

Ditsy Wife 341

Chapter 341

341 Just joking

When Gong Bai arrived at the Sheng family's house, Sheng nanxuan had not returned yet. Gong mo called him over to see the child. He took the opportunity to ask, "Why are you looking for miss Yu?"

...

"I'm bored at home all day, so I want to find someone to go shopping with me."

Gong Bai was stunned and asked in a low voice, "you two went shopping together?" She's the daughter of a rich family, don't waste your husband's money."

"My husband is also a young master from a rich family, okay?"

Gong Bai was stunned for a moment before he nodded in agreement. "You're right."

He was the only one who could not be considered to be in the same circle as them. Therefore, it was impossible for him and Yu Xinran to be so different.

but I'm really poor now, Chengcheng. Gong mo seemed to have noticed his troubles. he has been driven out of the Sheng family. You know Chengcheng.

"What do you mean? You said that in front of him? Men have self-esteem. Be careful, he won't be happy."

Gong mo stuck out his tongue and said, "he won't!" He's so cocky and doesn't care about the Sheng family at all."

"That's good." Gong Bai heaved a sigh of relief. he's capable, so he can naturally give you a good life.

but I don't have that much money now. I wonder if I can go shopping with miss Yu? "Gong mo smiled.

Why did the topic of Yueyue change back?

Gong mo looked at his serious face and blinked, " "Maybe miss Yu doesn't act like a rich young lady at all? I think she's someone who knows her limits. At least she won't show off in front of me, right?"

After a moment of silence, Gong Bai rubbed her head and said, " "It doesn't matter if she shows off or not, it doesn't affect her status."

He understood the meaning of her words.

Although Yu Xinran was the daughter of a wealthy family, she might not look down on ordinary people, nor would she be extravagant and wasteful, unaware of the suffering of the people.

However, she wouldn't. It was only because of her upbringing, not her daily life.

When two people were together, they had to blend in with each other and be in tune with each other, not just blindly accommodate each other. She could eat bird's nest and shark's fin for every meal. Why did she have to eat porridge and wild vegetables? No matter how plain it was, it should be meat, right?

Therefore, it was impossible for him to have a quarrel with Yu Xinran.

Yingluo! Gong mo glared at him. why don't you try it? " You're already tempted, but you're so afraid. Other girls aren't like this, are you even a man?"

Gong Bai glared at her when he heard that.

"What's wrong?" she asked in a low voice.

“You’re married, yet you speak like an adult!” Gong Bai stretched out his hand and rubbed her head. but you’re actually still a little girl!

ah! Gong mo protested.

Hello, Yingluo. a voice suddenly came from the door.

The two of them stopped and turned around. Sheng nanxuan had returned.

“That’s my wife,” Sheng nanxuan said, pointing at Gong Bai’s hand.

Gong Bai immediately withdrew his hand and said in embarrassment, “Yingluo, I was just joking with my sister.”

Sheng nanxuan walked over with a straight face. Gong mo recalled his jealous past and felt a little guilty.

He stretched out his hand and straightened her hair. He glanced at Gong Bai and said, “Although she’s your sister, Momo is no longer a child.”

Gong mo held his arm and leaned his face on his arm. He said in a low voice, “Yeah, Yingluo.”

Sheng nanxuan lowered his head to look at her. She actually dared to say yes? Hmph. He reached out and pinched the tip of her nose.

Gong Bai couldn’t stand it anymore. He rolled his eyes and said, “I’m going to help second aunt. I won’t disturb you guys.”

Gong mo let go of Sheng nanxuan when he saw him leave. Sheng nanxuan raised an eyebrow, “you’re throwing it away after using it, Yingluo.”

Chapter 342

342 Looking for Yu Xinran for help

“What are you talking about?” Gong mo glared at him with a red face.

...

Sheng nanxuan chuckled and lifted her chin to kiss her.

Gong mo was already used to Yu Yuehan’s kisses. After Yu Yuehan had kissed him enough, Gong mo turned his head and said, “I want to go shopping with Yu Xinran tomorrow.”

go ahead. Why are you reporting to me?” Sheng nanxuan laughed and asked, “why? do you want me to help you carry your bag?”

“I’m afraid you’ll think I’m messing around outside.”

“Who are you messing around with?” The only thing he was worried about before was Sheng Dongyi. Now that Sheng Dongyi was detained and the court was in session, she could not see him.

