

## Ditsy Wife 871

Chapter 871 Annoyed to death by the word “uncle”

“This is your real uncle,” Gong Bai said with a smile.

...

“You’re also his real uncle!” Gong mo said hurriedly.

Gong Bai smiled without saying anything. He was only an uncle, and there was still a layer between them, so he didn’t dare to be self-righteous.

Hu Zi bit his finger and was on the verge of tears, “why is there another” real uncle “?” What kind of uncle was a real uncle? Sob sob, they are bullying me! She was bullying him because he was a little baby!

“What’s wrong with Hu?” Tang Xinxin looked at him and touched his face. good boy. I still love you very much.

Hu felt that his aunt was a really good person. He was about to jump into her arms, but she had already turned around impatiently, took out her phone, and started taking photos of Simon.

Hu Zi: “ Yingluo! baby is not happy!

mixed-blood is indeed different. She’s like an angel who has been abandoned in the world, ” Tang Xinxin said to Yu Xinran.

Gong mo thought of the punishment he had suffered because of his mistake and asked deliberately, “Do you want to have one too?”

After asking, she sneaked a glance at Wu Di.

Wu Di didn't feel anything wrong at all. He leaned in front of Tang Xinxin and looked at the photos she took.

Tang Xinxin glanced at him and said to Gong mo, "I do want to have one, but I don't know if I have the chance."

"There's definitely no chance!" Wu Di said firmly.

"Are you so sure?" Tang Xinxin snorted.

"If you doubt my ability, I'll tie you up and get married tomorrow!"

"Hehehe ... Is this a proposal?"

"Do you dare to answer me if I call you?"

"You guys are really too much!" Gong mo facepalmed.

"Waa waa waa waa," Simon suddenly started crying.

"Did you wake him up?" Tang Xinxin was surprised.

"You're hungry, right?" Shan Rong picked him up.

Little Simon looked particularly fragile, but she was crying very loudly.

Hu Zi stretched his neck to take a look and said to Gong mo, "He cried! Bad kid!"

Gong mo smacked him on the butt and pulled him into his arms, saying, "You're the bad kid. Little uncle couldn't speak yet, so he could cry. But you're already so big, you can't just cry like that."

Hu Zi was silent for a while, then snorted and lay on her shoulder angrily.

“Second aunt, we’ll be going out first. We’ll come back to see Simon later,” Gong Bai said to dan Rong.

“You’ve just gotten off the plane. Go and rest first.” Shan Rong nodded.

“I’ll send them to their rooms.” Gong mo said.

.....

After sending Gong Bai and the others to their rooms, Gong mo also carried Hu Zi back to his room.

Fang Yang, Zeng Shuai, and the others also came. Sheng nanxuan was in a meeting with them and only returned after a long time.

daddy ... Hu ran to him and looked up at him.

Sheng nanxuan smiled and picked him up. He sat on a chair by the window, crossed his legs, and put him on it. He deliberately raised his legs to play a game with him.

Hu Zi laughed happily.

Gong mo looked at the father and son with a smile and said to Sheng nanxuan, “Be careful, don’t fall.”

“I would rather throw myself than throw him,” Sheng nanxuan said with a smile.

Gong mo sat beside him and pouted, “One moment you said you wanted to beat me up, and the next moment you dote on Yingluo so much. What a strange father you are.”

Sheng nanxuan smiled and put Hu Zi on the ground.

Hu Zi was reluctant to let him go, so he could only continue as he said to Gong mo, "uncle suggested that everyone sign an agreement against the SS experiment, but several countries disagreed.

"Uncle," Hu Zi stopped and looked at him curiously. Why is uncle here again? He felt that he was about to be annoyed to death by the word "uncle"!

Chapter 872 I want you, a complete you

Gong mo glanced at him and ignored him. He asked Sheng nanxuan, "Why not?"

...

"For the sake of profit."

"Could it be that someone is trying to do this experiment?" Gong mo asked in surprise.

"Isn't that nonsense? If your body can't hold on for no reason and you're facing death, I might want to find a good body and transfer your will over. This way, even though you've changed your appearance, you're still here."

"Don't you dare mess around!" Gong mo was shocked.

"I'm just making an analogy. If you're really dead, I'd rather die with you! I want you, a complete you. Your soul and body must be you."

Gong mo was shocked and looked at him in a daze. He was touched.

He put Hu down and lowered his head to kiss her.

Gong moying kissed him back. After the kiss, she got up, put her arms around his neck, and sat on his lap.

