

Ditsy Wife 61

Chapter 61

61 If we get a divorce, you'll have to give me half of your assets

Sheng nanxuan still stood there, his legs on her knees, motionless.

Gong mo wanted to stand up, but he held her shoulder and said, "The plane is about to take off, don't move."

...

As soon as he finished speaking, the plane began to accelerate. Gong mo saw the scenery outside the window fly past him quickly. After a while, it started to go down again and gradually shrank.

The plane took off. Gong Mo's body leaned back because of inertia. She felt as if Sheng nanxuan was about to press down on her.

Sheng nanxuan did not move. When the plane was flying up, it was extremely easy for him to fall while standing like this. However, he stood straight and didn't even let the force on his legs press against Gong Mo's knees.

He lowered his head and sealed Gong Mo's lips.

Gong mo was furious. He had lied to her and even dared to kiss her!

She was so anxious that she opened her mouth to bite him, but he suddenly pushed her away. His body swayed, and he hurriedly grabbed the sofa. Then he reached out to touch his lips and smiled ambiguously. "It's so spicy!"

"Yingluo," she wasn't eating beef noodles with pickled pepper!

"Quickly, look." Sheng nanxuan turned to look out the window. this is Nanjiang city.

Gong mo stretched his neck and saw many farmlands. It was the season for the rice to ripen, and the land was almost golden in color.

The plane flew higher and further. The earth became a miniature, and the clouds in the sky were getting closer and closer. She could see the entirety of Nanjiang city. A River snaked through the middle of the city, splitting it in half and flowing out of it.

Gradually, the scenery on the ground could no longer be seen, only the clouds in the sky.

Gong mo turned around and rubbed his ears. When the plane took off just now, her ears felt a little uncomfortable.

Sheng nanxuan quickly reached out to touch her.

“Don’t touch me!” Gong mo pushed him away.

Sheng nanxuan paused and retreated to the sofa opposite her.

Gong mo glanced at him and suddenly felt a little scared.

She thought that he was abandoned by a rich family and was penniless now. When they went to the capital, they would have to be so calculative over how to spend one Yuan.

In the end, he actually had a private jet! Fang Yang and the man who was acting as the driver were both his subordinates!

At this moment, he was sitting there, exuding an imposing aura, as if he was some Big Shot.

Could it be that he had been acting all this while? He acted so gently and affably so that his mother would be assured to marry her to him, but he revealed his true colors the moment they got on the plane!

“Who are you?” why did you trick me into boarding the plane?” Gong mo asked.

“Lie?” Sheng nanxuan crossed his fingers on his knees like an elegant Emperor. what do you have that I can lie to you about?”

Gong mo choked and his face turned red.

That’s right, what did she have that was worth him lying to?

She had no money and no noble background. The only thing she had was her good looks. However, if he was really that rich, he could have any woman he wanted. Why would he go through so much trouble to lie to her?

She suddenly thought of the child in her stomach and said loudly, “You’re doing this for the child!”

Sheng nanxuan sighed, ‘think whatever you want! However, we didn’t notarize our marriage. If we get a divorce, you have to give me half of your assets.”

Gong mo took a deep breath. Half of his assets? How much was that? Even if he only had this private jet, she would be rich if she got half of it.

“So, I won’t agree to the divorce.” Sheng nanxuan said seriously.

you ... Gong mo was both angry and confused. I’m not doing this for your property! I can leave with nothing!”

Sheng nanxuan looked at her indifferently. wifey, ” he said. we just got married. Even if you’re not happy, you don’t have to ask for a divorce right away, right? The child hasn’t been born yet, and you want him to be an illegitimate child?”

Chapter 62

62 I still want you

Gong mo was stunned. Of course, she didn't want her child to be an illegitimate child. Otherwise, why would she marry him?

...

She kicked him in anger.

He dodged to the side and bent down to hold her hand. He smiled and said, "Don't be angry. I'll tell you slowly about my matters. Even if you want a divorce, you have to wait until the child is born."

f*ck! Gong mo was shocked. you want a child?"

How could that be! If they were to get a divorce, she would definitely take the child away!

"I still want you." Sheng nanxuan paused.

Gong Mo's eyes widened. What did he just say? What did that mean?

"Anyway, it's impossible for you to get a divorce now, and it'll be impossible for Hanhan in the future." Sheng nanxuan narrowed his eyes. we can only slowly get to know each other and accept each other. Otherwise, I'll have to lock you up, Wanwan.

you ... Gong mo felt a chill down his spine and immediately retracted his hand.

Sheng nanxuan leaned back on the sofa and pressed the walkie-talkie on the wall.

