

Ditsy Wife 441

Chapter 441 An ominous premonition

Gambino had pursued dan Rong to the point that all his subordinates knew about it.

...

Although everyone was confused, he was the absolute authority, so no one dared to object.

If Gambino wanted to change the hotel to the one directly opposite Sheng nanxuan's neighborhood, then so be it!

If Gambino wanted to buy a telescope to observe the situation in the neighborhood, then he would buy it!

Every day, Gambino would stand guard in front of the telescope from time to time. When he saw dan Rong appear, he would hug the telescope and look as much as he wanted.

Sometimes, she couldn't help but run out and meet Shan Rong by chance.

It was a pity that dan Rong had not been very fond of him recently, so he did not dare to do so. As such, he had been holding his binoculars every day.

Shan Rong naturally did not appear all the time.

If she didn't come out, he would ask his subordinates to help keep an eye on her. Once dan Rong appeared, he would be informed immediately!

Today, he was looking at the documents sent from Italy when his subordinate who was watching the telescope suddenly shouted, "Boss, something happened!"

Gambino was shocked. He threw down his documents and ran over. He saw dan Rong carrying the child and the people behind carrying the luggage. Everyone got into the car together.

Was he going on a long journey?

He frowned. He did not see Sheng nanxuan and Gong mo. did Gong mo come back after going out this morning? ”

At that time, one of his subordinates was standing in front of the telescope and reminded him when he saw Gong mo leaving the house.

This was because he was mainly concerned about dan Rong’s movements. If Gong mo were to return, his subordinates would not mention it again.

“No, I didn’t!” The subordinate replied, “after that, Sheng nanxuan’s car came back. Not long after, he went out again and never came back.

Gambino furrowed his brows and thought for a moment, then turned around and left in a hurry. “Prepare the car! Go and check if something has happened!”

As the car drove out of the hotel, Zeng Shuai’s car happened to pass by in front. He hurriedly said, ” “Follow them.”

Zeng Shuai’s car drove straight to the airport. It was normal for their car to go to the airport after leaving the hotel, so they didn’t arouse the other party’s suspicion.

However, Gambino only realized that commander CEng was going to the airport after a while. He immediately ordered his subordinates, ” “Find out where their flight tickets are headed to.”

He didn’t have any proper methods to investigate, so he could only hack into the airport’s system. After some time, he got the result. “Ms. Dan bought a plane ticket to Nanjiang. About half an hour ago, Sheng nanxuan’s private plane, which was parked at the airport, took off. Its destination is also Nanjiang, but it

seems to be turning to another airport now. However, the request to stop at Nanjiang has not been canceled, and it should continue to fly over.”

“We’re going to Nanjiang too.” Thinking that Nanjiang was the Sheng family’s base camp, Gambino suddenly had a bad feeling. check on Sheng Dongyi’s family of three.

As soon as she finished speaking, the person who had investigated Gong mo and Sheng nanxuan responded, ” “Gong mo went to see Sheng Dongyi at noon and then disappeared. After that, Sheng nanxuan went to look for him. It seemed that Sheng Dongyi had kidnapped Gong mo. Sheng Dongyi rented a car, and the GPS shows that it’s going in the direction of Nanjiang, but it’s stopped now. It’s not far from the airport where Sheng nanxuan’s private plane is about to land!”

“Sheng nanxuan used a helicopter earlier!” Another piece of news came. the helicopter is now flying to Nanjiang!

“Let’s go to Nanjiang!” Gambino said.

His bad premonition grew stronger and stronger.

If he remembered correctly, the woman he had seen that day was the person in charge of the laboratory.

If they had kidnapped Gong mo, it wouldn’t have been a big deal. The Sheng family was now besieged on all sides. In a desperate situation, they might kidnap Gong mo to threaten Sheng nanxuan. This was only human nature.

However, if their target was Sheng nanxuan, it would be bad!

Chapter 442 But he’s not an ordinary person

When Gong mo and the rest arrived at Nanjiang, the helicopter had not arrived yet.

...

Fang Yang and Lin Lei guessed that Sheng Dongyi and the others would land the plane on the Sheng family's territory, such as the Sheng family villa or shengshi pharmaceutical's industrial Park.

For some reason, Gong mo felt that the latter possibility was more likely.

She recalled the night she was hypnotized. That terrifying memory sent a chill down her spine.

