

Ditsy Wife 1561

Chapter 1561: Are you jealous?

In the afternoon, when Tong Siyao brought Tong annian home, they heard the faint sound of a baby crying next door.

The soundproofing of the houses here was very good, but the crying could still be heard. It was clear how badly she was crying.

“Is it that little brother who’s crying?” Tong annian asked.

“I think so. We shouldn’t meddle in other people’s Affairs.” Tong Siyao carried him into the house.

Tong annian’s face was full of confusion, ‘mom said in the morning that she should be happy to help others, why doesn’t she care about it now?’

From then on, children’s cries could be heard almost every day. Tong Siyao couldn’t help but suspect that Bai Chun was abusing the child!

One day, she went out and happened to see Bai Chun pushing the pram out.

The child didn’t cry today and looked quite healthy. He had probably recovered.

After entering the elevator, Bai Chun pressed the button for the basement. Tong Siyao reached out her hand and was stunned for a moment. Then, she took it back.

“Didn’t you see your child today?” Bai Chun asked.

“He’s at the kindergarten. I’ll pick him up.”

oh, oh, oh. Bai Chun nodded thoughtfully. He looked at the baby in the pram and muttered, “Children should study when they grow up.”

Tong Siyao glanced at the child. he seems to cry a lot? ” she asked.

yeah, I’m not very good at taking care of him. He fell sick again a few days ago and cried more than usual. Now he’s better and not as noisy anymore.

“You didn’t hire a housekeeper?”

“I only hired a cleaner. I’ll take care of the child myself.”

Tong Siyao nodded.

After the elevator stopped, she asked Bai Chun to go out first. She looked at his hands-he was not wearing any rings.

She had found it strange before. Why hadn’t she seen the child’s mother? was she not married?

However, some people didn’t necessarily wear rings even after they got married. It was really hard to guess the situation.

Tong Siyao followed him into the parking lot. When she passed by him, she glanced at his car. It didn’t look new.

Then why didn’t he open it that day?

“I sent the car for maintenance the other day. Thank you so much,” he suddenly said.

Tong Siyao was stunned and smiled at him. "You're welcome,"

Bai Chun kept the pram and asked, "I still don't know your name."

"Oh, Yingluo, my surname is Tong." Tong Siyao opened her bag and took out her name card.

The name card was printed very simply-independent reporter Tong Siyao.

There was a line of English below: October o

"You're October?" Bai Chun looked at her in surprise.

what?" Tong Siyao was also surprised. you know about it too? '

1 happened to be paying attention to the borderless doctors and saw your news.

alright. Tong Siyao nodded. see you later. After saying that, he turned around and walked back to his car.

At the end of the month, Sheng Yiting returned to the capital.

He had been so busy recently that he didn't have much time to rest. After dinner at the Sheng family's house, he went back to his house with Tong Siyao and the child.

When she walked out of the elevator, she happened to run into Bai Chun, who was out to throw out garbage.

Sheng Yiting raised his eyebrows in surprise-he had no idea that he had a new neighbor.

Bai Chun was even more surprised than him, but he quickly calmed down and greeted Tong Siyao.
“Good evening,” she said.

Tong Siyao also agreed. Hearing the child crying again, she suggested sincerely, “I think it’s better for you to find a nanny. Nannies are very experienced these days.”

“Yes, I’m already looking for it.”

Tong Siyao nodded and entered the house with Sheng Yiting.

“Who is that?” Sheng Yiting asked.

“The new neighbors.”

“You seem to have a good relationship with him?” Sheng Yiting said sourly.

“Jealous?” Tong Siyao laughed.

Sheng Yiting snorted and did not say anything.

Tong Siyao smiled and took baby Nian to the shower...

Chapter 1562: My Good Wife, my baby’s good mother

Sheng Yiting was even more depressed! You know that I’m jealous, but you’re not comforting me?

He thought about it and was still worried-that man looked gentle and decent, but he could not be harboring evil intentions!

He went to the bathroom and put his hand on the door frame. He looked at Tong Siyao, who was taking off the child's clothes. "Do you want to move into my house?"

"Isn't this place the same?"

"The security here isn't as good as the one at home. I'm now a presidential candidate. There are countless people in the dark who want to assassinate me, but they will definitely not succeed. But it's different for you and the child. It's too dangerous to live here."