He smiled and wrapped his arms around her waist, rubbing his head against her neck.

Hu Zi walked in front of the two and nudged Yi mo.

“You can go play by yourself,” Gong mo said.

“Hmph!” Hu Zi walked away angrily and went to look for his toys with his hands behind his back.

How annoying! How annoying!

His parents did not love him anymore! He wanted to play alone!

Sheng nanxuan said to Gong mo, “some people love power, some love money. They can’t bear to leave this world.” The SS plan will be useful to them.”

“But aren’t the doctors in the meeting? They should know the drawbacks of this experiment and won’t agree to it, right?”

“Medicine belongs to all of humanity, but medical scientists have their own nationality.”

“In that case, they’re not the ones who are against it? It’s the investors or the government behind them?”

Sheng nanxuan nodded. however, such experiments must not exist. Otherwise, wouldn’t the world be in chaos? ”

“Will uncle succeed?”

Hu Zi stuffed a toy into his mouth and started gnawing on it. A-uncle is so annoying! He didn't want his uncle anymore!

“I must succeed.” Sheng nanxuan said, “ the final voting meeting will be held in a few days. Do you want to go and listen? ”

“Can I go in?” Gong mo asked in surprise.

“I can give you a reporter's pass. Didn't you always want to be a reporter? Let's use our identity as reporters to witness a great historical event!”

Hearing this, Gong mo became excited and nodded hurriedly.

.....

After the one-month celebration, Gong mo and Sheng nanxuan went to the United Nations Headquarters together.

Gong Bai, Tian Cheng, and the others were also traveling there. When Gong mo was attending the meeting, they were touring the outside world.

“Sister Fei Fei, didn't you insist on coming this time?” Tian Cheng asked Gong Bai.

“I didn't tell her I was coming here.”

“Then what did you say?”

“He hasn't said anything yet. She moved out. She's not living with me. When she finds out, I'll say I'm on a business trip.”

Tian Cheng nodded and said, 'it's good that he didn't come. Otherwise, second aunt won't be happy.' I didn't tell mom about second aunt's child, so as not to cause trouble for second aunt."

Gong Bai smiled in embarrassment. If Tian Cheng told her mother about it, uncle Gong and the others would probably find out too. She couldn't imagine what would happen then.

When Tian Cheng saw his smile, she smiled bitterly and said, "We're the only two left, and I don't know if we can hold on."

They were full of sincerity, but they couldn't stop their pig-like teammates from dragging them down. It was really a bitter tear.

"You won't have a problem." Gong Bai said, "as for me, I'll take it one step at a time.

#### Chapter 873 Counter the "dual S plan"

Tian Cheng was silent for a moment. She looked at Yu Xinran, who was taking photos with Tang Xinxin and Wu Di, and said, "I think sister Xinran can be impatient sometimes. You should take care of sister Ye Fei. It's not worth it to lose such a good partner like sister Xinran because of her."

...

Gong Bai was stunned. He didn't expect that Tian Cheng could see the problem!

He suppressed the bitterness in his heart and forced a smile, "You're so mischievous, you know everything?"

"Hmph!" Tian Cheng turned her head away. if you think I'm wrong, you can just ignore me. I'm not your biological sister anyway, so I might harm you.

you ... Gong Bai said angrily, " I'm already so unlucky, and you're still mocking me? I have a younger sister, a younger cousin, and a younger cousin. In the end, only the younger sister is unreliable! I'm going to vomit to death!"

"You must have owed her in your past life." Tian Cheng gloated, " maybe she'll take revenge if you vomit to death!

.....

Medical representatives from hundreds of countries were gathered at the conference.

Gong mo and Sheng nanxuan sat in the reporters 'seats, wearing headphones with simultaneous interpretation, and watched the representatives of various countries debate fiercely.

Those who opposed Yu Qingliu believed that such an experiment would bring new breakthroughs in medical research, especially in Brain Research. This would be beneficial to the entire human race!

"Those who think it's beneficial are simply abusing their power!" Yu Qingliu said angrily, " if we don't oppose such experiments to the end, everyone, think about how Hitler is going to die. If we transfer his thoughts and memories into another healthy body, what will the world become? "

"But Hitler has already disappeared!"

"Is that so?" Yu Qingliu asked, " what about the other politicians? What should we do if the current head of the government does this?"

Everyone gasped in shock.

