

## **Ditsy Wife 1681**

Chapter 1681: My parents are coming

“What?” Tian Yuan looked at him in confusion.

“I’ll go buy you some fish.”

Tian Yuan was silent for a few seconds before she said playfully, “It’s fine as long as there’s food!”

Lin weiqin smiled excitedly and immediately went out.

Tian Yuan looked at his back and sighed softly.

She agreed to his request because she wanted to eat his cooking. More importantly, it was because Hanhan had already worked so hard and she didn’t want to be so unreasonable.

She didn’t know what her feelings for him were, but she didn’t want to regret it when she figured it out.

She lowered her head and started to wash the vegetables. Suddenly, she thought of something and sent a text message to Lin weiqin: Buy a can of Coke.

About 20 minutes later, Lin weiqin returned with fish and Coke, as well as some ingredients.

He walked into the kitchen and Tian Yuan handed him the apron.

“You want to make Cola Chicken Wings?” he asked as he tied the string.

Tian Qi paused and nodded helplessly. She thought angrily, You think you're the only smart one? I told you to buy Coke, so I'm making Cola Chicken Wings!

However, he had just taken out the chicken wings and then asked him to buy Coke. Anyone who could cook would think this way, right?

"Will it be troublesome?" she asked.

"No," she said. He looked at her lovingly, then immediately moved away and put the fish in the sink. what fish do you want to eat?"

The fish was alive, and its tail swayed twice.

"Why didn't you kill them?" Tian Yuan asked curiously. Didn't all fish sellers know how to kill fish?

"It's a waste of time," He wanted to get back as soon as possible so that he could do something else while killing the fish.

Oh, Yingying. Tian Yuan often cooked and seemed to understand what he meant. can we make squirrel fish? "Alright. How about the ribs?"

She nodded and helped him.

Lin weiqin first stewed the ribs in a claypot, then made the chicken wings, and then went to kill the fish.

By the time the chicken wings were ready, all the other ingredients had been prepared.

Lin weiqin made two small stir-fried dishes first. Tian Yuan smelled the fragrance and was in an extremely good mood, and she couldn't help but smile.

Lin weiqin was also very happy and asked softly, "What else do you want to eat?"

uh, hehe. Tian Yuan thought for a while and looked at him in embarrassment. last time, you said 'Xue Mei Niang.

"Alright, I'll make it for you later." He smiled and nodded.

Tian Yuan nodded, but suddenly realized that she had not contributed much, so she said awkwardly, "I'll cut a plate of fruit. It'll be good to make a snowy maiden later.'

"Alright!

Tian Yuan happily went outside to get some fruit. Lin weiqin asked, "Isn't it very suffocating here? Do you want to do it outside?"

"It's fine.'

Lin weiqin's heart suddenly softened.

He liked to stay with her, and cooking together in a small kitchen was even more meaningful.

His heart thumped as he packed the vegetables. Tian Yuan immediately wiped her hands with a kitchen paper."Give it to me,"

She took the dishes to the dining room, and there was only a squirrel-shaped fish left.

The fish had just been fried and she was about to cook the sauce when Tian

Yuan's phone rang.

She went out with the fruit platter and saw that it was Zeng Shuai.

After she picked up the phone, her expression changed. She hung up the phone and went to find Lin Yuqin."Brother Wei Qin . . . 'E

Lin weiqin's back trembled, brother weiqin? How long had it been since she had called her that?

He was dumbfounded. Tian Yuan rushed up to him and pulled him back."Not good

"What's wrong?" Lin weiqin hurriedly came back to his senses.

"My parents are coming!" Tian Yuan said anxiously.

they called me for lunch. I said I was done and they were coming! Tian Yuan was both anxious and embarrassed.. what should I do? '

Chapter 1682: If you want to suffer, it'll be someone else's

"Where are they?" Lin weiqin asked an extremely important question.

If he was already at the door, he would be injured or disabled today!

Tian Yuan also thought of this and said in horror, "I ran ran, I didn't ask."

Lin weiqin turned off the fire,"then I'll go first, ran ran."

Tian Yuan nodded lightly.

He took off his apron, not expecting his luck to run out so quickly. He was a little stunned."The sauce that Yingying made is all there. Wait, wait for uncle and aunty to come, then you can make it yourself."

“Alright, alright.” Tian Yuan panicked a little. She was afraid that he would touch CEng Shuai. If that happened, CEng Shuai would definitely beat him up without a second word.

“Will you?” He asked.

“My ran ran, my dad knows how to.”

“That’s good.”

While they were talking, Lin weiqin walked to the door and Tian Yuan said awkwardly, “I’m sorry, Yingluo.”

“I’m fine.” Lin weiqin changed into his shoes and left.

