

Ditsy Wife 1881

Chapter 1881: It's too f*cking cruel

Gong Bai had no choice but to ask her to get the bowls and chopsticks.

She was so excited that she almost dropped the bowl.

Gong Bai was speechless. This child didn't do much housework, did he?

She was also very excited during the meal.

Gong Bai suddenly noticed that she was not very skilled in her movements, so he asked, "You didn't use chopsticks before?"

Huodie paused, nodded, and continued to eat the beef.

Gong Bai didn't say anything. He had gotten used to being alone in the past few years and no longer knew how to talk.

The fire butterfly ate seriously, gnawing at the meat like a child.

Gong Bai couldn't help but laugh after taking a look at it.

In his opinion, it must be because the dishes he made were too good! He was naturally happy that she was so supportive.

Huodie suddenly raised her head and saw him looking at her. Her face blushed, and she lowered her head again, picking up a sweet and sour rib and continuing to eat.

Gong Bai suddenly didn't understand this girl. She looked like an experienced killer, but she also looked like an ignorant girl who had just entered society.

"Is it good?" he asked.

The fire butterfly hurriedly nodded, her eyes shining as she looked at him, "Do you always cook for yourself?"

"Yes.

"You live alone?"

Gong Bai was puzzled. why is she asking this? " However, he still nodded.

"I see you have a lot of rooms here, why don't you rent one for me?" Huo die said excitedly.

Gong Bai was speechless. is she interested in my cooking skills and wants to live with me and freeload food from me every day? " he thought.

Is there a mistake? Today was an accident! Other than Yu Xinran, he didn't want to cook for another woman every day!

"I'm not used to living with other people," he refused with a straight face.

Huo die asked pitifully, "is it really impossible?" It's not like we're going to sleep in the same room."

"I'm also renting a house!" Gong Bai choked.

"Do I need to inform the landlord?"

“That’s not the problem. It’s just that I need some privacy. Otherwise, why would I live in such a spacious room?”

“I thought you were rich,; Huo die said; looking around.

“I ...” Gong Bai was speechless.

Back then, in order to save her, he almost went bankrupt!

However, this was also his fault. He was more willful in his pursuit of the quality of life. If it was anyone else, they would not dare to rent such a big and good house with such a small income.

Gong Bai could accept the occasional ups and downs in his life, but he didn’t want earth- shaking changes to happen.

It was absolutely impossible to let her stay.

“Oh right, after you left last time, someone came to look for you,” he said, suddenly struck by an idea.

The fire butterfly was startled. It gasped and looked at him in horror.

Her entire face changed. He had clearly felt a little pure and innocent just now, but now he was cold and vigilant.

“He seems to be very powerful. He can’t beat me, but I’m not his match in psychological tactics. But I didn’t betray you. He left his business card and told me to call him when I see you.” Gong Bai stared at her calmly and asked, “ how did you offend him?”

“I think I almost killed his woman,” huodie said through gritted teeth.

“No wonder, Zhenzhen,” “Where’s his business card?”

“What?” Gong Bai was stunned.

“Give it to me! I’ll go find him!” Huodie stood up. instead of waiting for him to come and find me and make me worried, I’d rather take the initiative to kill him, and get it done once and for all!

Gong Bai’s body trembled as he thought, “how is this an ignorant girl?” It was too f * cking brutal!

“You don’t know him?” He was puzzled. Why else would he need a business card?

“Who would know him! I only know them in the whole world. ” fire butterfly paused. about two, including you.

“Yingluo,” did it have to be so exaggerated? it sounded very tragic..

Chapter 1882: I should have agreed to her

actually, I don’t know any of them. huodie lowered her eyes, and a tear fell.

Gong Bai was a little bewildered. a woman who can kill people is actually crying?

He said helplessly, “then you don’t have to go find him, right?” He doesn’t have an address on his business card, you won’t be able to find him!”

“Give it to me!” The fire butterfly roared at her.

He paused, got up, and opened the drawer of the cabinet behind him. He took out the black card.

Huo die snatched it over to take a look, and asked in confusion, "Are you playing with me? What kind of business card is this?"

"Naturally. From what I know, only the big shots would do that." who did you offend? " Gong Bai asked.

"How would I know?" the fire butterfly was confused.

"You don't know?" Gong Bai didn't believe it at all. Perhaps that man was the boss of the assassin group, and she was an assassin under the company. The two of them were not on good terms, so she ran out.

Huodie pinched the card and thought for a moment, then asked, "How many times has he been here?"

"Once. It was the second day after you left."