In fact, everyone had already thought of this, but this was the goal of the people behind them. After being exposed by Yu Qingliu, how would they dare to play dumb?

If he still didn't agree with him, wouldn't he be indirectly telling everyone: Even the head of their own country had such an inhuman idea?

If such experiments were not banned, there would definitely be some politicians and rich people who would ask medical scientists to help them with their experiments. At that time, some people would live on forever with different faces, doing all kinds of evil in this world.

He could not imagine how chaotic the world would be!

In the end, the official presiding over the meeting said, "the anti-dual S plan proposal, let's raise our hands to vote.

"I agree!"

"I agree!"

"I agree, Yingluo."

All votes were cast, and the anti-" dual S plan " was passed.

Gong mo, Sheng nanxuan, and Yu Qingliu all heaved a sigh of relief.

The three of them walked out of the building, and Tian Cheng and the others walked over. "How is it?"

"You've passed,"

"Yay!" come on! Tang Xinxin shouted happily. stand still, you three! Those who have made great contributions to humanity must take a photo together."

"What are you talking about?" Gong mo laughed.

She tried to stop Tang Xinxin, but Tang Xinxin avoided her. "I'm just nostalgic about the group photo, why? Even if you don't want to stay, little uncle still needs to stay!"

"Then, I'll leave uncle alone."

"Are you guys bored?" Yu Qingliu rolled her eyes.

"Uncle has done such a great thing, of course I have to take a picture for ding dang. Ding dang will be happy to death!" Gong mo said.

Yu Qingliu thought of ding dang's actions, and her face turned dark red. He straightened his back, put one hand in his pocket, and lifted his chin slightly. He was so handsome!

#### Chapter 874 Returning to the country

Oh my God! Tang Xinxin exclaimed. I finally understand why ding dang likes uncles!

...

"What?" Wu Di was dumbfounded.

It was fine that her previous sweetheart had been taken away by her little uncle. He didn't like her anyway. This girlfriend of his was in love with him, yet she still wanted to climb over his uncle's wall?

"What nonsense are you still spouting? Hurry up and take a picture!" Gong mo reminded.

"You!" I'm not as good as you. Tang Xinxin gave the camera to her.

Gong mo was helpless. He adjusted the camera and took a picture of Yu Qingliu. Then, she asked Sheng nanxuan to take a picture with her.

Sheng nanxuan went up obediently. After the photo was taken, he pulled her over and asked Tang Xinxin to take a photo with them.

In the end, everyone took a picture together and ended the trip to the United Nations.

From now on, no human or organization was allowed to conduct experiments on human brain exchange, will transfer, or soul transfer on a global scale.

Because of this experiment, the United Nations medical organization set up a special task force to investigate in China to see if the FARC had done other experiments with serious consequences.

The FARC was completely overturned, and a large number of researchers were arrested, investigated, and detained.

However, the person in charge, Carter, had absconded outside and disappeared.

.....

The group returned to China, and Tian Cheng prepared to return to Nanjiang to get her Admission Notice.

Gong Bai wanted to go back with her, but his annual leave had ended, so he had to go back to work.

“Gong Jin is here,” he reminded the two before they got off the plane.

The two of them looked at him in surprise.

He touched his nose. I didn't mean to hide it from you. I just didn't want to bother you.

"When did you arrive?" Gong mo asked.

"At the beginning of July, after he finished his exam."

"Are you going to follow sister Ye Fei?" Tian Cheng asked.

"He's going to start school soon, so he should be back soon," Gong Bai nodded.

Gong mo wanted to remind Gong Jin not to know that she was back. But on second thought, Gong Jin might not be willing to see her at all. Besides, Gong Bai would keep it a secret even if she didn't remind him.

When they got home, Gong mo helped Tian Cheng pack her luggage.

It was a whole box of them brought back from abroad, so it was not difficult to pack up. He didn't need to bring all the clothes back. He just needed to sort out some and bring the gifts he had brought back from abroad.

"Will Auntie treat us to a meal?" Gong mo asked.

"It's just to get into a University. Why are you treating me?" Tian Cheng frowned. I'm sure none of dad's people will come. As for the two uncles, Zhenzhen might end up quarreling, so let's forget it. "

"If you're not used to your brother-in-law's men, why don't you ask he Yue to go back with you?" Gong mo laughed.

"There's no need, right?"

"When you come over, you should have a lot of things. How can you do it alone?"

Tian Cheng thought for a moment and said softly, "I think mom wants to come to visit with me."