After a while, the door opened. Fang Yang and Zeng Shuai walked in one after another, followed by two stewardesses pushing a dining cart.

"Boss, Madam." Fang Yang and Zeng Shuai shouted.

“Sit down.” Sheng nanxuan said.

The two of them nodded and sat down on the other side of the aisle.

Gong mo looked at them and then at Sheng nanxuan.

Sheng nanxuan picked up the newspaper that the air stewardess handed him and glanced at her.
“What’s wrong?”

Fang Yang isn’t your classmate? ” She asked.

“Assistant.” He said simply.

Fang Yang quickly smiled apologetically, “I’m not capable of being BOSS’s classmate, Yingluo.”

Sheng nanxuan ignored him.

Gong mo looked at the silent CEng Shuai and recalled the jealous look on Sheng nanxuan’s face on the day of the registration. He deliberately asked, “The handsome guy next to him isn’t the driver either?”

Sheng nanxuan paused and looked at Zeng Shuai unkindly.

If looks could kill, CEng Shuai would have been torn into pieces!

He shouted, “Madam, please spare me!” I’m not handsome at all!”

“There’s no need to be so modest.” I think you’re more handsome than Fang Yang, ” Gong mo said.

“Then how about me?” Sheng nanxuan asked.

Gong mo was stunned and looked at him. He was very handsome, and she didn’t need to look closely to know that. But when he looked at it carefully, he actually felt a rush of excitement.

Gong Mo’s face turned red. He lowered his head and took a sip of water from the cup.

Sheng nanxuan saw her reaction and put down the newspaper in satisfaction.

There were spring rolls on the table. A plate of spring rolls and a few side dishes.

“Do you eat spring rolls?” Sheng nanxuan asked.

Gong mo wanted to eat but didn’t want to talk to him. He turned his head away.

Sheng nanxuan then asked, “what do you want to eat?” The chef is on the plane, so tell him to cook whatever you want to eat.”

“Ah?” Gong mo hurriedly said, “ no need! I’ll just eat spring rolls.”

After saying that, she went to get the spring rolls. Remembering that she had been out for a long time, she retracted her hand. “I’m going to wash my hands.”

“Bring me a towel.” Sheng nanxuan said to the stewardess and then looked at Gong mo. sit down. What if the plane falls while walking around?”

Gong mo had no choice but to sit. She sensed the concern in his words and felt a little awkward.

A moment later, the air stewardess brought a hot towel over. She wiped her hands clean and began to eat the spring roll. After taking a bite, her eyes lit up and she praised, “ “It’s so delicious!”

“Yes.” Sheng nanxuan smiled. that’s good. Raise the chef’s salary.

Gong mo was stunned and looked at him in surprise. Just because she said it was delicious, he increased the chef’s salary?

She silently lowered her head, her thoughts running wild.

Did he hide his identity to marry her and trick her into getting on the plane just for the sake of the child?

Chapter 63

63 Arriving in the capital

She remembered what he had just said—I still want you’- and her heart skipped-beat.

...

But then, she lowered her eyes dejectedly.

He and Sheng Dongyi were brothers, but he was obviously more capable than Sheng Dongyi. If Sheng Dongyi could lie to her and use her, how could he be simple?

Who knew what he was up to? she shouldn’t be so naive.

Fang Yang and Zeng Shuai were also eating spring rolls. As they ate, Fang Yang said, ‘Madam, you don’t know, do you? The breakfast that BOSS brought you before was made by this chef!’

“Ah?” Gong mo looked at him in surprise and then at Sheng nanxuan.

Sheng nanxuan lowered his head and wrapped his spring roll, his face expressionless.

Fang Yang continued, "how could BOSS bear to let you eat outside food?" Those unscrupulous merchants use gutter oil when they cook. You can't eat it when you're pregnant! But even if you didn't get pregnant, BOSS wouldn't bear to see you suffer like that!"

Gong mo looked at Sheng nanxuan in a daze while Fang Yang's nagging voice rang in his ears.

"Boss called a chef from Beijing over to make breakfast for you every day. I also enjoyed it. You must know that this chef specially cooks for BOSS. We usually don't get to eat it at all! I've been eating every day recently, and I've gained weight. Yingluo, it's all because of Madam."

Gong mo had just told himself not to be naive, but he couldn't help but feel touched at this moment.

She stared at her flat stomach and thought to herself, " Even if it was because of the child in her stomach, it was enough for him to be so thoughtful.

.....

A few hours later, the plane landed at the capital's airport.

Gong mo looked at the scenery outside. It was much more prosperous than Nanjiang city. It was indeed the capital of China. The prosperity here was something that Nanjiang could not catch up with, right?