She shook her head and did not dare to think about it anymore.

After they left the airport, Fang Yang arranged for someone to send her to the hotel, while he and Lin Lei split into two groups, each leading a team to the Sheng family villa and shengshi medical company to ambush.

"Can I go with you?" Gong mo asked.

Fang Yang glared at her, 'Madam! You've promised us, so you should wait at the hotel. When the young master comes, we can't do it without you!'

Gong mo hesitated for a moment. He was too weak to fight. If they fought, they would have to protect him. He shouldn't go.

She nodded dejectedly. alright then. Be careful. Let me know as soon as you have any news. If it's too much trouble, call the police."

"Don't worry, we will definitely not let anything happen to the boss!"

Fang Yang shot a look at the people around her, hinting that they had to keep an eye on her no matter what, in case she ran out and got into danger!

.....

On the helicopter.

Sheng Dongyi had been holding the scalpel next to Sheng nanxuan's neck, observing the driver's movements from time to time.

He knew that the pilot must be one of Sheng nanxuan's men. If he did not let Sheng nanxuan's life be on the line, the pilot would definitely play dirty.

Liu Xuelan had prepared another syringe of anesthetic. She held it in her hand all the time, ready to inject it into Sheng nanxuan the moment he woke up!

By right, after injecting so much, he should have been unconscious for dozens of hours.

But he was no ordinary person! Everything was uncertain!

The experiments done on him might have caused some changes to his body, so his drug resistance must be different from ordinary people!

Just like that, under their vigilance and threat throughout the entire process, the pilot did not dare to do anything. In the end, according to their request, the plane landed steadily in shengshi pharmaceutical's industrial Park.

Seeing the plane land, Liu Xuelan got up and walked towards the pilot. She suddenly jabbed the syringe in her hand into his neck and injected the anesthetic.

The pilot fainted in his seat.

The helicopter attracted the park's people and workers, and many people came over curiously.

When Sheng Zhongtian walked out, the manager saw him and immediately ran over, "Chairman? You are finally back! I was still wondering who flew the plane here, but I didn't expect it to be yours, Chairman! Only our Chairman would ..."

“That’s enough,” Sheng Zhongtian interrupted his flattery.

Liu Xuelan and Sheng Dongyi alighted from the plane. The manager immediately called out, “Madam, young master!”

Liu Xuelan looked anxious. second young master is on the plane. He’s sick and has just fainted. Get someone to carry him down and bring him into the house.

“Should we call an ambulance?” the manager was stunned.

“No need. I’m a doctor, I’ll help him!”

Liu Xuelan turned around and looked at the plane. She was slightly worried that Sheng nanxuan would wake up at this time.

The manager called for someone to carry Sheng nanxuan down and followed him to Sheng Zhongtian’s office.

Liu Xuelan asked everyone to put Sheng nanxuan on the sofa and said, “sorry to trouble everyone. Go back to work. Leave this place to us.

After everyone had left, she immediately said to Sheng Zhongtian and Sheng Dongyi, “I think his men will be here soon. Let’s move him to the basement of the R & d Center!”

Chapter 443 Where to find it

The R & d Center, as the name suggested, was the place where shengshi pharmaceuticals developed drugs.

...

This was the lifeline of a pharmaceutical company, and it had always been heavily guarded. In order to avoid leaking scientific secrets, no one was allowed to enter without a pass.

In the basement of the R & d Center, there were two floors of special laboratories used to study some even more secret drugs.

These secret drugs might be illegal drugs, but they might also be a trump card that needed to be highly confidential in business competition!

No matter what it was, it had to be kept strictly confidential!

Therefore, very few people in glory world pharmaceutical could enter the basement of the R & d Center.

However, Liu Xuelan was the highest-ranking person in charge of the R & d Center, so she naturally had no obstacles. Sheng Zhongtian and Sheng Dongyi also had a certain level of authority.

Liu Xuelan said to Sheng Zhongtian, " it's time to get off work. We don't know if there's anyone in the basement. Go and check it out. If there's no one, let us know.

At that moment, Fang Yang had already brought his men to the industrial park. However, the industrial park was too big, so they didn't have a specific target. When they saw the helicopter, they all rushed over. Fang Yang also called Lin Lei's team to come over.

It was time to get off work, and workers kept coming out of the gate.

