

## Ditsy Wife 891

Chapter 891 Are you not worried at all?

“Yup, I know. this set of clothes is very expensive. Gong mo was stunned. where did she get so much money?”

...

Sheng nanxuan frowned. I hope that Carter is not with her.

“If they were together, Carter wouldn’t have asked her to send anything, would he? If Carter is caught, he’ll die. He can’t wait to hide. How could he go to such a lively place?”

“You’re right.” Sheng nanxuan put down the photo. I hope there will be news soon.

Hearing this, Gong mo patted his shoulder and comforted him, “Mom will definitely be fine. She probably did this to tell you: Don’t look for her, she’s fine.”

“But if it was you, would you stop looking if she told you not to?”

of course ... Gong mo wanted to say that he wouldn’t, but his answer seemed to be ambiguous. He paused for-moment before continuing-“ I will! However, you don’t have to worry about her safety.”

Sheng nanxuan smiled. I’m not worried about her safety. I’m more worried about those who meet her.

After a while, he found out more about Yu qinghuan’s situation in M Nation.

However, she had already left Country M, and the customs had a record of her departure. Of course, only her photo was her. Her identity and name were not her. But they looked exactly the same, so it should be her.

After Sheng nanxuan saw the results, he said disappointedly, " it seems that she sent it over before she left. She doesn't want me to find her.

Gong mo said,"she might want to take a look around." They might even send something over."

Sheng nanxuan nodded and put the two photos away.

"It's just that Grandpa and Grandma have been thinking about her. But she didn't appear, so I didn't dare to tell the old man. "

"She, ran ran, should know what to do." as for Grandpa and Grandma, we managed to find some news that she's still alive. That'll give them some hope, " Gong mo consoled.

Sheng nanxuan smiled bitterly. it's been so many years. They don't believe it anymore. However, when people are in despair, they will believe in lies. If mom doesn't come back for a long time, just tell them this.

.....

At the end of November, the presidential election was in its final stage-the National voters 'vote.

The voting ended at five in the afternoon, and the TV station had been broadcasting it live.

Gong mo and Sheng nanxuan cast their votes online and waited in front of the TV for the results.

The only person waiting for him was Gong mo. Sheng nanxuan wasn't in a hurry at all. He lowered his head and sorted out the company's information, playing with Hu Zi from time to time.

At five o 'clock, the results of the election were announced. Ding Yuan was elected as the next president.

Gong mo was so happy that he jumped up. Sheng nanxuan said calmly, "uncle is holding his wedding at the presidential palace next year.

Gong mo was very dissatisfied with his calm reaction.

Wasn't this what he had been planning? Why wasn't he nervous at all?

She was extremely nervous. She was afraid that Ding Yuan would lose the position of President and cause him some losses. In the end, he wasn't afraid that his long-term plan would go down the drain!

Gong mo felt that it was quite boring. He felt that he had worried for nothing.

She asked gloomily, "why are you so calm?" What if Ding Yuan doesn't get elected? what will you do?"

he didn't get elected. You should be asking him what to do. Why ask me?" Sheng nanxuan asked in confusion.

"Uh, hehe."

Gong mo choked. They all knew what was going on, so they had to ask him!

"Are you not worried at all?" She asked.

"What's there to worry about? Even if the Liberal Party loses, the new president will not be Huo Cheng."

Chapter 892 I won't care if you fall sick

She sighed and felt that her brain had rusted after being a housewife for two to three years!

...

This wouldn't do. He would be out of touch with society and have nothing in common with him!

When he cheated on her, she would become an old woman, get a divorce, be abandoned, and be kicked out of the house.

The more Gong mo thought about it, the more terrifying he became. He shivered.

Sheng nanxuan immediately looked over. I told you to wear more. Did you catch a cold? " Hu, go get mommy a blanket."

yay! Hu Zi jumped up in joy and ran back to the bedroom, dragging a blanket out.

The blanket was very heavy, and his body was small. He panted heavily as he dragged it up.

Sister li wanted to help him, but he shouted,"no, no, no, no, I'll do it myself!" It's for mommy!"

He wanted to do the things for his mother personally.

Gong mo smiled. Sheng nanxuan reached out and touched her forehead. He said to sister li, " "Get me a thermometer."

"I don't have a cold," Gong mo replied. Why was he making a fuss?

