### Chapter 151

#### 151 Meeting Gambino again

“Yingluo, why don’t you give it to flare?” Gong mo handed the dress to Gong Bai.

...

“She does,” Gong Bai said. Keep it, it’s a gift from your cousin. You might have the chance to wear it in the future.”

alright then, Zhenzhen. Gong mo had no choice but to accept it.

If she really gave it to Gong ze and he found out, he would definitely think that she gave it to her because she didn’t want it. She didn’t know what trouble he would cause then.

However, if he accepted it just like that, wouldn’t gong ye be angry if he found out? How could she allow her brother to be good to others?

Gong mo sighed. Fortunately, Gong Jie wasn’t in the capital and didn’t have to deal with her. Otherwise, she would be so annoyed.

.....

The next day, Gong mo and Sheng nanxuan went to see Gordon Easter, the author of “corpse language.

They had arranged to meet at an Italy coffee shop.

When he reached the door, Sheng nanxuan’s phone rang. He took a look at the caller ID and said to Gong mo, “You go in first, I’m going to take a call.”

“Oh, okay.”

Gong mo walked into the café and found that someone was already sitting at the appointed table.

He looked like a foreigner, so he should be Gordon, right?

He was wearing a well-tailored three-piece suit and gold-rimmed glasses. He looked meticulous and had the temperament of a scholar, like a novelist.

Gong mo didn't expect that he didn't know Italy. There was no way for him to communicate with her. She looked back. Sheng nanxuan was still outside, but he should be coming in soon.

She nervously walked towards 'Gordon' and thought, " Even if they did not know Italy, the pronunciation of names was almost the same no matter what language they were in. After all, the translation was done using transliteration.

“Gordon?” she asked tentatively.

The man stood up, adjusted his glasses, and looked at her with a sharp gaze. Then, he reached out his hand to her and said something.

Gong mo replied, “I don't understand at all.”

The man looked at her in confusion.

At that moment, a hand suddenly appeared on his shoulder and pulled him to the side.

The new person was much taller than him. Gong mo felt a black shadow suddenly appear in front of him. He raised his head and widened his eyes ...

“It's you!”

Gambino laughed, stretched out his hand, and said in Chinese, " I'm gaden. You're mo Xuan? "

"F \* ck!" Gong mo was dumbfounded. The pervert was actually Gordon? The author of 'corpse language'?

She turned to look outside. Sheng nanxuan had not come in yet.

"I'm mo, not Xuan," she said helplessly.

"What?" Gambino looked at her in confusion.

"The book was translated by my husband," she explained. I accompanied him here, but he just received a call and will only come in after two minutes."

"Then let's sit down first." Gambino invited her to take a seat like a gentleman.

Gong mo hesitated. He said that he was Gordon. Who knew if he was lying?

She looked at the bespectacled man and asked in confusion, " "Who is he?"

"My subordinate." Gambino said, "please have a seat.

Gong mo gritted his teeth and sat down.

So what if he was a liar?

Sheng nanxuan was still outside. He would definitely protect her.

Gambino sat down as well, and the man behind him had already retreated.

Gambino gestured to the waiter, and the waiter walked over with the menu.

Gong mo ordered milk and desserts, and a cup of coffee for Sheng nanxuan.

you don't drink coffee?" Gambino asked. you don't drink coffee?"

uh, hehe. Gong Mo's face was slightly red. He lowered his head and said softly, "I'm not in the right condition to drink coffee.

Chapter 152

a Big Shot

Gambino's expression was slightly stunned, as if he was thinking. "You're pregnant?" he asked after a while.

...

Gong Mo's face turned even redder. It was naturally not good to tell this kind of thing to strangers, so he changed the topic. "I remember that the name you said that day wasn't Gordon or Easter."

Gambino's expression was slightly cold, as if he was dissatisfied with her irrelevant answer. "Gordon is my pen name," he said in a friendly tone. "my real name is Lorenzo Gambino. You can call me Lorenzo or Gambino.

"Uh, Yingluo, can't I call you Gordon?" I really like your novels. I have an impression of the name Gordon," Gong mo replied.

"Do as you wish then." Gambino said, "you can call me anything.

Gong mo nodded his head.