Fang Yang and the rest did not plan to enter from the main entrance. Now that the security guards were watching the workers, it was convenient for them to do things.

They quickly climbed over the wall without attracting anyone's attention.

However, it would be a little troublesome after they entered.

The park was so big, and there was nothing on Sheng nanxuan that could locate him. Where could she find him?

Fang Yang asked his men to split up and search for it, while he brought two people with him to the helicopter. On the way, he happened to see Sheng Zhongtian and immediately followed him.

When shengzhongtian entered the R & d Center, there were only a few people left.

He pretended to reprimand everyone, "Although I really hope that everyone will work for me for free, what is this place? Get off work at what time it's time to get off work, don't stay! If the information is leaked, are you going to take responsibility?"

After he said that, the few people left the office quickly.

Sheng Zhongtian immediately gave Liu Xuelan a call. Liu Xuelan said, "Go over there and get a stretcher."

Sheng nanxuan was such a big man. She could not expect them to carry him. It was naturally better to use the car.

Sheng Zhongtian was pushing a stretcher, so it was naturally not appropriate for him to pass from the outside. Therefore, he went through the basement passage.

The basement of the entire Park was connected because there was a workshop underground. However, the basement was still divided into sections and had many checkpoints. Although it was accessible, the workers almost never passed through it. They were usually used to transport goods.

Shengzhongtian passed by below, and as long as he didn't have bad luck, he wouldn't touch anyone.

However, Fang Yang was depressed!

He waited outside for a long time, but shengzhongtian did not come out. Instead, most of the employees had left.

He observed that all the employees needed access cards to enter and exit.

Fang Yang gave a look to the person next to him to knock out an employee and take his card.

With this card, the three of them entered the R & d Center.

It was quiet inside, and there was clearly no one there.

He walked to a door and saw a password keyboard and a magnetic card sensor on the wall. Fang Yang swiped the access card and with a beep, the screen above the sensor lit up. "Please enter the password."

Fang Yang was furious, 'f * ck! He even wants a f * cking password!"

"Brother Fang, don't be angry!" His underling hurriedly pulled him back. I'll crack it!

"Hurry up!" Fang Yang was furious.

Chapter 444

This underling was quite helpful. He spent two minutes to unlock the password, and the door opened. The three of them walked in. There were walls on both sides, and a door was at the end.

...

Fang Yang took a deep breath and strode over. He saw that there was also a magnetic card sensor by the door, but there was no password keyboard. However, there was something else.

He had a bad feeling and swiped his card.

beep-" the system prompted, " please verify your fingerprint!

“I’ll f * ck his mother!” Fang Yang kicked the door.

“Brother Fang!” His two underlings quickly pulled him back. we’ll think of another way!

“What kind of method is that!” Fang Yang threw the magnetic card on the ground and turned around to walk back. Why is this lousy place so mysterious?”

The underling remembered that he had to swipe his card to go out, so he picked up the magnetic card and followed him.

Fang Yang took out his phone and called Lin Lei.

“What’s wrong?” Lin Lei was shocked. is BOSS alright? ”

“I haven’t found it yet! To enter this broken place, I have to swipe my card and even have to enter the password. Not only that, but I also have to check my fingerprints! Where the hell am I supposed to get fingerprints!”

Fang Yang said as he kicked the door again.

don’t complain, ” Lin Lei said helplessly. it’s more important to save the BOSS first!

“I’m trying to save him, aren’t I?” Fang Yang roared. He paused for a moment and sighed. I’m just afraid that I’m too useless and that something bad will happen to the BOSS.

“The BOSS is such a powerful person, don’t worry about him. Do your best.”

Fang Yang sighed again, ‘I’m just afraid that he’s too powerful. I won’t be there by the time he’s done with the others! What’s the use of keeping it then?’

Lin Lei was speechless. He was afraid of this and that, what was he trying to do?

He couldn't help but roar, "if you know, then quickly get to work!"

Fang Yang paused, hung up the phone, and said to the person beside him, "shengzhongtian didn't go out. He must still be here. Let's look carefully.

After he finished speaking, a voice came from his earpiece. He had received a message from his underling. brother Fang, I heard the staff here discussing that the BOSS has been sent to shengzhongtian's office. We're rushing over now.

Sheng Zhongtian's high-profile return in a helicopter and the fact that he had brought back Sheng nanxuan, who had been kicked out of the house, naturally surprised the staff. The news spread like wildfire.