Tong Siyao was stunned and mumbled, "No one else knows about our relationship." your neighbor saw it. What if he tells the others? '

"You're just jealous, right?" Tong Siyao said helplessly.

"I've been living here for so long, I think it's pretty good." it'll attract more attention if we move there, " Tong Siyao said.

I'll send more people over, then, " Sheng Yiting said helplessly. in case there's any real danger.

Tong Siyao nodded and didn't object.

When it was time to sleep, Nian Junting would sleep between his parents.

Her father was so depressed that he said to Tong Siyao, "I want to sleep with you!"

Tong Siyao glared at him. you're so annoying.

"Hmph!"

"Quickly tell me a story! yes, daddy will tell you a story "Nian Baobao said happily. "Baby, do you want a younger brother or sister?" Sheng Yiting pinched his face.

“No!” Nian Baobao shook her head.

“If mom and dad have a younger brother or sister, they won’t dote on the baby.”

“Why would I? It would still hurt. Your younger brother and sister are very cute, they can play Yingluo with you.”

“I don’t want that either!” Nian Junting turned around and hugged Tong Siyao. I want my parents.

Sheng Yiting thought, ‘Yueyue, why is it so difficult to sleep with my wife?’

The next morning, Sheng Yiting was resting at home. He watched TV and played games with Nian Baobao while Tong Siyao was in charge of cooking.

“Not bad, you’ve improved a lot!” Sheng Yiting praised while they were eating. Tong Siyao narrowed her eyes. you mean the food I made before tasted bad? ‘

“No, no, I didn’t. you’ve really made great progress. I’m sure you’ll be able to become a master chef soon. Sheng Yiting looked at her and asked with a smile, ‘ you can just hire a nanny. Why do you have to cook by yourself? Is it because you want to be my Good Wife and my baby’s good mother that you’re working so hard?’

“The latter half is right!” Tong Siyao said, “ I don’t want niannian to say that his mother’s cooking tastes bad when he grows up!

“Delicious!” Tong annian shouted as he clutched his spoon.

then you should eat more ‘Tong Siyao said with a smile.

I know,”Sheng Yiting said. you want to cook for me too, but you just won’t admit it.

Tong Siyao was speechless. alright, alright, alright, alright. If you think so, then so be it!

After dinner, Sheng Yiting was about to leave for work again.

When they went out, they saw a chubby middle-aged woman coming in and out of the next door. She was probably the nanny hired by Bai Chun.

Sheng Yiting stared at the door and gritted his teeth in his heart. I'm going to dig out all eighteen generations of your ancestors!

A few days later

Tong Siyao was teaching Tong annian how to draw when she heard the doorbell ring.

She walked over and saw Gong mo outside. She opened the door hurriedly, ”

“Auntie . . . ”

sister-in-law... Sheng shuangxue also came with Gong mo.

Behind the two of them stood Yu Xinran and Lu Rou.

Yu Xinran and Lu Rou were staring at Bai Chun's house next door. They only turned back when Gong mo called them..

Chapter 1563: This person seems to be related to Lu Song

“Aunt, Rou Rou, nice to meet you.” come in and sit down! Tong Siyao said hurriedly.

Tong annian ran over and shouted at Gong mo, “Hello, grandma!” good boy! Gong mo carried him happily.

Yu Xinran said with a complicated expression, “I didn’t expect Yitings child to be so big already, Yingluo.”

Gong mo smiled and sat down with Tong annian in his arms.

Tong Siyao went to make a few cups of tea and asked in confusion, “Auntie, why are you here?”

I was shopping with your aunt nearby. She heard that I have a grandson and was very curious, so she came over to take a look. Gong mo said with a smile.

Yu Xinran reached out and hugged Tong annian, caressing his soft little face.

“If only I had a grandson too, Yingluo.”

Tong Siyao’s smile froze. She didn’t know what to say and lowered her head.

She could not help but wonder, didn’t the two families go into a Cold War after Lu songs death? When Sheng Yiting was running for the election this year, the Yu family had to work with his political enemies, and the Lu family seemed to be supporting others. Why were they suddenly playing together?

Gong mo took a sip of tea and asked Tong Siyao, “I heard from Yiting that there’s a new family moving in next door?”

