

Ditsy Wife 1601

Chapter 1601: The ending: dust settles

“He’s long dead!” Miyi Ishida sneered. If she didn’t die, where would I be?” “Where is she?” Yu Xinran roared.

“I don’t know!” maybe it’s been fed to the wolves! Have you ever seen a wild wolf? I love gnawing on bones!” ah ... Yu Xinran grabbed her head and smashed it against the road.

Miyi Ishida cried out in pain.

Gong Bai hurriedly pulled Yu Xinran away and persuaded her, ” “She can’t

Hearing that, Miyi Ishida wanted to commit suicide by biting her tongue. However, Gong Bai suddenly reached out his hand to grab her chin and dislocated it.

The police ran over with guns in their hands, and Miyi Ishida glared at Gong Bai.

Gong Bai could see the confusion in her eyes, so he asked, ” “You want to know who I am, right?”

Miyi Ishida nodded helplessly as she was cuffed by the police.

Gong Bai moved close to her ear and whispered, ” “There’s a man who’s good at using the whip.”

Miyi Ishida:

It was King! The original King! But he was not!

So he was King's student?

Gong Bai helped Yu Xinran onto the military plane. When they returned to the airport, both the Sheng family and the Yu family had arrived.

are you guys alright? " Everyone rushed up and asked.

Yu Xinran shook her head and asked Min Ling, "how's Lu Feifei?"

"He's fine. He just woke up and is looking for you." Min Ling supported her with heartache.

my ran ran "wanted to say something but suddenly fainted.

Everyone was panicking, but Gong Bai knew that she was just too tired. He calmly watched her being taken away by her family. He shook her hand and felt a slight pain in his palm.

Gong mo walked over," cousin, you're Yingluo?"

"I'm fine," she said. He chuckled.

Gong mo didn't ask him what he had been through all these years.

That was all in the past. He must have returned this time purely to dejected Xinran.

China had handed over Miyi Ishida to J country through diplomatic means.

It would be too aggrieving to kill her directly. He had to use her as a bargaining chip and evidence to negotiate with J country. After he got enough benefits, he would kill her!

Yao Lei's suffering could not be in vain, and the Lu family's death could not be in vain!

Hence, as soon as Ishida Miyi was handed over to J country, Hua country released the news: Famous violinist Lu duo plotted to occupy the family's property, killing Lu Yang, Lu Song, Lu Rou, and Lu Yang, causing them to be seriously injured.

When the private diplomatic affairs were over, Ishida Miyi was handed over to Hua country by J country. Hua country then shot her as the murderer " Lu duo.

When it was over, Miyi Ishida's body was sent to the Emperor of J-country, intact.

J-country's Emperor,"Hua country is too cruel!" He felt like he was going to have nightmares for the rest of his life!

In the hospital, Lu Yang was sitting on the bed, feeding him soup.

He had multiple fractures all over his body and would have to stay in bed for at least three to four months. It would take at least half a year to move like a normal person.

Yu Xinran hired a professional manager to manage Liu Guang group, and also asked Yu Ze to supervise. The Yu family was very much in favor of this. Yu Ze was already so old, and it was a good time for him to train.

Lu Yang was not worried that they would ruin the company. There were only three people left in the Lu family, and Lu Rou was still unconscious. If spending all their wealth in exchange for happiness, there was nothing wrong with it.

And now that he finally knew Yu Xinran's feelings, he was more than happy to be able to spend time with her quietly.

Yu Xinran raised her head and saw him staring at her. She was a little uneasy."What are you looking at?"

"You look good," Lu Yang smiled.

Yu Xinran blushed slightly and scooped some soup to his mouth.. “Open your mouth!”

Chapter 1602: The ending: farewell

Lu Yang opened his mouth and drank the soup, still staring at her. “How’s

Rourou?”

“It’s pretty good. Little uncle said that there’s a chance he’ll wake up, so we’ll just have to wait.”

“Yes, I am. She’s still young, so we’re not in a hurry. As long as she’s alive, that’s all that matters.’

Yu Xinran was about to say something when someone knocked on the door.

“Please come in,” she said.

The door was pushed open gently, and Gong Bai was standing outside.

Yu Xinran was stunned and glanced at Lu Yang.

Lu Yang coughed, not knowing what to feel in his heart.

Yu Xinran had confessed to him that Gong Bai had saved her at the critical moment. Otherwise, she would not have been able to come back.

Yu Xinran had also said that they had been together for so many years, and Gong Bai was already in the past. But he still minded a little.

