

Ditsy Wife 511

Chapter 511 A promise

After waiting for half an hour, Gong Bai arrived.

...

At this time, Gong mo was standing in front of the window with his child in his arms. He turned around and looked at Tang Xinxin when he heard her voice.

Tang Xinxin was smiling at first, but her smile froze when she saw Gong Bai and Yu Xinran walking in hand in hand.

But very quickly, she reacted and asked with a laugh, "Big brother Gong, you're not single anymore ~"

Gong Bai was a little embarrassed. He pointed at Yu Xinran and said, "Xinran, you know her."

I don't need your introduction. Tang Xinxin rolled her eyes and greeted Yu Xinran with a smile.

Seeing her like this, Gong Mo's heart ached a little.

During dinner, Tang Xinxin drank a lot of wine.

Gong mo, who was sitting beside her, reached out his hand under the table to stop her, but he suddenly thought, "This way, wouldn't she know that he had seen through her?"

Now that things had come to this, candy heart would definitely want to keep this secret forever.

Gong mo retracted his hand and picked up some food for Tang Xinxin.

Tang Xinxin smiled at her and didn't touch her glass again. If she drank too much, everyone would notice her abnormality.

After dinner, Tang Xinxin left the club with an excuse that she had something to do.

When she was about to leave the room, she turned around and took a glance at Gong Bai. Gong Bai happened to raise his head and smile at her.

She also smiled and turned to walk out, giving up on herself. Who told her to not be a rich young lady!

Yu Xinran was stunned for a moment as she looked at her back. Then, she suddenly turned to Gong Bai.

"What's the matter?" Gong Bai looked at her.

"Yingluo is, is nothing." Yu Xinran tidied her hair and looked at Gong mo.

Gong mo was playing with his child.

Yu Xinran bit her lip and thought, did I guess wrong? It was impossible for Gong Bai and Tang Xinxin to have a relationship. If there was something, she would have found out long ago.

After two to three hours, Shan Rong saw that there was nothing wrong and wanted to go to the hospital to see Gambino.

Gong Bai took the opportunity to leave. Gong mo asked him to stay for dinner, but he postponed it.

Gong mo thought that he would definitely want to go on a date with Yu Xinran, so he didn't ask him to stay.

After leaving the club, Gong mo and Sheng nanxuan accompanied Shan Rong to the hospital and visited Gambino.

Gambino was still the same. Shan Rong had already calmed down and silently accepted the fact that he might not wake up for the rest of his life.

Sheng nanxuan still had other arrangements. He had originally planned to give Gong mo a romantic birthday, which would only be the two of them.

Hence, he left the child with dan Rong and went on a date with Gong mo.

It was a pity that they couldn't leave the child for too long, and their time together was limited.

After being shocked by Wu Di and ding dang on Valentine's Day, Sheng nanxuan had learned his lesson and booked the restaurant on top of a tall skyscraper.

This was the best restaurant in the capital, and they always needed to make a reservation.

In order not to be disturbed, he had booked the entire restaurant, so there were only the two of them in the entire restaurant.

Flowers, music, and fireworks were all there.

Gong mo looked at the scenery outside the window and couldn't help but be intoxicated.

Sheng nanxuan suddenly stood up and walked to her. "Beautiful lady, may I have a dance with you?"

Gong mo smiled and put down the champagne. He put his hand in Gu Yu's and followed him to the open space in front of them.

The zither music was melodious, and the dance was leisurely.

This was the most romantic business that Gong mo had ever done.

She couldn't help but say, "this is the first time I've had such a romantic birthday, Yingluo."

"We'll have it every year."

"Is this a promise?" Gong mo raised his head.

"Of course." Sheng nanxuan lowered his head and pressed his lips against hers. I'll waste my time every year until the end of my life. This is my promise.

Chapter 512 Found the bones of a family

When she woke up in the morning, Sheng nanxuan was not in bed as usual.

...

Gong mo stretched lazily. He thought of the date yesterday and the promise he had given him. He was so happy that he rolled around in bed.

Sheng nanxuan suddenly pushed the door open and walked in. She was shocked and quickly covered herself with the blanket.

He closed the door and walked over with a bowl of steaming porridge in his hand.

"Are you hungry?" He asked, " I just made some porridge. I'll feed you.

"You go out first. I'll get dressed and go eat on my own." Gong mo dodged.

