

Ditsy Wife 901

Chapter 901 Sheng nanxuan, I won't let you have an easy time!

Near noon, Yu Qingliu drove the car to the police station.

...

"Are you planning to hand me over to the Chinese government?" Owen asked, frowning.

Yu Qingliu glanced at him. you're just a mercenary. Although you killed a lot of people, they were all on the battlefield. There's no right or wrong. However, if I hand you over to the government, they might welcome you and recruit you as an instructor or something."

Owen laughed, clearly not wanting to thank him.

Yu Qingliu got out of the car and gave ding dang a call.

After a while, ding dang rushed out, shouting-

"Hubby ..."

Yu Qingliu furrowed her brows and opened her arms to embrace her.

The police cap on her head fell off, and he hurriedly caught it for her while scolding, " "You're the president's daughter now. Can't you be more mature? The 1000th daughter should act like she's the 1000th daughter. Don't embarrass your father."

Humph! He hasn't taken his post yet! ding dang snatched back her hat and looked into the car. is there anyone here? "

Yu Qingliu nodded and asked her, "have you finished work yet?"

"I'm off."

"Then come up." Yu Qingliu opened the car door.

Ding dang went up and saw Owen and Judy, and her expression changed.

my friend Owen," Yu Qingliu introduced. this is his disciple, Judy.

"Hello." Ding dang said.

"Hello," he said. Owen shook her hand. a woman who can win Qingliu's heart is indeed a beauty.

"Hehe, hehe, hehe." Ding dang laughed embarrassedly, looking at Judy who didn't smile at all. Judy didn't look like a child at all.

"Call me big sister," Owen said to Judy.

"Hello, Sister." Judy glanced at ding dang indifferently and snorted in her heart. How was she a great beauty? Master really has not seen the world! Only someone like sister fairy could be called a great beauty!

Ding dang sat in the front passenger seat, and as she fastened her seat belt, she leaned over to Yu Qingliu's ear and said, "Your friend has a murderous aura. Be careful."

Yu Qingliu didn't expect her to have such an intuition. Although it wasn't very accurate, it was still a skill. It seemed that those who could become police officers were not easy to deal with.

"You've watched too many movies," he said, speechless.

“Hmph!” Ding dang turned her head away in dissatisfaction.

.....

Yu Qingliu brought the three of them to eat, and after that, ding dang went back to work.

Yu Qingliu looked at Judy and thought for a while, then said to Owen, “Why don’t we take her to the amusement park?”

Owen was shocked, as if he was saying, “Do you think she looks like a child who likes amusement parks?”

Yingluo indeed didn’t look like one, but she was such a big child. Where else could they take her other than the amusement park?

In the end, they still took Judy to the amusement park.

Unexpectedly, Judy was full of curiosity about the things in the amusement park.

The two of them heaved a sigh of relief and immediately bought tickets for her to play next to them.

She had never played these games before, so she naturally did not refuse. However, her attitude toward them was the same as her attitude toward the hotel. She calmed down after the first glance of curiosity.

Furthermore, she was different from the other children. Other children would scream when they went on roller coasters or haunted houses, but she was expressionless.

Seeing this, Yu Qingliu and Owen broke out in cold sweat.

She came from the assassin training camp and could even tame a Lion, what roller coaster was she afraid of?

.....

“The president.” Huo Cheng received a call from a secret agent. The secret agent reported, “ Sheng nanxuan went to M Nation. He didn’t bring his family with him.

“He’s already here?” Huo Cheng raised his eyebrows.

“Not yet, I’m only getting on the plane in the morning.”

“Then let me know when he gets off the plane.”

Huo Cheng gritted his teeth, his eyes full of malice.

It’s all your fault! I won’t let you have an easy time!

Chapter 902 Have you seen her before?

Sheng nanxuan walked out of the elevator, and the hotel staff led the way.

...

When they reached a room, the waiter opened the door. Miss Lily used to stay here.

Sheng nanxuan walked in and looked at the decorations and decorations in the house. The exquisiteness barely matched her.

He walked to the balcony and looked at the entire city.

He took out his phone, opened the photo in the photo album, and compared it with the night-view photo.

Other than the time difference, everything else was the same.

Yes, this was the place.

“Boss, do you want to rest first?” Fang Yang walked over after settling his luggage.

