

Ditsy Wife 521

Chapter 521 Figure out his purpose

it's alright," Sheng nanxuan said gently to her. entertain them for a while.

...

"Yes." The Secretary quickly invited Jason and the others to the guest room.

Gambino closed the door. When he saw the name " Sheng nanxuan " on the nameplate, he could not help but frown.

He felt that these words were a little familiar.

However, even though he had learned Chinese when he was young, he had been asleep for more than 20 years and had forgotten many things. If it wasn't for dan Rong's constant whispering into his ear, he might not even have been able to speak when he opened his eyes. As for reading Kasaya, which was originally his weak point, he really couldn't remember a few Chinese characters now.

Sheng nanxuan sized Gambino up and could not help but feel strange.

No one had informed him of such a big event like Gambino's awakening? It seemed that it had just happened, so it was reasonable that no one had informed him.

However, she had just woken up, and she actually ran over to look for him, and no one stopped her?

And his expression was very different from before.

Could it be

Sheng nanxuan's heart skipped a beat as he made a guess.

He hoped that things were not as he thought.

“I just saw your program.” Gambino said.

His Chinese was not very good and he did not have the habit of using Chinese. He spoke Italy the moment he opened his mouth.

Although Sheng nanxuan could understand, he deliberately asked in Chinese, ” “What did you just say?”

Gambino paused and asked in English, ” “Can you speak English?”

Sheng nanxuan was shocked, ‘it’s not Gong hang!’ It was the real Gambino!

He had communicated with Gambino in Italy before. If he was Gong hang, he would not have asked him that question.

Sheng nanxuan nodded without a word.

Gambino heaved a sigh of relief and started conversing with him in English.

it’s about the laboratory, ran ran. Gambino looked at his expression. you’re the child from back then, right? ”

Sheng nanxuan’s hand on the table deliberately stiffened, and then slowly clenched. “What do you mean?”

“You don’t have to be afraid.” Gambino walked to his desk and looked down at him coldly. before the explosion, you went to the laboratory and let the people inside go, right? ”

you ... Sheng nanxuan looked surprised. could you be Yingluo? ”

“Right!” Gambino nodded. I’m the one you let go. Back then, I told you that I would repay you.”

“I have some impression of him.” Sheng nanxuan said.

“Now, I need you to do me another favor.” Gambino said, ” after helping me with this, you can ask me for the reward you want.

“What favor?” Sheng nanxuan did not question him at all and went along with his words. He just wanted to find out his purpose as soon as possible.

Gambino was silent for a moment. those experiments back then caused damage to my brain. I need to immediately find a world-leading neurologist to perform an open-head surgery on me and repair this damage.

Sheng nanxuan’s eyelids twitched.

Could it be that he wanted to use the surgery to completely get rid of Gong hang’s existence?

Did he know that this was impossible? It could cause the death of the body!

Sheng nanxuan sighed. He probably really didn’t know. After all, Gong Xing had always been the one in control of this body, and the real Gambino had long been out of touch with this world.

Sheng nanxuan paused and asked in confusion, ” “Why do you need my help? You yourself ...”

“The people around me don’t know about the experiments I’ve been subjected to!” Gambino lowered his voice and said, “only you know, so you must help me with this!

Gambino had no idea how Gong hang communicated with his subordinates. If he asked his subordinates to do it, he might be overreaching himself.

Chapter 522 You'll only have a chance if you escape

Sheng nanxuan thought for a while and said, "I can promise you, but regarding the remuneration you mentioned, Yingluo ..."

...

"You can ask for as much as you want!"

Gambino did not have the time to bargain with him. He just wanted to get the surgery done as soon as possible. Otherwise, Gong hang might wake up if Wanwan wasn't careful! He would rather be threatened by Sheng nanxuan than to disappear from this world!

alright then, Yingluo, "Sheng nanxuan said. I happen to know a good brain doctor. I can ask him for help.

Now that the person was Gambino, he had to think of a way to get Gong hang to come back. However, he had never encountered such a thing before. What should he do?

Just then, the office door was pushed open.

Sheng nanxuan was shocked. He suddenly remembered that Gong mo said that he was coming over.

Gong mo had been to the company several times, and he had come in directly every time.

There were guests today, so the Secretary should have informed her. But Sheng nanxuan could tell at a glance that the Secretary was not outside. She did not know what was going on in the office, so she came in directly.

nanxuan ... Gong Mo's soft voice rang out. He wanted to stop her but it was too late.