“Hi,” he said. Gong Bai walked in with flowers and a fruit basket in his hands.

Yu Xinran put down the soup, pressed Lu Yangs shoulder, and walked toward Gong Bai. “Thank you, Qianqian.”

She took the items and put them aside.

“Are you feeling better?” Gong Bai looked at Lu Suan.

Yu Xinran walked over and stared at Lu Yang warningly, not allowing him to be sarcastic. Gong Bai passed by when you were in a car accident the other day. He was the one who called the ambulance and gave you first aid.

Lu Yang looked at her helplessly, “how bad am I in your heart?” Although I don’t like Gong Bai in my heart, I’m good at keeping up appearances!

“Thank you,” he said to Gong Bai in grievance.

“You’re welcome,” Gong Bai smiled and said to Yu Xinran, “ I’m going back, so I came to say goodbye to you.

Yu Xinran was stunned for a moment, then asked, “ Go back? You’re speaking as if you’re not a Chinese.”

Gong Bai was stunned for a moment before he said with a helpless smile,

“I’ve been outside for too long, so I’m treating the outside as my home.”

“Then come back when you’re free. Why don’t we go overseas to your place when Lu Yang is better?” She looked at Lu Yang with a smile.

Lu Suan had always been calculative with Gong Bai, but he suddenly realized that he was the winner! Then what was there to haggle about?

Moreover, he had already died once, so it seemed that he was a little stubborn to hold on to those knots in his heart.

He was wearing a neck protector, so it was inconvenient for him to move. He could only nod slightly. “If you welcome me, I’ll take Xinran there.”

“If you don’t mind, you can bring her here,” Gong Bai said.

There was a hidden meaning in their words.

Yu Xinran smiled and reached out to hold Lu Yang’s hand.

Gong Bai took a glance at it and heaved a sigh of relief even though he felt bitter inside.

At least, she was truly happy.

When he left, Yu Xinran went to see him off.

Yu Xinran wanted to say something to him, but she couldn’t find a single word.

The two of them walked out of the hospital in silence. After walking along the wall of the hospital for a long time, Gong Bai suddenly stopped and said, “go back. Lu Yang will be worried.”

Yu Xinran looked at him and reached out to hug him. She took a deep breath and said, “If you had come back to find me back then, I wouldn’t have left with you.”

Gong Bai paused and hummed in agreement.

Yu Xinran let go of him and turned to leave.

He could hear her crying.

He knew that she was consoling him, telling him not to think about that matter and not to ask if.

“If I had gone back, would things have been different?”

Actually, she didn't know either, right?

Because there were no ifs in life.

He turned around, and the two of them were further away.

Perhaps they would never meet again in the future, or perhaps they would meet often like old friends and greet each other as if nothing had happened.

However, even if she had feelings for him, they were not important anymore..

Chapter 1603: The ending: acknowledging family

They had lived their entire lives and knew that the earth-shattering love they had when they were young was just a small matter. There were many things that were more important than love, but love was the most hurtful.

Yu Xinran returned to the ward and found Lu Yang looking outside when she entered.

She walked over to hold his hand, and he smiled. "I thought you weren't coming back."

"I don't want to hear such words anymore." Yu Xinran looked at him unhappily.

"Yes." Lu Yang hurriedly said, "I won't say it again."

Yu Xinran smiled and sat beside him. "There's something I haven't told you."

Song might have a child. Rourou and I went to see him before to find out, but

"What's going on?" Lu Yang anxiously asked, "why didn't you tell me?"

"I'll tell you after I'm sure. I'm afraid you'll be overjoyed." Yu Xinran frowned.

now that I think about it, it's a good thing I didn't say anything. Otherwise, if Wanwan was found out by that imposter, she might be gone again.

Lu Yang felt a lingering fear in his heart.

yes, I'll go and check tomorrow to see if I can confirm it.

Because Bai Chun was Tong Siyao's friend, Yu Xinran asked Tong Siyao to introduce him to her.

It had been a long time since Tong Siyao went to Sheng Yitings house and saw Bai Chun and the child.

After she got out of the elevator, she opened the door and invited Yu Xinran to the living room. Then, she went to press Bai Chun's doorbell.

Soon, Bai Chun opened the door and said with a smile, "Madam President, why are you free to come? "

"I have something to tell you." Tong Siyao laughed.

Suddenly, he heard the sound of footsteps, which made him feel nostalgic.