The group of underlings had accidentally overheard the discussion between the two employees and naturally got the news.

Fang Yang immediately rushed over and asked the two underlings who had followed him to stay in the R & d Center to continue looking for shengzhongtian.

The group went to Sheng Zhongtian's office, but Sheng nanxuan was still nowhere to be found. Even Sheng Dongyi and Liu Xuelan were gone.

Fang Yang was so angry that he wanted to kick the door open again, but he gritted his teeth and held back.

It's useless to kick the door now!

He turned around and went downstairs. In the hall, he saw the floor plan of the entire Industrial Park and the building, and found that there were two more floors below the building.

Fang Yang remembered that there was a floor plan at the entrance of the R & d Center, but it did not indicate the underground situation.

Shengzhongtian was most likely underground.

And on this side, Sheng nanxuan might have been taken underground!

“To the basement!” He ordered.

At this time, Sheng nanxuan had been pushed into the underground laboratory of the Research and Development Center.

Liu Xuelan took out two belts from the drawer and threw them to Sheng Zhongtian and Sheng Dongyi.
“Tie him to the bed!”

With that, she turned on the computer in the laboratory and pointed the camera in the room at Sheng nanxuan. Then, she made a call with her phone.

“Please tell the doctor that we’ve found her.” She said.

Chapter 445 He is N022?

She didn’t know what the other party said, but she hung up the phone and logged into a web page on her computer. Soon, she made a video call to someone.

...

On the other end of the video call was a foreign man in a white coat. He looked to be in his forties or fifties and had a cold aura.

“Dr. Carter!” Liu Xuelan shouted, her voice filled with fear.

Dr. Carter nodded. long time no see. Where are you? ”

Liu Xuelan connected the video to the camera in the laboratory. Dr. Carter narrowed his eyes when he saw Sheng nanxuan tied to the bed.

“He’s n022?”

“Yes.” Liu Xuelan answered nervously, “it’s n017’s child.

“Why didn’t you report this earlier?” Dr. Carter asked unhappily.

Liu Xuelan trembled slightly and said in fear, “ I’m sorry. I was afraid the organization would blame me, so I didn’t dare to report it and hid the news.

“DNA verification!” Dr. Carter said coldly.

He would not believe whatever Liu Xuelan said! Whether it’s n022 or not, it’s decided by DNA!

He knew that something had happened to the Sheng family, and Liu Xuelan wanted to use this as a bargaining chip to join the organization. But it would also depend on whether this bargaining chip was useful to the organization!

Liu Xuelan immediately left the computer, found the syringe, and walked to Sheng nanxuan.

She sucked a tube of blood from Sheng nanxuan’s arm and turned to analyze the DNA. Suddenly, she heard the alarm go off!

what? ” the few of them were shocked. Liu Xuelan said, ” someone has barged in!

“How could he be so fast?” Sheng Dongyi complained.

Rather than complaining, it was more like jealousy!

Sheng nanxuan's men had reacted too quickly. This indirectly showed how powerful his forces were!

"What do we do?" Sheng Zhongtian asked in a panic.

"It's just an alarm." Liu Xuelan said, "they should have just arrived outside the laboratory. You guys hurry and settle it. Hold them back!"

.....

Gong mo was pacing back and forth in the hotel restlessly.

"Madam, would you like to have dinner first?" asked one of her subordinates.

"Where's my mother?" Gong mo stopped.

"I'm still on the plane. I'll be there in half an hour."

"Let's wait for her to come and eat together." Gong mo sat down on the sofa. "Is there any news from Fang Yang and Lin Lei?"

"Uh, ran ran and the others haven't called yet."

Gong mo frowned.

What to do? Would there be an accident?

She should have gone with them!

There was no news at all, so he didn't know what had happened. At least she wouldn't have to worry so much if she was with them!

Nanxuan Xuanji

Gong mo put his hands to his lips and prayed, " Please don't be hurt! I just thought of the past, how much I used to like you, and how much I love you now. Please, please don't let anything happen to you!

"Momo!" Dan Rong's voice came from outside the door.

Gong mo raised his head and saw the door open. Shan Rong walked in with the child in her arms.

mom ... Gong mo hurriedly walked over.

Shan Rong stuffed the child into her hands and asked in dissatisfaction, " Aren't we going on a trip? Why did he come to Nanjiang? What are you hiding from me?"

