapter 1487: Who is she?

He hugged her and said with heartache, i ' "From now on, my sister is your sister, and my mother is your mother."

"Who cares?" Xin Rong pushed him away and mumbled.

Simon looked at her pitifully, as if he was complaining, " How can you despise me, Yingluo?

Xin Rong facepalmed and said helplessly, "of course!" Rare! I want it, okay?"

Simon immediately laughed and said, "let's go!" Let's go and see big sister!"

What did “Yingluo” have to do with her? she was his sister.

When they arrived at the Sheng family’s house, Sheng nanxuan was not back yet. Only Gong mo and Sheng shuangxue were there.

Sheng shuangxue was almost as tall as Xin Rong. Simon was too embarrassed to rub her head like she did when she was young.

“Didn’t you go to class?” He asked.

Sheng shuangxue pouted, disdaining his low intelligence. “It’s already summer break.

“Yingluo.”

“I’ll take her to beimgang in two days.” Gong mo smiled. Lu Rou had graduated from high school and was about to go to country M to study. The Lu family was going to hold a banquet for her. Do you want to go?

“I’ve watched Rourou grow up, so she should go.” Rongrong, do you have time?

“Which day is it?” Xin Rong asked, I ‘ I’ll ask my manager and try to make time.

Simon nodded happily and asked Gong mo, ” “Will Yiting be going?

“He doesn’t have the time.” Gong mo sighed.

Simond also sighed. He picked up a grape, peeled it, and handed it to Xin Rong. Xin Rong paused for a moment. He looked at Gong mo and Sheng shuangxue before taking the bowl and eating.

Sheng shuangxue's teeth were sore. She stood up and said, "Dad isn't back yet. I'll go and write another two big articles!"

"Aren't you going to accompany your parents?" Gong mo asked.

Xin Rong choked. How did she become his aunt? However, he could not refute it.

Sheng shuangxue turned around and said angrily, "They still want me to keep them company?"

Gong mo couldn't help but smile as he said to Simon, "Fine, this place is your home anyway. You can bring Xin Rong around to play. I'll go check out the kitchen."

Simon nodded. After she left, he whispered to Xin Rong, "Can you put your bag in my room?"

"You have a room?"

"I've lived here for a few years, so of course there is. It's my personal guest room now."

Simon brought her to the guest room to put down her bag and showed her around the entire house.

He didn't bring her into most of the rooms, only showing her the gym and the sunroom.

The sunroom was the place where Gong mo invited his friends for afternoon tea. It was small and elegant, with a low-key luxury in the refreshing idyllic

Xin Rong thought that Gong mo was really a woman who knew how to enjoy life. Sheng shuangxue, who had grown up in such an environment, was also different from others.

She didn't have the chance to enjoy these things when she was young. If she had a child in the future, she must make her live like this, like a princess.

Suddenly, she saw a portrait on the wall.

The painting was hung on the wall between the two floor-to-ceiling windows, and it looked 90% similar to the fairy sister who had led her out of the shadow Castle.

The person in the painting was wearing a Lotus-colored chiffon dress and a rose garland on her head. She was sitting on the sofa and smiling as she looked ahead, looking like a fairy.

Xin Rong's eyes widened as he walked over, his limbs trembling with excitement.

"Who is she?" she mumbled.

uh, Yingluo. Simon didn't know how to describe it. After thinking for a long time, he said, when my brother-in-law's mother, Yingluo, was young.

Xin Rong paused. Sheng nanxuan's mother? That's not Yingluo.

"What's wrong?" He asked in confusion, feeling that there was something wrong with her.

She shook her head and was a little disappointed. I'm fine. I just think that she's too beautiful. It's suffocating..

Chapter 1488: Tong Siyao is also in Emilia

Simon coughed and said mysteriously, 'i "Actually, she looks like this now."

Xin Rong looked at him in surprise.

"I'm not lying," he said softly.

He took out his phone and pulled out a photo from his photo album. It was a photo of dan Rong, Gambino, Yu qinghuan, and old K when they had spent the new year at sea that year.

"I heard that you used to work in the dark shadow. Do you know this person? he pointed at old K.

Xin Rong was dazzled by Yu qinghuan's beautiful face. After a long while, his gaze fell on old K. He hesitated for a moment before saying, "It's King Qian

Qian." yes! He really likes Auntie qinghuan.

"Doesn't he like men?" Xin Rong was stunned.

"Ah?" Simon was shocked.

Xin Rong chuckled. He could understand old KS change. After meeting such a beautiful and powerful fairy, it was normal to be straightened. Furthermore, the whip that Yu qinghuan had given her was old K's. She could imagine how old K had been conquered.

Simon was speechless, thinking that she was just teasing him.

