

Ditsy Wife 771

Chapter 771 Love is a difficult problem

“Is this what you call women’s rights?” Wu Yunyun looked at him excitedly. no matter if you’re a man or a woman, you shouldn’t put your hopes on others. You should fight for what you want! Why did it become a feminist move when it came to women? Shouldn’t it be natural?”

...

“OK! OK! you’re right. I totally agree with you. he looked around. you can lower your voice.

Wu Yunyun was shocked. She looked around and snorted.

She lowered her head and continued to solve the problem. After a while, she still couldn’t figure it out. She looked up and asked, ” “What formula should I use?”

urgh! Fang Yang took a look at the question. He could solve it with advanced mathematics, but high school students did not learn advanced mathematics!

It was a pity that he had forgotten the high school method.

“Did you bring any books?” he asked.

Oh? ” Wu Yunyun straightened her body. do you think I can stuff a book on me? ”

Fang Yang looked at her, and his gaze finally fell on her chest.

Wu Yunyun blushed and covered her face with both hands. “What are you looking at?”

Fang Yang touched his nose and said innocently, ” “I think that if Yingying had a place to hide something, it would be there.”

“You ...”

“I’ll show you again!” Fang Yang said hurriedly, “ the solution to these questions must be in the book. The person who set the questions won’t test the knowledge points outside of the book. It’s just that sometimes the solution has to take a few more turns. You just have to understand the book thoroughly.

Wu Yunyun nodded thoughtfully, but when she saw him looking over, she put on a straight face. “I don’t need you to teach me!”

Fang Yang could not help but laugh when he saw how she did not mean what she said. He tried to solve the problem on the serviette.

After the first step, he gradually remembered the rest. As if he had been enlightened, he quickly wrote down the steps to solve the problem.

“See if I’m right.” He capped the pen and handed her the napkin.

Wu Yunyun nodded repeatedly.

“It seems to be correct.” Fang Yang said.

Wu yayun paused, glanced at him, and said awkwardly, “ I’ll still have to ask the teacher if I’m right or not, but thank you anyway.”

Fang Yang turned the pen in his hand and handed it to her.

She was stunned for a moment before she pulled it back.

Fang Yang smiled, but when he turned around and saw Lin Jing walking over with Yang Jian, his smile froze.

Lin Jing raised her chin, a mocking smile on her face, and glanced at Wu Yunyun.

Fang Yang's face darkened. He glared at her and walked away.

He had been waiting for this woman for so many years, but what about her? At first, she was tormented by Sheng nanxuan. When she finally settled down, she thought that she could win her heart, but she turned around and seduced Yang Jian!

She would not like him anyway, so why should he hang himself on this tree?

Lin Jing sneered, a little fearless. Fang Yang liked her. No matter how much she hurt him, he would always be like this. What a b * tch!

"What's the matter?" Yang Shu asked.

"I'm fine." Lin Jing smiled and said, "my brother is over there. Let's go and say hello."

Wu Yunyun looked at them thoughtfully and shook her head in her heart. Love is a difficult problem ~

"Yunyun!" Wu honggong's voice was heard.

Wu Yunyun was shocked. She quickly put away her paper and pen, then turned to look at her. "Second cousin."

Wu Qianqian glanced at the paper in his hand, then looked in the direction that Fang Yang had left. She sneered, "I thought you'd forgotten grandpa's words. I didn't expect you to come up with another plan."

Wu Yunyun frowned and turned around to continue with her calculations.

Wu honggong glared at her. you only know how to study. How can you be successful?!

Isn't "Yingluo" successful in studying?

Chapter 772 Second brother Wu's plan

After the banquet ended, the sisters returned home. Wu Qianqian's mother came up to them and asked with concern, "How is it? Do you know any young masters from rich families?"

...

Wu Qianqian and her friends were all of marriageable age, and even the youngest, Wu Qianyun, was already eighteen years old! The Wu family was extremely anxious and hurriedly chased them to attend all kinds of banquets, hoping that they could take the opportunity to hook up with a rich husband!

Of course, other than Wu Yunyun, everyone else was happy to do so.

Wu Yunyun was about to take her college entrance examination and didn't have time to revise. She didn't want to attend this troublesome banquet at all!

She had wanted to come back after lunch, but Wu Lao er ordered her to stay!

