

Ditsy Wife 701

Chapter 701 She escaped

Then, several windows around them turned into snowflakes one after another.

...

“There’s a problem with the Kasaya.” They could only think so.

Yu qinghuan looked at herself in the mirror and smiled. “Am I not perfect enough?”

.....

Cindy was tied to the experiment table, surrounded by instruments and several researchers in white coats.

She saw scalpels and colorful drugs and shouted in horror, “What are you guys doing? Let me out! Let me out!”

“Anesthesia!” Someone ordered coldly.

Cindy shook her head. don’t! Don’t! she said.

Her sleeve was lifted up, and the cold tweezers picked up the cotton dipped in alcohol and smeared it on her arm a few times.

She clenched her fists and tried to break free from the rope around her. “Let me go!”

Bang! Bang!

A loud noise came from somewhere, and all the lights in the laboratory went out. It was dark all around.

“What’s going on?” Someone asked in a panic.

After the incident with Sheng nanxuan and his men, they were afraid that something would happen again.

it might be a problem with the voltage.

They didn’t even use their phones here, and they couldn’t find anything to light up the place, so they said, “ calm down and don’t move. He should recover soon.

Cindy was still struggling on the experiment table. Suddenly, a gust of wind passed over her head, and her body froze.

A cold hand covered her mouth, and all the hair on her body stood up. She didn’t know what had happened.

Then, the rope on his body loosened. She understood that someone was trying to save her!

The other party pulled her down from the experiment table. Her body touched something next to her and made a clang. She was shocked.

The person who saved her didn’t care. He brought her quickly through the darkness, but she couldn’t see anything.

The person next to the experiment table heard the sound and subconsciously touched the experiment table, screaming, “ “Where are they? He’s gone!”

“What’s gone?”

Someone walked in with a flashlight and saw that the tied-up experimental subject was gone!

Everyone gasped, "what's going on?" How is that possible?"

"I ... I've seen a ghost, Yingluo."

"Don't talk nonsense!"

The circuit was quickly restored, and Carter rushed over. He grabbed the rope on the experiment table and looked-

Lily! he threw the rope down and shouted in exasperation, " go and find Lily!

Only Lily could break this kind of rope!

A few minutes later-

"Lily's gone! We can't even see her on the surveillance cameras!"

there's one more thing. Ran ran just checked the circuit and found no problems.

Carter clenched his fists and trembled in anger. "She's escaped, the traitor of the Kongtong Sect!"

"What do we do now?"

"Who let her escape!" Carter roared, " who?! Who was her accomplice? This place is heavily guarded, she can't possibly escape!"

but Yingluo's systems are all out of order.

“Quickly send people to chase after them!” “Why is the system out of order?” Carter asked.

it seems to be a radio wave interference. We’ve seen the surveillance records before the power outage. Many places are malfunctioning, but before that, we saw Lily walking past them.

radio wave interference. Carter was silent for a moment and then punched the table. she destroyed the circuit with brain waves! How could we not know about such an important modification? This woman has fooled all of us. We must catch her!”

.....

The setting sun was blood-red.

Yu qinghuan and Cindy ran for their lives in the desert. Cindy was panting as she followed her. When they passed a sand dune, she lost her balance and slipped, rolling down the sand dune.

Chapter 702 Wait for me here

Yu qinghuan stopped and looked at her calmly.

...

She kept rolling along the sand dune and didn’t stop until she reached a flat place.

Yu qinghuan ran down and appeared in front of her in the blink of an eye.

She was shocked. She sat on the ground and wiped the sand off her face. She climbed up with difficulty. “Who are you? Why did you save me?”

Yu qinghuan didn’t answer and turned to look at the sand dune.

Cindy looked over and saw that she had rolled down.

Yu qinghuan turned around and walked away, and Cindy staggered behind her.

This time, Yu qinghuan didn't walk too quickly. Cindy followed her, and her breathing gradually calmed down.

The sun was about to fall into the sea of sand, and the sky was about to turn dark. Cindy said, " I'm Cindy. What's your name? "

"Lily," Yu qinghuan replied after a moment of silence.

"Lily?" Cindy remembered Carter's words and asked in surprise, " Are they talking about you? But what did Yingluo mean?"

Yu qinghuan did not answer.

Cindy was too embarrassed to ask more, so she continued to follow her. After a while, she couldn't help but ask again, " You were also caught?"

