

Ditsy Wife 1571

Chapter 1571: My wife is so beautiful

Sheng Yiting nodded and smiled at her.

She had prepared a question, but it wasn't appropriate to ask it at the beginning.

"Mr. President, how do you feel about the past six months?" she smiled.

Sheng Yiting nodded and Tong Siyao sat down. Then, he answered, "For the past six months, I've been thinking almost every day: Why are you so busy? I'm already the person with the most power in the country. Why do I have to be so busy? If I had known earlier, I would have gone home to coax my wife and child and not participate in the election. But what could he do? Since I'm already here, I have to do a good job. This way, it won't be a waste for the mother of my child to stay alone in the room."

The entire Hall burst into laughter.

Tong Siyao was dumbfounded. She wanted to take off her high heels and throw them at him.

However, Sheng Yiting could finally catch his breath after the press conference.

When he went to bed at night, he said to Tong Siyao, "I plan to visit C nation in July, bringing you and niannian with me."

This was also a formal introduction of her and her child to the outside world.

sure. Tong Siyao nodded.

C nation and our friendly relationship has lasted for hundreds of years. Going there is just like a vacation. Sheng Yiting said with a smile.

Tong Siyao couldn't help but family." But what's so fun about

China?"

C country's Madam is poor!

China had provided them with countless aid, but they had limited resources. It was really impossible to make bricks without straw!

"Cough, cough, cough, for the sake of our friendship, we have to go and take a look. "

On June 6th, Sheng Yiting gave himself a half-day off.

For the past few days, Tong Siyao had been living in the presidential palace with the child. This morning, he didn't hurry to change his clothes. He sat in front of the floor-to-ceiling window in his pajamas and played with the child.

The roses downstairs were In full bloom, and the air was tilled with fragrance.

Tong Siyao wore a long dress and weaved through the roses, carefully cutting a few.

Nian Baobao's parrot was hanging on the balcony and she shouted, " "Mommy is so beautiful!"

Tong Siyao raised her head and asked, " "Who taught it?"

Sheng Yiting got up in a hurry and ran out to look at her, his eyes full of surprise.

His eyes were as gentle as water as he smiled and said, "I definitely didn't teach him. If I did, I would say 'my wife is so beautiful'."

Tong Siyao choked. Just as she was about to say something, a buzzing sound came closer.

The two of them looked towards the source of the sound and saw a huge passenger airliner flying at low altitude.

The plane seemed to be about to hit her. Tong Siyao screamed in fear and subconsciously covered her head with her hands.

Sheng Yitings eyes widened as well. He could clearly see the wings of the plane flying past him.

Tong Siyao came back to her senses, threw away the Rose, and ran away quickly.

Sheng Yiting turned around and picked up the phone in the room. "What's going on with the plane outside?"

Tong Siyao ran in in a panic. "Did something happen?"

This was the presidential palace. It was impossible for an airplane to fly here, much less fly so low!

The plane broke down?

Tong Siyao shuddered. She quickly went back to her room to change and get her interview equipment.

Tong annian ran over and shouted, "mommy!" What's wrong?"

Tong Siyao had changed into a shirt and jeans. She squatted on the ground and held his small shoulders. "Mommy and daddy are going to work.. Can you stay here and play?"

Chapter 1572: terrorist attack

Tong annian pouted, his face full of disappointment. They said they were going to play together, but they were two big liars!

Sheng Yiting walked in, opened the closet door, and changed as he said, ‘

“Three planes have been taken hostage by the terrorists. One is coming from M Nation, and two have just taken off. The situation is urgent, don’t go out for the time being! No one knows what the terrorists are up to!”

Tong Siyao’s body was cold, and the camera in her hand fell to the ground.

She knew the best possibility, but she could not guess the worst.

If everything went well, all three planes would have landed safely.

If it was bad, they didn’t know where the Pi Xiu had crashed, and there was no one on the plane alive. If the Pi Xiu had crashed in a crowded place on the ground, who knew how many people would have died?

She hurriedly helped Sheng Yiting put on his clothes and tried to keep her voice calm. “Calm down.”