“Let’s go and see that man first.” Sheng nanxuan turned around.

“Yingluo is.” Fang Yang could not help but light a candle for that man in his heart.

After getting into the car, Sheng nanxuan closed his eyes and leaned against the back seat. Fang Yang knew that he was very tired after a long flight of more than ten hours, so he did not disturb him.

“Boss, we’re here,” he said in a low voice after the car stopped.

Sheng nanxuan opened his eyes and frowned when he saw the slum-like area.

that man is a photography enthusiast,” Fang Yang said. he doesn’t have a job, he’s not married, and he doesn’t have any savings. He’s been living here all this time.

“Weren’t you injured?”

“He’s already been discharged.” Fang Yang said, “ one of my hands is fractured and the other is dislocated. I’m coughing there. I’ve just recovered from the kick.

Oh! Sheng nanxuan responded slowly. Now that he had recovered, it was time for him to learn a new lesson.

Fang Yang asked someone to lead the way in front. The group slowly walked down the narrow stairs and soon arrived at a dilapidated door.

The sound of a television and a man's laughter could be heard from inside.

Fang Yang gave his men a look, and one of them kicked the door open. The laughter inside stopped abruptly.

The man sat cross-legged on the ground, holding the instant noodle bucket and looking at them in horror.

Sheng nanxuan walked in and looked around the room. It was a typical otaku's room. It was very dirty and messy. There were many photos on the wall, and a bookshelf was filled with photography equipment.

The man stuttered, "you, Who are you?" I don't know you!"

He saw their faces.

Could he be a friend of that woman? They both looked like Chinese, so it couldn't be such a coincidence. They were most likely friends of that woman!

"BOSS?" One of his men found a medical record on the table and handed it to Sheng nanxuan.

Sheng nanxuan took a look and saw the diagnosis of the man's hands and that part of his body.

He looked at the instant noodles in the man's hand and gave Fang Yang a look.

Fang Yang walked over and took the instant noodles away.

The man was stunned and thought they were here to Rob him. He shouted, " "I'm a poor man. Why did you snatch my noodles? Look at you guys, can't you even afford a bowl of noodles?"

Sheng nanxuan reached out and picked him up. He pulled up the photo of Yu qinghuan's back and showed it to him."Have you seen her?"

When the man saw this, his expression changed drastically and he became afraid.

More than just seeing it? He was the one who had taken this photo!

He had guessed it right, they knew that woman!

Could it be that Huahua

He looked at Sheng nanxuan, thinking, 'I'm that woman's man? Are you here to catch an adulterer?

He trembled and shouted,"it's not my fault!" She seduced me! I didn't do anything!"

Sheng nanxuan sneered. she seduced you? " Why don't you take a look at yourself? do you think she'll like you?"

In his opinion, Yu qinghuan would never fall for any man in her life!

Chapter 903 Gong mo is in danger!

He threw the man against the wall.

...

The man groaned and fell from the wall, smashing the cabinet below.

Sheng nanxuan grabbed him and kicked him between the legs.

ow! the man screamed.

Sheng nanxuan threw him on the ground and continued to kick him in the waist.

He was in so much pain that he couldn't move, but he knew that he couldn't go on like this!

This person's strength was too great. He would die if he was kicked a few more times! Even if he didn't die, he would be crippled down there!

He immediately hugged Sheng nanxuan's leg and begged, " I was wrong, I was wrong, I was wrong, I was wrong, I beg you to spare my life, I sob sob sob sob it hurts, please spare me!

Sheng nanxuan kicked him away. He looked at the bottom of his pants and showed a disdainful expression.

Wu Wu Wu Wu, " the man finished a prawn on the ground and cried bitterly while pressing his crotch.

Sheng nanxuan turned and walked out of the room. He rubbed his forehead."Let's go back to the hotel,"

He wanted to give Gong mo a call after he got back. He raised his hand to look at his watch. It was early in the morning, so she must have been asleep.

He lowered his hands and decided to rest first. He would think about it after he woke up.

.....

At six O'clock in the morning, Gong mo was still asleep when the doorbell rang.

Sister Li was already awake. She had just woken up and was preparing to make breakfast. When she heard the noise, she looked through the peephole.

There were three men standing outside. They were dressed in suits and leather shoes and looked like they were of great background.