Sheng nanxuan smiled and touched her head. He said lovingly, " "If you're tired, sleep a little longer. You don't have to wake up so early."

“Where’s the child?” Gong mo asked after a pause.

“He’s playing by himself.” Sheng nanxuan scooped some porridge and brought it to her mouth. come-”

“I didn’t brush my teeth,” Gong mo said with a frown.

“Then take your time.” Sheng nanxuan put down the porridge and went out.

Gong mo went to wash up and had some porridge. After that, he went to the cloakroom to change his clothes.

When she came out, the bowl was gone.

Gong mo sighed. This husband of hers was indeed the best. He was indeed the man she had her eyes on since high school.

When she walked out of the room, Sheng nanxuan asked her to eat again.

In his opinion, that bowl of porridge was not enough for her.

Gong mo was used to his desire to fatten himself up, so he couldn’t help but bargain with him before starting to eat.

by the way, ” Gong mo asked, ” is there any news from the laboratory Department? It’s been almost two months.”

“I’ve asked once before, and they said that they don’t have enough manpower, so the progress is very slow.” Sheng nanxuan said, ” why don’t we go over and take a look later? ”

“Alright!” Gong mo nodded.

When they went to the testing center to ask, the person in charge said, " actually, we've already found Mrs. Sheng's remains.

Gong mo was shocked and stared at him intently.

"Then why didn't you inform us?" Sheng nanxuan asked, displeased.

The person in charge said apologetically, "because the bones have not been pieced together, we wanted to inform you when we're done." Otherwise, you'll have to wait."

"We have to let people know the result first so that we can have some hope." Sheng nanxuan was displeased.

"Yes, yes, yes, Zhenzhen."

"Can you take me to see it?" Gong mo asked.

this Qianqian. the person in charge was a little hesitant. there are bones all over there. Mrs. Sheng, you're the one who's going to have to take a look.

"I'm not afraid." Gong mo said.

The person-in-charge looked at Sheng nanxuan. Sheng nanxuan lowered his head and held Gong Mo's hand.

"With you here, what am I afraid of?" Gong mo looked at him.

"Alright," he said. Sheng nanxuan smiled gently. He raised his head and looked at the person-in-charge like the King of Hell."Hurry up and lead the way!"

The person in charge wiped his sweat and carefully led them into a room that was about 100 square meters in size.

There were many glass cabinets in the room, like the exhibition cabinets in a Museum. At this moment, the cabinet was filled with human remains.

A chill ran down Gong Mo's spine. Sheng nanxuan immediately hugged her and whispered, "Don't be afraid."

Gong mo nodded and walked in.

There was a number on each glass cabinet, and there was a card inside the glass cabinet. Some numbers were written on it, and it was obvious that they were of age and gender.

Gong mo glanced at the corpses and found that some of them were incomplete. One bone was missing here and another bone was missing there.

Mr. And Mrs. Sheng, this is the one. The person-in-charge's voice was heard.

Gong mo quickly walked over and took a look-

This corpse was actually only half of its original size. A few ribs were missing from his chest, and one of his legs was missing the upper half and the other the lower half.

The person-in-charge didn't wait for them to ask and quickly answered, "I'm still looking for the rest."

Chapter 513 Wu Huan's bones are not here?

"Find?" Sheng nanxuan furrowed his brows. what do you mean? "

...

“Because there are too many bones. There are 51 corpses, and each of them has more than 200 bones, so the total number is more than 10000. All of these have to be separated so that the same person can piece them together.”

Sheng nanxuan understood what she meant.

It was indeed outrageous to assemble them randomly!

Gong mo placed his hand on the glass cabinet and stared at the remains.

There was a number on the card in the corner. This was made by the staff for the convenience of work. Below the number was the information that had been tested-male, about 25 years old.

Gong Mo closed his eyes and a tear fell.

When Dad died, he was still so young, Yingluo.

She wiped her tears and turned to ask, “is he related to me by blood?”

“Yes, father and daughter.” The person in charge nodded.

Gong mo covered his face and started crying.

Sheng nanxuan reached out to hug her and patted her shoulder gently.

Gong mo wasn't crying because he was sad. He was crying because he had finally found him.

She didn't have a father since she was young, and now she did.

Since she was young, she had also thought that her father was dead. So when she saw the skeleton, she didn't feel sad for his death.

It was just that in the past, she had always thought that her "father" must be an elder, older than her, an adult. She had never thought that he was in the prime of his life when he left, and his age was the same as hers now. His life had just begun.