“I’m very calm.” Sheng Yiting gritted his teeth. In fact, he was already extremely angry at the terrorists. However, anger would not solve the problem. He could only stay calm.

“Put on your pants first.” Tong Siyao gave him the pants.

He put it on after two tries. When he was fastening his belt, someone came in from outside. They were all his aides.

The person walking in front said, "we've made contact with the people on the plane. The hijacker said" hehe.""

"What did he say?" Sheng Yitings eyes were cold.

"Please restrain your grief."

Sheng Yitings face turned cold as he looked at them. "Make them stop the plane at all costs! I want zero casualties! You can promise them anything!"

He buttoned his shirt, and Tong Siyao lowered her head to say to Tong annian, " "Go get daddy's shoes."

Sheng Yiting was taken aback. He glanced at him and walked out with his staff.

"Daddy!" Tong annian came over with his leather shoes.

"Good girl." Sheng Yiting touched his face and wanted to smile at him, but he couldn't in such a tense moment.

He put on his shoes and said to Tong Siyao, you'll follow me for the time being.

In this situation, Tong Siyao didn't go against him. She carried Tong annian and followed him.

As soon as Sheng Yiting entered the president's office, a group of people gathered around him to report the situation.

“There are a total of 223 people on the three planes, namely 95,71, and 57, including terrorists. At the moment, we don’t know how many members there are in the terrorist group. The intelligence Department is analyzing the list.”

“The plane just now is flying this way again! They definitely want to cause casualties, not just the people on the plane!”

In other words, the people on the plane were dead for sure. They couldn’t save them.

“Tell the Department of Defense to send an airplane to intercept Qianqian,” Sheng Yiting said solemnly.

Tong Siyao sat at the side with Tong annian in her arms. Tong annian knew that something big was going to happen, so he obediently kept quiet.

Tong Siyao wanted to help, but it wasn’t a good time to ask. Besides, Wanwan might not be able to do much.

A moment later, the roar of an airplane could be heard. Sheng Yiting calmly looked up at the ceiling. Tong Siyao was holding Tong annian tightly in her arms.

Someone wiped the sweat off his forehead and said to Sheng Yiting,

“President Wanwan, why don’t we hide for a while?”

I don’t believe it would dare to crash into the presidential palace! Sheng Yiting roared.

Terrorists are crazy. They don’t want any benefits. As long as you’re not living well, they’ll be happy.

Therefore, there would definitely be casualties today!

No one said a word. A moment later, the roar faded away. Everyone thought that everything was fine, but the next second, they heard an explosion.

The plane intended to crash into the state capital building, but the aircraft of the Ministry of Defense blocked it with its own body and did not hurt the building. However, both planes crashed in the square not far away, and the hijacked plane even knocked down the statue of the first president in the middle of the square..

Chapter 1573: Gong Bai returns

Police sirens sounded on the streets of Beijing. All kinds of police cars and ambulances appeared in rows.

But the attack was not over.

The second plane flew towards Capital University. The school was in the middle of a graduation ceremony, and tens of thousands of teachers and students were gathered on the field. The plane suddenly flew close to the ground, and screams of fear resounded through the sky.

The third plane attempted to attack the Ministry of Defense but was intercepted and crashed in the suburbs.

The attack took place in the capital of China, killing more than 3000 people and injuring more than 10000 people. It shocked the entire country!

All three planes had crashed, so there shouldn't be a next terrorist attack.

All of a sudden, anti-terrorism was raised to the highest level in China.

At this moment, Beijing was in a state of mourning. Countless people were discussing it on the internet. Reporters, police officers, and doctors appeared at the scene of the accident.

The school had suspended classes, and the upcoming college entrance examination was forced to be postponed. The whole of Beijing and the whole of China were in a gloomy mood.

There were a total of 223 people on the three planes. Only one person was lucky enough to be rescued from the first plane that crashed in the square. The others all died on the spot.

However, this person was seriously injured and would not be out of danger in the short term. When they were out of danger, they could also become a vegetable and never wake up.

This person happened to have a close relationship with the Sheng family-it was Lu Rou, who had disappeared for half a year!

As the only lucky one, Lu Rou was widely reported by the media of various countries, and the tragedy of the Lu family in the past two years was also mentioned.