“Of course I won’t. I’m just afraid that you’ll think too much. I think you’re quite a jealous person~”

“I like you, that’s why I’m jealous.” Sheng nanxuan said seriously.

Gong Mo’s face turned red. He lowered his head and muttered, “Who wants you to like Yingluo?”

“It’s me,” he said. He blurted out.

“Ah?” Gong mo was stunned. What did he mean?

“I want you to like me.” He said.

Gong mo blushed and pushed him away, “It’s time to eat.”

When he walked into the living room, he found Gong Bai helping mother Zhai set the table.

“Has there been any progress between your cousin and Yu Xinran?” Sheng nanxuan asked in a low voice.

not yet,” Gong mo replied. my cousin thinks that the gap between them is too big, so he doesn’t dare to make a move. That’s why I wanted to ask Yu Xinran out and test her on his behalf.

“Is that so, Yingluo?”

Didn’t she just go shopping with Tang Xinxin today? Why did she have to go shopping with Yu Xinran? She didn’t have much contact with Yu Xinran, so she thought that Yu Xinran was just going shopping with Tang Xinxin.

He didn’t expect it to be like this.

He had asked his men to pay attention to Tang Xinxin recently, so he knew it as soon as they met.

In fact, he should have paid more attention to Gong Mo’s movements, but he didn’t dare to. If Qimo knew that he had sent someone to follow her, he would definitely be angry!

However, he didn’t need to follow Tang Xinxin anymore. Because he was only following them, he couldn’t do anything. He didn’t even eavesdrop on their conversation, so it was no different from not following them. If Gong mo wanted to know something, he would eventually find out. He would just wait and see.

Sheng nanxuan sighed and said to Gong mo, “you’re so worried.”

Gong mo glanced at him with a complaining look. Wasn’t it all because of him? If he had not lied to her, she would not have to do this.

That night, she contacted Yu Xinran and explained the situation.

Yu Xinran agreed very quickly and set the time for the next afternoon.

When the time came, Yu Xinran drove to the neighborhood to pick her up.

Gong mo got into the car and fastened his seat belt.

Yu Xinran smiled. I've always wanted to go shopping with you. I'm embarrassed because you're busy.

"Actually, I'm not busy at all. As long as the child doesn't make a fuss, I'm bored to death. But when she makes a scene, I can't have peace."

"It's really hard to raise a child."

"Yeah, but what can we do? I've already given birth ~"

Yu Xinran couldn't help but burst out laughing. She asked while driving, ""Where are we going?"

Gong Mo's expression turned serious. Xinran, I'm looking for you today because I need your help.

"Help? What favor?"

"Isn't your uncle the director of worriless hospital? Can you ask him to introduce me to a more skilled brain doctor?"

"A brain doctor? Who needs it?" Yu Xinran was shocked.

All the diseases in the world were more serious than the ones that came with the brain!

The brain was the most precise and mysterious organ in the human body!

If there were problems elsewhere, they would be found out. However, once something went wrong with the brain, it was hard to tell what was wrong. This was a problem that human medical history had yet to overcome.

Chapter 343

343 Can't let nanxuan know

"I'll do it myself," Gong mo said, " but you and Dean Yu can't tell my family about this. You can't tell my cousin, you can't tell my mom, and you can't tell my husband!"

...

what's wrong? " Yu Xinran was so frightened that she slammed on the brakes. She looked at her with a pale face. what's wrong? " Are you sick in the head?"

"I don't know. But if this continues, I'm going to lose my mind." Gong mo sighed. I think I have a problem with my memory, so I want to see a doctor.

"My uncle is an authority in the field of braindead. I'll take you to him!" Yu Xinran picked up her phone. I'll give him a call first.

"Thank you!" Gong mo heaved a sigh of relief. But remember, you must not let nanxuan know of this!"

"Why?" Yu Xinran asked timidly.

That was Sheng nanxuan! The night God! If she hid it from him and something went wrong, wouldn't the Yu family be buried with her?

"I have my own considerations. But don't worry, I'll tell him myself when the results are out. I won't make things difficult for you."

It was not difficult, it was fear!

“Alright,” Yu Xinran agreed helplessly.

She had no other choice. On one side, she wanted to please Gong Bai’s cousin. On one side was night God, a little afraid of Yingluo.

However, Sheng nanxuan doted on Gong mo so much. If she listened to Gong mo, she wouldn’t offend him, right? If there’s anything you need, you can ask Gong mo for help.