In Nanjiang city, everyone thought that the Sheng family was the most powerful, but they were just sitting in a well.

She suddenly looked at Sheng nanxuan. this place is really big. It's much bigger than Nanjiang. There should be more important people here than in Nanjiang, right?"

"What kind of Big Shot are there in Nanjiang?" Sheng nanxuan scoffed.

Gong mo hesitated for a moment before asking carefully, " "Your father doesn't count?"

hehe, hehe. Sheng nanxuan could not help but laugh as if he had heard a big joke. He touched her ear. She felt ticklish and dodged uncomfortably.

He retracted his hand and said, "at the foot of the capital, there are people with powerful backgrounds everywhere." If he comes here, he has to be careful when he speaks or walks, so as not to provoke people he shouldn't."

then, your brother's opening of a branch company here will not go smoothly, will he? "

Sheng nanxuan raised his eyebrows. do you wish for him to succeed? or not? "

"It's best if it doesn't go well!" Gong mo snorted.

Sheng nanxuan moved closer to her and asked in a low voice, "Tell me, do you like him?"

Gong Mo's heart ached and he said uncomfortably, "I can't wait to hate him!" He stood up and was about to leave the cabin.

When she passed by Sheng nanxuan, Sheng nanxuan grabbed her and pulled her into his arms! Her body swayed and she fell on his lap.

"What are you doing?" Gong mo was shocked. Apart from the accident at the Sheng residence that day and lying on the same bed on their wedding night, they had never been so intimate.

It was broad daylight and the two of them were not familiar with each other. How awkward would that be?

Gong mo pushed him and said, "let go of Yingluo!"

Sheng nanxuan lifted her chin and looked at her fiercely. "You like Sheng Dongyi?"

Gong Mo's heart ached again. They had been dating for so long, how could she not like him?

However, from that night onwards, she no longer liked him. She even hated him! However, the feeling of love would not disappear so quickly. Her heart ached whenever she thought of the sweet times they had together.

Chapter 64 change to helicopter

"If you don't like him, you won't be together." She answered faintly.

...

Sheng nanxuan tightened his grip and grabbed her arm.

Gong mo frowned in pain and looked at him.

His eyes were a little gloomy, and he said through gritted teeth, "We're not together anymore, so you'd better forget about it! I don't want my wife to be thinking about another man!"

"Don't worry! I hate him to the core now, so I won't make you a cuckold!" Gong mo stepped on his foot and stood up to walk out when he let go.

Sheng nanxuan shook his leg and mumbled, "It's so spicy!"

He stood up and followed Gong mo out.

Hearing his footsteps, Gong mo quickened his pace. After they left, the air stewardess standing outside bent over and smiled. "Madam! Please get off the plane from here and be careful."

Gong mo walked out and found himself standing on the ladder. A few cars were parked under the long ladder. Fang Yang and Zeng Shuai were standing in the open space. There were other people around them carrying the luggage she had brought from Nanjiang.

She suddenly felt a little uncomfortable. If she had known that Sheng nanxuan was so rich, she would not have brought so many things. In order to save money, she had even bought a toothbrush and a towel. She was afraid that the prices in the capital were too expensive!

“What are you looking at?” Sheng nanxuan’s voice came from behind.

Gong mo shook his head and walked down the stairs.

Sheng nanxuan was afraid that she would fall, so he reached out to hold her.

“What’s wrong?” she asked, puzzled.

“Hold my arm.” He pulled her hand to his arm.

There were people around them, so Gong mo didn’t argue with him and held his hand. When she was going down the stairs, she suddenly felt like she was one of those country leaders who were on an overseas visit.

Ah, no, she was the wife of the country’s leader.

After they got down the ladder, the car in front drove over and stopped in front of them. Fang Yang opened the door to the back seat and the two of them got in.

The car drove forward and drove along the runway for a few minutes before coming to a stop.

“Get out of the car!” Sheng nanxuan opened the car door and got out first.

Confused, Gong mo followed them and saw a helicopter parked in front of them. “We’re going to sit on this next?” she asked, surprised.

“Yes,” Sheng nanxuan walked toward the helicopter.

Gong mo hesitated for a moment before following him.

The helicopter was much narrower than the plane earlier, but it was still very comfortable.

Gong mo sat there for a while and saw a few other cars driving over. After the car stopped, the people in the car took her luggage down and moved it onto the helicopter.

The car drove away after they were done moving the things. Fang Yang was the last to board the helicopter.

isn't your other assistant coming with us?” Gong mo asked Sheng nanxuan, puzzled.

“You miss him?” Sheng nanxuan looked up.

“Forget it if you don't want to tell me,” Gong mo turned his head angrily.