Sheng nanxuan glared at her and she shivered again. She hurriedly said, " "I was just scaring you!"

"Did I scare you too?"

Gong mo nodded,"I just feel that I've suddenly become stupid and I'm afraid that you'll dislike me." I'm scared out of my wits when I think of this."

Sheng nanxuan chimed in, "Swoosh Swoosh Swoosh Swoosh."

mommy! Hu Zi panted as he walked to her side. He tripped on the blanket and cried out, "Aiya!

ah ... Gong mo saw his head hit the coffee table and screamed. He reached out to help him up.

Sheng nanxuan picked him up first and looked at him speechlessly. "I'm here, what are you worried about?"

Gong mo covered his face and remembered that he was not a normal person at all. He was as fast as lightning, so she didn't need to worry about him.

But who would have thought of that in that situation?

mommy ... Hu Zi bent down and pulled the blanket beside her feet. cover yourself.

Gong mo frowned as he looked at the blanket. Although the house was very clean, she still subconsciously felt that the floor was dirty and shook it.

Hu Zi immediately covered his nose. This was what Gong mo had taught him. When he shook things, invisible dirt would fly in the air, so he had to cover his nose.

Gong mo smiled and pinched his little nose. He then covered his legs with the blanket.

When Hu Zi saw this, he immediately crawled away from Sheng nanxuan, lifted the blanket, and snuggled up to her side.

Sister li came over with a thermometer and handed it to Sheng nanxuan. "Mr. Sheng."

“Thank you,” he said. Sheng nanxuan looked at Gong mo. measure where? ”

Gong mo pursed his lips, snatched the thermometer away, and put it under his armpit.

When she put it in, the cold touch made her gasp.

“Mom is sick?” Hu Zi asked.

“No, your father is just making a fuss.”

Sheng nanxuan snorted and reached out to touch her forehead. It was not hot.

then you should wear thicker clothes, ” he said. be prepared for a rainy day. Otherwise, I won’t care if you fall sick.

I suddenly feel like giving it a try. Gong mo chuckled. I want to see if you really don’t care about me.

When Sheng nanxuan heard this, he angrily threw the document on the ground. Do you dare to give birth to one and try? I’ll give you The Most Bitter Medicine!”

Chapter 893 Do you want a younger brother?

Gong mo laughed and said proudly, ” “I thought you didn’t care about me?”

...

“You ...”

“Alright, alright, I was wrong!” Seeing that he was about to lose his temper, Gong mo hurriedly took out the thermometer and said, ” quick, check if you have a fever.

Sheng nanxuan took the thermometer and checked it. There was no problem with it. Then, he put it on the coffee table.

“Do you want a younger brother?” Hu Zi asked as he clung onto Gong mo.

pfft-” Gong mo choked. who said she wanted a younger brother? ”

Hu Zi glanced at Sheng nanxuan and whispered, ” “Daddy said to have one.”

The two of them,”hehe.”

Sheng nanxuan facepalmed. you’re disobedient. I’ll just have one. I don’t want you.

“What nonsense are you talking about?” don’t scare the child! Gong mo kicked him.

Then, she hugged the depressed Hu Zi in her arms and wrapped him in a blanket. be good, baby. Mommy loves you the most.

“I also love my mother.” Hu Zi snuggled in her arms and sneaked a glance at Sheng nanxuan. He snorted and turned to another direction with his little butt sticking out.

His father didn’t want him, and he didn’t want his father!

Sheng nanxuan reached out and touched his head. He shook his head and stared at the TV.

“Little guy, you’re still angry with me?” Sheng nanxuan asked.

Gong mo glared at him and said,”stop teasing him.” He’s so innocent, he’ll take everything you say seriously.”

“Alright,” he said. Sheng nanxuan lowered his head and looked at Hu Zi. daddy was wrong, okay? Daddy won’t give birth to a little brother, but I want you, okay?”

When Hu Zi heard this, he reached out and wrapped his arms around his neck, saying softly, “Love Daddy ~”

good girl! Sheng nanxuan smiled happily.

However, seeing the child like this, he suddenly became a little worried about the problem of having a second child.

What if Hu Zi doesn’t like it?

However, the second child plan would take at least three years to be implemented, so he decided to ignore it for now.

.....

When they were about to sleep, Gong mo asked Sheng nanxuan, “Hu’s turning two next month. When do you think he’ll go to kindergarten?”