“You haven’t told me your name,” Gambino said with a smile.

“Gong mo,” Gong mo replied after hesitating for a moment.

Gong mo, Qian Qian. Gambino looked at her with a deep gaze. An unfathomable smile appeared at the corner of his lips. it’s really nice. By the way, how’s your mother? I’m really sorry about that day. I didn’t mean to offend her. ”

uh ... Gong mo was speechless.

He had already offended her, so she couldn’t possibly say that it was fine, right?

The waiter served the food they had ordered. Gambino looked forward and saw Sheng nanxuan walking in.

Their eyes met in the air, and they both had their own thoughts.

Gambino lowered his eyes and stirred his coffee slowly. When Sheng nanxuan approached him, he asked Gong mo in a voice that he could hear, ” “You look so young, why are you married so early?”

Gong mo frowned in displeasure. Even if she was a fan of his books, wasn’t it a little too much for him to ask such a thing?

“We loved each other, so of course we got married.” Sheng nanxuan’s voice came.

Gong mo was overjoyed and immediately turned around.

Sheng nanxuan placed his hands on the sofa and lowered his head to kiss her on the lips. He smiled and asked, ” “You’re so happy to see me. Do you miss me? We’ve only been apart for a few minutes.”

“What are you saying!” have a seat. I ordered coffee for you, ” Gong mo said, pulling him back.

“Thank you, my wife.” Sheng nanxuan sat down beside her and took a sip of his black coffee. He was instantly greatly satisfied.

He put down the coffee and looked at Gambino. “You must be Mr. Gordon Easter, right?”

Gambino nodded.

Gong mo hurriedly leaned over Sheng nanxuan’s ear and said, “He’s the person that my mother and I met the other day.”

“What?” Sheng nanxuan didn’t understand.

“That pervert,”

“Ahem!” Sheng nanxuan choked. He said calmly, “I know.

This silly girl. Lorenzo Gambino was a famous Big Shot, with skills comparable to assassins and secret agents. No matter how softly she spoke, people could still hear her.

As expected, Gambino’s expression froze. She ... She actually called him a pervert? My heart is stuffed

Sheng nanxuan laughed, “my wife said that she met you two days ago.” What a coincidence.”

The phone call Sheng nanxuan had just received was from Fang Yang. Fang Yang had told him, “Lorenzo Gambino had come to China!

In Italy, although the Gambino family was not big, they had great power and were the legendary first family of the Mafia. Therefore, Sheng nanxuan did not know that he had come to China. After all, the whereabouts of the leader of the Gambino family could not be known by just anyone.

However, it was strange for a mafia boss to write a novel. How could he coincidentally meet Gong mo and his mother? he couldn't help but suspect that Gambino had done this on purpose.

Chapter 153

153 Love at first sight? really?

However, why did Gambino do that? Could it be that he knew of her identity as the night God and wanted to deal with her?

...

Gambino smiled without leaving a trace. I've been to China once. I miss the Chinese food. That's why I went to find food the moment I arrived in China. I didn't expect to run into Gong mo and his mother."

"Gong mo?" Sheng nanxuan asked meaningfully, "you know her name?"

"She just said it. She also said that she's mo, not Xuan, so you must be Xuan, right?"

"I'm Sheng nanxuan." Sheng nanxuan extended his hand and shook his.

In fact, he was well aware that Gambino must have known his name long ago.

"Did you guys translate the novel together?" Gambino asked.

Gong mo hurriedly shook his head.

Sheng nanxuan scratched her neck helplessly, his eyes full of love. The silly girl denied it so quickly because she didn't want to take his credit!

"I translated it," He turned his head and said to Gambino, only to find that Gambino's eyes were on his hand, staring at him holding Gong mo down.

He raised his eyebrows and retracted his hand. Gambino also retracted his gaze without a trace.

“Momo doesn’t know Italy.” He said, “ but she likes to read detective novels, so I had to help her translate it. It was her idea to publish it. She didn’t want to be the only one to see such a good story, so she wanted to share it with everyone.”

“Miss Ling is really an open-minded person who has fun with others.” Gambino looked at Gong mo with eyes full of admiration.

Gong mo was embarrassed.

