

Ditsy Wife 531

Chapter 531 What was he doing in Venice?

It seemed that when Sheng nanxuan said that he would help him find a doctor, he was going to find that attending doctor, right?

...

They were all Chinese, so they were naturally easy to talk to. In the end, they must have kept it from him and asked the doctor to help Gong hang during the operation!

At that time, he would completely disappear from this world, and Gong hang would continue to be the master of him and the entire Gambino family!

Fortunately, fortunately, Yingluo

Fortunately, he managed to escape.

There was a Chinese saying, "if you survive a great disaster, you will be blessed."

He believed that he would be able to take back everything that belonged to him!

That night, Primo handed him the results of the investigation. "The more well-known neurologists in the world are all here, and half of them happen to be in Italy."

Gambino frowned and was on guard.

"The World Health Organization of the United Nations has invited a group of top medical experts to hold a seminar. They are all here to attend the seminar. This seminar is organized by Italy, and the government has arranged a cruise trip for everyone. The cruise will set sail in Venice tomorrow evening."

Gambino took a glance at the information and said, "We're going to Venice now."

.....

Rome Airport.

Fang Yang looked at the exit nervously.

After a while, Sheng nanxuan, Gong mo, Yu Qingliu, and the others came out.

In order to make things easier, Sheng nanxuan had brought a large number of subordinates. As for Lin Lei, Zeng Shuai, and fan Yiwen, he didn't let them follow him. Instead, he let them stay in the country and wait for orders, just in case.

Fang Yang walked over and said, "BOSS!"

"How is it?" Sheng nanxuan asked.

"Gambino has gone to Venice. I've already sent people to follow him. The old lady is here too. She looks fine."

"Then let's go to Venice!"

Sheng nanxuan came on his own plane. He turned and walked into the airport.

Yu Qingliu touched her chin and asked in confusion, "What is he doing in Venice?"

I don't know yet," Fang Yang said. but I'll send someone to keep an eye on it. We'll know immediately if there's any movement.

“It’ll be too late by the time you find out!” Yu Qingliu rolled her eyes and said to Sheng nanxuan, “ if I remember correctly, there’s a medical seminar going to be held in Italy. This time, Italy was generous and arranged a cruise trip for everyone. Gambino wants to find someone to operate on him, and the person he wants is most likely in the seminar.”

Sheng nanxuan glanced at Fang Yang. Fang Yang immediately called the people in Venice and asked them to investigate in this direction and book tickets.

Before the plane took off, the tickets had been booked, but Gambino’s purpose had not been found out.

When they arrived in Venice, Gambino was already preparing to board the ship. From the looks of it, Yu Qingliu’s conjecture was completely correct!

“What time does the boat leave?” Sheng nanxuan asked.

“Six O ‘clock,”

then let’s not be in a hurry. We’ll find a place to rest. You arrange for the others to board the ship first.

Sheng nanxuan looked at Gong mo and the child with heartache. After a long journey, Gong mo looked a little Haggard and his child also looked unhappy.

He wanted to go to the hotel to get a room for them to rest, but Gong mo said, “ there’s no need to go through so much trouble. We can rest once we board the ship. We can just find a coffee shop for a while now.

“The ship is shaking again. This kind of cruise trip usually lasts for ten days to half a month. How can you handle it?”

“It doesn’t matter. If you ask me to go to the coffee shop now, I can sit there for a while longer. If we go to the hotel, it will take up a lot of time.”

Sheng nanxuan hesitated for a moment. He was afraid that he would not be able to make it in time to board the ship if he went to the hotel, so he had to agree.

Chapter 532 Boarding the ship

They rested for a while in the café. Gong mo helped the child change his clothes and went to the bathroom to wash his face. Then, he leaned back on the sofa and closed his eyes for a while. He suddenly felt much more refreshed.

...

Sheng nanxuan saw that her spirit had recovered a little. When he saw that it was about time, he set off to the port.

Venice was a City of Water, so the only mode of transportation in the city was by boat. They went there by boat.

The port was very lively, and people were boarding the ship everywhere.

Gong mo looked at the huge cruise ship in front of him and recalled, "I used to watch Titanic with my mother. She said that she wanted to be like the rich ladies in the movie, holding the ladder and slowly boarding a luxury cruise ship.

Sheng nanxuan looked at her. wait for mom to come back. I'll buy you a bigger one.

"What's the point of wasting that money?" Gong mo couldn't help but laugh.

then I'll start a cruise company. I can make money. I won't waste it.