“Yup,” Tong Siyao laughed. why did he tell you this?

"I'm just worried about you." Gong mo smiled and said, "his status is different now. Naturally, we have to be extra careful. You don't know this, but he almost lost his life when he was young, so he's naturally very cautious." Tong Siyao was shocked, "when I was young?" What's happening?" it's all in the past. He probably doesn't remember it anymore. But after that, his father became very careful, and he learned to be careful.

"Oh, Yingluo."

"What kind of person lives next door?" Yu Xinran asked.

Tong Siyao saw the urgency in her expression and couldn't help but be suspicious. Could it be that they were here for Bai Chun?

"He's a man with a child." She said.

"Only one man?"

yeah, ran ran. Tong Siyao thought for a moment. I haven't seen anyone else other than the new nanny. He was wearing a Black Veil when he first moved in, so someone in his family must have just passed away." Yu Xinran twisted her fingers and glanced at Gong mo.

"Why are you guys looking for him?" Tong Siyao asked.

"Ahem, it's like this." Gong mo explained, "we discovered that this person seems to be related to Lu Song.

you? "Tong Siyao raised her eyebrows. how did you find out?"

"Did Yiting send someone to investigate him?" Tong Siyao asked helplessly, " I knew he wouldn't let this go.

"He's just being cautious, there's no other reason."

"I understand," Tong Siyao couldn't help but smile. he's still broad-minded.

Besides, doesn't he know what kind of person I am?"

To put it bluntly, she didn't even want to deal with him, so how could she cheat on him?

"It's good that you understand," Gong mo heaved a sigh of relief. He was afraid that she would be angry.

"What's going on? Bai Chun and I are acquaintances. If I can help, I'll try my best.'

Yu Xinran heaved a sigh of relief and hurriedly said,"that child is his sister's!" On the night of Lu songs death, his sister attended the party. We're suspecting if that child is Lu songs Yingluo!

If he was, he had to bring him back to the Lu family.

Tong Siyao was surprised,"I see!" Do you want a DNA test?"

Yu Xinran nodded, "we found out that the blood type and everything else matched." However, this Bai Chun will definitely not let us take our child to the DNA test so easily."

If it was really Lu songs, they might not let it go..

Chapter 1564: This uncle is so understanding!

"Does he know that the child could be from the Lu family?" Tong Siyao asked. Yu Xinran was stunned and shook her head. "I don't know, Yingluo."

“Then, why don’t I find an opportunity to help you probe? I’m afraid it’s not a good idea to go to them just like this. The child’s mother hasn’t appeared, and I don’t know if she’s here.’

“He passed away.” Yu Xinran said, “ she committed suicide last month in country M. Bai Chun finished his funeral and came back with the child.”

In the evening, Tong Siyao took baby Nian out for a walk. Baby Nian took the leash and led the rabbit. While others walked the dog, he walked the rabbit!

Rabbits didn’t like to walk when they were lazy, but when they were crazy, they would run around, which was a troublesome thing.

Today, it didn’t want to move. As baby Nian dragged it with a rope, it lay on the ground like a mop, making the floor shine.

When they reached the elevator, Bai Chun, who was next door, also came out with a baby stroller. “Is this your pet?” he smiled when he saw the rabbit.

“Niannian raised it.” Tong Siyao said, embarrassed. “It’s called little white!” Nian Baobao said to Bai Chun.

Hello, little white, ” Bai Chun greeted.

Nian Baobao instantly felt that this uncle was very understanding!

The others didn’t take the initiative to greet Xiao Bai when they first saw him. They all needed him to remind them. Only this uncle was different!

“Little white, little white!” He tugged at the rope. quickly tell uncle.

Bai Chun thought,“if the rabbit really dares to say it, I’ll be scared!”

The elevator arrived, and the few of them went in one after another.

Tong Siyao glanced at the child in the pram and asked Bai Chun, " "You're going for a walk too?"

"Yup," Bai Chun laughed. it's not good to be cooped up in the house all day. You guys too?"

"Yes.

"Then let's go together."

In the garden, little white was full of vitality. It ran to the lawn to eat grass.

you'll be fined," Tong Siyao said to baby Nian. don't let it eat too much!

