

Ditsy Wife 641

Chapter 641 Don't take it to heart

Little aunt covered her mouth, turned around, and ran downstairs.

...

Gong mo also started crying and suddenly shouted, "Aunt-"

Little aunt stopped and turned to look at her.

Gong mo sobbed, "I'm sorry Zhenzhen, I didn't mean to say such things, Zhenzhen!"

She had never spoken to an elder like this before. It could be said to be treasonous, and she couldn't stand it. Even if her aunt had done many things to let her and Shan Rong down, she had no right to criticize her as a junior.

If it weren't for Tian Cheng, she wouldn't have said so much.

Little aunt shook her head, "it's fine, Yingluo. You're right." For Cheng Cheng's sake, I have to change."

"It's good that you can change it." Gong mo replied, "my father's compensation is more than two million Yuan Yuan Yuan."

Little aunt was stunned and looked at her in a daze.

their family gets more than a million Yuan, but you only get 100000 Yuan. Qian mo was completely disappointed in his two uncles. they're the ones who tell you that women are useless every day, right? They'll definitely want you to move everything you're going to leave for Tian Cheng to their house! They didn't even care about their brothers, would they care about their sisters? The brothers are men, and the sisters are women!"

Little aunt clenched her fists, her hands trembling.

“Goodbye!” Gong Mo closed the door.

When she returned to the living room, she felt a slight headache. She cried and threw herself into Shan Rong’s arms. I hate myself like this!

“You’re telling the truth.” Shan Rong hugged her. it’s okay. Since we won’t be seeing each other in the future, it’s good to let your aunt wake up for Tian Cheng’s sake.”

“But I said bad things about uncle.”

“They’re bad to begin with!”

“I feel sorry for my cousin Yingluo.”

“Your cousin thinks so too. The son doesn’t speak of his father’s mistakes, so he can’t say it. He’s just thanking you for helping him say it!”

“That’s enough,” Gambino consoled him. if it wasn’t for the fact that it’s inconvenient for me to speak with my current status, I’ll definitely tell them myself. Don’t take it to heart.

“Look, your dad doesn’t even mind, so don’t take it to heart.” Shan Rong patted her shoulder.

Gong mo wiped away his tears and smiled, but he was still a little worried.

During dinner, she received a call from Tian Cheng.

Tian Cheng had just finished school and was about to have dinner, so she took the opportunity to call her.

cousin ran ran, "Tian Cheng said guiltily. I'll apologize on behalf of my mother. You can choose not to forgive me.

"It's okay, I've forgiven you," Gong mo felt very uncomfortable after saying so much to his aunt. He didn't dare to blame her. "You're in school now?" she asked.

"Yes."

"Study hard." Gong mo instructed.

The Heiresses of the capital city could even be admitted to the capital University and study abroad. How could girls from ordinary families have the right to be willful?

It was definitely impossible for someone like Gong Gong to become outstanding with his looks! Those rich young masters were not fools!

"Have you thought about which university you're going to?" She asked.

In fact, she hoped that Tian Cheng could get into Beijing. She and Gong Bai were both there, so they could take care of her.

"I want to go to a University in the capital, but I don't know much about it." Tian Cheng said in frustration.

"Alright!" Gong mo hurriedly said, "how about this? tell me what major you want to study and which school you want to go to. "Also, when the results of the monthly and mock exams are out, give them to me. I'll help you compare them and aim at a few schools first. After you're done with the college entrance exams, you can circle them."

"Would it be too much trouble for you?" Tian Cheng asked weakly.

“I won’t. It’s good that you trust your cousin.”

“I trust my cousin the most now!” Tian Cheng smiled. I’ll let you know the results then.

Chapter 642 Cousin, you’re really my life mentor

if you have time during the winter break, you can go to the capital. I’ll take you to see the schools, ”
Gong mo said with a smile.

...

“There’s no need for that. It’s good that you can pass. I don’t dare to ask for anything else.”

“Good luck then! My cousin and I will be waiting for you in Beijing!”

“Alright!” Tian Cheng said in high spirits, “ I’ll definitely go! If I stay here, my father and uncle will say that I’m a money-losing good for the rest of my life, so I have to work hard!”

to Wanwan, ” Gong mo said in a low voice. you can only rely on yourself.

After hanging up the phone, if he were to tell Shan Rong and Gambino about the situation ...

“She better not work too hard, or she’ll fall sick!” Shan Rong said.

“Then I’ll buy her some supplements,” Gong mo said after some thought.

“I’m afraid she won’t want it.”

“Then we’ll have to think of something, Yingluo.”

