

Ditsy Wife 551

Chapter 551 She's my older sister, Yu qinghuan!

He slowly walked over and fired another shot, only to find that it was out of bullets.

...

She threw the gun on the ground.

Sheng Dongyi came back to his senses and limped over to Liu Xuelan. "Mother, mother, mother!"

He knelt on the ground and helped Liu Xuelan up. He then covered the wound on her neck in a flurry.

The stylist slowly walked to his side and looked down at him.

His eyes were red as he shouted, "Who are you?!" Why did you kill my mother?"

Lily's eyes flashed with endless hatred and killing intent.

She suddenly grabbed the knife and tweezers on the experiment table and threw them at Liu Xuelan!

With a "Chi" sound, all the tools were embedded into Liu Xuelan's body.

Liu Xuelan was already on the verge of death, but after being stabbed by the knife, her body trembled violently, and she stopped breathing.

mom! Sheng Dongyi shouted.

"I knew she would kill people randomly!" A shrill scream was heard.

Sheng nanxuan and Yu Qingliu looked over and saw that it was a Chinese man in a white coat. He looked to be in his fifties or sixties and was a researcher here.

He said to Carter in horror, " the experiment failed. She doesn't distinguish between friend and foe! I told you, we shouldn't have researched this kind of killing machine!"

"Don't move!" Sheng nanxuan's men pointed their guns at him.

Unmoved, he looked at Carter and Lily in a frenzy. this kind of experiment shouldn't have existed. It shouldn't have existed in the entire FARC.

Yu Qingliu sighed,"what's the use of having a conscience now, sob sob?"

As Lily slowly turned around, Carter was startled and asked warily, " Don't you dare mess around! You're Lily, so you have to listen to my orders!"

Lily looked at him for a while before nodding. "Yes. I'll listen to your orders."

Carter heaved a sigh of relief. He looked at the crowd and hurriedly said, " "Take me away! Take me out of here!"

He nodded and turned to look at Sheng nanxuan.

Fang Yang and the rest became nervous again and quickly pointed their guns at her.

Sheng nanxuan frowned and looked at her. He felt that she was not going to kill him. But why was she looking at him like that?

Yu Qingliu's eyes widened. Just as she was about to speak, she turned around, picked up Carter, and ran like a whirlwind to the corridor they had come from.

“Stop!” Yu Qingliu shouted and rushed forward.

“What are you doing?” Sheng nanxuan shouted.

He ran in after them, but Lily and Carter were no longer in the corridor.

He knew that Lily was very fast and would most likely be faster than him.

Yu Qingliu continued to give chase, but Sheng nanxuan stopped him. “Are you crazy? You can’t beat her! It’s time to retreat. People will come here soon, and it’s not good for us!”

“What do you know?” Yu Qingliu broke free from him excitedly. she’s my sister!

Sheng nanxuan was stunned. He pressed him against the wall and asked excitedly, ” “What did you just say?”

“She’s my sister! Yu qinghuan!”

Sheng nanxuan’s body trembled. He threw him aside and chased after him.

Yu Qingliu followed him, and disappeared after turning a corner.

He shouted irascibly, “you’re all ghosts!” That’s fast!”

After a few turns, the light in the corridor grew dimmer and dimmer. Finally, she saw Sheng nanxuan in front of a door.

Sheng nanxuan pounded on the iron door violently. The iron door made a dull sound, but it showed no signs of being damaged.

“What’s wrong?” Yu Qingliu hurriedly pulled him back.

he ran away! Sheng nanxuan panted heavily.

“BOSS!” Fang Yang and the rest caught up to them, panting.

Sheng nanxuan said, ‘retreat first! Bring Gambino! Inform the people outside to pay attention to Carter and Qingqing Lily’s movements.’”

Chapter 552 A man doesn’t shed tears easily

“Yes!” Fang Yang agreed and led the group back the way they came.

...

Sheng nanxuan turned around, clenched his fist, and slammed it on the door.

Yu Qingliu also knocked on the door a few times and asked, ” “Are you sure he ran away from here?”

“This is the only way.” Sheng nanxuan reached out and touched the blood on his neck.

Yu Qingliu saw this and hurriedly said, “let’s hurry back.” It’ll be troublesome if I get tetanus.”

Sheng nanxuan looked at the blood on his hand. His eyes grew hot and tears suddenly fell.

Yu Qingliu was shocked, ‘what are you doing? Does it hurt that much?’”

“It’s not pain, Yingluo.”

He finally understood why she had looked at him just now.