Tian Yuan stood at the door and looked at him, saying helplessly, “I’ll treat you to a meal next time.” “Alright,” he smiled.

“If I meet my dad ...”

He thought for a while and said, “Yingluo shouldn’t be that cowardly.”

Not that much?

Unlucky?

Lucky?

He felt that it was both.

After he left, Tian Yuan closed the door in a low mood and thought gloomily, "It seemed that this was the will of the heavens. It was impossible for them to be together. Just a while later, someone came to destroy it."

After sitting for more than ten minutes, commander Zeng and Tian Cheng arrived.

Tian Qi estimated that the two of them had not touched Lin weiqin and heaved a sigh of relief.

She opened the door, and Zeng Shuai immediately called out, "Aiyo, it smells so good! What did you do?"

Tian Yuan didn't say anything and turned to walk toward the living room.

Zeng Shuai changed his shoes and ran over in a hurry. "Baby, why are you unhappy?"

Tian Yuan said aggrievedly, "I'll be hungry and wait for you guys to run."

"Alright, alright, dad was wrong! You're eating now!" Zeng Shuai's heart ached for her, and he apologized while running to the kitchen. Once he entered, he shouted, "Squirrel-shaped fish?"

"I haven't finished yet," Tian Yuan said as she walked over.

"It doesn't matter! Daddy, come!" Zeng Shuai immediately rolled up his sleeves and said to Tian Cheng, "wife, you eat with our daughter first. The fish will be ready soon!"

Tian Yuan went to get a bowl and chopsticks, while Tian Cheng scooped out a large bowl of pork rib soup.

Zeng Shuai was done in a few minutes, and the two of them waited for him to start eating.

There was soup, vegetables, meat, vegetables, fish, meat, and even fruits on the table. Just looking at it was enough to make one's appetite rise.

After eating, Zeng Shuai praised Tian Yuan excitedly, "My daughter, your cooking has improved a lot!"

Tian Yuan smiled and said, "I want to learn a few more good dishes to show my filial piety to you and mom." tsk. tsk! I knew that having a daughter is better than anything else!

Tian Cheng rolled her eyes at him. I don't have a son even if I wanted one!

she said.

"I just want a daughter," Zeng Shuai said with a sneaky smile.

Tian Cheng and Tian Yuan had goosebumps all over and didn't know what he was laughing about. When they asked him, he didn't tell them the truth and only said that daughters had better lives.

He thought, "how miserable would it be to have a son like me?" It's better to have a daughter. If you want to suffer, you should suffer with other people! (Lin weiqin: ran ran)

After the meal, Tian Yuan went to wash the dishes, but Zeng Shuai immediately snatched them away. Tian Yuan and Tian Cheng were sitting on the sofa and eating fruit. Tian Cheng said nonchalantly, "Today's dishes really don't look like they're made by you."

"Oh," Tian Yuan replied calmly.

Tian Cheng glanced at her. why are you unhappy?" she asked.

the tap and light bulb are broken. I woke up early in the morning and worked on it for a long time. I almost cried.

Tian Cheng,"hehe."

Tian Qi pursed her lips and picked up her phone to send Lin weiqin a text message.."Have you eaten?"

Chapter 1683: Country Y 'S alumni

Lin weiqin instantly replied, "yes!"

[ what did you eat? ]

[ I suddenly remembered that I forgot to be your succubus. ]

[ what are you eating? ] Tian Yuan asked.

This time, Lin weiqin didn't reply within seconds and only replied half a minute later, ' [ pork ribs noodles. ]

[ I'm sorry. ]

Tian Yuan put away her phone and shouted to the kitchen, "Dad! I want to eat Xue Mei Niang!"

"Alright! I'll make it for you immediately!" Zeng Shuai asked loudly, " what about you, my wife?"

"Grandma Jiang." Tian Cheng replied, then whispered to Tian Yuan, " next time something breaks, you can call the property management. It's fast and effortless. Why make yourself cry? 'i If you're afraid that it's not safe, you can call your dad."

Tian Qi was stunned and held her forehead as she said, "I forgot about ran ran." However, he had already troubled Lin weiqin, so he had to return the favor.

When commander Zeng and Tian Cheng left, they asked Tian Yuan to come home for dinner, but Tian Yuan refused.

In the evening, she wanted to ask Lin weiqin out for dinner, but she suddenly received a call from the film company, reminding her not to forget the screenwriter's meeting tomorrow.

She suddenly had a headache and remembered that she had not finished the script outline, so she could only send a text message to Lin weiqin: "Are you free tomorrow night?"

"There are!" Lin weiqin replied instantly.

"Then I'll treat you to a meal. What do you want to eat?" "Really."

Tian Yuan couldn't help but smile and said, "lees have a barbeque, then." I have

to work tomorrow, but I don't know when I'll get off work. Let's keep in touch then."