"Alright!" Nian Baobao stood on the road and dragged Xiao Bai out.

your baby is so cute," Bai Chun said with a smile. I wonder what my baby will look like when he grows up.

"He'll be cuter," Tong Siyao said. By the way, why haven't I seen the child's mother?"

Bai Chun paused and said in a low voice, "he's already dead, Zhenzhen."

Tong Siyao felt guilty. She clearly knew, but she deliberately mentioned

Hanhan.

"My condolences," she said apologetically.

Bai Chun shook his head, indicating that he did not mind. "Everyone is bound to die."

"The child is still young, right?" Tong Siyao asked.

Yeah, Yingluo. Bai Chun sighed. Yingluo's mother can't accept her low weight, so she's Yingluo.

He said it so incoherently that Tong Siyao couldn't figure out the truth.

It turned out that Bai Chun's younger sister, Bai ran, was originally studying in country M. The siblings' parents passed away early, and Bai Chun was strict with her. When she arrived in country M, she was like a little bird out of its cage and began to play like crazy.

She had a few boyfriends, most of whom were young masters from local or domestic markets. She had a lot of branded clothes and bags. Last autumn, she had been single again. When she heard that there was a gathering of young masters, she sneaked in, hoping to catch a rich man there.

The party that day was a trap set up by Lu duo. It was to take Lu songs life!

At the Party, everything that could and couldn't be played was played.

Drugged and drunk, a group of men and women squeezed together, it was simply a feast. Later on, they even took drugs collectively and only stopped after a few lives were lost.

Bai ran was lucky and didn't die, but he was drunk and didn't know what happened. She was taken to the police station for a urine test and was released after confirming that she did not take drugs..

Chapter 1565: Sheng Yiting has an illegitimate son

When he got back, he heard that more than 20 people at the party were involved in a group drug incident, so he didn't dare to say anything. A few months later, Bai Chun went to visit her and found out that she was pregnant.

At that time, it was already impossible to induce labor, so she gave birth.

Unfortunately, Bai Chun had not been able to find out who the Father was!

In fact, Bai ran did not know this either. She was drunk at that time, and there were so many people. How would she know who it was?

Bai Chun was a doctor, so he naturally knew that there was a problem with a baby that was born at full term and weighed less than a premature baby.

Bai ran was forced to reveal the fact that they had taken drugs together. She felt that she had embarrassed him and was afraid that he would not forgive her. Seeing that her child would not live long, she chose to commit suicide.

Bai Chun checked the news about the party and found out that Lu Song was one of the most popular participants.

Bai Chun had a feeling that the child was Lu song's.

However, the Lu family was so rich, and he didn't want to make people feel that he was extorting them. If they found out that the child was not Lu songs, they would definitely scold him for being crazy about money. If she was, the Lu family would definitely want a child!

But this was his sister's child, and he didn't want to give it to anyone.

He had the ability to raise the child, but the annoying thing was that he didn't know who the child's father was.

At that moment, the newspapers and websites of Qingyu media suddenly revealed that Sheng Yiting had an illegitimate son!

Moreover, the evidence was irrefutable. All kinds of photos and videos exposed Tong annian and Tong Siyao to the public.

The world was in an uproar.

Who was Tong Siyao? That's an octopus! She was the idol and goddess of many people!

It's fine if you guys got together, and you guys are a good match, but the child is not a legitimate child?

Sheng Yiting, you don't want to take responsibility, do you?

The latest public opinion poll was not out yet, but Sheng Yitings team knew that this was not to be underestimated.

Although this was between Sheng Yiting and Tong Siyao, his status was different now, and the meaning of this marriage was different.

"What can I do?" Tong Siyao asked Sheng Yiting. "I'll handle it, don't worry." Sheng Yiting said. "If you need me, just tell me."

"I'm relieved to hear that." Sheng Yiting chuckled.

His think tank had a simple solution- get married!

Sheng Yiting wanted to get married too, but he was not in a hurry at this point. "Let's wait for the next public opinion poll," he said.

“It’ll be too late if we wait for the next episode!”

The think tank couldn’t help but worry, but Sheng Yiting knocked on the table calmly.

At night, he went to find Tong Siyao and said directly, “Let’s get married. It’s also a way to account to everyone.”

