

Ditsy Wife 91

Chapter 91

91 The search

Sheng nanxuan sat at the dining table. The food on the table was already cold. He picked up his phone and called Gong mo again, but he still couldn't get through.

...

Fang Yang finished his call on the balcony and walked in. "BOSS....."

"You found it?"

Fang Yang shook his head, afraid that he would get angry, so he quickly added, "Lin Lei and CEng Shuai will be here soon."

Sheng nanxuan got up and walked into the living room. He sat on the sofa.

After a while, Lin Lei and Zeng Shuai rushed over, followed by Lin Jing, who could not be shaken off.

Lin Jing had no idea what they were going to do, but at the thought of being able to see Sheng nanxuan, she shamelessly followed them. The moment she saw Sheng nanxuan, she ran over and said happily, "Nanxuan! Long time no see, how are you? My brother said this is your house? When did you move in? why didn't you tell me?"

"Jingjing!" Lin Lei growled, "come here and don't disturb nanxuan. Otherwise, you can go home!"

f * ck! Lin Jing was unhappy. Seeing that Sheng nanxuan was ignoring her, she could only walk to the side unwillingly.

Lin Lei turned on his laptop. Zeng Shuai asked Sheng nanxuan, "Do you want me to contact the TV station to broadcast a missing person notice?"

Fang Yang glared at him, 'how long has it been? What kind of revelation is this?'

To broadcast Madam's photo and information through the television and let everyone in the city see it, was there a hole in his brain? There was no way the boss would agree!

As expected, Sheng nanxuan did not reply.

Lin Lei looked at the computer that was still on and said, "It's not easy to find it directly. I'll try to hack into the city's surveillance system."

"Hurry up!" Sheng nanxuan said coldly.

Lin Lei nodded. The desktop was already displayed on the computer, so he immediately got to work. He started searching from the shopping mall where Gong mo had first been. After finding her, he checked the place she had gone. It was a pity that one camera couldn't cover the entire scene. He had to constantly look for other cameras along the way and then slowly look for her figure. This was a huge workload.

Fortunately, Lin Lei's movements were fast, his fingers flying over the keyboard.

Sheng nanxuan was a little annoyed. Fang Yang and Zeng Shuai glanced at him, then stared at Lin Lei's computer and helped him look at the details.

In the huge living room, no one spoke.

Lin Jing suddenly walked to Sheng nanxuan's side and asked gently, "Nanxuan Yingluo, what's wrong? What are my brother and the others doing?"

Sheng nanxuan frowned and did not have the mood to care about her.

Lin Jing wasn't discouraged and continued to ask, "Have you not eaten yet? I saw that the food on the table was untouched. I'll go heat it up for you."

Sheng nanxuan still did not move.

Lin Jing thought for a moment and asked tentatively, "why are there two sets of bowls and chopsticks on the table?" Do you live with others?" Could it be that he had a girlfriend and was living together with her? How could that be!

Sheng nanxuan still did not move. She bit her lip, feeling a little dissatisfied and helpless.

"I'll go heat up your food!" She turned around angrily.

"Don't mess around!" Lin Lei, who was operating the computer, roared.

He was busy and could not be distracted by Lin Jing. Fang Yang immediately walked to Lin Jing's side, put his arms around her neck, and pulled her to the side. "Be good, sit down properly ..."

"Don't touch me!" Lin Jing pushed him away, her eyes filled with disgust.

Fang Yang paused, looking hurt.

I found her," Lin Lei said. she's on the subway.

Sheng nanxuan immediately walked to his side and looked at the image on the computer.

Lin Lei locked onto the surveillance camera inside the subway and could see Gong Mo's every move. Soon, Yueyue fell asleep.

Chapter 92

92 I came back on my own

Lin Lei fast-forwarded the video, wanting to see where she was getting off the car.

...

She was still sleeping even though the car had stopped.