Sheng nanxuan laughed. Mr. Gambino’s Chinese is really good. Not only is your spoken language fluent, but you can also use our idioms and allusions.

“I only know a few words.” Gambino said generously, “ if I’m really proficient in it, I’ll definitely write in Chinese because I love Chinese culture very much. However, even though I’m fluent in English, it’s still difficult to use it for writing, so I still use Italy when I write.”

Gong mo said awkwardly, “your Chinese is so good, you should be able to find someone to translate your novel, right?” Aren’t we being too nosy?”

“There’s no such thing.” Gambino said amiably, “ actually, very few people around me know that I’m writing a novel. I don’t want to tell them either, so I’m very grateful that you can help me translate. I don’t know much about publishing in China, but if you’re willing, I can entrust it to you.”

Hearing this, Gong mo looked at Sheng nanxuan, waiting for him to make a decision.

we don’t know much about this either, “said Sheng nanxuan. let’s discuss it with you after we consult some people in the industry.

Gambino nodded. thank you. Why don’t I treat you guys to a meal and ask your mother to come along?”

His last sentence was directed at Gong mo.

Gong mo looked at him in surprise. After a long time, he said, "Yingluo, let's do it another day. My mother is busy today, so she can't come."

.....

On the way home, Sheng nanxuan drove and Gong mo sat in the passenger's seat.

"Did Gambino really fall in love with mom at first sight?" Gong mo said in disbelief.

"It's possible. Maybe mom will meet him again in the future. You go back and tell mom, so that she won't think of him as a pervert again."

Gong mo said awkwardly, "he's too direct!" Are all foreigners this enthusiastic?"

"Most of them are more enthusiastic than the Chinese. We're famous for being reserved. But he's Italy, and Italian men are famous for being experts in love."

"Ah?" Gong mo was shocked. An expert in love? Wouldn't that make it easy for her mother to suffer?

Chapter 154

154 Sheng nanxuan's ambition

"Don't be afraid. A master in love didn't mean that he was fickle in love, but because he understood women very well and knew how to pursue them. And Italy men are very loyal, they'll pursue whoever they like to the end, infatuated and persistent."

...

"This bi an ..."

This was even more dangerous! If he really chased after his mother, wouldn't his mother be unable to escape his clutches?

"By the way, do you have any thoughts on the publication?" Sheng nanxuan asked.

"What idea?" Gong mo didn't understand.

"Should I look for a book Company or directly look for a publishing house? We can get the book number directly from the publishing house. This way, we can have more freedom and no book companies will interfere. But on the other hand, without a book Company, the book might not be able to be sold after it goes public."

If a book wanted to be published, it had to go through a proper publishing house. However, most of the books, especially novels, were not directly handed over to publishing firms, but to book companies. The book company would package, operate, and promote the books to increase the sales volume. The publishing company, on the other hand, would not care so much. They just had to print it and did not care about the sales volume.

However, if he went through a book Company, the book company would definitely have all kinds of requirements. For example, for Gordon's book, the book company might refuse to let them translate it for their own benefit.

There was another problem. Currently, the largest publishing house in the country was the Yu family's Qing Yu media.

Sheng nanxuan even wanted to bankrupt the entire Yu family. How could he let his translated books be at the mercy of a company under Qingyu media?

Gong mo sighed, "we'll have to find a book Company." Otherwise, no one would do anything, and no one would be able to do anything. However, won't Yingying waste your time on such a small matter?"

He was obviously someone who would do great things. It was a waste of his time to publish a novel! It would be a waste even if he sent his men.

Gong mo sighed again. Was he being too willful? I shouldn't have made this request.

But why did he agree to it?

Even earlier, he had actually wasted his time to help her translate. His time was probably in the millions, or even tens of millions, every minute, right?

Gong mo couldn't help but feel touched. But he said it was for the child. Would he not be so good to her after the child was born?

small matters do waste my time. Sheng nanxuan said, " but if we can make a small thing into a big one, it won't be a waste.

"A small matter can be turned into a big matter?"

Sheng nanxuan nodded. I want to start a book Company. I'll start by publishing 'corpse language'. What do you think? "

"I don't know about this Yingluo." Gong mo couldn't help but laugh.