Sister Li was shocked. She did not dare to open the door because Sheng nanxuan was not there. Just as she was about to pretend that she didn't know, the people outside seemed to have felt her presence. The person in the middle picked up an id and said, "We're from the government. We're here for an investigation. Please open the door."

"Yingluo, wait a moment." Sister Li said in a panic and turned to look for Gong mo.

She didn't dare to disturb Gong mo, who was sleeping soundly. After hesitating for a while, she shook her awake."Madam."

"What's wrong?" Gong mo opened his eyes and asked unhappily.

there are a few people outside. They say they're here for an investigation.

"Investigate what? Let them go!" Gong mo turned over.

"But ..."

Bang! Bang!

A loud noise came from outside, as if someone had hit the door.

Startled, Gong mo turned over and got up.

“I’ll go take a look!” Sister Li Ran out in a hurry.

Gong mo put on his sleeping robe, got off the bed, and walked out. When she passed by the door of the nursery, the door slowly opened.

She looked over and saw Hu Zi in his pajamas, barefoot on the stool, his little hand holding the door handle.

mommy ... Hu Zi was holding a sweater. let me wear it.

“You go in first.” Gong mo heard the door being slammed and carried him into the room. He placed him on the small bed and said, “ be good, mommy will come in right away.

“What’s wrong?” Hu Zi asked in fear.

“It’s fine. Just stay in bed.”

When Gong mo walked out, sister li was pacing around the living room anxiously. When she saw Gong mo, she asked, “ “Madam, what should we do?”

“Call the police!” Gong Mo’s face darkened. What else could he do? After we call the police, we’ll inform the property management!”

This early in the morning, is this a robbery? What was the property management doing?

Gong mo wasn’t afraid. The door lock was custom-made, so it definitely wouldn’t open. Moreover, with Sheng nanxuan as his backing, anyone who dared to come to find trouble would be destroyed by him! These people really had eyes but couldn’t see, they had eaten bear’s heart and leopard’s gall!

Sister li had just picked up the phone when she heard a “Biu” sound. A bullet had been shot through the door lock.

Gong mo was dumbfounded. Before he could react, four or five men barged in with guns in their hands.

These people should have fired at the lock a long time ago, but because the guns were equipped with silencers, it was not easy to hear.

Chapter 904 Kidnapping Gong mo and the child

Who are you?! Gong mo shouted.

...

This was beyond her imagination, and she thought of many possibilities. Carter, Huo Cheng, Sheng dongqian.

Suddenly, she realized that Sheng nanxuan had many enemies.

One of the men raised his gun. Gong mo held his head and screamed. Then, there was a "Biu" sound and sister li fell to the ground.

Gong mo looked over and saw that sister li had been shot in her right hand. The landline phone had fallen out of her hand.

"Don't move!" The rest of the men pointed their guns at Gong mo.

Sister li moaned in pain, "Madam, sob, sob."

A man pointed a gun at her and was ready to end her life.

Gong mo saw through his intention and hurriedly blocked him, "Don't kill her!"

The man paused, moved the gun away, and said to the others, " "Take them all away! There's another child, find him!"

"What are you guys doing?" Gong mo was shocked and rushed over to stop them.

A man pushed her away and she fell to the ground. She immediately wanted to get up, but the next second, she felt a cold muzzle against her forehead.

She froze and did not dare to move.

ah! Hu Zi's cry was heard.

Gong mo didn't care about the gun in his head. He got up and rushed over.

The people behind her were stunned, but they didn't really shoot her. Instead, they followed her.

Gong mo rushed to the door of the nursery and saw a man carrying Hu Zi. Hu Zi kept kicking and hitting the man and shouted, " "Bad guy! Bad guy!"

"Hu Zi!" Gong mo shouted.

When Hu Zi saw her, he wanted to go to her side, but the man held him and did not let go. He lowered his head and bit the man's wrist.

The man frowned, raised his hand and knocked on the back of his neck, and he fainted.

Hu Zi! Gong mo shouted in panic.

Suddenly, she felt a sharp pain in the back of her neck, and then she lost consciousness.

.....

Gong mo was woken up by the cold. Before he could open his eyes, he heard crying and moaning.

mommy, sob, sob! Hu Zi's cries could be heard.

Gong mo opened his eyes and found Yu Gangan lying on his chest, tugging at his clothes with tears in his eyes.