He had a wife and a daughter, he was talented, but the heavens were jealous of him, and he had cancer.

This was already very tragic, but in the end, he was tricked into doing experiments and did not have a good end.

Wait a minute!

Gong mo suddenly remembered. Although Gong Xing's physical body was dead, his soul was still alive. He was in Gambino's body!

At the thought of this, Gong mo was dumbfounded and started crying again.

Gambino had already turned into a vegetable. Did that mean that Gong Xing had left his body?

Did it mean that her father was dead?

Gong mo raised his head and looked at the skeleton in the glass cabinet. He cried, "Dad, Wanwan, welcome back."

.....

When they walked out of the room, Sheng nanxuan patted Gong Mo's back gently. Gong mo suddenly asked the person in charge, "I've found mine, but what about him?"

Sheng nanxuan stopped patting her and looked at the person-in-charge.

In fact, he had been thinking about it all this time. It was just that Gong mo was too sad just now and he didn't want to bring up his own matters to add to her burden.

it's Mr. Sheng's, "the person-in-charge said. we haven't found a match yet.

"Not even a single piece?" Gong mo asked.

Didn't he say it was worth tens of thousands?

There should be at least a few thousand pieces cleared out by now, right? No matter what, there should at least be a small probability, right?

no, " the person-in-charge said awkwardly. we've already done a careful comparison.

Sheng nanxuan's hand, which had stopped in mid-air, gently placed on Gong Mo's back. "We'll talk after they're done."

Gong mo glanced at him and nodded.

After returning to the car, Gong mo asked, " "Is it possible that mom isn't there?"

The " mother " she was referring to was naturally Wu Huan.

Sheng nanxuan fastened his seat belt thoughtfully and did not say anything. He was obviously thinking.

"You were so young back then. How did you know that she was also an experimental subject and that you were born in the laboratory?" Gong mo bit his lip and held his hand. don't be angry with what I said. I'm just guessing. Could it be that ... After mother gave birth to you, she handed you over to shengzhongtian and Liu Xuelan was angry and wanted revenge, so she took you to the laboratory? "

Chapter 514 Two possibilities for Wu Huan's tracks

I've seen their information, ran ran, "Sheng nanxuan said. there's a record in the information.

...

"Is Yingluo still behind us?" Gong mo said,"it's worth tens of thousands of Yuan, hehe."

"But in terms of probability, it's impossible. I looked at the serial numbers on the bones. They've cleared almost half of them. Furthermore, the Tao Wu's skull would definitely be cleaned first! The bones should have been examined."

"Then why isn't there any?" Gong Mo's expression changed.

"If that's the case, there are two possibilities,"

"Which two?"

"The first possibility is that she left the laboratory for some reason. It's possible that he's still alive, or that shengzhongtian and the others have another location to dump the corpse, but no one has found it yet."

Sheng nanxuan's hands clenched into fists. The reason she was still alive was not because she had escaped, but ...

Shengzhongtian's laboratory was just the tip of the iceberg. The people behind them had an even bigger laboratory. There might even be a subsidiary laboratory like shengshi medicine in other places. Wu Huan might have been transferred.

If that was the case, things would be very serious. It meant that the experiment on Wu Huan had achieved some kind of success, and she was worth transferring.

Of course, she might have died in the experiments after being transferred, but it would be impossible to find her body in the short term.

Now, even Sheng Zhongtian and the others had disappeared. Who knew where the other laboratories were!

the second possibility is ... he looked at Gong mo. it's possible that she has been in the laboratory all this time, but shengzhongtian has isolated us. After the explosion, some people's bones would be burned to ashes. The number of bodies that the police have found in the lab doesn't match what I remember, which means that some people have been turned into ashes. It's possible that she's also a coward."

"We will definitely find our mother!" Gong mo shuddered.

Sheng nanxuan smiled and held her face. "You're right. I don't care if she's Dead or Alive, I'll definitely find her. "

.....

A month later.

Gong mo carried the child into the ward and saw Shan Rong tapping twice on her phone before placing it on the table.

Then, a song came from the phone.

Gong mo felt that this song was a little familiar, as if he had heard it before.

"Mom, what song are you playing?" She could not help but ask.

Hu Zi is here~” dan Rong said happily. She reached out to hug him and kissed him on the cheek. Then, she answered Gong Mo’s question, “I downloaded love’s support Online. I saw on the internet that a person in a vegetative state woke up after listening to this song!”