“He’s only two years old, what’s the rush?”

Gong mo rolled his eyes and said carefully, “I’m just thinking that I’ll go to work after Yingluo goes to kindergarten ~”

She went to the United Nations and disguised herself as a reporter. She was overwhelmed with emotions and hoped that she could participate in more of such significant events in the future!

Sheng nanxuan was stunned and looked at her with a frown.

“You promised me,” she said innocently.

“But Yingluo”

Sheng nanxuan paused. He did not want to go back on his word, nor did he want to stop her from developing her career. She was her, not his subordinate. She should have her own pursuits.

“What do you want?” he asked.

“Reporters!”

“No!” Sheng nanxuan objected without a doubt.

“Why?” Gong mo was displeased.

“The reporters are running around all day. If you don’t have children, I’ll let you be. But now that you have a child, you can’t just leave him and run around, can you?”

but ... Gong mo hesitated after some thought.

Seeing that there was room for negotiation, Sheng nanxuan immediately settled for the next best thing. “If you really like to do news, you can be an editor in the office or something. I don’t object to that.”

Gong mo pursed his lips unwillingly, but he didn’t object.

She had a child to take care of, and this was the best way to get the best of both worlds.

Aimo books has already started making a website,"said Sheng nanxuan. you can do it on your own website or go to someone else's.

"Since you've already said so, can I still go to other people's houses?" Gong mo looked at him.

"It's best not to," he said with a smile. Don't let your own fertile water flow into others 'fields ~"

"Dictatorial!" Gong mo snorted.

Chapter 894 A serious man is the most handsome!

Sheng nanxuan pinched her face. you're in the same office as me. You can watch over me. You don't have to do that with my Secretary.

...

Gong mo glared at him and said,"do that with the Secretary?" Are you doing that with your Secretary now?"

"I swear to the heavens! How can the Secretary be as pretty as you? But I can't say for sure what will happen in the future, so you'd better watch over me personally."

"Will you be disobedient if I don't look at you?"

"Of course I'll be good." Sheng nanxuan felt wronged. but aren't you worried? Weren't you afraid that I'd dislike you this afternoon?"

"Then I can't be in the same office as you. Don't you understand that distance breeds beauty?"

"Don't believe that kind of lie! Distance would only create distance! I can't even see it clearly from far away, how would I know if it's beautiful or not?"

“Forget it, I don’t want to talk about this anymore. It’s boring.” Gong mo said helplessly.

What did he mean by boring? Could it be that she was already starting to dislike him before he did?

Gong mo just felt that bickering was boring.

Puzzled, she asked, “you’re going to work in Aimo’s office in the future?” Aren’t you going to set up a group?”

“In the future, all the industries will be gathered together. My office and Aimo’s office are at most a few floors apart, so they won’t be too far apart. Also, I can stay in Aimo’s office for you!”

Gong mo rolled his eyes. He imagined the scene of several major companies together, “ It was spectacular!

Aimo’s website is going to do news? ” She asked with concern.

“Yes, I am. He was going to create two websites, a News Network and a literature website. I’ve put a book lover in charge of the literature website, which has been open for a few months. The news network is still in preparation, and I hope that it can be opened at the same time when the group is established.”

“You’re ready?” Gong mo asked in surprise.

“The early preparations are almost done. all the portals are doing News Now. There are too many of them. We can’t do it without our own specialty. Moreover, you can’t keep moving other people’s scripts. You also have to keep your own reporters, which is a long-term job.”

Hearing his words, Gong mo knew that he wasn’t joking and was serious. He was immediately excited.

The man she liked was indeed different! He was so serious! A serious man was the most handsome!

then I can grow together with the website ~”she said with bright eyes.

Sheng nanxuan pinched her face lovingly. “So, you’ll be in charge of this website from now on.”

I’m so excited! Gong mo exclaimed excitedly. Seeing that he was staring at her, she pulled his collar and buried her face in his chest. but of course, you and Hu Zi are the most important! In a few years, I’m going to give you a second child!

you said it. Sheng nanxuan glanced at her.

“Of course, of course!” She nodded.

“Don’t be happy too early. Hu ‘Zi needs to be at least three years old before he starts kindergarten.” Sheng nanxuan poured cold water on her.