The method was simple. After Gong mo returned to the capital, he called Tian Cheng to ask for her school's address and said that he would mail her some reference books.

Tian Cheng did not suspect him and immediately sent her the address. The next day, she received an express delivery. Not only were there reference books, but there were also a lot of expensive nutritional supplements.

Tian Cheng was touched but also felt guilty. Mom had already treated them like that, yet they were still so good to her.

Tian Cheng called Gong mo to thank him.

"Actually, mom and I just wanted to make it up to you," Gong mo said. We really don't want to bother with Big Uncle and the others anymore. If little aunt changes her ways, we can still hang out with her in the future. He didn't want to cause any trouble before that. However, we're family after all, and I can't just ignore you. I can only compensate you."

I hate having parents like that sometimes! Tian Cheng cried. I hate having parents like that!

"Don't think that way!" Gong mo said hurriedly.

"Then what should we think? What parents who are all-right? That's all bullshit!"

"There's no choice. Your brother-in-law has broken up with his family, and his situation is more serious than yours. He could have changed his last name and cut off all ties with the Sheng family, but he didn't, did he? There are some things that, even if you're extremely unwilling, you can still accept it openly. That will show that you're extraordinary."

Tian Cheng was taken aback, but she suddenly felt relieved. She smiled and said, "Cousin, you're really my life mentor!"

“What life mentor?” Gong mo couldn’t help but laugh. I’ve been through this. I know that you love to waste your time on a dead end at your age! If you’re bothered by these things and can’t study, how are you going to get into college? At that time, his entire life would be ruined! I’m guessing that if your parents get a divorce and you and your mother divide the inheritance, your dad will probably make a fuss now. So, calm down and don’t be affected by them! When you leave in the future, you can bring your mother to your side when you have the conditions. You won’t be bothered by anyone else and will be completely free!”

“Okay, I got it.”

alright, that’s it. Relax and don’t give yourself too much pressure.

After hanging up the phone, Gong mo heaved a sigh of relief and found Sheng nanxuan leaning against the wall and looking at her.

“How long have you been here?” she asked.

“Hmph, I heard almost everything.” Sheng nanxuan said sourly, “ you really care about her!

“You’re jealous of this too!” Gong mo couldn’t help but laugh and said helplessly, “ it’s all for mom and dad. Although he was not happy with his uncle and the rest, he was still his father’s brother. If he did not do anything, his mother and he might not be able to let it go. I’m their daughter, so what I did is also considered their doing. I’ll do a little more. I’m repaying evil with good. I’ve done my part. It’s only natural that dad and mom don’t care. It’s good for everyone. Besides, Tian Cheng wasn’t wrong. When we got married, she was the only one who gave her blessings. Just this alone is enough for me to treat her better!”

“So you’re saying it’s for me?” Sheng nanxuan looked at him with a smile.

Chapter 643 I want to bring my boyfriend home

She reached out to hold his face and said with a smile, "Yes, for you! I'm a superstitious person. As the saying goes, 'God is three feet above us'. What if the God heard Tian Cheng's blessing and we mistreated Tian Cheng? what if the God made the blessing ineffective?"

...

"As long as she's willing to treat you with sincerity, we'll naturally treat her with sincerity too."

In any case, being good to Tian Cheng was nothing more than helping her in life and material things. He didn't lack that bit of material things, but it wasn't like he couldn't do it in other aspects!

Nothing was better than his wife being happy!

.....

Yu family.

Wu surong and Min Ling were discussing the menu for tomorrow's lunch.

Yu Qingliu said, " you make it so Grand every time. Nanxuan will feel pressured. Can't you be more natural? "

"He only comes here once in a while, how can it not be Grand? If we don't show him that we're taking this seriously, what if he thinks that we don't welcome him and won't come again?" Wu surong rolled her eyes at him. if you have the time to talk nonsense, why don't you go and find me a daughter-in-law?
"

"Tsk, you can always bring everything up in this way!" Yu Qingliu said irritatedly.

"You think I want to get involved in this? When you first went to college, I was hoping that you would add someone to my family during the holidays. In the end, after waiting for more than twenty years, you are still alone! You're embarrassed?"

“What’s there to be embarrassed about?”

nanxuan’s child is about to know how to greet people!

don’t keep talking about nanxuan. We didn’t know he was your grandson in the past!

“Can’t I compare it with something that’s not my grandson’s?”

“Nonsense! The whole street is filled with people younger than me who are getting married, and you want me to hang myself?”