“His name is CEng Shuai.” Sheng nanxuan smiled helplessly.

“What?” Gong mo turned around.

“The other name.”

“So handsome? He really lives up to his name!” Gong mo said on purpose.

Sheng nanxuan glanced at her and raised his eyebrows. “You can praise me however you want. I won't be angry with you. It's commander Zeng's fault anyway. I'll just deal with him.”

Gong mo was speechless. In other words, if she continued to say this, she would harm CEng Shuai.

She didn't want to hurt innocent people, so she changed the topic. "I think I've heard this name before."

the president of Star Entertainment.

"The president of Star Entertainment?!" Gong mo was shocked.

She was wondering why it sounded so familiar! As a journalism graduate, she had naturally heard of this man. He was the most popular golden Bachelor in the past two years!

Chapter 65

65 His savings are at least 30 billion

"He called you BOSS?" Gong mo asked, " isn't he the president of Star Entertainment? Why is it your subordinate again?"

...

because I bought Star Entertainment and he's working for me.

.....

The helicopter started to land after flying for ten minutes.

Gong mo looked out of the window and saw a patch of grass below. The runway and tarmac were on the grass.

After getting off the plane, a row of cars drove over from the grass.

Gong mo looked around and didn't know where he was. The grass was so wide that it was almost boundless. She and Sheng nanxuan got into the car in the front, while the others followed behind.

The scenery outside was pretty good. Gong mo opened the window slightly. The wind blew and the smell of the grass made him feel refreshed.

Suddenly, a white shadow flew across the grass in the distance. "It's a White Horse!" She exclaimed in surprise.

Sheng nanxuan looked over. it's called moonlight. he said.

"Why are there horses here?" Gong mo looked at him. is this a horse track? "

"Yes." Sheng nanxuan nodded.

"You live on the horse track? You own a horse track?"

"No." Sheng nanxuan rolled his eyes at her. this is our home. The horse ranch is at home.

"....."

"There's a golf course over there." Sheng nanxuan pointed to the front. do you know how to ride a horse or play golf? "

Gong mo shook his head. He was shocked by the words " this is our Home "!

That's impossible, right? Every inch of land in the capital was worth its weight in gold. Even if this was the suburbs, the houses would be sold for tens of thousands per square meter. How expensive would it be to settle down here?

"Then I can teach you." Sheng nanxuan said, " you're pregnant. You can't ride a horse for the time being. Let's Play Golf when you're free.

“This is a villa complex?” Gong mo asked.

It must be like this! However, a villa with such a vast green space must be very, very expensive, right? A house would definitely cost tens of millions!

“No.” Sheng nanxuan’s voice came.

“You’re not?” Gong mo was stunned.

there’s only one villa here. The rest of the land is green. They’re all under my name.

Gong Mo’s jaw dropped, “how is that possible?” Can a house be built like this?”

“I’ve bought the land, so I can fix it however I want.”

“The ground is rustling.”

Gong mo was speechless. Wasn’t the land bought by real estate developers for development? Who would buy a private house to build their own?

how expensive is this? ” she couldn’t imagine it at all.

“Three billion.” Sheng nanxuan announced in a domineering manner.

Bang! Bang!

Gong Mo’s head hit the car window.

Sheng nanxuan was slightly shocked and quickly hugged her. “Are you alright?”

there's Qianqian! Gong mo grabbed his collar and questioned him sternly, " what exactly do you do? " It's impossible for Star Entertainment to earn 3 billion!"

To be able to play like this with three billion, his savings must be at least 30 billion, or even 300 billion!

Star Entertainment is only a secondary industry. Sheng nanxuan pulled his collar out of her hand. that's not my main job.

"What's that?"

He was so young, and the time he had to earn money was limited. Even if he started to earn money after he graduated from primary school, it had only been ten years. What kind of career could earn so much money so quickly?

He must have done something illegal! No, what if he was caught one day? what would happen to her and the child? Would he be caught too?

"I'll tell you later." The car stopped. Sheng nanxuan opened the door and got out. He reached out to her.

She looked at him and was stunned for a moment before reaching out her hand.

She was already on the pirate ship, and she couldn't find her way down in such a wide place!

Gong mo felt like crying! It was also troublesome for her husband to be too rich.

Chapter 66

66 It looks just like the house of her dreams

Gong mo turned around and was shocked by the scene in front of him.

...

It was a small three-story house with red bricks and tiles, and a green ivy on the wall.

This was just like the house of her dreams!

Her dream was to have her own small building with red bricks and red tiles, covered in green Boston ivy, with a few trees in the yard and a Rose Garden next to it.

Gong mo turned around and saw a ginkgo tree in front of the house.