A painful groan came from the side. Gong mo looked over and saw that it was sister li.

She looked around. This was a small room. There was nothing in the room, just like a prison.

The walls were bare and flat, and the ground was made of cement. At the top of the wall near the roof, there was a narrow window with steel bars in the middle. Several snowflakes drifted in from there.

No wonder it was so cold.

Gong mo hugged his arms tightly and lowered his head when he heard Hu Zi's cries. He saw Hu Zi's Red face and knew that he was even colder. He immediately took off his sleeping robe and wrapped it around him.

Mama, CAW, CAW. Hu Zi sniffled and said softly, " call daddy and beat up the bad guys.

"Good girl." Gong mo patted his head and placed him aside before moving to sister Li's side.

Sister li had already taken off her coat and wrapped it around her injured hand, but the blood had already stained the coat red.

I'm sorry, Zhenzhen! Gong mo cried as he held her hand.

Although sister li was a servant, when she put herself in her shoes, she felt that she had let her down.

If it was him, he would be resentful to death if he suffered such an undeserved disaster while working for others! He would rather not earn money than suffer this kind of torture! And in the current situation, he might even lose his life.

Those people's target was her and Hu Zi. They didn't seem to care about sister Li's life and didn't take her seriously from the beginning.

Gong mo didn't want anyone to die. Thinking of what might happen, his heart ached.

Chapter 905 What do you want to do?

She sniffled and wanted to help Sister li treat her wound, but she had no experience in this area at all.

...

Sister li moaned. hurry up. Hurry up and give my clothes to Hu. Don't catch a cold.

Both Gong mo and Hu Zi had just woken up and were only wearing pajamas, but she had already put on her daily clothes.

Gong mo shook his head. don't say anything. You're cold too.

There was air-conditioning at home, so sister li was not wearing thick clothes. She had already taken off a coat, and if she took it off again, she would catch a cold.

Gong mo stood up and walked to the only door in the room.

The door was made of iron, and there was only a very small gap where it was connected to the wall.

Gong mo pushed the door open, but there was no response.

She raised her fist and hit it twice, immediately feeling the pain in her hand.

She had no choice but to use her feet to kick. The iron door made a dull sound, which sounded like a very thick steel plate.

mommy, sob, sob! Hu Zi sat on the ground and cried.

“Hu Zi!” Gong mo immediately ran over and pulled him into his arms. Don’t cry, Mommy is here.

“I’m so cold.” Hu Zi trembled as he curled up in her arms.

Sister li cried, “Madam, I’m sorry, Yueyue. I was too stupid just now. I didn’t call the police earlier, Yueyue.”

Gong mo shook his head. don’t say anything. Nan Xuan will come and save us.

“But Sir, please ...”

“If he’s not here, there are other people.”

When sister li heard this, she felt a little more at ease.

At this moment, a loud sound came from the iron gate, and the three of them immediately looked over.

Gong mo and sister li were on their guard. Hu Zi held Gong mo nervously and stared at the iron gate in fear.

The metal door slowly rose. Gong mo saw a few pairs of legs wearing leather shoes and suit pants outside the door. As the iron door moved up, those people gradually appeared in her line of sight.

Seeing the face of the man in the front, Gong mo exclaimed in shock.

“Huo Cheng!”

Huo Cheng’s expression was cold, and several agents stood behind him.

He walked into the room and glanced at sister li. A secret agent immediately walked in and carried sister li out.

Sister li cried out in fear, “Madam!” Madam, save me!”

Gong mo pounced over and hugged her leg. He shouted to Huo Cheng, “What do you want to do?”

Huo Cheng frowned and the agent kicked Gong mo away.

Gong mo felt a sharp pain in his chest and fell to the ground. Sister li was immediately dragged out by his opponent.

mommy! Hu Zi knelt beside Gong mo. Seeing her sad expression, his little face was full of worry and heartache.

Gong mo clutched his chest and got up. He carried Huo Cheng in his arms and looked at him vigilantly.

Huo Cheng suddenly laughed and asked in a kind tone, “Mrs. Sheng, how do you feel about this place? How is it compared to the presidential palace?”

“What do you want to do?” Gong Mo’s expression changed.

“Can you guess?”

you ... Gong mo had a bad premonition and his heart sank.