Sheng Yiting got the best doctor to treat Lu Rou and the best secret agent to protect her!

Lu Rou was the only witness to whatever happened on the plane.

Tong Siyao sent Tong annian back to the Sheng family. She and Sheng Yiting had no time to take care of him now.

The sudden tragedy and horror scared many reporters.

However, Tong Siyao had experienced war before, so she had a strong mentality in the face of such things. No matter how many emotions she had in her heart, she would become extremely calm when she entered the role of a reporter.

So, from the second day of the tragedy, she became a live reporter for the national news channel. As long as people at home and abroad who were paying attention to this matter turned on the television, they would hear her calm and hoarse voice.

He could tell that she was not as calm as she appeared to be, but she was still very rational.

The Sheng family didn't turn on the television, afraid that it would scare Tong annian. Gong mo, Sheng nanxuan, and Sheng shuangxue were all reading the newspaper and surfing the internet for news.

Tong annian was very well-behaved and knew that something serious had happened just by looking at everyone's expressions. He quietly squatted at the side and played with the rabbit.

Seeing that Gong mo had put down his phone, he immediately ran over, 'everyone angry because niannian was disobedient?'

"No, I didn't," Gong mo carried him to the sofa and put his arms around him. it's someone else who didn't behave.

Madam ... a servant walked in. someone is looking for you downstairs.

"Who is it?" Gong mo asked.

"I don't." The servant shook her head.

"I'll go take a look" Sheng nanxuan put down the newspaper and stood up.

"Be careful," Gong mo said anxiously.

"You should be more careful when you run into my people," he sneered. Gong mo sighed tiredly and asked Sheng shuangxue, "Are you scared?" "I'm not afraid," Sheng shuangxue shook her head.

After a while, Sheng nanxuan returned. Gong mo heard him shout, "Momo."

Gong mo was stunned. Wait! This was not Sheng nanxuan's voice!

She raised her head and widened her eyes. "C-cousin?"

The middle-aged man in front of him had a refined temperament and a pair of eyes that had seen the vicissitudes of life, but he looked very similar to Gong Bai when he was young.. Who else could he be but Gong Bai?

Chapter 1574: Why did you suddenly come back?

Gong mo stood up agitatedly and grabbed him, "Cousin! You're back?"

"Yes, I'm back." Gong Bai nodded and took her into his arms.

Gong mo hugged him and started crying.

Sheng nanxuan was silent at the side. 'I'll let you hug me since you haven't seen each other for almost thirty years!'

Sheng shuangxue had only heard that she had an uncle, but she had never met him. Seeing Gong mo crying so sadly, she could only look at him in a daze.

Tong annian couldn't take it anymore. He climbed down from the sofa and ran to Gong Mo t s side with his short legs. He tugged at the corner of her clothes and shouted, "Grandma, don't cry."

Hearing that, Gong Bai let go of Gong mo and looked at the little guy on the ground.

Gong mo wiped his tears and carried Tong annian. "This is Yitings child, an Nian. An Nian, call me granduncle."

"Granduncle," Tong annian called out timidly.

"Give granduncle a hug," Gong Bai reached out his hand.

Gong mo handed Tong annian to him. He carried the child into the living room and saw Sheng shuangxue.

"Uncle," I'm shuangxue, "Sheng shuangxue called out awkwardly.

Although they had never met, they had talked on the phone occasionally, so Gong Bai knew of her existence.

Gong Bai nodded and sat down with Tong annian in his arms.

Gong mo wiped his tears and asked, " "Why did you come back so suddenly?" such a big thing has happened in the country, Zhenzhen, " Gong Bai said. "Who would be so foolish as to seek death like this?" Gong mo nodded.

So many people had died, did they want to go to war?

"Yiting will take care of this." Sheng nanxuan said.

Gong mo looked at Gong Bai. Yiting and Siyao are both very busy right now. I'm afraid they won't be able to see you for a while.

"It's fine." Gong Bai said.

“Then you can stay here tonight. Where’s the luggage? I’ll go clean up the guest room for you.”

“No need, I’ve already booked a hotel.”