“I know.” Gong mo wasn’t disappointed at all. As long as there was hope, it was good. three or three and a half years old. He’s premature, so don’t worry. If he’s too weak, it’ll be tiring to play with other children. Don’t worry~I’m not the kind of woman who would abandon her family for work. I just don’t want Hanhan to continue being a useless woman!”

“Which part of your body is crippled?”

I’m scared~” she said coquettishly. I also want to enrich myself~otherwise, when I don’t know anything, will you really not despise me? ”

there’s no helping it. You don’t eat much anyway. Just make do with it.

Chapter 895 I’m not meeting up with the study room

Gong mo felt wronged and pinched his waist.

...

He grabbed her hand and asked, "what are you doing?" You want me to 'take care' of you?"

"I want you to sleep in the study. Are you going?"

"I'm not going, not going!" Sheng nanxuan immediately hugged her. I'm not meeting the study room! Not at all! No, no, no... I can go on a date with you!"

Gong mo kicked him under the blanket, but he turned over and pressed her down. "Alright, alright, don't be angry. Why would I dislike you? I'm afraid you'll despise me. "

"You're handsome and rich, why would I dislike you?"

"You're so beautiful and gentle, so why would I dislike you?"

Hearing this, Gong mo burst into laughter and buried his head in his arms, "I suddenly feel like we're so shameless, Yingluo."

Who would praise the other party like this? They were simply a self-praising couple!

"It's fine if you're shameless!" Sheng nanxuan was depressed. your period is here. Don't throw yourself into my arms!

Gong mo pinched his waist again.

alright, " he said, smiling as he hugged her tightly. I can throw myself into my hubby's arms anytime, anywhere.

.....

In the morning, it was snowing heavily outside the window. Hu Zi leaned on the window and shouted excitedly, "Snow! Snow!"

"Come and eat." Gong mo shouted from the dining room.

Hu Zi ran over and circled around her feet. "I'm going out to play."

"It's cold outside."

"Let's go out and play!"

"Alright, let's eat first."

Hu Zi was happy and ran to the chair, waiting for the adults to carry him up.

"Go sit in your chair." Sheng nanxuan carried him into the children's dining chair and placed his rice and spoon on the table.

Hu snorted, expressing his dissatisfaction at not being able to sit at the same table as his parents, but he didn't force it.

When he picked up the spoon and ate on his own, he would always spill some of it. However, he wasn't in a hurry. After eating the food in the spoon, he put down the spoon and picked up the food that had fallen on the dining chair. He put them all back into the bowl and licked off the food that was on his hands.

When Gong mo saw this, he felt dizzy. However, he knew that it was good to save food, so she did not stop him.

After she finished eating, she walked in front of Hu Zi and asked, "Do you want mommy to feed you?"

Hu Zi shook his head and put another spoonful of rice into his mouth.

Gong mo touched his head and praised, "Hu Zi is awesome!"

Hu Zi nodded and felt that he was very good.

After he finished eating, he excitedly picked up the bowl and turned the bowl down, indicating that he had finished eating.

"Awesome!" Gong mo gave him a kiss.

He waved his hand happily, and the bowl fell to the ground with a clang.

He was dumbfounded as he stared at the bowl that was spinning on the ground.

it's fine, it's fine, Yingluo," Gong mo consoled her. it won't break.

"Is he in pain?" Hu Zi asked worriedly.

"It doesn't hurt."

Gong mo picked up the bowl, wiped his hands and face with a towel, and brought him to his room to change his clothes.

If he wanted to go out, he naturally had to wear thick clothes.

Hu Zi was unhappy after wearing two pieces, so he turned around and ran away.

Gong mo chased after him, "if you want to go out, how can you not wear any clothes?" It's very cold outside!"

Sheng nanxuan blocked Hu Zi's path outside and said with a frightened face, "If you don't listen to mommy, daddy will spank your butt."

Hu Zi turned around gloomily and looked at Gong mo.

Gong mo kissed him. be good. Let's have a snowball fight with the kids. We have to wear thick clothes to win.

Oh, okay. Hu Zi reached out his hand and asked her to put on another layer.

Gong mo helped him put on his hat, gloves, and scarf. He twisted his body and felt very uncomfortable.

"Wait for mommy, mommy will go change." Gong mo carried him to the living room and placed him on the sofa.

Chapter 896 I'll knit you another one!

Gong mo walked into the cloakroom. Sheng nanxuan was also changing his clothes.

...