Wu second brother was the grandfather of her and Wu Qianqian. He was the son of old master Wu and Wu surong's uncle. In order to distinguish him from old master Wu, everyone called him second brother Wu.

After hearing her aunt's words, Wu Hanhan smiled and said, "I didn't find anything, but little cousin seems to have met a good person."

Everyone looked at Wu Yunyun in surprise.

Wu Qianqian scolded Wu Qianyun, " "Didn't you say you didn't want to attend the banquet? In the end, she was chatting so happily with the man! You're both a whore and a good man, I'm talking about you!"

"What's going on? What are you arguing about?" Second brother Wu's voice was heard.

"Grandpa! (Dad!)" The crowd was shocked and immediately turned to look at him.

Second brother Wu had pestered Wu surong and old master Wu for the whole night at the hotel. He wanted to get some benefits.

Because Hu Zi had been by Wu surong's side the whole time, he knew that he was the son of the night God. He dawdled until Gong mo and Sheng nanxuan went to pick up the child and took the opportunity to meet Sheng nanxuan.

He had originally thought that with so many granddaughters of his, if he gave one or two of them to Sheng nanxuan as his second wife, their family would be rich.

However, he had just taken a look at Gong mo and found that he was really beautiful. His granddaughters couldn't even compare to him. He felt a little embarrassed to give him away.

When he entered the room, he heard them arguing. He asked irritably, " "What are you doing now?"

Wu Yunyun didn't want to chat with them, so she raised her chin and said, " "I'm going to read."

Second brother Wu paused. He didn't like this granddaughter of his, but he couldn't help but value her. Among the group of people, she was the only one who was different! He loved to read and had pride! From his decades of life experience, she was probably the best-married girl in this generation!

Therefore, even though he didn't like it very much, he couldn't help but say a few words of concern, " "How was the banquet today?"

not bad. Wu Yiyun nodded. not bad.

“Do you know anyone?” Second brother Wu asked urgently.

He was about to die. However, he still had a precious grandson who could not be helped up. He had to make sure that this group of granddaughters married well so that they could help his grandson in the future and bring the Wu family to greater heights!

“I know a guy called Fang Yang,” Wu Yunyun said.

Fang Yang teased, “Wu Lao er pondered. is he the chief Assistant of the night God?”

When Wu Qianqian and the others heard this, they looked at Wu Qianyun with jealousy and hatred.

I don’t know who he is,” Wu Yunyun said indifferently. we only chatted for a while.

Second brother Wu nodded. go and read.

Wu Yunyun looked at him and said hesitantly, “I’m going to take my college entrance examination soon. Can I not attend the banquet? You’re affecting my revision, Yingluo!”

“Alright, you can go.” Second brother Wu agreed.

Wu Yunyun heaved a sigh of relief and immediately ran off.

Second brother Wu sat down. He wasn’t worried about Wu Yunyun’s college entrance examination. Wu Yunyun always ranked first in her exams, so it didn’t matter even if she failed.

Chapter 773 Sun boyu looks very normal

Even if he couldn't get into capital University, he could get into other universities. The most important thing for a girl was to find a good partner. As for University, she could just stay there for four years and get a degree. If she wanted to marry into a rich family, she couldn't be a high school student, but she didn't have to be a top student either.

...

After Wu yayun left, the others looked at second brother Wu. "Grandpa, Zhenzhen"

Second brother Wu said, " although Fang Yang is not from an aristocratic family, as the chief Assistant of the night God, all of the night God's matters pass through his hands. He is more powerful than many company leaders. He is a rare talent.

Jealousy flashed across Wu Qianqian's face. She chuckled and said, " it's a pity that Yunyun is still young. Even if she's with Fang Yang, there may be changes in the middle.

Wu Lao er glanced at them. it's your fault for reaching beyond your grasp. You don't like her as an assistant.

When the few of them heard this, they understood what he meant. If they were interested, they could fight for it!

Wu Qianqian rolled her eyes. I think Lin Lei and CEng Shuai are also working for Sheng nanxuan. They're not married yet.

yes," Wu Lao 'er nodded. fan Yiwen too, but he's married.

.....

Fang Yang walked into the office and handed sun boyu's information to Sheng nanxuan. He said in self-blame, "I'm sorry, BOSS. I didn't manage to get any useful information. Sun boyu's information looks normal."

Sheng nanxuan narrowed his eyes and flipped through the information.