Gong mo was stunned. She recalled the day she entered University. Although it was in the city, dan Rong had still been particularly excited and nervous. She had sent her to school and helped her run errands. She had been completely worried.

To the parents, their children going to university was the beginning of their independence, and it was the beginning of their independence.

Gong mo said, "all mothers are like this, I can't stop worrying." I was in Nanjiang back then, and mom was already like that, let alone you, who came to Beijing to take a walk!"

what about ran ran? " Tian Cheng looked at her. should I ask her to send me over? "

Gong mo nodded. I'll send you to the airport then. I'll ask my aunt to pick you up. I won't arrange for anyone to accompany you back.

good! Tian Cheng secretly heaved a sigh of relief.

Gong mo asked, "are you really going back tomorrow?" We'll talk after we get over the time difference."

## Chapter 875 A capricious CEO

"There will be fewer and fewer days to be together with mother. If you can go back and do what you can, then go back and do it." Tian Cheng said sentimentally.

...

Gong mo paused and looked at her with mixed feelings. No matter what her younger aunt was like, Tian Cheng's relationship with her might not be worse than her relationship with Shan Rong.

The next day, she personally went to send Tian Cheng off and left the child in Sheng nanxuan's care.

When she returned from the airport, she received a call from Gong ze.

Seeing the caller ID, Gong mo had a headache and wanted to hang up.

She hadn't given Gong ye her phone number, so how could Gong ye know hehe?

Gong mo sighed at the thought of Gong Bai. He guessed that Gong ze had secretly searched through Gong Bai's cell phone.

From this, it could be seen that she would have to make Gong Bai suffer in her life sooner or later!

Gong Bai was very impatient with her now. If he was really tricked by her, he would probably never acknowledge her as his sister again.

The phone continued to ring. He Yue, who was sitting in the passenger seat, turned around. "Madam?"

"Hello?" Gong mo picked up the phone.

cousin ... Gong ye's grinning voice came. Gong Jin is here. He wants to see you. Are you free today? "

Yingluo doesn't have time, okay?

"Big cousin?" long time no see. How are you? " Gong Jin asked nervously.

it's pretty good, Zhenzhen, " Gong mo sighed. shall we have dinner together tonight? "

"Good, good, good!" Gong Jin agreed immediately.

After hanging up the phone, Gong mo went to Aimo library to look for Sheng nanxuan. At the door of the office, Sheng nanxuan's Secretary stood up. "Madam!"

Gong mo nodded and was about to enter when his Secretary said, "The president and the young master are in the playroom."

"A room?" he asked. What was that thing?

The Secretary left his seat and led the way. "This way, please."

Gong mo followed her and was led to a door by the Secretary. He pushed the door open and saw a children's playroom with a naughty fort and all kinds of toys inside.

"You want to open a kindergarten?" Gong mo walked in.

Sheng nanxuan turned around and looked at her gently.

Hu Zi slid down the ladder and into the colorful ocean ball.

mom-" he got up and greeted Gong mo happily.

Gong mo walked over, held his face and rubbed it. He turned his head away and ran off to play.

"Why did you get this?" Gong mo asked Sheng nanxuan.

I'm letting him play ~"Sheng nanxuan said matter-of-factly.

"This is the company!"

that's why the employees' children can also come and play. This is an employee benefit.

Your ran ran's employees are so blessed. Gong mo was speechless.

He was clearly doing it for Hu Zi, right? What a willful CEO!

Sheng nanxuan pinched her face. Of course, it was for Hu to play with. However, Hu would grow up one day, so he gave his employees some benefits.

"Where are we going for dinner tonight?" He asked.

"Just now, Gong Jie and Gong Jin called me. I said I would treat them to a meal," Gong mo frowned.

Sheng nanxuan was puzzled. Do they treat you well? You're still inviting them?"

"If I don't, he'll continue to bother me. Anyway, I won't invite them to my house. Let's just eat outside."

Sheng nanxuan nodded.

At six in the evening, the two of them brought Hu Zi to a restaurant. After a while, Gong Jie and Gong Jin arrived.

"I'm sorry, cousin, we're late," Gong Fei said with an apologetic smile.

"It's alright, we just arrived." Although Gong mo said that, he snorted discontentedly in his heart.

"Big cousin, cousin-in-law." Gong Jin greeted them in an attempt to please them.

Chapter 876 Looking at one's age at three

"Have a seat," Gong mo said with a smile.

...

Gong Jin sat down nervously.