She must have tasted his blood and knew that he was her child, so she let him go and looked at him with those desolate eyes.

The more Sheng nanxuan thought about it, the sadder he felt.

She had been transformed into a killing machine that listened to orders, but she still remembered him.

She used the method of tasting his blood to confirm his identity. He did not dare to imagine how she had this ability. However, she had killed Sheng Zhongtian and Liu Xuelan so easily. One could only imagine how much she hated these two people.

What happened back then must have been fresh in her mind, including her enemies and him.

“Why are you crying?” Yu Qingliu asked irritably, “you’re a man, okay? A man shouldn’t cry easily, alright? Could it be that you fell in love with my sister at first sight? I admit that my sister is indeed more beautiful than your Gong mo ...”

As Yu Qingliu spoke, her voice gradually became softer until it disappeared.

He also leaned against the wall and cried, “*****!” How did my sister become like this?”

Sheng nanxuan reached out and patted his head. “Let’s go! If we don’t leave now, we might not be able to leave!”

Yu Qingliu wiped his tears and followed her back to the No. 1 laboratory. He asked, “What should we do with these people?”

“I’m too lazy to bring these burdens.” Sheng nanxuan glanced at Sheng Dongyi, who was looking at him with eyes full of hatred.

He turned around and took the gun and gun bag from Fang Yang. He tied it to his body and walked out.

As soon as he left the research base, he heard the sound of a helicopter.

Sheng nanxuan did not even look up. He ordered everyone through the walkie-talkie, "Get out of the car and enter the forest. Let the people outside wait in front!"

When everyone heard this, they immediately followed the order.

that's a military aircraft. They should be from the military. Yu Qingliu asked, "you're afraid they'll kill us?"

"It's always good to be careful. This base belongs to the military. If they kill us, they'll charge us with the crime of stealing military secrets."

When Yu Qingliu heard this, she followed the group into the forest and said unhappily, "If I had known, I wouldn't have followed you! Now that he's out, he's done for, he'll definitely go to jail!"

"Don't worry, you'll be safe once you're out. Who would dare to kill on the streets?"

"What if it was an assassination?"

"Oh, I'll send someone to protect you."

Yu Qingliu choked and said in exasperation, "You're really trying to harm me! I haven't even married a wife yet, and I'm already going to die!"

"How have I harmed you?" Sheng nanxuan smiled. didn't I ask you to find your sister? You should be thanking me!"

Yu Qingliu was startled. She kicked a branch on the ground and said angrily, "She can't be my sister! It must only be the same appearance! It might be a robot! My sister is very gentle, she wouldn't kill people for no reason!"

Sheng nanxuan was silent.

The person carrying Gambino in front of him suddenly staggered.

Gambino woke up.

Chapter 553 During the escape

“Boss, he’s awake!”

...

Gambino’s eyes were unfocused. He pushed the crowd away and wanted to run.

Sheng nanxuan rushed over and knocked him out with one palm!

” this is your father-in-law, ” Yu Qingliu said. why are you so cruel? ”

“Cut the crap!” Sheng nanxuan rolled his eyes at him and said to the others, ” hurry up and leave!

“Boss, do you want to treat your wound?” Fang Yang asked.

“Do you have any medicine?” Sheng nanxuan touched his neck.

“I just got a first aid kit from the car!” Fang Yang called for a first aid kit.

Sheng nanxuan said, ‘alright, you guys go first. Let Yu Qingliu stay and help me.’ I’m fast, so I’ll catch up with you guys later.”

“But I’m not fast!” Yu Qingliu’s eyes widened.

“Cut the crap!” Sheng nanxuan rolled his eyes at him. you’re a doctor!

Yu Qingliu dejectedly knelt down and helped him deal with his wound.

Fang Yang was still worried and stayed behind while the others continued to move forward.

The sound of a helicopter gradually came from above.

“Boss?” Fang Yang was slightly surprised and whispered.

Sheng nanxuan smiled. why are you so quiet? ” They can’t hear you if you speak normally.”

Yu Qingliu was currently treating his wound. When she heard this, she berated, ” “Don’t say anything!”

“Wait a moment.” Sheng nanxuan said and asked Fang Yang, ”

Sheng nanxuan nodded,”Lin Lei has a detailed map of this place.” If I remember correctly, there’s an area in this forest that’s filled with traps. Tell him to send people there and make the people chasing us think that we’ve gone in that direction.”

Fang Yang was stunned and nodded,”it’s Zhenzhen.”

“Be careful, don’t get hurt.” Sheng nanxuan said, ” we have zero casualties now, so we will always have zero casualties. I don’t want to give you any compensation!