Sun boyu's mother was Chinese, and his father was from country Y. When he was ten, his parents died in a car accident and he was raised by his grandmother. He went to college at the age of 18 and had just graduated last year. He used his parents' inheritance as a start-up capital and started the ocean net shopping business.

The resume looked clean and there were no problems.

Sheng nanxuan felt that there was definitely something wrong with sun boyu!

His feeling could not be wrong.

The first time he met sun boyu, he felt that sun boyu was abnormal.

But which part of Yingluo's plan went wrong? He actually couldn't find out?

He looked at Fang Yang, and Fang Yang looked back at him nervously.

Fang Yang wondered if he should resign. He had been at a disadvantage recently! The BOSS might not want him to be his right-hand man anymore.

Sheng nanxuan thought, 'can you find another way to investigate? It's impossible for him to be fine.'

Fang Yang was conflicted, 'the BOSS means Wufu.'

"What?"

"I'll check it seriously." But what should be investigated had already been investigated, so how should they investigate?

Fang Yang's head hurt. He went back to his office and started to pull his hair.

They had thought of all the methods they could think of and used all the channels they could use, unless sun boyu's true identity was in a field they had never been involved in!

However, the world was so big, where was this 'domain'?

.....

Sheng nanxuan felt that he had to look for Yu Qingliu.

Yu Qingliu had been abroad for so many years, so he must have had a wide range of contacts. Moreover, his medical skills were outstanding and he had saved the lives of many important people. He also had a wide network of connections. He might know a lot of things that she didn't know.

Sheng nanxuan sighed. Although his power was growing, he was still at a disadvantage in terms of age. Both he and his forces were too young. There were many things in this world that needed time to slowly accumulate and settle.

.....

"Sun boyu?" Yu Qingliu looked at Sheng nanxuan in surprise. why are you investigating him? "

Sheng nanxuan voiced his doubts. don't you think he's too bold? I think old man Zhang has already told him who I am. How could he not be afraid?"

Yu Qingliu slammed the medical book in her hand shut and pulled out a chair to sit opposite him. you said that he gave people a strange feeling? Actually, I have the same feeling. He has the scent of a Hunter waiting to be hunted."

Chapter 774 Sun boyu is an assassin?

“Hunter? What do you mean by that?” Sheng nanxuan frowned.

...

“Have you ever hunted? Hunters hide in the dark and observe their prey, waiting for the right moment to strike!” Yu Qingliu sighed and recalled, “ he reminds me of the mercenaries I met in the war zone, but he doesn’t look like Yingluo. He might be an assassin!

“A killer?”

“I’m guessing.” Yu Qingliu hurriedly said.

Sheng nanxuan thought, “if it’s such an identity, there’s no sense of disharmony.” No wonder he couldn’t understand! Because he had never come into contact with an assassin, he naturally didn’t know what an Assassin’s aura was like!

“Uncle, do you know a killer?” he suddenly looked at Yu Qingliu.

“I’m a good person,” Yu Qingliu quickly denied. how could I know a killer? ”

Sheng nanxuan looked at him deeply and took out his phone to call Fang Yang. sun boyu might be a killer. Investigate in that direction.

Fang Yang replied, “I’m looking into it!” We couldn’t find anything before, but I think he’s in a field we’ve never been in, so we’ve already guessed that he might be an assassin. However, we don’t have many connections in the assassin world, so it’ll be a little troublesome to find out.”

“You check first.” Sheng nanxuan hung up.

“Why didn’t you guess that he was a mercenary?” Yu Qingliu asked.

“It’s unlikely that they’re mercenaries. Most of the mercenaries act in an organized way, while the killers act alone!” Sheng nanxuan knocked on the table. I wonder when Fang Yang will be able to find out about Wanwan.

Yu Qingliu flipped open the book. if there’s nothing else, then leave. Don’t disturb my work.

Sheng nanxuan narrowed his eyes and said,“uncle, you’re acting weird today.”

Yu Qingliu paused, glared at him, and continued to work.

Sheng nanxuan got up and walked to his bookshelf. He looked around and took out a book on Gynecology.

Yu Qingliu,’ran ran, are you crazy? To read this book?”

“It’s for my wife,”

sob sob sob, so you’re not crazy. You’re a henpecked husband.

Sheng nanxuan smiled and looked at it with great interest.