"Then Yingluo probably won't come back, right? Have you already forgotten me?"

"How would I know?"

Huodie rubbed the name card and was dazed.

Gong Bai was puzzled, "aren't you going to look for him?" You're still afraid that he'll come and kill you?"

"Don't get me wrong. I was afraid that he would come to kill me, so I wanted to find him. If he didn't come to kill me, I wouldn't have to find him!"

tsk tsk. that seemed to be the logic. Gong Bai was speechless.

Huo die lowered her head to look at the food. She wasn't full yet, but she suddenly sat down, embarrassed.

"Are you really not going to take me in?" she looked at Gong Bai.

If he took her in, she would naturally sit down and continue eating!

Gong Bai pursed his lips and didn't say anything. He was in a dilemma.

Huo die understood what he meant, and said disappointedly, alright then, I'll be leaving first. See you if fate allows.

Gong Bai raised his head and looked at her. When she walked to the door, she suddenly turned around and said with a smile, "Thank you for your hospitality! It's very delicious!"

The corners of Gong Bai's lips moved. He wanted to smile, but he found that he couldn't.

Huodie pouted, opened the door and went out. How boring! There's no humanity at all! Wasn't it just a meal? It was as if she owed him millions!

Gong Bai sat down and continued eating.

The food was a little cold, and the entire environment was cold.

He took a sip of the soup and looked out the window. He saw her walking away with her head lowered, looking a little lonely.

If he had known earlier, he would have agreed to her request. At the very least, he wouldn't have been so cold to her.

The company was on holiday at Christmas.

This holiday was very long, it was half a month.

Gong Bai didn't decorate a Christmas tree. He was Chinese and didn't have a Christmas tradition.

That day, it was snowing heavily. He went to buy vegetables, and when he came back, he fell sick.

People were especially fragile when they were sick. It had been a long time since he took the initiative to find out more about Yu Xinran. When he was so sick that his head was hurting, he couldn't help but open the search engine on his phone and search for her name.

After she got married, she became reclusive and rarely appeared in front of the media.

He did not know if she was doing well. He had a feeling that Lu Yang had put her under house arrest and did not let her show her face in public.

If he had known this earlier, he would not have given up on her! If it were him, he would still let her live her old life and let her do whatever she wanted.

And now? How was she?

Gong Bai fell ill in a daze for a few days, so he didn't dare to look at the date.

He was afraid to see the first of January. That day, Yu Xinran married Lu Yang, and he crossed the ocean..

Chapter 1883: I'll treat you this time

His heart ached as he staggered into the kitchen in his slippers. He wanted to cook but didn't want to do it.

He took out the eggs and vegetables, stood there for a while, and put them back. Then, he went back to his room to change his clothes and went out fully armed.

It was very cold outside. He wrapped his face with a scarf, and the cold wind blew from the top of his head, spinning, as if someone was hitting him with a scale.

He was afraid that no one would collect his body if he fell on the road, so he went to the hospital.

The doctor gave him two bottles of water. After taking the medicine, he finally felt much better when he left the hospital.

However, he hadn't eaten yet, so he found a Chinese restaurant nearby.

He walked into the Chinese restaurant and sat down. A young girl came over with a small notebook.

He looked at the names on the menu and took some time to think about what the dishes would look like.

Suddenly, a voice came from above her head. hi

Gong Bai raised his head and saw Huo die greeting him with a ballpoint pen in her hand.

He nodded and said, "Hi!"

"What do you want to eat?" Huo die smiled.

“Do you have any recommendations for something light?”

Huo die thought for a moment. is porridge okay? ‘

“Alright,” he said. He closed the menu. help me order.

Huo die was startled. As she wrote in her little notebook, she asked, “Do you

want a mapo tofu?”

“Sure.”

“Are you sick?”

“Yes, I’ve caught a cold.”

“Can I eat spicy food for a cold?”

“Probably,”

alright, no matter how serious the cold is, it won’t kill you. Why don’t you have a boiled meat slice? ‘

Gong Bai asked, “does the boss of Qinqin give you a Commission?”

no, ” Huo die said with a smile. you treated me last time, so I’ll treat you this time.

Gong Bai smiled and said, “thank you, but it’s fine.” It’s not easy for you to earn money.”

“You’re such a good person!” The fire butterfly was touched.

“Yingluo” was given the good guy card just like that?

Huo die took the menu to the kitchen and soon brought out the congee and a plate of steamed pumpkin cake.

“I didn’t order this,” Gong Bai was puzzled.