Tong annian was older now, and the sound of him running around wasn't as cute as before. She looked down and saw a little boy standing behind Bai Chun. He was hugging Bai Chun's leg and looking at her with an adorable expression.

"Little one, call me Auntie," Bai Chun said as he picked him up.

aunty ... Xiao Budian called out and shyly hid in Bai Chun's arms. He then looked at her again. are you uncle's girlfriend? ' pfft! Tong Siyao laughed, "you're so clear!

Bai Chun's face darkened and he said to Xiao Budian, "Don't talk nonsense!

She's not uncle's girlfriend!"

"Ohoho." The little guy lowered his head in disappointment.

go play with the nanny," Bai Chun said, putting him down. uncle and Auntie have something to talk about.

The little guy pursed his lips. He still wanted the Auntie to be his uncle's girlfriend, so he ran away while looking back at her every few steps.

what is it?" Bai Chun asked Tong Siyao. what is it? '

Tong Siyao called him to the corridor and told him her purpose in a low voice.

When Bai Chun heard that Yu Xinran was at her house, he glanced at her door and nodded. alright, I also want to know who Bai Pu t s father is.

“Bai Purr

“I gave the little guy this name.”

“It’s pretty nice.”

Tong Siyao immediately went to tell Yu Xinran. When Yu Xinran came out, Bai Chun was already waiting outside with Bai Pu in his arms.

“Sorry for disturbing you,” she said to Bai Chun nervously.

She took a look at Bai Pu. The child was fair and adorable, very pleasant.

She said,“even if the child is not from the Lu family, the Lu family can still adopt him- ‘t

“No need,” Bai Chun refused. forget it. If he is, I’m his uncle.”

He knew that he couldn’t win against the Lu family and couldn’t fight for the custody rights. However, they could not let the child break off their relationship with him.

“Of course!” Yu Xinran hurriedly nodded.

The two of them took the child to the hospital, and Tong Siyao didn’t follow.

After drawing the child's blood, Yu Xinran brought Bai Chun and Bai Pu to Lu

Yang's ward..

Chapter 1604: The ending: proposal

Lu Yang also liked the child very much and kept him in the ward to play.

The DNA test results came out very quickly. Bai Piao was indeed Lu Song's child.

Yu Xinran was overjoyed. She said to Lu Yang, "God is finally good to us!"

At this moment, a nurse ran over in a hurry. "Mr. Lu, Mrs. Lu, Miss Lu is awake!"

Yu Xinran stood up and hurriedly said to Lu Yang, "Don't worry, I'll go and take a look!"

She told Lu Yang not to be anxious, but she ran away quickly as if she was anxious about something.

Bai Chun hugged Bai Pu and said to Lu Suan, "Congratulations, Mr. Lu." Lu Yang paused and nodded, but he sighed in his heart.

He hoped that Tai would come earlier so that Lu Suan and Lu Song would be safe even if Lu Yang and Helen were destined to be together. And Duoduo, the smart and sensible Duoduo.

On Christmas Day, it snowed heavily in Beijing.

When Tong Siyao woke up, she saw Sheng Yiting standing in front of the window, wiping it until it was bright.

“What are you doing?” Tong Siyao asked, her voice a little hoarse. It was Christmas Eve last night, and the two of them were so intimate.

“I’ll let you see the snow.” Sheng Yiting walked over and placed his hands on her sides. He lowered his head and kissed her. Merry Christmas.

“Merry Christmas.”

Tong Siyao wrapped her arms around his neck and kissed him back. Then, she turned to look out the window. It was all white outside.

Sheng Yiting lowered his head and rubbed his head against her neck. “What do you want as a Christmas present?”

“I’ll take whatever you give me,” Tong Siyao said with a smile. “I’ll take whatever you give me.”

Sheng Yiting smiled and raised his right hand in front of her.

She looked at him and saw that he was clenching his fist.

The fist loosened, and a shiny thing drooped down.

On closer look, it was a chain, and at the bottom of the chain hung a small sock inlaid with diamonds.

Tong Siyao laughed. These Christmas socks are too luxurious!

the gifts are all in the socks. Guess how luxurious the gifts will be in such luxurious socks?

Tong Siyao was stunned. She seemed to have sensed something. She took the sock and looked inside. There was something stuck inside. It looked like a ring.

She raised her head to look at him. He stared at her with a threatening look. "How is it?" I dare you to refuse!

"How?" She asked seriously.

Sheng Yiting smiled, put his little finger into his sock, and gently took out the ring.