"Uh, Madam." Zeng Shuai and the confinement lady walked in with their luggage.

Gong mo nodded to them and looked down at the child.

The child had fallen asleep due to exhaustion. His body was spasming, and he had clearly just cried.

"Is he alright?" Gong mo asked anxiously.

"I've been hungry for almost a day. Do you think I'm okay?" Shan Rong glared at her. you're already an adult. Can't you be more careful?!

"I'll feed him first." Gong mo carried the child to the bedroom.

Shan Rong and Auntie Yue went in to help, and Zeng Shuai took the opportunity to contact Lin Lei and Fang Yang to understand the situation.

Chapter 446 The progress of the rescue

Fang Yang had already searched the entire Sheng Zhongtian office building, but he could not find Sheng nanxuan. He could not find him in the basement below the office either. He guessed that he had gone to the basement of the R & d Center.

...

So he went from the basement to the entrance of the R & d Center. Lin Lei found the passage down from the first floor of the R & d Center, and soon they met downstairs.

he's being so mysterious. There must be some unspeakable secret! Fang Yang said.

"Let's find someone first." Lin Lei said.

The two of them led a group of men and split up to look for the door. In the end, every door required a magnetic card, a password, and a fingerprint.

Fang Yang was depressed, "f * ck his mother!"

Lin Lei glanced at him. you've been so hot-tempered recently. Do men also have their periods? "

"Your sister!" Fang Yang glared at him.

Lin Lei looked at him in surprise, "is he still thinking about his sister?"

Lin Lei did not know what to say.

To be honest, he thought Fang Yang was a good person, but he could not do anything if Lin Jing did not like him.

“Ahem!” He coughed. what do we do now? There should be people coming soon.”

“It’s better that he’s here!” Fang Yang said gloomily.

After a while, Sheng Zhongtian and Sheng Dongyi came downstairs with security guards.

Sheng Dongyi saw so many people and immediately said to the security guard, ” “Call the police! Capture them!”

Fang Yang sneered, ‘call the police? That’s good, let the police see what’s down there!’

Sheng Dongyi’s expression changed.

Sheng Zhongtian shouted at the security guard, “what are you doing?” Arrest them!”

Fang Yang and Lin Lei looked at each other and ran outside.

The security guards were naturally no match for the two of them. The two of them quickly escaped and went upstairs.

“They came down from above!” Fang Yang said. Perhaps the boss was upstairs.

“That might not be the case.” Lin Lei understood what he meant. there might be an elevator down there. They can come up first and then go down.

“What should we do?”

Lin Lei stopped. they should have access cards, passwords, and fingerprints, right? ” he asked.

Fang Yang’s eyes lit up, and the two of them immediately turned around and ran downstairs.

The people in their hands were well-trained, and the security guards were obviously not their match.

When they returned, the security guards had all been beaten up. Sheng Zhongtian and Sheng Dongyi saw that the situation was not good and took the opportunity to run away. Sheng Dongyi called the police as he ran.

Since they were ready to abandon this place, they were not afraid of the police. The most important thing now was to hold Fang Yang and the rest back. It would be best if they were all captured and brought to the police station. Only then would he, Sheng Zhongtian, and Liu Xuelan have a chance to leave this place.

“Chase!” Fang Yang and Lin Lei ordered in unison.

Chapter 447 There’s news?

At this moment, Fang Yang received a call from Zeng Shuai.

...

“How’s the situation?” Zeng Shuai asked.

we barged into the lab and they called the police. We might be taken away by the police.

“Yingluo understands!”

Zeng Shuai hung up the phone speechlessly and called Deputy Mayor ding immediately.

Even if he didn't use his status as the night God to pressure Ding Xiang, Deputy Mayor Ding would definitely be willing to help because Ding Xiang hated Sheng Dongyi to death. He had been an official in Nanjiang for a few years, and now he was in the capital. The officials here in Nanjiang naturally had to give him some face. As long as he gave the order, things would be much easier.

After Zeng Shuai found Deputy Mayor Ding, he arranged for a team of people to pick him up at Shengshi Medical company just in case.

However, it didn't matter even if this team didn't go.

As the Nanjiang City Police station had received a call to the police, they had already set off to glory World Medical company. However, they suddenly received an order from the higher-ups and had to go back.