Hu Zi sat between Gong mo and Sheng nanxuan, holding his milk bottle and looking at him.

"Hu, do you still remember your uncle?" he smiled.

When Hu Zi heard the word "uncle," he felt a headache. He leaned on Sheng nanxuan with a bitter face and did not look at Gong Jin.

Gong Jin was embarrassed. He thought that Hu Zi did not like him. But what did such a young child know? He thought to himself, "it must have been taught by Gong mo and Sheng nanxuan!"

However, he didn't dare to show his dissatisfaction. Sheng nanxuan was a man of high status. He could not wait to please them.

When Gong Jin thought of this, he immediately picked up a glass of red wine and said to Sheng nanxuan, "Brother-in-law, a toast to you."

Sheng nanxuan clinked his glass with his.

Gong Jin heaved a sigh of relief and was about to drink it when he saw that Gong mo didn't move. He asked doubtfully, "Big cousin, you're not drinking?"

Gong mo shook his head and said to Sheng nanxuan, "You should drink less too, you still have to drive later."

When Sheng nanxuan heard this, he put down his glass and smiled at her. "Alright, I'll listen to you,"

Seeing that he didn't drink it, Gong Jin was embarrassed and had to put down the cup.

He picked up his chopsticks and ate a few mouthfuls of food. Gong ye gently pulled him under the table.

Gong Mao knew that he had completely offended Gong mo. Thinking that Gong Jin had never confronted Gong mo before, he urged him to please Gong mo.

Gong Jin was stunned, he raised his head and asked Gong mo, "I heard that big cousin went to Italy to visit second aunt. Is she doing well?"

"It's pretty good." Gong mo still had a faint smile on his face as he picked up some light dishes to feed Hu Zi.

Hu Zi bit on the food, chewed it twice, then spat it out in disgust. He pointed at the fish in the middle of the table."Fish fish-"

Sheng nanxuan immediately picked up a piece of fish to feed him. He chuckled and reached out to grab Sheng nanxuan's glass."Water water-"

"You can't drink this water, or else mommy will beat you up."

"Oh!" Hu Zi retracted his hand in fear. He turned to look at Gong mo and hid beside Sheng nanxuan.

Gong mo laughed and picked up a carrot to feed him.

He shook his head hard and refused to open his mouth.

it's delicious! Gong mo coaxed.

Hu Zi's eyes welled up with tears when he heard this, "mom is a liar!" It's obviously not delicious!

Gong mo pinched his chin and forced him to drink.

He pitifully clung to Sheng nanxuan, who was staring at him.

He knew that his father wouldn't help him and would even supervise him to make sure he ate the unpalatable things!

Hu Zi sniffed and chewed the carrot a few times before swallowing it down.

you're such a good boy. Here, I'll feed you some meat. Sheng nanxuan picked up a piece of soft, steamed pork rib, peeled off a small piece of meat, and fed it to him.

Hu Zi was happy. After eating, he pushed his hand. "For mommy."

yo ~ you still remember to give mommy something delicious?" Sheng nanxuan asked with a smile.

"It's delicious, for mommy." Hu nodded.

Gong mo chuckled and touched his head affectionately.

Gong Fei saw that the family of three acted as if there was no one else around, so she smiled stiffly and poked Gong Jin under the table.

cough, cough! Gong Jin coughed and laughed, " Hu Zi is so young, but he's already picky with his food? "

"Yup," Gong mo said, " you can't pamper him when he's so young. Otherwise, he won't listen to anything when he grows up. You can't control him.

uh, hehe. Gong Jin laughed awkwardly. it's not that serious.

"We can't develop his bad habits now,"

"You're right." Gong Jin agreed awkwardly and picked up the drink on the table. big cousin doesn't drink. Do you want a drink? "

Chapter 877 Unless Gong mo is an idiot

Gong mo nodded.

...

Gong Jin immediately filled her cup and asked Sheng nanxuan, " Brother-in-law, do you want it?"

Sheng nanxuan pushed the drink cup over. Gong Jin was flattered and filled his cup. He was so excited that his hands almost trembled.

He put down his drink and picked up his cup. I'm going back to Nanjiang soon. I don't know when I'll be meeting my cousin-in-law next. Here's a toast to you.

Gong mo and Sheng nanxuan didn't find any more excuses to delay the meeting. They picked up their bowls and drank.

when does school start? " Sheng nanxuan asked as he put down his cup. when is school starting? "

"No. 3." Gong Jin answered excitedly, but he was a little nervous.