"Alright. Don't work so hard."

The next day, Tian Yuan went to Star Entertainment. Most of the people in the company knew her identity and were at her beck and call, being respectful to her. Naturally, there were also some people who felt uncomfortable.

Although she had also graduated from University, she had already participated in a scriptwriting meeting and produced a script independently. She would even sign her name on the script.

Where were the others? He had been a gunner for God knows how many years. The scriptwriting industry was cruel.

However, she was born into a good family. Even if she was willing to be a gunman, no one else dared to!

Moreover, ever since Tian Cheng became a screenwriter, she had subtly improved the status of screenwriters in the industry. When others saw that Tian Cheng's drama had a good reputation and popularity, they all realized the importance of being a scriptwriter and naturally followed suit.

Even now, although there were still problems with scriptwriters and signatures, scriptwriters had a lot of say in the crew. Many people would not change the script just because of a Word from the Director, investor, or even actor. They could even decide who would play the role.

No scriptwriter would want their story to be changed into a mess, and Tian Yuan was no exception. Therefore, she would naturally make good use of the benefits that her identity brought her.

The meeting continued until noon, and Tian Yuan was about to look for Tian Cheng and Zeng Shuai to see if they wanted to have lunch together.

When they were waiting for the elevator, the door slid open and the person inside shouted, "Tian Yuan!"

Tian Yuan raised her head and smiled in surprise. "Sichen?"

Si Chen grinned. He was so happy that his eyes were full of radiance. He stared at her as if he was stupid.

The people around them looked at them in surprise, and the person who had just been in the meeting with Tian Yuan asked, "Is this the young miss's friend?"

"An alumnus in country Y." Tian Qi smiled.

The people next to Si Chen looked at him with admiration. Si Chen was still staring at Tian Yuan, and the people around him could see his feelings for Tian

Yuan.

Tian Qi was a little unhappy, but she smiled calmly. "It's rare to meet you, let me treat you to a meal."

Tian Yuan didn't go to Zeng Shuai and Tian Cheng again. Instead, she took Si Chen to the Chinese restaurant downstairs.

"I should be the one treating you!" Si Chen said.

"I'm the host."

"I'm not a foreigner!"

Chapter 1684: Why not choose Lin weiqin

"I'm also the host here," Tian Yuan said with a smile. The president of Star Entertainment is my father."

Si Chen's expression froze. His eyes darkened and he lowered his head.

In the past, he was afraid that Tian Yuan would reject him, so he did not dare to confess. Now that he knew her identity, he was even more afraid.

Otherwise, wouldn't others say that he was interested in her identity?

Tian Yuan didn't expect to see him in the company, so she asked curiously, "What are you doing here? Aren't you going to continue your studies in country Y?"

“I thought about it and applied to a local school. I can study while developing my career. Otherwise, you’ll be past your Golden Age by the time you graduate.” then what would you do at Star Entertainment? ‘

“I just signed an artist contract.”

Oh ... Tian Yuan’s eyes lit up. congratulations! I’ve already started to be a

scriptwriter, so I hope we can work together in the future! All the more I should treat you to this meal!”

Si Chen quickly regained his spirits and smiled. “Alright! I’ll treat you next time too!”

When he developed his career and was worthy of her, he could also confess.

After the meal, Si Chen asked, “ I haven’t seen Auntie in a long time. I don’t know when it’s convenient. I want to visit her.

she comes to the company often. I’ll take you to see her when I have time.

Si Chen could tell that she was rejecting him tactfully, so he nodded in disappointment.

When the two of them walked out of the restaurant, he asked again, “are you free this afternoon?” I’m not from the capital. I wonder if you’d be willing to be my tour guide and show me around?”

Tian Yuan thought for a moment and smiled. when I first arrived in country Y, you were my tour guide. Of course, I can’t refuse your request.

Hence, Tian Yuan drove the car and took him around. When he saw Tian Yuan’s car, he sighed in his heart again.

If he had known that they were in country Y, he would have seized the opportunity to confess. Now, he didn't know if it was a blessing or a curse, Yingluo.

When she was in country Y, there were so many people pursuing Tian Yuan, but he lasted the longest and waited silently.

Seeing that he was so infatuated, Tian Cheng and CEng Shuai were quite satisfied with him and secretly hoped that Tian Yuan could use him to forget their past unhappiness.

However, Tian Yuan only treated him as a friend.

Tian Yuan had once thought that if he confessed to her, she could try dating him. However, three years had passed, and he had always looked at her with infatuation without saying that he liked her, so Tian Yuan didn't have any more thoughts about him.