Yu Xinran finished the call and started the car.

The car drove on for a while, and neither of them spoke. Yu Xinran found it was too quiet in the carriage, and she was thinking about Gong Bai, so she wanted to ask around.

She hesitated for a moment and chose a roundabout question. “How is Hu Zi? I haven’t seen him in a long time.”

“It’s good, you’ve grown a lot.” At the mention of the child, Gong Mo’s expression softened and he exuded a motherly aura. why don’t you send me back and visit him after I’m done with my examination?
”

“Good, good, good!” Yu Xinran nodded hurriedly, but she couldn’t help biting her lip when she thought of Gong Bai.

Sigh, he’s simply a block of wood! She had already given him her phone number, so why didn’t he contact her? Did she have to take the initiative as a girl?

Could it be that

He didn’t have that kind of intention towards her at all?

When Yu Xinran thought of this, she felt a little bitter and asked, ” “How’s that Auntie Yingluo?”

"It's pretty good." Gong mo nodded.

"Uh, hehe."

"My cousin is also quite good." Gong mo could see her awkwardness, so he answered first.

"I didn't ask him," Yu Xinran replied.

Oh, Yingluo, I thought you were going to ask ... Gong mo couldn't help but laugh. He then said seriously, "I almost forgot that you two are friends. You can contact each other if you have any questions, right?"

"Yingluo didn't?" Yu Xinran complained in a low voice.

"I don't have much contact with him either, but he went to my house for dinner yesterday."

"Is that so?"

"Yeah, we were talking about you!"

Yu Xinran's heart suddenly stopped and started beating again.

"What did you guys talk about me about?" She jokingly asked, "I didn't expect a man like him to gossip behind people's backs.

"I said I wanted to go shopping with you today, so we started chatting. I thought you guys kept in touch, but he said you didn't."

Yu Xinran didn't say anything. She really didn't know what to say.

She and Gong Bai were just ordinary friends, and they were both single, so it was reasonable for them to keep in touch often. However, if there was no intention of further development, it would be normal for them not to contact each other.

That was why it was so confusing!

Chapter 344

344 Diagnosis (1)

“He thinks that having a friend like you is too much.” that’s why I didn’t want to contact you,” Gong mo said after some deliberation. I was afraid that you would misunderstand. Uh Yingluo, what I mean is, he’s afraid that you’ll misunderstand that he’s trying to use your identity or something Yingluo ”

...

“Is he that kind of person? If he’s doing the right thing, why would he be afraid of others talking about it?” Yu Xinran’s face was serious. forget it. Some men just like to undervalue themselves! It looks like he’s thoughtful, but in the end, he’s thinking of me in a bad way!”

“There isn’t any!” Gong mo said hurriedly.

“Oh, I’m not talking about him.” When Yu Xinran stopped the car, they had already arrived at the hospital.

The two of them walked into the outpatient department, and Yu Qingliu happened to be walking over leisurely with a cigarette in her mouth.

Fortunately, this was a private hospital. There were few people waiting for him, and no one had seen him like this.

Oh, we’re here! Yu Qingliu laughed casually. I’m here to pick you up. Are you touched? ”

“You’re a doctor, how can you smoke!” Yu Xinran raised her eyebrows.

Yu Qingliu's tongue rolled, and the cigarette entered her mouth.

Yu Xinran was so scared that she didn't dare to speak.

He spat out the cigarette again and held it in his hand.

Gong mo took a look and realized that it wasn't even lit!

He came over with a smile, "you're the one who wants to see a doctor?" You're pregnant?"

Gong Mo's face turned red in anger.

"Aiya, don't be so indecent!" Yu Xinran pushed him away and warned him softly, " have you forgotten who her husband is? Don't think that you're allowed to take liberties with them like those nurses of yours!"

Okay, okay. Yu Qingliu nodded and said to Gong mo, " come with me.

Gong mo heaved a sigh of relief and followed him to the director's office.

"Where do you feel uncomfortable?" Yu Qingliu asked.

f * ck! Gong mo glanced at Yu Xinran.

"I'm going outside. Call me if there's anything," Yu Xinran said considerately.

Yu Qingliu waved his hand and sat down behind his desk. He asked Gong mo to sit opposite him.

Gong mo sat down and sighed.

you look fine," Yu Qingliu said. it doesn't seem like there's anything wrong.

"Xinran said you're an authority in the brain?" She asked.