“This is for you. Happy New Year!”

Upon hearing that, Gong Bai t s outstretched hand trembled slightly.

“Thank you,” he said with difficulty as he picked up the bowl of porridge.

The new year was not the Lunar New Year, but the new year.

It had been four years. He had been in country M for four whole years, and Yu Xinran had been married to Lu Yang for four years.

They should have a child, right?

If that incident hadn’t happened back then, she would have been his and Yu Xinran’s child by now, and ran ran would be four years old by now.

Gong Bai lowered his head, scooped up a spoonful of porridge, and put it into his mouth. His heart ached as if it was being torn apart, and tears fell from his hot eyes.

After he finished eating, he left like a zombie.

Huo die was ordering food for another customer. She glanced at him, but he didn't even greet her, which made her very depressed!

Hmph, this is already the third time we've met, so we're still friends, right?

This man was really boring!

Gong Bai went back home and took a nap. He was woken up by the doorbell when he fell asleep.

He opened his eyes and saw that it was dark outside the window. He picked up his phone and saw that it was still January 1st, but it was already night.

He panted as he sat up and went downstairs.

After opening the door, he saw Huo die.

Huo die was wearing a red down jacket. She smiled at him and raised the convenient lunch box in her hand. "Do you want to eat?"

Gong Bai felt hungry all of a sudden, so he let her in.

She asked, "are you feeling better?" You looked very sick this afternoon."

"Much better," Gong Bai picked up the medicine thrown on the dining table, poured some water, and ate a packet of it.

After eating, he put the rest of the medicine into the drawer, took out a brown envelope, and handed it to Huo die..

Chapter 1884: You can stay here

“What?” Huo die was stunned.

“You gave me too much money last time. Here, take it back.”

“Uh, Yingluo, Didn’t I tell you? there’s no need.”

“It must be hard to work in a restaurant, right?” He sat down, looked at the food in the transparent lunch box, and opened it.

it’s not hard, Qianqian. Huo die also sat down and looked at him with her hand on her chin. actually, I didn’t work there to make money. It’s just that it’s close to your place, so I wanted to come over to freeload a meal!”

“You’re really rude,” Gong Bai was speechless.

“I’m just saying what I think, you can just say no!”

Gong Bai was even more speechless. This person really didn’t play by the rules!

He opened all the lunch boxes and asked, “Have you eaten?”

“Of course I’ve eaten!”

“How much are these? I’ll give it to you.”

“I’ll treat you!” Huodie frowned and said unhappily, “why are you always so polite with me!”

“We don’t know each other very well,” Gong Bai said after a pause. “You’ve saved my life before, so I feel very familiar with you!”

“Do you want to repay me with your body?” Gong Bai blurted out.

Huo die was startled. After a moment, her face turned red and she angrily said, “You, you, you, Yingluo, how can you be like this? I’m bored, okay!” She stood up and ran away, leaving the envelope behind.

Gong Bai suddenly stood up and ran to the door, shouting, “It’s very late now. It’s very dangerous for you to be like this!”

M nation’s security was not as good as Hua nation’s. If one went out alone at night, they would be robbed at any time.

“It’s more dangerous for others to encounter me!” Huo die turned around and said.

“Yingluo.” Alright, he had forgotten.

A few days later, Gong Bai stayed at home. He couldn’t help but worry about Huo die and the small restaurant every now and then.

She said she didn’t know anyone. It was hard to imagine how miserable she was, but at least she didn’t have any friends or family here, right?

If that was the case, she was in a very dangerous situation.

A girl who was alone would be easily bullied wherever she went.

He vaguely remembered that in the restaurant that day, there was a chubby man who kept talking to her. He was obviously interested in her. The man should be the owner of the restaurant, but he seemed to be the married

Yingying.

Gong Bai thought about it and decided to go and have a look.

When he went out, he remembered how she looked when she left that night and went back in.

She wasn't an ordinary person, so he didn't need to worry about her.

Half a month later, it was New Year's Eve.

The company didn't have a day off, but it happened to be a Saturday, so she didn't have to work.

Gong Bai went to buy groceries early in the morning to prepare for the New Year's Eve dinner.

It was New Year's Eve, after all. Even if he was alone, he had to spend it well.

When he came back from buying groceries, he saw a person sitting in front of his house from a distance. When he got closer, he saw that it was Huo die.

The fire butterfly stood up when it saw him return.

He realized that she had been sitting on a box and asked, "What's wrong?" "I was chased out by the lady boss," she said pitifully.

I don't know where to go either," she said sadly. I didn't seduce her husband!