In her opinion, what was the use of a man who didn't even dare to confess? If he was given three years and didn't know how to cherish it, he wouldn't cherish it even more if she gave him her whole life. He might as well choose Lin weiqin! At least, he was responsible and courageous. He knew what he wanted and was brave enough to fight for it.

She didn't like this kind of man who looked at her so blatantly but silently waited for her. To put it lightly, he was a coward who didn't dare to confess. To put it more seriously, he wanted the woman to see his feelings and confess first, so that he wouldn't have to be responsible for anything in the future.

Lin weiqin was so good to her, and she used to trust Lin weiqin very much. However, she was already unhappy that she was suspicious of him, let alone Si Chen's behavior.

The car passed by the Science and Technology Exhibition hall and saw a simple intelligent robot at the entrance.

Si Chen asked curiously, "what's that?" Can I go in and take a look?"

"It's a simple procedure," Tian Yuan said with a smile.

She looked at the time. It was already five o'clock. She had a vague feeling that she had something to do, so she was a little hesitant.

"What time does this place close?" Si Chen asked.

"Around seven o'clock," Tian Yuan went to park the car and decided to take him in to have a look.

In fact, she wanted to see it herself.

The robot at the door was designed by Lin weiqin. At that time, he was still in high school. He participated in a competition and designed this robot. He gave it a personality and it was especially cute..

Chapter 1685: Tian Yuan found this voice familiar

After she parked the car, she brought Si Chen over.

"We'll have dinner after we're done with the tour!" Si Chen said happily.

Tian Yuan pursed her lips and didn't speak.

It looked like he could only treat Lin weiqin to supper.

When he was two meters away from the robot, the robot said enthusiastically, i "Welcome, I'm Roly Poly."

“It actually has the same name as you!” Si Chen said in surprise.

Tian Qi looked at him fiercely and squeezed out a few words from between her teeth, “I’m as round as it is?”

Si Chen trembled and realized that he had said something wrong. It seemed that this Yuanyuan wasn’t a Yuanyuan, so he immediately said, “The pronunciation is the same, the pronunciation is the same.”

She didn’t expect Tian Yuan to care about this kind of thing. She was indeed a woman.

Roly Poly raised his round head, his light blue eyes flashed, and his dull mechanical voice had a strange cuteness to it. “Oh, beautiful Yuanyuan, you’re already so old, who’s next to you? My master will be unhappy!”

“It knows you?!” Si Chen asked in surprise.

“Cough cough!” Tian Yuan touched the robot’s head and asked, “how do you know me? I haven’t been here for many, many years.”

“It’s a secret!” The robot’s voice was still emotionless, but it was extremely cute.

Tian Yuan took out her wallet. The robot was actually a ticket-selling program, so she could buy tickets to enter the museum from him.

The robot’s belly lit up, and a screen appeared. At the same time, it said, “Do you want to go in and take a look? You can buy tickets from me.”

It began to explain the process of purchasing tickets, which was quite helpful for first-time visitors.

After Tian Yuan bought the tickets, it said, “have a good visit.” Give me a kiss and I’ll tell you a secret!”

“Stop acting cute.” Tian Yuan walked in with Si Chen.

Si Chen said worriedly, “did this robot pass the Turing test?” I feel that it’s dangerous.”

“Don’t worry, it didn’t pass.”

After entering the museum, the two of them saw many primary and secondary school students on a tour.

There were all sorts of technological models.

Walking to the artificial intelligence area, he saw small robots all over the ground. A group of children squatted on the ground curiously to look, while another group of older children formed a circle. A voice came from inside, ‘

“Simply put, the Turing test is to test if the computer has the mind of a human.

It had passed this test, which proved that there was a Pi Xiu, which meant that it was very dangerous to humans. In the development of artificial intelligence, humans must avoid being controlled by artificial intelligence.”

Tian Yuan found the voice familiar, and her heart thumped as she nervously walked over.

When he walked out of the crowd, he saw a man in a suit standing in the middle in front of a computer and a few robots. He was explaining the knowledge of artificial intelligence to the surrounding visitors.

He stopped and looked at his watch anxiously.

“Professor Lin, are you very busy?” someone asked.

Lin weiqin raised his head and unexpectedly met Tian Yuan's eyes. He was stunned for a moment before he smiled and said, "No, I haven't. I'm just afraid that I'll talk too much and delay everyone from going home for dinner."

They were surrounded by a group of middle and high school students. Everyone laughed and said, "No, no! We're going to start class tomorrow, professor Lin, please talk more!"

Lin weiqin glanced at Tian Yuan, smiled, and continued.

Tian Yuan had never seen him so charming before.

However, there was one thing that puzzled him.

She remembered that he was in computer research and development. When did he become a professor?

She took out her phone to search for his name and found that he was a visiting professor at the Sino University of Technology. It seemed that she knew too little about him..