Tong Siyao made him a cup of tea. you’re not that kind of person.

“What?” Sheng Yiting was stunned.

“You won’t let other people’s opinions influence your own thoughts, and neither will I. Of course, they had to get married, but it couldn’t be for this reason. If you really announce your marriage now, people will look down on you and think that you’re doing this for the votes..”

Chapter 1566: The youngest president

Tong Siyao looked at him. I believe that you can easily handle this. You don’t have to use this to threaten me.

“Are you that unwilling to marry me?” Sheng Yiting wiped his face.

Tong Siyao smiled. I say, can you find a time to propose? ‘

Sheng Yiting:

A country's operations were too complicated. The problems did not only lie in these two aspects. The People's Party's bait this time was welfare reform.

It all depended on whether Sheng Yiting or the other party's questions were urgently needed by the people.

Tong Siyao's words reminded him that there were many places he could use his strength.

If he was successfully elected, he would be able to fulfill his promise, and re-election would not be a problem.

In November, the results of the election were announced-Sheng Yiting became the youngest president in the history of Hua nation.

Tong Siyao let out a sigh of relief when she saw the results. She was ready to go to the kindergarten to pick up her child. After leaving the house, he ran into Bai Chun in the corridor.

Madam President? " Bai Chun asked with a smile. should I call you Madam President from now on? "

"It's still early," Tong Siyao chuckled.

what? " Bai Chun raised his eyebrows in surprise. don't you plan to marry the new president? "

"It won't be too late to get married after he retires."

Bai Chun could not help but shed tears of sympathy for Sheng Yiting! He hadn't taken office yet, so how long would he have to wait until he stepped down?

Tong Siyao picked up her child and rushed to the Sheng family's house. Sheng nanxuan and Gong mo were busy making phone calls.

Now, countless people were congratulating them, and those who could make them deal with them personally were their close friends.

Gong mo hung up the phone and said to Tong Siyao, " "When it's Yitings birthday, I'll treat all of my relatives to a meal. Otherwise, I won't have the chance to do so in the next few years. By the way, you and niannian can't stay there anymore. It's more dangerous."

Tong Siyao put her arm around Tong annian and nodded.

"Let's move here first." I'll move to the presidential palace next year, " Gong mo replied.

I can't, " Tong Siyao said awkwardly. I can't live there, can I?

"I think you should get your marriage certificate first!" I'm afraid he doesn't have the time to prepare for the wedding, " Gong mo said.

Every president was so busy when they first took office that they didn't even have time to sleep.. How could they have time for a wedding?

Chapter 1567: I've been waiting for you

Tong Siyao didn't want to.

She wanted to get the marriage certificate and the wedding together. If they were separated, it would be like getting married twice.

Sheng nanxuan said,"Yiting is still young. Even if he's not married, he has a girlfriend." Can't I bring my girlfriend to the President's House?" "That's true," Gong mo said, " then I'll leave it to you guys to decide.

Tong Siyao secretly heaved a sigh of relief.

Sheng Yiting was so busy that he did not go home that day. That night, Tong Siyao brought Tong annian to sleep in his room.

Before she went to bed, he called her.

“Did you call uncle and Auntie?” Tong Siyao asked.

“I did.” Hearing her voice, Sheng Yiting felt that all the fatigue he had accumulated over the past six months had disappeared.

“Congratulations,” Tong Siyao said with a smile.

Sheng Yiting sighed. I don't want to hear that from you. You're the closest person to me.

“Then what do you want to hear?”

“I don't know, I just want to talk to you.”

“You're so hard to please.” Tong Siyao smiled coyly and patted Tong annian's back.

“Is that daddy?” Tong annian asked softly as he looked at her.

“Yes.” Tong Siyao answered and turned the phone on. niannian wants to talk to you.

“Niannian!” Sheng Yiting shouted.

Nian Baobao had no idea that her father had become a big Shot. She held the phone and said, "Dad! I saw you on TV!" baby, be good. Daddy will be on TV every day.

"Ah?" Why? Nian Baobao did not understand.

"Can you bring the baby on TV in the future too?" Sheng Yiting smiled.

"Alright!" Nian Baobao answered crisply.

"Daddy isn't coming home today. You have to listen to Grandpa, grandma, mommy, and Auntie, okay?"

