

Ditsy Wife 261

Chapter 261

261 Are you nervous to see your sweetheart?

Yu Xinran's face turned red, and she felt a little guilty for some reason.

...

Yu Qingliu saw that there was a situation! His niece actually blushed. Could it be that the handsome young man would be the future son-in-law of the Yu family? Then he had to carefully observe it!

"Alright, let's go over there." He took the lead and walked over. From a distance, he smiled and greeted, "Mrs. Jin ~"

Mother Yan raised her head and stood up when she saw him. "So it's Dean Yu and miss Yu. You guys are here to eat too?"

"Yeah, it's so crowded everywhere. Let's make a table."

"Please sit, please sit." Mother Gong hurriedly stepped aside and wanted to go to Gong Bai's side.

no, " Yu Qingliu said. you sit. I'll go over there.

Then, he walked to Gong Bai's side and sat down next to his mother.

Gong Bai took a glance at them and slowed down his eating speed.

"Mrs. Jin, have you finished eating?" After Yu Qingliu finished ordering, she saw that there was only a drink beside her.

"I've just eaten," said her mother.

“My second aunt had just finished her meal when I arrived. She thought that I hadn’t eaten yet, so she accompanied me down,” Gong Bai explained.

Yu Qingliu turned to look at him, her eyes scanning his body like an X-ray.

Gong Bai’s body stiffened, and he felt a little uncomfortable. The director’s eyes were too strange.

Yu Qingliu reached out and patted Gong Bai on the back. With a loud bang, Gong Bai almost fell into the bowl.

“Ahem, ahem, ahem, ahem.” Gong Bai choked on the air and couldn’t help but think, “The hospital director’s hands were so strong. Was it really okay for him to operate on the patient?”

Yu Qingliu patted his back a few more times.

Gong Bai felt that there was not enough air in his lungs. Fortunately, he had the first rehearsal, so he managed to hold on.

“Is this your nephew?” Yu Qingliu asked her.

Her mother nodded and said in a daze, “yes, Yingluo.”

She looked at Gong Bai with a worried expression. Those few palm strikes just now were too terrifying. Would he be alright?

The waiter brought Yu Qingliu and Yu Xinran’s dishes over. Yu Qingliu retracted his hand and said, “Young man, you have a good body! Do you exercise regularly?”

Gong Bai nodded speechlessly. He was baffled and couldn’t figure out what the Dean meant.

Yu Xinran passed the chopsticks to Yu Qingliu, " "Little uncle! Don't you have an operation tonight? Hurry up and eat!"

Why did little uncle hit him? How annoying!

Yu Qingliu looked at her with dissatisfaction,"this little girl, her heart actually ached!"

Yu Xinran lowered her head and took a look at Gong Bai's remaining appetite before she started eating quickly.

However, although she ate quickly, she was very elegant, so Gong Bai and mother Gong didn't feel anything wrong at all.

But Yu Qingliu was different! They ate together every day, so how could he not know how Yu Xinran usually ate?

He felt very strange,"what's wrong with this girl? Could it be that she was nervous because she saw her sweetheart?

When Gong Bai was about to finish his meal, Yu Xinran suddenly said to his mother,"Auntie, shall I go with you to see Gong mo later?"

"Sure," Her mother said with a smile.

Yu Qingliu finally understood! It turned out that this girl wanted to finish her meal quickly and leave with Gong Bai.

"Little uncle, do you want to go?" Yu Xinran looked at him.

Yu Qingliu wanted to go and see if the princess of the Yu family would be taken away by a Wolf! But why did he go to the ward? Gong mo didn't have anything to do now, so he didn't need to trouble the president!

Forget it, his niece would definitely not want him to follow her, so he could only say, "I have a surgery later, so I need to go back and prepare. You can go in my place!"

"Alright!" Yu Xinran quickly nodded. This was exactly what she wanted.

Yu Qingliu felt very tired. The child has grown up and wants to fly away, Yingluo.

Chapter 262

262 Sheng nanxuan, miss Yu, you came at the right time

Yu Xinran followed Gong Bai and mother Zhai into the ward. Sheng nanxuan and Gong mo were not there.

...

"They must have gone to see the child," said her mother.

"Then let's go and take a look." Gong Bai said.

Mother Yan nodded and said to Yu Xinran, "Miss Yu, you ..."

"I'll go with you!" Yu Xinran said hurriedly.

The three of them walked out of the incubation room and saw Gong mo sitting in his wheelchair, recording the child with his cell phone. She wanted to stand up, but Sheng nanxuan held her down.

"I'm fine," it's fine to stand for a while," Gong mo said.