"Come in," Gong Bai said.

“Thank you,” he said. She hurriedly picked up the suitcase and went in. Gong Bai put the vegetables in the kitchen and poured her a cup of hot water.

“Thank you!” She gratefully accepted it.

“I’ve left the restaurant. Do you have anywhere else to go?” Gong Bai looked at her.

The fire butterfly shook its head.

“You can stay here then,” Gong Bai sighed softly.

The fire butterfly jerked its head up and looked at him in disbelief.

“I didn’t mean anything else,” he said, a little embarrassed. But it’s the new year, I can’t just drive you out.”

“Thank you so much!” “Which room do I live in?” Huo die called out happily.

“Yingluo, you can choose for yourself..”

Chapter 1885: Spending New Year’s Eve together

“Are you bringing me up?” She was a little embarrassed to go by herself.

Gong Bai took her upstairs and pointed at his room. that room is mine. My study room is next to it. You can stay in the rest of the room.

then I'll sleep in this room. Huo die pushed open the door of the room next to his bedroom.

He nodded. I'll give you the keys later. You can pack your luggage first. Come down for dinner later.

"Thank you, thank you, Yingluo, you're so nice!"

Yingluo. fortunately, he didn't have any thoughts about her. It didn't matter if he accepted a few more good-person cards.

Not long after Gong Bai went downstairs, Huo die also came down.

"Do you need my help?" she ran into the kitchen happily.

"What can you do?"

I know how to wash vegetables, wash the dishes, and cut vegetables. I even know how to use the oven and rice cooker!

He said "Yingluo" as if he didn't know how to use it before. He suddenly understood something and couldn't help but ask, "You learned it in a restaurant?"

Huo die's face turned serious, "don't talk about that restaurant!" The boss was lecherous, but the lady boss was stingy! If it wasn't for the difficulty of finding a job, I wouldn't have tolerated them!"

"Then help wash the vegetables with hot water."

okay Q'Huo die rolled up her sleeves. what's the difference in using hot or cold water?"

"Hot water won't get cold," Gong Bai said after a short pause.

Huo die looked at him in surprise. She hadn't thought that he was actually thinking for her. Somewhat embarrassed, she thought the vegetables would taste better after Yingluo washed them with hot water."

Gong Bai glanced at her and said rudely, "What brain?"

Huo die glared at him and snorted. The two of them continued with their work.

Gong Bai made two meat dishes, one vegetable dish, and one soup.

Huo die asked curiously, "you're not doing the rest?" There are still so many

dishes."

"Those are for the night. Did you forget that it's New Year's Eve today? We're having New Year's Eve dinner."

"New Year's Eve dinner?" Huo die was startled and said in a daze, "I haven't had it in many years, Yingluo?"

Gong Bai looked at her and didn't say anything when he saw her sad face.

Her family was probably gone.

"Let's decorate the room after dinner," he coughed.

"How?"

"I bought a pair of window-framed couplets." "I can buy it here?"

“Of course you can buy it at the right place.”

“Alright! I haven’t played for a long time, just thinking about it makes me so excited!”

Wasn’t “Yingluo” just a good game?

After lunch, the two of them got busy.

They cleaned the place first. Gong Bai had hired a housekeeper to clean the place two days ago, so it was not dirty and would be ready in a while. After that, Gong Bai bought a lot of decorations for the house, such as window flowers and so on. Soon, the whole villa was filled with a jubilant atmosphere.

After dressing up, the two of them started to make dinner.

There were more than a dozen dishes for dinner, which the two of them couldn’t finish, but they didn’t care about that!

During the meal, Gong Bai opened a bottle of drink and said, “We don’t drink, it’s bad for our health.’

“Alright,” he said. The fire butterfly obediently nodded.

Seeing that she was so obedient, a smile appeared in Gong Bai’s eyes. He handed the drink to her, raised his glass, and said, “Come, cheers.”

“Cheers!” Huo die touched his hand and said, “Happy New Year”

yes, Happy New Year.

After finishing their drinks, they began to eat.

“Isn’t there a Spring Festival Gala during the new year?” Huo die suddenly remembered.

“Spring Festival Gala? It had ended long ago. This is M Nation, there’s a time difference.’ ah, ah, ah, ah!
Huo die screamed. 1 actually forgot!

but there should be a replay. There must be a complete version on the internet.

After saying that, Gong Bai stood up and turned on the TV..

Chapter 1886: that’s what it means

This television had a projector. He used the remote control to put down the projector cloth, just like watching a movie.