Xin Rong held onto his phone and enlarged Yu qinghuan's photo. He then looked at the oil painting on the wall and smiled in satisfaction."I've seen her Yingluo before."

She had thought that she would never hear from this person again, but she didn't expect to get it without any effort.

Knock, knock, knock. There was a rhythmic knock on the door.

Simon went to open the door and saw Sheng nanxuan.

Sheng nanxuan glanced at Xin Rong, his eyes still guarded.

Xin Rong walked over with a smile and shouted, " "Brother-in-law."

Sheng nanxuan."Yingluo. I've seen a ghost!"

"It's time to eat," he said to Simon with a straight face.

Simon trembled and thought, 'brother-in-law is not very happy today, so I'll have to hug sister's thigh tightly in case something happens!'

Walking into the living room, Xin Rong felt that Gong mo was quite pleasing to the eye.

In the summer of the following year, Xin Rong was appointed by the UN's refugee agency as a Goodwill Ambassador to Emilia to comfort the refugees.

At that moment, Tong Siyao was also in Emilia. This was her third time coming to Emilia.

Xin Rong was travelling with the people from the refugee agency, so it was not convenient for Simon to accompany him. Fortunately, she had been focusing on training for the past year and had improved physically. Under normal circumstances, she didn't need to worry. Moreover, she even brought along Ares as her assistant.

As an emillian, Ares 'main purpose was to return to his homeland to take a look and protect her.

Within the borders of Emilia, all industries were in a state of depression.

They got off the plane in the capital, which was relatively safe, but there would be armed attacks from time to time.

Xin Rong followed the group to a nearby refugee camp. Most of the people there were old, weak, sick, and disabled. The young people had either escaped from the country or entered the battlefield, regardless of gender.

Xin Rong thought to himself, I'm one of those who escaped, right?

At night, she couldn't sleep, so she put on her clothes and went outside the tent to look at the stars.

She had just stood still when Ares appeared behind her. "Why did you come out alone? It's very dangerous outside."

"Didn't you come?" Xin Rong smiled faintly and looked up at the sky. I can't even see the stars in the other cities.

"I'd rather not see any stars here." Ares said.

Only in a prosperous and stable environment would people have enough time to create haze. And here, Yingying had been in the war for a long time before they were born.

"What do you plan to do in the future?" Xin Rong asked.

This time, Ares might not leave again.

In order to survive, he had fought for half of his life. For the rest of her life, she might have to fight for her dream.

And his dream was definitely to wish for Emily to get better.

“What about you?” Ares asked. You’re a Princess..”

Chapter 1489: I don ‘t want to stay here anymore

“The imperial family has long been overthrown,” Xin Rong laughed.

Ares opened his mouth and let out a breath. He didn’t say anything. Xin Rong’s current status was influential, and his influence on Emilia was no less than going to the battlefield personally.

Xin Rong said,“I also want to do something for her, Yingluo.”

She sighed softly and turned around to return to the tent.

The next morning, Xin Rong was woken up. She opened her eyes and got up. As she put on her clothes, she listened to the sounds outside. It seemed that something had happened.

When he walked out of the tent, he saw two doctors running out of the medical tent at the side in a panic and getting into the ambulance in front.

There were many refugees standing around, looking at everything anxiously and angrily.

“What’s wrong?” Xin Rong grabbed a person and asked. What happened?”

“Another doctor is in trouble!” The other party was angry and sad. they are here to help us, but someone wants to drive them away.

Xin Rong turned to find Ares, who was also looking for her. It seems that a doctor Without Borders has been attacked. I want to go and take a look.

"I'll go too." Xin Rong said.

"Alright!"

Ares found a motorcycle and took her to the ambulance in front.

The car drove for more than an hour. The road was full of broken walls and ruins, and there was almost no sign of people.

Xin Rong took a deep breath and suppressed the sadness in his heart.

When the ambulance stopped, they also stopped.

This was a small hospital. Xin Rong and Ares followed the doctors from the refugee camp into the hospital. The inside was filled with injured people.

The doctor from the refugee camp grabbed a nurse from the hospital and asked, "Where's the doctor who was shot just now?"

The nurse pointed in a direction. "The mortuary."

The few people from the refugee camp were all frozen, unable to suppress their sorrow. They reached out to wipe their tears and quickly walked to the mortuary.

Xin Rong and Ares hesitated for a moment before following.

When he walked out of the mortuary, he saw a woman hugging her legs and crying at the foot of the wall from afar.

“Tong!” The person in front shouted.

Tong Siyao, who was on the ground, looked up at them and burst into tears.

“I’m sorry, Yingluo, I’m sorry, Yingluo”

“It’s not your fault.” is it Lu? ” the medical staff asked nervously.