Gambino's expression changed slightly.

Nanxuan? These two words were very familiar.

He looked over and saw Gong mo pushing the child in. When he saw her, he immediately recognized her as the person in the photo-Gong hang's daughter!

Gong Mo's eyes widened in surprise. She opened her mouth but suddenly didn't know how to address him. After a long pause, she called out, "Dad, Yueyue, you're awake?"

Gambino's aura suddenly became fierce. He looked at Sheng nanxuan viciously."So it turns out that you guys are the same."

He suddenly realized what a stupid thing he had done!

He finally knew why the words " Sheng nanxuan " on the door were so familiar!

This was because Gong hang's woman and this woman in front of him had often mentioned this name in his ears!

Unfortunately, they didn't call him by his full name, so he didn't know that his surname was Sheng! Otherwise, he would have guessed that the person on the TV was Sheng nanxuan when he saw the program in the ward just now. Then, he would never have come to him for help!

Gambino knew that his purpose had been exposed. Sheng nanxuan would definitely not help him. The reason why he had agreed earlier was probably because he wanted to paralyze him and then kill him during the operation so that Gong hang would stay!

He quickly pounced towards Gong mo, wanting to take Gong mo as a hostage.

Sheng nanxuan saw through his intentions. He stood up from behind his desk and quickly jumped onto it. Then, like a flash of wind, he stood in front of Gong mo.

Gambino paused and took a step back warily.

This kind of speed and jumping power did not belong to humans, at least not normal humans!

Gong mo was shocked. He grabbed Sheng nanxuan's arm with both hands. "What are you doing?"

Gambino's hands were clenched into fists, the muscles on his arms bulging, as if he was going to burst the coat that was stuck to his body.

He suddenly turned around and attacked Gong mo from another direction.

Sheng nanxuan moved faster than him and once again blocked his path.

He was stunned. Sheng nanxuan suddenly punched him in the chest. He was immediately sent flying and hit the bookshelf.

The books on the shelf hit him in the face, and he got up.

Sheng nanxuan clenched his fists and sneered. "Since you've seen through me, I won't play any more dirty tricks. Come with me!"

After he finished speaking, he rushed towards Gambino, wanting to catch him!

Gambino was shocked, afraid that he would never see the light of day again if he was caught.

He could only escape!

He would only have a chance if he escaped!

He didn't want his body to be stolen again! He didn't want his soul to hide in a dark corner anymore!

He turned around and quickly rushed to the floor-to-ceiling window.

Chapter 523 Jumping down from the 20th floor

ah! Gong mo screamed.

...

With a loud bang, the glass shattered and splattered everywhere.

Sheng nanxuan wanted to catch Gambino. If he chased after him, he would definitely be able to catch him! However, when he saw the glass shards flying towards him, he was afraid that they would hurt Gong mo and the baby. He immediately turned around and blocked the front of the pram. He pressed Gong mo into his arms and all the glass shards hit his back.

ah ... a few pieces of glass flew past his ears and Gong mo yelped again.

The glass fell to the ground. Sheng nanxuan only let go of her when he heard that the sound had stopped.

She cried and shouted, "dad, he-"

She saw him disappear from the window, and her whole body trembled.

"He's not your dad!" Sheng nanxuan quickly walked to the window.

Gong mo was afraid that he would fall down and shouted, "Don't!"

"Don't be afraid!" Sheng nanxuan reached out to stop her. He walked to the window and stopped.

Gong mo quickly walked over and hid behind him. He looked down-

She was already used to the height of more than twenty stories because her family was also a high-rise building. She did not have a fear of heights. However, there was nothing in front of her, so her legs still felt weak.

She grabbed Sheng nanxuan's arm and looked carefully. There was no pool of blood or corpse. Instead, someone got up from the ground and ran across the road.

The cars on the road had all stopped, and so had the pedestrians, so that person's actions were particularly obvious.

Gong mo grabbed Sheng nanxuan tightly and asked anxiously, "That is ..."

"Gambino!" Sheng nanxuan pulled her away and was about to explain when the people outside heard the commotion and ran over.

"What's going on?" Jason asked, "where's our BOSS?"

Gong mo looked at him with a pale face. "He ... He just left."

However, he left through the window, which was more than 20 floors high.

When Jason heard this, he immediately left with his men.