"Sit down properly." Sheng nanxuan did not give her a chance to explain. He took the phone from her hand. I'll do the recording.

Mother Gong walked over and said to Gong mo, " "You're disobedient again!"

Gong mo pursed his lips innocently and greeted Gong Bai and Yu Xinran.

Sheng nanxuan passed her the phone and turned to Yu Xinran. "Miss Yu, you're just in time. I have something to ask you."

Yu Xinran was taken aback. Seeing that he looked a little unhappy, she thought of Sheng Dongyi's incident and felt uneasy.

She nodded and Sheng nanxuan walked to the side. She hurriedly smiled at Gong mo and followed him.

The two of them stood more than ten meters away from them. Mother Yan asked in confusion, "What's going on with them?"

Gong mo had also guessed that it was because of Sheng Dongyi. He said vaguely, " "It's probably business? Didn't Nan Xuan work at a book Company? Miss Yu is an editor of a magazine agency, so we might have business cooperation."

Oh, Yingluo. her mother was skeptical. Anyway, Sheng nanxuan and Yu Xinran were standing not far away, so there should not be an affair.

Gong Bai took a glance at it and then turned to look at the child. He said with a smile, " "It's better than two days ago."

that's right, Zhenzhen, "Gong mo said with a smile. I think he'll be discharged in about ten days.

"How about you?" how's your health? "Gong Bai asked.

"I've almost recovered. Other pregnant women would be discharged after five days, but it's been three days for me. "

“Your situation is different.” Her mother said, “ stay a little longer. You’ll be discharged with the child.

“Isn’t the hospitalization fee expensive?” Gong mo said with a smile.

Mother Ling had always been thrifty, but she was deliberately teasing him.

“Who’s more important, people or money?” mother Yan asked with a straight face. You’re usually thrifty so that you can spend it when it’s time to spend it!”

Gong Bai couldn’t help but laugh when he heard the mother and daughter bickering. He turned to look at Sheng nanxuan and Yu Xinran.

Yu Xinran and Sheng nanxuan stood face to face. When Sheng nanxuan said something, she lowered her head, looking like a child who had done something wrong.

With a frown, Gong Bai turned around and continued to look at the child. Then, he took out his mobile phone and took a few photos.

“By the way, did Tian Cheng call you?” He asked.

Ever since Gong mo had mentioned Tian Cheng, he had been in contact with her. He was the one who had told Tian Cheng about Gong Mo’s pregnancy. He reckoned that Gong mo and Sheng nanxuan wouldn’t be able to think of that in such a short time.

Gong mo nodded. I called yesterday. I went to class today. I think I’ll call again at night.

“She hasn’t seen the child’s photo yet.” should I send it to her? ” Gong Bai asked.

“Alright,” he said. Gong mo raised his head and looked at the photo he had taken.

“I’ll send you a copy too.” He lowered his phone.

“Of course!” Gong mo hurriedly nodded.

After that, Sheng nanxuan and Yu Xinran came over.

Gong mo smiled at Yu Xinran, but Yu Xinran’s reply was a little forced.

When Sheng nanxuan asked her about Sheng Dongyi, she had told him everything. When Sheng nanxuan heard that she had fired su mo and her daughter, he was quite satisfied and did not blame her.

But she knew that Sheng nanxuan was suspicious of her and the Yu family.

Chapter 263

263 Your cousin fell in love with miss Yu at first sight

Even if Sheng nanxuan did not doubt her, she would still feel embarrassed. She was indeed in the wrong. She should not have mentioned it to Sheng Dongyi. She didn’t think too much at the time. Fortunately, nothing happened, Yingluo.

...

Seeing her blaming herself, Sheng nanxuan did not feel that he had done anything wrong.

Of course, he blamed her for luring Sheng Dongyi here! He wasn’t afraid that she would collude with Sheng Dongyi, but he was afraid that Gong mo would rekindle his old feelings for Sheng Dongyi!

He believed that Gong mo wouldn’t. It was just that once two people who had been in a relationship met, they would always remember the bits and pieces of the past, right? He didn’t want Gong mo to think about it at all!

“Let’s go back,” Sheng nanxuan said to Gong mo, “ it’s easy to catch a cold if you stay outside.

Oh, Yingluo. Gong mo looked at the child reluctantly and let him push the wheelchair.

Yu Xinran followed behind them and slowly walked into the ward.

Sheng nanxuan picked Gong mo up. Gong mo looked over his shoulder and saw that mother Zhai and the others were all looking at him. His face was a little red.

“Actually, I can move on my own now,” she said softly.