Lu and Helen are in a daze. Tong Siyao covered her face in grief. I don’t want to stay here anymore.

They patted her on the shoulder to comfort her and hurried into the mortuary.

Xin Rong saw a camera beside her and was certain that she was a reporter.

Tong Siyao noticed that someone had not gone in. She looked up and recognized her immediately. Her expression changed slightly, and she subconsciously buried her head.

Although she spent most of her time in Emilya, she still heard about what happened in the country.

Xin Rong was with Sheng Yiting’s uncle. Did Sheng Yiting’s uncle come?

But in the face of life and death, why would she care about Sheng Yiting? She wasn’t afraid even if he knew.

She slowly stood up with her camera and asked Xin Rong, ” “You guys are?

Xin Rong extended his hand. my name is Xin Rong. I’m a good will ambassador appointed by the UN’s high dimensional agency. I just arrived yesterday.

“Hello,” he said. Tong Siyao shook her hand. I i m October.

“It’s you?” Xin Rong was slightly startled as he recalled the review she had written for “Rouge.”

She had thought that it was a man.

She retracted her hand and suddenly felt ashamed. I’m an emillian, but I haven’t done anything for Emilyya. On the other hand, the person in front of me is embarrassed.

“You’re Chinese?” she asked, puzzled.

“Yes.” Tong Siyao wiped her tears and put away her sadness..

Chapter 1490: I’ll go find you now

She would cry and be vulnerable, but after a short period of crying and weakness, she was still a calm and self-restrained journalist.

Ares also extended his hand to her. Hello, I’m from Emilia. I’ve been abroad for a long time.

Tong Siyao looked at him and shook his hand.

“Thank you,” he said solemnly.

Tong Siyao was stunned. She retracted her hand and said, i ‘ “I’m just a reporter. I didn’t do anything. The people inside have done so much for your country.”

Xin Rong glanced at Ares and the two of them went to the mortuary together. The few people who had just entered stood quietly in front of the freezer. The two of them walked over and saw two fresh bodies. There were several bullet holes on the bodies, and they had obviously been shot to death.

Xin Rong lowered his head in silence. When she opened her eyes, the person beside her had already closed the freezer.

After they went out, those people said to Tong Siyao, "Let's inform his family to temporarily store the body here." okay. Tong Siyao nodded and asked, "what are you guys planning to do next?"

The man in the lead was silent for a moment before saying, "Let's wait and see. If we really can't, we can only leave."

They still had to go back to the refugee camp to work, so they left first. Only Tong Siyao, Xin Rong, and Ares were left.

"Can I ask you more about the situation here?" Xin Rong asked Tong Siyao.

Tong Siyao looked at the door of the mortuary. since last year, people have been attacking the Doctors Without Borders. This is the 29th and 30th death. I know all 30 of them. They're friends I made here. Although I'm a reporter and they're doctors, we're not emirians. We're only gathered here because we have similar thoughts. You've heard it just now. If this continues, they will leave. They were great, but it was impossible for them to sacrifice their lives here without any regrets. With their limited lives, they can still save more people. I might have to leave too, I'm afraid of death."

Xin Rong nodded in understanding. She opened her mouth, wanting to say something, but her breathing was heavy and she couldn't say anything.

Tong Siyao turned to leave, looking lonely and strong.

Xin Rong and Ares returned to the refugee camp and quickly found out from the borderless doctor that the people who were in trouble were Lu Yang and his wife-Lu duo's parents.

Xin Rong wasn't familiar with Lu duo, but he knew that the Sheng family and the Lu family were close. So, he called Simon.

Simon was shocked and even more worried about her. "Why is it so dangerous?"

"Are you alright?"

"I'm fine," she said.

"I'll go find you now! Be careful!"

Simon hung up the phone and went to report to Gong mo. Gong mo hurriedly called Yu Xinran to ask for confirmation.

The Lu family had already received the news. Lu Yang was preparing to take Lu duo to Emilia.

Xin Rong is over there. I don't know if it's dangerous or not. I'll go too! Simon hurriedly said.

"Nonsense!" Gong mo roared.

"I'll be with brother Lu Yang and the others so I can take care of them. They must be feeling terrible after encountering such a thing and need a calm person to stay by their side."

Gong mo hesitated.

If Lu Yang's accident happened nearby, she would go there personally. But it was different in Emilia, there was a war there! The cannonballs don't have eyes, what if they hit me?

Simon asked, "if you were there, would my brother-in-law go?" If mom is there, dad will go, right? Why can't it be done with me and Xin Rong?" Gong mo was stunned and glared at him, "You can tell dad yourself!"

“Alright!” Simon agreed, but turned around and went back on his word.

Since he was going to go no matter what, he might as well not say anything.. He was not a child anyway!