“Return it!” Gong mo said fiercely.

Gong Bai paused and looked at Sheng nanxuan. Sheng nanxuan had never liked Gong mo showing concern for others. He wouldn’t agree to it, would he?

“Then return it,” Sheng nanxuan said.

Thirty years had passed, and many things had changed.

Yingluo was probably different too.

Sheng Yiting would personally go to these two places to offer flowers and mourn. Gong mo and Sheng nanxuan had also planned to go. Now that Gong Bai had returned, they naturally told him about the situation, and Gong Bai also said that he wanted to go.

Gong mo called Tong Siyao and asked her to tell Sheng Yiting about Gong Bai’s return.

Before they left, Tong Siyao personally checked Sheng Yiting’s clothes and said, “Auntie called to say that your uncle is back. He arrived yesterday afternoon.”

“Uncle?” Sheng Yiting thought for a moment and nodded. I don’t have time to entertain him now. Let’s catch up in the future. Let’s go-”

He reached out to her.

Tong Siyao put her hand in his palm. He held her hand and walked out of the presidential palace. Along the way, there were people recording and taking photos..

Chapter 1575: Sheng Yiting was shot

Sheng Yiting had wanted to hold her hand when he went to C nation, but he didn't expect her to do it for such a sad matter.

Because of this, the plan to visit C country was also canceled.

The two of them left the presidential palace and walked to the square to lay out flowers before taking a bus to Capital University.

Not long after the car left President Road, they encountered a group of protesters.

When he was laying flowers in the square, the place was heavily guarded with armed police everywhere. The atmosphere was solemn and there were no random people.

Sheng Yiting saw many people standing on the road with flags in their hands. They waved and shouted when they saw his car passing by, and even chased after the car after it drove away.

Sheng Yiting didn't answer. He held Tong Siyao's hand and walked forward in silence.

This was the field where the incident had occurred. Just like the other day, there were tens of thousands of people gathered here. The flag-raising platform at the very front was filled with flower rings, and countless white chrysanthemums and white roses were piled around it.

Sheng Yiting let go of Tong Siyao's hand, and the two of them walked over slowly. They first presented the flowers, then lowered their heads in silence.

Everyone lowered their heads, and the field was unbelievably quiet.

Sheng nanxuan, Gong mo, Gong Bai, Sheng shuangxue, and Tong annian were standing in front, not far from Sheng Yiting.

Tong annian raised his head in confusion. He looked around, then at Sheng Yiting and Tong Siyao. His parents were there. He really wanted to go over. Yingluo, he hadn't seen them for many days.

"Yiting!" Sheng nanxuan suddenly looked up, his expression stern.

Sheng Yiting's body trembled at that moment. Tong Siyao, who was beside him, quickly held him, and her face changed.

He was shot!

The scene instantly became chaotic, and screams erupted from the crowd.

Sheng Yiting pressed on his injured arm and shouted, "All of you, be quiet!

Where's the microphone!"

Someone immediately took the microphone and looked at the chaotic crowd. "Students, don't panic! This is just someone being dissatisfied with me, you guys will be fine! Everyone, please be quiet to prevent a stampede from happening and causing a greater tragedy! The enemy is looking at us as a joke. You are the most outstanding talents in China, so don't let your family feel pain and your enemy feel happy!"

The crowd gradually quieted down. Sheng Yiting let go of the microphone, and the others immediately surrounded him and left.

father ... Tong annian anxiously shouted.

Sheng shuangxue carried him and followed him hurriedly with the others.

Sheng Yiting was sent to the hospital, but fortunately, he was not injured..

Chapter 1576: Gong Baiyu's reunion

Tong Siyao was flustered and said with tears in her eyes, " "Luckily you're wearing bulletproof vests. Everyone said it was dangerous, but you just had to go."

Sheng Yiting was helpless.

Didn't she support him going?

Why was such a calm person panicking too?

"Daddy, Daddy, sob, sob, sob!" Tong annian pounced on him and looked at him with tears in his eyes. does it hurt? '

"It doesn't hurt." Sheng Yiting said.

"You're lying!" Tong annian pouted, tears streaming down his face. 1 ... I lost a lot of blood. It's so red.