Yu qinghuan nodded hesitantly.

"Why did they capture us?"

"I'm doing an experiment," Yu qinghuan glanced at her and said sympathetically, " you'll most likely die.

why? " Cindy shuddered. why? "

"Many people will die in those experiments."

"What kind of experiment is it?" Cindy asked.

it's not good, Wanwan. Yu qinghuan looked at the direction they had come from. let's hurry up. They'll catch up.

"Then what should we do?" Cindy said anxiously, " we'll die if we run into the desert!

Yu qinghuan stopped and looked at the yellow sand. "Do you know how to drive?"

"An off-road vehicle? I've learned it for a few days, but I didn't drive too far."

"Then wait for me here!" Yu qinghuan turned around and quickly ran back the way she had come.

hey-" Cindy shouted and followed him. However, in the blink of an eye, she had already run a hundred meters.

Cindy looked at her shrinking back and fell on the sand in fear. What kind of monster was Yingluo? How could he be so fast?

.....

The sun had finally set below the horizon. The desert was dark and the temperature dropped rapidly.

Cindy touched her arm and looked up at the stars in the sky.

What to do? Should he wait here? What if she didn't come back?

However, he had no choice. If he continued, he would only die.

But it was so cold here!

Cindy crossed her arms and squatted on the ground, shivering.

She wanted to stand up and walk, but she had not eaten all day and had no strength at all. After walking under the sun for such a long time, his body was already starting to get dehydrated.

Cindy sat on the sand and curled up.

There were a few times when she wanted to fall asleep.

However, she knew that she could not sleep!

Once she did, she might die Here!

It could be that the cold of the night had frozen her to death, or that the poisonous snakes and scorpions had bitten her to death, or that the sudden sandstorm had buried her.

She kept trying to keep her spirits up, and when she heard the sound of the engine in her daze, she immediately stood up.

A car drove over unsteadily, and the headlights shone on her.

She closed her eyes, covered her eyes with her hands, and looked through the gaps between her fingers

...

The car was coming straight at her. She wanted to Dodge it, but she fell to the ground because her feet were numb.

ah-” Cindy hugged her head.

The car stopped, and yellow sand filled the air.

He slowly raised his head and saw Yu qinghuan in a red dress jump out of the car.

Chapter 703 I'm leaving

"Are you alright?" Yu qinghuan's voice was cold.

...

Cindy shook her head, still in shock.

"Get in," Yu qinghuan said.

"Alright!" Cindy quickly followed her into the car.

Yu qinghuan started the fire. Seeing that she wasn't familiar with it, Cindy asked, "You don't know how to drive?"

"I just learned it." Yu qinghuan said indifferently. She finally started the car and stepped on the accelerator.

The car shook violently. Cindy asked in horror, "Just learned?"

"You rest first, I'll call you later." Yu qinghuan did not answer her question.

Cindy paused, nodded, and closed her eyes.

She had only learned it for a few days, so she might not be as Good as Lily. Besides, she was hungry and sleepy now. If she drove in fatigue, it would be easier for her to get into an accident.

Cindy soon fell asleep.

For as long as she could remember, she had been living in the refugee camp of shantagamma.

The refugee camp was not stable. The Chinese government allocated very little funds to the refugee camps. Most of the daily necessities of the refugees relied on donations, and they also relied on volunteers for medical care, education, and security.

However, the shantaganma refugee camp was not very eye-catching in the world. There were more refugees in the famine and war-torn areas waiting for everyone's attention, so they received very little donations.

Everyone's life was very difficult, so there were often people who robbed each other. The bandits who lived in the desert would occasionally visit the Oasis and Rob everything in the Oasis. They would even take women.

Cindy often couldn't sleep well in shantaganma.

She had actually slept very soundly in this car today.

Even though the car was shaking, she didn't feel anything.

She had been tired for too long. She knew that she was far away from shantagamma. Her experience in shantaganma made her feel that the outside world was beautiful.

She had a dream in her heart-could she go to a big city? To the capital of China.

She was the princess of Emilyya, and she wanted to seek help to unify Emilyya. But when she was in shantaganma, she didn't even dare to reveal her identity, afraid that the rebels would mix in with the refugees and kill her.

Leaving shantagamar meant that there were more possibilities.

Yu qinghuan stopped the car and gently pushed her.

“Lily?” she opened her eyes in a daze.