She should have known that Sheng nanxuan would never bow down to anyone. He would not let go of any opportunity to 'make a name for himself'.

actually, the cultural industry isn't very profitable now, " she said with a smile. but if we can make it as big as Qingyu media, it's still very profitable.

"What are you laughing at?"

"I'm laughing at you for being different from ordinary people."

“Naturally!” Sheng nanxuan said arrogantly, “ ordinary people would not think of starting with a small book Company and then destroying Qing Yu media! But that’s exactly what I’m thinking!”

Gong moshen was shocked, “you ...”

“What’s wrong? You don’t believe in your husband’s ability?”

“I think you can do it,” she said, shaking her head.

He looked gentle, but he had always been a man with ideas and ambitions. Otherwise, he would not have lived in seclusion and controlled several large companies.

Her man was indeed not the gentle type.

Chapter 155

155 Who asked for his help?

A few days later, Sheng nanxuan passed a stack of documents to Gong mo. the company is registered. This is the company that I asked someone to design. You can choose one.

...

“So fast!”

With his ability, it wasn’t difficult for him to settle the company so quickly, but Gong mo still couldn’t help but be amazed.

She flipped open the document. There were more than ten s, each of which was printed on a piece of paper.

“Aimo books?”

She was stunned when she saw the words under the .

Her face slowly turned red. She raised her head and asked softly, "Why is it called that?"

it's because our country has had the habit of writing with ink for thousands of years, "Sheng nanxuan said seriously. ink contains the culture and history of books. It has a profound meaning.

"Yingluo." Gong mo bit his lips and couldn't help but feel disappointed.

Sheng nanxuan smiled and lowered his head to approach her. He asked suggestively, "What's wrong? Do you think this 'mo' represents you?"

"I didn't think that way!" Gong mo shouted.

"Really?"

So what if "Wanwan" is real? He had already said that she was not, so she would definitely not admit it!

Gong mo turned around and continued to look at the s.

Every had the word "love mo" on it, and it was really eye-piercing.

She put down the document and turned to leave, "you can choose the trademark yourself!" I don't understand! I'm going to watch TV!"

Sheng nanxuan looked at her back and then at the documents on the table. He picked up the documents and followed her out.

Gong mo had just turned on the TV. Seeing him come out, he got up and went to the kitchen.

Sheng nanxuan sat down on the sofa and turned the TV to the news channel with the remote control.

After a while, Gong mo came over with some water. She stopped halfway and wondered if she should pour him a glass of water.

She only had one second before she decided to give up!

He had already said that, so why should she try to please him?

She sat down on the sofa with a straight face, a meter away from him. Then, she took the remote control from his hand and switched to a channel that was playing Korean drama.

Sheng nanxuan moved over and looked at the water in her cup. He held her hand and fed himself.

“What are you doing!” Gong mo was displeased.

“Mom is back!” He looked up.

Gong mo was stunned. He turned around and saw the door opening slowly.

She pushed Sheng nanxuan away, and Sheng nanxuan put his hand on her shoulder.

“Don’t mess around!” She waved her hand away again.

Sheng nanxuan hugged her again. mom will only be at ease if she sees how well we are.

“I’m here.” Her mother’s voice could be heard. thank you. Give me the thing.

Someone was there!

The two of them hurriedly turned around and saw mother Yan standing at the door, looking outside. Obviously, there were people outside.

Gong mo hurriedly shook off Sheng nanxuan and walked over. Sheng nanxuan also got up and followed him.

mom ... the two of them walked around the entrance and said at the same time.

Her mother turned around and said in embarrassment, "You guys are here? Nanxuan got off work?"

"Mom went to buy groceries?" Sheng nanxuan saw that she did not have any food in her hands and looked out the door.

A tall foreign gentleman stood outside the door-Gambino. He was carrying two bags of fresh vegetables.

The unique foreign background, the down-to-earth shopping bags and vegetables, the combination was a little strange.

Sheng nanxuan and Gong mo were speechless as they watched.

I ran into this lady at the entrance of the supermarket, " Gambino said with a smile. I saw her carrying so many things, so I gave her a hand.

"I already said no need!" Her mother stomped her feet anxiously.

She went to buy groceries every day and was already used to it. She wasn't heavy at all, so who needed his help?