Gong mo recalled that he had opened "Aimo books" and was afraid that he would really open another "Aimo ship." It's fine if she makes money, but if she loses money, it won't be her fault?

She knew that he loved her, but she didn't want him to squander for her all the time, so she quickly changed the topic. "You're still in the mood to joke?"

"I was wrong!" Sheng nanxuan's face immediately turned serious.

Gong mo paused and stuffed the child into his hands. "I didn't say you were wrong, Yingluo."

The few of them lined up to board the ship, and the subordinates who had boarded the ship first came to pick them up.

At this time, the ship did not move and did not feel shaken at all. It was said that even if they sailed, it didn't feel big, unless they encountered huge waves. And this sea route had always been calm and peaceful.

Passengers were boarding the ship, and many people were standing in front of the railing and looking out.

Gong mo glanced at it. He was still thinking about dan Rong and didn't have the time to care about this.

After entering the room, she relaxed and immediately felt tired.

"Let's take a nap first." Sheng nanxuan caressed her forehead.

"But, mother!!!"

"I'll let you know when there's news. The child is tired too. Take him to rest for a while."

Gong mo nodded and lay down on the bed with the child in his arms.

Sheng nanxuan turned and left. He asked someone to guard the door and then went to find Gambino. The people who had boarded the ship first were not idle. They had been monitoring Gambino's movements and naturally knew where he was staying.

Gambino was the same as them, staying in first class, which was actually just next door.

Sheng nanxuan went over to take a look. The door was tightly closed and there was no one at the door.

But he believed that there was definitely someone inside.

He hesitated at the door for a while, then turned around and went back.

The ship hadn't started yet, so he couldn't kick the door. Otherwise, if the police came and took him off the boat, how could he save the people?

Half an hour later, the ship slowly left the port. Sheng nanxuan looked at the moving scenery outside the window and quietly walked into the bedroom.

There were two bedrooms in the first class cabin, and the living room was outside the bedroom.

He entered the bedroom and closed the door gently. Gong mo opened his eyes and said, "You're back?"

"Why aren't you sleeping?" He hurried over.

Gong mo got up and said, "can't sleep?" The ship has set off?" She saw the moving scenery outside.

"Hmm, do you want to get up and take a look?" Sheng nanxuan helped her up.

She looked at the child. The child was sleeping soundly, so she moved him to the center of the bed to prevent him from turning over and falling to the ground.

She followed Sheng nanxuan to the window. At first, she could see the bustling port. As the ship sailed further and further away, the whole city shrank and she could see everything.

Gong mo sighed, "Rome and Venice are the cities that I've always yearned for since I was young." In the end, when I came here today, I only stopped for a while and didn't even take a close look."

Rome didn't even leave the airport and only took a few steps.

"There will be many more opportunities in the future." Sheng nanxuan held his shoulder.

"I'll come with mom and dad in the future," she nodded.

Chapter 533 He can not run away

Sheng nanxuan hugged her from behind and said, "it's my fault." I didn't take you on a honeymoon trip, but this is your first time going on a long journey."

...

Gong mo held his hand and said, "no one wanted this to happen."

Thump!

The sound of a heavy object falling to the ground came from behind.

The two of them froze-it couldn't be what they were thinking, right?

wuwuwuwa ... the child's cries could be heard.

The two of them quickly turned around and saw the child lying on the ground.

Sheng nanxuan rushed over and picked him up. He cried and pushed him away, then climbed onto Gong mo.

Gong Mo's heart ached as he hugged him and comforted him.

Sheng nanxuan broke out in a cold sweat. fortunately, there's a carpet. It shouldn't hurt that much, Yingluo.

don't cry, don't cry! Gong mo didn't have the time to respond to him. He was focused on the child. it's mom's fault. Mom will carry you next time~"

Sheng nanxuan gestured at the width of the bed and couldn't help but say, " "How many times did he flip over?"

"You're still talking?" Gong mo glared at him.

"It's my fault," he choked.

Gong mo was stunned. He said embarrassedly, " "I don't blame you. Yingluo is me."

Sheng nanxuan hugged her. The child turned her head while crying and reached out to push him.

"You're despising me now?" he was stunned.

"Enough, you!" "Why are you fussing over a child?" Gong mo shouted. Is there any news of mom?"

"I'll get someone to keep an eye on Gambino's room."

“Still staring? What if he’s not in that room at all?” could it be that Zhenzhen didn’t board the ship at all?
” Gong mo suddenly asked as he recalled the incident on the highway.

don’t worry. There’s someone watching him this time. He won’t be able to run.