"I know!"

"Baby, do you want to listen to Daddy's story?" Sheng Yiting asked.

Tong Siyao shook her head at Nian Baobao, who said, "Mom said dad's been working hard, so don't talk about it. You should rest early." good, ran ran, " Sheng Yiting whispered. is mommy still here? "

Nian Baobao looked at Tong Siyao, feeling troubled. Should he say yes or no?

Tong Siyao was speechless,"what do you want to say?" Is it possible that I'm not here?"

"It's nothing," Sheng Yiting smiled. I don't know why, but I just can't bear to hang up. It feels like Yingluo hasn't seen you guys for a long time."

"Sleep early." I'll wait for you at home, " Tong Siyao said.

Yaoyao, you're so sweet! Sheng Yiting was touched. I'm glad you've waited for me.

I've been waiting for you, " Tong Siyao said softly. I've been waiting for you.

Sheng Yiting was silent for two seconds before he said in a low voice,

On Sheng Yiting's birthday, he took some time off to treat his relatives and friends to a meal.

The Yu family and the Lu family had sent their people as well. Although they had supported the People's Party before, they were naturally closer to the Sheng family now that the matter had been settled.

Only Yu Xinran and Lu Rou came from the Lu family. If it were not for the child beside Bai Chun, the Lu family would not have sent anyone. They would have to continue the Cold War with the Sheng family.

This time, Yu Xinran wanted to directly confront Bai Chun. If Bai Chun agreed, he would do a DNA test immediately. If he didn't agree, she could only slowly persuade him to agree.

Who knew that after they finished eating, Lu Rou would disappear!

She left a message for Yu Xinran, "I don't believe that my brother would take drugs. There must be something fishy about this. I'm going to investigate!"

Yu Xinran almost fainted. How could she have the mood to care about the baby? He hurried back to Beixiao city to find Lu Rou.

Lu Yang couldn't help but get angry.. what the hell are you doing?! Was Lu Song's death not enough? And you're still trying to get into the Sheng family! It's only enough if you want to destroy my Lu family!

Chapter 1568: You'll be the main one living in the future

"Alright, alright, alright, ran ran, I was wrong. I'm crazy!" can you find Rou Rou first? " she cried.

Lu Yang's heart ached when he saw her crying.

Yu Xinran did not tell him about Bai Chun and the child. It was Sheng Yiting who had found out about the relationship between Bai Chun and Lu Song and asked Gong Mo to tell Yu Xinran. Yu Xinran then brought Lu Rou there.

In the entire Lu family, only Yu Xinran and Lu Rou knew.

They wanted to tell Lu Suan after everything was clear, but Lu Suan suspected that the Sheng family had something to do with Lu Song's death, and so he remembered the Sheng family. Now that Yu Xinran had 'reconciled' with the Sheng family, how could he not vomit?

He couldn't help but wonder if it was because of Gong Bai.

Even though Gong Bai had disappeared for dozens of years, Yu Xinran still couldn't let go of him! When it came to Gong Mo, who had a relationship with him, she had given up all her principles.

"If anything happens to Rou Rou, I don't want to live anymore!" Yu Xinran cried in grief.

Lu Yang walked over and wanted to hold her in his arms.

Just then, Lu Duo came down from upstairs and asked anxiously, "Uncle, Auntie, what's wrong?"

Yu Xinran looked at her and she quickly walked over. "Auntie, didn't you go to

Beijing? What had happened? Where's Rou Rou?"

she went to Country M, Huahua," Yu Xinran cried. she said that she went to investigate Lu Song's death, and the police couldn't find anything. How could she have found out? '

Lu duo's face was full of surprise, and for a moment, she was flustered.

What to do?

Now that Lu Yang and Yu Xinran didn't let her go out, even if she went to perform, she wouldn't be as free as before. They would definitely send someone to follow her, and she wouldn't be able to go anywhere.

Lu Rou wouldn't really find out anything, would she?

No matter what, he had to report to the organization!

Three days later, Sheng Yiting delivered his inauguration speech and officially took office.

With the change in the president, the leaders of the other functional departments of the government also changed.

Of course, Sheng Yiting would choose people he could trust and get along with to manage the country. The spokesperson for the Ministry of Foreign Affairs was Fang Yang's wife, Wu Yiyun.