She went over to take a look and saw that he was wearing the scarf she had knitted for him. She couldn't help but say, "Didn't I buy you a new scarf two days ago? Why aren't you wearing it? You're wearing this old one again, it's so ugly!"

Sheng nanxuan hugged her and kissed her. you knitted it for me. How can it be ugly? "

“Beauty is in the eyes of the beholder, but you’re actually very ugly!” Gong mo pushed him away and tried to take it off. don’t wear it and embarrass yourself. It’s not knitted well and it’s deformed. Wear the new one.

“Don’t!”

“Although I didn’t knit it, I bought it and picked it out for you. What’s the Difference?”

how can the child you gave birth to be the same as the one you ‘picked yourself’ from the orphanage and adopted? ”

What kind of metaphor is this?!

Gong mo ignored him and turned around to change his clothes.

In the living room, Hu Zi looked at his thick thigh and raised his thick palm. He really wanted to take off his gloves!

However, thinking of Gong Mo’s words, he didn’t do that and continued to wait.

After waiting for a while, Gong mo still didn’t come out. He wanted to go and find her. She turned over and wanted to get off the sofa, but she rolled down directly.

With a thump, Hu Zi fell and stared at the ceiling. Why didn’t it hurt?

He rolled around on the ground, wearing too thick clothes and becoming too round, he still couldn’t get up.

After a few more rolls, because the room was too warm, his whole body began to heat up, and he began to cry gloomily.

Sheng nanxuan had already changed his clothes. When he heard the noise, he ran out quickly and laughed out loud when he saw him. "Oh my! Meatball son, how did you become so round!"

Hu Zi's legs trembled in dissatisfaction.

Sheng nanxuan picked him up and smiled. "Your mother is really something. Isn't she afraid that she'll suffocate you by giving you so many layers?"

"Wu Wu Wu Wu Wu ~" Hu Zi twisted his body and wanted to take off his clothes.

Sheng nanxuan took off his down jacket and said, "She's wearing too much!"

When Gong mo came out and saw his actions, he shouted, "What are you doing?"

Sheng nanxuan said, "why did you give him so many clothes? What if I die from the heat?"

"It won't be hot when we go out." Gong mo threw the scarf in his hand at his face. wear this one.

Sheng nanxuan threw it away in disgust.

that's enough, you ~ this one is too ugly. Let's get a new one. Gong mo reached out to take the one off his neck. Seeing that he was about to snatch it back, he hurriedly said, "I'll knit you another one! How about knitting another one?"

Sheng nanxuan paused. Then, he took the initiative to take off the scarf around his neck and put it on with the new scarf she had recommended. "You said it, you can't go back on your word."

"Definitely, definitely!" Gong mo nodded and buttoned up Hu Zi's clothes. let's go, " he said.

Because there was a park nearby, everyone in the neighborhood had gone to the park to play. There was almost no one downstairs, so they could only carry Hu Zi to the park.

There were a lot of children in the park. Hu Zi ran over like a wild horse and started playing with everyone.

Gong mo took photos of him with his camera. As he was taking photos, he found Sheng nanxuan on the phone.

She raised the camera and took a few photos of him. He quickly noticed her and turned to look at her with a smile.

After a while, he hung up and walked to her side.

She couldn't help but complain, "busy with work again?" Can't you play with Hu?"

"He didn't call me. Let him play with the child. I'll play with him when he calls me. "

Chapter 897 I'm planning to make a trip to Country M

Sheng nanxuan took the camera from her and took a few photos of her.

...

At first, Gong mo felt a little uncomfortable and wanted to hide.

After thinking about it, why was she being so pretentious when her husband was taking a photo for her?

She stared at the camera, not deliberately posing, and said very naturally, "Make me look prettier in the photos~"

"My skills are just like this, you can't force me."

Gong mo rolled his eyes and turned to Hu Zi. He suddenly said, "Don't take pictures of me rolling my eyes just now!"

"I think it's very nice."

"You ..."

"Ya!" Hu Zi's voice rang out.

The two of them looked over and saw that he had fallen to the ground. They became nervous and wanted to help him up, but he got up again and ran after a few older children.

Gong mo heaved a sigh of relief and stared at him.

Sheng nanxuan walked to her side and took a picture of Hu Zi. He said, "I'm planning to make a trip to Country M."

"You have news about mom?" Gong mo was stunned.