He read very quickly, and it took him less than an hour to finish the thick book.

He stretched his back lazily and his phone rang. When he saw that it was from Fang Yang, he picked up the call calmly.

sun boyu is an assassin from ‘dark shadow’, ” Fang Yang said. dark shadow is the world’s largest assassin organization. There’s a lot of information that I can’t find. I’m trying to find a way. He started training at the age of 12, and started going on missions at about 16. So far, we’ve found 7 successful cases, and there should be more,”

"I'm his mission target now?" Sheng nanxuan asked.

Fang Yang paused and lowered his voice. "We haven't found out about that yet. The dark shadow has done a great job of keeping it a secret!"

"Then be careful, in case you get killed."

Fang Yang was stunned, 'is the BOSS concerned about me?'

Sheng nanxuan hung up the phone and asked Yu Qingliu, "Do you know about shadow?"

"The world's largest assassin organization?" Yu Qingliu blurted out.

Sheng nanxuan looked at him meaningfully. "You really do know a killer."

Yu Qingliu, "Yingluo."

"I've never raised an assassin before, so I can only touch the edge of the assassin circle, but I can't go deep. Since uncle knows someone, introduce one or two to me so that I can get some information." Sheng nanxuan said with a smile.

Yu Qingliu paused and picked up the phone. "Who asked you to be my only nephew! Uncle is going all out today!"

Picking up the call, Yu Qingliu shouted into the phone, "Who the hell told you to kill Sheng nanxuan? He's my nephew, okay? If you don't take back your order today, don't ask me to save you the next time you're about to die!"

Chapter 775 Who is the buyer?

“If I didn’t do this, would you have called me?” The person on the other end said with a smile.

...

Yu Qingliu’s face was ashen, ‘you f * cking know that he’s my nephew and you still dare to take this business? Who’s the buyer?’

It was unknown what the other side said, but he said angrily, ” “If you have something to say, say it quickly! If you have a fart, then spit it out! I’m busy saving the dying and healing the injured, I don’t have time to talk nonsense with you!”

A moment later, Yu Qingliu hung up the phone and angrily said nothing.

Sheng nanxuan asked worriedly, “uncle, are you okay?” Who were you on the phone with?”

From the sound of it, he seemed to be someone of high status within the dark shadow.

“The boss of the dark shadow.” Yu Qingliu roared, ” he’s GAY! You’ve been trying to attack me! You actually called him for your old man!”

Sheng nanxuan’s three views were shaken. He looked at Yu Qingliu in surprise. “Little uncle, you’re so silly!”

“I’m straight!”

“Who wants to attack you?” With a bang, the door was knocked open, and ding dang rushed in.

Yu Qingliu, “Yingluo.”

“I actually have a rival in love?!” Ding dang said angrily.

“Close the door first.” Yu Qingliu covered her face.

The Secretary was already peeking his head out, his face full of shock. She had actually heard such a huge piece of gossip!

Ding dang slammed the door shut and angrily walked in front of Yu Qingliu, “You’re gay, right? No wonder they didn’t get married for so many years! You want to cheat me of my marriage, don’t you? Wuwuwuwu, I don’t want to live!”

“How am I bent!” Yu Qingliu roared.

“Then why aren’t you getting married?”

“I ran because I didn’t find a suitable one! No, I didn’t even look for it! I’m busy saving the dying and healing the injured, where would I have the time to think about the matters of my life?”

“Then why are you interested in me?”

Yu Qingliu paused and helplessly said, “That’s because you’re too annoying.”

you ... ding dang’s eyes widened. you actually despise me?!

“Who’s disdainful of you?” Yu Qingliu’s head hurt. I like people like you!

“Really?” Ding dang looked at him suspiciously. do you really like me? You didn’t lie to my stomach?”

“Why Would I Lie to You about your stomach?”

“Even GAY people have to lie to their stomachs to give birth, Yingluo.”

Yu Qingliu said weakly, "am I gay?" Don't you know?"

"How would I know ..."

Yu Qingliu glared at her.

She was shocked and covered her mouth.

Oh right, of course she knew.

They were already in the middle of doing that. Yu Qingliu was so fierce in bed, he wasn't bent at all!

I'm wrong, "ding dang said in a low voice, blushing. ran ran was thinking the wrong way.

Sheng nanxuan thought, "you've really blinded my fiery eyes!"