.....

After the ship left the city, it also seemed to be far away from the noise.

There was nothing but seawater around him. The ship became a small world of its own, and the people on the ship began to adapt to this world, not caring about what it was like outside.

Fang Yang stayed in the second-class cabin. After making sure that the manpower arrangements were in place, he decided to go back to his room.

On the way, he saw Jason standing alone in front of the railing. Just as he was about to go up and get some information, he saw Primo walking over.

He hurriedly hid to the side. When primogenitor came over, he did not see Jason and walked straight past him.

Suddenly, Primo stopped in his tracks, turned around, and walked back to Jason’s side.

“You’re not with the BOSS?” Jason glanced at him.

“You have the nerve to ask me?” Hmph! Primo snorted coldly.

Jason paused. What was there to be embarrassed about? His BOSS used to rely on him, but after he woke up, he suddenly didn’t like him anymore.

To be honest, Jason was a little disappointed. After all, he had been by Gambino's side for more than ten years.

He knew that he was not as capable as primogenitor, but at least he was meticulous in handling personal matters. He followed his BOSS every day and could barely be considered a nanny and Butler. His BOSS could not live without him.

In the end, the BOSS suddenly disliked him.

He felt that he was about to be abandoned. He could no longer be the BOSS's nanny and Butler. He would be useless!

Standing beside him, primogenitor did not say a word as he looked at the distant sea.

Both of them were Gambino's right-hand men. Although they did not have the intention to scheme and scheme against each other, they were still afraid.

Primogenitor felt that Jason's actions were completely lacking in skill, and he looked down on him!

Jason felt that although primogenitor's work was more in-depth, his BOSS would bring him along wherever he went. It was better for him to be closer to his BOSS. There was no need to be envious!

With such thoughts in mind, the two of them felt a little uncomfortable when they met. Jason wanted to be a little more enthusiastic. If primogenitor ignored him, he would not stick his warm face to the cold butt of others.

Chapter 534 Meeting Liu Xuelan on the road

After Gambino's accident, Primo blamed Jason in all sorts of ways. Jason knew that he was in the wrong and had no power to talk back!

...

At this moment, the two of them had nothing to talk about.

However, Jason found it a little strange. Why was primogenitor still not leaving?

If he didn't leave, he wouldn't be polite!

don't you think that BOSS has been acting weird these few days? " he started to pour his heart out to Primo.

Primo looked at him coldly and did not say anything.

Jason looked at the seagulls circling in front of him and said in a low voice, " I know I shouldn't talk about boss behind his back, but boss Yingying is giving me a very strange feeling right now. He wasn't like this in the past, at least not to Ms. Dan. He's like a different person to Ms. Dan now!"

"In the hospital, when Madam dan was by boss 'side, none of you were around, right?" Primo asked.

Jason nodded.

"Maybe Ms. Dan did something that disappointed boss."

"Ah?"

"Ms. Dan thought that since he was unconscious, he must have revealed his true colors, which BOSS hates."

Jason frowned and said,"impossible!" Ms. Dan against the BOSS-"

Jason paused and suddenly recalled that before they went to Nanjiang, Shan Rong had been extremely disgusted with Gambino and had spoken rudely.

In the end, after Gambino's incident, Shan Rong's attitude had taken a 180-degree turn.

At that time, he had only thought that Shan Rong was the person Gambino had been thinking about. With her around, Gambino would definitely be very happy, which was why he had agreed for her to take care of Gambino. He had not thought about the motive behind Shan Rong's change.

Jason's face turned cold, and he said with self-blame, "It's my fault for not considering this!"

Primogenitor glanced at him, then suddenly reached out and gently pressed his shoulder. He said in Chinese, "The onlooker sees more clearly than the onlooker."

"I won't do it again."

"Let's go back," Primo retracted his hand.

The two of them turned around and saw Sheng nanxuan and Yu Qingliu standing behind them.

It was Fang Yang who had informed them to come.

Jason frowned and could not help but put on a stern face.

The person behind Shan Rong was Sheng nanxuan. If Shan Rong's intentions were not pure, she must have been instructed by Sheng nanxuan. Moreover, boss had been injured while trying to save Gong mo. All of this could have been a trap set by Sheng nanxuan to disintegrate the Gambino family.

Primogenitor, on the other hand, did not react.

Yu Qingliu asked with concern, "how's your boss?" What if you run around the moment you wake up and leave behind some residual effects?"