Chapter 156

156 Unless he's already seen mother Hao

Her mother was very angry.

...

Gambino had snatched it by force! If it wasn't for the fact that she was afraid of the people around her gossiping, she wouldn't have compromised!

"It's my duty to help the lady," Gambino said, looking at Diana's mother with a burning gaze.

"I'm here. Can you give me the things now?" mother Yan said angrily.

what? " Gambino raised his eyebrows. lady, aren't you going to invite me in for a drink? "

Her mother took a deep breath and almost went crazy!

She didn't ask for his help, so why should she invite him in for a drink?

er, er, er. Gong mo extended his hand awkwardly. Mr. Gambino, please come in. Give me the things.

Gambino heaved a sigh of relief, not letting her touch the vegetables in his hands. it's too heavy. You're pregnant, so don't work so hard.

"Give it to me!" Sheng nanxuan immediately reached out.

His mother was an elder, and Gong mo was pregnant. If he didn't help Gong mo, he would be a scumbag.

Gambino smiled and passed the vegetables to him. He entered the door calmly and asked, "Do you want to change into slippers?"

“Of course I want to change!” Her mother said angrily, “I mopped the floor this morning. Are you going to pay for it if it’s dirty?!”

Gambino’s expression turned slightly cold, and he asked in dissatisfaction, “Are you the housekeeper of this house? Buying groceries and mopping the floor!”

Sheng nanxuan, who was walking to the kitchen, heard it. He turned around and narrowed his eyes.

Gambino’s tone was so ...

It was so familiar. It reminded him of the time when he was protecting Gong mo.

Did he already like her mother so much? He liked her so much that he didn’t want her to suffer?

He had only known her for a short time, and he had never fallen in love with her so quickly! This was clearly the rhythm of deep love!

Could it be that

Back then, Gambino had seen mother Diana in Nanjiang, and he had already fallen in love with her back then?

If that was the case, the incident at the noodle restaurant could be explained.

If Gambino was an ordinary foreigner, it would make sense for him to fall in love with Diana’s mother at first sight in the noodle restaurant and even hit on her.

However, he was not an ordinary person. He was the leader of a Mafia group. It didn’t make sense for such a person to fall in love with someone at first sight! Unless ran ran had already seen her mother.

When Diana’s mother heard Gambino’s words, she was furious!

“Who are you! What right do you have to meddle in my family’s Affairs! Don’t think that you can order me around just because you helped me! I’m telling you, I didn’t ask for your help! I can even carry two bags of rice, let alone two bags of vegetables. Who asked you to meddle in my business?”

“Mom! Mom!” Gong mo hurriedly consoled her. Mr. Gambino didn’t mean it that way. You’re our guest, so we’ll treat you well.

“Hmph!” Diana’s mother turned around and opened the shoe cabinet. She took out a pair of slippers and threw them into Gambino’s arms. you’re such an impolite foreigner! We Chinese have a saying called ‘the guest does as the host does’, do you know that? I’ve never heard of this sentence before, but do you know that there’s also the phrase ‘When in Rome, do as the Romans do’? Why do you care about what’s going on in our family? who needs you to tell us what to do!”

Gambino hugged his slippers and bowed to apologize. “I’m sorry, I overstepped my boundaries.”

Then, he put down his slippers and started to change his shoes.

Hmph ~”mother Yan turned her head away. She was still a little unhappy, but the anger in her heart had mostly dissipated.

Although this person was very annoying, he had good intentions.

Although she really didn’t want to accept this kind of kindness, it was true that he had helped her.

Moreover, Momo had said that this seemingly crazy foreigner was actually a writer!

Her mother had a natural liking for writers, because her late father was also a writer. If father Zhai was still around, he would have made quite a name for himself in the literary world, right?

Chapter 157

157 He liked the feeling of family gossip

Her mother sighed, turned around, and walked inside.

...

At the thought of her father, she felt listless.

When Gong mo saw this, he hurriedly said to Gambino, "Mr. Gordon, please come in. I didn't expect you to come to my humble home, so I didn't prepare in advance. Please forgive me for my lack of hospitality."

"I've been rude." Gambino walked into the living room and swept his gaze around without a trace. He smiled and asked, "your house is very big. Are there only three of you living here?"