"Do you know who the buyer is?" he asked.

Yu Qingliu glared at him, Sheng Dongyi! You can leave now!"

Sheng nanxuan's expression changed.

Sheng Dongyi? He had actually forgotten about this person's existence!

She didn't care about his life and death in the laboratory. She didn't expect him to make such a mess for her!

The next time we meet, I can't stay.

.....

When Sheng nanxuan returned to his office, Fang Yang had already found more information.

“The boss of the dark shadow is codenamed King in the assassin world, but this codenamed doesn’t necessarily belong to him. If he was killed by another assassin, that person would replace him as the new king!” Fang Yang said, “sun boyu’s code name is ‘Casanova’. He’s good at using women to complete missions.

“So he pursued Gong mo to kill me?” Sheng nanxuan recalled sun boyu’s pursuit and harassment of Gong mo.

Fang Yang did not say anything. He had seen how powerful Sheng nanxuan was. If sun boyu didn’t find another way, he wouldn’t have succeeded.

Chapter 776 The King of Assassins

Sheng nanxuan suddenly laughed. send someone to keep an eye on sun boyu. Don’t let him get close to Gong mo.

...

He was afraid that Sheng Dongyi would not only take his life, but also Gong Mo’s. Gong mo was defenseless, so sun boyu didn’t care about her at all. He could only make his move after he was done with her. But if sun boyu realized that he couldn’t deal with him, would he only kill Gong mo to report on his mission?

yes. Fang Yang nodded and said nervously, “I just don’t know who the buyer behind the scenes is.

He had already tried his best to find out some information about sun boyu and King. After all, the dark shadow was the world’s largest assassin organization. It was naturally not easy to obtain the information of its customers. Otherwise, how could it be embarrassed to be the boss of the assassin world?

“It’s Sheng Dongyi,” Sheng nanxuan said.

“What?” Fang Yang was shocked. He had obviously forgotten about this person’s existence.

Sheng nanxuan sneered, “since he wants my life, I’ll take his life too!” Contact the dark shadow and ask them to get rid of Sheng Dongyi!”

this Taowu ... Fang Yang was speechless.

An Ying had already taken over Sheng Dongyi’s business. He couldn’t possibly turn around and kill Sheng Dongyi, could he? How could he do business if he turned around and killed the previous buyer?

However, he did not dare to question Sheng nanxuan’s orders. He could only carry them out.

“Let sun boyu do it,” Sheng nanxuan said just as she was about to leave.

“Yingluo is.” Boss, you’re really awesome!

.....

Country Y, shadow Castle.

This was the training base of the dark shadow, and also the residence of the dark Shadow’s leader.

The leader of the dark shadow was naturally the most powerful assassin in the dark shadow. Most of the time, he was also the No. 1 in the entire assassin world. 1. This was the case for this generation.

The people from the dark shadow called him boss, while the others called him King. No one knew his real name.

From the day an assassin became an assassin, he would gradually lose his identity. With each mission, countless fake identities and names appeared. As time passed, they didn't even know what their names were, only remembering their codenames.

The current King was like that. King " " was a code name and also an honor-the King of Assassins.

He was from country Y. He had blond hair and blue eyes. He looked very young, but he was actually in his forties.

As an assassin, he was proficient in many languages, especially the Chinese language. It was probably because the man he liked was Chinese.

Thinking of Yu Qingliu, his lips curved into a smile. He stood on the castle and picked up his binoculars, looking at the situation in every corner of the castle.

At this moment, there was a group of newbies who had just started their training. From time to time, all kinds of soul-stirring sounds could be heard in the huge castle-bullet explosions, arrows leaving the bow, the roars of beasts, and the wails of humans.

"There are two good seedlings in this batch." He said to the people around him.

"Yes." The subordinate nodded.

"The next King will be among them." He said with certainty.

The people around them stopped talking.

Most of the time, a new king would only get the title after killing the previous King. If he said this, it meant that someone would kill him in the future. Who would dare to agree?

King, on the other hand, was happy.

After being an assassin for a long time, there was nothing to pursue, and they could not have any pursuits. There was only endless killing-killing for the buyer or competing with peers.

Raising an enemy with his own hands and then having a life and death battle with him, just thinking about it made his blood boil!

“BOSS!” One of his subordinates hurried over and whispered something in his ear.