“I’m leaving,” Yu qinghuan said.

Cindy was shocked, and she immediately sobered up. “Leave? Where are you going?”

Yu qinghuan looked out of the car.

Cindy looked around and saw that it was a little brighter. She was stunned for a moment before she pushed the door open and got out of the car. She looked up and saw half of the crescent moon hanging in the sky.

The appearance of the last crescent moon meant that it was almost daybreak.

The sand on the ground was no longer soft. She squatted down and touched the ground, only to find that it was gravel. This was the Gobi Desert. After leaving the Gobi Desert, they should be in the city, right?

Yu qinghuan also got out of the car and handed her the car keys and a map.

“This is a Cormorant?”

Yu qinghuan placed the map on the engine cover and shone it with a flashlight. Then, she used a pen to mark on the map. “We’re here now, you can walk along this road.”

She slowly drew a line and finally stopped at a place. “Let’s go there.”

it’s so far away,” Cindy said.

“That’s the capital.” Yu qinghuan put down her pen, turned around, and took a piece of gauze from the car.

Cindy looked at her in confusion. She raised her left hand and cut her thumb across her index finger.

A streak of blood appeared.

She pressed her thumb against her index finger. A drop of blood condensed and she dripped it on the gauze.

Chapter 704 Give this to Sheng nanxuan

what are you doing?! Cindy was shocked.

...

Yu qinghuan didn’t reply, her eyes fixed on the blood on her fingertip. She didn’t stop until the gauze was soaked. She used her mouth to suck the wound, then rolled up the gauze and handed it to Cindy.”When you reach the capital, find a man called Sheng nanxuan and give this to him.”

“You’re not going?” Cindy asked, stunned.

“If I go, everyone will be in danger.” Yu qinghuan looked in the direction they came from. they won’t let me off.

“You ...”

Yu qinghuan suddenly flashed and disappeared from her sight.

Cindy was shocked, and it took her a while to come back to her senses. She hurriedly got into the car and drove after her.

After driving for a long time, Cindy drove up a slope. She looked around, but Yu qinghuan was nowhere to be seen.

Cindy looked around blankly, and her dress was fluttering in the wind.

She picked up the map and looked at it. Her current location was not far from shantagamma, but it was a hundred thousand miles away from the capital.

If it took so long to get here from shantagamar, wouldn't it take even longer to get to the capital?

She turned back to look in the direction of shantaganma and then looked at the map.

Perhaps she should go back. Those people had captured her, so they might go after others.

However, if he went back, he would not be able to come out in the future. The Chinese government didn't allow refugees to run around freely, afraid that they would cause trouble.

Cindy took a deep breath, closed the map, and got into the car.

No matter what, she was the princess of a country, and her eyes could not only be on shantaganma. The things there would be handled by the people there. She could not give up on the opportunity to get out!

.....

Beijing airport.

After Gong Fei got off the plane, she called Gong Bai as she walked."I'm here."

"You can take a taxi." I didn't move," Gong Bai said. I'm still living there.

“What if I’m recognized?” Gong Mao was dissatisfied. You’re not coming to pick me up?”

“I need to go to work.” Gong Bai said patiently and thought, “you’re not famous now. People might not know that you’re Gong Jie even if you tell them.”

“You knew I was coming today, yet you still went to work?” Gong Ying was even more frustrated.

Gong Bai,””

“Gong Bai!” “Are you listening?” Gong Ying shouted.

I’m here. Gong Bai rubbed his forehead as he felt a headache coming on. When he saw his colleague looking in his direction, he quickly said, “alright, I’ll pick you up. Wait here, I still need to apply for leave.”

When Gong Mao heard this, he felt a little apologetic. However, she would never take a taxi there! She was a big star now, so why was there no one to answer her when she got off the plane?

The only remaining guilt in her heart was suppressed, and she hung up the phone without any pressure.

When Gong Bai arrived at the airport, she was drinking coffee in a café.

“Let’s go,” Gong Bai lifted the suitcase.

“I haven’t paid the bill.” Gong Jie sat elegantly.

Gong Bai paused and turned around to pay the bill.

After walking out of the airport, the two of them got into a car.

Gong Jie also had some opinions about taking a taxi. He couldn't help but ask, "Why haven't you bought a car yet?"

"I don't have money!" Gong Bai snapped.