.....

In the bedroom, Gong Mo didn't wake the child up and let him drink milk in his sleep. After a while, the child woke up and held her tightly with two small hands.

Gong Mo kissed him guiltily and said, "I'm sorry, Zhenzhen."

When Shan Rong saw the child's satisfied expression, she heaved a sigh of relief and said to the confinement lady, you go and rest first. We'll go and eat later.

After the nanny left, she asked Gong Mo, "where's Nan Xuan?" Why are you alone?"

Gong Mo patted the child gently and looked up at her. Mom, I won't hide it from you. Nanxuan has been taken back by the Sheng family.

"What?" Shan Rong was shocked. capture him? "

Gong mo nodded, "Fang Yang and Lin Lei have already gone to rescue them." Although I couldn't help, I was worried and could only rush over. It's better here than in the capital."

"Mom understands!" Shan Rong comforted. Mom doesn't blame you! Why didn't you just say it over the phone? I thought you guys were messing around outside!"

"I'm afraid you'll be worried."

we're family. It's only right to worry. Don't do this again!

Gong mo nodded. When the child was full, he handed him over to dan Rong.

The child looked at Shan Rong and giggled.

Shan Rong said helplessly, "you'll be happy after you're full!" I wonder how your dad is doing!"

"Mom, don't tell him." Gong mo said hurriedly.

"He doesn't understand." Shan Rong glared at her. you were the one who said it just now.

Gong mo put on his clothes and asked, "are you hungry?" If you're hungry, let's eat first."

"It's still early, what's there to eat? We'll talk about it when Nan Xuan returns! He's coming back today, right?"

Gong mo wasn't sure either and said, "I think so, Zhenzhen."

She turned to look out the window and smiled confidently. "The sky isn't dark yet. Maybe he'll be back before dark. We can have dinner together then."

“That’s the way!” Dan Rong did not know the exact situation and was not very worried. no matter what, he’s still his family. If we can talk things out, he’ll be back.

mm, haha. Gong mo nodded absent-mindedly. let’s go out. CEng Shuai is alone outside.

The two of them carried the child out and saw Zeng Shuai on the phone.

Seeing them come out, Zeng Shuai quickly hung up the phone.

“Any news?” Gong mo asked.

I’ve found him. He’ll be back soon. Zeng Shuai lied. Anyway, there should be definite news soon, so he would talk about it when the time came. For now, he just didn’t want to make her and dan Rong worry.

Gong mo heaved a sigh of relief and smiled.

Hearing a knock on the door, Gong mo was overjoyed. “You’re back?”

Chapter 448 Gambino’s arrival

Zeng Shuai was stunned, “how is that possible?”

...

He remembered that there were people standing guard outside, so he guessed that they wanted to ask for instructions. He said, “Come in.”

As soon as he finished speaking, the door was opened. It was indeed the subordinate who was guarding the door.

“Madam, Mr. Gambino requests an audience.” The subordinate said.

“Gambino?” Gong mo was stunned.

“Why is he here?!” Zeng Shuai was shocked. Could it be that Gambino had gotten the news and wanted to take the opportunity to deal with them?

“What’s this Caucasian up to this time?” Shan Rong frowned.

Gong mo glanced at her, thought for a moment, and walked outside.

“Madam, what are you doing?” Zeng Shuai hurriedly stopped her.

“I’ll go say hello to him.”

She felt that Gambino had most likely come because of Shan Rong, so she planned to ask him for an explanation.

“No!” Zeng Shuai said, “ who knows what his purpose is!

“That’s right!” yes! Shan Rong agreed and said to the subordinate, “ tell him to leave!

“Rongrong,” Gambino’s voice was heard.

Shan Rong’s body trembled as she looked over with wide eyes. What did he just call her?

Gong mo looked over as well, only to see Gambino barging in despite the bodyguards ‘attempts to stop him.

Zeng Shuai stood in front of Gong mo and the others and looked at him unhappily. “Mr. Gambino, isn’t this against the rules?”

“What are the rules?” Gambino glanced at him coldly. I have something to say to dan Rong and Gong mo. Get out!

“What right do you have to order me around?” Zeng Shuai was displeased.

“Because you’re only Sheng nanxuan’s subordinate.”

CEng Shuai was stunned and could not find any words to refute, but he refused to go out. “The only one who can order me around is my BOSS. I won’t listen to anyone else when he’s not around!”