“I know!” Fang Yang could not help but laugh.

Just now, he thought that Sheng nanxuan wanted them to detonate it themselves. From the looks of it, there should be a better way.

He didn't know how to do it. However, Lin Lei had a map, so he should be able to do it, right?

After Yu Qingliu finished treating Sheng nanxuan's wound, she asked worriedly, "I won't die Here today, will I?"

"Don't worry." Sheng nanxuan stood up, picked up the first aid kit, and walked forward.

"Slow down!" Yu Qingliu shouted, "if it's too fast, a mortal like me won't be able to keep up."

Although he said that, he deliberately sped up his pace, and the two of them caught up with the person in front of them.

Only one-third of the main force was left in front. The other third continued to explore the way forward.

The remaining group will wait for everyone, in case they get lost.

Not long after, the sound of explosions could be heard. Each wave was louder than the last, and the entire land was shaking.

Soon, Lin Lei ran back with his men.

"Are you alright?" Sheng nanxuan asked with concern.

"I'm fine!" Lin Lei shook his head.

"Then let's go!" Sheng nanxuan took the lead.

Yu Qingliu passed the first aid kit to the others and quickly followed him. He felt that it would be safer to follow Sheng nanxuan. At least this person had extraordinary physical strength and could block any danger.

The group left the forest safely and got into the car that had come to pick them up.

The explosion in the forest attracted the attention of the pursuers, and their car safely drove into Nanjiang city.

Once they entered the city, no matter how powerful their pursuers were, they would not dare to kill them in the open.

Chapter 554 The child is sick

After boarding the plane, Sheng nanxuan sat on the sofa and heaved a long sigh of relief.

...

Yu Qingliu sat opposite him, and after a moment of silence, she asked, "Why do I feel like something is wrong? I seem to have forgotten something Yingluo."

"You didn't eat anything down there, did you?" Sheng nanxuan raised his eyebrows.

"You're the one who's eating random things!" Yu Qingliu rolled her eyes at him and rubbed her stomach. "I didn't eat anything! It's already nine o'clock. Don't you have breakfast?"

"You won't starve to death if you don't eat!" Sheng nanxuan turned his head and asked, "why aren't we taking off?"

"Jason, primogenitor, and the others are still on their way," Fang Yang said awkwardly as he walked over.

Sheng nanxuan chimed in, "Swoosh Swoosh Swoosh Swoosh."

He had forgotten about them!

Yu Qingliu slapped her thigh, "I knew I forgot something!" Isn't this the case?"

When they got off the plane, Jason and primogenitor were with them. However, on the way to the experimental center, the car that Jason and primogenitor were in did not catch up with the main group and got lost halfway!

Of course, Sheng nanxuan had done this on purpose.

Jason and primogenitor were bent on saving Gambino. He was afraid that they would not listen to his command, so he decided not to bring them along. Who knew that after the battle, he would forget about her!

Sheng nanxuan did not feel embarrassed at all. He said to Fang Yang, "Then let's have breakfast first and wait for them."

Yu Qing's tears flowed down her face, "I don't have to starve anymore!"

Fang Yang brought his men to the departure hall to buy breakfast. Sheng nanxuan looked at the time and made a call to Happy Garden.

He didn't call her phone, but the landline instead. He was afraid that Qimo would wake her up if she was sleeping.

"Has Madam woken up?" he asked when the servant picked up the phone.

"Time to get up." The maid said, "the young master keeps crying. He seems to be sick. Madam and Madam are taking care of him."

have you called the doctor? “Sheng nanxuan asked with concern.

“I informed the doctor half an hour ago. He should be here soon.”

“Get Madam to answer the phone.”

“Yes.”

After a short while, Gong mo picked up the phone and asked anxiously, “Are you alright?”

“Don’t worry, Gambino has been rescued. We will be at joy garden at noon. Is the child alright?”

I don’t know. I just keep crying. I think I have a fever.

“Don’t worry. Maybe it’s because he’s been too busy the past two days that even Daren can’t stand it, let alone him?”

it’s all my fault,” Gong mo sobbed. I shouldn’t have gone with you. I should have stayed at home and taken care of him.

“I’m fine. You’re just worried about me and mom. He’ll just take it as training. He’ll be fine.”

After consoling Gong mo for a while, breakfast arrived. Gong mo was also in a hurry to take care of the child, so he hung up the phone.

After breakfast, Jason and Primo arrived.

Jason was furious when he saw that they looked like they had eaten and drunk to their hearts ‘content.

“You bunch of liars! Where’s my boss?”