"No, I haven't. Fang Yang found a few people who have been in contact with her, I'll go and take a look."

If it was something insignificant, he didn't have to go, right?

"Did anything happen between mom and those people?" Gong mo asked.

When Sheng nanxuan heard this, he suppressed his anger and said, "There's an idiot who wants to bully her!"

He snorted coldly from his nose, extremely angry.

Gong mo hurriedly caressed his back to comfort him. mom is very strong. She won't be bullied.

"Naturally. However, he couldn't have such thoughts about her! I'm her son, I can't just sit back and do nothing."

"Then you can go." Gong mo said hurriedly. He didn't dare to imagine what that blind thing had done to Yu qinghuan.

However, with Yu qinghuan's abilities, she definitely did not succeed.

"Do you want me to go with you?" She asked.

He shook his head and said, "it's fine on such a cold day. It's not convenient to come and go." Besides, if you go, Hu Zi will go too. If you can't stand the long distance flight, he can't stand it either."

Gong mo nodded, "be careful." When do you plan to leave?"

"Tomorrow. Hurry up and settle it so you can come back and deal with the things here."

The group was about to be established, Hu Zi's birthday was coming, Ding Yuan was going to take over his position in the Qin Zhuan studio, and the new year was approaching. He could only leave for a few days.

The next morning, Gong mo said goodbye to Sheng nanxuan at the door with Hu Zi in his arms. "Say goodbye to daddy."

"Where are you going, daddy?" Hu Zi asked.

"Daddy will go to country M and buy you Mickey Mouse, okay?"

“Daddy, bring me there!” Hu Zi pounced on Sheng nanxuan.

“It’s very cold outside,” Sheng nanxuan said helplessly. “You should stay with mom.” Be good ~ daddy will be back soon.”

“Mommy won’t go. You won’t be able to see mommy if you go with daddy.” Gong mo said.

Hu Zi immediately turned around and hugged her.

Sheng nanxuan looked hurt. dad is so good to you! In the end, in your eyes, your mother is more important?”

Hu Zi shook his head and reached out to hug him.

Gong mo was speechless. don’t mess around. Come back early. he said to Sheng nanxuan.

Sheng nanxuan looked at her lovingly and extended his face. “Give me a kiss.”

Gong mo blushed and was about to kiss him, but Hu Zi leaned over and took a bite.

Sheng nanxuan looked at him, speechless.

Gong mo pushed him and kissed him on the face. “Alright, be careful on the road.”

Sheng nanxuan patted Hu Zi’s head in satisfaction. take good care of mommy, okay? ”

Hu Zi nodded and watched him enter the elevator. He turned to Gong mo and said, ” mommy, I’ll take care of you.

Chapter 898 Judy, say hello to uncle Yu

Gong mo burst into laughter and closed the door. "How are you going to take care of me?"

...

Hu Zi thought for a moment and ran to get the book. He pulled her to the sofa and climbed onto it. Then, he stood behind her and massaged her shoulders like Sheng nanxuan.

Gong mo laughed out loud, "you're so filial at such a young age, what will you do when you grow up?"  
But, you're holding your father's original text book, so I can't understand it ~"

.....

On the highway to the airport.

In the luxury car, Sheng nanxuan sat in the back seat, looking at Yu qinghuan's information on his tablet. This was the information that Fang Yang had sent people to collect, and it almost perfectly replicated Yu qinghuan's experience in M Nation.

Fang Yang sat in the passenger's seat and was also working on his tablet.

The driver was focused on driving when he suddenly looked at the rearview mirror and then at Fang Yang.

Fang Yang noticed his actions from the corner of his eye. He turned his head and said to Sheng nanxuan, "Boss, there's a car behind us that looks like Dean Yu's."

Sheng nanxuan turned around and saw that it was indeed Yu Qingliu's car. He said to the driver, "Drive slower."

The chauffeur slowed down, and Yu Qingliu's car arrived shortly. The two cars drove side by side.

Sheng nanxuan rolled down the window. It was snowing outside, and the cold wind blew in.

“Where are you going?” Yu Qingliu rolled down the window and asked.

“M Nation.”

“For her?” Yu Qingliu raised an eyebrow.

Sheng nanxuan nodded and said, “I’ll let you know if there’s any news.” Where are you going?”

“I’m picking up a friend at the airport.” Yu Qingliu didn’t finish and hurriedly rolled up the window. we’ll talk when we get there. It’s so cold!