“Oh?” Gambino raised his eyebrows and looked at Gong mo. what do you think? ”

Zeng Shuai was shocked and looked at Gong mo, “Madam, please don’t side with an outsider. I’m doing this for your safety!”

Gong mo hesitated, “this bi an?”

“I have something to tell you about Sheng nanxuan. It’s not appropriate for outsiders to know.” Gambino released his killing move at the right time.

“You can leave now!” Gong mo said to Zeng Shuai immediately.

“Madam!” Zeng Shuai strongly opposed, “ if he hurts you, I won’t be able to answer to the BOSS!

this ... Gong mo looked at Gambino and hesitated again.

Indeed, she shouldn’t have put herself in danger. She had not been cautious enough in the morning and had harmed nanxuan!

If he fell into Gambino's trap again, wouldn't he have to risk going to Gambino's hands to save Nan Xuan after he escaped from the Sheng family?

"Aiya! Why are you so troublesome?" Shan Rong called out and asked Gambino, " what can't you say in front of everyone? We can trust CEng Shuai, just tell us what you have!"

Gambino looked at her and suddenly walked towards her.

She was shocked and held the child tightly, taking two steps back. "What do you want to do?"

Gong mo hurried over, afraid that Gambino would hurt the child.

Shan Rong handed the child to her and looked at Gambino warily.

A hint of a smile flashed in Gambino's eyes. He suddenly lowered his head and kissed her on the lips.

Gong mo, Zeng Shuai, and the others were all dumbfounded!

Dan Rong finally reacted and slapped Gambino's face.

Gambino lowered his head. The slap did not hurt him at all. He merely licked his lips, reminiscing about the past.

Shan Rong's face turned red and she pushed him away. "You hooligan ..."

Gambino took the opportunity to pull her into his arms and even wanted to kiss her.

Shan Rong was already so old and couldn't afford to lose face like this, so she shouted, "Mo Mo! Call the police! Quickly call the police!"

Chapter 449 I'm gong hang!

Gong mo hurriedly said to Zeng Shuai, "get out!" You guys go out first! I'll call you if I need anything!"

...

Although Zeng Shuai was afraid that Gambino would do something bad, he was embarrassed to stay in such an awkward situation. He could only say, " then, Madam, be careful.

After they left, Gambino finally let go of dan Rong.

Shan Rong jumped to the side and hid behind Gong mo. She asked angrily, " what are you trying to do?!

Gambino patted the folds of his suit and glanced at her with a pampering look, a gentle smile hanging on his lips.

Shan Rong shivered and hid behind Gong Mo's back, not daring to come out.

Gong mo was also extremely nauseating. If Gambino wasn't so handsome, she would definitely be disgusted by this expression!

She straightened her back and asked in a serious tone, " "What are you doing here?"

"I followed your mother here." Gambino answered calmly.

"You actually followed me!" Shan Rong jumped up. do you not understand human language?! How many times have I told you that I don't like you? it's impossible between us!"

"What if I'm gong Xing?" Gambino's voice came from beyond the heavens.

"What did you just say?" Shan Rong was stunned.

Gong mo was also surprised and looked at him in disbelief.

He nodded and looked at them seriously. "I'm gong Xing!"

Dan Rong's mouth was wide open. After a moment, she came back to her senses as if she had heard the funniest joke in the world. "My Gong hang is Chinese! If you want to cosplay, you'll have to get Rong Xian! No, change your race first!"

Gong mo sat down helplessly and listened to their argument while playing with his children.

Gambino's arrival seemed to have nothing to do with her. He's only here to chase after her mother, Yingluo.

"I'm really Gong Xing." Gambino said seriously.

Gong mo was stunned and looked up at him.

Of course, she didn't believe that he was her dead father, but she teased him with a serious tone. She wanted to know what kind of trick he was playing.

I'm telling you ... Shan Rong pointed at him. you can make any joke you want! Don't make fun of my husband!"

"You like him?" Gambino looked at her without blinking.

"Of course I like him!"

"Even if he has been dead for so many years?"

“Nonsense! You foreigner, you won’t understand! Do you know what ‘ten years of life and death are worth remembering?’”

“Understood!” Gambino nodded. just like now ... Even if we meet but don’t know each other, our faces are covered in dust and our hair is as white as snow.