“It’s so convenient!” Huo die laughed. I was worried that the dining room was so far away from the TV that I couldn’t see clearly!’

“Let’s eat while we watch.” Gong Bai returned to his seat.

He was originally sitting facing the TV, so it was very convenient to watch TV. It was not convenient for Huo die to be on the other side, but she very impolitely took the bowl and chopsticks and moved to his side.

He glanced at her and did not object.

The quality of this party was average, but Huo die was very happy.

Gong Bai really didn't know what was funny about her, but he couldn't help but be influenced by her laughter and laughed a few times in the middle.

The two of them ate as they watched. After eating for more than two hours, they were extremely full.

Huo die fell back into the chair and rubbed her belly, saying, "I don't want to move anymore

"You said you'd wash the dishes." Gong Bai looked at her.

During lunch, she had said sorry for eating and drinking for free, I'll wash the dishes!"

"Can you wait until I've digested it?" Huo die sat up with difficulty.

"Actually, there's a dishwasher," Gong Bai said helplessly.

Nani? The fire butterfly was dumbfounded.

"So, if you don't want to wash it, put it in the dishwasher," he said.

"How do I use the dishwasher?" Huo die nodded dumbly and asked.

"I'll teach you later."

"Alright!" She immediately revealed a big smile.

Gong Bai thought, "she's such a simple girl. She's happy so easily."

The two of them continued to watch the party. As the countdown began, Huo die looked at the time and said, "It's almost 12 O'clock here,"

“Yes, go to sleep after you’re done.”

“Are there any fireworks?”

“No,” Gong Bai said helplessly after a pause.

“Where are the firecrackers?”

“No, I don’t.” ai, ai, ai. Huo die sighed in disappointment. This doesn’t feel like the new year.

Gong Bai didn’t say anything.

It was already good enough that he could remember today was the new year and reward himself with a meal. He didn’t care if there was a New Year’s atmosphere.

After the party ended, the two of them cleaned up the dishes.

Gong Bai disposed of the unfinished vegetables—some of them were thrown into the garbage disposal machine, and some were put in the refrigerator.

He taught Huo die how to use the dishwasher and went upstairs.

Huo die tidied up the rest of the food and walked out of the kitchen. Seeing no one, she suddenly felt that this New Year had been cold and cheerless.

She walked up the stairs slowly. Halfway there, she saw him coming down with his phone.

“It’s 12 o’clock,” He said.

“Yes.

“Come, let’s set off some firecrackers.’

Gong Bai walked up to her and turned on the screen of his mobile phone. There was a string of festive firecrackers on the screen. He lit the firecrackers, and the pieces of the firecrackers crackled with fire.

Huo die was shocked and stared at the electronic firecracker with wide eyes.

After ringing for two minutes, Gong Bai exited the program and said to her, ‘ “There are no real firecrackers. Let’s just do this as a token of appreciation.” The fire butterfly nodded dumbly.

He suddenly took out a red packet and gave it to her. “Happy New Year.”

The fire butterfly was stunned for a moment, then raised its head and said, “you ... n

“Good night,” she said. He turned around and went upstairs. sleep early!

Huo die looked at his back and slowly walked up, watching him enter the bedroom.

She walked into her room and placed the red packet under her pillow. Her heart felt warm.

The next morning, she put on a bright red coat.

When she ran downstairs, Gong Bai was already making breakfast.

She walked over and patted his shoulder. “Morning

“Morning,” Gong Bai turned around.

The fire butterfly was startled and lowered its head to bite its nails.

“What’s the matter?” Gong Bai was puzzled.

I suddenly thought of something, Yingluo. she looked at him guiltily. I, Yingluo, don’t seem to know your name..

Chapter 1887: You ‘re nobody to me

“You’ve already eaten so many of my meals!” Gong Bai was speechless.

“Then what’s your name?” Huo die asked with a smile.

“Gong Bai,”

“Long gongxiang, it seems quite rare.” “Then what should I call you?” she nodded.

“As you wish.”

“So casually?” Huo die’s eyes widened and she rolled around twice. Then, she said in a weird tone, ” Gong Bai, Gong Bai, I’ll call you Xiao Bai! “What law?” Gong Bai expressed his dissatisfaction with a frown.

“No one called him that?”

“Of course not! Change it!’

“No? Then I can’t change it! This is my exclusive!”

Exclusive? Gong Bai’s heart skipped a beat. He hurriedly turned around and opened the pot to check the tangyuans inside.

He knew that she didn’t mean anything special when she said exclusive. He was just overthinking it.