Sheng nanxuan smiled, nodded, and closed the window.

The two cars arrived at the airport one after the other.

Sheng nanxuan got out of the car and walked over with his coat on. “Shall we go in together?”

Yu Qingliu nodded and put on her coat. As she walked, she put on her gloves and whispered, “ my friend is a mercenary. I’ll introduce him to you when I have the chance.

uncle, ” Sheng nanxuan said, looking at him. you really have a wide range of friends.

I met him on the battlefield. I removed the bullet for him.

“So he’s here on a mission?”

“Vacation. He’s getting old and is preparing to retire, so he said he wanted to introduce me to his disciple.”

Sheng nanxuan nodded and entered the airport lobby. He asked, ” “What time will he arrive?”

Yu Qingliu looked at the time and said, half an hour.

“Then I’ll go first, we’ll talk when I come back.”

Yu Qingliu waved to him and went to the exit to pick him up.

After waiting for 40 minutes, a tall man appeared in her line of sight.

“Owen!” Yu Qingliu waved.

The man smiled and pushed his luggage towards him, followed by a little girl who was half the height of a human.

The man was very big, and one could tell at a glance that he was a muscular man. He was wearing a woolen hat and had a very kind expression, which was not in line with his body size or his profession.

The little girl had curly black hair and looked like she was of Central Asian descent. Her two eyes looked around curiously and vigilantly. Her movements were very steady, not like a child’s.

“Clear stream!” Owen pulled Yu Qingliu into his arms and patted her a few times.

Yu Qingliu almost stopped breathing. She coughed twice and pushed him away. She sized up the little girl beside him. “Your daughter?”

“I picked it up.” Owen laughed cheerfully. she’s my daughter now! Come, Judy, say hello to uncle Yu.”

Judy's face was stern. She glanced at Yu Qingliu. Hello.

Yu Qingliu looked at Owen. it seems like he doesn't listen to you. Did you pick him up or steal him? "

Chapter 899 I miss fourteen

"She's got a strange temper," Owen said nonchalantly, " let's go, let's go. Take me to eat Chinese food! By the way, where's your fiancée? I haven't seen it before!"

...

"I'll take you to see him now." Yu Qingliu led him out.

In the car, Judy looked down at her knees, not at all curious about the scenery outside.

"Why are you unhappy?" Owen asked her.

"I miss fourteen," she pouted.

"You can't bring fourteen over." Owen said.

"Who is fourteen?" Yu Qingliu asked, puzzled.

you'd better not know, " Owen laughed. I don't want to scare you.

Judy snorted and finally turned to look out of the window.

Yu Qingliu glanced at her and focused on driving.

More than half an hour later, he parked the car in front of the hotel and took Owen and Judy to settle down.

my fiancée has to go to work. I'll pick her up when she's done, and we can have dinner together. He said.

Owen nodded in understanding.

As she walked into the hotel, Judy looked around curiously. After sizing her up, she lost interest and lowered her head to look at the ground.

They had booked a suite with two bedrooms, one for Owen and one for Judy.

Walking into the living room, Owen said to Judy, "Go and choose your room."

"As you wish." Judy wasn't curious about the style of the room. Instead, she said, "where haven't I lived before?"

Owen choked for a moment. alright, I'm the same. Then you watch TV. Uncle and I will pack our luggage first. Do you need me to help you pack?"

"It doesn't matter."

"Then I won't touch your stuff," Owen said helplessly.

Yu Qingliu looked at him curiously. He shook his head and brought him to his room. They chatted as they tidied up the room.

"This little girl is a little strange. Where did you pick her up from?" Yu Qingliu asked.

“Africa,”

Thinking of the first time he met Judy, Owen couldn't help but feel his scalp go numb.

During that period of time, he was on vacation and went hunting with his comrades. On the way back with a full load, they met a Lion.

He was overjoyed. He immediately raised his hunting rifle and fired a shot. The lion dodged, and a man appeared beside it.

It was a little girl who was only a few years old. He was scared out of his wits. On one hand, he was glad that he didn't hurt anyone, but on the other hand, he was afraid that she would fall into the lion's mouth, so he wanted to save her.

In the end, she raised her whip and swung it over, rolling the gun in his hand to the ground. The lion pounced on him and pressed him to the ground, trying to bite his carotid artery.