“We’ll talk about it tomorrow.” Sheng nanxuan put her down and covered her lower body with the blanket. I’ll let you walk a few steps tomorrow.

“Just a few steps?”

“Then ten steps.”

“.....”

“Good girl.” Sheng nanxuan smiled and touched her head.

Yu Xinran looked at them enviously and sighed. “I’ll be leaving first, Yingluo.”

Gong mo looked at her. cousin, “Sheng nanxuan said,” help me send miss Yu off.

“???”Gong mo blinked his eyes in confusion.

Gong Bai and Yu Xinran were also stunned. Then, they looked at each other and met each other’s eyes. They immediately turned their heads away, feeling a little uncomfortable.

“Then I’ll have to trouble you, Mr. Jin.” Yu Xinran stammered, his heart thumping.

She had to admit that she wanted to get close to Gong Bai for some reason. They had only known each other for a few days and had never interacted with each other, so it was unlikely that they had feelings for each other.

Perhaps she wanted to know more about him?

She didn't expect that the opportunity would come so soon!

So, she followed her inner thoughts and agreed.

Gong Bai looked at her in surprise. He obviously didn't expect her to agree. He took a deep breath and said to Sheng nanxuan, "Alright, Qianqian. I'll send miss Yu off first."

Yu Xinran smiled. I'll be leaving then. I'll come and see you another day. After saying that, she walked out nervously.

Gong Bai also followed him nervously.

Gong mo felt strange and looked up at Sheng nanxuan. "What's going on?"

"Your cousin fell in love with miss Yu at first sight," Sheng nanxuan said.

"Ah?" Gong mo was shocked.

Hearing this, her mother clapped her hands excitedly. "A perfect match!"

Gong mo was speechless, "mom, do you know about the Yu family's situation?" He's the richest man in China!"

"Ah?" Her mother was stunned. the richest man? It's them?"

“Yeah,” Sheng nanxuan said, “ looking at miss Yu, she doesn’t seem to dislike my cousin. However, with the Yu family’s background and first uncle’s personality, I don’t think there will be any results.”

Mother Gong felt sorry for Gong Bai after hearing that.

Yu Xinran was neither arrogant nor impetuous. She had always liked her. When she saw that she was the hospital director’s niece, she thought that her family was just rich. She didn’t expect her to be the richest man in China!

It was even rarer to have such a good character in a rich and Noble Village!

However, the gap between them had widened.

With such parents and sister, even an ordinary family wouldn’t be interested in Gong Bai. Even if the girl liked it, the girl’s family would definitely not like it!

Chapter 264

264 You’re already mine

Hearing this, Gong mo reproached Sheng nanxuan. “Then why are you still running?”

...

“Some things don’t necessarily have to have a result. Besides, I won’t think about it if I try!”

Hearing this, Gong mo suddenly pursed his lips.

Her mother sighed, “Al, children and grandchildren will have their own good fortune.”

“Mom, what are you saying?”

Her mother patted her head. I'm going home to change. I won't be coming over tonight. I'm at ease with nanxuan around. What do you want to eat? I'll bring it to you tomorrow morning."

Mother Zi had been in the hospital for a few days. She had not changed her clothes or taken a bath. She was ready to go home and tidy up.

"Whatever. You guys don't want me to eat what you really want to eat anyway." Gong mo sounded aggrieved.

As soon as she finished speaking, mother Yan and Sheng nanxuan glared at her.

She sniffed and became even more depressed.

"Just bear with it for now!" Mother Yan said.

"I know ~"

Mother Zhai packed some things and left. Sheng nanxuan sat on the edge of the bed and reached out to stroke Gong Mo's hair. "What's wrong? Are you unhappy?"

Gong mo looked at him and said faintly, "actually, we're also very different, Zhenzhen."

"Oh." Sheng nanxuan nodded. No wonder she fell silent when he mentioned the difference between Gong Bai and Yu Xinran. It turned out that she was thinking about this.

He reached out and lifted her chin, approaching her and saying, "You're already mine. I even have a child. You can't run away no matter how far you go."

uh, hehe. Gong mo looked at him and whispered, "I can't run away from you.

ppft ... Sheng nanxuan laughed out loud and then kissed her even closer.

.....

Gong Bai walked Yu Xinran to the entrance of the hospital. Both of them were very nervous and didn't speak on the way.

Gong Bai stopped walking, feeling that he had gone too far. She must have driven here, right? Or should I go to the director's office? But he had foolishly sent her to the door, and she didn't remind him. She probably didn't want to put him in a difficult position.

"I'll go in first, Yingluo." Gong Bai said.