"Take me to him!" Sheng nanxuan said directly.

"I'm BOSS's man," primogenitor's face turned cold. "I only listen to BOSS' orders. I'll pass on your request to him."

Sheng nanxuan frowned slightly and looked at Jason. "How is my mother?"

Jason moved his mouth. He did not want to say it, but if he did not, he was afraid that Sheng nanxuan would come to his door. "She's fine!"

"Thank you," Sheng nanxuan nodded.

When Jason heard this, his expression suddenly became very subtle. He had indeed looked after dan Rong a few days ago, but he would not do so now! So there was no need to thank him!

Sheng nanxuan turned around and was about to leave when he suddenly saw someone walking towards him. He immediately stopped in his tracks.

The other party was shocked and also stopped.

Yu Qingliu and the others immediately recognized her. Wasn't this Liu Xuelan? Previously, when the news was broadcasted in the country, they had let go of her photos!

Although she did not look the same as in the photo, who were Jason and primogenitor? Even if she disguised herself as a man, she would still be seen through by them if she didn't reach the point of perfection.

Yu Qingliu was even more arrogant. He never looked at a person's appearance. As a doctor, he always judged from the structure of the face. Therefore, beautiful women and ugly women, with or without makeup, made no difference in his eyes.

Chapter 535 Remember those two people

There was a middle-aged Caucasian man beside Liu Xuelan.

...

The man saw her stop and frowned slightly. He lowered his head and asked, "What's wrong?"

Liu Xuelan lowered her neck and said in a low voice, "022?"

When the man heard this, he looked at the crowd in surprise. Finally, his eyes fell on Sheng nanxuan.

"Let's go," he said. Liu Xuelan reminded.

The two of them calmly walked past them.

Fang Yang glanced at Sheng nanxuan and followed him without a trace.

Yu Qingliu rubbed her nose and said to Sheng nanxuan, "Formalin,"

"What?" When Sheng nanxuan heard these words, he thought of su Mo's death and could not help but feel a chill. He had a feeling that the two of them had been wooed.

when they walked past, " Yu Qingliu said, " there was the smell of formalin on their bodies. They must have been in the laboratory often.

When Sheng nanxuan heard this, he turned to Primo and said, "Remember those two people. Be careful of your BOSS."

"What do you mean?"

"If you're not careful, you'll know what it means."

Sheng nanxuan turned around and walked away. Yu Qingliu followed him. "Is it the person you've mentioned? He's the one behind the laboratory."

"No."

"You're so sure?"

"It's completely different,"

"Maybe he's in disguise?"

Sheng nanxuan paused.

At that time, he had only seen that person once, and he wasn't sure if this person was in disguise. However, he still expressed his opinion, "his eyes and aura don't look like one. I don't think so."

"Then what is Liu Xuelan doing here? Who was the person beside her? Did that person send you?"

"I'm afraid you'll have to figure this out." Sheng nanxuan looked at him.

"Me?" Yu Qingliu looked at him in confusion.

“Have you forgotten how many doctors there are on this ship? You can start with the medical seminar, I’m sure you’ll be fine with it?”

uh, Zhenzhen, they originally sent me an invitation, but I didn’t think of this when I came, so I forgot to bring it!

“Aren’t you world-renowned? I can’t use my face?”

“Yingluo, I’ll try it!”

.....

It was already dusk when Sheng nanxuan returned to his room.

When he left, Gong mo was still coaxing the child. At this moment, she had already fallen asleep on the bed with the child in her arms.

The child in her arms was actually awake, holding a nipple in his mouth and looking around.

Sheng nanxuan gently turned on the light. The child grinned when he saw him.

“Didn’t you just push me? Now you’re laughing?”

haha! the child kicked Gong Mo’s body.

Sheng nanxuan frowned and wanted to hit him again.

Gong mo opened his eyes in a daze and looked around.”It’s dark?”

“I just got dark. Are you hungry? Shall we go eat first?” Sheng nanxuan reached out to help her up.

“What were you doing out there?” she mumbled.

“Fang Yang saw Jason and primogenitor. I wanted them to bring me to Gambino’s place, but they were loyal enough and refused to bring me there. Gambino should know that we’re on the ship now, so he’ll definitely watch mom even more closely.”

“Then what do we do?” Gong mo was shocked.

“No need to worry. I just met someone, you definitely won’t be able to guess who it is.”

“Who is it?” could it be that you have an ex-girlfriend? ” Gong mo asked.