Gong Ying was stunned. He looked at the taxi driver in front of him and felt embarrassed.

When she returned to her residence, Gong Bai took a pair of slippers from the shoe cabinet and gave them to her.

She saw that there was a pair of lady's slippers inside.

She changed out of her long boots and snorted, "You're living with your girlfriend?"

"Put down your things first, we're going out for dinner!" Gong Bai paused for a moment.

"I don't want to see her!" Gong Ying went to the room she was in last time.

Chapter 705 Why do you always side with outsiders?

"You think she wants to see you?!" Gong Bai said angrily.

...

you-" Chi Fei gritted her teeth and closed the door angrily, thinking: If you don't please me, don't even think about marrying into the gong family!

Gong Bai chose an ordinary restaurant, which was not expensive and had an elegant environment.

Gong Fei frowned and did not say anything.

When she left the house, she was wearing sunglasses and the scarf around her neck covered half of her face. She had already taken it off.

The waiter came over with the menu and looked at her curiously.

She frowned, thinking that the other party would chase her for an autograph. In the end, it was as if the other party didn't know her. He put down the menu and left.

Gong Fei was furious!

He actually pretended not to know her? It must be her anti-fans who were deliberately embarrassing her!

"Your girlfriend isn't coming?" she grabbed the menu and asked Gong Bai.

"She has to work."

Gong Bai hoped that she and Yu Xinran would try not to meet each other as much as possible in case she made Yu Xinran unhappy. Naturally, he would not create an opportunity for them to meet.

"Didn't she know I was coming?" Gong ye asked angrily, " you're still going to work!

Gong Bai was displeased, 'Who Do You Think You Are? Is it worth it for someone to skip work to receive you?'

"You ..." Gong ze was dissatisfied. You want to marry into the gong family? dream on! I'll torture you to death!

"Let's go see Momo tonight," Gong Bai said.

“Who wants to see her?” “She’s sick?” Gong Ying asked. Are you going to die?”

“Who taught you to speak like that?” Gong Bai slammed the menu shut.

“Hmph!” Gong Ying turned his head away in dissatisfaction.

“Do you even know what manners are?” Gong Bai said, “ you didn’t pay him a visit the last time I came ...

“I’m not going!” Gong Ying said, “ do you know that her stepfather almost killed my parents and me? ”

“You still have the nerve to say that? Who told you to do that?”

“Why are you always on the side of outsiders?!” Gong Mao asked angrily.

“I’ll help reason, not family!”

hehe hehe! Gong ye sneered. you’re simply selling your family for glory! When you see that Sheng nanxuan is rich, you don’t even recognize your parents and sister! A cousin is closer than a younger sister, because a cousin is rich!”

you ... Gong Bai’s eyes widened in shock. He was filled with anger. Gong Ge Ge Ge Ge!

“You’re the one who’s sucking up to the dragon and the phoenix, what right do you have to look down on me? No matter what, I’m working hard on my own!”

Gong Bai suddenly pushed his chair away and stood up before he left the dining room in quick steps.

.....

Qing Yu media.

It was noon, and white-collared workers dressed up for work walked out of the building in twos and threes.

Leaning against the wall, Gong Bai looked a little lonely. When he saw Yu Xinran walk out, he immediately went over to greet her.

Yu Xinran could tell that he was in a bad mood and didn't ask further. If he wanted to tell her, she would, but if he didn't, she could only pretend that she didn't see it.

"Have you been waiting for a long time?" she asked, smiling.

"No, I just arrived."

He reached out to help her with her bag, and she held his arm with both hands.

"What do you want to eat?" He lowered his head and asked.

"It'll be fine if it's light."

"Alright," he said.

Gong Bai took her to a high-end restaurant.

She was slightly startled, thinking that the cost of living here was not low. She used to come here often, but after she got together with him, he was the one who paid for most of the meals when they went out. Naturally, he couldn't afford to eat at such an expensive place. He would only come during festivals and wouldn't come on normal days. Why did he waste it today for no reason?

After ordering, she carefully observed his expression.

There was not a trace of a smile on his face. His face was dark and hard. It was obvious that someone had provoked him.

Chapter 706 She was always careful

“Has little sister arrived?” Yu Xinran asked with concern.

...

“We’re here.” He lowered his head and replied indifferently.

Could it be that Ge Ge had an unpleasant encounter with Gong Jie?