From then on, Sheng Yiting lived in the President's House. That night, he invited his family to the President's House for dinner.

The Sheng family were no strangers to the presidential palace. Even the youngest, Sheng shuangxue, had been there a few times.

However, it was Tong Siyao and Tong annian's first time here.

When Tong Siyao was studying, she dreamed of standing in the presidential palace and asking the president questions. However, after staying in Emilia for a few years, she realized that it was not a big deal, so she no longer had any dreams about this place.

Sheng Yiting was still in a meeting, so Gong mo and Sheng shuangxue showed Tong Siyao around.

Tong annian said softly, "this place is so big, Yingluo."

"Niannian, do you like this place?" Tong Siyao asked.

Tong annian nodded and pouted. "But I miss daddy. Where's dad?"

"Dad is working. Let's play by ourselves first."

"Let's go upstairs and take a look," Gong mo said. Upstairs is a residence. You can decide how to renovate it.

"Renovation?" Tong Siyao was stunned.

"You'll be the main one living in the future, so of course you have to make the decision. The renovation costs can be reimbursed. This is the president's benefit."

Tong Siyao couldn't help but smile. She held the child's hand and went upstairs.

The building upstairs was very beautiful. According to her, there was nothing to change.

everyone's tastes are different," Gong mo said. the style here was the last Madam president's hobby. You can do it according to your preferences.

Tong Siyao took a closer look and realized that many of the items were new. It was probably because the previous owner had left and taken away their personal belongings. In order to not appear empty, they had temporarily added some..

Chapter 1569: Do you have to do this?

it seems like every time the president changes, this place will also change greatly. Tong Siyao said emotionally.

“Yup,” Gong mo walked to the window and looked out at the Rose Garden of the President’s House. only from the outside will this building look the same.

“Daddy!” Tong annian suddenly shouted.

The two of them turned around and saw Sheng Yiting walking in with a smile on his face.

He carried Tong annian and kissed him on the cheek. He called out to Gong mo and looked at Tong Siyao.

“Isn’t it time to eat?” Gong mo asked. I’ll go down first, you guys hurry up and come down.”

Sheng Yiting nodded and said to Tong Siyao, “I’m going to change my clothes.’

“You’re very busy?” Tong Siyao asked with concern.

“I can handle it.” Sheng Yiting put Tong annian down and walked to the master bedroom.

Tong Siyao followed him in, looked around, and said, “Your mother said that this place needs to be renovated?”

“Yes, I am. Someone will be in charge of the design, and you can communicate with the designer when the time comes. If you have any requests, feel free to let me know.”

Tong Siyao blushed and opened her mouth, but she didn't say anything.

In a good mood, Sheng Yiting hugged her and kissed her.

The little guy was looking around the room and didn't see it.

Tong Siyao hurriedly said, "stop messing around. Aren't we changing clothes?" Uncle and Auntie are waiting downstairs."

"Alright," he said. Sheng Yiting let go of her and opened the closet. which one do you think I should wear? '

"I don't know anything about fashion." Tong Siyao said, but she still picked one for him and a tie.

She had done this before when they were dating.

She couldn't help but think, "if we hadn't been apart for so many years, her fashion taste must have improved a lot, right?"

"Help me," he said. Sheng Yiting gave her his tie.

She paused for a moment and took it in a bad mood. "Lower your head!"

Sheng Yiting smiled and bent his neck. Nian Baobao was running around the two of them on the ground."Mom, dad, what are you doing?" "Nothing much." Sheng Yiting reached out and pressed his head.

He looked up and met Sheng Yiting's eyes.

“Nian Baobao, shall we sleep here tonight?” Sheng Yiting asked.

“Raise your head!” Tong Siyao said.

He immediately raised his head and looked at her with a smile.

“We’ll stay here tonight,” she said. However, I don’t think it’s convenient for him to stay here all the time. Niannian has to go to kindergarten. Why don’t you let him stay with your parents? It was safe there anyway. I still have to work, so I’ll stay in your house. We’ll come again when you’re free.”

“Do you really have to do this?” Sheng Yiting frowned.