Sheng nanxuan's Secretary stood at the door and asked, "President, this Yingluo ..."

Fang Yang had just come out of his office and had no idea what was going on. He only exclaimed at the glass shards on the floor, " "You guys have such strong tastes!"

Sheng nanxuan glared at him and said to his Secretary, " "Inform someone to change the glass." Then, he instructed Fang Yang, " Gambino has woken up, but he's not friendly now. Send someone to follow him immediately. Don't let him find out!

Fang Yang was stunned for a moment, but he immediately went to do it. Although he did not know what had happened, he just had to listen to Sheng nanxuan.

When Gong mo saw that everyone had left, he hurriedly asked Sheng nanxuan, " "What's going on?"

Sheng nanxuan frowned and his expression turned serious. "Didn't dad say that he was using this body with the real Gambino in the beginning? Now, the real Gambino has seized the opportunity of him being injured and unconscious ... And has returned!"

Gong mo gasped and asked, "then what happened to Qianqian just now?" It's so high up here, how did he ..."

Sheng nanxuan was silent for a moment before he said, "his body has been transformed. Many of those experiments were to develop human potential, especially physical strength. Gambino's body has obviously been used for those experiments, that's why he dared to jump down from such a high place."

Gong mo was shocked, "what about my mother?!" Mom just went to the hospital. If he's not my dad, then mom, she ..."

Sheng nanxuan's face changed. let's go to the hospital first! he said.

The two of them pushed the pram and turned around. The coffee hanging on the pram swayed. Sheng nanxuan was stunned. He took the coffee and red bean pie down and placed them on the secretary's desk. Then, he left the company in a hurry.

Chapter 524 Bring her along

After going downstairs, the two of them realized that there were onlookers who had informed the reporters to come.

...

The reporters were interviewing pedestrians on the road, and the pedestrians said vividly, "I was walking on the road when someone suddenly fell from the sky. It was a foreigner. Yingluo, look, there's glass over there. The lower floors are all fine, so it must have fallen from the top!"

"But there's no blood here!" The reporter said.

"How could there be no blood? He got up and ran away, could he be Superman?"

A few reporters had arrived. Some of them wanted to go upstairs to see what was going on and were negotiating with the security guards.

Sheng nanxuan got into the car with Gong mo and then called Fang Yang. "There's a reporter at the entrance!"

Just as he said that, he heard a police siren. He looked up and saw a police car driving over and stopping in front of the office building.

Gu Lei and ding dang got out of the car with their men and ran in front.

Sheng nanxuan asked the chauffeur to start the car and said to Fang Yang, "also, the police. Send someone over to handle this. Don't let this matter leak out.

"What's going on?" Fang Yang was confused.

“Did you find Gambino?” Sheng nanxuan did not answer.

I was following Jason and the rest just now. I saw them picking up Gambino by the road. He’s already back at the hotel.

“Keep an eye on them!” Sheng nanxuan hung up the phone.

Gong mo picked up his phone and dialed Shan Rong’s number.

After a while, the call was connected. She heaved a sigh of relief and hurriedly called out, ” “Mom ...”

“Hello, are you miss Ling?” The person on the other end asked.

“Who are you?” Gong mo was stunned.

“I’m a nurse in the hospital. That vegetable named Gambino suddenly woke up and left the hospital for some reason. We were just about to contact you!”

“Where’s my mom?”

“You mean Ms. Dan? She’s not here, but she left her phone in the ward.”

“Where’s your director?” Gong mo asked with a bad feeling.

the director has gone home to rest after the surgery. We’re contacting him now!

Gong mo hung up the phone and said to Sheng nanxuan, ” “Mom’s not in the hospital, and she doesn’t have her phone with her.”

“Don’t worry, we’ll go straight to the hotel.”

.....

At the hotel.

Gambino walked into the room and saw Shan Rong on the bed.

He paused for a moment, then walked over and looked at her with hatred.

Jason walked over and looked at the wound on his hand. "Boss, you're injured, Yingluo."

"I'm fine."

Gambino raised his hand to take a look. He had only touched the glass shards by accident.

He put his hand to his mouth and licked it with his tongue. Suddenly, he revealed a bloodthirsty smile.

How long had it been since he had tasted the flavor of this world?

This blood was simply sweet, comparable to the coffee he had every morning.

The coffee aroma in her memory seemed to be from yesterday, but also seemed to be from the last century.

He dropped his hands and said to Jason, "we're going back to Italy now."