"Wait!" Yu Xinran shouted anxiously.

"What's wrong?" Gong Bai asked anxiously.

"That Wanwan," Yu Xinran, felt that it was a pity that she didn't have a chance to talk to him along the way. She didn't know what to do when he suddenly stopped her. After a long while, she said, "I want to take a taxi. Where Can I Get a taxi here?"

eh? " Gong Bai asked in confusion, " how did you get here? "

"Someone else's car." Yu Xinran said softly, " I used to come in my own car. I've never taken a taxi.

then, Zhenzhen, " Gong Bai pointed outside and said after a pause, " there should be some nearby. I'll Take You There.

Yu Xinran heaved a sigh of relief and hurriedly nodded.

"Hey, Gong Bai?" She heard her mother's voice.

Gong Bai was shocked and turned around, "second aunt, you're Zhenzhen."

"Let's go home,"

"Auntie." Yu Xinran smiled.

"Second aunt, how are you going back? Take a taxi?"

"I'll just take the bus. You guys ... her mother was stunned. you guys want to take a taxi? "

"Ah, Wanwan, it's ... It's miss Yu." Gong Bai felt awkward when he heard the word "you." He was not with Yu Xinran, but he liked it.

"I've never taken a taxi before, so I'd like to ask Mr. Jin for help," Yu Xinran said awkwardly.

When mother Yan heard this, she remembered what Sheng nanxuan had just said.

No matter how she looked at it, she felt that the two of them were interested in each other. Although Gong Bai's family was very strange, Sheng nanxuan had a good saying: I won't think about it if I try!

Chapter 265

Gong Bai and Yu Xinran

If he didn't expose her and talk about it, she would become the White moonlight in his heart in the future, and he wouldn't be sincere to other women. Wouldn't that be a hindrance to the innocent latecomers?

...

After preparing herself mentally, Mother Gong said to Gong Bai, "Then send miss Yu off! What if something happens to her on the road?"

“This bi an ...”

“Alright, alright, as a man, you should ensure the safety of women!” After mother Zhai finished speaking, she left in a hurry, not staying to be a third wheel.

Since she had already said so, Gong Bai would know what to do if he really wanted to!

Looking at her back, Gong Bai felt that as a junior, the most important thing he should do was to ensure the safety of his elders!

However, when he thought of Yu Xinran standing beside him, he was a little reluctant to leave.

Yu Xinran stood at the side and didn't say anything. He thought for a long time before he asked tentatively, “Why don't I give you a ride?”

“I've troubled you too much,” Yu Xinran said, embarrassed.

I was rejected as expected, Yingluo.

Gong Bai was a little disappointed. When he was about to say “forget it,” he was interrupted by a depressed voice. “Are we leaving now?”

“Uh, Yingluo, good.” Gong Bai turned around, pointed to the front, and said, “let's go over there to hail a taxi. Ambulances often come and go here, so the taxi won't stop here.

Oh ... Yu Xinran nodded. I see.

Her calm tone sounded as if she was saying, “why do you know everything?”

Gong Bai couldn't help but straighten his back. He felt that his task was arduous and his image was even more impressive.

He walked with her for a while, and soon they stopped a taxi.

He opened the back door and let Yu Xinran get in first.

Yu Xinran smiled. After she sat down, she moved in and looked up at him.

He had wanted to sit in front, but he was stunned when he saw her actions.

If she didn't want him to sit in the back, she should have sat in the outer seat, right? Did she mean to let him in by leaving the seat empty?

As he thought about this, time was delayed. "M-Mr. Jin, why aren't you coming in yet?" Yu Xinran asked, puzzled.

"Oh." you can just call me Gong Bai, "Gong Bai said as he hurriedly sat in the car.

"Then you can call me Xinran." Yu Xinran smiled.

Hearing that, Gong Bai smiled awkwardly, but he didn't intend to call her that. He naturally knew Yu Xinran's identity. Regardless of whether she was being polite or not, he couldn't just take advantage of her!

The driver had already started the car. Seeing that they had not said where they were going, he could not help but ask.

Yu Xinran quickly told her the location of the Yu family villa.

When the driver heard that, he couldn't take it anymore and pulled over. "I'm not going there, you two."

“Why?” Yu Xinran asked.

“That’s too far away.” The chauffeur said, “there’s no one coming back from there. It’ll be a waste for me to make a round trip tonight. My business is good at night!

The villa area was the last place their taxi drivers liked to go to. The people there were all rich, and they took their own cars when they went out. 99% of the time, they wouldn’t be able to get a passenger on their return trip.