Chapter 1686: a formidable opponent

Si Chen was standing beside her. When he saw her action, he glanced at her phone and suddenly understood-the person in the crowd was Lin weiqin.

He started to panic-what was their relationship?

Lin weiqin looked over and was slightly stunned.

He had thought that Tian Yuan had come alone, but it didn't look like she had. As he spoke, he looked over a few more times. The people around them noticed and looked at Tian Yuan.

Tian Yuan turned around and walked out of the crowd.

Lin weiqin suddenly stopped talking.

He stood a little higher and saw that she had walked to the side to look at the small robot on the ground. He was relieved and continued to explain to everyone.

Tian Yuan squatted on the ground, and Si Chen also walked over. "Why don't we go first?"

"No need, these robots can play soccer. Let's see." Tian Yuan said with great interest.

There was a small football field on the ground. The staff at the side used the system to give an order to the robots. The robots got into position and began to kick the ball.

The children around them cried out in surprise, lying on the ground and watching with relish.

However, Tian Yuan's attention was not on them and she had been listening to Lin weiqin's voice.

She thought in a daze, "he's really knowledgeable!" How could he be so powerful? He's handsome, has a good family background, highly educated, and can cook.

As she thought about it, a smile appeared on her lips. Even she didn't know it.

Si Chen looked at her a few times and knew that she was in a daze. He got up to listen to Lin weiqin's explanation.

Lin weiqin was showing off a robot model to everyone. After seeing him, he gave him a sharp look and then completely put him aside, as if he didn't take him seriously.

Si Chen was so angry that he held back his anger.

By the time Lin weiqin finished explaining, it was already half past six.

He packed his things and walked toward Tian Yuan.

Si Chen also walked over in a hurry and spoke before him, " 'Yuan Yuan-'"

Lin weiqin glanced at him, daggers in her eyes, " He actually shouted 'Yuanyuan ?

Then he looked at Tian Yuan, who happened to turn her head, and his eyes couldn't help but have a hint of accusation.

Tian Yuan felt inexplicably guilty and stood up with her eyes lowered.

Si Chen saw that her eyes didn't fall on him at all and realized that Lin weiqin was a strong opponent.

"Ah!" Tian Qi's feet were numb, and she exclaimed.

The two of them reached out at the same time. Si Chen suddenly remembered that he had never been in close contact with Tian Yuan before. He paused and Lin weiqin held Tian Yuan.

Lin weiqin asked worriedly, "are you alright?" Numb? Are you dizzy?"

Tian Yuan leaned all her weight on him and said in a low voice, " "My feet are numb."

Lin weiqin picked her up and she was shocked, " "What are you doing? Quickly put me down!"

“Let’s sit over there.” Lin weiqin said.

Tian Yuan looked over and saw a stool there. She couldn’t help but glance at Si

Chen.

Si Chen followed them with a dark face.

Lin weiqin placed her on a stool and half-squatted in front of her. He took off her high heels and placed her legs on his, gently massaging her feet and calves.

Tian Qi was in a daze. Si Chen held his breath and said to Lin weiqin, “It’s not good for you to be like this.”

Lin weiqin ignored him, and after pinching her a few times, he suddenly paused and looked up at Tian Yuan.

If Tian Yuan was unhappy, he would naturally let her go.

But Tian Yuan was still in a daze. He lowered his head and continued to massage her.

Si Chen looked at them and could only feel anxious.

After about ten minutes, Tian Yuan finally recovered and said, “It’s done,”

Lin weiqin immediately let go of her, helped her put on her shoes, and then stood up.

Tian Yuan also stood up. Si Chen asked her, “This is Yingluo.”

Tian Yuan glanced at Lin weiqin and thought, “I can’t possibly introduce him as my only man, right?”

Chapter 1687: You even learned how to bring people to anger me

She pointed at Si Chen and said to Lin weiqin, " he's my alumnus when I was studying in country Y. He's Si Chen. He's signed with our company now. He wants to be an artiste.

Lin weiqin looked at Si Chen and snorted in his heart: An actress was nothing to be afraid of!

Tian Qi paused and said to Si Chen, "his name is Lin weiqin."

The two of them looked at her.

Si Chen didn't understand the relationship between her and Lin weiqin, and Lin weiqin didn't understand either.

"Hello," he said. Lin weiqin shook hands with Si Chen, and Si Chen glanced at him. The two of them were secretly competing.

"I haven't had dinner yet. Have you guys eaten?" Lin weiqin said as he retracted his hand.

"Not yet," Tian Yuan said, " let's go together.

Lin weiqin nodded and growled in his heart, You said you're treating me to a meal, and this is how you treat me? I don't want to be a third wheel!