Gong mo looked at her in a daze and said, “That’s just a joke made by the netizens!”

whether it’s a joke or not, he’s not awake now. We have to try, right? ” Her mother didn’t mind. he’s just listening to a song. I didn’t feed him a folk prescription.

“.....”

“I’ll look it up on the internet later and see if there’s any other way.”

“I heard that Justin Bieber is also good,” Gong mo mumbled.

“What did you just say?”

“No, I didn’t!” Gong mo hurriedly shook his head, afraid that she would randomly find a song to poison Gambino’s ears.

Shan Rong placed Hu Zi on the ground. Hu Zi stepped on the ground and started to jump around.

He especially liked to Dance Now.

He couldn’t stand on his own. Every time, it was the adults who grabbed his arms and lifted him up. Then he would stand on his toes and jump around on the ground. He didn’t need to use much strength himself, but Daren was tortured by him until he was covered in sweat!

After the song finished, Gong mo quickly picked up his phone and turned off the music player.

Chapter 515 I can't wait forever

Shan Rong glared at her in dissatisfaction and said, "Then you should talk to your dad."

...

For the past few months, she had been constantly telling Gambino about her and Gong Xing.

She had only lived with Gong hang for a few short years, but every little detail of their lives had been clearly engraved in her mind. These few months, she had never repeated the same words!

Gong mo naturally couldn't find anything to talk about in the past, so he could only report the trifles of his daily life. I went to find Nan Xuan for lunch at noon and he actually fed Hu 'Zi rice. Hu Zi was eating very happily! But I don't dare to let him eat it next time, I'm afraid his stomach can't take it."

After a while, Gong mo asked dan Rong, the laboratory Department has already found all of dad's remains. When are we going to bring him back for a burial? "

Shan Rong glanced at Gambino. let's wait a little longer. Find a time to burn Yingluo first. We'll leave him here temporarily. As for the burial, we'll talk about it when he wakes up. Although it's weird for him to see himself buried, I'm still sad that he's still here."

"Alright then," Gong mo nodded.

Shan Rong sighed and said,"let's ask the master from last time to choose a date." I don't think he's going to wake up. We can't wait forever, can we?"

Gong mo opened his mouth and wanted to comfort her, but he didn't know what to say. In the past few months, he had already said comforting words over and over again countless times, and there was really no new pattern to come up with.

"We'll let you know when we're done," Gong mo agreed.

Dan Rong nodded and carried Hu Zi onto her lap. She sighed. "You're really a Tiger, I'm exhausted! In the past, I was afraid that his health wasn't good, but now it seems that his health is too good, and he's full of energy all day!"

"I told you not to hug him, but you just had to!"

"He's my grandson. Why shouldn't I hug him?" Shan Rong picked up Hu Zi. come, say hello to Grandpa ~"

Hu Zi babbled and roared at Gambino.

Gong mo smiled and said to her, "by the way, I've discussed with nanxuan. When we're free, we'll go to joy garden to avoid the heat. We'll bring Gambino over as well. The air there was good, which should be more helpful for his condition. What do you think?"

"Alright!" Shan Rong agreed. I wonder if Jason and the rest will agree.

"I think so? Primogenitor isn't here, so Jason will agree."

Primo was mainly in charge of the affairs in Italy and had returned long ago. Otherwise, someone over there might have been ready to take Gambino's position.

but he has to report everything to Primo now!

Just as they were talking, Yu Qingliu came in with a group of people to check on the room. She entered and smiled, "The little Tiger is here? Where's your big tiger?"

haha! the little tiger waved at him and laughed happily.

Yu Qingliu handed the receiver to the nurse and reached out to carry him. "Don't be like your father, he's so annoying!"

wuwuwuwu ~"the little tiger spat at him.

"Why? You can't stand me talking bad about your father? He's bad to begin with!"

"Don't you talk nonsense in front of my son!" Gong mo was displeased.

"Alright, alright, alright, I'll return this to you!" Yu Qingliu stuffed the child into her hands and began to examine Gambino.

"we're planning to bring him out of the hospital and move him to the villa. What do you think?" Gong mo asked.

"No problem. He'll be able to leave the hospital after a month or two of observation, and he can be transferred to a nursing home with a better environment. The nursing home might not be as good as your villa!"