"Now?" Jason was shocked.

“Immediately! Immediately!” Gambino glared at him sternly, then looked at Shan Rong on the bed. bring her along!

“Don’t we need to tell Mr. Sheng?” Jason asked, puzzled.

“Who are you working for?” Gambino asked unhappily.

Jason was shocked. Although he found it strange, he did not dare to investigate it and could only follow his orders.

.....

When Sheng nanxuan and Gong Mo’s car arrived at the entrance of the hotel, they saw a few cars driving out of the parking lot.

Recognizing that it was Gambino’s convoy, Fang Yang immediately called for someone to intercept them. Sheng nanxuan also called for the driver to follow them, but he did not let him join the interception team. Because Gong mo and his children were still in the car, he didn’t want them to be frightened or hurt.

Chapter 525 The Golden Cicada leaves its shell

Gambino’s men were not to be trifled with. Fang Yang chased them all the way to the airport Highway before he managed to stop them.

...

Sheng nanxuan also asked the driver to stop the car. Gong mo wanted to get out of the car to take a look, but he stopped her. “Don’t worry, you just stay in the car.”

“yiyaya, yiyaya ~” Hu Zi jumped around in her arms and waved his hands wildly.

“Be good,” Gong mo lowered his head and kissed him.

haha! Hu Zi laughed. ah! Ah!

be good ~”Gong mo consoled her. we’ll talk about it when we get home.

Hu Zi wriggled around in her arms.

Gong mo remained unmoved and looked out of the window with concern.

Sheng nanxuan got out of the car and stood still at the door, watching Fang Yang and the others.

Fang Yang brought his men to open all the cars belonging to Gambino’s men, and all the people inside were arrested.

“F * ck!” Fang Yang drove to the last car and kicked the person who pulled him down.

Sheng nanxuan immediately understood what was going on.

Gambino was not in the car. Even his trusted aides were not there. There were only a few small fries in the car that could be abandoned at will.

Fang Yang walked over in exasperation, too ashamed to face anyone. “BOSS.....”

“The Golden Cicada leaves its shell.” Sheng nanxuan sneered and looked in the direction of the airport.

There were quite a few cars that had passed by earlier, and Gambino might be one of them.

It was also possible that he had left in other ways. For example, he could take a bus to another city and then leave by plane.

“I’ll immediately chase after them!” Fang Yang said.

“The old lady is in his hands.” Sheng nanxuan said, “just ensure the old lady’s safety. It’s best if she can be rescued. As for Gambino, let him escape. Just don’t lose him!

“Yes!”

remember, “Sheng nanxuan ordered. the most important thing is the old lady. Nothing can happen to her.

“Understood!” Fang Yang agreed, turned around, and left with his men.

Sheng nanxuan got into the car. Hu Zi was already crying because he couldn’t drink milk.

When he saw that his father had come, he decided to ask for help. He turned to Sheng nanxuan and stretched out his arms for a hug.

Sheng nanxuan carried him over but didn’t care about him. He just didn’t want Gong mo to suffer alone.

I’ve asked Fang Yang to go after them. Let’s go home first. We’ll need to plan the rest. I’m afraid we’ll need Yu Qingliu’s help.

Gong mo was stunned. Although he was anxious, he couldn’t think of a way, so he could only listen to him.

“Mom is in his hands?” Gong mo asked as the car drove back.

Sheng nanxuan nodded and said, “that’s the only possibility.” He definitely wants to take mom as a hostage, but don’t worry, since she’s a hostage, her life won’t be in danger. I’ll get someone to bring her back safe and sound.”

“Waa waa waa!” Hu Zi cried in his arms.

Sheng nanxuan glanced at him and patted him gently.

“Wu Wu Wu Wu Wu” Hu Zi sobbed.

Gong mo took out a milk bottle from the bag beside him and touched it. It was cold.

She tiredly put the milk bottle back, found a pacifier, and stuffed it into Hu’s mouth.

Hu Zi stopped crying. After sucking for a while, he suddenly spat it out and continued to cry.

Sheng nanxuan coaxed him gently. be good. Don’t cry. You’ll be fine when you get home, Yingluo.

Hu Zi had been crying all the way and was exhausted by the time they reached home. He lay on Sheng nanxuan and sobbed while he slept.

As he walked into the elevator, his phone rang. Hu Zi was shocked and opened his eyes, crying loudly.