The four men completely surrounded the computer, so Lin Jing couldn't see the image on the computer. She jumped around behind it. "What are you guys looking at?"

Everyone ignored her.

After a while, Lin Lei found the surveillance footage of Gong mo on the subway again. Just as Gong mo was about to get off the subway, he heard the sound of a lock being unlocked. Who are you?! Lin Jing shouted.

Sheng Nan looked up-Gong mo was back.

Gong mo was startled when he saw the person in the room. Especially when she met Lin Lei and Lin Jing during the meal. Thinking of Lin Jing's words, she glanced at Sheng nanxuan strangely.

Sheng nanxuan angrily walked to her side and asked through gritted teeth, "Why didn't you pick up the phone?"

"Oh my God, I dropped my phone." Gong mo said with a guilty conscience. It looked like she was worried. She thought he wouldn't be worried. If Yingluo had known, she would have come back earlier.

"Who is she?" Lin Jing asked Lin Lei from behind.

Sheng nanxuan turned around and ordered them, "Get the phone back!"

"Yes!" Lin Lei, Fang Yang, and CEng Shuai answered in unison.

They had just seen on the surveillance video that a blind guy had picked up the madam's phone. Hmph Hmph Hmph, if that guy didn't take the phone for himself, BOSS wouldn't have made such a big fuss. I'll definitely teach him a lesson later!

The few of them packed up their computers and left with Lin Jing.

Lin Jing looked at Sheng nanxuan and Gong mo, furious. Lin Lei almost carried her into the elevator.

By the time Lin Jing stood on the ground, the elevator had already gone down. She knew that she couldn't get out after a few smacks, so she asked angrily, "Who is that? His girlfriend? They were living together illegally? How could he do this! Nanxuan isn't that kind of person. That woman must have seduced him!"

"It's not illegal, it's legal!" Lin Lei said.

Lin Jing was stunned, "legal? what do you mean by legal?" How can cohabitation be legal?"

"You're married, so of course it's legal." Fang Yang said proudly.

"What?" Lin Jing took a huge blow and shouted, "he's married? I don't believe it!"

At this time, at Sheng nanxuan's house.

Gong mo stood nervously in front of Sheng nanxuan and whispered, "Did I make you worry? I'm sorry, Yingluo. I thought you wouldn't mind."

"Why wouldn't I mind?" Sheng nanxuan roared, "even if we have no feelings for each other, you are still the mother of my child! I promised your mother that I would take care of you. If she can't contact you when she calls, how am I supposed to answer to her?"

I'm ... I'm sorry, ran ran. Gong mo lowered his head. I wanted to tell you, but I lost my phone, ran ran.

“You’re not even going home after you dropped your phone? Don’t you want to eat?”

“I’ve already eaten.” Gong mo looked at him timidly. I was hungry on the way here, so I went to eat. Then, ” she remembered that she had met Lin Lei and Lin Jing, so she paused and didn’t say anything. then, I took a walk and came back. If I didn’t lose my phone, I would have told you in advance!”

Sheng nanxuan nodded. alright. I’ll forgive you this time. If you do this again, I don’t care if you dropped your phone or not, I’ll lock you up in a cage!”

Gong mo was dumbfounded,“C-cage?” Lock him up? I’m not an animal!”

“How are humans not animals!”

you ... Gong mo was furious.

Too much, too much!

He was actually arguing with him about whether humans were animals or not!

Even if humans were animals, they were still advanced animals. How could they be locked up?

Chapter 93

If he had known that she wouldn’t come back, he would have shouted at her the moment she came back!

...

Sheng nanxuan took a deep breath, turned around, and walked into the dining room. He pulled out a chair and sat down. Then, he picked up the cold food and started to eat.

Gong mo looked at him and felt sorry for him. He walked over slowly and said, "Yingluo, don't tell me you've been waiting for me to have lunch?"

"Who told you to be pregnant? Who told me to keep a gentleman's promise? I promised mom that I would take care of you, so how could I possibly starve you?"