"I'll tell Jason later." Shan Rong said.

"I'll check his wound." Yu Qingliu reached out to unbutton Gambino's buttons and asked Shan Rong to help him turn over.

"Yingluo is recovering well." He looked at the pink scar and nodded.

Chapter 516 Preparing to meet

Sheng nanxuan had asked Master Tang to pick a date for Gong hang's cremation and re-burial.

...

On the day of the cremation, he took Gong mo and dan Rong to the testing center to collect the bones and ran into the Yu family.

Everyone in the Yu family was there, and they could hear Wu surong's cries from afar. "Why not? You say it! Why isn't there any?"

mom ... Yu Qingping tried to persuade her. it's a good thing that qinghuan isn't here. She might still be alive.

When Wu surong heard this, she stopped crying for a moment. Then, she continued to cry, but it was much softer than before.

Gong mo held Sheng nanxuan's hand and looked up at him.

He squeezed her hand and held her hand as they walked over.

When Yu Xinran saw them, she called out to Shan Rong, "Second aunt,"

The Yu family members looked at her fiercely. She pursed her lips and didn't explain.

She was just following Gong Bai's lead, but it didn't seem to be a good time to introduce her friends to each other.

Fortunately, everyone knew Sheng nanxuan and Gong mo. They nodded and greeted them. "You guys are ..."

"My father-in-law's body has been found." Sheng nanxuan said.

When everyone heard this and saw that they were all dressed in black with white flowers on their chests, they didn't know whether to say "my condolences" or "congratulations".

"Has your father been missing for a long time?" Wu surong asked Gong mo.

“It’s been 21 years.” Gong mo said in a low voice.

“That long? My qinghuan still needs a few more years. I thought that I would have a result this time, but I didn’t expect to have to wait. I don’t even know if she’s Dead or Alive. If he was still alive, he would just wait. If she’s gone, the sooner we find her bones, the better it will be for her to rest in peace.”

“The heavens will help the good. Old Madam, don’t worry. We will be reunited.”

“I’m just afraid that we won’t have the chance to reunite alive! How many years can I wait at my age?”

Gong mo looked at Sheng nanxuan when he heard that.

let’s go and pick up dad first, ” said Sheng nanxuan. don’t miss the auspicious time.

“I’m sorry!” Wu surong quickly stepped aside. She wiped her tears and said, ” I’m just nagging. Please don’t mind me.

“It’s okay, we understand.” Gong mo said.

She signed the relevant documents, and the laboratory Department handed the skeleton to them.

After sending the bones to the crematorium for cremation, he bought the best urn to store the ashes.

The burial date chosen by Master Tang was two months away. They first placed the ashes in a temple in the suburbs of Beijing. They would take them out on the day and send them back to their hometown in Nanjiang.

.....

When they were sleeping, Gong mo asked Sheng nanxuan, “when do you plan to acknowledge the Yu family?” When I saw old Madam today, she was so sad, sobs.”

Sheng nanxuan held her hand. we can only prove that we are related by blood. Although the person who contacted us was probably Yu qinghuan, it could also be Yu Qingping or Yu Qingliu.

“No, no way?” you ... You’re not the biological son of the Sheng family? ” Gong mo asked in surprise.

“Oh, that’s true.” Sheng nanxuan hugged her. then it must be Yu qinghuan. Unless they have another daughter.

“Yes.”

I want to ask Yu Qingliu out for dinner tomorrow. I’ll let him know first and then ask him to bring us to the Yu family.

“This is good. Are you going alone?”

“Of course, you’ll come with me.”

“Alright,” he said. good night? ” Gong mo smiled.

“Good night,” she said. He kissed her and brought her to sleep.

The next morning, Sheng nanxuan called Yu Qingliu. Yu Qingliu happened to have a surgery. If everything went well, she would be operating from 10 am to 2 pm.

“What if it’s not smooth?” Sheng nanxuan asked.

Chapter 517 I have to call him “little uncle” now

Yu Qingliu was startled and scolded, "you jinx, don't talk nonsense!" Who am I? I've never had any problems here!"

...

"Alright, I wish you all the best."

"That's more like it," Yu Qingliu said, satisfied. "Why did you ask me if I'm free? You want to go on a date with me?"

"Then, are you going on a date?"

Yu Qingliu was startled, and really wanted to reply, "no!" We're not dating!

However, did Sheng nanxuan specifically say that because he had something to tell him? Then let's go on a date!