Sheng nanxuan hurriedly handed him over to Gong mo and picked up the phone.

Chapter 526 I need his help with this

It was Yu Qingliu on the other end.

...

“What’s going on?” Yu Qingliu asked, flustered. Where’s your father-in-law? Why did you run away as soon as you woke up? can’t you be more patient?”

Sheng nanxuan took a deep breath and said, ‘let’s meet and talk! He’s not my father-in-law now!’

Yu Qingliu was stunned, ‘Xuxu’s situation changed? No wonder the ward was in shambles! Don’t tell me the foreigners are going to rape your mother-in-law the moment they wake up?’

Sheng nanxuan hung up the phone in frustration. He really didn’t want such an unruly uncle!

“It’s Yu Qingliu,” he said to Gong mo. I need his help with this, I’ll go see him later.”

“What about me?” Gong mo asked.

you’re so silly. Sheng nanxuan glanced at the child. you take care of the child first.

Gong mo paused for a moment and didn’t say anything. After returning home, she took the baby back to her room to feed him.

Sheng nanxuan returned to his study room to make a few calls and arrange some things. “I’ll go look for Yu Qingliu first, you ...”

“I’ll go with you,” Gong mo looked at him.

Sheng nanxuan was stunned. He looked at the child. he’s still drinking milk.

Gong mo patted the child’s back and said, “wait for me.” It was almost time for dinner, so he went to eat as planned. If you leave, I won’t have the appetite to eat.”

“Alright,” Sheng nanxuan said helplessly.

After feeding her, Sheng nanxuan carried the child. "You pack up, I'll take care of the rest."

He carried the child to the baby's room, made the child burp, and then changed the child's diaper.

The child was full and became very happy. When he changed his diaper, he kicked his feet and played games with him with a smile.

Sheng nanxuan patted his butt. stop playing. Grandma has been taken away by the Big Bad Wolf!

.....

Gong mo and Sheng nanxuan took the child and rushed to the restaurant where they had agreed to meet Yu Qingliu in the morning.

Yu Qingliu had already impatiently arrived before them and was studying the menu.

He was thinking about the patient who ran away after he woke up. He said anxiously, "Hurry, hurry, hurry up. I've already seen everything, I can eat anything."

Sheng nanxuan passed the menu to Gong mo. child, I'll do it. You order the dishes.

Gong mo took the menu helplessly and asked for Yu Qingliu's opinion. No matter what she suggested, he would agree. He really did not care. She simply did it herself. Anyway, she knew what Sheng nanxuan liked to eat.

Sheng nanxuan held the child in his arms. The child stood on his lap and slammed the table with both hands.

"Put him down," Gong mo said after ordering.

“I’m fine. If we don’t let him make a scene now, he won’t sleep at night.”

Wu, Wu, Wu. Gong mo didn’t object.

Yu Qingliu was extremely anxious, and when the waiter left, she hurriedly asked, “What’s wrong with Gambino? Why are you running around after just waking up? Get him back to the hospital! The doctor didn’t even announce his full recovery, how could he be discharged?”

“He should have returned to Italy.” Sheng nanxuan said coldly.

Yu Qingliu was startled and looked at him with dissatisfaction. “Are you playing with me?”

“Why would I play with you? He also took my mother-in-law away!” Sheng nanxuan looked irritable.

He felt that he had let Gong mo down. If anything happened to dan Rong, he wouldn’t have the face to see Gong mo.

“Did they go on a honeymoon?” Yu Qingliu asked.

Sheng nanxuan glared at him and lowered his voice. “Gambino has also stayed in that laboratory.”

“What did you say?” Yu Qingliu was shocked. Why didn’t you say so earlier!”

“I didn’t tell you before because I thought it was too unbelievable.”

Chapter 527 What’s your purpose?

Sheng nanxuan explained the relationship between Gambino and Gong hang. Halfway through, the waiter came in to serve the dishes, and his narration was interrupted several times.

...

It wasn't until all the dishes were served that he finished explaining the whole story.

Yu Qingliu's face was filled with shock, "it's indeed very inconceivable."

"He wants to find an authoritative neurosurgeon to perform the surgery. Although I don't know how the experiment was carried out back then, you're an authority in this area, so you must know the mortality rate of this kind of surgery, right? If he really did that, there was a 90% chance that the body would die, and by then, he wouldn't have to worry about who the brain belonged to. But I don't want this to happen. Father-in-law was able to defeat him and become a ruler in the past, and he will be able to do so in the future! That's why I'm going to find him now and make him disappear completely so that father-in-law can come back!"