At the door, the robot's round eyes flashed and it looked at Lin weiqin and said, " "Master, are you with Yuan Yuan? Don't you like Roly Poly anymore? It's okay, Yuanyuan wishes you and Yuanyuan to be together forever-" "Shut up!" Lin weiqin shouted.

Roly Poly shut his mouth in grievance and slowly moved to the side. He

lowered his head and looked depressed. He did not even say goodbye to the visitors who left.

Tian Yuan looked at it and laughed happily.

Lin weiqin's mood improved a lot, and he asked in confusion, "What are you laughing at?"

"It's so cute!" Tian Yuan said, "I'm suddenly inspired. I want to write a story about a robot.

Lin weiqin smiled and said, "go ahead." If there's anything you don't understand, you can come and ask me. '

Si Chen gritted his teeth and said, "Then I'll help you act as a robot."

uh, hehe. Tian Yuan felt that he couldn't act in this role just because he wanted to.

Lin weiqin glared at him. Mr. Si seems to think highly of himself.

Si Chen was embarrassed and looked at Tian Yuan with a red face.

Tian Yuan glared at Lin weiqin, who took a deep breath and turned away.

Good, good, very good! It's bad enough that you've been away for three years, but you've also learned how to bring people to anger me. Do you think I won't get angry again?

"I'm going to get the car. Did you drive here?" Tian Yuan asked him.

“No, I didn’t,” He was lying through his teeth.

Tian Yuan guessed that he was also lying, but she didn’t expose him. The three of them left in her car.

When they were eating, Si Chen said to Lin weiqin, “I didn’t expect you to be a robot researcher, Mr. Lin. I’m really impressed.”

“It’s called artificial intelligence.”

What’s different about Yingluo?

Tian Yuan coughed. why don’t you make a few robots and put them at home? she asked Lin weiqin. you can have them do the housework for you.

Lin weiqin said gently, “I have a few in my office. I’m tired of looking at them every day. I don’t want to bring them home.” If you like it, I’ll modify two for you.”

“I like to make it myself,” Tian Yuan shook her head.

“Yes, humans can’t rely too much on machines.”

When Si Chen saw that they were chatting, he hurriedly went to disturb them

and handed the peeled crab to Tian Yuan. “Don’t you like to eat this? Come.”

Lin weiqin said, “ you ate a lot just now. Don’t eat anymore. Crabs are cold by nature. It’s not good for a girl’s health.

Tian Yuan, “Yingluo.”

Si Chen, “ran ran.”

“Eat the shrimp. They are warm.” Lin weiqin immediately helped Tian Yuan peel the prawns.

Tian Yuan thought to herself, “you were like a little lamb a while ago, but now you’ve been provoked to the point that you’re acting up.” So he was just pretending before?

She thought about how this person could go crazy sometimes and felt a little scared. She didn’t dare to take Si Chen’s crab meat. She smiled at Si Chen. “You can eat it yourself. I did eat a lot just now..”

Chapter 1688: A little too much information

Si Chen retracted his hand in embarrassment.

Lin weiqin’s lips curled up as he placed the prawn in Tian Yuan’s vinegar dish.

Tian Yuan didn’t want Si Chen to lose face, so she coughed lightly and said, “There’s no need to peel it, I’m already full,”

Lin weiqin nodded in agreement and poured her a cup of tea.

After the meal, Tian Yuan asked Si Chen, “where do you live?” I’ll send you back.”

Si Chen proudly looked at Lin weiqin and said, “ “Alright!”

Hmph! Yuanyuan only asked me, she didn’t ask you. I won, hahaha Yuyu

A moment later, Si Chen couldn't smile anymore because Lin weiqin had gotten into Tian Yuan's car with him.

He could not help but ask, "where does Mr. Lin live?" Don't you need to go home?

he's on the way," Tian Yuan said. I'll send him off after I send you off.

"F \* ck!" If he left, wouldn't it be just the two of them? what if this Lin guy played tricks? Even the robot knew that he had bad intentions towards Yuanyuan. This was not a good sign!

Lin weiqin sat in the front passenger seat and didn't say anything.

See, see, Yuanyuan was still on his side. Hmph, Yuanyuan would accept him sooner or later!

After Si Chen got out of the car, Lin weiqin stretched and asked Tian Yuan, '

"Do you want me to drive?

"You just drank." uh, hehe. I didn't succeed in acting cool. I won't drink next time!

"Where do you live?

Lin weiqin told her the address and said, " it's not far from where you live. You can go home directly. I'll get off the car there and walk back.

"That's so troublesome,"

"How dangerous would it be for you to go back alone?

"What's so dangerous about me being in the car?

The car stopped at the entrance of the community where Lin weiqin lived.

Tian Yuan said apologetically, "I was going to treat you to a meal, ran ran."

"You've just paid for it." Lin weiqin's expression was a little depressed. Was this considered treating him to a meal? No...