Yu Qingliu's eyes widened, 'what's wrong with his brain? This is a big deal!"

"You're the one with a problem!" Gong mo couldn't help but retort. Then, he realized that he had only managed to get the doctor's consultation through his connections and felt a little embarrassed. well, Zhenzhen, can we not be so misleading? "

"You're thinking too much."

"....."

"What's wrong?" Yu Qingliu became serious. why are you suddenly not talking? "

maybe I'm just overthinking, Yingluo, " Gong mo said faintly. I think I've lost my memory.

"Amnesia?" Yu Qingliu's face changed. Mrs. Sheng, " she said seriously, " you can't talk about this kind of illness! If you say you have a brain tumor, I can even check it out for you. However, even the best neurologists in the world were still in the research stage when it came to amnesia! Do you know how scary the brain is? The doctors who've been tortured one after another, hehe."

"I know. That's why I want you to help me analyze it."

then you can continue. Why do you think you lost your memory? "

actually, I didn't feel that way for the past twenty years. It was only last year when I met nanxuan. It was clearly our first meeting, but someone said we knew each other long ago. However, I had no impression of him at all!

“Selective amnesia.”

Gong mo nodded, “it’s a little like the ones on TV, but it’s different.” Because I still remember the past very clearly. However, some of the things that happened in high school are indeed a little vague and unreal. I don’t know if it’s because it’s been too long.”

Chapter 345

345 Diagnosis (2)

“When will you graduate from college?” Yu Qingliu asked.

...

“Last year,”

“Then high school is a memory from five to eight years ago. It’s normal to have this feeling. Some memories aren’t important and aren’t strong enough. In the process of forgetting them, you’ll have a vague and unreal feeling.”

but Yingluo doesn’t have any memories of Sheng nanxuan. Gong mo said worriedly.

“That means you don’t know her!”

“But the people around me said that he was my high school classmate. It’s impossible that he doesn’t have any memory of it, right?”

“It’s very obvious!” Yu Qingliu cried out, “ I think there’s really something wrong with your brain!

Gong Mo’s expression changed.

if he was your high school classmate and you don’t have any memory of him, do you think it makes sense? ”

Gong mo shook his head.

“That means you’ve been tricked!” Yu Qingliu slammed the table. the person who said you were high school classmates lied to you!

“No, Zhenzhen won’t.” Gong mo frowned. her reaction is normal. She can’t be lying to me. Besides, I had a dream too. I dreamed of Sheng nanxuan when we were in high school!”

“What you think in the day, you dream at night.”

Gong mo was displeased when he heard that,”Dean Yu!” I’m talking about my illness now, so you shouldn’t be opposing me. Instead, you should first assume that what I’m saying is true and help me analyze the cause!”

Yu Qingliu was stunned,’but Yingluo, what you said is too ridiculous! Let’s say what you said is true. Sheng nanxuan is your high school classmate, and you remember everyone in high school except him-”

At this point, he suddenly paused.

Gong mo thought that he had reached a conclusion and hurriedly nodded.

“Do you owe him money?” he asked.

Hearing this, Gong mo stood up and was so angry that he wanted to hit someone. “Can you cure it or not? Quack!”

When Yu Qingliu heard this, how could she bear it? He was the world’s leading medical expert. How could he be a quack?

“Sit!” He pointed at the stool sternly.

His voice was cold and carried an unquestionable authority. Gong mo subconsciously obeyed and sat back down.

“Can you be more serious? I’m going crazy.” Gong mo said irritatedly.

Okay, okay. Yu Qingliu nodded. After thinking for a while, he asked, “ what evidence do you have to suspect that Sheng nanxuan was your high school classmate? ”

a classmate list and graduation photo.

Yu Qingliu took in a deep breath, why didn’t you say so earlier? If there’s such a thing, it naturally can’t be fake!”

it’s not Zhenzhen, ” Gong mo said awkwardly. I just don’t have one.

Yu Qingliu’s eyes widened, and she had an ‘you’re playing with me’ expression.

“I’ve been thinking about it for a few months, but I don’t have any memory of it. There’s a blob of ink in the graduation photo, and it’s blocking a person’s face. Yingluo, do you think there’s such a coincidence in this world?”

Yu Qingliu leaned back in her chair and fell silent.

Gong mo took a deep breath and waited for him.