After the dishes were served, the two of them clinked their glasses of red wine and then ate quietly.

Gong Bai suddenly looked at her and said, “do you think I’m too utilitarian?”

Yu Xinran was stunned and couldn’t help but laugh. “Among all the people I’ve met, you’re the least utilitarian!”

“Is that so?” Gong Bai laughed at himself and said, “but I’m not good to my family. I don’t support what they do. Instead, I’m close to my cousin. Don’t you think that I’m trying to curry favor with Sheng nanxuan?”

Yu Xinran was stunned and a little unhappy. “Don’t you have to feel guilty for saying that your family is not good?”

“I didn’t mean it that way,” Gong Bai said guiltily after a daze.

“You shouldn’t have thrown this difficult problem to me.” Yu Xinran said seriously. Even though they were married, she could not blame his family, let alone now. It was fine if he knew it in his heart, but when he spoke or did things, he should have the basic respect.

I’m sorry, Zhenzhen, ” Gong Bai said in pain.

“It’s fine.” Yu Xinran understood his situation and sighed. every family has its own difficulties.

“You have one at home too?” Gong Bai looked at her.

my Yingluo ” paused. there are also some unhappy things.

“They don’t support our relationship?” Gong Bai was stunned.

“No, I didn’t,” Yu Xinran blurted.

On the contrary, it was because she was too supportive that she was distressed.

In the past, she really thought that having feelings was enough. What couldn’t be overcome when two people were in love?

But now, he realized that it was really important to be of equal social status!

The situation of the Gong family scared her. She was afraid that their relationship would be destroyed by the turmoil of the secular world.

That was why she hoped that her family would strongly oppose them! In that case, she would be more determined and only want to be with him without thinking about anything else.

But now, she was thinking too much!

When she was with him, she was always careful and didn't dare to eat at high-end restaurants. They didn't dare to go shopping and sleep; She had to put in a lot of effort to pick a gift for him. If it was too expensive, she was afraid that he wouldn't be able to return a gift of equal value. If it was too cheap, she was afraid that he would feel that she wasn't true to him. She had to take care of his self-esteem at all times!

This was really tiring!

She knew that he was also very tired.

He was working hard to earn money and wanted to use his own strength to maintain her future life at the standard that she was born with. But now, he couldn't do that, so he could only make it up to her in other ways. He accommodated her, tolerated her, and loved Yingluo.

If this continued, their relationship would lose balance sooner or later. She didn't dare to guess where they would go.

Was he too willful at the start?

However, they had clearly said that no one should give up easily.

After the meal, Yu Xinran took her bag stealthily while paying attention to Gong Bai's movements.

Two days ago, it was Valentine's Day, and he had been paying for the entire date. To her, those expenses were nothing, but to him, it was a huge loss.

She didn't know if he had enough money now. If he had hesitated, she would have offered to pay the bill.

Without any hesitation, Gong Bai took out his card and signed it decisively.

“You’re going to overdraft your credit card this month, right?” Yu Xinran asked in a low voice after they left.

“Don’t worry,” Gong Bai said with a smile after taking a glance at her.

“I just don’t think Yingluo needs to be so wasteful.”

Chapter 707 Stop pretending to be a good person here!

Looking at her, Gong Bai felt his heart ache.

...

After being with him, she had been lowering her standard of living just to accommodate him and his weak financial ability.

He pulled her into his arms and said in a hoarse voice, “I can still afford it. I’ll have to treat you better.”

Yu Xinran grabbed him tightly. I know how you feel. You don’t have to ...

“Intentions?” Gong Bai interrupted her, “how many feelings do you have for only saying and not doing anything?”

Yu Xinran was stunned and couldn’t say anything.

Gong Bai let go of her and stroked her hair. “Let’s go. You’re going back to the company?”

“I’m free in the afternoon. And you?”

“I’m fine too.” He smiled. do you want to come to my place? ”

Yu Xinran nodded. Since Gong Jie was here, she naturally had to go and meet him. This was basic courtesy.

The two of them arrived at Gong Bai’s residence. When they walked out of the elevator, they saw Gong ze squatting at the door.

When Gong Mao saw them, he quickly sized up Yu Xinran and a strong sense of jealousy rose in his heart. This woman was better than her in everything! Her figure, face, and makeup were all exquisite. What was even more detestable was that she was dressed in branded clothes, which matched her perfectly!