Moreover, the villa area was quiet and remote, so it was difficult to see people on the road. The driver was also afraid of being robbed.

“You’re refusing a ride?” Yu Xinran glared at him. I’m a reporter from Qing Yu media. I want to interview you!

ah ... the driver was anxious.

“Don’t worry, master, she’s just joking with you,” Gong Bai said hurriedly. I won’t get off the car there, I still have to come back. It’s not a loss for you to come back.”

When the driver heard that, he pretended to sigh and turned around to continue driving. forget it, forget it. I’ll send you guys there. I’m an honest man.

Chapter 266

266 Discharged from the hospital

Yu Xinran couldn’t help but laugh. Which part of him was honest? He refused to board the plane because he was afraid that she would expose him, but he also heard from Gong Bai that he wanted to come back.

...

“Forget it, there’s no need to go over.” She said.

Gong Bai looked at her in surprise.

I have my own house in the city," she said with a smile. I live there when I work. I won't be going home today. She then told the driver the location of her apartment in the city.

The driver thought to himself,"this is really a rich man!" His home was in the villa area, and he had a house in the city.

As he thought about it, he couldn't help but want to look at Yu Xinran's appearance through the rearview mirror to see if he had seen her on TV before.

In the capital, many socialites had exposure to the public.

In the end, he didn't see Yu Xinran. Instead, he accidentally met Gong Bai's eyes.

Gong Bai glared at him fiercely.

He was shocked. He did not dare to look around and focused on driving.

.....

Half a month later, Gong mo and his son were discharged from the hospital.

Gong Mo's complexion had almost recovered, and his figure was plumper than before he was pregnant.

When she was pregnant, she had thought that she would work out properly after giving birth and slim down. In the end, the child was born prematurely. She was shocked and didn't dare to think about losing weight for the time being. She only wanted to eat and drink well, and the child would be stronger with her milk.

On the day she was discharged, many people came.

Needless to say, Gong Bai's family would definitely not be absent. He was the first to arrive and had been helping mother Zhai pack her things.

Yu Xinran also came. After Gong Bai sent her home last time, she had come here every day. Gong Bai also came here every day, and the two of them met almost every day. Many times, they left together.

Gong mo didn't know if they had started dating, but it didn't seem like it. They were probably still in the ambiguous stage.

Yu Xinran brought a bright red rattle-drum over and was playing with the child at the side.

The child was still young, so his reaction was limited. He could only follow her movements with his eyes.

Gong mo was wearing a woolen coat and sitting beside her with a smile. The child's eyes were fixed on her.

Yu Xinran looked at it and put down the rattle-drum, "Nothing is more important than my mother!"

Gong mo laughed as he picked up the child, but his movements were a little rusty.

Although the child was almost twenty days old, he had spent most of his time in the greenhouse. When he could occasionally hug her, Sheng nanxuan was afraid that she would be tired and snatched it away!

She seriously suspected that he was snatching the child away from her! What was she going to do when the children were close to him in the future?

Gong mo touched the little one's face. The little one pouted and looked at her.

"Is he hungry?" Yu Xinran asked.

“I just fed him, so I don’t think so.”

As they spoke, Yu Qingliu and the doctors and nurses from the OB/GYN Department walked in. One of the nurses was holding a bouquet of flowers.

“I’m about to be discharged, so I’m here to congratulate you.” Yu Qingliu said.

Gong mo stood up and the nurse handed him the flowers. The doctor beside him said, “She’s carrying the child.”

“Give it to me.” Sheng nanxuan reached out.

He took the flower and turned to put it aside.

thoughtless,” Yu Qingliu said. the child is still so young. He shouldn’t be exposed to too much pollen.

“It’ll be fine if it’s further away.” Gong mo said with a smile.

“Go back and take care of your body! The child is quite healthy now. If there’s anything you don’t understand, just come to the hospital. Don’t use the old-fashioned methods!”

As doctors, they had seen many cases. Some children were growing up well, but the elders in the family used traditional methods to torture them. Some were crippled, while others died. This child was born prematurely. If the master was afraid that he would be in poor health and cause him trouble, he would be depressed.

Chapter 267

the foreigners are here too

“Don’t worry!” Mother Yan said. I may be an old lady, but I’m not stupid. I definitely believe in science!”

...

“Hahaha!” Yu Qingliu laughed. “You’re not old!” It’s good that you understand our concerns. Are you done packing? Then we won’t disturb you any longer. I’m happy ...”

“Al!” okay, “Yu Xinran replied. She turned around and glanced at Gong Bai before saying to Gong mo reluctantly, “I’m leaving now. Let’s keep in touch.