He thought about it for a few minutes and said,“the first situation is more optimistic for Yingluo-you’re suffering from persecutory delusion.” This kind of illness was to imagine life. Seeing what others did, you could imagine all kinds of schemes and intrigues! Some people said that you knew each other long ago and were high school classmates. Perhaps there was a deviation in your brain, and such a thing did not happen. It was your own imagination. The student records were indeed torn and there was some ink on them, but you found a reason for this situation!”

“Yingluo isn’t like this.” Gong mo shook his head in pain. I’m not paranoid.

Chapter 346

346 Diagnosis (3)

“That’s a pretty optimistic situation.” Yu Qingliu said, ” in such a situation, you can tell your family about your condition and cooperate with the psychiatrist for treatment. You’ll slowly recover.

...

“What about the other situations?” Gong mo shook his head. No matter how optimistic he is, this situation is fake!”

aiyoyo. Yu Qingliu sighed. if it’s not optimistic, it means that everything you said is the truth. If that’s the case, there are two serious problems. One is related to me, and the other is not related to me!”

“What do you mean?”

“If it’s related to me, then it’s obviously your memory loss! You’ve lost your memory, but you’ve only forgotten one person. I have to track your situation and treat you! However, with the complexity of the brain, this doesn’t look good.”

Gong mo also knew that the brain’s structure was complex. If it was an illness that required surgery to recover, there was no way to cure it. For the sake of her own safety, she could only choose not to do it.

However, she really wanted to know what she had forgotten.

“You just asked two questions. What’s not related to you?” she asked Yu Qingliu.

of course it’s about why you lost your memory and why your husband is hiding it from you again! Yu Qingliu sighed. who knows, there might be some earth-shattering secret behind this. Just thinking about it is terrifying! Tsk, maybe he’s your enemy who killed your father?”

“What nonsense are you spouting!” it’s none of your business! Stay out of it! Gong mo shouted.

“Alright, I can’t do anything about it.” Yu Qingliu picked up a pen and started scribbling on the diagnosis report. go and check your brain first, then I’ll analyze it for you.

Gong mo nodded. He stood up and took two steps. Suddenly, he turned around and said, ” “Please keep it from Sheng nanxuan that I’m looking for you to treat my illness.”

Yu Qingliu paused and raised his head to look at her. “Alright~”

.....

Gong mo walked out of his office and saw Yu Xinran reading a magazine.

Yu Xinran stood up when she saw her. “Are you done?”

“I have to go for a CT scan,” Gong mo shook his head.

“Then I’ll go with you.” Yu Xinran put down the magazine.

“Then I’ll have to trouble you.” Gong mo said with a grateful smile.

After all, Yu Xinran was the hospital director’s niece. Everyone knew her. With her company, Gong Mo’s CT scan was completed very quickly.

After taking the results back, Yu Xinran continued to sit outside. Gong mo was a little embarrassed.”Will I waste your time?”

it’s okay ~ if you’re embarrassed, you can treat me to a meal.

Gong mo smiled, walked into the office, and handed the CT image to Yu Qingliu.

Yu Qingliu took a look at the film and said, "There's no sign of injury, Yingluo. Have you been in a car accident?"

Gong mo shook his head. No, I don't think so. He didn't even hit a wall. I don't think he was injured.

"You're suffering from amnesia, so it's hard to say. Maybe you've been injured but have forgotten."

"Is that so?" Gong mo was worried. What he said might be the truth. If that was the case, what should she do?

"But from the X-ray, your brain has never suffered any external injuries." Yu Qingliu put down the X-ray and asked, "in your current memory, have you ever been seriously ill? For example, a high fever?"

"I've had a cold and a fever, but it wasn't a high fever,"

"Have you ever had pneumonia?" Pneumonia would definitely be accompanied by a high fever.

Gong mo shook his head.

then there won't be any brain damage,! Yu Qingliu thought for a moment. let's do an electroencephalogram!

He had equipment for detecting an electrocardiography in his office. Gong mo was lying on the treatment bed, and he placed the receiver on her head.

Chapter 347

347 Diagnosis (4)

"Don't be nervous," Yu Qingliu sat in front of the computer, watching her brain activity.

...

"I'm not nervous." Gong mo said.

"Alright, let's have a chat."

"Talk about what?"

Talk about what? This really stumped Yu Qingliu. He thought for a moment and said, "do you want to ask your mother if you've suffered a heavy blow to your brain and if you've had a high fever?" After all, you might have forgotten."