Gong Mao sprang up from the ground and shouted at Gong Bai like a firecracker, ” “Where have you been? I’m about to starve to death!”

“Don’t you know how to go and eat by yourself?” Gong Bai asked angrily.

Yu Xinran tugged at his sleeve lightly.

He stopped talking and opened the door with his keys.

Gong ze was even angrier when he saw their actions-this woman actually dared to order her brother around! What was more hateful was that Gong Bai actually listened to it!

“This is your sister Xinran,” Gong Bai said to Gong ze after they entered the house.

Gong Fei snorted and turned her head away.

“Call for help!” Gong Bai said while suppressing his anger.

"I'm hungry!" Gong Jie shouted.

Gong Bai was furious. He had no idea what he had done to deserve such a sister!

"You call for help!" He roared.

"Gong Bai, forget it," Yu Xinran hurriedly said.

"You shut up!" I don't need you to pretend to be kind! Gong Ying shouted.

Yu Xinran was stunned and looked at her in disbelief. How could there be someone with such a low EQ in this world?

"Gong Jie!" Gong Bai roared.

"How is it?" Gong Fei raised her chin and said stubbornly.

Gong Bai raised his hand and slapped her!

Gong Bai-" Yu Xinran grabbed him. don't!

you!!! Gong ye was dumbfounded. you actually hit me?!

"I only hate that I didn't teach you properly in the past!" Gong Bai said angrily.

Gong Bai, " said Gong Xinran as she hugged his arm. don't be like this.

"Stop pretending to be a good person!" my brother never hits me. What did you say to him?! Gong Ying shouted.

Gong Mao ... Gong Bai roared angrily, " if you have the time to blame others, can you reflect on yourself first? –

stop it, Yingluo. Yu Xinran grabbed him tightly.

He gritted his teeth and stopped talking.

Gong Jie turned around and ran into the room, slamming the door.

Gong Bai fell back onto the sofa with a pained expression.

Yu Xinran sat beside him and asked gently, " "Are you alright?"

Shaking his head, Gong Bai reached out to hug her and buried his head in her neck. "I'm sorry, Yingluo, I messed things up, Yingluo."

"Do you want to go and talk to her first?" Yu Xinran patted his back gently.

"I'm so sorry." Gong Bai sighed.

He had never been patient. Otherwise, he wouldn't have watched Gong Mao walk off the path.

He didn't know when it started, but he became more and more disappointed in his family, so he was too lazy to persuade them about what they did. If he really couldn't stand it, he would confront them directly to let them know his attitude and that they wouldn't solve it in a peaceful way.

Chapter 708 Whatever you say

Even with Yu Xinran, he was still like this. However, he had forgotten that he was their son and brother. No matter what he said, they would not mind. Even if they blamed him, they would not hate him. After quarreling and scolding, they were still a family.

...

But Yu Xinran was different. If they quarreled because of her, they would blame everything on her.

I'm sorry, Yingluo," he said gloomily.

Yu Xinran pursed her lips and placed her hand on his back.

"Shall we go out for a walk?" he asked.

She would not be happy if she stayed here. If Gong ze came out to make trouble again, it would only annoy her.

"Alright," he said. Yu Xinran stood up and followed him with her handbag.

"Where do you want to go?" Gong Bai asked after they left the room.

Yu Xinran hugged his arm and said with a smile, "Whatever you say."

Gong Bai caressed her face and her ears. I think there's an Symphony at the National Theater. Shall we go and listen?"

Yu Xinran was stunned for a moment before she nodded.

Listening to a Symphony Orchestra was one of her previous entertainments. They had only been there once when they went on a date, on Chinese Valentine's Day last year.

The tickets to the concert were very expensive, and one had to wear formal clothes.

That time, Yu Xinran was invited to a concert, so she didn't spend any money on tickets. Gong Bai wore a suit and tie to work. Although his evening dress was not as luxurious as other people's, it was not rude to wear it to a concert.

However, many famous people had been invited to that concert. When she entered and left dejectedly, people kept greeting her. Since Gong Bai didn't know them, they had no intention of knowing Gong Bai. Although Yu Xinran introduced him as her boyfriend, the people still looked at him with disdain, which made him very uncomfortable.

Yu Xinran originally wanted to bring him into her own circle, but because he was unhappy, she tried to avoid such things. She didn't go to high-end events, concerts, or food tasting events.