“It’s over there,” Fang Yang pointed to the room behind them.

Jason and primogenitor hurriedly ran over to take a look.

“Let’s take off,” Sheng nanxuan said.

If they didn’t take off now, they wouldn’t be able to make it for lunch.

After a while, Primo returned and asked Yu Qingliu, “Is my BOSS alright?”

it’s fine. I’ll check it when I get back to Beijing. Yu Qingliu yawned. I’m a little sleepy. I need to take a nap.

Primo’s face darkened. He asked Sheng nanxuan, “Why did you leave us behind?”

Sheng nanxuan glanced at him. the place we’re going is close to the military base. You’re not Chinese. We can’t take you.

we’re here to save the BOSS, not to steal your military secrets! Primo said sternly.

Chapter 555 My reaction is alright, right?

“But others won’t think so.” Sheng nanxuan said, “ you can’t imagine the risk we took this time. If I bring you guys along, the higher-ups will directly accuse me of colluding with foreign forces, and I won’t have to go home to hug my wife. I’ll go to jail instead. Or, to be more precise, be shot to death.”

...

Primogenitor instantly fell silent.

Yu Qingliu opened her eyes and said, "isn't it good that he's fine?" Why do you have to pursue this matter?"

Primo choked.

That was easy to say! What if something happened?

Fortunately, he was fine. Otherwise, they wouldn't have the right to make sarcastic remarks.

He gritted his teeth and said to Sheng nanxuan as calmly as he could, "Thank you, Mr. Sheng. There's no need to trouble yourself after we get off the plane. We'll immediately leave with BOSS."

Sheng nanxuan looked up at him. we haven't checked his physical condition. There's no need to be so anxious. With Dean Yu around, don't seek what's near and far."

"I just feel that it's too much trouble for you guys." Primo said with a straight face.

After a series of events, he did not trust Sheng nanxuan at all. How could he dare to stay?

"There's something wrong with your BOSS. Didn't you notice?" Yu Qingliu asked, "if he's not cured, he'll definitely lose his temper and hurt the innocent!

Primo naturally noticed. He had followed Gambino for more than ten years. Gambino was ruthless when he needed to be, but he had always been kind to his subordinates. Only those who betrayed him or violated his taboo would be tortured by him.

However, after his injury this time, the feeling Gambino gave off had completely changed. It was as if he was not the same person as before.

He and Jason were Gambino's right-hand men. Gambino had always been close to and trusted them. But now, he was looking at them like they were strangers.

“What happened to the BOSS?” Primo could not help but ask.

“He ran away before I checked him, how would I know what happened? I’m just suspecting that he has a split personality based on his reaction.”

Wasn’t Gambino’s current situation a case of dissociative identity disorder?

However, his split personality was man-made, not a result of his own dissociative identity disorder!

“Don’t talk nonsense!” Primo said seriously.

He naturally knew that dissociative identity disorder was not a good thing. One might be a gentleman, while the other might be a murderer. The original Boss was already scary enough. If he became even more difficult to get along with, he could only choose Godie!

“Don’t worry. As long as you cooperate with me, I will definitely cure him.” Yu Qingliu said.

Primogenitor paused. The plane suddenly encountered a gust of wind and jolted.

He reached out to support himself on the sofa and said to them, “Sorry for the trouble, I’ll go take care of the BOSS first.”

Yu Qingliu watched him leave and heaved a sigh of relief. She asked Sheng nanxuan in a low voice, “My reaction was okay, right?”

Sheng nanxuan nodded. do you think it’s possible that she has dissociative identity disorder? ” he asked. However, he also has my father-in-law’s memories.”

“That’s easy. When he heard about your father-in-law, he might imagine himself as your father-in-law.” Yu Qingliu knocked on her knee. this is a mental illness. The patient can even deceive their own brain. The result is like exchanging souls. Of course, there will be deviations in his memory. He can’t imagine memories that don’t belong to him.”

“My father-in-law’s memory is intact. Since his mother had approved of it, there must be some things that only the two of them knew. His father-in-law would not tell anyone else. In that case, she doesn’t have a split personality.”

“According to my analysis, they did a memory transplant on him, right? It’s impossible to replace an entire brain. The current medical technology can’t even do that, let alone twenty years ago.”

Chapter 556 Returning to Happy Garden

Sheng nanxuan nodded. my father-in-law also said that it’s only a part of it.

...

Yu Qingliu sighed, “a complete person with complete memories.” If he lost his memory, it would be like losing his life. If the memory was completely gone, there would be no past and a new life. If we throw him into a new environment where no one around him knows him and he doesn’t know anyone around him, then he’ll be like a newborn baby, just that this baby is a little bigger.”