At that time, he was covered in cold sweat and his scalp was numb. He thought that he was going to die Here!

Fortunately, he had a comrade with him. His comrade pointed a gun at the little girl's head, and the little girl shouted, "Fourteen!"

The lion immediately stopped and roared at his face, but it didn't bite him to death.

In this way, he met Judy, a little girl with a murderous aura, who could tame Lions, and who was still innocent.

When he learned that she had escaped from the assassin training camp alone, he was tempted to take her in as his disciple.

He was already in his forties and wasn't suitable for any more missions. It would be a good idea to train a successor.

Although he had never thought that the successor would be a woman, in their line of work, as long as one entered the industry, there was no gender distinction. Women might not do worse than men.

Hence, he made a bet with her. If she lost, she would follow him and be his disciple. Of course, he didn't allow her to use the lion during the competition.

He had been through so many ups and downs for so many years. Other than that Lion, she was no match for him in any other aspect, so she naturally lost everything.

Chapter 900 Same style as Cindy

However, she was willing to bet and not willing to admit defeat. She didn't want to call him master, but she didn't completely renege on her debt. She just followed him awkwardly.

...

He didn't know what she had gone through in the past, but she had been trained as a killer. He was worried that she would catch the habits of a killer, so before the training officially began, he had been taking her around, hoping that she wouldn't be as cold-blooded as a killer.

On the other hand, he saw that she was not willing to acknowledge him as her master, so he wanted to find another path for her. For example, learning medicine from Yu Qingliu.

"What do you think of this young man?" He asked Yu Qingliu, " if you can, I'll give it to you as a disciple.

"Isn't he your disciple?" Yu Qingliu asked curiously.

"If you follow me, you can only learn to kill and fight. As a girl, it's better to learn how to save people from you."

“You know how to save people too?” The mercenaries often rescued hostages and refugees in the war zone.

“I’m working for money, and I’m not suitable for her. You’re using money to save her life. This is suitable.”

“But I don’t think she’ll like it.”

Owen was speechless when he heard that. In fact, he had the same feeling.

This girl wasn’t born to be an angel, she was born to fight and kill.

He sighed. to be honest, she’s very talented in fighting, but I can’t bear to bring a child into that world. A child should have a child’s life and not fight and kill. However, since I’ve accepted her as my disciple, I have to be responsible for her to the end. She was still young, so she could take it slowly. I’m not in a hurry, so she doesn’t need to be.”

The two walked out of the room and saw Judy focused on the TV, on which a singer was singing.

Owen didn’t know this singer, but seeing that he looked similar to Judy, he asked, ” “What are you looking at?”

“Her.” Judy stared at Cindy on the TV.

“What happened to her?”

“I’m fine.” Judy lowered her eyes after a moment of silence.

It was just that the other party’s appearance was similar to her own. She couldn’t help but think: Could it be the same country?

Yu Qingliu glanced at her and said, “she’s a new singer. She’s very popular recently. Her name is Chini. I think she’s from Emilia. You look like you’re from the same country as her.”

“I’m not!” Judy hurriedly said.

She didn’t want too many people to know her true origins, with the exception of sister fairy. Because sister fairy was very powerful and had saved her, she trusted her unconditionally.

“Then you’re Yingluo.”

“I don’t know.” Judy’s expression didn’t change. I grew up in an assassin organization!

“Ahem.” Owen coughed.

Judy paused and glanced at him. She thought that he didn’t want Yu Qingliu to know about this, so she kept quiet.

it’s okay, “Yu Qingliu laughed. I’m experienced and knowledgeable. I’m not afraid.

Judy snorted sarcastically. ‘When you see the powerful fairy sister, your jaw will drop!’

“Looking at your appearance, you might be a descendant of Emilyya.” Yu Qingliu said.

whatever, ” Judy said indifferently. I don’t have parents or a family anyway.

“You have a master,” Owen said, patting her on the shoulder.

Judy looked at him in disdain, got up, and went to her room. I’m going to pack my luggage. Please call me when it’s time for dinner.

After she entered the bedroom, Yu Qingliu said to Owen, "How impolite! Are you sure you want to bring her with you?"

she's not the kind of child who grew up in a happy family, "Owen said helplessly. she'll definitely be a little weird.

Yu Qingliu was silent as she thought of her little fiancée. Children who grew up in happy families would also be strange.