"About! I'm a man, what's there to be afraid of?"

Thus, the two of them agreed to have dinner at six O'clock.

After putting down his phone, Sheng nanxuan said to Gong mo, "at five in the afternoon, let's go to the hospital to visit Gambino. We'll also call Yu Qingliu along the way.

"You can still call him by his name now, but after dinner, you'll have to call him 'little uncle'," Gong mo replied.

tsk. Sheng nanxuan's face was full of disdain.

However, Gong mo saw that he was smiling slightly.

In fact, he really hoped to acknowledge his family over there and get a few family members who treated him sincerely, right?

Back in the Sheng family, those few people did not even treat him as family. However, the Yu family was different. They missed Yu qinghuan so much. If they knew that he was Yu qinghuan's child, they would definitely dote on him.

Gong mo couldn't help but feel happy for him when he thought of that.

In the afternoon.

After having lunch at home, dan Rong was about to head to the hospital when Gong mo said, "Nanxuan and I will come over to visit you in a while."

"Alright. Come out later, don't heat up Hu."

"I know." Gong mo looked at the sun outside. It was quite bright.

The weather was getting hotter and hotter.

Not long after Shan Rong left, it started to rain heavily. Gong mo called her immediately to show his concern. "I'm in the car, I won't get wet."

"It's raining so heavily, tell the driver to drive slower."

"Got it, I'll call you when I get there."

The rain didn't last long and soon stopped. The sky was empty and the air was fresher. The sun didn't come out again, but it was getting cooler.

Dan Rong got off the car at the hospital and called Gong mo to let him know that she was safe.

After entering the ward, she opened the window and walked to Gambino's side. "It just rained, did you hear it? I'm sitting in the car alone, and I suddenly feel so lonely. I really hope you can stay with me, Yingluo. You don't know, the sound of the rain is a little scary, I want you to hug me Yingluo!"

She reached out and touched Gambino's eyes and brows, laughing at herself. "I've been looking at your current body every day, and I've almost forgotten what you looked like before. I realize that you're even more handsome than before. If I say that I even like your current appearance, you won't be angry, right?"

Gambino did not answer her.

She was hoping that he would jump up and get angry at her, and argue with her.

She retracted her hand, wrung a towel, and wiped his body while nagging, "I went to cremate your ashes yesterday, and they've been stored in the temple. Where are the eminent monks chanting Scriptures? Do you think I shouldn't have been put there? If your soul is here, what if you're taken away by the chanting? Tsk ~ I'll have to tell Momo tonight to get it back! He'd rather place it on my bed so that he can accompany me when I sleep at night!"

After dan Rong finished wiping his body, she picked up the newspaper and read the news to him for a while. Then, she turned on the television and let him listen to the program.

Coincidentally, the National channel was broadcasting a program about shengshi pharmaceuticals, and Sheng nanxuan was specially invited for an exchange.

Chapter 518 Gambino awakens

Sheng nanxuan had gone to record the show last week. The TV station had already played it last night, and it was now replaying.

...

Many people wanted to know what was going on with Shengshi Medical's experiment. Sheng Nanxuan also wanted to clear his name, so he simply agreed to the TV station's request.

At the beginning of the show, a recorded video was played, which summarized the cause and effect of the incident-

"19 years ago, there was an explosion in Shengshi Pharmaceutical's factory area, and a number of buildings were destroyed. After the explosion, Shengshi Medical abandoned the place and moved into the new factory area.

The explosion happened at night. The factory was closed because of the power outage. There were no workers in the building and no casualties were caused.

At that time, the cause of the explosion was that after the power outage, the workers did not turn off the power when they left, which led to the fire and the explosion.

This result allowed Glory World Medical to avoid being pursued by the relevant departments, and the heinous secret was hidden for 19 years."

Shan Rong sat on the edge of the bed and held Gambino's hand with her head lowered. Then, she lay on the bed, her face against the back of his hand.

"You used to chase me every day. Now that I've promised you, you're ignoring me."

Shan Rong closed her eyes, and the sound from the television gradually became blurry.

In addition to the host and Sheng Nanxuan, there were also several experts in the show.

Sheng Nanxuan spoke very few times. He just sat there coolly between a bunch of old experts and a mediocre host. He was so handsome that the sky cracked!

The show's viewership ratings were not bad last night because he was too handsome.

Beauty is justice!