Sheng nanxuan suddenly remembered what Gong mo had said. Memories were her life. At that time, he felt that she was being too serious, but after Yu Qingliu’s analysis, it was not serious at all.

Yu Qingliu said, “if Gong Xing’s memories were to be transferred over without any reservations, then Gambino’s brain’s thoughts would belong to Gong Xing.” If Gambino’s own thoughts did not appear, it would be equivalent to having a different soul. If the thoughts of both people appeared at the same time, it would be no different from having a dual personality! Actually, I feel that if it’s just a memory transplant, Gong Xing’s personality won’t be able to control that body. It should be that the original Gambino has an additional memory that doesn’t belong to him.”

“What’s the situation now?” In this aspect, Sheng nanxuan naturally could not make wild guesses and could only ask him for advice.

He touched his chin. it’s possible that Gambino had two personalities to begin with, but the other personality was suppressed until Gong Xing’s memories were added to his body. He thought that it was

himself and used these memories to construct his own complete life and personality. Then, he turned the tables and became the master.

Sheng nanxuan frowned. He did not want to believe this. He hoped that the previous Gambino was the complete Gong Xing.

“But it doesn’t make a difference no matter what.” Yu Qingliu said, “ because the brain already thinks that he is Gong Xing. Everyone’s thoughts are controlled by the brain, and the brain is the truth.”

.....

After they got off the plane, Sheng nanxuan carried Yu Qingliu onto the helicopter and asked Primo and Jason to bring Gambino along.

where are you going? ” Primo asked. where are you going? ”

“Happy Garden.” Sheng nanxuan said.

Primo had never been there before, and he was full of doubts. Jason explained to him in a low voice.

“We have to send BOSS to the hospital,” he said.

the doctor is here. Why are you still going to the hospital? ” Yu Qingliu said, “ there’s more space there. Let’s go over first. Your BOSS hasn’t woken up yet. If he wakes up in the hospital and goes crazy, it won’t be good for him.”

Primo looked at Sheng nanxuan warily. “What are you planning?”

“Are you guys worth my attention?” Sheng nanxuan sneered. it’s up to you whether you go or not!

Yu Qingliu smiled and said, "alright, let's get on the plane!" He should be done with lunch by now. It'll be a good meal if we go over, isn't it a waste of time to take a car?"

Sheng nanxuan could not help but laugh. How long have you had breakfast? "

"Can't I digest faster?" Yu Qingliu said, embarrassed.

After a while, the helicopter arrived at Happy Garden.

When they got off the plane, Zeng Shuai came to pick them up with a group of people.

"When did you come over?" Sheng nanxuan asked.

"I just heard that Hu was sick, so I rushed over."

"Yes." Sheng nanxuan nodded and quickly got into the car to go back to see Hu Zi.

When the car approached the villa, he saw Gong mo standing at the door.

He got out of the car and walked over. He pulled her into his arms. "It's been hard on you. Is the child alright?"

"I'm feeling better. I'm sleeping." Gong mo reached out to touch his face. you've grown a beard. It must have been hard on you.

Chapter 557 You promised me

"We've all worked hard," Sheng nanxuan rubbed his chin on her hand.

...

hiss ... Gong mo retracted his hand and said resentfully, "what are you doing?" My hand hurts."

Sheng nanxuan smiled and held her hand. He led her inside. "I'll go and see the child first."

"What's wrong with you?!" Gong mo suddenly shouted.

"What?"

"Your neck!" Gong mo hurriedly lifted his collar and his eyes turned red. you're injured? "

Sheng nanxuan reached out and touched it. I'm fine. It's just a scratch.

you promised me, Yingluo! Gong mo was so anxious that tears started to fall.

"Didn't I come back in one piece?" Sheng nanxuan reached out to wipe her tears. I've been to a dangerous place. I'm already very lucky that I'm only injured this much.

"You're still in the right?" Gong mo sniffed.

"Alright, alright, alright, I was wrong. Let's go see Hu first?"

Gong mo nodded and followed him to the nursery.

He pulled up his collar so that Shan Rong wouldn't see him.

When Sheng nanxuan saw the IV drip hanging above the crib, his heart was in his mouth.

He quickly walked over, and dan Rong, who was by the bed, turned around. "You're back? Are you alright?"

"I'm fine." Sheng nanxuan let go of Gong mo and lowered his head to touch the child's face.