"When are you going back?"

"I bought a ticket for the 1st."

Sheng nanxuan nodded and did not say anything else.

Gong Jin was a little disappointed and didn't dare to speak anymore.

when I graduate next year and come to the capital to work," he said with a smile before leaving, "I'll come to see my big cousin sister and cousin-in-law Yingluo and Hu.

"You're coming to the capital to work?" Gong mo asked.

that's right. Everyone's in Beijing. It's boring for me to stay in Nanjiang alone.

Gong mo nodded and said, "I heard that you're working for Fei Yan now?" Do well!"

uh, hehe," Gong Jin said in embarrassment, "I'll have to rely on my big cousin to take care of me.

"I'm just a housewife, how can I take care of you?"

Hearing this, Gong Jin opened his mouth but didn't know what to say.

Gong Ying glared at him in exasperation. He curled his lips and felt that it was better to take it slowly.

Although he had never targeted Gong mo directly, his parents had always been unfriendly to him. Moreover, he was not Tian Cheng. He had never taken the initiative to be friendly with Gong mo. Gong mo had already given him enough face by treating him to a meal. What happened in the future would depend on his good fortune.

He regretted currying favor with Gong Mao before. Now that he was on Gong Mao's side, how could he gain Gong Mo's favor? In his opinion, Gong mo and Gong Mao were mortal enemies. If he wanted to gain benefits from both of them, Gong mo would have to be an idiot!

Gong mo and Sheng nanxuan got into the car. Sheng nanxuan said as he drove, "Gong Jin is more sensible than Gong ze, but he's not a good person either."

"I won't see him again." Gong mo said angrily, "if he really wants to build a good relationship with me, he has to put on a show. He didn't even bring a gift for Hu, and he still has the cheek to say that he's Hu's uncle. I'm embarrassed for him!"

Sheng nanxuan nodded and said, "Gong Bai is still the best." Even if it's just a few Yuan, at least it's a token of his sincerity."

At the mention of Gong Bai, Gong Mo's voice turned a little more pleasant, "Cousin knows me well. I won't despise things that cost a few Yuan. Gong Jin probably thought that if he didn't buy the expensive one, I wouldn't like it, so he simply didn't buy it."

"That's because he doesn't understand you or me. No matter how rich the people outside are, can they be richer than me? In my eyes, those that cost tens of thousands or a few Yuan are all on the same level."

"Stop showing off your wealth!" Gong mo glared at him.

.....

Chapter 878 My feelings for my cousin are sincere

Tian Cheng didn't bring little aunt Gong to Gong Mo's house. Instead, she went to the school to report.

...

At night, her younger aunt would be staying in the dormitory that the school had arranged for her parents. She could register with her ID card and pay 10 yuan. There was air conditioning and hot water inside. If it was convenient for her to find Tian Cheng, she could also chat with other parents. It was more comfortable than staying in a hotel!

The next morning, Tian Cheng finished her admission procedures and took her aunt out to play.

On the third night, little aunt should go back.

During lunch, Tian Cheng asked her, 'do you want to stay? Find a job in Beijing?'

Little aunt hesitated for a moment, clearly a little tempted.

She quickly calmed down. I really don't want to leave you, but the expenses in the capital are too high. I'd better go back. Our house is there, so we have to look at it. Now that I've divorced your dad, who knows if your two uncles will have any ideas about our house? You don't know, your second aunt sold the house, and your first aunt swore at home to curse her. "

Tian Cheng frowned and said, 'didn't they say that uncle Gambino pulled out the gun? She still dares to curse?'

"You're scolding them at home, and your second aunt and the others can't hear you. She's also used to bullying your second aunt. She knows that your second aunt is a good person and won't do anything to her. "

"Then what right does she have to curse second aunt? It's second aunt's own things, so it's fine if she sold it. "

she said that your second aunt and cousin are already married to a rich man. They don't lack money. What's wrong with giving them to her? " his aunt said awkwardly.

She used to have this kind of thought too. Because she didn't have the ability to earn it herself, she always wanted to take it for free. Now that he was working, although the salary was low, there were

some small items that he could buy with his own hard work. No matter how much he coveted other people's things, he didn't have the face to think that way.

After all, people still wanted their face.

hehe," Tian Cheng laughed in anger. why should I?" No matter how rich he was, he didn't come out of nowhere. Why should he give it to her? Don't blindly follow them!"