"Daddy is a man, I'm not afraid of pain."

Tong annian paused for a moment and thought, 'daddy is so brave! If it were him, he would definitely be afraid. However, with such a powerful father around, he couldn't say anything even if it hurt. Otherwise, it would be too embarrassing for his father. Wrong? Is daddy in pain too, but he is not willing to say?

He immediately looked at Sheng Yiting and whispered, " "If you're in pain, I'll blow on it for you. It hurts when I touch it, but it won't hurt when mommy blows on it.

"Yingluo, yes." I also want your mom to blow it for me. It'll definitely be better than yours!

At this moment, the presidential palace's staff arrived.

Everyone knew that they were going to talk about national affairs, so they could only leave.

Tong annian refused to leave, so Sheng Yiting said, " "Then you should go to your mother."

So, Tong Siyao stayed with Tong annian in her arms.

After the others left the ward, Gong mo was still in a state of shock.

Sheng nanxuan supported her. it's alright. Go back and rest.

"Since you're already here, go and see Rou Rou."

Lu Rou was also staying in this hospital.

After saying that, Gong mo suddenly thought of Gong Bai and turned around to look at him.

"I also want to go and have a look," Gong Bai said.

He came back this time because he saw the news on TV that Lu Rou's life was in danger.

He was unmoved when Lu Song passed away. But now that something had happened to Lu Rou, could she take it?

He knew that he could not do anything. She already had Lu Yang, but he was afraid that she could not take it. He had to see it with his own eyes to be at ease. If necessary, he could give her a little help or comfort.

Lu Rou was still living in ICU and had yet to wake up.

When Gong mo and the others arrived, they saw a man sitting by the bed. The man looked a little Haggard.

Gong Bai clenched his fists, and his heart was pounding.

It was her! It was her!

"Xinran." Gong mo called out softly.

Yu Xinran raised her head and slowly turned her head, but only a little. Gong mo was already standing beside her. She leaned on him and said, "What sin have I committed?"

"Don't be like this." Gong mo asked, "How long have you not rested? There's someone watching you in the hospital. You don't have to stay here all the time."

"I'm not here, she's gone!" Yu Xinran grabbed her and cried, "she's the only one I have left!"

Xinran ... Gong Bai couldn't help but say as he felt a sharp pain in his heart.

Yu Xinran's body stiffened. She slowly turned her head and saw him in a daze. Then, she stood up in surprise and wiped her tears in a panic. However, because she had not rested for many days, her head was heavy and her feet were light. Her body swayed and she almost fell.

Gong mo hurriedly held her up, and Gong Bai also reached out his hand, but he stopped halfway and withdrew it.

Yu Xinran steadied her nerves, took a deep breath, and said to Gong Bai, "Oh, it's you, Yingluo. Hello, long time no see."

She didn't know why, but everything that happened between them suddenly surged into her mind.

She had thought that she had long forgotten about it.

Lu Yang had been so good to her for almost thirty years. How could she not be moved?

However, when he saw Gong Bai, he would still remember what he should remember..

Chapter 1577: The truth behind the shooting

"Are you alright?" Gong Bai asked worriedly.

Yu Xinran shook her head, then nodded again. She cried sadly, "In my entire life, the only thing I care about is the child, but in the end, ran ran ..."

"It'll be fine," I'm sure she'll be fine, "Gong Bai said as he glanced at Lu Rou who was wearing an oxygen mask.

Yu Xinran nodded, looked at him, and said, "Thank you, Wanwan, for your auspicious words."

She wiped her tears, and the feeling she had when she first saw him disappeared, leaving only a kind of nostalgia and emotion of meeting an old friend.

we're old friends, but this happened to us. I can't entertain you, and you ...

She wanted to say "reminisce about the past with you", but it seemed that they could not reminisce about the past.

Fortunately, Gong Bai understood her and said gently, "It doesn't matter. The child is more important. When she's well, I'll definitely come to congratulate her."

Yu Xinran looked at him and was silent for a few seconds. "Alright," he said.

He didn't come to congratulate her on her wedding. So many years had passed, and the future was like a fleeting cloud. There was nothing to haggle about. They could really sit down and chat like old friends.