Sheng nanxuan glared at her. you’re still in the mood to joke? ”

“Who is joking with you? Didn’t you say that I would never guess it? I can only guess in a weird way,
“Gong mo was stunned for a moment before he asked,” could he be my ex-boyfriend? ”

Chapter 536 Don’t you think it’s a coincidence?

Sheng nanxuan raised his eyebrows. He did not take her words to heart. Now was not the time to.

...

“Yes, she’s my ex-boyfriend’s mother!”

“Why is she here?” Gong mo was shocked.

“I’m guessing that ran ran’s laboratory knows that Gambino or I have boarded the ship and is preparing to capture us. Only Liu Xuelan, Sheng Zhongtian, and Sheng Dongyi have seen our faces. Liu Xuelan has medical skills, so she should be able to get into the seminar.”

“That seminar is an international one, how could we let her in? She was a wanted criminal now! And the entire world is boycotting their actions!”

Sheng nanxuan smiled, ‘if she managed to sneak in, it means that this matter is serious! Not to mention the various countries that participated in the experiment, at least the country that gave her the identity participated in the experiment.”

“What do you mean?” Gong mo was stunned.

“You’ve already guessed it.”

Gong mo fell back onto the sofa and trembled with anger. “These people are too much!”

It was impossible for that kind of experiment to be initiated by a private person. There was most likely an official force behind it.

Gong mo could only hope that it wasn’t China. This kind of bad thing, it’s better to let others do it!

The two of them brought the child to the ship’s dining room. Just as they ordered, Yu Qingliu sat down.

Sheng nanxuan raised his eyebrows and ignored him. He eagerly poured a glass of water for Gong mo.

Yu Qingliu looked at the child in the pram and said, “they’re getting better and better. It’s clear that they’re very attentive as parents.

“Do you need something?” Sheng nanxuan asked rudely.

I'm here to eat ~"Yu Qingliu said matter-of-factly," we're unfamiliar with this place and the three of us just happen to know each other, so of course we'll eat together ~"

Sheng nanxuan did not comment.

Yu Qingliu lowered her voice. I just had someone look at the list of attendees for the seminar. Liu Xuelan isn't on it. But there's something strange.

"What do you mean?" Sheng nanxuan asked.

"I didn't come to the seminar, did I? Then, a person was added at the last minute. I've seen most of the people attending this seminar, and even if I've never seen them, I've heard of them. However, this person had never appeared in any medical conferences before, nor had he published a paper in any public medical journals. Don't you think it's strange? Those who attend this conference are at least well-known in the medical world. This person is too casual!"

"Then how did he get in?"

"It's said that he works in a secret department. A secret department, huh? this was something worth ruminating over. It just so happens that she's here at this time, and Liu Xuelan is also here. Don't you think it's a coincidence?"

"What a coincidence!" Sheng nanxuan nodded. I hope it's just a coincidence.

"Aiyingluo, I hope so too." Yu Qingliu said.

To be able to attend this seminar, he was naturally appointed by the government. The secret department was also an official. If Liu Xuelan was here because of this, it meant that the laboratory was set up by the Chinese government, and things would be difficult to handle!

He hoped that it was just a coincidence and that there was no relationship between the two.

.....

After dinner, Gong mo returned to his room with a heavy heart.

Sheng nanxuan knew that she was worried about Shan Rong, but he did not know how to comfort her.

Right now, all his consolation was like an empty promise. What he needed to do was to get dan Rong back!

“You rest first, I’ll go out for a while.” He said.

“Where are you going?” It’s so late.”

“The entertainment on the ship has just begun.” Sheng nanxuan laughed. do you want to go out? ”

“I’m tired,” Gong mo shook his head.

“Then go to sleep. Don’t worry about me.”

Chapter 537 The rescue

Gong mo guessed that he was about to take action to save dan Rong. He suddenly threw himself into his arms and hugged him.”I want mom to come back, but I don’t want anything to happen to you!”

...

“I know, I won’t do anything stupid.”

Gong mo hugged him tightly and started crying.

She didn't want him to take the risk, but she couldn't leave Shan Rong alone. She didn't know what to do.

be good, Yueyue. Take good care of the child. I'll be back soon. Sheng nanxuan kissed the top of her head.

"Be careful," Gong mo released him.

"Don't worry!" Sheng nanxuan smiled confidently.

But even so, Gong mo couldn't relax.

.....

After Sheng nanxuan left the house, he went straight to the casino.