She didn’t know if Huo Cheng had attracted any attention when he sent people to catch her. Although the sound of the door being slammed was loud, she was the only one on the floor, and the neighbors upstairs and downstairs would not care if they heard it. The person who caught her might have destroyed the surveillance system of the community, and the security guards and property management would not notice anything unusual in a short time.

In this case, how long would it take for someone to find out that something had happened to her?

She looked at Huo Cheng and asked, “what’s your motive?” Are you trying to threaten my husband?”

“Why are you threatening him? He’s so powerful, how can I threaten him?” Huo Cheng laughed at himself. I just want to use you to take revenge on him. What do you think I should do?”

“Don’t you dare!” Gong mo glared at him. if you dare to hurt me, you can’t afford to pay the price!

Chapter 906 Huo Cheng’s purpose

“The price?” Huo Cheng sneered. if you die, so what if I have to pay a huge price? As long as you can’t live, Sheng nanxuan will regret it! Isn’t that enough?”

...

you ... Gong mo looked at him in horror. Nan ... Nanxuan will come and save me!

“He’s still in country M, which is half a world away from here. How can he save you? Even if he got the news immediately, it would take him more than ten hours to get back. By that time, your corpse would have already turned cold!” Huo Cheng gritted his teeth. His eyes were filled with hatred and madness. I want Sheng nanxuan to experience the taste of regret!

Gong mo started to panic.

What to do?

He wanted to kill her, what should she do?

When she saw the open door, she rushed over with Hu Zi in her arms.

If he didn’t escape, he would die. He would only have a chance if he escaped!

Just as she reached the door, a figure flashed over and blocked her way.

She took a step back in fear and turned to look at Huo Cheng in horror.

“What’s the hurry?” Huo Cheng laughed. Don’t worry, take it slowly. I wanted to kill you with one shot, but that would be too straightforward. You won’t feel any pain before you die. I’m afraid that Sheng nanxuan won’t be too touched when he sees your body. Only by tormenting you before you die will he be in so much pain that he would wish he was dead. Oh right, there’s also your child Yingluo.”

Gong mo hugged Hu Zi tightly.

“Keeping the child is for him to seek revenge on me in the future. Of course, I won’t be soft-hearted and will definitely send him to hell with you!”

no! Gong mo shrieked. if you dare hurt us, Nan Xuan will not let you off!

Huo Cheng's expression was twisted and full of hatred. "You think I'll let him live?"

"What do you want to do to him?" Gong mo was stunned.

"What do you think? He caused me to be in this state, do you think I will let him go? I know that he's powerful and not an ordinary person. However, when he gets the news about you and your child, he'll definitely rush over in person. At that time, there would be countless machine guns shooting at him! Even if it's a superhuman, he won't be able to escape!"

"You're urging Huo Cheng!" you're the president of a country! How can you be so vicious? "Gong mo roared.

"I got to the president's position by being vicious! Sheng nanxuan wants to kill me. If I'm not ruthless, I can only let him arrange the rest of my life! What would you do if you were me?" He looked up at the door and said, "take them away.

"What are you doing?" Gong mo shouted.

The agent walked in and dragged Gong mo out.

Gong mo hugged Hu Zi tightly and shouted, "let go!" Where are you taking me?"

wuwuwu! Hu Zi cried out in fear. mommy, Wuwu, daddy ...

Outside the door was a dark corridor, and Hu Zi's cries grew louder and louder. Gong mo was helpless and couldn't find a way to escape.

After a while, she was pushed into a room.

This room was even scarier than the previous one. After the door was closed, there was no light in the surroundings.

She hugged Hu Zi and leaned against the wall, on the verge of a breakdown.

Then, a loud noise made her alert.

A moment later, a ray of light appeared on the ground in front of them-the wall slowly extended.

Behind the wall, there was a row of steel bars standing on the ground.

She was completely locked up in a cage!

She raised her head to look at the roof. The iron fence made of steel bars connected the roof to the ground.

There was another room opposite her that looked exactly the same as her room. The only difference was that there was a skylight on the roof of the room, and all the light in the room came from there.

There was no sound in the surroundings, and there was no air conditioning. Holding Hu Zi in his arms, Gong mo squatted on the ground and shivered.

Chapter 907 Sheng nanxuan suddenly regretted

When Sheng nanxuan woke up, it was already dusk in M Nation. He looked at his watch and estimated that Gong mo was still sleeping, so he went to the bathroom to wash up.