Wu surong choked. She pointed at Yu Xinran and said, “Then Xinran has a boyfriend too. You watched her grow up, right? And you want to see her child grow up before you get married?”

Yu Xinran was stunned. She didn’t expect the fire to suddenly burn her.

I’m sorry. she raised her hand weakly. since Wanwan has said so much, can I ask you something? ”

“What is it?” Everyone looked at her and wanted to say, “ What did he mean by ‘that’s all’? I just said that you have a boyfriend, are you going to talk about this?”

Getting a boyfriend was one thing, but when she was old enough, she would be anxious if she didn’t get one. Just like Yu Qingliu’s current situation! But watching her being taken away was another matter, and everyone couldn’t bear to!

Yu Xinran asked carefully, “can I bring my boyfriend home tomorrow?” I think it’s time for you to get to know each other.”

Everyone was silent, and Yu Xinran was a little nervous.

he's your boyfriend. Of course, we want to get to know him. Yu Qingping said, "I've always wanted to see what kind of person he is, but I saw him too early. It's as if I'm taking him too seriously."

Yu Xinran, "Yingluo, don't you take it seriously?"

"The bad guy who snatched my daughter, I have to give him a cold shoulder." Yu Qingping glanced at her.

dad ~"Yu Xinran couldn't help but act coquettishly.

"Your brother and uncle have seen it before, so I'm not in a hurry and pretended to be calm."

ppft-"Min Ling laughed at the side. The others laughed too.

but tomorrow is the Mid-Autumn Festival. Isn't it a little too formal?" Yu Qingping asked, "it's his first time here. I wanted to test him. If I'm not satisfied, I can't do anything to him during the festival."

Yu Xinran thought weakly, 'he's afraid that you'll do something to him, so he chose the big festival!' Moreover, Sheng nanxuan was coming tomorrow. Everyone would definitely be embarrassed to make things difficult for him in front of him.

Chapter 644 What's important is that you care

"You're Gong Mo's cousin, right?" Wu surong asked. Bring him here! He had to give Gong mo some face. They've been dating for so long, yet they still refuse to let her visit. Gong MO will think that they're looking down on her!"

...

Yu Qingping nodded and said to Yu Xinran, "If you think you can go far, then bring him here to take a look."

Yu Xinran bit her lips. he's a very good person. I want to stay with him for a long time.

you, Yingluo, "Min Ling said. you're young. You're full of love and don't care about anything. If he really wanted to go on in the long run, just having feelings was not enough! It was not empty talk to be of equal social status. Money could indeed be earned, but a person's vision and thinking were cultivated from a young age, which was very difficult to make up for. Two people who grew up in different environments have different living habits and can't get along with each other. Their days are full of bumps and bruises."

Yu Xinran bit her lip and lowered her head in silence.

Yu xinzhuo's heart ached a little, and he hurriedly said, "Gong Bai is quite good. I think Sheng nanxuan also intends to give him a hand. His future achievements may not be lower than those in our circle. He's even stronger than us second generation ancestors!"

Min Ling paused for a moment and said,"do as you wish!" After all, nothing was absolute. Two people living together had to support each other, tolerate each other, and enjoy themselves! look at nanxuan and Gong mo as examples. Gong mo was originally ordinary, but thankfully, she knew how to work hard. She learned some things and got to know some people. Nanxuan also protected her in every way, preventing outsiders from bullying her.

Wu surong nodded,"the most important thing is to care." If you don't even care about it, then don't blame the people outside for not taking it seriously!"

Gong mo came from a simple family, but because Sheng nanxuan doted on her, no one in the capital dared to look down on her! When they saw her, no one would think that she was inferior to them. They would only think that she was someone that even the night God cared about and was naturally more noble than them.

"Alright, sleep early." Wu surong said.

Everyone returned to their rooms.

Yu Xinran walked to the door of the room and was stopped by Yu xinzhuo.

mom's words are based on her experience," Yu xinzhuo said. she's also thinking for you.

Yu Xinran nodded,"I understand." She's my mother, why would she harm me?"

Yu xinzhuo smiled and said,"yes." Even if I don't treat you well one day, mom won't change."

I know you won't change either ~"Yu Xinran smiled.

Yu xinzhuo's heart was at ease. He reached out and ruffled her hair. He couldn't help but sigh. such a cute little sister. I can't bear to part with her when I think about her marrying into someone else's family in the future ~"

you'll also marry someone else's cute little sister ~"

Yu xinzhuo paused ,then I'll find someone without a brother. I want to beat Gong Bai up every day, and I don't want anyone to beat me up every day in the future."

pfft ... Yu Xinran laughed. it seems like Gong Bai also doesn't like Nan Xuan.

tsk! All the men in the world who snatch other people's younger sisters are bad guys in the eyes of the older brother! Yu xinzhuo shook his head and looked at her seriously. if you really want to be with him, you have to help him integrate into your environment and circle, just like how nanxuan helped Gong mo.