The news reported that President Sheng Yiting was shot during Capital University's mourning today, and he was currently unscathed. The suspect has been arrested and is under investigation.

The Department of Education issued a document, "the college entrance examination will be held next month, and the opening time for freshmen will be the same as in previous years."

The next two months were the hottest time of the year.

There were no more terrorist attacks in China, and Sheng Yiting did not resign. People's lives seemed to have returned to normal, but everyone knew that the scars would not disappear.

The results of the investigation on Sheng Yiting's gun attack had not been announced to the public, and everyone seemed to have forgotten about it.

Tong Siyao didn't know what to say!

To think that she had been so worried and even cried at that time. In the end, it was all a self-directed act by him!

It turned out that Sheng Yiting had arranged for a gun attack! (The guy who fired the shot is also mentally strong.)

Only a few people knew about it. Including Sheng Yiting and Tong Siyao, there were less than five people.

Sheng Yiting did not do this to gain sympathy, but to save a card for himself.

He was worried that this terrorist attack wasn't done by mere terrorists.

After the terrorist attack on the M Nation, they sent troops to eminya. Emilia was like a bottomless pit that had sunk the M Nation into it. They couldn't defeat the M Nation, and they were unwilling to retreat.

Therefore, they had always hoped to cooperate with China and hoped that China would also send troops to Emilia.

But Emilia didn't offend China, what was China doing?

If

This time, the terrorists were still related to Emilia. Could Hua still stay out of it and do nothing?

If this was the result, wouldn't it be as M Nation had wished? It was impossible not to doubt M Nation!

Moreover, even if they were pure terrorists, they were the same group of terrorists who attacked America, and their base was in Emilia. It was impossible for China to go to war!

Why should Emilia be the one to take the blame for the terrorists?

China didn't want to do anything that would violate the sovereignty of others.

And he didn't want to fight.

The President of China had always been stingy. He was unwilling to give up lives and money (except for the militant who created the coastal defense war). He would not take action unless it was absolutely necessary. He would rather take revenge elsewhere.

So, Sheng Yiting planned a shooting.

If the M Nation wasn't involved in this terrorist attack, he would push the blame to the M Nation and say that the person who assassinated him was a spy from the M Nation.

Therefore, after the terrorist attack, China was busy for two months. They had been comforting family members and strengthening anti-terrorism training, but they never mentioned revenge..

Chapter 1578: The Fox's tail is revealed

Many people wanted to avenge their compatriots. Seeing that the government had no such plans, they were naturally dissatisfied.

First, they complained on the internet, questioning and scolding the government. Then, they began to protest and petition, which became more and more intense.

If no one incited this, those who played politics would not be cowards, but idiots.

Hua's Intelligence Department took the opportunity to keep an eye on the spies!

Then, the United States released news that their troops stationed in Emilia had attacked the base of the terrorists and seized a memory device. The memory device recorded every action of the terrorists, including the attack on China on June 6.

Well, now that he had finally revealed his true colors, Sheng Yiting heaved a sigh of relief.

After having a meeting with his aides, he left the presidential palace with light steps and got into the President's car to return to the Sheng family.

School was about to start, and Sheng shuangxue and Tong silu would both be freshmen.

The two of them had never met before, but they had both applied to the School of Medicine at Capital University. He wondered if they would become good friends.

Today was the day that Tong silu would come to Beijing. Yao LAN hadn't seen Tong annian for a long time. She was worried that it wouldn't be safe for Tong silu to go on a long journey, so she accompanied her.

Since she was here, she had to meet Sheng nanxuan and Gong mo.

In other words, the parents of both parties were going to meet!

Sheng Yiting could not help but feel nervous!

So what if he was the president? He was still a son-in-law to his mother-in-law! He was afraid that Yao LAN would think that his status was too high and would not let Tong Siyao marry him.

As soon as Sheng Yiting entered the Sheng family's house, he heard the sound of laughter in the living room.

He sat on the stool and changed his shoes. He listened to the conversation between Yao LAN and Gong mo for a while. He also heard Sheng shuangxue and Tong silu chatting. They seemed to be getting along very well. He walked in and Tong annian ran over. "Dad! Grandma is here!"