“Alright,” he said. Gong mo agreed with a smile.

Yu Xinran came every day, so the two of them naturally exchanged phone numbers. It would be more convenient to contact each other in the future.

Yu Xinran left with Yu Qingliu with a heavy heart. Gong mo and the others packed up for a while. Then, mother Zheng carried her child, Gong Bai and Fang Yang carried their things, and Sheng nanxuan supported Gong mo. The group of people walked out.

Just as he stepped out of the door, he saw Gambino walking over. Behind him was a handsome young man with blonde hair and blue eyes, holding a bouquet of flowers in his hand.

“Why is this foreigner here?” mother Yan frowned when she saw him.

When Gambino saw them, he stopped in his tracks. He turned around, took the flowers, and walked over quickly. “I heard that miss Ling is getting discharged today, so I came here to congratulate you.” After saying that, he passed the flowers to Gong mo.

Gong mo already had one in his arms, and now he had another one. She couldn’t say no, so she had to accept it. “Thank you,” he said.

Sheng nanxuan frowned in dissatisfaction and took the flowers. “Aren’t you guys annoying? The flowers are heavy, okay?”

I can help you. Gambino stretched out his hand. I can help you.

“Then I’ll give it to you.” Sheng nanxuan simply handed it over.

Gambino retracted his hand, then pointed at the bouquet from the hospital. “You can give me that bouquet, but you can take it.”

Sheng nanxuan and Gong mo were speechless.

“Let’s go, let’s go! Gong mo is tired of standing,” Mother Gong shouted.

“I’m sorry.” Gambino hurriedly retreated to the side and looked at the child in her arms. Seeing the child’s palm-sized face and closed eyes, he asked, “He fell asleep?”

“Hmph!” Mother Yan turned around and left.

Gambino paused and followed him in silence. After taking a few steps, he asked, “By the way, what’s the child’s name?”

“Is it related to you?” Her mother rolled her eyes at him.

He choked.

The handsome boy beside him was furious!

His BOSS had never been looked down upon like this before. This Chinese woman was too blind!

He took a step forward and roared, “woman!” Pay attention to your-”

“Back down!” Gambino shouted.

The handsome boy was shocked and retreated with a pale face. It's over, it's over, BOSS is angry, he's going to die, Yingluo.

Gambino put on a smile and said to Diana's mother, "Don't mind her, she's just a child."

"You know he's a child, so why are you being so fierce to him?" her mother glanced at him.

Gambino was stunned and turned to look at the handsome young man.

The little handsome boy froze, feeling that he was in deep trouble.

Gambino snorted and said in Italy, " "You're lucky!"

The little handsome guy, oh my! That Chinese woman was his Savior! She heard from the others that BOSS was chasing that Chinese woman. It seemed to be true. But why would BOSS like this old woman who already had a grandson?

After they left the hospital, Gong mo and the others got into the car. Gambino stood at the back and watched for a while before sighing helplessly.

The handsome young man at the back opened his mouth and wanted to say that they could drive behind. However, he had just made a mistake and was afraid that his BOSS would be angry, so he didn't dare to say anything.

Gambino also wanted to follow behind, but it was useless to do so. Dan Rong would definitely not let him enter the house. Aiyingluo was simply a clever housewife who couldn't cook a meal without rice!

Chapter 268

268 I'm angry, can't you see?

When she got home, she found that Sheng nanxuan had hired a nanny and a nanny. The nanny was cooking, and the confinement nanny was waiting to take care of the child.

...

Mother Zi knew that Sheng nanxuan was doing this for Gong mo and their child. Naturally, she didn't say anything. In fact, she was very satisfied. Besides, with a nanny, she didn't have to do any housework anymore and could focus on taking care of Gong mo and her child.

At noon, Fang Yang and Gong Bai stayed for lunch. It was just the three of them at night.

I'm going back to work tomorrow," said Sheng nanxuan. I'll leave the house to you.

Her mother was stunned. She had almost forgotten that Sheng nanxuan had to work.

For the past half a month, Sheng nanxuan had not gone to work, and she had not asked him.

Ever since she came to the capital, she had a feeling that Sheng nanxuan and Gong mo were hiding something from her.

She guessed that Sheng nanxuan's situation was not as difficult as she had thought. He might even be very powerful, so she did not ask further.

Now that he said he was going to work, she couldn't react in time. She was stunned for a while before nodding. "Alright! You go! Don't you feel at ease leaving Momo to me? The family's expenses are high now. I know that you're still playing under pressure, but don't work too hard."