She slowly walked over and saw a green tunnel on the other side of the house.

Sheng nanxuan walked behind her. there's a garden over there, "he said.

"Is it the Rose Garden?" she asked, surprised.

He nodded.

Gong mo took a deep breath and pinched himself hard. Hiss, it hurt! He wasn't dreaming! It wasn't a dream. Why did it look so similar to the house she dreamed of?

It was even better than her dream!

In addition to the house and the garden, there was also a large field of grass, on which white horses galloped.

This was simply a paradise!

"Do you want to go over and take a look?" Sheng nanxuan asked.

Gong mo hesitated for a moment before nodding. Thus, the two of them walked in that direction. When he reached the bottom of the tunnel, he saw that the tunnel was surrounded by creepers. The sunlight passed through the tunnel and scattered on the ground.

The tunnel was more than ten meters long. At the end of the tunnel, there was an open garden with roses on all sides. In the middle was a European classical table.

Behind the table and in the direction of the tunnel exit was a glass greenhouse.

Gong mo looked at the flowers around him and walked over slowly. There were many precious flowers in the greenhouse, including all kinds of roses and some other flowers.

She looked around and touched the flowers from time to time. She loved them so much that she couldn't let go.

if you like it," Sheng nanxuan said," cut some and put it in the room.

"Is that okay?" Gong mo asked.

"Isn't the flower's mission to stay in the vase? If you don't cut them off, they'll also go bad."

alright then," Gong mo smiled and touched the Blue Rose in front of him. this is expensive, right? "

"I'm not sure,"

Gong mo was taken aback. He was so rich that these flowers were only worth a drop in the ocean. He might have just asked someone to buy some flowers, and then he had these. As for how much each flower cost, or even what it was called, he might not even know.

"Let's go back, I'm a little tired," she suddenly said.

“Alright,” he said.

The two of them retraced their steps back to the villa.

The style of the villa was heartwarming, which made Gong mo a little confused. Wasn't he alone? She had thought that it would be cold and hard inside.

However, it was so beautiful on the outside. It would not match the cold and hard style on the inside. He must have asked the home designer to design it, right?

This kind of warm and beautiful style did not seem to be the preference of a single man. Did he not live here usually?

Gong mo looked at the furnishings in the room. She couldn't guess how much these exquisite and gorgeous furniture and accessories were worth, but it was true that they were very good. When he touched it with his hand, he felt a low-key yet gorgeous texture.

I'm afraid some things are very expensive? For example, the clock on the wall looked like an antique.

This house and the surrounding land represented an astronomical amount of money.

Gong mo turned around and sat down on the sofa. He asked Sheng nanxuan, "Is this really your house?"

"It'll be yours in the future."

"Ah?"

"We're married." Sheng nanxuan was a little displeased with her reaction. there's no prenuptial agreement, so the property is shared. So, this is also your house.

Chapter 67

can only be done

If you're so rich, why didn't you get a marriage certificate? Gong mo asked anxiously.

...

Too much property, troublesome. Because he had never thought of getting a divorce!

Yingluo, could she beat him up? This was a blatant show of wealth!

Aren't you tired? Do you want to rest?

Alright, he said. Gong mo stood up. where's the room?

Upstairs, Sheng nanxuan stood up and led her upstairs.

That's why we have to live together. We have to let the baby feel his parents love for him. Sheng nanxuan finally let go of her and looked down at her belly. if we don't live together, the baby will definitely think that I don't want you two anymore. He will think that I'm not a good father.

He's still an embryo, he won't know!

How is that possible? If the fetus is not affected, why should the pregnant woman pay attention to prenatal education?

“ ... ”

It's decided then, we'll sleep together! Sheng nanxuan turned around. if you don't like the style of this room, you can change it.

Gong mo pushed him away and said,I know. I'm going to rest. Yingluo, you can go out first.

I also want to rest.

Gong Mo's eyes widened as he looked at him in disbelief. He was clearly doing it on purpose!

The plane ride was too long, I'm sleepy. Sheng nanxuan stretched lazily and began to take off his shirt.

He unbuttoned his shirt slowly and turned to look at Gong mo. His strong chest muscles appeared in front of her.

Gong mo turned around and said, I'm actually not that tired. You can rest by yourself. I'm going to pack my luggage and give my mom a call. After saying that, he opened the door and rushed out as if he was escaping.

Sheng nanxuan paused and said helplessly, Coward.

...

Gong mo went downstairs and called his mother.

Zhen's mother was worried about her and was relieved to receive her call. She asked with concern, when did you arrive? have you had lunch?

I've eaten. A certain someone had brought along his personal chef, so he didn't have to worry about food at all.