At this moment, the casino was bustling with people. Men and women in gorgeous clothes were shouting to their hearts 'content around the gambling table.

Sheng nanxuan found a table and sat down, playing quietly.

There were wins and losses, and like most people, he did not attract any attention.

Of course, they were only people who gambled for real.

He believed that there were still people who were not interested in gambling and were paying attention to him. For example, Gambino's people, or Liu Xuelan's people, ran ran.

After winning a few rounds in a row, someone came over and whispered in his ear, " Gambino went out to meet a Doctor Who's attending a seminar. That doctor is from M Nation.

Sheng nanxuan put down his cards and distributed the chips in his hand to the people around him. Then, he stood up and left.

The people who got the chips were screaming behind his back, thanking him for his generosity.

After they left the casino, the noise disappeared. "Where's Fang Yang?" Sheng nanxuan asked.

"He's brought people to Gambino's room."

also, bring some people to follow Gambino. If possible, place a tracker on him.

"Yes."

Sheng nanxuan rushed back to his room. Gambino's room next to his was still quiet.

He walked to the door of the bedroom and pushed it open a crack. He saw Gong mo squatting beside the crib, shaking the crib and taking a nap.

Sheng nanxuan closed the door and walked to the window of the living room. He opened the window and saw a person lying on the wall.

The other party was stunned for a moment, looking at him without saying a word.

Those were his people. He waved his hand and closed the window.

The man heaved a sigh of relief and quietly crawled to the next room.

Sheng nanxuan thought for a moment, then turned around and walked out of Gambino's room.

Bang! Bang!

A sound came from inside.

ah! a woman's cry was heard.

Sheng nanxuan raised his hand and knocked on the door.

There was a sudden silence inside, and then the sounds of fighting became louder.

Sheng nanxuan looked at the door. It was just an ordinary door, unlike shengshi Medicine's laboratory, which looked like a vault.

He lifted his foot and kicked. Bang!

The door, opened!

Bang! Bang!

A person flew over. He dodged to the side, and the person flew out of the door and fell to the ground.

He took a look and saw that they were Gambino's men. It seemed like his subordinates were not bad.

Many people in the house were fighting in pairs. Fang Yang and Jason were fighting. Primo was not there. It seemed like he had left with Gambino.

Sheng nanxuan didn't see Shan Rong and assumed that she was in the bedroom, so he walked over.

The people fighting nearby saw this and wanted to stop him, but they were held back by his men.

He kicked open the door of the bedroom. Gong mo, who was next door, was shocked and woke up from his sleep.

Gong mo stood up curiously. He seemed to have heard a rustling sound.

.....

Seeing that the room was empty, Sheng nanxuan turned to the room next door. Just as he was about to kick it open, the door opened by itself and Shan Rong ran out.

Chapter 538 Think of a way to delay it

Nanxuan! Shan Rong rushed to his side and quickly hid behind him.

...

He looked around and saw two people fighting in the room.

"I'm fine." Sheng nanxuan pulled her back. let's leave first.

Shan Rong saw that the room was in a mess and she could not tell who was who, so she could only run after him.

"Stop!" Jason shouted.

Sheng nanxuan glanced at him. if you have time to stop me here, why don't you go and care about your BOSS first? " he said. Do you think you can stop me?"

As soon as he finished speaking, another group of men ran in from outside. They were all his men.

When Jason saw this, he knew that he couldn't stop him and Shan Rong. He gritted his teeth in hatred.

.....

Gong mo didn't know where the voice came from, but he guessed that he was dreaming.

She walked out of the room and could not help but worry when she saw that Sheng nanxuan had not returned.

Should she go and find him?

However, if she went out and met with any danger, wouldn't she be giving him trouble?

Just as she was thinking, the door opened with a bang.

She jumped in shock and looked up, shouting in surprise, "Mom!"

"Momo!" Shan Rong ran to her side excitedly, hugged her, and cried, "Mo Mo Qian Qian Qian, I finally see you!"

"It's okay, it's okay, mom. Gong mo patted her back and helped her sit down. are you okay?" Did he torture you? You don't look too good!"

"I'm fine!" Shan Rong shook her head. I'm telling you, he's not your dad anymore!"

"I know," he went to look for us," Gong mo said.

“Why is he looking for you?”

“He wants to drive dad away.” Gong mo asked, “do you still remember what Daddy said? The two of them shared a body. Before this, it had always been his father. Now, he had found a chance to come back. However, if there’s a chance, dad can still come back, but he doesn’t want dad to come back. He wants to drive dad away completely.”