"I'm, I'm sorry," Gong mo felt even more guilty. He reached out and tugged at his sleeve. shall I wash the dishes later? "

"There's a dishwasher at home, we don't need you."

Gong mo was stunned. He retracted his hand and didn't know what to say. After some thought, her eyes lit up and she said, "I accidentally walked over to Qing Yu media and bumped into su mo. She seems to be working at Qing Yu media."

"Why are you telling me this?"

"She and your brother wanted to harm you, so I'm giving you a warning,"

"Do you think I need to be afraid of them?"

Gong mo thought to himself, "that's right, I'm so powerful. I don't have to be afraid of anything." There was probably nothing in the world that he was afraid of, right?

"Are you angry?" she bit her lip.

"Should I not be angry? You splashed a glass of water on me and ran around!"

that's all because of you, Zhenzhen, " Gong mo said unhappily. your brother and I were in a relationship before, so it's understandable that I can't forget him for a while! But I'll definitely forget him completely after what he did to me! Don't make it seem like I've only met him once and I can't forget him, alright? It's like I'm a two-timing womanizer!"

Sheng nanxuan paused. He knew that she made sense.

Actually, she shouldn't have fallen in love with his brother. It was all his own fault! If he hadn't done that back then, she definitely wouldn't have forgotten him, and she definitely wouldn't have fallen for someone else! Even if he fell in love with someone else, that person would definitely not be his brother!

He took; deep breath and gritted his teeth. "I'm not happy, okay? Then tell me, when will you be able to completely forget him?"

"I don't remember it now! It's just that I'll recall some memories whenever I encounter a similar scene. It's not like I can control it!"

Sheng nanxuan was silent for a while. Then, he suddenly became very calm and said indifferently, "I know."

In fact, he had a way to make her forget about her being with Sheng Dongyi. However, Yingying had already used it once, so it was better not to use it again. Perhaps she didn't like this. Every memory was a part of life. Who would want to lose their life?

"Are you alright?" Gong mo asked carefully.

"I'm fine. You're right, I should give you time. We're already married, so we should get to know each other better and live our lives well." Sheng nanxuan reached out to stroke her head and suddenly smiled. but I'm still a little angry about what happened today! Do you know how worried I was when I couldn't find you?"

"Uh, hehe."

Sheng nanxuan lowered his head. give me a kiss. Then I'll forgive you.

Gong Mo's eyes widened in anger. However, when she saw the serious look in his eyes, she couldn't help but blush.

“Can you not just remember this every day?” she turned her head.

you are my wife Yingluo. Sheng nanxuan lifted her chin. of course I want to kiss you often.

After he finished speaking, he lowered his head and pressed his lips against hers, kissing her deeply.

Chapter 94

94 Why are you getting a divorce again?

Sheng nanxuan kissed her for a long time. When he felt that he had enough, he slowly let go of her.

...

Gong mo pushed him away and ran back to his room.

She rested in the bedroom for a while. She wanted to sleep, but she couldn't fall asleep after tossing and turning in bed.

Maybe he had slept too much on the train, not because of that kiss!

She sat up, rubbed her burning cheeks, and went to the study to find a book to read.

Walking into the study, she saw a stack of printed paper on the desk. She took it and saw that it was printed-“corpse Language” by Gordon Easter, Italy.

It turned out to be a detective novel that Sheng nanxuan had translated for her.

When he saw the name ‘corpse language’, he felt both nervous and excited. The story must be very interesting!

When he left in the morning, it wasn't there yet. It seemed that he had printed it later. She didn't expect him to translate the novel for her even when they were quarreling.

Gong mo couldn't help but feel touched.

She looked out the door and felt a sweet feeling in her heart. She carried the printed copy to the balcony and sat on the rattan chair to read it.

The story was indeed wonderful. After the male lead appeared, he began to solve the case. The case was linked to each other, and gradually entered a good state.