Tong Siyao held her breath and became nervous.

What to do?

She had not washed her face! He hadn't brushed his teeth!

That's right! He wasn't even wearing any clothes!

Why didn't he propose according to the rules? Who proposes with unkempt hair and dirty face?

Sheng Yiting knelt down by the bed, held her hand, and kissed it gently. He stared at her and said, "Yaoyao, Will you marry me?"

"Can you let me wash my face, put on some makeup, and change into some nice clothes?" Tong Siyao felt that this was not too serious.

"No! I want you to answer me now!" Sheng Yiting held her hand tightly. I've waited too long. I don't want to wait any longer. He didn't want to wait a minute, a second longer. Because every minute and every second of waiting is torture to me-

“Alright, I promise you.”

every minute and every second of suffering! Sheng Yiting was stunned and looked at her in surprise. what did you say?!

“I promise you.” Tong Siyao laughed. it’s only been a second and you’re going back on your word? ‘

Sheng Yiting was overjoyed. He hugged her and kissed her on the face.

ah ... Tong Siyao screamed and pushed him away. She wrapped herself in the blanket and glared at him unhappily.

After he did that to her last night, she didn’t wear anything..

Chapter 1605: The ending: Queen

Sheng Yiting burst into laughter. He grabbed her hand and put the ring on it. Then, he held her face and kissed her hard.”Honey! I’m going to give you the grandest wedding in the world!” don’t waste money,”Tong Siyao said, blushing. don’t waste money.

“No taxpayers ‘money!’

Tong Siyao looked at him and smiled shyly. “Alright

Sheng Yiting felt that he could never be happier than today. Just as he was about to pounce on her and kiss her, someone knocked on the door. Sheng Yiting took a deep breath and suppressed his anger. “What is it?”

“Mr. President!” The person outside shouted. The M Nation has just announced to the public that they will withdraw from Emilia in two hours!”

On Christmas Day, Emilia declared its independence again.

The war had been going on for five years, but the past five months had been the most depressing!

M Nation expressed, “baby’s heart is bitter, baby won’t play with you guys anymore!” The baby wants to go home!

The emirians celebrated as they watched the M Nation leave in defeat.

King had also returned to the country with his assassins. Fighting a war wasn’t really suitable for him. He felt a little aggrieved that he had to listen to Xin Rong’s commands. He had always been the one giving orders, alright?

Xin Rong sent him off warmly and King couldn’t help but ask, ” “Your Highness, I helped you win the battle. If you ascend to the throne, will you remember my good deeds and give me a title or something?”

Xin Rongwei lifted his chin and said with certainty, ” “If I can be the Queen, I’ll definitely have your title!”

Simon was panting in anger. Xin Rong turned around and smiled. “If I can become the Queen, you will be the Prince’s husband.”

Emilia announced its unification and a new regime was established.

The new regime was a constitutional monarchy, supporting Xin Rong as the Queen. The coronation ceremony would be held on January 1st of the following year, and Royal dignitaries from all countries were invited to attend.

Royal families and politicians of various countries: Don't split up again in two days!

There was less than a week left until January 1st, and the Royal dignitaries of various countries expressed that they were very busy! January 1st was the new year, and the schedule for that day had been arranged two months ago!

What could he do at this moment?

If he couldn't go, he could send his subordinates!

Countries that had good relations with China also echoed and sent people to send congratulatory gifts.

Therefore, on that day, more than 20 countries went to congratulate him.

Xin Rongs fans in the entertainment industry had already recovered from the shock and were all wailing in her Weibo.

[you call me Queen every day. When I really become a Queen, I don't want to accept it anymore. Because the real Queen is too far away from our world, we can't tease her anymore! This comment was pushed to the top.

"Eh? Wasn't I the one who was teasing you?" Xin Rong's true body suddenly recovered.

"Ya! The Queen!" Everyone was shocked.

rise m "the Queen was affable.

"Didn't you go to be a Queen?"

"How hard is it to go on Weibo? We, Emilyya, also have a net!" The Queen was disdainful.

wuwuwuwuwuwuwu! everyone was extremely touched and shouted, "it's indeed the great queen! It's still the same familiar recipe and taste!"

Chapter 1606: Follow-up, he's your biological son, after all

Gambino and Shan Rong had also gone to attend Xin Rong's coronation ceremony. With so many things to do in Emilia, Xin Rong had no time to entertain them, and they could not find a place to play. The next day, they came to China, which happened to be Sheng Yiting's birthday.