She didn't expect that he would actually bring it up today.

Gong Bai made a phone call to book the tickets. Then, he looked at Yu Xinran and said, "I have to buy a gown."

"I'll just go home and change into another set!" Yu Xinran hurriedly said.

As the editor of a fashion magazine, she had to attend various events in the fashion and entertainment circles, as well as banquets and cocktail parties between the rich and powerful. She wore different clothes every time. Therefore, there were hundreds of new dresses in her cloakroom every year.

"I still want to wear it!" Gong Bai said with a smile.

Yu Xinran choked. The clothes he was wearing were fine, so he didn't need to waste money.

However, she was afraid of hurting his self-esteem, so she didn't say such words.

The two of them went to a well-known fashion brand's store.

Gong Bai asked the saleswoman to match an evening dress for him.

Although the suit he wore to the concert was more formal than a t-shirt and jeans, it was still a little rude. At that time, he actually couldn't tell the difference between the suit and the gown. He only felt a little embarrassed when he saw that the other person was wearing a bow tie while he was wearing a tie.

After matching them, a set of clothes and shoes cost tens of thousands, and this was the lowest price.

Yu Xinran sat at the side, feeling a little nervous.

"How is it?" Gong Bai turned around and looked at her.

She smiled, got up, and walked to his side. She nodded and said, "Cool!"

Gong Bai also smiled, and the saleswoman beside him complimented him, "Ms. Yu, not only is your boyfriend handsome, he's also very noble!"

Yu Xinran lowered her head and smiled. She didn't say anything and carefully tidied Gong Bai's bow tie.

"Choose a dress for miss Yu," Gong Bai said to the shop assistant.

"I don't need it!" Yu Xinran was shocked.

Chapter 709 I Want Your Love

"Choose," it's a matching couple's outfit,"Gong Bai said.

...

“Alright, I’ll listen to you.” Yu Xinran smiled.

“I suddenly remembered that I haven’t given you any clothes yet,” he said after the shop assistant left.

then you’ll be paying today ~”Yu Xinran smiled.

“Of course.”

In fact, she rarely wore this brand because it wasn’t at the top of the International fashion world. She didn’t even wear top-notch brands, and most of them were custom-made, let alone small brands like this.

However, the price of this brand was already the limit of Gong Bai’s spending.

Yu Xinran calculated in her heart and said to Gong Bai, “Since you’re sending me, I’ll send you back. You buy mine, and I’ll buy yours.”

Gong Bai looked at her helplessly and was very grateful for her consideration. “Maybe next time. There will be plenty of opportunities.”

Yu Xinran heaved a sigh of relief and nodded.

He was so abnormal today, spending money on her non-stop, which made her a little scared.

She thought he had made some kind of decision, such as ending this relationship.

It’s good that there’s still a next time. This means that he hasn’t given up yet.

Did Gong Jie’s words hurt him?

Yu Xinran thoughtfully chose a cheap dress. With her figure and temperament, no matter how much it was, it would look good on her. She would increase the value of the clothes, so she didn't have to care too much about the price.

Gong Bai did not argue with her. In any case, these numbers, one more zero or one less zero, made no difference to her. But to him, the difference was huge. She was thinking for him, so he naturally would not ignore her feelings.

When he paid the bill, Gong Bai took out his savings card.

His credit card had already been overdrawn, and he didn't have such a large limit.

In this kind of place, it was actually a more embarrassing thing to take out a savings card.

The cashier was stunned for a moment, but she settled the bill with a normal expression. Even though Gong Bai had no money, she didn't forget Yu Xinran's identity, so she didn't dare to offend her.

Yu Xinran held Gong Bai's arm and exerted more force uncontrollably. Her heart was full of heartache.

After walking out of the store, Gong Bai looked at the time and said, "Let's find a place to sit down. When the time comes, we'll go to the concert."

"There's no need, right?" Yu Xinran looked at him.

He had gone crazy today. He would definitely not take her to a place where she could spend a few hundred Yuan.

"What's wrong with you today?" she could not help but ask.

Gong Bai was stunned. After staring at her for a while, he suddenly pulled her into his arms.

'Gong Bai' and 'Gong Bai' were startled.

"I feel sorry for you." Gong Bai said, " you've always been wronged when you're with me.

"I don't think so!" Yu Xinran said.