Her mother turned around and looked at him coldly.

He knew that she was blaming him for being a busybody again, so he coughed and stopped talking.

"Momo, let's go and cook. Let nanxuan entertain him," mother min said.

"Alright," he said. Gong mo said to Gambino, "please have a seat. I'll pour you some tea. Do you drink tea?"

Gambino nodded.

Gong mo nodded and immediately took mother Zhai's hand to the kitchen.

Sheng nanxuan was already washing the vegetables. When he saw them come in, he asked in confusion, "Why aren't you outside?"

"What are you doing?" Gong mo hurriedly turned off the tap and took her hands out of the sink. He dried her hands with a towel and said, "mom and I will cook. You go and entertain the guests!"

“Alright,” he said. Sheng nanxuan looked at her series of actions. For some reason, he felt touched.

He liked the feeling of family gossip. It was peaceful and warm.

After he left, Gong mo started to make tea.

Mother Yan was still unhappy. She stood at the side and said, “This foreigner is too rude! You’re forcing me to buy and sell, you can’t read people’s eyes at all!”

Aiya ~”Gong mo couldn’t help but laugh. he likes you. It’s obvious. He must be doing this to get close to you.

“W-who wants him to like her?” Her mother blushed.

It wasn’t that no one had wooed her over the years, it could be said that there were many.

However, those people’s motives for pursuing her were not pure, and they still looked down on her from the bottom of their hearts.

Who asked her to be married and have a child?

However, she was still pretty, her business was getting better and better, and she had two dollars in her hands. Some men were tempted.

However, no one truly wanted to be good to her.

But this foreigner gave off a different feeling. He seemed to be just trying to get close to her, not for money or sex.

“Anyway, he’s just annoying!” Her mother began to wash the vegetables.

Gong mo picked up the cup of tea and went outside. As soon as he entered the living room, Sheng nanxuan strode over.

Her stomach was a little obvious, and Sheng nanxuan was afraid that she would hurt herself.

“You could have just called me when you’re done, why did you come out on your own?” He took the tea and asked reproachfully.

Gong mo blushed and didn’t refute his words. “I’ll go help mom.”

“You’ll feel uncomfortable when I cook later, so why don’t you go back to your room?”

“No, I’ll come out later.” Gong mo nodded at Gambino and returned to the kitchen.

Sheng nanxuan walked into the living room with a cup of tea and poured a cup for Gambino. “Please,” he said.

“Many thanks.” Gambino received it with both hands.

Sheng nanxuan crossed his legs and looked at him inquisitively, exuding an overbearing aura.

Gambino paused, feeling a little puzzled. He pondered as he sipped his tea.

Naturally, he had investigated Sheng nanxuan. He had already found out that Sheng nanxuan was the night God, but there was one thing he did not understand.

Did the Sheng family have an ulterior motive for kicking him out?

Sheng family Xuxu

Gambino's fingers tightened slightly, his eyes flickered, and he put down the cup calmly.

He should thank the Sheng family for giving him a new life. But what the Sheng family had done threatened everyone's life.

Chapter 158

158 18 years ago

It was very likely that the Sheng family had deliberately kicked Sheng nanxuan out of the family to save themselves, as they believed in the principle of 'not putting all their eggs in the same basket'. If that's the case, Gong mo and the others will be in danger, Yingluo.

...

It was said that the Sheng family wouldn't even let go of pregnant women. And now, Gong mo was pregnant, Yingluo.

Gambino felt a chill run down his back, and he did not dare to think about that situation.

He put down his teacup, unable to control his thoughts. He smiled at Sheng nanxuan awkwardly.

Sheng nanxuan's eyes narrowed.

Gambino was the head of the Gambino family. How could he show such a fearful expression?

Sheng nanxuan's mind turned. The only interaction he had with Gambino before this was the one in Nanjiang City 18 years ago.

He did not know what shengzhongtian and the others had done to Gambino. Could it be that that experience had left a shadow of fear in Gambino's heart?

No one would want to be treated like a lab rat, right? Not to mention the mafia boss.

It was possible that he hated the Sheng family, and even himself. If that was the case, would he take revenge on Gong mo and mother Zhai?

