Gong Mo was stunned. She clenched her fist, unwilling to believe what she had heard.

Was Sheng Donglin... was he actually doing

with someone inside the office? She noticed the door was ajar and peered inside. Sheng Donglin was standing by the wall with a lady. Her hands were propped up against the wall and her ass was pointed up high, her back facing Sheng Donglin. Sheng Donglin was holding her body tightly, grinding his hips against her. Their clothes were strewn all over the floor.

“Momo!” Sheng Donglin let out a low howl.

Gong Mo was startled. Momo? That was what he used to call her.

“Ah...” The woman pressed against Sheng Donglin shrieked with a low voice, “Donglin! Donglin... Mm...”

Gong Mo’s pupils contracted. It was Su Mo! When did they get together? Could it be that they had been secretly hooking up with each other before the birthday banquet? Gong Mo clenched her jaw hard. Her hatred towards Sheng Donglin had reached its peak! How many times had he deceived her?

Gong Mo closed her eyes and thought of an idea for retribution. She opened her handbag carefully and took out her handphone. She tapped on the camera app and aimed the camera through the door crack. Sheng Donglin and Su Mo were clearly displayed on the screen.

‘I’ll send you a big present for mistreating me, Sheng Donglin. What would happen to the Sheng family if this video were ever released?

After about 10 minutes, Sheng Donglin roared deeply and Su Mo shrieked in pleasure. Gong Mo knew they had finished and she slowly retreated so as to avoid being noticed.

Sheng Donglin's coarse voice wafted by. "Little b*tch, you almost bit it off..."

"I thought you liked it?" Su Mo said sweetly.

Gong Mo frowned and felt nauseous. She was about to turn off her camera when she heard Su Mo say, "When you called 'Momo' earlier, were you referring to Gong Mo or me?"

Gong Mo froze and forgot to turn off her camera. Even though Sheng Donglin and Su Mo were now out of frame, her phone was still able to capture their voices.

"You, of course," Sheng Donglin said.

"You know, you're so generous!" Su Mo said. "You gifted her to Sheng Nanxuan even though she was still your girlfriend. How could you bear to do that when she's so pretty and why didn't you bed her a few times first? Don't you think you're letting your brother off too lightly? She's still in pristine condition."

"Wouldn't you be jealous if I were to bed her?" Sheng Donglin said smilingly, "You're such a jealous girl, drugging her drink just because she was my girlfriend."

Gong Mo was thoroughly shaken. It was Su Mo who drugged her? She now remembered that Su Mo had approached her and handled her drink that night! Gong Mo shut her eyes. These two wh*res!

"I only did that to help you," Su Mo said flirtatiously. "You're about to head to the capital to open a branch of your family's company and with Nanxuan's return, it would be inevitable for Uncle to give him a position in the company. Who knows what he'd be capable of in your absence? He could hold the headquarters directly in his grasp while you are away in the capital working hard on your venture. In the end, the Sheng family's assets would fall into his hands and you would get none!"

Sheng Donglin fell silent.

Su Mo continued, "Uncle was already very upset with Nanxuan when he killed your fiancée back then. If he were to sleep with your girlfriend again, Uncle's wrath would overflow and he would never forgive Nanxuan! Sure enough, he's kicked out of the family now and you don't have to worry about anyone stabbing your back."

"I love how intelligent you are," Sheng Donglin said.