"I'm here without them knowing. If my mom doesn't know about this, I don't want her to worry. If she knows, doesn't that mean she's been hiding it from me? Even if I ask her, I won't be able to get any answers, right?"

you're right, Yingluo. Yu Qingliu nodded. close your eyes, clear your mind, and meditate like you do yoga.

Gong Mo closed his eyes obediently and the office became quiet.

Yu Qingliu looked at the computer screen and kept thinking. She took out a pen from the pen holder and recorded data on a piece of paper.

After a while, he said, "now listen to my command-take-deep breath-"

Gong mo did as he was told.

After taking a few deep breaths, he told her to breathe quickly.

"Now, let's do some addition and subtraction," he said.

He gave a few questions, starting from the simplest one plus one, and then did two-digit multiplication.

After he was done, he said, "your brain waves are very active, Yingluo."

"Active?" Gong mo didn't understand.

"It means that Yingluo is more powerful than ordinary people." Yu Qingliu thought for a moment and found an explanation that she could understand. you know about superpowers, right? "

I have a superpower?! Gong mo was shocked.

"You wish!" Yu Qingliu rolled her eyes.

waah, waah, "he was indeed a little disappointed. If she was Superman, her life would have started a different chapter.

however, Espers are people whose brain waves are particularly active, so active that they can control things, just like willpower and mental power in novels.

"Are there really people with superpowers in this world?" Gong mo asked curiously.

Yu Qingliu paused. I heard that there's a secret superpower Research Center. However, this kind of research is unethical and illegal. The United Nations World Health Organization has banned it! Therefore, even if there was one, no one could verify it. But don't worry, you're not qualified to be captured for research at your level."

Yingluo, she was so scared! I'm so disappointed!

Hmph! She was only here to see a doctor. Why was he talking about science fiction with her?

don't worry, "Yu Qingliu said seriously. you don't have Supermen by your side. I'm just giving you an example to let you understand your brain waves. In the field of medical research, your cerebral cortex is more active than ordinary people. The best situation is to show that you have a high IQ and EQ, but in most cases, it's useless."

"Hey!" She wanted to call the police! Was there such a thing as mocking people?

"Not only is it useless, but it will also cause trouble for the treatment." Yu Qingliu sighed. for example, it's hard to anaesthetize Yingluo. Do you sleep well? "

"Oh, it's alright." The topic finally returned to her illness. Gong mo was so touched that he was about to cry. I wasn't very good in high school. I always thought about strange things when I slept and I had to sleep for a long time before I fell asleep. I've been sleeping better since I went to college."

Yu Qingliu was taken aback, and was silent for a moment. "After university? And the memory that you suspected to have lost was before this?"

"If I really did forget something, it was before this." Gong mo nodded.

Chapter 348

348 The diagnosis (5)

are you sure that your quality of sleep suddenly improved? " she asked.

...

"Yingluo didn't pay much attention to this back then because she was used to it. Now that he thought about it, it was true that after Wanwan graduated from college, or rather, high school, she slept very well. Back then, he thought that it was because the college entrance examination had ended and he was no longer under pressure, so he did not pay much attention to it. But in the next few years, I slept very well."

Yu Qingliu nodded. it could be the pressure. It could also be that your brain waves are suppressed.

"What do you mean?" Gong mo was shocked.

Why did this sound so terrifying?

when your brain waves are suppressed, your brain is no longer so active. You will think less before you go to bed, or you will start to get tired halfway through your thoughts, and it will be easy for you to fall asleep.

“Is this related to my memory loss?”

“Your memory loss is only a hypothesis at the moment. It hasn’t been confirmed yet, so I don’t dare to make a rash judgment. Also, it’s just my guess that brain waves are suppressed, so we don’t have to think too much about it for now.” Yu Qingliu paused. don’t worry about it in the future. Forget about this! Because technically speaking, it’s very difficult to do.”

Gong mo wasn’t so optimistic.

She had been tormented by this incident. Even if someone told her that aliens had installed a machine in her brain, she would believe it!

Yu Qingliu stood up and walked to her side to remove the electrode on her scalp. “Alright, you may rise.”

“Thank you,” he said. Gong mo got up.

I have a rough idea of your situation, ” Yu Qingliu said. I still need to analyze it in detail. When I have a result, you can come over.

“Alright, thank you for your trouble.” Gong mo nodded. Also, you can’t tell nanxuan.”