"Of course I know!" His aunt blushed. we can't wait to hug Momo's thigh now. Who would offend her?"

Tian Cheng didn't like to hear such words. She said with a straight face, "I'm true to my cousin! Even if she doesn't have any money now, I'm still willing to be with her!"

yes, yes, yes, Zhenzhen," his aunt hurriedly agreed. you're such a stubborn child.

She didn't dare to go against Tian Cheng at all. She realized that ever since she had listened to Tian Cheng's arrangements, divorced that scumbag, bought a house, and went to work, her life had become happier than before!

Since that was the case, she would naturally listen to Tian Cheng.

She had to admit that Tian Cheng was much better than her. When she was a teenager, how could she have so many plans?

"Hurry up and eat." She gave Tian Cheng a crystal bun. it's a pity that we can't cook here. How long will it take for you to eat my cooking?"

"Didn't you just eat it a few days ago?" Tian Cheng said with a smile.

At this moment, her cell phone rang.

It was Gong mo.

“Cousin?” she hurriedly picked up the call.

When little aunt heard this, she looked at her nervously.

After a while, she answered the call and said, “Cousin asked if Wanwan wanted to go to her house for dinner tonight.”

“You’re asking me to go?” his aunt was stunned.

Tian Cheng nodded.

“Then go!” Little aunt hurriedly said, “in life, there are always a few relatives that we have to leave. You can’t count on your elder uncle and younger uncle, they’re so annoying!”

Hmph! Tian Cheng snorted. if cousin didn’t have money, you wouldn’t be willing to see her, right? ”

Chapter 879 It’s hard to change one’s nature

“You child!” Her younger aunt glared at her. it’s not that I don’t want to see her! It’s just that Yingluo and we aren’t rich. If she’s poorer than me, I’ll be worried.”

...

Tian Cheng’s face fell when she heard this.

“You’ll understand when you’re poor!” His aunt shook her head helplessly.

“Even if I lived a poor life, I wouldn’t treat my cousin like that!”

Little aunt was taken aback for a moment before she smiled and said, "my Cheng Cheng is so powerful. She definitely won't live a poor and bitter life." There's a saying that a poor couple's life is sad. In fact, poor relatives can't get along either, it's all because of life. You should work hard and you won't have to worry about anything in the future."

did the sun rise from the West? " Tian Cheng laughed. Didn't you say that a girl would rather marry a good man than do anything?"

"Bah! Men would have a change of heart, what was the use of having money? If I could earn my own money, I would have divorced your father a long time ago. That way, I wouldn't have to suffer from that useless anger! That's why you have to rely on yourself for everything!"

Tian Cheng didn't expect her to have such an awareness and couldn't help but be happy. "Alright! Let's go buy two gifts! You haven't given brother-in-law and Hu a gift yet, have you? Of course, I can't go empty-handed this time."

"This ..." His aunt hesitated.

"Aiya! Don't be stingy with your money!" Tian Cheng cried out unhappily, " don't tell me cousin will treat you badly after you leave? "

yes, yes, yes! little aunt hurriedly took action.

Tian Cheng: " wuwuwuwuwu. her mother's awareness had improved, but her nature was still difficult to change!

.....

Gong mo had only invited his younger aunt to his house for a meal on Tian Cheng's account.

Tian Cheng was sincere to her. If she didn't ask about her younger aunt's visit, Tian Cheng might not have any complaints, but she might feel bad about it.

In any case, her aunt was her elder, so she would give her another chance. She would be polite before using force. If little aunt was impolite to her, she would never ignore her again. This way, Tian Cheng had no reason to blame her, because she had already done what she could.

Gong mo asked sister li to prepare a few sumptuous dishes.

When he was at home, everyone treated him to a meal, and almost every dish was meat, as if this was the only way to show how much they valued their guests.

However, Gong mo couldn't eat those kinds of dishes most of the time. He couldn't eat because he was too weak. Every time that happened, she would want to have a few vegetarian dishes.

Today, Gong mo asked sister li to make a few meat-based dishes. The meat and vegetables were well matched and looked high-quality. He believed that his aunt would feel her courtesy.

Hearing the doorbell, she hurriedly went to open the door.

"Momo," little aunt smiled when she saw her.

"Aunt, please come in."

"Ai!" Her younger aunt was a little nervous and pulled Tian Cheng into the house. She was frightened by the high-end decoration style of the house and became uneasy.

Gong mo took out a pair of slippers for her to change into and invited her to sit down in the living room.