"Yes, I saw it." Sheng Yiting turned to Yao LAN nervously. Auntie.

Yao LAN had never thought that she would see the president in person. To her surprise, Qianqian was her son-in-law!

She was also nervous and said uncomfortably, "President, you don't ..."

Sheng Yiting smiled. this isn't the presidential palace, I'm not the president. Even if I go to the President's House, I'll still be your son-in-law."

The others: " son-in-law, these two words come out of your mouth very smoothly!

When Yao LAN heard his words, he felt at ease.

She was on leave and only had a week's time. Tong Siyao and Gong mo took some time to show her around. Once the time was up, she returned to Xi Yuan.

Tong Siyao had suggested that she quit her job, but she felt that it would be a loss if she quit without a pension after working for so many years!

Besides, she couldn't let Tong Siyao take care of her. The money she earned was more reliable to spend.

Besides, she didn't know what to do if she didn't work.

On the second day after Yao LAN left, the semester at Capital University started.

The school held a grand opening ceremony at the field where the plane crashed on June 6th.

Sheng Yiting personally arrived to give a speech-

“Everyone knows what happened here three months ago. Recently, many people have been scolding me, saying that although I have given a lot of comfort to the families of the deceased, I can not make the living feel at ease. Because no one knew if the same thing would happen again one day.

I know that only by eliminating all the terrorists will everyone be able to rest easy. I’m standing here today to tell everyone that I’m about to give everyone an explanation! In China, no one was a coward, and no one would run away.. We will also take the initiative to attack and drag the terrorists out to hang them up and beat them up!’

Chapter 1579: How are you going to do what you said?

The media soon released their articles,”President Sheng Yiting gave a speech at Capital Universitys opening ceremony, intending to drag the terrorists out and beat them up to give everyone an explanation.”

Everyone thought,”is this the rhythm of attacking Emilia?”

Tong Siyao went to the National television station for a meeting today.

The TV station wanted to make a documentary to record the consequences and effects of this terrorist attack and invited her to participate. If possible, she would be responsible for it. Firstly, she had the ability. Secondly, as the future Madam President, she had connections. With her around, there was nothing to be afraid of.

Halfway through the meeting, the station head went out to take a call and came back to say Madam Tong, I’m afraid I have to trouble you again.”

“What is it?” Tong Siyao didn’t put on any airs. Anyway, she wasn’t Madam President now. Why did she have to put on airs?

The station head said,”just now, the president gave a speech at Capital University, and his words implied that he intended to send troops to Emilia.” If that’s the case, we have to do a special report on the war. At that time, I’ll invite Madam Tong to analyze the situation for the audience.”

Tong Siyao thought for a while and said, “there’s no rush. We’ll talk about it when they really fight.” I’ll take my leave first, there are some things I need to understand.’

Tong Siyao hurriedly got out of the car and walked into the President’s House.

She didn’t have to go through the security check. She went into Sheng Yitings office like a gust of wind.

There was no one else in the office, so Tong Siyao rushed to the desk, put her hands on the table, and looked at him. You’ re sending troops to Emilya to find the terrorists? ‘

“Is there a problem?” Sheng Yiting raised his eyebrows.

Tong Siyao couldn’t help but pound the table, ‘there are no terrorists in Emilia!

Country Ni had been searching for him for five years! Five years ago, the M Nation sent troops to Emilia on the grounds of counter-terrorism, but they couldn’t hold on anymore and wanted to drag others down with them. If you really do send troops, you will fall into their trap!’

Sheng Yiting spread his hands. I know. But I have to show my attitude. The whole world is watching.

Tong Siyao’s eyes widened and she calmed down. “Then you don’t plan to

Fight? How was he going to explain How are you going to do what you said?”

“We’ll first mobilize our troops and confuse the enemy, and then we definitely can’t fight. If we make a move, will the other countries be able to sit still? The United Nations didn’t object to it? If I really wanted to call, it wouldn’t be a matter of one or two days.”

Tong Siyao sighed and sat down. “I’m afraid the people there will be scared to death Yingluo.”