He put down the telescope and turned to say, “ask him to come to my study.”

Chapter 777 Sheng Dongyi's obsession

Sheng Dongyi stood by the window and frowned uncomfortably when he saw a group of people running desperately under the lion's pursuit.

...

He knew that the dark shadow was training killers.

He did not know where these people came from, but from the moment they entered the shadowy fortress, they were only left with cold-blooded ruthlessness. The shadow would lock them together and starve them to death, throwing a small amount of food in for them to fight for; if they weren't ruthless enough, they wouldn't be able to survive if they were left on a deserted island.

Knock Knock-

Hearing the knock on the door, Sheng Dongyi turned around. “Please come in.”

The door was pushed open and a man in Black stood outside. He was King's Man and also an assassin. yes, ” he said to Sheng Dongyi. BOSS wants to see you in the study.

Sheng Dongyi was a little excited when he heard that. Sheng nanxuan is dead?

He hurriedly walked out, his leg a little limped.

Because of Sheng nanxuan, shengshi pharmaceuticals had fallen, his parents had died, and his leg was crippled! Other than taking revenge, he did not know what else he could do!

If Sheng nanxuan saw him now, he might not recognize him.

After Sheng Zhongtian and Liu Xuelan's death, he followed the SSC to Xiyuan. In the process of rebuilding the laboratory, he had the scientists from the FARC do plastic surgery, change his name and identity, and leave the country to come here.

Taking Sheng nanxuan's life was not only his obsession, but also Huo Cheng and Carter's plan. That was why they were willing to do this for him.

In order to buy Sheng nanxuan's life, he had paid all his money. Hence, King invited him to stay over. With nowhere to go, he agreed.

However, every day when he woke up and slept, he would hear the sounds of fighting around the castle, which made him uneasy. He was always afraid that one day, those sounds of fighting would befall him.

He walked into King's study and saw his handsome face.

King didn't look like a killer at all. He always had a playful smile on his face, like a Playboy who hung out with flowers.

But the more he acted this way, the more scared Sheng Dongyi was.

After all, he was the king of the assassin world. How could he be as harmless as he looked?

An appearance that was too gentle would easily make people let down their guard, and it was even more dangerous than a cold appearance!

“Mr. King.” Sheng Dongyi greeted him respectfully.

King looked up at him and smiled. He pointed at the chair opposite him with his chin. please sit.

Sheng Dongyi limped over.

“Are your legs okay?” King asked, concerned.

“Yingluo is fine.” Sheng Dongyi lowered his head and said, “ it’s just that I haven’t had a good rest since I got injured. I should be able to recover in two years.

“That’s good. Otherwise, it would be a pity.”

What’s there to pity? Sheng Dongyi did not dare to ask.

King glanced at his face and chuckled. He picked up the cigar from the ashtray and took a puff.

Sheng Dongyi sat up straight, not daring to relax at all.

In the past, he was very proud, but after experiencing so many things, he already understood the importance of survival. In the face of a powerful person, he would put away all his pride, including his self-esteem, just to live on safely.

King blew a smoke ring at his face and he couldn’t help but cough. He tilted his head to look at the carpet beside him and had a strange feeling. He had been teased.

King thought, “she looks pretty good, but her legs are broken. She doesn’t look good.” However, there was another kind of pitiful posture, and he wondered how she was in bed.

In fact, Sheng nanxuan was more handsome, but the coldness in his eyes was even colder than his. He was not someone to be trifled with.

Chapter 778

Moreover, he was Yu Qingliu's nephew, and he truly liked Yu Qingliu. He couldn't possibly take a fancy to his uncle first and then his nephew.

...

However, it didn't matter if he had Sheng Dongyi. When would he get his hands on him?

While King was lost in his thoughts, Sheng Dongyi looked over and asked carefully, "I wonder if Mr. King has called me over because he has news of Sheng nanxuan?"

"Oh, there is." King leaned back in his chair and said lazily, "I'm easily seduced by beauty-"

"???"What the hell was this? Sheng Dongyi looked at him in surprise and confusion.

He said,"actually, I already knew about Sheng nanxuan before you came to me." I'm gay-"

Sheng Dongyi: Did he like Sheng nanxuan?

"I like a Chinese called Yu Qingliu."

Sheng Dongyi was already numb. He just listened to him.