Shan Rong was stunned and looked at him in a daze. He actually knows song lyrics? He knew how to recite Jiangcheng Zi?

Gambino looked at her seriously. the first time we met was at the city library. At that time, you had a few books in your hands. The one at the top was ‘the legend of the mirror flower fate.’ You asked me to borrow your library card because your library card is full.

In fact, I also had a lot of books to borrow at that time, and I often met girls who used this reason to hit on me, but I didn’t want to pay attention to them.

That day, I thought you were the same as them, but after seeing you, I agreed without thinking. I even told you that the version of “fate with the mirror” you got wasn’t good and needed a new version.

I think that was love at first sight?”

Shan Rong’s eyes widened in disbelief.

Gambino continued. the first gift I gave you was ‘Nalan Rongruo’s poetry collection’. I didn’t dare to hold your hand on our first date at the movies. The first time I kissed you was when we were admiring the night view by the river.

you ... Shan Rong gasped. where did you find out?! How can you be so shameless to investigate everything?”

Chapter 450 Persuasion

“It’s such a long time ago, how can I investigate?” Gambino closed in on her.

...

Shan Rong’s mind was in a mess.

That’s right, how could he investigate something so far away? Moreover, those things happened between her and Gong hang alone. She probably didn’t tell anyone else, especially when they only had sex three days after marriage.

Gambino suddenly lowered his head and whispered in her ear, ” “There’s still Yingluo.”

When Shan Rong heard this, her entire body trembled.

What he said was a private matter between them. Other than him and Gong hang, there was absolutely no third person who could have done such a thing!

Shan Rong’s entire body trembled.

That was impossible!

That was impossible!

Only she and Gong hang knew about this! How did this foreigner know?

ah! dan Rong screamed and pushed him away. who the hell are you?!

“Other than Gong hang, who else would know!” Gambino looked at her agitatedly. if I’m not Gong Xing, why would I keep chasing you? ”

Dan Rong’s body swayed and she fell back onto the sofa, looking at him blankly.

Gong mo hurriedly put the baby into the pram and walked to her side. "Mom, what's wrong? He's Yingluo, he's really Yingluo."

She looked at Gambino in surprise, feeling that this was too exaggerated! How could such a thing happen?

"I know you find it hard to believe." Gambino said, " back then, I had cancer. I was afraid that I would be a burden to you, so I left a note and ran away from home. I was planning to commit suicide by jumping into the river, but I was saved by someone."

Dan Rong and Gong mo looked at him in a daze. It was clear that they believed his words a little and waited for him to explain the situation in more detail.

"The person who saved me advised me that it's no big deal to encounter setbacks. I'm still young and shouldn't commit suicide. I told them that I had cancer and would not be able to live for many years even if I did not commit suicide. Rather than spending all my savings on treatment, I would rather die so that I would not be a burden to my wife and daughter. After hearing what I said, he hesitated for a while and told me that he's the boss of shengshi medicine. Their company is developing a new drug to treat cancer."

"Shengshi medicine?" Gong mo and dan Rong widened their eyes.

Gambino nodded and said,"it's shengzhongtian." He said that if I could trust him, I should go and try their medicine. I think the worst case scenario is death. There's no big deal trying. Maybe a miracle will happen? When the time comes, I can still go back and find you."

"What happened after that?" Shan Rong asked anxiously.

She did not trust Gambino at the moment. It was because she had waited for Gong hang for so many years and had never heard any news about him. Even if someone were to make up a story, she would have to listen to it before she could judge if the story was correct.

I got into his car and went to his company. He took me to a laboratory, and then ... Gambino looked at them. I never came out again.

Shan Rong felt a chill run down her spine, "he never came out again?" Then who are you, Yingluo? How do you know about me and Gong hang?"

"I'm gong Xing!" Gambino closed his eyes and was silent for a moment before he said, " I think I am, but all of you might not think so.

"What's going on?" Gong mo asked.

the laboratory in the Sheng family is so ... Gambino took a deep breath. what I'm going to say next is a little scary, but I still have to tell you. Otherwise, you won't believe that I'm gong Xing.

"You tell me." Gong mo said straightforwardly.

To her, no matter how scary something was, it was not as scary as touching a human skull on her first date with her boyfriend!

As she thought of this, she suddenly froze.

He felt that there was some kind of connection between the two.