Why did he not pay the bill just now?

He and that si guy had fought so much that they were brain-dead, and neither of them had fought to pay the bill, but a girl had actually paid! They couldn't imagine how the waiter was looking at them.

that doesn't count, "Tian Yuan said in a low voice. I should treat you to a private meal.

Lin weiqin's expression softened.

Tian Yuan smiled and said, "how about I treat you to supper some other day?" I want to eat the Night Market's barbeque, but I'm too embarrassed to go

alone."

"What's there to be embarrassed about?" He asked with a smile, his expression gentle.

I just feel that the girl is sitting by the barbecue stall alone. It's weird. he should say that he was quite pitiful. It wasn't strange for a man to eat alone, but it was terrifying for a girl to eat alone as if she had no boyfriend or friends!

"If you want to go, I'll accompany you anytime."

“Thank you,” he said. Tian Yuan smiled.

Lin weiqin’s mood brightened when she saw her smile, but she still couldn’t help but ask, I ‘ “That schoolmate of yours, Yingluo, likes you a lot.” “I don’t like him.” Tian Yuan’s face fell.

“Do you want me to like him?” Tian Yuan looked at him sharply.

“Of course not!” He immediately replied, “ but he’s very handsome and gentle. I thought you had a reason to like him.

Tian Qi paused and said, “it’s not a good thing for a man to pay attention to another man who is handsome and gentle.”

Lin weiqin, “shua shua shua”

Tian Yuan chuckled.

“I’m very straight!” He said with a serious face.

“I know!”

This answer ...

It was too strange, and there was too much information.

Although they both knew why she knew, they were both embarrassed.

Tian Qi blushed and said, “I’m going back to sleep!”

Lin weiqin obediently got out of the car and said, “Goodnight.”

Tian Qi snorted and drove the car away..

#### Chapter 1689: The childish nature of a mature man

Tian Yuan hadn't contacted Lin weiqin for nearly a week, and Lin weiqin was very depressed. This woman was really thrown away after being used!

He kind of hoped that her house would continue to break the light bulbs and faucets.

When he got off work on Friday, Tian Yuan sent him a message: Have supper together tonight?

Lin weiqin instantly replied, "how are you going to settle your dinner?"

[ I'm going home. ]

Lin weiqin thought of Zeng Shuai and felt a little pain in his shoulder.

Zeng Shuai had watched him grow up and liked him very much when he was young. He would hold him in his arms and rub him flat the moment he saw him. In the end, he said he would shoot him whenever he wanted to.

He had to admit that his daughter was more important than anything else.

Lin weiqin couldn't help but smile. If she had a daughter, no one would be able to touch a single hair on her. Of course, the premise was that the daughter was Tian Qi's.

Thinking of this, he took a deep breath, “you don’t even have a status yet, don’t think too far!”

At nine o’clock in the evening, Tian Yuan sent another text message: He came down.

Lin weiqin asked, “just the two of us?”

Tian Yuan thought that he was really petty, so she replied, “There was also Si

Chen.

Lin weiqin was so angry that she almost threw her phone. She didn’t want to go anymore.

Was this woman trying to anger him to death?

He rushed into the room, opened the wardrobe, took out a three-piece suit, and started to put it on.

Hmph, how could Si Chen be as mature as her when he was so childish? He was going to crush him with the charm of a mature man!

After changing his clothes, he suddenly thought, “Wasn’t he dressed like this the last time they met? He had already been crushed once, so he had to change his method!

If I don’t show him my power, he’ll probably think that I’ll only mature, right?

Lin weiqin immediately changed into a set of casual clothes and ruffled his hair. He had the decadent aura of a young man.

Hmm, not bad. She wanted to let Si Chen know that he couldn’t compete with her for Tian Yuan!

Lin weiqin opened the refrigerator and took out a Tupperware full of things, then rushed to the battlefield in high spirits.

When she walked out of the gate of the community, she didn't see Si Chen's annoying thing, but she saw Tian Yuan leaning against the wall in boredom. He was stunned for a moment before he rushed over, "Tian Yuan-

Tian Yuan turned her head and was also stunned when she saw him. She didn't expect that he, who had always been mature, would have such a side.

She lowered her eyes and said lazily, "you're here?"

"You've been waiting for a long time?" Lin weiqin's heart was uneasy, and he wanted to slap himself a few times, " Tian Yuan took the initiative to ask you out, and you actually made her wait for so long?

Tian Yuan didn't say yes or no. She had indeed waited for a long time, and she was a little annoyed.

"Let's go," she said lightly.

That is why I said I don't want to be in a relationship. How annoying is it to wait here and there? She didn't want to wait for anyone, and she didn't want anyone to wait for her.