He had been running all the way and his body was steaming. He couldn't feel the child's fever. Instead, he felt that the child's forehead was not as hot as his hands.

"How high is the temperature?" he quickly retracted his hand.

"Low fever." Gong mo grabbed his hand and said, "I think you're hotter than him. Are you sick?"

"I'm hot." Sheng nanxuan said, "it's good that you're fine."

"I also advised her not to worry too much. Children had low immunity and would fall sick from time to time. Our family's fever is the lowest of the lowest. It's already very lucky that it's only a low fever after running around these two days. You guys have to be careful in the future and don't bring him around. Even adults can't stand such torment."

"I know." Gong mo lowered his head and said in a low voice.

"Don't worry," Shan Rong consoled, "the doctor said that she'll be fine. She'll be fine."

Gong mo paused and muttered, "knowing is one thing, but my heart still aches." Even I feel terrible when I'm sick. Wouldn't he feel even worse when he's sick? He can't say Yingluo."

Sheng nanxuan touched her head and heard a voice from below. He asked, "Have you guys had lunch?"

"I knew you were coming back, so I waited for you," Gong mo shook his head.

“Then let’s go down. No one has eaten. Right, I’ll get Yu Qingliu to come up and take a look at the child!”

“There’s no need to trouble you, right?” Although Gong mo said so, he didn’t stop her.

After all, Yu Qingliu was an expert. Although he didn’t specialize in Pediatrics, a small cold was the lowest level of illness. He would definitely be able to handle it better than most doctors.

Sheng nanxuan went downstairs and asked the servants to prepare a room for Gambino. Then, he called Yu Qingliu upstairs.

Yu Qingliu said as they walked, “do you know how much my surgery costs?” I’m so expensive and you’re asking me to treat a cold?”

“Lunch.” Sheng nanxuan said.

“Is your lunch very valuable?” Yu Qingliu choked.

Sheng nanxuan glanced at him and smiled strangely.

“What are you laughing at?” Yu Qingliu was shocked.

“It’s nothing,”

He just suddenly thought that if he told Yu Qingliu that Hu Zi was his niece-grandson, he would probably rush to see Hu Zi, right?

Yu Qingliu tutted and went upstairs, not showing any signs of reluctance.

He was the one who had delivered Hu Zi, and he had seen him a few times after that. He also liked him very much. Now that he heard that Hu Zi was sick, he was actually very worried. However, he was always at a disadvantage in front of Sheng nanxuan. He was unwilling to admit it.

After entering the nursery, he immediately went to check on Hu Zi. He had also carefully examined the medicine used by Hu Zi. After confirming that there was no problem, he said, "We'll see how it goes in a few hours. When the time comes, we'll reduce the dosage accordingly."

Chapter 558 What if he doesn't come back?

Gambino needed a medical instrument to check his condition and medicine. Yu Qingliu explained the situation, and Sheng nanxuan sent people to wuyou hospital to move things. Since Yu Qingliu was the director, the hospital would not stop him.

...

After lunch, those things would arrive. Gambino's subordinates had also come along.

All of a sudden, the living room of the villa was filled with people.

Sheng nanxuan's men were fine. They left after moving the things. Gambino's men refused to leave. From the lounge to the living room, they stood five steps away from each other, as if they were afraid that their BOSS would be eaten.

Gong mo wanted to check on Gambino's condition, but he couldn't squeeze in.

Shan Rong, who was standing beside her, snorted softly. To her, Gambino was now a Bandit who had kidnapped her and flown half the earth. She did not care! Moreover, she had just found out that Sheng nanxuan was injured, and she hated Gambino even more!

you guys go and rest first," Sheng nanxuan said. I'll let you know if anything happens later.

When Shan Rong heard this, she suddenly became concerned about Gong hang.

"Alright, let's go up first." She opened her mouth and sighed. After saying that, he pulled Gong mo away.

The two of them went upstairs to the nursery together.

The child's drip was finished and he was sleeping now. Gong mo measured his temperature and was relieved to find that it didn't rise.

"Mom, do you want to take an afternoon nap?" she asked dan Rong after she put down the thermometer.

"Where can i sleep?" Shan Rong frowned, her face full of worry.

Gong mo sighed, "I'm also a bi an."

"What if your dad doesn't come back?"

"You're asking me? I was going to ask you."

"Then I'll just pretend he never came back! In any case, I thought he was dead for the first twenty years!"

"You didn't think that way before," Gong mo said in a low voice.

Shan Rong paused.