When she sat down, she remembered the gift in her hand and hurriedly handed it over. "Here, a greeting gift!"

"Ah?" Gong mo was stunned. They had known each other for decades. Why would they need a gift?

“Look at me!” Her aunt smiled awkwardly. it’s for your husband and child.

“It’s not a special day today. Auntie, you’re too kind.” Gong mo accepted the gift.

“No, no, nothing at all.” Youngest aunt hurriedly waved her hand. you’ve been married to nanxuan for so long and you’ve even given birth to a child. You should’ve received several gifts long ago. Just take it as I’m making up for the past, take it. ”

“Thank you, Auntie!” Gong mo laughed and thought, “old people do things with propriety.” (Tian Cheng: )

Chapter 880 Where did you get the money?

“My mind wasn’t clear in the past, don’t take it to heart,” little aunt smiled sheepishly.

...

“Aunt, what are you saying? I’m a junior, how can I be calculative with you?”

“Haha, Yingluo, you’re magnanimous. Your mother taught you well. But Auntie will definitely reflect on herself.”

Gong mo smiled sincerely. Her aunt pulled a long face, but her words made her feel comfortable.

Gong Ying and Gong Jin knew they had done something wrong, but they refused to admit it. They even wanted to take advantage of her. How could it be that easy? Especially Gong ye, who continued to make her angry. She really didn’t want to bother with him for the rest of her life!

“If my dad knows what you said, he will be very happy,” Gong mo said with a smile.

Youngest aunt sighed, "second brother, it's such a pity. Otherwise, your family of three would be so happy now!" Your mother must have wanted to wait for him to come home, that's why she was a widow for so many years."

Gong mo lowered his head and didn't speak.

Little aunt felt that she had brought up a sad matter and hurriedly said, " "But it's all good now. Your mom has a new life. It's not too late to start a good life now. Is she alright over there? Does that person treat her well?"

"Alright," he said. Gong mo nodded. mom has been living alone for so many years. If it wasn't for this man, she wouldn't have married him.

Little aunt nodded. it's also true for Yingluo. That's reassuring.

The sound of the door opening came from outside. Gong mo looked over.

Youngest aunt became nervous. She guessed that Sheng nanxuan had returned.

"Mother! Mother!" Hu Zi walked in with a few roses and ran to Gong mo. for you! I bought it!"

"Where did you get the money?" Gong mo asked.

Hu Zi glanced at Sheng nanxuan and whispered, " I borrowed it.

Gong mo burst into laughter.

Sheng nanxuan walked to her side and sat down. Hello, aunt, " he said to her.

Little aunt nodded excitedly and said, overwhelmed by the unexpected favor, " "Good day to you."

Hu Zi turned to look at her.

Little aunt was even more excited. At her age, she would be carrying a grandson in a few years 'time, so she naturally liked children.

Gong mo nudged Hu Zi. that's my great-aunt, she's my mother. Go and greet her.

Hu Zi looked at his aunt and hesitated for a long time before walking over. He called out,"Great aunt."

good boy! youngest aunt was so excited that she reached out to hug him.

He turned around and ran back to Gong Mo's side. He didn't see his aunt's actions.

Little aunt was stunned and retracted her hand in disappointment.

Hu Zi took a flower from Gong Mo's hand and turned to hand it to Tian Cheng. "Auntie, you have one too."

oh my ~ you're so cute. Tian Cheng said with a smile.

"Where's my great-aunt?" Gong mo asked Hu Zi.

Hu Zi looked at his aunt in confusion. Huahua was for pretty Auntie and pretty sister. Great-aunt wasn't Yingluo.

However, when he saw his great-aunt's expectant eyes, he picked up a flower and walked over. "Here you go,"

"Thank you," he said. Little aunt said excitedly. She took the flowers and gave him a tight hug.

“Madam, what time are we having dinner?” sister li walked over and asked.

Gong mo knew that she was trying to confirm the cooking time. Some dishes had to be served after they were done. Otherwise, they would be tasteless when they were cold and would not look good.

“Now, let’s start cooking. Auntie has to go to the airport in a while, so we can’t delay any further.” Gong mo said.

When little aunt heard this, she suddenly wanted to borrow the kitchen to cook for Tian Cheng.

However, her relationship with Gong mo wasn’t that good yet, so she decided to forget it.

After the meal, Gong mo asked the driver to send his younger aunt and Tian Cheng to the airport. After his younger aunt boarded the plane, he would send Tian Cheng back.