Although Sheng Yiting was the president now, he tried to keep a low profile when it came to personal matters. He celebrated his birthday at home.

Yao Lei and Yao LAN had also come to the capital city and planned to spend the new year there. Together with Gambino, Shan Rong, and Tong silu, the place was rather lively.

Shan Rong and Gambino were the last to arrive. It was Tong Siyao's first time meeting them, so she felt a little awkward and guilty. She still remembered that a few years ago, on Sheng Yiting's birthday, she had dumped him.

Er, the two elders wouldn't remember this, right?

"Niannian!" Gong mo called Nian Baobao, "quick, call her great-grandma!

"Great grandmother!" Nian Baobao rushed to dan Rong agitatedly. Baobao missed you so much!

Aiyo! Shan Rong was overjoyed and hugged him in her arms. I missed you too!

"Your son still hasn't changed his habit of sucking up!" Yao LAN said to Tong Siyao.

Tong Siyao, "Yingluo."

Nian Baobao and great-grandma had seen each other many times through video calls. They had been busy for the past few days and had not contacted each other. Nian Baobao was not lying.

Shan Rong got to know Tong Siyao and Yao LAN. Then, Gong mo accompanied her to her room to put away her luggage and change her clothes.

Gong mo asked, "is Simon still in Emilia?" I haven't seen him in a long time. How is he?"

"I'm going to be the Queen's live-in son-in-law, how can it not be good?"

"Uh, hehe."

Shan Rong sighed. she's the queen of a country. We can't possibly ask her to abandon her country and follow Simon to Italy, right? ' that's true. Gong mo nodded.

"It's a pity that the son I've raised all my life is someone else's."

Gong mo said, "Yingluo, you don't seem to care about Simon at all." Simon still spent his youth in China. You can go and have fun with dad!

"I wonder what your dad's career will be like."

Gong mo was also a little troubled. Shan Rong and Gambino were already so old, and the inheritance was indeed a problem. However, he couldn't separate Simon and Xin Rong.

"Let him be! The countrys leaders are in the country every day, and they're even going overseas for a visit, so there shouldn't be any problems!" Shan Rong was no longer troubled. anyway, he came suddenly back then. Just pretend that he didn't give birth!

“Yingluo!” He’s your biological son!

Simon cried until he fainted in the toilet!

“Sigh, I’ll still carry niannian!” Shan Rong laughed. only children are cute. You guys won’t be cute anymore when you grow up.

“Yingluo’s mother!” Gong mo hurriedly led her to the living room.

When Shan Rong saw the room full of important figures, she said to Gong mo with a sigh, “Back in Nanjiang, who would have thought that this day would come? I don’t even think I’m worthy of the young master of the Sheng family

“He’s been dead for hundreds of years, why mention him?” Gong mo frowned.

nanxuan will be unhappy if he hears this.

tsk, that’s the only bad thing about him. He has a weird temper! Shan Rong smiled. but he’s good to you. The best thing you’ve done in your life is to marry him! ”

“That’s true I’ve had good taste since I was young!” Gong mo laughed.

When they were in high school, others thought Sheng nanxuan was a dandy, but she liked him.

Sheng nanxuan was talking to Sheng Yiting, Gambino, and Yao Lei when he suddenly turned around to look at her.

She was stunned. She knew that he had good hearing and heard her again. She could not help but smile awkwardly.

Sheng nanxuan also smiled and turned to Sheng Yiting. When do you and Siyao plan to hold your wedding?

“Probably in the second half of the year, in September or October..”

Chapter 1607: Follow-up: Xin Rong pregnant

In Emilia, Xin Rong asked Lin shifei to set up the National Security Bureau, the intelligence Bureau, and the aviation Administration. Jarl lassen was appointed as the defense minister, Hu Kecheng as the Foreign Minister, Wen Qianyi as the intelligence director, and Angel as the health minister.

They had meetings every day, and Xin Rong was extremely busy. Simon felt like he was being ignored and couldn't help but feel a little emotional!

At night, Xin Rong returned to his room, exhausted.

She was staying in a hotel, not the palace.

He went to the Imperial Palace for the day of the coronation.

Damn it, after so many years of war, there was nothing in the palace. The

good things had long been taken away, and only the houses were left. There was no air conditioner or central heating in the bedroom, and it was leaking everywhere in the middle of winter. Now that there was no money to repair it, who would want to live in it?