"Unfortunately, that person is too straight! I'm the King of the assassin world, but I can only have a secret crush! He went to South Africa, East and West Asia as a volunteer, and I sent people to protect

him in secret. He's back in the country, so I asked people to gather information. I wanted to see his photo to comfort my longing. So, how could I not know that he suddenly has a nephew?"

Sheng Dongyi laughed bitterly. Did I walk right into the trap?"

King laughed coldly, "you think too highly of him!" He's just a night God, I, King, don't care. He and I are people from two different worlds."

then what does Mr. King mean by these words? "

"Yu Qingliu just called me. I told him that you're the buyer."

Sheng Dongyi closed his eyes and asked angrily, " if that's the case, why did you do my business in the first place?!

"Eh?" didn't you beg me? " King asked in surprise.

Sheng Dongyi was speechless.

Right!

He was the one who begged!

When he said he wanted to kill Sheng nanxuan, King had refused at first. He was only tempted when he increased the stakes.

then why did you ... Sheng Dongyi sighed helplessly. why did you betray your employer now? "

I've told you. I was accidentally seduced by her beauty. King pouted innocently. This action made him look like he was asking for a beating.

Of course, Sheng Dongyi didn't dare to hit him. He clenched his fists and said, "Then what are you going to do? Will that Casanova continue?"

"Why do you think Yu Qingliu is looking for me? Because Sheng nanxuan suspected the Casanova." King snorted. he's stupid too! After being an assassin for a long time, he was out of touch with the world. I knew that he would fall for his plan sooner or later. How many people dared to pester night God's woman? What did you Chinese say?" There must be something wrong with this abnormal situation! If he did that, it would mean that he had 'I have a problem' written on his forehead. Sheng nanxuan is too stupid to suspect him now!"

Sheng Dongyi did not dare to say that Sheng nanxuan was too stupid. King was probably the only person in the world who would dare to say that.

Casanova has failed, but my contract is still there, right? " He asked, " you want to switch people? "

King looked at him with sympathy. "Sheng nanxuan came to me to buy your life."

Sheng Dongyi gasped and looked at him in horror. After a while, she realized that even if Sheng nanxuan wanted to buy it, King might not sell it! He was King's employer now. How could King-

"I agree," King said the next second.

Chapter 779 joining shadow

do you still have any principles?! Sheng Dongyi bellowed.

...

"I just want money, why do I need principles?" King looked at him as if he was an idiot. I have so many people under me. I just got a new batch of people. Training them and raising them will cost a lot of money! Why did I accept your business? Because you give a lot of money! So many that I don't even

care about love! Now that Sheng nanxuan is giving me ten times the amount you're giving me, why should I not agree?"

Sheng Dongyi's limbs trembled in anger and fear.

He was afraid that King would kill him in the next second!

He gritted his teeth and asked, "aren't you afraid that I'll tell others about this?" If everyone knew that the dark shadow doesn't follow the rules when doing business, I wonder if anyone would still look for you?"

King laughed coldly. He suddenly took out a gun and pointed it at him. you'll have to be able to get out of here alive first. Dead people can't speak."

Sheng Dongyi's expression changed and he held his breath.

"However, I don't mind you personally taking revenge." King raised his gun and took out a white handkerchief to slowly wipe the barrel.

Sheng Dongyi gasped and asked in a trembling voice, "What do you mean?"

"I can see that your bones and bones are strange, you are a genius in martial arts." King looked at him and smiled. young man, are you interested in joining shadow? "

"Join the dark shadow?" Sheng Dongyi asked in a daze, unable to react.

"You've become an assassin. You can kill Sheng nanxuan however you want. If you don't want to be an assassin, you can pay more and I will send someone else to kill Sheng nanxuan."

Sheng Dongyi could not help but laugh. Where would he find the money? He had given all his assets to shadow.

“You can consider it.” King threw the gun into the drawer. come and find me when you’ve decided.

Sheng Dongyi stood up and limped to the door. He felt a sharp pain in his knee.

“If I join the shadow, will you reject Sheng nanxuan?” he suddenly turned around and asked.

King paused, as if he had just recalled something. “How could I have forgotten about this? He had already promised his employer, so how could he go back on his word? When do you think I should set the deadline for your death?”