Gong mo looked at her and said, " you've been waiting for 20 years and you've finally let it go. In the end, an unrelated person came and said it was him. You even believed it. I know it's cruel to you that he suddenly isn't Yingluo, so I hope he can change back.

"I'm fine. I'll just treat it as a dream!" Dan Rong's expression was one of despair. your father probably wants me to know what he went through after he left. Now that he has achieved his goal, he doesn't care anymore."

“Don’t worry, Dean Yu is here!” Dean Yu is so powerful. He must have a way, ” Gong mo comforted.

“It’s okay even if there’s no other way!” Shan Rong said in frustration. It’s all because of him that nanxuan was injured. It’s good if he doesn’t return.”

“He only became like this because he saved me! What was Nan Xuan’s minor injury? Just think of it as him helping me to repay my kindness, don’t take it to heart.”

As the two of them chatted, Sheng nanxuan came up.

“How is it?” Gong mo asked hurriedly.

Shan Rong also showed a concerned expression.

Sheng nanxuan knew that they were not concerned about Gambino, but Gong hang.

He said, “when we found him, his brain was undergoing an experiment. His brainwaves are in a mess now.” He had just woken up, and his condition didn’t look good. Yu Qingliu gave him a sedative and let him sleep first. It would be better if he wasn’t clear-headed now. If he was clear-headed and didn’t know who it was, it would be more troublesome. It would be great if we could settle this matter while he’s unconscious.”

“Is there any way?” “If we can’t come up with a solution in a short time, let’s take it slow,” Gong mo said hurriedly. After all, father is in his body. As long as he’s fine, he’ll come back.”

“That won’t do. If this drags on for too long, Gambino will think of a way, unless his body doesn’t wake up.” Sheng nanxuan then consoled her. don’t worry. We’ll discuss it with Yu Qingliu when he comes up.

“Don’t let Jason and the others hear this!” Shan Rong hurriedly said.

Chapter 559 Get him out of here

“Don’t worry,” Sheng nanxuan smiled. there are people guarding downstairs. They won’t run around. Furthermore, Yu Qingliu and I already have a general direction, and we plan to use another method to let them know the situation. After all, Gambino’s personality had changed so much recently, it was impossible for them not to be suspicious. It’s just that with dad’s prestige, they don’t dare to take action even if they’re suspicious.”

...

After hearing his words, Gong mo trusted him, ” “You’ve always been very thoughtful. We’ll do as you say.”

After a while, footsteps could be heard from outside the door, and the three of them stopped talking.

Then, Fang Yang’s voice was heard, ” “Boss, Dean Yu is here.”

Without waiting for Sheng nanxuan’s reply, he left. Yu Qingliu pushed the door open and entered.

“I’ll have to trouble you again, principal,” Shan Rong smiled.

“It’s fine. I have to do something after eating your family’s food.” Yu Qingliu took the stethoscope and walked to the bedside to check on the child’s condition.

After the examination, Sheng nanxuan invited him to the study for a chat.

“Mom, do you want to go with us?” Gong mo asked dan Rong.

Shan Rong thought for a moment and said, ”I’m not going.” I’m even more worried after hearing what you said. I’ll just wait for the results. I’ll stay here to look after Hu.”

“Alright, then.” Gong mo didn’t force her. call me when you’re feeding her the medicine.

Shan Rong looked at her with a reproachful expression, "I don't know how?" I was the one who fed you when you were sick when you were young."

"I was sick?" Gong Mo's face turned red.

"Who isn't sick? There was a time when you caught a cold in high school, and you were so upset that you cried and said that you might as well die!"

Hearing this, Gong mo looked at the child and said, "he must be in a lot of pain."

Shan Rong paused and tutted, "you think everyone is like you?" With your endurance, if you were caught by the enemy, you would surrender after a few slaps. Don't compare yourself to others!"

"Yiting is still young." Gong mo muttered.

When Shan Rong heard this, she immediately shouted, "what nonsense are you saying?!" He was called Hu Zi! Since you're sick, you must call me by my nickname!"

Sheng nanxuan and Yu Qingliu had already gone out. After waiting for a while and seeing that Gong mo didn't return, Yu Qingliu stuck her head in and said, " "Why don't you change your name to dog shit?"

Shan Rong glared at him, "guards!" Throw him out!"

Sheng nanxuan pushed Yu Qingliu away with a sullen face, and Gong mo quickly followed.

After entering the study, she couldn't help but say, "although Hu Zi was born prematurely, he's fine after his confinement period. It seems that a cheap name is useful. If I had known earlier, I would have given him an even uglier name, hehe."

pfft-" Yu Qingliu spat out. why are you women all so weird when you become mothers? "

"I think matriarch Yu was also worried about you in the past," Gong mo rolled his eyes at him.