"Wait!" Yu Qingliu cried out, "I still can't quite accept this. Jian Jia's brain actually has two people in one body? It was more like he had a split personality! This is beyond my understanding of medicine! This doesn't make sense!"

"How do you know it's not scientific?" Sheng nanxuan's expression was cold. you didn't do a lot of things because you upheld humanitarianism. But you don't know how much those crazy people have done!

Yu Qingliu choked. This was the truth.

His expression turned serious.

As a Doctor Who saved the dying and helped the injured, he naturally had the mind to help the world. He couldn't accept the fact that someone in the same industry went against humanity.

Gong mo noticed that they were too engrossed in their conversation to eat. He placed some food into Sheng nanxuan's bowl and nudged him under the table.

Sheng nanxuan smiled at her. He put the child on his lap with one hand and let him sit. Then, he picked up the food in the bowl with the other hand and put it into his mouth.

The child's eyes followed his chopsticks, and he only noticed after eating a few times. He couldn't help but ask, "Which one do you like?"

"You're not allowed to!" Gong mo scolded in a low voice.

Sheng nanxuan had no choice but to tell the child. it's not that I don't love you. It's just that your mother is very strict.

Of course, the child did not understand what he was saying. He raised his head and looked into the bowl.

"There's porridge on the menu, I'll get the waiter to serve it," Gong mo said.

Yu Qingliu picked up her chopsticks and began to eat in big mouthfuls.

After the little darling's porridge was served, he asked Sheng nanxuan, "You're not just telling me a story, are you? What's your purpose?"

"I've said it. Gambino wants to find an authoritative neurosurgeon to perform the surgery, and you are the absolute authority. I'm going to Italy to look for him, so I naturally have to bring you along just in case. What if by the time we find him, he's already on the operating table with his head cut open? only you can save him."

Yu Qingliu was depressed, 'that's all I can do? I'm not going to get involved in your business!"

"This is also your business!"

"What does it have to do with me?"

“Isn’t the Yu family still looking for Yu qinghuan? There’s a high chance that she’s being used as an experimental subject. Aren’t you going to look for her?”

you saw it for yourself that day. She wasn’t among the corpses found in the laboratory.

Sheng nanxuan stopped picking up food and said, ‘did you forget what I told you before? There’s a mastermind behind the Sheng family’s lab, and there’s an even bigger lab there. What if Yu qinghuan was moved there?’

Yu Qingliu’s body trembled as she looked at him, clearly agreeing with his guess.

Sheng nanxuan said, “ many of the experimental subjects died in the experiments. Some of them escaped for nearly 20 years and are still safe and sound. The laboratory must want to capture them for research! Gambino and I are the two test subjects for this.”

Chapter 528 I’ll be fine

Hearing his words, Gong mo stopped feeding the baby and looked at him in a daze.

...

He continued, “shengzhongtian and the others should have gone to seek refuge with the mastermind. They all know about Gambino and my existence.” Regardless of whether they can catch me or not, it will be easier to catch Gambino. There were many things that Gambino did not know, and he still wanted to find someone to operate on him.

Once he released the news that he was looking for a brain doctor, the laboratory might send someone over. The surgery back then definitely required the participation of a powerful neurologist, and the laboratory should not be short of such talents. In short, the expert that Gambino had found in the end was most likely someone from the laboratory. When that time came, he would be brought back by the laboratory. So, as long as we follow him to Italy, we’ll find out where the laboratory is.”

the premise is that all your speculations are correct! Yu Qingliu was unmoved.

“Whether it’s right or not, as long as there’s a possibility, I have to verify it!” Sheng nanxuan paused and looked at him inquisitively. what if your sister is really in that laboratory? ” Are you coming?”

Yu Qingliu pursed her lips and didn’t say anything.

ya-” Hu Zi pulled on the dazed Gong mo.

Gong mo came back to his senses and fed him a spoonful of porridge.

Sheng nanxuan reached out and touched his head. He said to Gong mo, ” “Don’t worry, I’ll be fine.”

Gong mo paused and looked at him with resentment, ” “You want to go?”

“Our mom is there.”

“What if what you said is true? what if the laboratory really comes to capture you?”