Yu Xinran nodded and looked at him gratefully. "Brother, thank you."

"Why are you thanking me?" Yu xinzhuo couldn't help but feel awkward when he saw how serious she was.

"Thank you for supporting me."

you're my only sister. Of course I want you to be happy.

In his eyes, Gong Bai was certainly not worthy of her. However, if she broke them up, she would definitely be sad and hate him, so he could only choose to support her.

Chapter 645 I want to sleep with mommy!

Hu Zi was lying on the bed, hugging his little feet as he looked at Gong mo.

...

Wearing his pajamas, Gong mo covered his face with his hands and played hide-and-seek with him.

"Hehe hehe," Hu Zi laughed happily.

Sheng nanxuan came out of the shower and asked gloomily, "Aren't you going to send him back to his room?"

"What should we do if he cries again?" Gong mo looked at him pitifully.

After sleeping together every day in Nanjiang, Hu Zi had become addicted to it. When he returned, he clung onto Gong mo and wouldn't let go. He would cry if anyone dared to separate him and his mother!

Hence, they had compromised yesterday!

"You can't always sleep with us, right? He'll get used to it after two more days."

Gong mo pouted and said reluctantly, "He's still so young, so he should be sleeping with us."

“We didn’t even sleep together when he was younger, so don’t spoil him now!” Sheng nanxuan reached out and picked up Hu Zi.

Hu Zi looked at him and grinned.

Sheng nanxuan said ,’there’s no use laughing! You’re not allowed to snatch my mother away from me!”

hiss ~”Hu Zi spat out a saliva bubble.

“You’re so disgusting!” Sheng nanxuan carried him to the nursery and placed him in the crib.

He looked at him in confusion, his eyes pitiful.

“It’s useless to act pitiful.” Sheng nanxuan smacked his face. a man should sleep alone!

Hu Zi lifted his little feet and put the food into his mouth.

Sheng nanxuan pushed it away, covered him with the blanket, and left the room.

Hu Zi moved his feet and kicked the blanket away, looking at his back in confusion.

The door closed, and Hu Zi wanted to get up. The confinement lady walked over and laid him flat before covering him with the blanket again.”Baby, be good. We’re going to sleep.”

After the nanny finished speaking, she turned off the main light in the room, leaving only a small sleeping light beside the crib, emitting a warm yellow light.

wuwuwuwu ” Hu Zi rolled over and got up. He stood with both hands on the bed railing and looked around in a panic. Then, he started to cry loudly, ”

The nanny hurriedly turned on the light and comforted him in her arms.

Gong mo and Sheng nanxuan arrived quickly. The nanny explained, "He cried when he saw that Sir had left."

Gong mo glanced at Sheng nanxuan and reproached him. "I said we should sleep together!" After saying that, he carried the child over.

Hu Zi immediately stopped crying when he was in her arms. He sobbed pitifully.

Shan Rong also stood up and stood at the door, saying, "Put him to sleep before putting him back."

"Alright!" Sheng nanxuan immediately agreed. He said to Gong mo, "let's do it this way!"

After carrying the child to their bedroom, he fell asleep in less than half an hour.

Sheng nanxuan carefully picked him up, as if he was carrying a time bomb.

Gong mo laid on the bed and looked at him helplessly.

After a while, he ran back as if he had just escaped. "Alright! I'm sleeping!"

"What if he wakes up?" Gong mo was worried.

"I'm here! I'll go coax him. You should go to sleep. What if you're tired tomorrow?"

"If I wake you up, you won't have any energy."

"Who am I? He's in good spirits, don't worry."

“Alright, then.” Gong mo sighed.

.....

In the morning, Sheng nanxuan had just gotten up and was about to go for a run when he heard the child’s loud cries.

He immediately walked into the nursery and saw the nanny pacing back and forth in the room with the child in her arms.

“What’s wrong?” He asked.

when I woke up, my eyes rolled around twice, ” the nanny said. I suddenly cried. I probably didn’t see you and Madam.

Sheng nanxuan looked at the child and said gloomily, ” “You’re so troublesome!” After she finished speaking, she carried him in her arms and turned to leave the room.

Chapter 646 Play with me, daddy!

The child gradually stopped crying and looked at him helplessly, his mouth whining.

...