"I know," Sheng nanxuan said, smiling.

.....

Su mo entered the room, threw the resume on the coffee table, and fell onto the sofa.

The servant brought the soup from the kitchen to the dining room. When she saw her, she said, "Miss su, dinner's ready. I'll take my leave."

“Get lost!” Su mo said unhappily.

The servant who was untying her apron paused, feeling a little angry.

She was an employee and had signed a labor contract. Everyone was equal, not a slave from the old society. Why should she vent her anger on her?

She was done!

The servant put on her apron, picked up her things, and left.

When she opened the door, Sheng Dongyi had returned.

The servant was shocked and said with a straight face, “ Mr. Sheng, I have something to do at home. I’m going to quit my job here.

“What?” Sheng Dongyi was stunned.

The servant paused, suddenly remembering that this was against the rules.

She had taken the job from a housekeeping company. If she quit, the company would make arrangements for her.

“I’m fine,” she said. I’ll let the company know and they’ll arrange for someone else to come. I won’t be coming.”

“Oh, take care.”

The servant nodded and turned to leave. She glared at su mo, but su mo was staring at her. She was shocked and ran away quickly.

Sheng Dongyi closed the door. Su mo grabbed the resume and threw it at him.

With a crash, the papers in the resume scattered and fell on Sheng Dongyi.

what are you doing?! Sheng Dongyi was furious.

“What is she?” Su mo shouted, “ can’t you see that she’s targeting me? I’m going to file a complaint against her!”

“Enough! She’s just a nanny, why do you have to make things difficult for her?”

ah! su mo grabbed her bag and threw it at him.

what the hell are you doing? ” Sheng Dongyi was slightly angry.

“I’m angry! Can’t you see?”

Sheng Dongyi had no choice but to bend down and pick up the things on the ground. He glanced at them and said, ” “Just for this? Even if you don’t work, I can still support you!”

Su mo sneered. is that so? ”

She stood up, grabbed the resume, and went back to her room.

Didn’t she know Sheng Dongyi? If she did not work and could not create value, he would indeed support her! But in that case, she would be a Canary in a cage, and her only use would be to let him vent on the bed!

She was supposed to be Mrs. Sheng, but he had turned her into a bed warmer!

He wanted to kick her away, but he had to see if she agreed!

Su mo took a deep breath, turned on her computer, and continued to look for a job online.

A line of recruitment information came into view-

Company: Aimo books

Position: Editor

Chapter 269

interview

Su mo did some research. This Aimo books had just been established, so it should be easier, right? No matter what, she had just returned from studying abroad. It was a blessing from her past life for a new company like this to be able to recruit her!

...

Su mo opened her email and sent her resume to the email address that was included in the recruitment Notice for Aimo books.

The next morning, she received a call from Aimo books while she was still sleeping.

On the other end of the phone was a girl's gentle voice. "Hello, are you miss su? We've received your resume. If you can, you can come to the company for an interview today."

"What time is it?" Su mo asked hurriedly.

“Anytime.”

“Alright, I’ll be there in a while.”

Su mo hung up the phone and found that Sheng Dongyi was not in bed. There was no trace of anyone sleeping next to him.

He actually didn’t enter the room?

Hehe hehe

Su mo sneered. She tidied up and walked out of the room. She saw Sheng Dongyi eating and reading the newspaper in the dining room.

She rushed over and threw the plate in front of him in his face. “Sheng Dongyi! What the f * ck do you mean by that!”

Sheng nanxuan was furious. He stood up. are you crazy?!

The servant was still making su Mo’s breakfast in the kitchen. When she heard the noise, she craned her neck and saw su mo pouncing at Sheng Dongyi like a mad woman. “I’m useless to you now? Sheng Dongyi, you bastard!”

“You crazy woman!” Sheng Dongyi pushed her to the ground.

Su mo looked at him in disbelief. He actually pushed me? When she was useless, he would push her!

Sheng Dongyi was furious. are you crazy?!

“Yeah! I’m going crazy!” Su mo shouted. She grabbed a broken plate on the ground and threw it at him. Then, she got up and went back to her room.

Sheng Dongyi dodged the plate, his body covered in food. He slammed the table in anger.

Soon, su mo came out of the bedroom with her handbag and went out.

The servant walked out of the kitchen, trembling. She said to Sheng Dongyi, "Mr. Sheng, I'll be leaving."

Sheng Dongyi didn't say anything. The servant picked up her things and quickly walked to the door.

When she opened the door, she heard a loud bang. She turned around and saw Sheng Dongyi kicking the table open. His face was so dark that it looked like he was going to eat someone.