Have you arrived at your place? How's the weather there? Are you not acclimatized to the weather?

We've reached the place we're staying at. The weather is good. It's not hot today, but we don't know if we're acclimatized to the weather.

Then be careful and don't eat anything. I think you're going to have morning sickness soon. Call me if you don't know anything. Also, don't be too frugal. Spend what you need to spend. I gave you money for you to spend! There are so many people in the capital, you have to think about the child. It doesn't cost much to take a taxi, Yingying.

Alright, alright, I got it. Gong mo said helplessly. She didn't need to worry about money now. She was only afraid that there was a problem with her origin. She didn't want to go to jail.

It's good that you know. Her mother sighed. where's nanxuan? What is he doing?

uh, hehe. Gong mo looked upstairs and saw Sheng nanxuan coming down. He's here. Do you want to talk to him? she was shocked and immediately said.

Her mother hesitated for a moment and said, I don't have anything else to say. I've already told you what I need to tell you. I'd better not say it. If he doesn't treat you well, you can tell me. I'll back you up.

Yueyue knows. If he doesn't treat me well, you can't do anything about it. He's so powerful that ordinary people can't afford to offend him.

Sheng nanxuan walked over and reached out his hand.

Nan Xuan is here, Gong mo said to mother Zhai, stunned. Then, she passed the phone to him.

Mom, he answered the phone with a smile.

Mother Yan also smiled. Is Momo alright? is he airsick?

No, I didn't,

That's good. She's probably going to have morning sickness soon. If it's too serious, just be a little more tolerant and buy her whatever she likes.

Yes, don't worry.

Don't be too thrifty when you spend money, mother Yan said, embarrassed. Momo's pregnancy is the key. You can't save money now. If you don't have enough money, I can lend you some.

She refused to tell him that she had given Gong Mo Money. Although she was very satisfied with Sheng nanxuan, she still had to be careful, in case he had evil intentions and cheated her of her money!

don't worry, Sheng nanxuan said. if you want to save, save it on me. You won't save it on her.

Mother Yan was happy to hear that. After hanging up the phone, she thought, He only knew how to say sweet words, but he had to be able to do it!

Sheng nanxuan passed the phone to Gong mo. did mom give you money? he asked.

She told you? Gong mo was stunned.

No, I just guessed.

Since he said borrow from me if you don't have enough, he must have money in his hands. She loved Gong mo so much that she couldn't have hidden the money. She must have given it to Gong mo.

Gong mo originally had the same thoughts as mother Zhai. He wanted to keep the money as his private savings and take it out when he needed it, so that he wouldn't spend it extravagantly in the beginning.

However, he was so rich that she didn't have to worry about him. She could only say, 80000 Yuan. Mom insisted on giving it to me, afraid that we would suffer here. If she had known that you were so rich, she wouldn't have to worry about this. She would have given me all her savings!

Sheng nanxuan smiled. how would I dare to tell you earlier? If you knew, you would definitely not be willing to marry me.

You know about it? Gong mo rolled his eyes at him.

Then, when do you want to tell mom?

Gong mo was stunned, let's wait for a while, hehe.

She didn't even know what he did for a living. If she told her mother, she would only scare her.

Moreover, he was so powerful that she felt that they were not people from the same world. If they were to separate, there would be no need to mention many things.

Chapter 68

68 You want to sleep alone? no way!

After dinner, Sheng nanxuan said to Gong mo, " I'm going to the study to deal with some things. You should sleep early.

...

Gong mo frowned. She didn't want to sleep with him, Yingluo.

Sheng nanxuan seemed to read her mind and said calmly, " don't wait for me. I'll sleep in the study after I'm done.

Hearing this, Gong mo heaved a sigh of relief and quickly nodded.

When she woke up the next morning, she felt that the bed was a little crowded. When he opened his eyes, he saw a person lying beside him.

"Ah!"

Gong mo screamed and retreated, almost falling to the ground. The person next to her suddenly reached out and grabbed her. She looked up in fear and saw Sheng nanxuan's eyes closed.

Sheng nanxuan frowned and slowly opened his eyes. He had just subconsciously grabbed her and was not awake at all. He only woke up now. "What are you doing so early in the morning?" he asked, closing his eyes.

you ... Gong mo pushed him away and sat down. He started to check his clothes-although they were a little messy, they were not taken off and the buttons were still on.

She heaved a sigh of relief. Fortunately, she was wearing conservative pajamas and not a nightdress that would easily expose her. "Didn't you say that you were sleeping in the study?" she questioned unhappily.

Sheng nanxuan sat up. if I didn't say that, " he said, " would you have slept with peace of mind? "

wuwuwuu. he made a lot of sense, and she was actually speechless!