Sheng nanxuan felt that for Gong Mo's safety, it was necessary to be Frank.

After all, Gambino's influence was huge, and even if he won against him, he would have to pay a heavy price, and the greatest possibility was that both sides would suffer. In such a situation, he couldn't guarantee Gong Mo's safety at all times.

Sheng nanxuan heaved a sigh of relief and asked in a dignified manner, "What's your purpose for coming here today?"

Gambino raised his eyebrows, feeling a little puzzled. Of course, he wouldn't make his suspicions obvious, and only looked at him quietly.

"Did your men enter this building?" Sheng nanxuan asked.

When Gambino heard that, he was slightly stunned, clearly a little surprised. Did he know his identity?

However, since he was the night God, he accepted this development.

He leaned back on the sofa and said indifferently, "No, I didn't,"

"No?" Sheng nanxuan did not believe it.

you know who I am? " Gambino looked at him. you know who I am? "

"Didn't you already know 18 years ago?" Sheng nanxuan laughed.

18 years ago?! Gambino was slightly shocked, and a hint of panic flashed past his face.

He stood up abruptly. Sheng nanxuan froze and tightened his grip on the cup, afraid that he would draw his weapon the next second.

He was too careless!

It seemed like he had to be fully prepared when he met Gambino alone in the future. After all, they had all come out of that laboratory. The abilities that he had obtained might also be obtained by Gambino. He might not get any benefits from a head-on collision.

Gambino took a few deep breaths, and his expression became calm again. He said his goodbyes, "I still have things to do, so I'll be leaving first."

Sheng nanxuan stood up slowly. Gambino's reaction was beyond his expectations.

18 years ago, Gambino had said to him, "You saved me, I will never forget it!"

But now, Gambino did not seem to have forgotten. He clearly remembered what had happened back then, but something was not right.

18 years ago, they had been on the same side, and Gambino had treated him as his benefactor. However, at this moment, Gambino seemed to treat him as an enemy.

"Aren't you going to say goodbye to them?" Sheng nanxuan asked calmly.

"It's okay, Zhenzhen, let's do it another day." Gambino walked to the door and changed back into his handmade leather shoes.

Sheng nanxuan opened the door and walked out. "Please take good care of them," he turned around and said after a while.

Sheng nanxuan was even more confused. Seeing that he had left, he closed the door and went to the kitchen.

“Why are you here?” Gong mo asked.

“He’s gone,”

“Ah?”

Chapter 159

159 Sheng nanxuan’s confusion

Hearing this, mother Yan heaved a sigh of relief and said, “it’s good that he’s gone!” Those hateful foreigners! Alright, I only need to cook for three people!”

...

Sheng nanxuan frowned. I’ll go and clean up the teacups. he said.

Gambino’s last words should have been sincere, as there was a hint of trust and warning in his tone.

He was really concerned about her mother, but why did ran ran do that?

If mother Zhai knew the secret of the Sheng family, she would never let Gong mo marry her. So, how did she get involved with Gambino?

.....

Al Mo books started to operate. Since Sheng nanxuan had no job, he personally took care of it. From now on, he would no longer be unemployed. If her mother asked, he didn’t have to lie anymore.

Fang Yang became his Secretary and started working from nine to five.

Fang Yang was very unhappy about this. How comfortable it was to be a bar owner. He could work whenever he wanted! It's so annoying to wake up early every day!

'Corpse language' became the first book published by Aimo books. The other books written by Easter would also be translated and published.

'Corpse language' was printed out very quickly, and Sheng nanxuan asked someone to send a few copies to Gambino. Gambino signed one of the books and asked someone to send it back. He also gave the original Italy copy and signed it.

Sheng nanxuan brought the two books to Gong mo.

"The book has been published, let's treat him to a meal to celebrate." Gong mo was overjoyed. I was a little embarrassed when he suddenly left that day."

"He's also the one who doesn't care." Sheng nanxuan said, " you don't have to treat him to a meal.

"Why?"

"He has already left."

"Ah?" Gong mo was stunned for a moment. did you get your visa? " he asked.

"Yueyue probably."

He had sent people to follow them, and he did not know if Gambino's people had noticed. Anyway, up until now, the people who were following them had not been caught. Gambino might have noticed it, but he did not care.