“Then what should we do?” Shan Rong was stunned.

Sheng nanxuan said, “let’s not care about that now.” I’ve already told the captain that I’m getting off the ship. He’ll send an emergency helicopter to pick us up.”

“Are we leaving?” Gong mo asked.

“Of course we’re leaving. Gambino was not his father now. Who knew what he would do? Anyway, he has more important things to do, so he shouldn’t come after us. But if we stay here, he might come looking for trouble!”

Shan Rong was stunned and asked, “where is he now?” I-is there something wrong?”

Gong mo also looked at Sheng nanxuan.

They were not worried about Gambino, but his body. If anything were to happen to his body, Gong hang would not be able to come back.

Sheng nanxuan said, “it’ll be fine! In order for dad to come back, I will not let anything happen to him! The plane will be here in a while. You guys rest first, I’ll call you when we arrive.”

Gong mo and dan Rong hadn’t seen each other for a long time. They couldn’t bear to part, so they went back to the bedroom where the child was.

“Where is Gambino now?” Sheng nanxuan called Fang Yang over.

“He’s still chatting with the doctor. I think he’ll be done soon.”

“Let Yu Qingliu think of a way to delay it! In case we get into a fight when we come back!”

Fang Yang was silent as he turned to look for Yu Qingliu.

Yu Qingliu gloomily went to find her friend for help.

He found two friends who were experts in the brain. Coincidentally, the one Gambino was meeting with was also an expert in the brain, so everyone knew each other. The two of them went over. When Gambino heard that the two of them were also brain experts, he immediately invited them to discuss it.

.....

At the same time, in another room.

Liu Xuelan was sitting on the sofa with a Chinese man and a foreign man.

The foreign man was the one who had been with her, and the Chinese man was the man from the secret organization that Yu Qingliu had mentioned.

The Chinese man boarded the ship with the invitation, while Liu Xuelan and the foreign man followed him as his assistants.

Chapter 539 Dual S plan

“Number 59 is meeting with a few neurologists. I don’t know what they’re up to,” Liu Xuelan said.

...

“No matter what he’s trying to do, it looks like he’s very interested in this.” The foreign man said to the Chinese man, “ you’ll talk about this in your seminar tomorrow. He’ll definitely come looking for you then.

“What about the 22nd?” Liu Xuelan asked.

“Let’s get number 59 first, don’t lose the watermelon for the Sesame! The organization’s top priority was the SS plan, and the experiment on number 59 was close to the SS plan. The SS plan had been researched for so many years, and although it had made some achievements, there had been no successful case. Maybe number 59 is the fish that escaped the net.” As the foreign man spoke, he smiled at Liu Xuelan. you’re the one who did this. You’ve contributed a lot!

Liu Xuelan’s expression changed and she said in a low voice, “ “It’s my duty to serve the organization.”

She had come here because Sheng Zhongtian and Sheng Dongyi were in the hands of the organization. The organization was holding them hostage. Even if she didn’t care about Sheng Zhongtian, she couldn’t leave Sheng Dongyi alone.

“Let’s think about how to take down number 59 first.” The Chinese man said, “ after the lecture tomorrow, he’ll come. We can’t take him down immediately! We’re on a boat, and we can’t get off the boat for a while.”

The three of them started to discuss how to capture Gambino, but after a long time, there was no conclusion. It was convenient to get off the ship, but there was still about half a month left, and he was afraid that a long night would bring more trouble.

it’s too late. Let’s rest first. We’ll talk about it tomorrow. The foreign man said. He was obviously the leader of the three-man team, while the Chinese man was just an identity that made it easier for him to get on the ship.

Liu Xuelan got up and went back to her room. On the way, she went to the deck to take a look and suddenly realized that the ship had stopped.

She turned around and walked away. On the way, she pulled a staff member and asked, "Why did the ship stop?"

"A guest is leaving at the last minute."

Liu Xuelan suddenly remembered that if there was an emergency on the cruise ship, the cruise company would send a plane to pick up the guests.

She suddenly had an idea and quickly ran back to find the two men.

.....

After Gambino bade farewell to the medical experts, he brought his men back to his room.

how's that woman?" he asked primogenitor on the way. what happened to her?"

"It should be fine," primogenitor said, stunned. Jason didn't send anyone to come."

Gambino snorted softly.

As he walked, he suddenly heard the sound of heavy objects falling behind him.

The two of them turned around and saw that the bodyguards behind them had fainted on the ground for no reason.