The people of Emilia were already frightened, or rather, they were more sorrowful than dead.

Internal strife and invasion made them feel that life would always be like that, and they could only slowly wait for death. Now that Sheng Yiting suddenly said that, the people of Emilia would also get the news. What would they think then? He would only feel more despair and fear!

Tong Siyao thought back to the days in the refugee camp, the friends and children she made there, and she couldn't bear to see them.

The territory of Emilia was filled with grief. Some extremists had created a suicide attack and felt that it was better to die now than to let others occupy it! (What kind of stupid logic is this?)

In the president's office, Sheng Yiting was discussing the content of the press conference with his staff.

The upcoming press conference would reveal the identity of Sheng Yiting's murderer and hint that he was a spy from M Nation..

Chapter 1580: The ending: miss Xin Rong is here

M Nation would definitely ask Sheng Yiting to hand her over, and Sheng Yiting would hand over a dead person-he had caught many spies-while ago, and he could just pick one. As for the warrior who had shot him, he was a hero of China! (A hero's heart is bitter, but the hero doesn't say it.)

This way, everyone would guess that the terrorist attack was caused by the M Nation.

In this way, in order to not fall into the trap, China would naturally not send troops to Emilia!

Just as Sheng Yiting and the others were discussing, someone came in and reported, " Mr. President, young master Gambino and miss Xin Rong are here. Madam Tong is entertaining them. They seem to have something to tell you.

"Invite them over." Sheng Yiting raised his eyebrows and thought for a while.

Xin Rong's true identity is the princess of the previous regime of Emily, " he said to his aides. perhaps she has some plans.

Everyone nodded.

Soon, Tong Siyao, Simon, and Xin Rong came in.

Xin Rong was becoming more and more imposing. He didn't call himself the Queen of the entertainment industry for nothing. She was wearing a long red dress, as if she had just come down from a red carpet, and her whole body was radiant.

"Mr. Sheng." Xin Rong stood among the political conspirators and looked at Sheng Yiting arrogantly. I have something to discuss with you.

Sheng Yiting had one hand in his pocket. The reporters at the presidential palace were recording his daily life and taking photos of their confrontation.

The two of them stood in the center of the camera, while the others became the background.

"What identity do you have?" Sheng Yiting asked.

Oh? " Xin Rong chuckled. under such circumstances, isn't the identity of an

Emilia enough? '

“Then what do you want to discuss?”

“Don’t attack Emilyya. I believe you know better than me that this is a conspiracy. You can send troops over, but they are hired by me. I’m planning to go back and join the army, rent an Army for me!”

Sheng Yitings face stiffened. He did not expect her to have such a bold idea.

It was a good idea, but how could she be so sure that the Chinese army would listen to her command? wasn’t she afraid of inviting a Wolf into her house?

“Are you sure?” He asked.

“Of course not!” Xin Rong laughed again.

Sheng Yiting, “Yueyue, are you kidding me?”

“I think it’s better for you to withdraw your troops and sell me firearms. I have money, but I don’t have a weapon. As for the people, there are still people in Emilyya!” hiss ... Sheng Yiting touched his chin, tempted.

The people around them began to whisper. They did not intend to fight Emilia. If they could help Emilia, they would naturally have another friend. But the prerequisite was that Emilia had to be independent! Now that they were in a state of disunity, there was no point in helping.

“Give me some time to think about it,” Sheng Yiting said, looking at Xin Rong.

In fact, he had already made up his mind.

He had already found out about Xin Rongs background from Sheng nanxuan. Ever since he became the president, Sheng nanxuan had told him many things that he did not know before. To be honest, some things that exceeded common sense were still quite shocking.

In his opinion, if Xin Rong really went to Emilyya to join the army, it would not be enough to just chase away the invaders. He would probably achieve something. In addition to her identity, she was a woman.

Therefore, working with her should be a sure-win business.

After Xin Rong left, he discussed with his advisor and came to an agreement.

It was a pity that with Emilyya's current state, even if it had endless potential in the future, it was not appropriate to mention it immediately. He could only hope that after Xin Rong achieved great things, he wouldn't forget the friendship he had with China..