...

After he was done, Fang Yang stood in the living room and asked, "Boss, what do you want to eat? Do you want to send it to the restaurant or to the room?"

"As you wish." Sheng nanxuan was absent-minded. Seeing that it was already eight o'clock in China, he began to call Gong mo.

He called the landline first. If Qimo was still sleeping, calling the landline would not wake her up.

However-when the landline was occupied, he frowned. Could it be that the nanny was using the home phone to call-private phone?

He then called Gong Mo's cell phone, but he didn't answer either. She called him twice, and it was the same.

He called the housekeeper's cell phone again, but she still didn't answer.

He had a bad feeling. It was so early in the morning, how could no one answer all three calls?

He then called the driver's phone and the call went through.

"BOSS?" The chauffeur was still sleeping in and was extremely nervous. He remembered that his BOSS had gone to Country M. Why was he calling him again?

"It's fine. I'll try to get through to your phone."

"Ah?"

I can't get through to Madam's phone or landline. Go and see what's going on.

Fang Yang raised his head and looked at him. "What's wrong with Madam?" he asked after he hung up.

"I don't know," Sheng nanxuan furrowed his brows and said uneasily, "I hope nothing happened, Zhenzhen.

The doorbell rang and Fang Yang went to open the door. The waiter pushed in a cart of food.

Sheng nanxuan ate a little uneasily and waited for the driver's call.

After listening to the driver's description, his expression changed and he stood up immediately.

"Boss?" Fang Yang asked anxiously.

"Return to China!" Sheng nanxuan's hands trembled. send someone to my house. Gong mo is missing! The child and the nanny were gone, and there were traces of a gunfight and blood in the house! Hurry up!"

Fang Yang's expression changed and he immediately made a call.

Sheng nanxuan was flustered. He did not dare to imagine what had happened.

He calmed down for a few seconds before calling Yu Qingliu and Ding Yuan.

Yu Qingliu had a wide network of connections, and Ding Yuan already had some power in his hands when he was handing over the state affairs to Huo Cheng. The two of them would definitely be able to help.

I hope nothing will happen!

Sheng nanxuan suddenly regretted it. Why did he come here? There were still more than ten hours before they returned to China. Would they be wasted during this time?

He shook his head. No, it can't be! Gong MO will be fine, and the child will be fine, Yingluo.

.....

Gong mo walked around the house with Hu Zi in his arms, creating heat to warm his body.

Hu Zi grabbed her shoulders with both hands and said pitifully, "Mommy, I want to eat."

Gong mo paused for a moment and continued walking. He patted his back and said, "Be good, we'll be home for dinner in a while."

Hu Zi bit the clothes on her shoulder while drooling. He was so hungry that tears welled up in his eyes.

Gong mo was also very hungry and cold, but he could only persist.

She believed that even if Sheng nanxuan could not make it in time, his men would come to save her.

Suddenly, the sound of water could be heard. She turned her head and looked over. Hu Zi also looked over.

A stream of water poured down from the skylight. It was obvious that someone had placed a water pipe there.

Gong mo didn't know what was going on at first, but he gradually realized that-

The water slowly flowed to her feet.

She had worn her slippers in the morning, but her shoes were nowhere to be found.

At this moment, the cold water was stimulating her feet. She shivered and wanted to avoid it, but every corner of the room was like this.

The water had nowhere to go, so it accumulated in the room, and the water level quickly reached her feet.

Chapter 908 Huo Cheng wanted to drown her and Hu!

“Mom?” Hu Zi lowered his head and called out.

...

Gong mo leaned against the wall and looked around in horror. Other than the skylight, there was no other gap in the room. In other words, the water would fill up the entire house!

“Mom?” Hu Zi asked curiously, “is there Shuyu?”

“No, I didn’t,” Gong mo leaned against the wall and shivered in fear.

Huo Cheng wanted to drown her and Hu!

What to do?

Hu Zi was a little disappointed. He leaned on his shoulder and said, “Mom, I want to eat fish, fish, Pixiu.”

Gong mo opened his mouth and said after a long time, “I’ll go eat later.”

She cried in despair, but she did not dare to cry out loud for fear of scaring Hu Zi.

The water quickly reached her knees, and she felt the piercing coldness spread from the bottom of her feet up. There was no time for it to stop.