Primo became alert and hurriedly stood in front of Gambino. On closer look, there was a thin needle on each of the bodyguards' necks. It seemed to be an anesthetic needle.

"Boss, be careful." Primo reminded.

Gambino, on the other hand, was not afraid. He looked around coldly.

With a whoosh, another tranquilizer needle flew at him. Primo dodged it sideways, but he did not expect it to be a feint-he was hit by a needle from the other direction.

Primogenitor clenched his fists and tried to resist the drug, but he still fainted after a few seconds.

Now, only Gambino was left.

Gambino laughed coldly. When he heard the wind blow, he stretched out his hand and caught the flying tranquilizer with two of his fingers. He said in disdain, "This is useless Against Me!"

Why didn't he think about who he was!

Ever since he had accepted those experiments, normal attacks had no effect on him.

He threw the tranquilizer on the ground and rushed in the direction it came from.

ah ... Liu Xuelan was pushed to the ground.

"Another woman! A Chinese woman!" Gambino reached out and grabbed her chin. why are you guys so annoying? "

Chapter 540 He was caught

* Cough * Liu Xuelan reached out and grabbed his wrist, pressing it hard.

...

He widened his eyes and looked at her in disbelief. "How can you be?"

Gambino was exhausted and fell on her.

Liu Xuelan pushed him away, and the two men with her walked out from the dark. "You're really thoughtful."

after all, they're transformed people. We can't treat them as ordinary people. Liu Xuelan got up and touched the huge ring on her finger. The tranquilizer used to deal with Gambino had been hidden here.

When he dealt with Sheng nanxuan last time, he did not resist because Gong mo was a hostage.

However, for this Gambino, he had to make multiple preparations.

"Alright, take him back to his room first, then inform the crew that he's in critical condition. When the plane arrives, we'll get him on the plane and leave this place."

.....

Sheng nanxuan woke Gong mo and Shan Rong up. The three of them were ready to set off when Fang Yang received the news and rushed over. "Gambino has been captured by Liu Xuelan!"

"Why are you so useless?" Sheng nanxuan frowned.

uh, hehe. Fang Yang felt that the other party was quite useless.

He reckoned that Gambino had been separated from this world for too long and was not on his guard.

"Did he install the tracker on him?"

"I asked Mr. Yu's friend to place one on him. I don't know how long he can last without being discovered." Fang Yang answered in one breath and said, "Liu Xuelan and the others want to board the plane!"

"An airplane?"

"It's this plane."

then let's take a look. Gong mo looked at Sheng nanxuan.

Sheng nanxuan said, "since they're using the plane, let's sleep!" You've been on the road for the past two days and didn't have a good rest. If it wasn't necessary, I wouldn't want you to work so hard."

"Then we're not going to care about Yingluo, that Caucasian?" Shan Rong asked.

"We have to care. It would not be good to care about it now. Let them go first, we'll follow behind." Sheng nanxuan said, "the ship will dock at the next port tomorrow. You guys go to sleep first. When we dock, we will get off the ship and go to Gambino.

When the two heard this, they did not object. After all, even if the adults were fine, the children would not be able to take it.

The two of them returned to the bedroom, placed the child in the crib again, and covered him with a small blanket.

Gong mo took a look at the time. It was already 1 am.

"Let's sleep first," she said to dan Rong.

Dan Rong said, "I'll go to the room next door-"

let nanxuan sleep next door! I haven't seen you in days. I was so worried. I can only rest easy if we sleep together.

"Alright, you're not a child."

mom ... Gong mo hugged her pitifully.

"Alright, alright, Yingluo, let's sleep together."

.....

Sheng nanxuan walked to the deck and saw Liu Xuelan ordering people to carry Gambino onto the plane.

"Hello, Yingluo." Yu Qingliu's faint voice sounded.

Sheng nanxuan turned around and looked at him.

Yu Qingliu was displeased, 'didn't you say we're taking a plane home? How did the plane become someone else's?"

Sheng nanxuan ignored him and said to Fang Yang, " "The plane will fly to the nearest port. Get someone to get ready there. When they get off the plane, you must follow them closely. If you lose him again this time, you'll have to jump into the sea to feed the Sharks!"

"It's already been arranged." Fang Yang said in a low voice.

"Yes." Sheng nanxuan snorted in satisfaction.

She turned around and met Liu Xuelan's gaze.

Liu Xuelan turned around and got into the plane.

Yu Qingliu rubbed her hands. it's so cold. Since I'm not leaving, I'll go back and sleep.