“What did I do?” Tong Siyao was unhappy. isn’t this arrangement good? ‘ You’ve just reached this position and you’re very busy. Where would you find the time to accompany me and our child? Also, if you need me to accompany you to any occasion, let me know first. I’ll free up some time. When I’m free, I still have to continue working. After all, most of my previous work experience was overseas, and it was in the war zone, so it was not of much use in the current situation. Before I get married, I still have a reason to run around. If you’re really married, you can’t run around.”

Sheng Yiting could tell that she had her own plans. He asked in a low voice, ‘ “Don’t you want to be a simple Madam President?”

Tong Siyao helped him adjust his tie. if you can be re-elected, “she said,” I’ll see if you can be the spokesperson of the presidential palace,

The presidential Spokesperson was responsible for announcing the decisions and trends of the president and the government. More importantly, he was responsible for responding to emergencies and hot events at home and abroad. This response would be considered as the will of the president or the government by default. Of course, there were also all sorts of press conferences..

Chapter 1570: It’s considered extravagant to have a meal

Sheng Yiting did not know whether to laugh or cry at her words. "I should've thought of this earlier. How can you be so simple? Not bad, you're ambitious!" "Do you support me?"

"Of course I support you! I'm sure you know what I mean better than anyone else. If I had known earlier, I would have let you be the spokesperson this time. How much trouble would that save?"

"Let's forget about it this time. I don't think I have the ability." Tong Siyao laughed.

The two of them brought Tong annian downstairs. Sheng nanxuan, Gong mo, and Sheng shuangxue were already seated at the dining table.

However, halfway through the meal, Sheng Yiting was called away by his Secretary and never came back.

Gong mo and the others went home after dinner. Before they left, he said to

Tong Siyao, " "He's bound to be a little busy in his position."

Tong Siyao nodded, "I know." "I'll come over when I have time, but I'll have to leave niannian to you and uncle to take care of most of the time. I'm afraid that he won't be used to it if he doesn't have any fun here."

"I can't ask for more!" Gong mo said with a smile.

That night, Sheng Yiting was busy until two in the morning before he went to bed.

When he returned to his room, he saw Tong Siyao sleeping on the bed with the child in her arms. He felt guilty.

It seemed like he could only do as she said for now.

If the child didn't see his father here every day, he might hate his father in two days, right?

Half a year had passed, and Sheng Yiting had finally gotten everything under control. His brain was now a sophisticated machine, and everything about this country was in his mind.

Of course, the cost was quite high. In the past six months, he slept less than five hours a day on average and discussed problems with his staff during his meals.

Naturally, he didn't have time to spend with the kids and Tong Siyao. Occasionally, it would be considered a luxury for Tong Siyao to bring her child over to have a meal with him.

There were two times when Tong Siyao stayed the night with baby Nian. In the end, baby Nian was unhappy when his father didn't tell him a story and when he didn't wake up the next day, he was unhappy.

Tong Siyao thought that it would be good to take Nian Baobao to the president's office for a look, but Sheng Yiting had already taken a private plane to another city.

Tong Siyao no longer dared to bring him to the presidential palace for the night. She could only wait until Sheng Yiting was not so busy.

Every year on May 31st, the president would hold a press conference in the presidential palace.

This press conference was very important. Not only were the reporters stationed at the presidential palace attending, but other media reporters would also be invited. Everyone could ask the President questions directly.

Other than that day, the president would not hold another press conference unless something rather serious happened.

That was why everyone paid close attention to this day every year. The president perked up. Not only did he have to summarize his contributions and mistakes over the past year, but he also had to answer many questions that he might not be able to answer.

Sheng Yiting had sent an invitation to Tong Siyao for the Dress conference

that day.

Tong Siyao's seat was in the first row of the reporter's seat, and it was in the middle.

She had not shown her face in public with Sheng Yiting yet. So, although everyone knew that she was the mother of Sheng Yiting's illegitimate son, they were not sure if she was the future Madam President.

But if he wasn't, Sheng Yiting would just wait and see! They didn't want such an irresponsible President!

After the press conference began, Sheng Yiting stood on the stage and gave a simple speech, and the reporters began to ask questions.

He extended his hand and invited Tong Siyao first. "Miss Tong," Tong Siyao stood up, speechless-I didn't even raise my hand, did I?