Yu Qingliu waved her hand, “don’t worry!” I was afraid that if I told him, he wouldn’t let me examine you. Every case like yours is the subject of our research.”

"I'm a patient, not a test subject," Gong mo replied.

I'm doing research while treating illnesses, so of course, saving people is my top priority ~"

.....

Gong mo brought Yu Xinran home. Seeing that they were empty-handed, mother Zhai couldn't help but ask curiously, "Didn't you go shopping? You didn't buy anything?"

"I looked around and didn't see anything I wanted, so I just drank some tea." Xinran misses Hu, so I brought her home for dinner, " Gong mo said with a smile.

"Auntie, sorry for the disturbance." Yu Xinran said to her mother with a smile.

"I'm more than happy to have an honored guest at your door," mother Juan said with a smile."What do you mean by 'disturb'?" What do you like to eat? I'll make it for you!"

Yu Xinran was overjoyed,"how would I dare to trouble Auntie?" I'll eat whatever you serve me. "

"You're so sensible. I'll be letting you down if I don't give you some good food!"

Gong mo saw that they were laughing so happily and said in a sour tone,""When mom saw Xinran, she felt like she had a daughter ~"

"Where?" Her mother pulled a long face. I only have one daughter! However, it has already become her, not you!"

wuwuwuwu, "Gong mo pretended to cry. mother doesn't want me anymore. I don't want to live anymore ...

Her mother laughed and poked her on the head. naughty~quickly take Xinran out to play. I'll ask sister Zhang to prepare a few more dishes!

Yu Xinran was a little embarrassed. "I'll have to trouble you guys too much, Yingluo."

it's no trouble, no trouble, Yingluo, "her mother waved her hand and said," even if you didn't come, we still wanted to eat

Chapter 349

349 Can you teach me?

Gong mo brought Yu Xinran into the nursery, where the child happened to be awake.

...

Gong mo hadn't seen him for a few hours and missed him so much that he immediately held him in his arms.

The child smelled her scent and wriggled his little head, looking for food.

"Are you hungry?" Gong mo couldn't help but laugh.

"Are you going to feed him?" Yu Xinran asked curiously.

Gong mo nodded.

"Then I'll leave for a while," Yu Xinran said, embarrassed.

"Why don't you stay here? I'll go back to my room," Gong mo said with a smile.

Yu Xinran was an unmarried girl, so she would definitely be embarrassed to see others feeding her milk. Gong mo was also embarrassed, but if the other party had also given birth to a child, she didn't dare to be unreasonable.

After hearing her suggestion, Yu Xinran naturally agreed. It was better here than in the living room. If she went to the living room without anyone to greet her, she would be very embarrassed. Even if someone greeted her, it would be her mother. She couldn't take it.

Gong mo carried the child back to the bedroom, took a picture of Zhang Baobao with his mobile phone, and sent it to Gong Bai. "Are you here for dinner?"

Gong Bai quickly replied, 'you didn't finish last night's meal?'

Gong mo replied, "that's right. That's why I asked you to help me solve this problem."

Gong Bai said speechlessly, "I'll come over after work."

"Yay!" Gong mo put down his cell phone, undressed himself, and prepared to feed the child.

She had created an opportunity for Gong Bai and Yu Xinran. It was up to them whether they would seize it or not.

If they were still like this, she wouldn't meddle in their business anymore, lest they be disliked.

.....

After the baby was full, Gong mo changed his clothes and carried the baby back to the nursery.

Yu Xinran was looking at the yarn she had knitted. When she saw her, she smiled and asked, "You knitted this?"

“Yup!”

she’s so capable~” Yu Xinran exclaimed.

I’ve only just started learning, “Gong mo said guiltily. I’m just weaving it for fun.

“It’s very well knitted!”

“It’s useless to knit such a small piece, so I’ll practice my acupuncture skills. When I’m done, I’ll knit clothes for the child.”

Yu Xinran heard this and looked at the baby. “He’s so blessed!”

“I’m just bored and have nothing to do.” Gong mo put the child down.

Yu Xinran took a look and immediately put the knitting needles aside. “Can you let me hug you?”

“Alright.” Gong mo taught her step by step, “this way, Yingying.”

Yu Xinran learned seriously, but such a small baby was no different from a time bomb to her! If she accidentally fell, how could she afford to compensate?

Hence, she only hugged him for a few seconds before she did not dare to continue. forget it, forget it. I’m scared. He’s too weak!