“You want your mother, right?”

Yiya ... passing by the master bedroom, the child reached out and pointed at the door. yayaya ...

There! There! Mommy is there!

“Mommy is sleeping. Come with me to train first!”

He was full of energy now. Sheng nanxuan was afraid that he would wake Gong mo up, so he carried him into the gym.

He put the child on the ground and got on the treadmill.

The child sat on the ground in a daze for a while and then began to crawl around the room. Sheng nanxuan kept paying attention to his movements.

The child crawled to the side of the barbell and was stopped by it.

He reached out to push it, but found that he couldn't move it at all, so he simply went around the barbell and climbed elsewhere. His movements were very fast.

Sheng nanxuan proudly thought, 'as expected of my son, look at his stamina!'

After crawling for a long time, Hu Zi had a clear understanding of the situation in the room and was now heading towards the door with a clear goal.

Sheng nanxuan thought again, 'that's my son. Look at his IQ!'

In the end, the door could not be opened at all!

Hu Zi sat on the spot for a while before bursting into tears.

Sheng nanxuan stopped running and walked over to pick him up.

Hu Zi cried so hard that he was out of breath. Sheng nanxuan could tell from his crying expression whether he had physiological needs or was simply venting!

She must be hungry now.

Sheng nanxuan carried him to find the nanny. After eating, he slowly stopped crying and forgot about his mother.

It wasn't until Gong mo got out of bed that he walked over to Gong Mo's side in high spirits.

"You're so happy to know that you're going to visit great-grandma today?" Gong mo laughed.

Sheng nanxuan rolled his eyes at him and thought angrily, " You only know how to act obedient in front of your mother! If you have the ability, cry again?"

roar! Hu Zi threw the toy in his hand at Sheng nanxuan's head.

Sheng nanxuan looked at him angrily.

He chuckled and stretched out his hand, shouting.

Sheng nanxuan picked up the toy and took it over. do you think I'm a dog with a flying disc in my mouth?
" he said.

"Hey!" Hu Zi took the toy and threw it on the ground again.

Sheng nanxuan turned and walked away. I'm not picking it up! he said.

"Eh?" Hu Zi was stunned. He looked down at the toys on the ground and looked at Gong mo pitifully. He didn't understand why his father didn't help him pick them up.

“Daddy wants to eat,” Gong mo said helplessly, “I’ll play with you after I’m done.”

After that, she placed him on the dining chair and piled the toys in front of him.

He watched as his parents went to eat. He was also very obedient and didn’t make a fuss. He played quietly by himself, sometimes hiding his toys in his arms, sometimes throwing them on the ground.

The nanny wanted to pick it up for him, but Sheng nanxuan said, “Don’t let him pick it up! Otherwise, he’ll think that this is the right thing to do!”

“He didn’t do it on purpose.” he didn’t hold it properly when he was playing,” Gong mo said.

“Then he’ll do it on purpose next time.”

Gong mo was speechless and said to the nanny, “Pick it up and put it aside. Don’t let him play with it. He’ll know next time.”

The nanny smiled and did as she said.

When the child saw this, he made a sound of surprise and pouted sadly. He didn’t know why he didn’t give him any toys to play with.

He looked down at the ground and saw that there was not a single one. He could only stretch lazily and kick his feet while looking at grandma, dad, and mom.

After the meal, Gong mo changed him into a new set of clothes and brought him and Sheng nanxuan to the Yu family.

“You’re coming back for dinner!” Shan Rong urged.

“Don’t worry.” I’ll definitely come back to reunite with you and dad, ” Gong mo replied with a smile.

Chapter 647 Gnawing on her little feet ~

“Yes.” Shan Rong touched Hu Zi’s face and said, ” “This is the first Mid-Autumn Festival we’ve had since your dad came back. Of course, we have to be together.”

...

Gong mo nodded. So they chose to have lunch at the Yu family’s house and have dinner at their own house.

When they arrived at the Yu family’s house, Gong Bai had already arrived. However, he had just entered the house and was standing in the room to be examined by everyone.

Gong mo and Sheng nanxuan walked in. He turned around and smiled at Gong mo. “Momo.”

“Cousin!” Gong mo greeted him with a smile.

When Hu Zi heard that, he immediately turned to Gong Bai, opened his arms, and began to babble.

“Have a seat.” Wu surong said.

Yaya-” Hu Zi was still greeting Gong Bai.

you only remember me! Gong mo laughed. say hello to great-grandma first!

Then, he turned Hu Zi’s head to Wu surong. When Hu Zi saw Wu surong looking at him attentively, he grinned.