Of course, she didn't think that he was lying to her after what he said last night, so she fell asleep very quickly after getting into bed.

This liar!

"I'm very hurt that you want to sleep separately between husband and wife." Sheng nanxuan said in all seriousness.

"We're not close yet!"

"That's why it's even more important for us to get closer to each other and increase our understanding."

Who would want to have intimate contact with him!

Gong mo said angrily, "but isn't it too fast to sleep together from the start?" Can't you take it step by step?"

"You already have a child, how can you take it step by step?"

"Yueyue, I'm going to brush my teeth." Gong mo didn't want to waste any more time talking to him. He lifted the quilt, got out of bed, and quickly walked into the bathroom.

She had decided that she would lock the door tonight!

.....

The next morning, Gong mo opened his eyes and was slightly surprised.

Sheng nanxuan had already woken up and was reading the newspaper on his iPad. "Good Morning," he said, looking at her.

"I'm going to lock the door." Gong mo said in a daze.

"I have the key."

Yingluo. how could she have forgotten that he was the owner of the house!

She had decided to sleep in the guest room tonight. Since he wanted to sleep in the master bedroom, she would let him sleep alone!

.....

The next morning, Gong mo turned over and touched a warm object. He was shocked again.

She quickly opened her eyes and saw Sheng nanxuan. When he got up, he realized that he was in the master bedroom!

“I was sleeping in the guest room last night!” She said.

“I’ve already said that the guest room is for guests.” Sheng nanxuan paused and looked at her. there might not be any guests here. How about this? I’ll tear down the guest room so that you don’t go to the wrong room.

“.....”

Gong mo wanted to cry but had no tears. He decided not to sleep tonight! The moment he came in, he was chased out!

The result:

She started to doze off after lying in bed for a while. When she woke up in the morning, she was no longer surprised to see Sheng nanxuan lying next to her.

No matter how he went to bed, unlocked the door, or carried her from the guest room to the master bedroom, she did not wake up. It was too torturous!

Was she in such a deep sleep? Did he give her sleeping pills?

Gong mo stared at him anxiously. Sheng nanxuan, who was putting on his clothes, asked, “What’s wrong?”

Chapter 69

69 An unfamiliar handsome man

“Did you put sleeping pills in my mouth?”

...

“Are you stupid? You’re pregnant, can you take medicine?” Sheng nanxuan looked at her speechlessly. they all say that pregnancy makes one stupid for three years. It’s true. You’ve already started.

Gong mo felt that he was being despised, but he was being despised with reason. She had actually forgotten that she shouldn’t take medicine when she was pregnant! Sheng nanxuan had married her for the sake of their child. How could he not notice this?

She said gloomily, “then why am I sleeping so soundly?” I didn’t even sense you when you came in!”

it’s obvious that you’ve become drowsy due to the pregnancy. Sheng nanxuan looked at his watch. a normal person usually sleeps for seven or eight hours. You started sleeping at nine last night, and it’s already eight now. You’ve slept for eleven hours. You still have to take a two-hour lunch break in the afternoon, Yingluo.

Gong mo: “ Lao Ai. forget it, she should just accept her fate. If she doesn’t even realize it herself, she won’t be able to escape from him and sleep alone!

Habit was a scary thing. In less than a week, Gong mo was used to waking up to see Sheng nanxuan next to him.

This morning, when she opened her eyes, she found that there was no one beside her, and she was a little unaccustomed to it.

Did he not return to his room last night?

Gong mo got up and saw that the pillow next to him had traces of being pressed on. There was even a strand of short hair on it. The bed sheet was also wrinkled. All of these indicated that he had been sleeping here but had already woken up.

Didn’t he usually wait for her to wake up together?

Gong mo picked up the alarm clock beside him and found that it was already 10 am!

Why did she become so sleepy?

She touched her still flat stomach and was deeply worried. If she loved sleeping so much now, what would she do when her stomach got bigger?

After washing up, Gong mo changed his clothes and went downstairs for breakfast.

Sheng nanxuan was not in the room. She asked the servant as she drank her milk, "Where's teacher?"

"He's upstairs,"

"Oh." Could he be in the study?

Gong mo felt a little bored and wanted to go out and buy some necessities for pregnancy and labor. However, she was not familiar with this place. She planned to talk to Sheng nanxuan and see what he would do.

She walked out of the study and was about to knock on the door when she heard voices coming from inside. Could Sheng nanxuan be on the phone?

She hesitated for a moment and knocked twice.

The voice inside stopped, and Sheng nanxuan's short voice was heard. "Enter."

Gong mo pushed the door open and said, "nanxuan Xuanji."