Yu Qingliu immediately stopped talking. It was a pity that all parents in the world had the same heart. When he was young, he seemed to be called goudan 'er, Yingluo.

Sheng nanxuan looked at Gong mo helplessly. "I don't mind you changing his name. Dogshit, dogshit, whatever you want. But when he grows up, I won't take the blame."

Gong mo replied, "Yingluo," she wouldn't do that if no one was taking the blame.

Yu Qingliu hurriedly said, "let's talk about your family affairs later. Zhenzhen. Let's talk about the patient downstairs first.

Sheng nanxuan rolled his eyes. that patient is also my family matter.

Yu Qingliu choked and slammed the table, "I don't care anymore!" You guys can discuss it among yourselves!"

"Don't go!" Gong mo hurriedly said. He Yingluo just has a cheap mouth!"

"Who are you talking about?" Sheng nanxuan was displeased. you're not helping me? "

Gong mo glared at him and said, "don't overdo it. She's your-"

Chapter 560 How could she still be like a young girl?

"What?" Sheng nanxuan raised his eyebrows. Although he didn't stop her from talking, he knew what she meant.

...

Gong mo stopped in a Huff and turned his head to the side.

Yu Qingliu didn't really want to leave. He had wanted Sheng nanxuan to make him stay, but the couple started quarreling!

This was simply too much! Can't you control him?

He turned around and asked Sheng nanxuan, " "Your what?"

Sheng nanxuan was as calm as ever. although it's my family business, it's also your family business since it's related to the laboratory.

Yu Qingliu's expression changed as she thought of the person who looked exactly like Yu qinghuan.

To be honest, that person was even more beautiful and refined than the Yu qinghuan he had in mind.

Regardless of whether it was the Yu qinghuan in his memory or the Yu qinghuan in the photo, she was very pure, like a budding Lily.

On the other hand, Lily was cold and elegant, like a blooming peony.

It could be said that the impression he had of Yu qinghuan was that she was a piece of unpolished jade, while Lily had polished it.

After all, more than 20 years had passed. It would be a fool's dream if there were no changes. In fact, if that person was really Yu qinghuan, then her change was too small!

Yu qinghuan should be almost 50 years old now. How could she still be like a young girl?

However, that laboratory was so strange. Perhaps it was the experiment on her body that caused this result.

But if that was the case, Yu Qingliu was even more unwilling to accept it!

He wanted to know how Yu qinghuan was doing. If that person was Yu qinghuan, he would have fulfilled his long-cherished wish.

However, if Yu qinghuan became like this, he was not willing to accept it.

After hearing Sheng nanxuan's words, he pulled a long face and said unhappily, "The matter hasn't been investigated clearly, so don't talk nonsense. I think they just look alike. They must have used another person to have plastic surgery to look like my sister."

Hearing this, Gong mo was shocked and asked hurriedly, "What are you guys talking about?"

Sheng nanxuan looked at her. when we rescued Gambino, we met a woman. He said that she was his sister, Yu qinghuan.

Gong mo blinked his eyes. If it was Yu qinghuan, wouldn't that be his mother? How could he be so calm?

Yu Qingliu said, "if my sister was still alive, she would be 48 years old this year!" How can he be so young?"

"Maybe they did anti-aging experiments on her." Sheng nanxuan said, " even an experiment like the SS plan can be carried out. Anti-aging is just a small case. Shengshi medicine has produced Anti-Aging Medicine before, and it's said to have a certain effect."

Yu Qingliu was silent for a while. Although she still didn't want to believe it, there was a lot of evidence that pointed to this result.

He didn't want to pursue this issue and changed the topic. "Let's talk about Gambino first, Yingluo."

Sheng nanxuan nodded. I've thought about it. Since his condition is similar to multiple personality disorder, we can treat it by treating multiple personality disorder.

"But for patients with multiple personalities, they are usually guided to coexist peacefully between the personalities. We are obviously going to destroy one of them now!" Yu Qingliu disagreed.

"That's under normal circumstances. It was obviously not an ordinary situation now, so he had to think of a way to get rid of Gambino's existence. If we fail, we'll lead them to live in peace."

Yu Qingliu raised an eyebrow, 'peaceful coexistence? I think that if Gambino falls in love with Ms. Dan, he might be able to do it. "

Gong mo and Sheng nanxuan glared at him at the same time. They were obviously dissatisfied with his teasing.

"The power of love is great, who knows what will happen?" he shrugged.