Wu surong was overjoyed. She laughed, as the saying goes, a nephew is like an uncle. It's only right to have a good relationship with his uncle.

his uncle carried him a lot and even brought him gifts every time he went. He's a Lackey. Gong mo said.

She placed Hu Zi on the sofa, and he immediately crawled toward Gong Bai.

Hu Zi was now the darling of the two elders of the Yu family. The two elders originally had the intention to test Gong Bai, but now that they saw that he got along well with Hu Zi, they immediately found him pleasing to the eye!

Gong Bai was afraid that Hu Zi would fall to the ground, so he took the initiative to pick him up. Hu Zi looked at Gong Bai and greeted him while babbling.

good boy. Gong Bai touched his face and carried him back to sit beside Yu Xinran.

Yu Xinran lowered her head and scratched Hu Zi's face. Hu Zi looked at her without even blinking.

"Are you looking at a beauty?" Gong Bai asked with a smile.

hehe, hehe. Hu Zi looked at Yu Xinran and laughed foolishly.

Yu Xinran couldn't help but laugh and carried him over.

He didn't make any noise and just looked around while leaning on Yu Xinran. After a while, Yu Xinran handed him over to Yu xinzhuo, who was beside her.

Everyone spread the news to one another and in the end, he returned to Gong Mo's arms. Gong mo placed her between him and Wu surong. Wu surong immediately took him into her arms.

He had just been looking around and didn't pay attention to everyone hugging each other, but now he realized-eh? Why did he come back here? Wasn't uncle hugging her just now? No, it seemed like granduncle had also carried Yingluo before.

"Oh." Hu Zi furrowed his brows in distress and reached out to place his foot into his mouth.

"He's going to gnaw on my feet again!" Sheng nanxuan said.

Gong mo was shocked and immediately held him down. "Don't gnaw!"

awoo-" Hu Zi let go of his foot and grabbed her hand to bite it.

hahaha Yingluo! everyone couldn't help but laugh when they saw his cute appearance.

"Is it clean?" Wu surong asked, " if it's clean, let him take it. Children are all like this. They don't take it when they're older.

"I often eat it." Gong mo laughed and patted the child's head.

The child lay on the sofa and began to gnaw on his feet again.

"You're drooling." Gong mo hurriedly took a handkerchief and wiped his face. you dirtied great-grandma's sofa.

"They're starting to grow teeth, right?" Yu Qingliu asked.

yeah, I've been drooling since last month. I've been eating my hands and feet every day.

"It's all like this."

“Be careful when you grow teeth.” Wu surong began to impart her experience.

Min Ling also joined the discussion. Yu Qingliu guided them from the perspective of a doctor, and Gong mo and Sheng nanxuan accepted it humbly. The unmarried people around them were stunned.

Chapter 648 They're here to show off their love again!

Gong mo said that he would go home for dinner tonight. Wu surong was reluctant to let them go, but she couldn't force them to stay. After all, it was the Mid-Autumn Festival, and everyone wanted to reunite. She wanted a group, and Shan Rong definitely wanted a group too.

...

So, Wu surong asked them to stay until five in the afternoon.

When Gong mo and Sheng nanxuan returned home, they were preparing dinner. Dan Rong and Gambino were making Daddi at the dining room table.

Nanjiang's Mid-Autumn Festival custom was to eat Papa, and eating crab had only become popular in recent years.

Richard really liked to eat this kind of sweet and soft food. In his memory, when he was young, his Daddi was always made by Shan Rong.

At that time, life was tight, and Shan Rong was reluctant to buy it, so it was cheaper to make it herself. When they were slightly older and the conditions were better, dan Rong found it troublesome and would buy them directly from the market.

However, in Gong Mo's heart, when he was young, Shan Rong's Daddi had a unique taste that no other exotic delicacies could replace.

“Dad! Mom!” Gong mo walked over with Hu Zi in his arms. when did dad come? ”

wow! Hu Zi greeted the two of them.

“He came this morning.” Shan Rong smiled and said, “I thought you guys would be back later.

“It’s almost dinner time over there, so we came back.” Gong mo sat at the side and said, “we can eat Daddi again! Did dad eat in Italy?”

“I’ll ask them to make it after I’ve eaten.” Gambino said, “I’ve specially found a Chinese chef. When your mother is there, you can eat home-cooked food every day.

“When do you plan to leave?” Gong mo asked.

Gambino glanced at Shan Rong and said, “I want to leave this month.”

“Hu ‘Zi will be a year old in a few months,” Shan Rong said unwillingly.

“We’ll come back and stay until the new year.”