As a result, Xin Rong and his subordinates temporarily stayed in the hotel.

At least the hotel had a Presidential Suite, so it was more enjoyable. Walking into the bedroom, Simon looked at her angrily.

She walked over with a smile, "what's rong?" Are you not happy?"

"I want to go to China tomorrow to spend the new year with my parents, and then go back to Italy. Anyway, you're so busy here and I can't help you, so why don't you go and do your own things?"

"Why don't you spend New Year's with me?" Xin Rong pouted.

"Do you have time to celebrate the new year?"

Xin Rong thought for a moment before answering seriously, "I don't think so!"

Simon was furious.

I didn't want to either Q'she stood up innocently, raised her hand, and stretched. I'm so tired, Yingluo. If I had known that being a Queen was so tiring, I would have gone with you to be- "

"What?" Simon asked.

Xin Rong's body swayed and he looked at him in pain. "Erhuo, I'm dizzy . . . "

Then, he fell onto the bed.

Hey! dan erhuo shouted, " what's wrong with you?!"

Xin Rong lay on the bed, motionless.

Simon helped her up and saw that she looked normal, but she couldn't wake up.

He hurriedly made her lie straight and called Anqi over.

Anqi's medical skills were exceptional, and she lived just downstairs, so it was the most convenient to find her.

After a while, Angie rushed over, followed by jarl lassen and Hu Kecheng. Lin shifei and Wen Qianyi were a little late. From the looks of it, they were probably having sex.

Anqi examined Xin Rong and didn't find anything unusual. After some thought, she asked, " "Could she be pregnant?"

Everyone looked at Simon. Simon's eyes widened."It's, it's possible."

Xin Rong ignored him during the day but didn't do so at night. The two of them hardly stopped the activity of creating life. However, in a place like Emilya, everything was lacking, and the supply of condoms was in short supply. Sometimes, the two of them did not take any measures.

Simon took a deep breath and nodded with certainty. "She's definitely pregnant!"

"I'll check her blood," Angel said.

"I'm going to be a father!" Simon clenched his fists in excitement.

At this moment, the church in Emilya's home country had also sent people. The Bishop heard this and said happily, " "The royal family has an heir!"

Simon was dumbfounded, "that's my child!" What does it have to do with your royal family?

However ,

He was really a descendant of the royal family.

However, shouldn't it be his child first?

The entire royal family and the government were overjoyed, as if they had completely excluded Simon.

Simon was so angry that his liver hurt!

The next morning, Xin Rong woke up and saw Simon standing by her bed, looking at her with excitement. She couldn't help but ask, "You're still so happy that I've fainted?"

Simon grabbed her hand and said with a silly smile, "Of course, you have to be-"

"Oh." I'm pregnant, right? " Xin Rong asked calmly..

Chapter 1608: Follow-up: how can a child not have a father?

"Can't you be a little more stupid?" Simon was stunned and said gloomily.

Xin Rong sat up, "if I'm a little silly, the people will suffer again!" Oh right, I still have a meeting today. What time is it?" you're pregnant! Simon shouted. what's the point of the meeting?

"Isn't it just pregnancy?" Xin Rong jumped off the bed. you're not human just because you're pregnant? It's a protected animal? If you dare to take the opportunity to deprive me of my power, get lost!"

"Who wants to deprive you of your power? I'm telling you to rest!" Simon angrily said, " Xin Rong! I'm telling you, this child is not only yours, but also mine! "

Xin Rong walked to the bathroom door and turned to look at him. "I didn't say it wasn't yours." He then closed the door.

Simon was stunned. After some thought, he called dan Rong and Gong mo to report this good news.

When Xin Rong came out, he immediately went over to help comb his hair and put on his clothes. Xin Rong found him annoying, so he was only making things worse!

"What are you doing?" she asked. I don't see you being so nice to me usually. You're so attentive when you're pregnant! In your heart, am I more important or is the child more important?"

"Both are important!" Simon hugged her and said sweetly, " my mom asked when we're getting married.

"We'll get married after I'm done with my work." Xin Rong said helplessly, " you also know the current situation. I can't delay the countrys Affairs because of my personal affairs, right? By the way, do you want to prepare for the wedding? Since you're bored, I'll find something to do."

Simon was stunned.

Weren't wedding preparations all Women's Business? Why were they the other way around?

However, she was the Queen, so it seemed that he was the only one who could come.

"Alright then," he said helplessly.

Xin Rong still had meetings every day and would occasionally go out for inspections.