As time passed, the water level rose higher and higher, higher and higher.

The water was at her waist, and even Hu Zi was afraid.

Gong mo held his body up to prevent him from getting wet.

The water pillar from the skylight had not stopped. Whoosh, whoosh, whoosh, it formed the most terrifying sound in the world.

“Huo Cheng!” Gong mo raised his head and shouted.

“Huo Cheng! Please let us go!”

“I’ll get Nan Xuan to let you off! Return your things to you Yingluo, let me go Yingluo, let my child go Yingluo!”

“Huo Cheng, I’m begging you, I’m begging you, I’m begging you!”

“You can kill me, but please let go of my child Yingluo.”

Huo Cheng didn’t appear, and no one responded to her.

The water continued to increase. She lifted Hu Zi up and let him ride on her neck.

Hu ‘Zi did not listen and cried, “mommy, Daddy, Daddy!”

don’t be afraid. I’m still babbling. Gong Mo’s face was full of tears. He held his father’s hands and steadied his body. He then pressed himself against the wall to prevent him from falling.

She did not know how to swim. If she fell, she and Hu would both drown.

“Argh! Mother!” Hu Zi’s cry rang out.

Gong mo was shocked to find that the water had already reached Hu Zi's feet.

She hurriedly placed his hands on her head. "Hug mommy." Then, she grabbed his foot and lifted him up.

However, the water continued to increase. In the end, it reached her shoulders, and some of the water even went into her mouth.

She stood on her tiptoes to breathe.

A part of Hu Zi's body was also submerged in water, and he shouted without listening.

But she couldn't think of any other way to protect him, so she could only try her best to stand on her tiptoes and lift his body.

cough, cough, cough. a stream of water was poured down her throat.

She felt like she was going to drown.

Just then, the sound of water in front of them suddenly stopped.

She heaved a sigh of relief as the water level would not continue to rise.

She was surprised to find that after the water level had calmed down, the water level was just around her neck. As long as she raised her head, the water would not enter her mouth and nose, and she could continue to breathe!

"How do you feel?" Huo Cheng suddenly asked.

Gong mo was shocked as he looked forward.

There was water everywhere, and Huo Cheng was nowhere to be seen.

“If you place the child under your feet, he won’t drown.” Huo Cheng’s voice came from above.

Gong Mo’s body stiffened. He looked up and realized that there was a loudspeaker on the ceiling.

She chuckled, “Huo Cheng, you ...”

The loud sound of water was heard again. It was like a waterfall as countless streams of water poured down from the skylight!

Very quickly, the water had reached her nose.

Then, the water stopped again.

This time, the water level had just reached her nose.

If she wanted to live, she could only jump up with all her might, breathe the air above, and spit out the water in her mouth.

Chapter 909 Hungry wolves attack, nowhere to escape!

But the next moment, she fell down again, and a big mouthful of water went down her throat.

...

She regretted not learning how to swim. Otherwise, she wouldn’t have to work so hard. After I get out, I have to learn how to swim, Yingying.

She jumped up again, let out a breath, and then fell down again.

After a few rounds, she felt exhausted and almost fell into the water a few times.

Hu Zi was crying on her head, and his tears fell on her face. Her tears also flowed out, and the two streams of heat mixed together and flowed down her cheeks.

However, she did not waver in the slightest and continued to hold the Tiger.

This was Huo Cheng's goal, to make her kill her own child! He made her feel uncomfortable!

She would not let him have his way!

Gong mo held his breath as he felt his entire body freeze.

mommy-" Hu Zi cried, " Daddy, Daddy, Daddy!

Gong Mo's body went numb and he felt that he couldn't hold on any longer.

She gradually relaxed. Her hands were still holding onto Hu Zi's body, and she was leaning stiffly against the wall.

'Just like this,' she thought.

As long as Huo Cheng did not continue to get people to pour water on him, Hu Zi would at least survive.

After a while, she felt that she was still breathing freely. She looked at the surface of the water in confusion and found that the water was gradually receding.

She was overjoyed and finally heaved a sigh of relief.

After a while, her knees were exposed.

A chill that was even colder than before invaded her entire body. She fell to the ground along the wall. The water on the ground had not fully receded, and half of her face was submerged.

Hu Zi fell to the ground and quickly crawled towards her, his small body stirring the water on the ground. "Mother! Mother!"