Previously, many people did not believe that Sheng nanxuan was innocent. After the show was broadcast, most of them changed sides and even scolded Sheng Zhongtian and his gang.

Who asked them to bully such a handsome person? How pitiful was Sheng nanxuan when he was so young! Thinking of the little boy's pitiful appearance, everyone's heart was about to break!

Shan Rong's hand that was holding Gambino's moved gently, caressing the back of his hand to help him relax his muscles and blood vessels.

As she touched it, the fingers in her palm moved a little.

She froze and stopped what she was doing.

Then, she slowly pulled her hand out.

ah ... Shan Rong was shocked. She grabbed his hand and got up.

She saw Gambino, who was lying on the bed, open his eyes and look at her without any warmth.

She didn't notice anything wrong, only that his eyes were no longer as dull and unfocused as before. He really saw her!

"You're awake?" Shan Rong asked excitedly.

Gambino furrowed his brows and suddenly pulled his hand back from her. He then sat up on the bed.

Shan Rong was stunned. She was a little disappointed and a little flustered. She hurriedly went to help him up, "you-"

With a wave of his hand, Gambino sent her flying.

With a bang, she fell to the ground and grimaced in pain.

"Gong hang?" Shan Rong raised her head and looked at him. what are you doing? "

Gambino pulled off the various sensor wires attached to his body, lifted the blanket, and got out of bed.

He was not wearing shoes, and his wide feet were a little pale. He walked towards her step by step, looking a little gloomy.

Shan Rong felt an inexplicable fear and pushed herself up from the ground. "Yingluo, have you forgotten about me?"

He bent down and grabbed her chin. He slowly lifted her up and pressed her against the wall. "You're his woman?"

cough ... dan Rong found it hard to breathe and asked in confusion, " what did you say? "

Gambino was silent for a few seconds. He suddenly threw her on the ground and laughed out loud while looking out of the window.

Chapter 519 He can forget about using my body

you ... dan Rong suddenly realized something and said angrily, " you're not Gong Xing!

...

Gambino looked at him fiercely, and a hint of killing intent flashed in his eyes. "Gong hang? I've been hearing your voice talking about him, so his name is Gong Xing!"

He walked towards her and saw a photo frame on the bed. He picked it up and looked at it-

It was a picture of Shan Rong and Gong mo carrying their children.

"This is Mo Mo and bi an Hu Zi?" Gambino tightened his grip.

Kacha!

The photo frame broke into pieces in his hand.

He threw the remaining shards in front of dan Rong. "From now on! He can forget about using my body!"

Dan Rong's eyes widened in horror. She quickly got up and ran outside.

Gambino stretched out his hand, and when she walked around in front of him, he grabbed the back of her neck.

"Ah!" Shan Rong cried out in pain.

"Ms. Dan?" A voice came from outside the door.

Gambino had originally wanted to break Shan Rong's neck, but he hesitated for a second when he heard the sound. Shan Rong had fainted from the intense pain, but at least she had managed to keep her life.

Gambino retracted his hand in disgust, and Shan Rong fell to the ground with a thud.

The door was suddenly knocked open, and Jason rushed in with his men.

“BOSS!” Everyone cried out in surprise.

Gambino looked at them and frowned slightly.

There wasn't a single one of his former confidants here!

This Gong hang had intentionally removed his previous men. Now that he was back, everything was strange to him. If he was not careful, he would not be able to take over all of this.

However, what was he afraid of?

Back when Gong hang had just possessed him, everything around him was foreign to Gong hang.

He was merely walking the same path that Gong Xing had walked.

Boss, you're awake?! Jason walked over and said happily, “that's great! Eh? What's going on?”

He looked at the unconscious Shan Rong and the photo frame fragments on the ground.

Gambino really wanted to strangle Shan Rong to death, but he was afraid that he would expose himself, so he could only say, “She's fine. She was too happy and accidentally knocked over something.”

uh, uh, uh, “Jason was puzzled. This didn't seem like it.

then, did you go to the lab when you were young, Mr. Sheng?” A voice came from the television.

Gambino looked over-

On the television, Sheng nanxuan frowned and thought for a while before saying, "I don't have any impression of it, but I think I saw a big fire, it seemed to be very far away, Yingluo"

Gambino walked closer to the television and stared at Sheng nanxuan.

Jason carried Shan Rong to the bed and said to the others, "Quickly call the doctor over ..."