“This is more like it.” Shan Rong snorted in satisfaction.

Gong mo saw that they had already discussed this and there was no room for him to speak.

During dinner, Gambino ate a few pieces of deep-fried Daddi. Dan Rong said, “It’s not good for digestion. You should eat less.”

“You should eat less too,” Gong mo said to Sheng nanxuan.

“Then you should eat less too!” Sheng nanxuan said.

“Since Yingluo doesn’t eat much, why did she make so much?”

roar! Hu Zi shouted at them from the baby chair next to them.

“Be good ~ you can’t eat yet.” Gong mo looked at him and smiled.

awoo ~”Hu Zi tugged at his drool bag, looking bored and disappointed.

“He’ll definitely be a foodie when he grows up,” said Shan Rong.

“Inheritance!” Sheng nanxuan said.

Gong mo looked at him.

“I inherited it from you,”

Gong mo continued to look at him gloomily.

“He inherited his intelligence from me,” he said.

Gong mo immediately said to dan Rong, “mom!” He’s bullying me!”

“Yueyue” is showing off her love again!

Shan Rong ignored her and turned to Gambino. “This fish is not bad. Eat more.”

Gong mo, I feel like I’m being despised.

When it was time to sleep, Gong mo and Sheng nanxuan waited for the child to fall asleep on their bed before sending him back to the nursery, just like the day before.

The next morning, Sheng nanxuan carried him back after he woke up, in case he would make a fuss again.

The child woke up earlier than Gong mo. He opened his eyes not long after Sheng nanxuan left. After gnawing on his feet for a while, he got up and found that Gong mo wasn't awake. He laid back down and continued gnawing on his feet.

When Gong mo woke up, he couldn't help but laugh, " "How many chicken legs have you eaten?"

hehe-hehe-hehe- Hu Zi loosened his legs and opened his arms toward her-

Gong mo held him in his arms and went out to find the nanny.

Chapter 649 I think he'll look handsome with a bald head

The confinement nanny had just prepared the milk and immediately handed it to her. She stuffed the milk bottle into Hu Zi's hands, and he immediately hugged the bottle and started drinking.

...

"It's not so noisy now that I'm hungry." Gong mo said.

"He knows that everyone will feed him," the confinement lady said with a smile.

Gong mo touched his head and handed him over to the nanny. "You look after her first, I'll go wash my face."

Hu Zi watched as she walked away, his mouth sucking non-stop.

“He’ll be back in a while.” The confinement lady couldn’t help but laugh.

Wu, Wu, Wu. Hu Zi let go of the milk bottle and took a breath. He knew that his mother would not abandon him.

.....

Gambino set an address for his return home, which was a week later.

Shan Rong immediately called Gong mo to accompany her on a shopping trip! She was afraid that she wouldn’t be able to get used to Italy, so she wanted to bring more “ local specialties ” over!

“I think you’ll be able to live well with dad around,” Gong mo said.

“That’s not for sure. I’m afraid I won’t be able to adapt to the weather.”

“Didn’t you go there for a few days before? Don’t you know if you’re acclimatized to it?”

“I didn’t have the time to care about this back then.” Dan Rong paused.

“Shua shua shua.” Could this be the same as “full of warm thoughts”?

“Right, didn’t you want to cut your hair?” Shan Rong asked, “ when are you cutting it? Don’t wait until I’m gone before you cut it. Otherwise, I won’t be able to recognize you even if you change your appearance when I come back!”

“Cutting hair isn’t plastic surgery. It’s not as exaggerated as you say.” Gong mo couldn’t help laughing.

“I’m not used to it!”

I'll let he Yue know and ask her to make the arrangements. We'll go after we're done shopping.

"Alright then! You've never had short hair since you were young, I can't wait to see it!"

"What if it's ugly?" Gong mo was conflicted. I can't put it back after cutting it off."

"Then you can shave it all off!" Shan Rong rolled her eyes.

Gong mo felt very hurt. This must be his biological mother!

Shan Rong consoled her,"don't worry. Aren't you just worried that nanxuan will be ugly?" He definitely won't mind!"

Gong mo mumbled,"the more he doesn't mind, the less I want him to be ugly."

Here to show off their love again!

"Then if he's really ugly, you can ask him to shave his head to make you look ugly!" Shan Rong said unhappily.

"I think Zhenzhen will look very handsome if he shaves his head," Gong mo said after some thought.

"You still want to show off your love like this?" Shan Rong was speechless.

Where's Yingluo?

"Then don't cut it!" Shan Rong snorted.