Gong Mo's eyelashes trembled and his body trembled.

mommy, sob, sob. Hu Zi shook her.

She got up, leaned against the cold and wet wall, and carried him. Their clothes were soaked in water and stuck to their bodies.

Gong mo wanted to put him down so that he wouldn't come into contact with the coldness of his body. However, the ground was also cold, even colder than her body.

She could even feel the ground slowly freezing. She could only hold him in front of her and use her body to warm him.

nanxuan yunyuan! she cried as she closed her eyes, feeling like she could not hold on any longer.

A loud sound was heard.

Gong mo trembled and looked over with hope.

A door opened in the room opposite the fence, and two shadows were reflected on the ground. They didn't look like people.

Gong Mo's head was heavy and he could not tell what it was. Hu Zi mumbled in front of her, "Doggie Pixiu"

Gong Mo's eyes were half-open and he didn't have the strength to answer him.

awoo! a Wolf's howl came from the front.

Gong Mo's eyes widened as he saw two hungry wolves walking towards him.

She took a deep breath, and the cold air around her went down her throat and into her lungs.

She couldn't help but cough twice, and the two wolves rushed over.

ah! Gong mo screamed.

awoo! the wolf was stopped by the iron fence.

Gong mo heaved a sigh of relief. He hugged Hu Zi tightly and climbed up with the help of the wall. The water on the wall had already frozen, and her palm slid down, almost falling.

The wolf madly hit the iron fence and howled at them. Its four limbs grabbed the steel bars, making a heart-wrenching sound.

Gong Mo's heart was about to jump out of his throat. The only thing she was glad about was that the iron fence in front of her was closed, and they couldn't get through.

However, Huo Cheng would get someone to open it sooner or later.

Hu Zi cried out in a hoarse voice, "Mommy, Yingluo, mommy, Yingluo"

Gong mo raised his head and looked around. There was no place to escape.

Chapter 910 The little girl who descended from the sky

She carried Hu Zi and walked to the side, almost slipping on the frozen ground.

...

Suddenly, a sheep's cry could be heard.

Gong mo looked over and saw a sheep bleating as it fell from the sky.

The two wolves rushed over like lightning, tearing each other apart with a live sheep in their mouths.

The pained cries of the sheep rang out. Gong mo covered Hu Zi's eyes and ears and cried in fear.

Then, with a clang, the iron fence between her and the wolf was slowly raised.

Gong Mo's body stiffened and he looked over in horror. If not for the child in her arms, she would have fainted.

The two wolves fought to tear at the sheep's body and had no time to care about her.

She didn't dare to make any sound, for fear of attracting the Wolf's attention.

They wanted to escape, but there was nowhere to escape! Her legs were as heavy as lead, and she felt as if every bone in her body was soaked in ice. Now, even if there were no walls around, she might not be able to escape!

Gong mo subconsciously held Hu Zi tightly in his arms. The two wolves howled angrily in her ears. One of them was groaning, seemingly injured.

She raised her head in confusion and saw a bow and arrow in one of the wolves' legs!

The two wolves looked up at the skylight and kept howling in anger.

Gong mo looked over and saw a crossbow. Another arrow was shot at him.

Gong mo turned his head in fear. The arrow didn't land on her but on another Wolf that wasn't injured. But the wolf dodged it.

The two wolves were infuriated. They ran over and roared at the skylight.

The crossbow was put away, and then a pair of feet in black boots reached in through the skylight.

Gong mo saw that the pair of feet was very small and guessed that it was a child.

She shook her head and wondered if she was not clear-headed. Wasn't the child looking for death by appearing here?

However, Yingying's skylight was very small, so adults might not be able to get in. It might really be a child.

She lifted her upper body and saw a person slowly hanging down from above. It was a little girl!

The little girl was wearing tight-fitting clothes, a walkie-talkie and an earpiece on her head, a knife and a gun tied to her waist and legs, a safety rope tied to her body, and a crossbow in her hand.

She was expressionless as she readied her crossbow and shot a few more arrows at the wolf. The wolf wanted to attack her, but was shot and retreated in fear.

When she was about a meter above the ground, she untied the rope around her waist and fell to the ground.

“Are you okay?” a voice came from above.

“No problem!” She said, “ even a Lion can be subdued, let alone two hungry wolves.