“When I was five years old, I was all alone. I had no friends, no family, no subordinates, no faith, and I could escape. What am I now? I have everything now, and I can’t bear to leave you guys behind. I won’t let anything happen to me. ”

Gong mo stirred the porridge in his bowl and said in a low voice, ” “My mom is there. I want to go too.”

“You ...”

Gong mo glared at him, ”you’re definitely going to bring a lot of people with you this time. How many are left?” What if someone comes to capture me and the child after you leave? The lab and Sheng Dongyi are in the dark. We can’t guess their actions.”

Sheng nanxuan frowned.

Shengzhongtian and the other two had disappeared right before his and Gambino's eyes. It was obvious that the person who had received them was not an ordinary person.

He had already guessed that the other party was probably involved in the military and political aspects.

If that was the case, his every move might be under the other party's surveillance. If he left Gong mo behind and went to Italy alone, Gong mo would indeed be in danger.

Portable Kasaya

It would be very dangerous if they encountered an enemy!

"When are you guys leaving?" Yu Qingliu suddenly asked.

"You agree to go?" Sheng nanxuan was stunned.

"I have to confirm this guess!" Yu Qingliu said, " I don't want to let go of any possibility.

Sheng nanxuan opened his mouth and wanted to tell him about his relationship with the Yu family. But if he said it, the Yu family probably wouldn't want him to take the risk, right?

He shut his mouth and decided to wait until this matter was resolved.

They told Gong Bai and Yu Xinran before they set off. Of course, he didn't tell her the truth. He only said that he was going to Italy.

"Gambino suddenly woke up, and his family was worried, so they brought him back to Italy. Mom was worried about him, so she followed him." Gong mo said to Gong Bai.

“Are you going there now?” Gong Bai believed her and asked.

I’m worried about my mother. Gong mo nodded. of course, I have to go.

Chapter 529 This is BOSS’s home

“Then what are you going to do, little uncle?” Yu Xinran asked.

...

Yu Qingliu said helplessly, “I’m afraid that the patient might die from the long journey. I have to go and save him!”

uh, Zhenzhen, ” she said dejectedly. alright then. Be careful on your way.

“Second aunt, are you going to be with Gambino?” Gong Bai asked Gong mo, puzzled.

“Do you think it won’t work?” Gong mo looked at him.

“Of course not.” Gong Bai hurriedly shook his head. I’m very happy that second aunt has found her happiness, but I’m worried that she won’t be used to it overseas.”

“Actually, I’m a little worried too.” However, there are losses and gains in everything.”

.....

Shan Rong opened her eyes and found herself in an unfamiliar room.

The room was extremely gorgeous, but it didn't look like it was in China in any way.

There was an oil painting on the ceiling that looked like a European church. The chandeliers were in a completely retro style.

She slowly sat up and saw that the furniture and decorations around her were all in the typical European style.

Or rather, this was Europe.

If a house in China was decorated in a European style, the details and decoration would make people realize that it was Chinese. But it was different here. Every detail showed that this was a foreign country.

Dan Rong got off the bed, holding her neck. She thought of what had happened before she fainted and hurriedly walked to the door.

He opened the door and saw two bodyguards standing outside. They were both foreigners.

Shan Rong had never seen them before, but from their looks and aura, she could tell that they were Gambino's men.

She asked, "where's Gambino?" Where was this place? Why did you bring me here?"

The two of them exchanged a few words in Italy, which she could not understand at all.

She walked out, but they stopped her.

Shan Rong shouted angrily, "where's Gambino?" Tell him to come see me!"

One of them pointed at the room and said something seriously. She understood that he was asking her to go back to her room.

She closed the door and went back to her room. She sat on the bed and thought for a moment. Then, she walked to the window and looked out. Her eyes widened in surprise.

She was on top of a building, and there were even shorter houses in front of her. The style of those houses was like a Castle in a foreign movie.

These houses were surrounded by a wall. The wall was Grand and magnificent. It was more like a city wall.

Further out was hai Zhizhi.

It was an Island!

Shan Rong turned around and looked at the room. What to do? How was she going to leave? She had to contact Momo. Not only would Momo worry about her, but she also had to contact him!

A voice came from outside the door. She was slightly surprised and became vigilant.

Then, there were a few knocks on the door, and a familiar voice said, "Ms. Dan? Are you there?"

"Jason!" Shan Rong ran over and opened the door.

Jason was holding a plate of Italy in his hand and said to her, "I've asked someone to make you something to eat. You should fill your stomach."