Mr. King ... Sheng Dongyi took a step forward and said anxiously, “ I think you must have a way. There are other assassin organizations in the world. Sheng nanxuan can go to them!”

so they’ll find shadow. You want shadow to protect you? ”

Sheng Dongyi paused. I’ll promise you. I’ll join the dark shadow. When I get out, I’ll settle this myself.”

“Oh, Yingying sounds good.” King rubbed his chin and sized him up.

Sheng Dongyi’s body stiffened, and he felt a chill run down his spine.

“But what do I have to pay for rejecting the famous night God and taking the risk of being despised by my sweetheart?”

Sheng Dongyi looked at him in confusion.

He smiled, walked over, lifted his chin, and kissed him ...

Sheng Dongyi felt as if a bucket of cold water had been poured on his head!

How could he? How could he? He was a man!

“Baby, don’t be nervous.” I’ll take good care of you,” King said in a bewitching voice.

.....

A red shadow flew into the shadow Castle, and the alarm immediately went off in a frenzy.

The killers in the castle, regardless of whether they were working or resting, all reacted at the same time and rushed out with their guns.

Chapter 780 Love at first sight

Yu qinghuan stood in the middle of the castle, coldly looking at the crowd that was gradually gathering around her.

...

Everyone was holding guns and should have shot her at the first moment, but seeing her so indifferent, they didn’t dare to do so.

As more and more people gathered, one of the people with a bit of status ordered, ” “Fire!”

Everyone raised their guns at the same time and pulled the trigger at Yu qinghuan.

Yu qinghuan’s figure flashed, and she hid behind a pillar. The bullets hit the pillar, fell to the ground, and bounced around.

ah ... someone was accidentally hit by a stray bullet.

When the leader saw this, he coldly ordered, "Continue!"

Yu qinghuan's figure quickly darted into the house.

Everyone chased after them and continued to shoot.

In the process, two more people were injured by stray bullets.

"Stop!" The leader ordered helplessly. Find him!"

Strange! How could this person be faster than a bullet? What kind of monster was it?

.....

Yu qinghuan turned a few corners. Because everyone had run out to kill her, the place she went was empty.

She heard the voice coming from the depths of the castle and walked straight to king's room.

There were still many people standing outside king's room. Their job was to protect King. They would not leave no matter what happened outside.

King had also received the news, but he was not worried. He continued to torment Sheng Dongyi in bed.

He had so many men under him, could it be that he couldn't stop an intruder? Hmph~if you dare to break into this place, you'll be shot into a hornet's nest!

There was an open space outside king's room. Yu qinghuan walked over and hid in a dark corner to size it up, estimating the path to the door.

There were people all around her, and before she could judge the terrain, someone had already discovered her.

Although she had extraordinary physical strength, she had not received tracking and anti-tracking training like an assassin, so it was easy for her to be discovered.

“Who’s there!” The people at the door looked over, and the people at the other positions reacted as well. They took out their guns almost instantly and pulled the safety.

Yu qinghuan walked out calmly.

The crowd was slightly shocked and immediately pointed their guns at her.

She slowly walked forward, and the man opposite her coldly raised his gun and pulled the trigger ...

Bang-

Yu qinghuan turned her body slightly, and the bullet hit the stone pillar behind her.

The person who fired the gun was shocked, and the hand holding the gun moved nervously.

“A bunch of useless trash!” King’s voice was heard.

Everyone immediately lowered their hands and waited for orders.

King walked out as he put on his clothes. There was still a trace of passion on his face, and he exuded a wild and deadly sexiness.

When he saw Yu qinghuan, he stopped buttoning his shirt, but continued to do it slowly.

At the same time, he looked at her suggestively and exclaimed, "So the reason why I've always liked men all these years was because I never met you!"

The people around him were shocked and looked at him in disbelief. How could they not know what his sexual orientation was? He actually fancied a woman?

"Is she the one?" he asked the person beside him.

"Yes." The man immediately lowered his head.

"You guys are really good!" King cursed, "a woman barged into my house! How long has it been? Eh? Did you guys invite her in?"

Everyone lowered their heads in shame, not even daring to breathe.

King sized up Yu qinghuan and smiled. "May I know how to address you?"

I'll go find the man inside and hand him over! Yu qinghuan said coldly.

When she returned to the laboratory from the capital, she found that Sheng Dongyi was not there. She was worried that he would do something to Sheng nanxuan, so she escaped after finding some clues and found her way here.