"Then I'm even more sorry!" Gong Bai said, " you're clearly aggrieved, Zhenzhen.

Yu Xinran stopped talking and thought for a while before hugging him and saying, " "Don't feel pressured, Yingluo."

"But I can't be without pressure, right?" Gong Bai looked at her and said, " you've wronged yourself. If I take it for granted, how can I love you? "

Yu Xinran looked at him, touched. She smiled and said, " "It's good that you love me. I'm just afraid that you don't love me."

It should be said that it was good that he had such a heart. She was just afraid that he did not have such thoughts.

"I have nothing now, only love." Gong Bai said.

"I Want Your Love!" Yu Xinran said willfully.

"I'll give you the rest too."

Love can't be eaten. But he couldn't promise anything else now. Because even if he worked hard to get a car and a house, he was still not worthy of her.

Chapter 710 What does that woman's family do?

After the concert, Gong Bai sent Yu Xinran back to her apartment in the city and then returned to his own residence.

...

When she entered the room, the lights in the living room and the bathroom were on. She guessed that Gong ze was taking a bath.

There was a takeaway box on the coffee table. It seemed that Gong Gong had eaten takeaway that night.

Gong Bai changed his shoes and went back to his room. He turned on his computer and logged into the online bank account to check the balance details, then began to do the accounting.

This definitely wouldn't work.

Other than his daily expenses, he did not give his salary to the old man. He kept it all for himself.

He had taken a portion of it to invest in stocks. Although he had earned some money, the risk was too high, so he did not dare to invest too much. Most of it was spent on financial management that had no risk.

The day before yesterday, his financial product had expired, and the money had just been transferred to his current account. After spending it today, he had little left.

Gong Bai tapped the table lightly with his fingers. If he maintained his current status and his monthly salary, he didn't know when he would be able to step into Yu Xinran's circle.

He no longer asked to be on the same level as her. Ordinary people would not be able to reach the height of the richest family. However, there was still a chance to enter the upper-class circle. However, this circle was also thousands of miles away from his current life.

If he resigned and went to start a business, he didn't know much about any industry. Everything would be blind. He might lose time and money, but he wouldn't get anything!

If he continued with his current job, as long as he was capable enough, he would be able to climb to a higher place one day. It was just that time would be a little slow.

She would not beg Sheng nanxuan to give her a chance and look down on him from a high position.

Moreover, Sheng nanxuan was a man who kept his private interests separate. Since he had used him, he must have seen through his abilities. If he could endure the loneliness and accept the training, he would definitely be put in an important position in the future.

If he was too eager for success and ended up disappointing Sheng nanxuan, Sheng nanxuan might look down on him in the future, even if he had to give face to Gong mo and the Yu family.

It was possible that Sheng nanxuan would ask him to leave as soon as he made such a request.

"Aiyaya," Gong Bai sighed.

Besides Sheng nanxuan, the Yu family was also a shortcut. If he could lower his pride and beg the Yu family, they would probably give him a chance.

However, wouldn't that be putting the cart before the horse?

He originally wanted to climb higher and earn more money so that he could be worthy of Yu Xinran, and not rely on her to gain a future.

From the looks of it, he couldn't resign and start a business. Because if he did that, the Yu family and Sheng nanxuan would definitely think that he was not satisfied with his current status and would directly increase his value and raise his salary.

“We still have to take it slowly.” He came to a conclusion and looked up at the books on the shelf.

After getting together with Yu Xinran, he had bought a lot of books that had nothing to do with work, such as jewelry appreciation, wine tasting, and so on.

He didn’t want to be clueless when he was talking to her. He didn’t even know the origin of the things she was wearing and what secrets they contained.

Forget it, I’ll just calm down and read more. He still had a lot to learn if he wanted to be worthy of Yu Xinran.

Knock, knock, knock!

Someone knocked on the door.

Gong Bai paused for a moment, closed the internet bank page, and said, “Come in.”

Gong Ying pushed the door open and walked in. She had just taken a bath, so her hair was a little wet and her body exuded the fragrance of shower gel.

She walked to the table and asked condescendingly, “What does that woman’s family do?”

Gong Bai looked at her coldly.

She timidly looked away and said, “I’m talking about your girlfriend,”

“You can call her ‘sister-in-law’ or ‘sister Xinran’.” Gong Bai said indifferently.

Gong Ying was stunned and didn’t say anything.