“Dumpling, dumpling!” “I haven’t had tangyuans in years!” Huo die shouted excitedly.

Gong Bai glanced at her. He couldn’t help but be curious about her family background, but he still didn’t ask.

“Let’s go out for a walk!” Gong Bai said after breakfast.

“What are you shopping for?”

“It’s the first day of the new year, so I’m just shopping.”

The fire butterfly naturally followed him. Following him, there was good food and happiness.

Gong Bai took her to Hua city, where many Hua people lived. There were many shops opened by Hua people and they sold their specialties.

It was the new year, so there were many tourists.

Gong Bai walked forward quietly, and Huo die squeezed through the crowd and followed him. “Why didn’t you turn around to look at me? What if I lose it?”

“It’s good that you’ve lost it. You’re nobody to me anyway,” Gong Bai said with a poisonous tongue.

“I even washed the dishes for you this morning!” Huo die was stunned and

said angrily. After saying that, she turned around and walked away. Seeing that, Gong Bai paused for a moment and followed him.

The fire butterfly rushed forward in a Huff.

They were living under the same roof, so why was he so inhumane?

But Speaking of which, she was the one who came to his door, so he had a reason to dislike her.

Forget it, forget it. So what if I’m despised? He had at least told her to use hot water to wash the vegetables. No one else was so kind.

He had a sharp mouth but a soft heart! She had no place to go, so she stuck to him.

She turned around and wanted to go back to find him, but when she saw him walking over slowly, she immediately looked away and did not want to take the initiative to look for him.

There was an accessory store next to it, so she rushed in.

There were so many things inside that the fire butterfly was dazzled by them.

She started to look at it slowly, but she didn’t think it was good.

Suddenly, she saw a necklace with a butterfly pendant. Just as she was about to take a look, a hand reached out and took the necklace away.

She looked over and saw a girl holding a necklace happily walking to the cashier. “Boss, I want this!”

The fire butterfly pouted. She also wanted it! She didn't have her eyes on anything else but that.

Gong Bai suddenly appeared beside him and asked, "You want it?"

someone bought the Kasaya. Huo die looked depressed and asked in a low voice, "can I take it back?"

"Don't, don't, don't, don't be unhappy during the new year." Gong Bai was scared of her. She was a dangerous person who knew how to use a gun. What if someone died?

He looked at the jewelry rack where the necklaces were hanging and took one down. "This one."

Huo die took a look. The chain was nothing special, but the pendant was in the shape of a fish bone, inlaid with many diamonds.

"What's so good about that?"

"There are fish every year. It's the new year, so please the auspicious item."

Huo die smiled, "alright, I'll take this one!" But Yingluo, I didn't bring any money."

"I'll send you." Gong Bai said heroically..

Chapter 1888: I won't disturb you anymore

Huo die's eyes narrowed, "didn't you say I'm not anyone to you?" Why are you sending me?"

“Forget about that!” Gong Bai waved the necklace in front of her eyes and said, ‘ you’re my tenant. I didn’t do it on purpose just now, so let’s forget about it?’ The fire butterfly pursed her lips in thought, then reluctantly nodded.

Gong Bai immediately went to pay the bill with the chain.

Huo die looked from the side and found that it wasn’t expensive. After leaving the shop, she asked,“This isn’t made of diamond, is it?”

“What’s the point of buying diamonds with this little money? It’s probably gemstones, they look like diamonds.”

Huo die didn’t understand this, so she nodded, half-understanding, picked up the chain, and put it around her neck.

Gong Bai looked at her. She tried to put it on but failed, so he said in dissatisfaction, “Why aren’t you helping?”

Gong Bai turned around and left. Not only did he not help her, but he also ignored her.

Huo die couldn’t help but think, no wonder you live alone. With your personality, no one would want to live with you!

The two of them continued to play and only returned in the evening.

Gong Bai had to go to work the next day, so the new year was over.

This was the warmest New Year he had had in the past four years.

It’s good to have someone to accompany you.

After Gong Bai went to work, Huo die also started to look for a job.

She didn't want to live and eat for free, so she had to pay for her food! However, her foreign language was not good, so it was difficult for her to find a job.

"Why did you come here when your foreign language isn't good?" Gong Bai was puzzled.

The fire butterfly thought for a moment, but couldn't find a reason, so it answered, "Why do you care!"

"Yingluo, alright. I don't care about you." Gong Bai's tone was gentle, but he was really not interested in it.

The fire butterfly was depressed, feeling that he was very, very strange!