Gong mo chuckled and placed the baby in the crib. “At the beginning, I was also afraid, but I couldn’t help but want to get close to him. When you have your own child, you will slowly overcome it. ”

Yu Xinran nodded, picked up the wool, and gestured with it. She couldn’t help but say, ” “Not at all! Can you teach me how to knit? Otherwise, if word gets out that a girl doesn’t even know how to use knitting needles, it’ll be too embarrassing!”

"It's very simple. You've never knitted it before, and you probably rarely see others do it, so you can't find the way, Yingluo."

Yu Xinran nodded. Ever since she was young, not even the servants had touched these things, let alone the elders in the family.

"I'll teach you the easy ones first." Gong mo let her see his movements very slowly and explained, "this is called a flat needle. Just keep knitting it like this. When you're done here, change to the other side and it's Swish Swish."

"I'll try."

Chapter 350

350 My mother is the amazing one

Yu Xinran tried a few stitches, but she couldn't control the strength of her grip and thread, so she was a little flustered.

...

don't worry, you'll get better once you're familiar with it. Now, take your time. Gong mo said.

Yu Xinran nodded and patiently knitted two rows. She was actually able to do it.

She said in surprise, "it's quite simple!"

"This is the simplest one," Gong mo nodded.

but ran ran, "Yu Xinran looked at the finished product she had knitted before," it seems different from yours?"

"This is an up-and-down needle, it's more complicated."

Gong mo took the needle and thread and continued to knit while explaining.

it's indeed much more complicated, Yingluo, "said Yu Xinran.

Gong mo smiled and took out two new needles. "You have to remove the needle before you start knitting. There are many ways to remove the needle, but I'll tell you the simplest one."

Yu Xinran nodded and sat opposite her, watching her seriously.

Gong mo raised the needles and started weaving in two rows. She didn't do it very well either, but it was enough to make her depressed enough to understand.

"You're amazing!" Yu Xinran exclaimed.

Gong mo laughed, "I just learned it!" My mom is the amazing one! You see, I just removed the needle here. It's so loose. My mom wouldn't have this kind of problem. Besides, this is all I can do. It's child's play in her eyes."

"This is still child's play?"

"She knows how to weave patterns, and she can even directly weave flowers. She also knows how to use threads of different colors to make a crickets."

"Oh my God! Wouldn't that be the same as buying it?"

"Yeah, that's why it's so powerful."

The two of them had a good chat, and as they chatted, Yu Xinran also took a needle and learned from the side. Her weaving was loose and sloppy. It was nothing compared to Gong Mo's. However, this was her first time doing such a thing and she felt a sense of accomplishment.

aiyoyo. Yu Xinran looked at the yarn she had just knitted and asked, "if I continue knitting like this, it will become a scarf when it grows long, right?"

"Yeah! That's why the scarf is the simplest."

"But what do we do when Yingying is done?"

"Ah, ran ran wants to withdraw the needles!" Gong mo hurriedly taught her. actually, you don't need to learn these things, but it's not bad if you can knit a scarf. Your parents and grandparents have seen all kinds of good things. If you personally knit them scarves, they would be so happy!"

Yu Xinran hurriedly nodded.

In fact, she had never thought of knitting it for her family. She just thought that if she learned this skill, she could show off when she had a boyfriend.

After hearing Gong Mo's words, she decided to study hard so that she could give her grandparents warm brand scarves in winter!

As the two of them chatted, Sheng nanxuan returned.

As usual, he came to see the child as soon as he came back. When he opened the door and saw Yu Xinran, he was stunned.

Gong Bai was here yesterday, and he was here again today. She wondered who would be here tomorrow.

ah! Yu Xinran was a little surprised and stopped knitting. Mr. Sheng!

"You don't have to be so polite." just call him by his name, "Gong mo replied with a smile.

“Hello,” Sheng nanxuan smiled. Then, he walked over to look at the child.

With Yu Xinran around, he was too embarrassed to continue standing there. He patted Gong Mo’s head and turned to leave.

Seeing that he had left, Yu Xinran heaved a sigh of relief and asked Gong mo, ” “You didn’t knit the scarf he was wearing, did you?”

Gong mo blushed and nodded, ”yeah.” I didn’t want to knit for him at first, but when he saw that I was learning, he pestered me every day. I couldn’t persuade him, so I could only casually knit one to block his mouth.”