Simon was extremely nervous. the first three months of pregnancy are the most important. Can you take a break? " he asked. The last time I fainted was because you weren't paying attention! "

Xin Rong was furious. I'm already resting at six. What else do you want?!

"You didn't rest? You're clearly still reading the documents!"

you ... Xin Rong was furious. then I'm not getting married! Go play with your own balls! I'll give birth to the child myself, you stay out of it!"

"How can a child not have a father?"

Xin Rong was taken aback. He looked at him and laughed coldly. "This is Emilia."

Simon blinked. So what if it's Emilia? Could Emilia be without a father?

The population of Emilia had long been in a negative growth. Xin Rong had been holding meetings these few days to draft the " anti-abortion laws ' same-sex marriage laws ' surrogacy policies ", and " adoption policies .

At this moment, he had a flash of inspiration and immediately asked someone to add another "policy for single women to have children."

After Simon learned of this, he hid at the foot of the wall and drew circles in frustration.

Single women [giving birth]

Was she trying to start with him?

Wasn't he just concerned about her? How could she do this?

After drawing hundreds of circles, Simon suddenly had an idea!

Xin Rong had a nightmare. Someone had drugged her, and she fell with her big belly. She rolled around messily for a long time and ended up in a pile of roses!

The rich fragrance made her sneeze. She woke up immediately and realized that she had really sneezed!

Achoo ... Xin Rong sneezed again. He opened his eyes and saw flowers in front of him. He turned around and saw that the house was full of flowers!

“F * ck!” Xin Rong sneezed again and roared, ” Shan Yan!

Was she trying to suffocate her to death?

She covered her nose and got up, the Rose fragrance still drifting into her

nose..

Chapter 1609: Follow-up: Simon proposes

She wrapped her coat around herself, opened the door, and walked out of the room. All she could see was roses!

Even rice could not be planted in Emilia, so who would know how to plant roses? Where did this fellow get it from?

The corridor was also filled with roses, and some waiters were placing them.

When everyone saw her, they bowed respectfully. "Your Majesty."

"Where is Mr. Dan?" Xin Rong asked.

"Uh, hehe."

"Tell him to get his ass back here!" Xin Rong turned around and returned to

his room. hurry up and move the flowers in my room!

"This ...

"Achoo! Are you moving?"

"Move!" Her Majesty the Queen sneezed, how could she not move?

Xin Rong went back to his room to wash up. When he entered the bathroom, he found that it was also filled with roses.

On closer look, there were also lilies in addition to roses.

Xin Rong sighed. He personally moved rose out, washed her, and changed her clothes.

Looking at herself in the mirror, she couldn't help but smile. She turned around and walked to the flowers, picked a red rose, and put it in her ear.

At this moment, Simon came in and saw everyone moving the roses away. He asked Xin Rong anxiously, "You don't like it?"

"You almost killed me!" Xin Rong glared at him.

uh, hehe. Simon was a little guilty, but he was happy to see a flower on her ear. you look so good like this!

“Where did you go so early in the morning?” Xin Rong rolled his eyes.

“I’ll make you breakfast!” you ... Xin Rongs eyes widened. are you crazy? ‘

“Ahem!” Simon felt a little guilty and turned around to ask the waiter to push the dining cart in.

Xin Rong looked at him thoughtfully. He ran to place the food on the table and turned back to ask, “Do you want to eat?”

Xin Rong walked over. On the table was a bouquet of roses, a glass of milk, a fried egg, and a cheese cake.

On the cheese cake, it was written in red jam: Marry me!

There was a diamond ring on the side of the word “me.”

Xin Rong furrowed his brows and looked at him speechlessly. “You’re too old-fashioned!”

“I made it myself!” Simon replied. “The ring was also made by you?”

“Yingluo, this one isn’t.”

Xin Rong sat down, raised his hands, and moved his fingers. “Water? I want to drink some water first.’

Simon hurriedly asked someone to bring a glass of water and then looked at her eagerly.

She scooped a little cake and put it in her mouth, saying, "I'm too tired of eating this in the morning."

"Marry me." Simon stared at her.

"No!" She shook her head.

"No?!" Simon's eyes widened.

"Yes." Xin Rong nodded.

Simon suddenly felt like a deflated ball and sat on the side with his head drooped.

Xin Rong ate his breakfast slowly. He had finished everything except for the cheese cake. He didn't eat the "me" left.

Simon looked at it and asked pitifully, "You're really not going to marry me?"