Logically speaking, he should be a warm-hearted person since he was willing to take her in, right? But sometimes, he was very, very cold!

His coldness came from the bottom of his heart, from his bones, making Huo die feel that she was being too thick-skinned by staying here. She decided to find a job and move out as soon as possible.

Hmm, should I continue to chase that person?

Work shouldn't be her goal in life, Yingluo.

Huo die had been looking for a job for half a month, and Gong Bai had accompanied her to a few places during her breaks, but none of them were suitable.

After the Lantern Festival, she said to Gong Bai, "I've decided to go to another city, so I won't disturb you any longer."

Gong Bai froze for a moment and suddenly felt reluctant to part with her.

If she were to leave, he would have to go back to his life of being alone, step by step, like a walking corpse.

He had always enjoyed that state, but sometimes he was afraid.

When she was around, he could ignore her whenever he wanted to be alone. He could value her again when he wanted someone to accompany him. This was good.

But he knew that this was not good for her. If he treated her like this, he would rather treat a dog.

She was alone, and he could not treat her like that. "Then where are you going?" he sighed and nodded.

"I'm going to look for one of my sisters."

"Alright," he said.

Seeing that he didn't try to keep her, and didn't even care where her sister was, the fire butterfly felt quite bored.

"I'll leave tomorrow!" She said.

"By car or by plane?"

"I know what to do, you don't have to worry about it. Anyway, you have to go to work and don't have time to send me off. I'll leave on my own!"

"Alright," he said. Gong Bai nodded again.

The next morning, while Gong Bai was cooking, Huo die went downstairs with the suitcase.

“It’s all here,” she said as she placed the keys on the table.

“Are you going to eat before you leave?”

“No need, we won’t make it in time,” Huo die pursed her lips.

She walked out of the kitchen with the suitcase in her hand. Gong Bai was standing at the door of the kitchen and watching her back. After she left, he sighed and turned around to continue cooking..

Chapter 1889: You shouldn’t be looking at her

A few minutes later, Gong Bai suddenly heard a bang and felt the house shake.

He walked out in confusion and saw Huo die sitting outside the floor-to-ceiling window, with a crack in the glass behind her.

Gong Bai was startled. He raised his head and saw that her box had fallen on the road in front of her, and two people were walking toward her.

Her luggage was all over there, so she should have been there just now. So, she was beaten back?

Gong Bai walked out in a hurry. Huo die turned around when she heard him.

She clutched her chest and said to him, “Hurry up and leave, Yingluo!”

Gong Bai looked at the two people who were walking toward him. One of them was the man who had been here last time, and he had already experienced it.

The other was a young woman, probably a Chinese. He didn't know her, but she seemed more dangerous than Huo die.

He was stunned and didn't know if he should escape.

That man was clearly not an ordinary person. Huo die was not his opponent, and so was she.

"Hurry up and leave!" The fire butterfly shouted at him.

This shout, however, strengthened his mind.

He was already living a life with nothing to live for, so why would he leave?

He walked over to her and helped her up.

Huodie coughed and spat out some blood, " "Why don't you leave? They will kill us!"

"I'm not afraid of death." Gong Bai said indifferently.

"Oh?" King walked over. are you preparing to die in love?

Gong Bai frowned and asked Huo die in a low voice, "What grudges do you have?"

Huo die stared at the two people across from her and suddenly turned to him, winking.

He suddenly remembered that she had said that she had almost killed Kings woman.

Kings woman?

He looked at the man beside King. He seemed to have seen him somewhere before.

Yu qinghuan was dressed very simply today. Her makeup was plain and clean, and she had the clean and pure temperament of her younger days.

Gong Bai suddenly remembered a photo he had seen in the corridor of the Yu family's house. Yu Xinran had said that it was her aunt, Yu qinghuan.

The person in front of him looked like Yu qinghuan, but he obviously didn't think she was!

He widened his eyes and stared at her, trying to distinguish the difference between the two of them. Similar, they were really too similar! Could it be related to Yu qinghuan?

Yu qinghuan lazily raised her eyes and looked at him.

King flew into a rage. With a flick of his wrist, a whip flew over like a snake and wrapped itself around his neck.

cough ... Gong Bai choked on his breath.

The next second, King pulled on his whip and threw him out.

He fell to the ground and rolled a few times. He felt like he had lost half a year of his life.

"Gong Bai!" are you okay? " Huo die shouted. She suddenly got up and rushed in front of him to help him up.

“If you have anything to say, come at me!” She yelled at King.