Lin weiqin followed beside her and asked in confusion, " "Why don't I see Si

Chen?"

Tian Yuan suddenly stopped and said angrily, "Why are you thinking about him?"

Lin weiqin looked at her and suddenly pulled her into his arms.

"Fire!" Tian Qi was shocked and said.

Lin weiqin paused and immediately let go of her, explaining, "It's not Yingluo, its not him. I just don't want to see him with you. It makes me feel uncomfortable."

"Then why didn't you hurry down and chase him away? why did you make me wait for so long?"

"Yingluo," did he dare to say his Little Manly thoughts? Later, she would say that he had changed into different clothes to see Si Chen.

F \* ck, he was such a straight man, but she had misunderstood him so much that he could not clear his name even if he jumped into the Yellow River!

He raised the Tupperware in his hand and said, "I've made you a snowy Enchantress."

Tian Qi was stunned for a moment. Then, she smiled and said, " you should've said so earlier. There's food.. Anything can be discussed!

Chapter 1690: Establish a relationship

Yingluo shouldn't be jealous of Si Chen. She should be jealous of the food.

let's go. Let's go have some barbeque first. We'll have barbeque while we eat Xuemei Niang. Tian Yuan said.

Lin weiqin heaved a sigh of relief. if you want to eat something, just text me. I'll make it for you, i ' he said.

"How embarrassing would that be?" "I really wanted to make it for you."

“We don’t have any relationship now.”

“I still want to make it for you,” Lin weiqin said softly after a pause.

If he didn’t do it, he would be like this for the rest of his life. Didn’t he manage to establish a relationship with her?

“I’ll let you know when I feel like eating.”

“Alright,” he said.

However, Tian Yuan almost never asked him for food. She would only ask him for supper once a week.

Every time this happened, Lin weiqin would take the initiative to offer the delicious food he had made.

Tian Yuan would smile whenever she saw something delicious, and Lin weiqin felt that it was easy to make a beautiful woman smile like this! He might not be good at other things, but he was good at cooking.

However, the relationship between the two of them stopped there. Lin weiqin didn’t know when they would be able to take it further.

One day, when they were eating grilled fish, Tian Yuan’s phone rang. Lin weiqin glanced at it but couldn’t see the words on it.

Tian Yuan took out her phone and replied, “I have to go to the set next week) so I can’t find you for dinner.”

“The scriptwriter has to stay with the crew all the time?”

“Anyway, it’s fine. I’ll stay if I can. I can only improve my status if I go.

Otherwise, they’ll treat me like I don’t exist.”

“Then when are we leaving? When are you coming back?”

“I’m leaving tomorrow. I’ll definitely be back before the new year.”

Lin weiqin nodded, a little disappointed.

The next day, Tian Yuan had already arrived at the film City in another city. When she was having dinner with the crew in the evening, she received a message from Lin weiqin.

Lin weiqin said, “the weather is cold, don’t catch a cold.”

Tian Yuan thought for a moment and replied, “I’ve brought an assistant, so I’ll be like an old mother. I definitely won’t catch a cold.”

Lin weiqin didn’t reply.

Tian Qi heaved a sigh of relief.

“Miss Tian doesn’t drink?” the director asked.

“I’m not drinking.” She said with a smile.

After staying with the crew for a month, Si Chen joined the crew as a

supporting role.

Although the two of them worked in the same company, Tian Yuan didn't usually go, and Si Chen also had to attend classes and film, so they rarely saw each other.

When Si Chen contacted her, she treated him as an ordinary friend, just like she did in country Y.

Si Chen was very happy to see her. "It's been a long time,"

Tian Yuan smiled faintly and lowered her head to read the script.

The others looked over and Si Chen felt awkward. He said to her, "Then I'll go and prepare."

Tian Yuan nodded and asked, "who will you be playing?"

Si Chen said a name.

"It'll probably take a week," Tian Yuan said.

Si Chen nodded happily and went to get his makeup done. "Do you know miss Tian?" someone asked him as he walked into the dressing room.

Si Chen thought, these people think I'm a flatterer, right?

"We're schoolmates," he said with a smile.

After work, Si Chen treated Tian Yuan to a meal.

After all, the two had known each other for many years and were friends, so Tian Yuan couldn't refuse and agreed.

A week later, Si Chen's scenes were completed just in time for Christmas.

Most of the crew had left to go on their dates. The rest of the crew gathered for a dinner. It was also the end-of-production party for Si Chen and another actor. Si Chen was a newcomer. What kind of wrap party could he have? of course, he would benefit from it.

While they were eating, Tian Yuan received a text message from Lin weiqin: [ what are you doing? ] [ a crew gathering. ] [ Merry Christmas. ]

[ you too. ]

Si Chen glanced at her and secretly tightened his grip on his chopsticks..