She was stunned and her eyes widened.

Sheng nanxuan was not the only one in the room. There were four other men. She knew two of them- Fang Yang and Zeng Shuai. But she had never seen the other two.

However, these men all had one thing in common-young and handsome!

Sheng nanxuan sat on the chair, turned around, and asked, "What's wrong?"

uh, hehe. Gong mo came back to his senses. it's nothing. I won't disturb you anymore. After he finished speaking, he closed the door and left.

The remaining four men in the room looked at Sheng nanxuan. Sheng nanxuan stood up."That's all. Call me if you need anything."

"Yes, BOSS!" The four of them answered in unison.

.....

Feeling bored, Gong mo walked out of the villa and decided to visit the Rose Garden.

On the way, she saw the beautiful scenery around her and her eyes lit up. She immediately walked in the other direction and stopped when she was some distance away from the house. Then, she took out her phone and began to take pictures.

Such a beautiful house, just like in a fairy tale, of course he had to take a photo!

After taking a few photos, she heard the sound of a car. She walked back in confusion and saw a few luxurious cars driving away from the front.

The car had obviously come from the villa's garage. She saw Sheng nanxuan standing at the door and hurried over. Nanxuan!

Chapter 70

70 All her dreams were “realized” by him

where did you go?” Sheng nanxuan turned around and asked in confusion. where did you go?”

...

He thought that she had returned to her room, but she was not there. She was actually outside.

“I’ll take a look over there.” Gong mo saw that he was unhappy and pointed to the back awkwardly. Then, he looked in the direction of the car and asked, “are they all your subordinates?”

“Yes.” Sheng nanxuan raised an eyebrow and asked with a smile, “why? did you see a handsome guy again?”

Gong mo glared at him. Why was this person so vengeful?

She lowered her head and fiddled with her phone. that’s right! You guys are so good-looking and pleasing to the eye. It’ll be a pity if I don’t look at you!

“You don’t have to look at them, just look at me.” Sheng nanxuan smiled and looked down at her. When he saw the picture of the house on her phone, he asked, “You want to take a picture? The phone doesn’t work well, I’ll get you an SLR.”

“There’s a DSLR here?” Gong Mo’s eyes lit up.

“There are two.” Sheng nanxuan turned around, and Gong mo hurriedly followed him.

After entering the study, Gong mo raised his head and observed.

This was the first time she had come in. She was so shocked by the handsome man at the door that she didn’t even have time to look. Now that she saw it, she was not feeling good. She was simply envious, jealous, and hateful.”Your study room is so big!”

It was even bigger than her and her mother's house. There were many bookshelves and they were all high, all reaching the roof! Almost all the books were in hardcover. Other than Chinese, there were also various foreign languages.

She had always dreamed of earning money to buy a house of her own, then have a separate study room where she could collect as many books as she wanted!

She did not expect that all her dreams would be "realized" in Sheng nanxuan's house! However, this did not belong to her. It was so sad.

"You like it?" Sheng nanxuan asked.

Gong mo nodded and asked, "are there any empty rooms?" Can you make a study room for me too? I ... I like to read."

"Sure." Sheng nanxuan said, "I'll get a designer to design it and I'll show you the blueprint. You can do it if you think it's okay. You can use this place for the time being before it's done.

Gong mo was grateful to him, but he knew that there must be a lot of secrets in his study.

She shook her head. I haven't been using it much recently. When I need to use it, it might be after the child is born.

"That's good. The house will be empty for a while after the renovation." Sheng nanxuan opened the cabinet and took out his SLR camera. He pointed at the cabinet full of lenses. you can choose.

Gong mo was so shocked that he almost smashed the camera on the ground.

What a tycoon! This cabinet would cost at least a few hundred thousand Yuan!

It was indeed something that only the rich could play with.

She had always wanted to buy a single-lens reflex camera, but the good ones were too expensive, so she had been holding back. She had learned how to use the news in college, so she bought a second-hand one from her senior who had graduated in the second semester of her freshman year.

He had thought that when he went to work, the unit would definitely provide it if he needed it, so he could temporarily not buy a new one.

In the end, she didn't expect that plans couldn't keep up with changes, and it was not of much use to her now.

She had used that second-hand camera for three years and could still use it, but she was pregnant now and wouldn't be working for at least two years, so she left it at home and didn't bring it.

It was a good thing he didn't bring it along. Otherwise, he would be too ashamed compared to this cabinet full of collections. He only had the urge to smash it!

Gong mo asked as he picked the camera, "You like photography?"

"No, I didn't,"

"Then why did you buy so much? The configuration was too complete! Even professional photographers don't have as many as you."