"Marry, marry, marry!" Xin Rong said unhappily, "who said I'm not marrying? If you don't marry me, I'll kill you! It's this ring of yours, how am I supposed to wear it? Hurry up and clean it up!"

Xi Meng was overjoyed. He immediately jumped up, grabbed the ring, and ran to the bathroom.

When Xin Rong saw the hole in the cake, he held his forehead speechlessly.

Soon, Simon rushed out and knelt on the ground a few meters away from her. He slid to her side.

Xin Rong was dumbfounded!

Simon raised the ring and said, "my wife ... No!" Xin Rong, marry me and be my wife! "

Okay, okay, okay! Xin Rong hurriedly raised his hand. He was afraid that he would go crazy if he didn't agree.

Simon put the ring on with a smile and looked at him.. "So you're so eager to marry me?"

Chapter 1610: Follow-up: must be grander than yours

"Don't act like you've gotten a bargain!" Xin Rong retracted his hand.

"Your Majesty, the Bishop and the Prime Minister are here," the Secretary said.

Simon immediately stood up and helped Xin Rong up.

Xin Rong turned around. The Bishop saw the ring on her finger and his eyes flashed. He bowed and said, "Your Majesty, I have something to discuss with you."

"Let's go to the meeting room." Xin Rong said. He turned to Simon and whispered, " take away all the flowers! I'm choking!"

yes, yes, Yingluo, " Simon asked. how about making rose cakes? " It's definitely delicious.'

"Alright! Don't waste it!" Xin Rong turned around and left with the Bishop and the rest.

"The Queen wants to marry that gang member?" the Bishop asked after entering the meeting room.

"Can't I?" Xin Rongs eyes swept over him.

“You are the Queen!” The bishop’s face darkened.

“But I’m already pregnant with his child.”

“Yingluo, didn’t you set the policy that single people can have children?” “You were against it back then.” Xin Rong’s eyes widened.

The church was an old fogey. Not only did they object to single children, but they also opposed same-sex marriage.

However, since she said that she wanted to abolish the church, no one could do anything about it!

The Bishop choked and looked at the Prime Minister.

The Prime Minister said, “Mr. Dan’s identity is indeed not very good.” We haven’t entered the Federation yet, and we haven’t established diplomatic relations with other countries. I’m afraid it will have a bad influence.’

Xin Rong was displeased!

She was already a Queen, so why couldn’t she marry the person she wanted to marry?

“Don’t you guys think that he is a great support?” She asked.

“What’s there to rely on?” The Bishop asked.

Xin Rong stood up and slammed the table. We’ve just gained independence, and the surrounding countries are still eyeing us. We don’t even have our own nuclear weapons, nor do we have enough guns and ammunition. Who else can we rely on if not him?! I was a mercenary and an assassin. If I can be a Queen, why can’t he be the Queen’s man?”

The Bishop was so intimidated by her that he did not dare to speak and looked at the Prime Minister.

The Prime Minister lowered his head and submitted.

The country's economic development still needed to rely on the rich husband. Wang Fu was the uncle of Country M's President. With him around, wouldn't the diplomatic relationship with Country M be very good?

After the new year, Sheng Yiting announced to the public that he was going to hold a wedding and invited politicians from all over the world to attend.

To this end, the reaction of most countries was: Sheng Yiting had been in office for less than a year, but he had already caused so many troubles. Would he be recorded in his little notebook if he didn't go?
Country J: I want to go but I don't dare to, wUwUwU

M Nation: I won't go!

Country A, I won't go to my border!

C nation: "oh yeah! Our brother nation is having a wedding again. Bring more people to freeload food and drink.

Emilia: "I also want to have a wedding! It must be grander than yours!

As soon as Simon and Xin Rong announced their marriage, Sheng Yiting contacted Simon and asked, "Uncle, when do you plan to hold the wedding?" "How about you?" Simon asked.

The two of them thought to themselves, I must be in front! Otherwise, if everyone were to pay attention to you, who would care about me?

half a year, "Sheng Yiting replied. after all, we still need time to prepare for the wedding.

“Me too,”

Sheng Yiting suddenly realized that it was no longer the second half of the year.

At most, he had started preparing two months earlier than Simon, so he did not have much time advantage. They were both in the second half of the year, not far from each other. Only if he and Simon were to come next year would they not affect each other!

uncle,” Sheng Yiting said, “why don’t we hold it next year?” “Why don’t you wait until next year?” Simon exploded..