Gambino went to Nanjiang city for a walk.

Sheng nanxuan sighed.

Gambino was definitely brooding over that place.

The next day, the people following them reported that they had been discovered.

Sheng nanxuan closed his eyes and said indifferently, "If you're discovered, then retreat."

It was obvious that Gambino did not want him to know what he was doing in Nanjiang.

.....

Gong mo opened his eyes and rubbed his eyes from under the blanket.

A hand reached out from the side and grabbed her, holding her in his arms.

She saw that he was still lazing in bed and couldn't help but laugh. "It's time to get up ~"

"Oh, okay." Sheng nanxuan got up in a daze and kissed her before going to the bathroom.

Gong mo put on his clothes slowly and then went to the bathroom. When he entered, he was shaving.

Gong mo squeezed some toothpaste out of his toothbrush and turned off the razor. "Do you want to go to the company for a tour?"

"I'm with mom every day, how can I go?"

She had no friends in the capital and could not find a reason to go out alone. No matter what, her mother would always be by her side.

“Let’s tell her earlier. It’s really inconvenient to hide it like this. I only wanted to show you around the company today. What if there’s something else next time?”

“But I’m afraid I’ll scare her,” she saw you driving home the day before yesterday and asked me where you got your car. I had no choice but to say that I borrowed it from Fang Yang,” Gong mo said hesitantly. She asked you to invite Fang Yang home for dinner. She said that you can’t always trouble others.”

Sheng nanxuan touched the stubble on his chin, which had not been shaved clean.

Chapter 160

160 I really hope he’ll come out soon

Gong mo turned on his electric toothbrush and started brushing his teeth.

...

He continued to shave, and the entire bathroom was filled with a buzzing sound. The sound of the razor and toothbrush mixed together.

After it ended, the atmosphere became extremely quiet. Sheng nanxuan touched his smooth chin and looked at Gong mo, not wanting to leave.

Gong mo was about to wash his face, so he pushed Gu Yu out of the room. He didn’t want Gu Yu to see his face covered in face wash.

He refused to leave and stayed at the side to watch her.

Gong mo thought, forget it! Be careful, you’ll cry from your ugliness!

In the end, there was naturally nothing to cry about.

After Gong mo finished washing up, he blushed when he saw Yu Yuehan looking at him with a smile. "What are you looking at? I'll look even when I wash my face!"

do I look good? " Sheng nanxuan hugged her from behind and placed his hands on her slightly bulging belly.

Gong mo was stunned. He looked at the two people in the mirror and slowly put his hands on Gu Yu's.

He grabbed her hand and placed his chin on her neck. He kissed her cheek gently. "I really hope he comes out soon."

Gong mo smiled. I also want to see him as soon as possible. However, this hope is not a good one. It's better to see him before his due date.

"Yes."

Coming out early meant premature labor, so it was not worth celebrating.

"It's done," Gong mo pushed him away with a red face. put on your clothes. I can smell breakfast.

.....

After breakfast, Sheng nanxuan carried his briefcase and left the house like an ordinary office worker.

Gong mo walked him to the door like an ordinary newly-wedded wife. He grabbed her and kissed her. "Goodbye."

"Goodbye, Yueyue." Gong mo pushed him away with a red face.

After he left, Gong mo turned around and returned to the dining room to continue eating.

Her mother sat behind the table and looked at her suggestively.

“Shall we go out for a walk today?” she lowered her head and pretended to be normal.

“What are you shopping for? I don’t want to go!” Diana’s mother thought of Gambino and frowned.

Gong mo could guess what she was worried about. He smiled and said, “That foreigner has already returned to China. We won’t bump into him.”

“Oh, Yingluo, it’s inconvenient for you to be pregnant.”

“There’s air-conditioning in the mall. If we’re tired, we can find a place to rest. It’s better than being bored at home. Why don’t we take a look at the child’s things together?”

“Alright, then.”

Oh, then I’ll go wash the clothes. Mom, you do the dishes ~”

He had the dishwasher and it wasn’t tiring, so Gong mo didn’t stand on ceremony.

Zhen’s mother didn’t fight with her for it. It’s good for her to exercise while she’s pregnant. It’s not tiring to wash clothes!