“He is also guilty!” King strode over and cracked the whip on the ground.

Pa!

A cloud of dust rose.

Gong Bai got up at once, pushed Huo die away, and asked, ‘t “Can you run?” The fire butterfly stared at him with wide eyes,”hehe.”

“You can’t even save yourself, and you still want to save others?” King asked.

“As a man, you’re going to die soon. You have to be a gentleman.” Gong Bai said calmly.

King laughed coldly and wrapped the whip around his neck, pulling him towards him. He stepped on his chest and bent over to look at him.”Not afraid in the face of danger, you have some courage,”

King looked into his eyes and sneered. she’s cold-blooded and emotionless.

She’s a promising talent. It’s a pity that you shouldn’t look at her, Zhenzhen.

As King spoke, he looked at Yu qinghuan and realized that she had disappeared into thin air!

Huo die’s eyes also widened, and her body trembled with anger.. She had escaped again!

Chapter 1890: This glutton

King kicked Gong Bai away, turned around, and shouted, "Qinghuan!

Qinghuan!

"Qinghuan?" Gong Bai's head was buzzing.

Did he hear it wrong? How could there be such a coincidence?

"What are you doing?" Yu qinghuan's sweet voice came from the villa.

The three of them looked over and saw that she had pushed open a small window in the living room. She was holding an apple pie and lying on the windowsill, eating it while watching them.

"What are you doing?" King was dumbfounded.

Yu qinghuan looked at the Apple pie in her hand and said, "Let him go. The food in his house is quite delicious."

Yingluo, this glutton!

King put away his whip and walked over in a Huff.

Huo die hurriedly helped Gong Bai up and coughed twice.

"Are you alright?" Gong Bai hurriedly asked. Where are you hurt?"

"I'm fine, I just need some rest. How are you?" Huo die looked at Yu qinghuan and King and said guiltily, "it's all my fault, Wanwan. I should have known that I would cause you trouble. I shouldn't have stayed."

"It's fine." I'm not afraid of death," Gong Bai said indifferently.

The fire butterfly was startled and looked at him in confusion.

She was not afraid of death, but that was because she had experienced those things.

But what about him? What had he experienced to become like this today? his usual life was boring, and he was not afraid of death?

Suddenly, King turned around. you two! Come here!

After hearing that, Gong Bai pushed the fire butterfly behind him and walked over first.

After what King had done to him, he was now covered in dust and his hair was a mess. He looked a little disheveled.

Walking to the front of the villa, Yu qinghuan smiled and waved the Apple pie in her hand, asking him, "Did you do it?"

Gong Bai couldn't guess what she meant, so he answered "hmm."

She stood up straight. it's delicious. Let's forget about our past grudges. She's Yingluo."

She looked at the fire butterfly and smiled profoundly, you keep an eye on her. I don't like her bothering me.

Huo die had already come over and glared at her with hatred.

"Do you want to die?" King asked unhappily.

What was that look in her eyes? They were willing to let her go, but she was not willing to stop?

Hearing this, the fire butterfly reached out and rushed towards Yu qinghuan.

Yu qinghuan laughed flirtatiously, not showing the slightest fear. "What are you doing?!" Gong Bai immediately hugged Huo die.

"Let me kill her!" The fire butterfly called out.

After Yu qinghuan finished the last bit of apple pie, she said to Gong Bai, '

"She's too much. I can only take the rest of your apple pie away."

Gong Bai didn't know what to say. No matter what, he didn't lose out in this deal. However, he did not understand why the other party would do such a losing business! Was his apple pie really that delicious?

Yu qinghuan turned around and went to the kitchen to prepare the Apple pie.

King grabbed his hair in frustration. Should he learn cooking?

"Let me go!" Huo die shouted to Gong Bai.

"Do you want to die?" Gong Bai asked.

"I'm not afraid!" The fire butterfly shouted.

Gong Bai thought for a moment and let go of her.

ah ... the fire butterfly was caught off guard and fell to the ground.

Gong Bai lowered his head and looked at her, but he didn't move.

Huo die raised her head and glared at him-he actually didn't help her up after falling down?

Yu qinghuan had already brought out a bag of apple pie. She glanced at them and said to King, "Let's go,"

"Are we really not going to care about her anymore?" asked King.

"She's also pitiful. Forget it." Yu qinghuan sighed.

When Gong Bai suddenly looked at her, she thought he was attracted by her appearance. She deliberately combed her hair and asked in an enchanting way, "What are you looking at?"

"You're Yu qinghuan?" Gong Bai thought he could make a bold assumption..