“No, no, no, Yingluo wants to cut it.” what if he gets sick of her? ” Gong mo asked.

Shan Rong, “shua shua shua.”

by the way, don’t tell them yet. I’ll give nanxuan a surprise after you’re done!

“Doesn’t he know that you’re going to cut it?” Shan Rong was helpless.

“He knows I’m going to cut it, but he doesn’t know when exactly!”

“Alright then! Change to a new hairstyle, become more beautiful, and knock him out!”

pfft-” Gong mo couldn’t help but laugh.

When they left, they did not bring Hu Zi with them. They left him with Sheng nanxuan and Gambino.

“You really don’t want me to accompany you?” Gambino asked worriedly.

“We want to shop by ourselves, can we?” Shan Rong said irritably, “I won’t run. You look after the child!

“Yingluo, alright.” Gambino agreed pitifully.

Sheng nanxuan grabbed Hu Zi’s hand. come,”he said. wave to grandma and mom.

Hu Zi looked at his hand and bit it with a howl!

Sheng nanxuan was stunned. Gong mo laughed. Take good care of him ~”with that, she left with Shan Rong.

Sheng nanxuan looked at Hu Zi and said, 'you're not going to shut up? Mommy's leaving!'

Chapter 650 Do you have an appointment?

Wu, Wu, Wu. Hu Zi raised his head and found that Gong mo had disappeared. He let out a cry of surprise.

...

"What? I told you to wave, but you didn't!"

Sheng nanxuan carried him in. He turned his head and looked around. He was obviously looking for Gong mo.

ah ... he didn't find Sheng nanxuan. He looked at Sheng nanxuan pitifully.

mommy has something to do, " Sheng nanxuan said. daddy and Grandpa will be with you today!

.....

When Gong mo and Shan Rong arrived downstairs, he Yue and the driver were waiting for them.

He Yue was in charge of accompanying them shopping, helping them carry things, and dealing with emergencies.

The driver drove them to the most prosperous section of the capital, where the hairstylist Gong mo had made an appointment with was.

"Do you want to buy something first?" he Yue asked.

“Let’s buy some things first.” Gong mo said.

The three of them went to the supermarket in the mall and picked out a lot of things. Most of them were very cheap-Osmanthus cakes that cost more than ten Yuan a box, beef jerky that cost tens of Yuan a bag, and bean paste for cooking.

After that, Gong mo went to get a haircut.

“Do you want me to put the things back in the car?” he Yue asked.

“There’s no need?” Dan Rong said, “ that’s too troublesome. Let’s go there directly.

“Alright, then.” He Yue could only agree.

She just felt that these things didn’t match.

The hairstylist that Gong mo had made an appointment with was the best in the country. He usually did the hair of either big stars or rich ladies. The customers who came to his studio were either rich or powerful.

Those people were the best at looking down on people and would not allow people who were not presentable to lower their value by their side. If they brought these things over, those people might think that they were Housewives who came out to buy vegetables.

When they arrived at the studio, what he Yue had been worried about had happened.

As soon as they walked in, the receptionist at the front desk was shocked to see them. They couldn’t have thought that the prices here were in the tens of Yuan range, right?

“Hello, do you have an appointment?” she hurriedly stood up.

The receptionist was afraid that they would run in insensibly and bump into the guests. The guests here would make reservations before coming. Stop them with this sentence and let them know what the difference in status was!

“Hello!” He Yue hurried over and took out the business card before she could show her disdain. my Madam and Madam have an appointment with Mike.

Mike was the No. 1 in China. Not only could she design hairstyles, but she could also do full-body styling. She often went abroad to design supermodels and superstars 'styles. It could be said that he was at the top of the world. To be able to invite him, it was clear that the other party had an extraordinary background.

The receptionist immediately revealed a smile and said to Gong mo and Shan Rong, “This way, please!”

As she spoke, she sized up the two of them and realized that most of the clothes they were wearing were branded. He couldn't recognize the other half, but they were definitely not ordinary goods. They were more high-end custom-made than famous brands!

It was all because the two bags of things in their hands were too eye-catching, so much so that she couldn't see their net worth at first!

Carrying that kind of thing, he simply didn't care about his image! He didn't know if they had a unique hobby or if they were nouveau riche who had just entered the upper-class circle.

Gong mo and Shan Rong sat down in the resting area. The receptionist went to find Mike while the other employees came to greet the two of them. “What would you like to drink?”

There was a drink menu on the table. Gong mo picked it up and took a look.

“Flower tea,” She said as she leaned over to ask Shan Rong, “ mom, what do you want? ”