"Stop!" Gambino stopped them. you are not allowed to inform anyone! Pack up, we're going back to Italy!"

this ... Jason was dumbfounded. but BOSS, you just woke up. You have to check.

Gambino looked at him and narrowed his eyes, showing his displeasure."You're ordering me?"

"Your subordinate would not dare!" Jason was shocked.

Gambino had always been serious. Even if Jason felt that something was not right, he did not dare to make any further guesses.

Gambino turned his head to look at the television.

Mr. Sheng, "the emcee said," shengshi pharmaceuticals has no leader now. Will you go back and manage the related work? "

"Didn't it get seized? The relevant departments won't allow glory World Medical company to continue operating, will they?" Sheng nanxuan laughed.

but you didn't participate in the laboratory. After this matter is investigated, if you manage it, there's still a possibility that shengshi medical company can continue to operate.

I have my own career," Sheng nanxuan said coldly. I'm afraid I'm not fated to.

"Get me a set of clothes." Gambino suddenly said, "bring me to him!"

Chapter 520 To find Sheng nanxuan

this ... Jason hesitated for a moment and immediately ordered someone to go back to the hotel to get the clothes.

...

Half an hour later, Gambino changed his clothes and prepared to leave the ward.

Jason looked at Shan Rong on the bed and asked,"Ms. Dan, she's ..."

alright! Gambino took a glance. bring him back to the hotel and wait for me to come back!

Jason was worried about him, so he asked the others to take dan Rong away and follow him to find Sheng nanxuan.

After getting into the car, Jason called Sheng nanxuan. It rang for a while, but the line was blocked. He had to ask the driver to go directly to Sheng nanxuan's company.

Anyway, Sheng nanxuan was either at the company or at home, and he happened to know both places.

Gambino looked at the things outside the window and was a little dazed.

Although he had woken up once more than ten years ago, he had been fighting with another person hiding in his body at that time. He had not had the chance to notice what the world around him had become.

To be exact, he had been cut off from this world for more than twenty years.

Everything had changed so much.

He had never seen the phone in Jason's hand before and did not know what it was for.

He closed his eyes and leaned back in his seat, not wanting to look at this grotesque world.

No rush, none of this was urgent. He had to quickly chase Gong Xing out and take control of his body. Then, he would slowly get to know everything that he had missed.

.....

In the office, Sheng nanxuan was on the phone with Gong mo.

the weather is cool, so I took my son out for a walk. We're at a dessert shop now,"Gong mo replied.

as long as you're happy ~"Sheng nanxuan said dotingly.

"Do you want to eat it?" Gong mo asked with a smile.

"Oh, if it's on your lips, I want to eat it."

"Can't you be more serious for once?" Gong mo blushed and said angrily.

"I'm serious now." He smiled and asked, " what are you eating now? "

“Taro balls and red bean pie,”

“Do you have coffee?”

“Yeah, I didn’t drink it.”

Gong mo felt wronged. There were even more taboos when it came to feeding a child than when she was pregnant. She had not had coffee for a long time.

good girl. Sheng nanxuan consoled her. bring me coffee and a red bean pie.

“You want to eat it?”

“I want to try the taste that you like.”

“Alright then, wait for me,” Gong mo said in a soft voice.

After hanging up the phone, Sheng nanxuan opened his call log.

There was another call when he was making the call just now. He looked at the number, but it was an unfamiliar number. He had no impression of it.

When Gambino was hospitalized, his phone number had been written in the emergency contact column, not Gong Mo’s. Jason was lucky enough to see it and thought that he could contact him if anything happened, so he took note of it. However, he would not take down the numbers of Gambino’s men, so he did not see it.

He put down his phone and wondered if this was a call from a scammer.

The walkie-talkie on the table rang. He picked it up and heard his Secretary's voice. President, someone is looking for-hey, Sir, please wait for me to report this first!

When Sheng nanxuan heard that her last sentence had become very loud and angry, he raised his head. The door was pushed open and Gambino walked in.

He raised his eyebrows in surprise.

"I'm sorry, our BOSS, he-" Jason said hurriedly.

"Get out!" Gambino told him.

Jason was stunned for a moment. He felt that something was wrong with his BOSS after he woke up.

However, he couldn't stop his BOSS from changing his style. Even if the style changed every day, he could only listen to orders.

"Yes!" He nodded and retreated to the door.

President! the Secretary looked at Sheng nanxuan in fear.