Shan Rong hurriedly let him in and then closed the door."Where is this place?"

"Italy, BOSS's house."

“BOSS?” Shan Rong was stunned. he’s Yingluo, he’s not Yingluo.

“Not what?” Jason asked, puzzled.

Shan Rong was stunned. She recalled that Gong hang was not his boss, but the one now was. How should he explain this?

An order came from outside. Dan Rong did not understand, but she was frightened because the voice was too cold. However, she felt that the voice was familiar and stood up abruptly.

Jason’s face changed, and he hurried over.

The door was already opened, and Gambino walked in.

“Boss!” Jason lowered his head and shouted.

Gambino sized him up and gave him a strong kick, sending him flying to the wall.

Jason fell to the ground with a bang.

Primo, who was following behind Gambino, raised his eyebrows and did not say anything.

Chapter 530 Do you think they’ll believe you?

“Get lost!” Gambino scolded.

...

Jason clutched his stomach and got up. He walked out of the room with his head lowered, not daring to look at Shan Rong.

After the door was closed, Shan Rong was scared and hurriedly hid on the other side of the bed.

Gambino walked over, approaching her step by step.

She grabbed the bedside lamp and pointed it at him. "Don't come over!"

Gambino stretched out his hand. He was clearly three meters away from her, but in the blink of an eye, he had rushed in front of her and crushed the lamp in her hand.

ah! Shan Rong screamed and turned to run.

Gambino pulled her back, grabbed her neck, and pressed her down on the bed. He asked viciously, "You want to tell them that I'm not the original person?"

Dan Rong's throat was clutched, and she could not breathe. She waved her hands excitedly at him.

"Do you think they'll believe you?" Gambino slowly let go of her and lifted her chin to size up her face. although you have some good looks, you can't hide the fact that you're old. Why would he take a fancy to you? "

Shan Rong looked at him, breathing heavily, her eyes filled with hatred.

"Oh Yingluo, is it because you were his original woman? You Chinese people are really sentimental!" "Be good!" He shook her off.

"Keep an eye on her," he ordered the bodyguards as he walked out of the room.

He was not used to returning to 'his' study.

In his memory, this had always been his father's territory. He had been here before, but he had come to listen to a lesson.

Twenty years ago, his father had sent him to China to deal with a batch of goods in order to test his ability. During the transaction, the other party had cheated, causing him to be seriously injured.

When he woke up, he was already in the laboratory. When he came out of the laboratory, he didn't know what day it was. Not long after he got home, he realized that there was another person's thoughts in his body.

In the process of fighting for the body with that person, he was always at a disadvantage and was finally replaced by that person successfully!

Now, none of the things here were his. That person was here to deal with business, so he didn't know what the contents of the documents were. He didn't know the password to the safe either.

The other party had even modified the decorations here. There were Chinese paintings on the walls and Chinese antiques on the table.

He wished he could crush these things, but he could only pretend to be calm and take one step at a time.

Because in the eyes of the people around him, the previous person was their BOSS. If they knew that the core of his body had changed, they would definitely not acknowledge him.

here's your coffee, BOSS. Primo walked in with a cup of coffee. here's your coffee.

Gambino sniffed the aroma of the coffee longingly.

Primogenitor found it strange. Boss clearly loved to drink tea, so why did he suddenly change to coffee?

It was said that the BOSS had an accident in China and came back alive. He began to be interested in Chinese things—he studied Chinese culture, liked Chinese food, and drank famous Chinese tea.

“Is there anything else?” Seeing that he was not leaving, Gambino was displeased.

BOSS? ” primogenitor came back to his senses and asked with concern, ” do you want to go to the hospital for a check-up? ”

Hearing that, Gambino stopped drinking his coffee.

He had been worried about not having a reason to search for the doctor he wanted all over the world. When primogenitor mentioned it, he went along with it and said, ” “Give me the information on the best neurosurgeon in the world.”

Primogenitor was stunned for a moment before he carefully replied, ” “Boss, ran ran, your doctor in charge in China was the best neurosurgeon in the world.”

When Gambino heard that, he almost crushed the coffee cup.

who else? ” he looked at primogenitor. who else? ”

“I’ll get it done immediately!” Primo left the room.

Gambino saw that there was no one in the house and threw the coffee on the ground.

With a clang, the cup broke into pieces and the coffee splashed all over the floor.