The servant was so frightened that she rushed out. I really can't do this job anymore, all of them are sick!

.....

When su mo rushed to the location of the Aimo books, it was ten o'clock. Su mo heaved a sigh of relief. There were still two hours before noon, so the interview would go smoothly. Otherwise, if it was too late and the interviewers were in a hurry for lunch, they might be perfunctory.

Su mo walked into the office building. Like Qing Yu media, this office building was located in the CBD business district of the capital. The office rent was very expensive.

From the looks of it, this Aimo books was quite rich. They were also very ambitious to choose this office. It was obvious that they wanted to develop into a big company.

Su mo thought about it and decided that she had to get this job no matter what!

It was good to enter a big company, but if he could become a founding member in a new company like this, he would naturally have a better future!

Su Mo's interview went smoothly.

At the moment, AI Mo books did not have high requirements for its recruitment because the company did not have that many authors and manuscripts. One senior editor was enough, and the others were more or less just doing odd jobs. They would be on probation for two months. If they were not capable enough, they would naturally not be hired officially.

Aimo books' current route was to translate foreign novels. Su mo had just returned from abroad, and her English was excellent. Naturally, she was hired.

Chapter 270

let her go!

Su mo heaved a sigh of relief and decided to work here. The company had used the two-month probation period to inspect her, and she would naturally use the two months to inspect the company.

...

If she found out that the company had no future, or that she had found a better man, she would not stay.

"Then, miss su, please come to work next Monday." The HR manager said.

"Alright," he said. Su mo stood up, and a female secretary beside her walked her out of the office.

Outside the office was a cubicle for ordinary employees. Everyone was working hard, and the sound of typing on the keyboard could be heard. A man was standing behind one of the employees, as if he was supervising his work.

The man's back was tall and straight, giving people the feeling that he was a crane standing among chickens.

Su mo passed by the middle of the passage and could not help but look up at him.

The other party seemed to have felt her gaze. He turned around and raised his eyebrows when he saw her.

“Sheng nanxuan!” Su mo was shocked.

The sound of typing around them suddenly stopped. Everyone looked at su mo and thought in surprise, “ She actually dared to call the CEO by his name?”

Sheng nanxuan lowered his head and said to the employee in front of him, “ Send it to my office when you’re done.”

He walked to su Mo’s side. why are you here? ” he asked.

Su Mo’s expression changed, but she said calmly, “ I’m here for the interview. You work here?”

“Interview?”

yes, Zhenzhen. su mo lowered her eyes and rolled them around. She looked up and smiled. long time no see. How is Gong mo? ”

“You don’t know?” Sheng nanxuan asked.

Su Mo’s heart skipped a beat, and a chill ran down her spine. Why did he ask this? Could it be that he knew that she was the one who caused this? but, what happened to Gong mo?

“President.” The HR manager got the news and ran out of the office.

Su mo was shocked. She looked at Sheng nanxuan. you are the president? ”

Sheng nanxuan ignored her and asked the HR manager, "Did she pass the interview?"

"It, it passed."

"Let her go!" Sheng nanxuan said coldly.

The HR manager looked at him in surprise and didn't know how to react.

Su mo pursed her lips and turned to leave.

Of course, she would not beg Sheng nanxuan!

However, it was a pleasant surprise to meet him. He was actually the president here. It seemed that he was the one who opened the company. This information could be given to Sheng Dongyi!

When Sheng nanxuan entered the office, Fang Yang immediately followed. "BOSS—"

"Take her down." Sheng nanxuan ordered coldly.

Gong mo had been discharged from the hospital, so it was time for him to deal with his enemies!

.....

When su mo got home, she was about to call Sheng Dongyi when she found that the dining room was in a mess.

Did that servant really want to quit? He actually didn't know how to pack up!

She angrily found the servant's phone number on the post-it behind the door and called her. "You don't want to work anymore, do you? Hurry up and clean up the room!"

After hanging up the phone, she looked at the garbage and took a deep breath. Then, she turned around and left.

It was almost noon. She had to find a place to eat.

After a while, the servant came and opened the door. "Miss su? Miss su?"

It seemed that he was not around. The servant heaved a sigh of relief and began to clean up.

Halfway through the cleaning, the doorbell rang.

The servant was shocked and thought that su mo had returned. She opened the door nervously and saw a man in a courier uniform standing outside.

Hello, this is su Mo's express delivery.

"Uh, miss su is not here."

"Then help me sign for it." The man handed over a delivery envelope.

The maid saw that he was wearing gloves and didn't mind. On such a cold day, it was necessary to wear gloves when going out.