Gong mo read the book with great interest. When he flipped to the next page, he was shocked!

There was a name circled in red, with the words " Yingluo " next to it.

ah! Gong mo shouted in anger. He jumped up and smashed the " Book " on the table.

Sheng nanxuan! Gong mo roared.

Didn't he know that the joy of reading detective novels was to analyze the case step by step? What was the point of knowing the murderer in advance? This bastard!

No, he knew! He only did this because he knew. He was taking revenge on her!

Bastard!

"What's wrong?" Sheng nanxuan hurriedly pushed the door open and ran over. When he saw the things on the table, he was slightly shocked and could not help but feel guilty.

Gong mo picked up the printed manuscript angrily and threw it at his face.

“You’re too much!” I want to divorce you! Gong mo exclaimed.

“Why are you getting a divorce again?” Sheng nanxuan was speechless. can’t you say it in a different way? ”

Gong mo choked and became even angrier. He turned around and ignored him.

He picked up the draft and walked over to put his arm around her shoulders.

“You did it on purpose!” Gong mo shook him off.

“Alright, alright, alright, I did do it on purpose.” Sheng nanxuan admitted his mistake. who told you not to go home? Wasn’t I worried? I thought you turned off your phone on purpose, so I ran ran.”

Gong mo felt a little embarrassed after hearing that.

Chapter 95

95 Tell me a story

“I forgot about this. Otherwise, I would have taken it away.” Sheng nanxuan said in a kind tone, “ didn’t you go back to your room? Why are you here to read again?”

...

“I can’t sleep.” Gong mo said in a low voice.

then, “Sheng nanxuan flipped through the printed manuscript in his hand,” although we know who the murderer is in advance, we can still take a look. After all, this was only the first story. There were still a few more stories. And with this reasoning process, you would never be able to guess that the murderer was this person. Even if I told you in advance, you wouldn’t think so when you see it. You really won’t believe it until the last step.”

Gong Mobai glanced at him and sat down. He took the draft and opened it silently. No matter what, she would finish reading the novel that he had translated for her.

Sheng nanxuan sat down beside her and kept her company. When she finished reading the story and looked up, he asked with a smile, "Am I right?"

Hmph! Gong mo snorted. I'll let you off this time. If you treat me like this again, I'll cut off all ties with you!

"Wanwan" would either divorce or break off their relationship. There was only one way for a woman to threaten someone!

Sheng nanxuan coughed to show that he understood. Then, he asked, "If you like detective novels so much, why don't you try to write one yourself?"

The thought of her going out to work in the future made his heart feel stifled. Her family was so rich that she didn't need to earn money. But with her personality, she definitely wouldn't be willing to be a rice weevil who just sat around and waited for death. She would definitely realize her self-worth and so on. He couldn't stop her, right?

If she could open up a new career direction, such as writing novels, she could directly work at home in the future and didn't have to go out. How great would that be! Going out to work was tiring and hard, and he had to be considerate of others. He had to leave early and return late every day. He might even have to work overtime at night, and go on business trips on the weekends. Can you see it but can't eat it?

Therefore, it was necessary to change to a free working time.

"You'll write it?" Gong mo was shocked by his words. but I don't know how to do it.

"I don't think it's written here."

"Yes." Gong mo nodded.

you studied journalism, and as a reporter, you have to write news articles. You definitely have no problem with your writing and logical thinking. That's enough.

but I have a problem with my imagination! I can't think of such an interesting story! Gong mo chuckled after some thought.

"Then I'll think of one for you, and you write it!"

"But this isn't my story anymore!"

"So what? At most, they would just share a pen name! When you're famous, tell your readers that this pen name represents two people, not one."

"Hearing you say that, we can try." then tell me a story first. Can you make it up? " Gong mo asked hesitantly.

"Why can't you make it up?" Sheng nanxuan crossed his legs and started to spout nonsense with a serious face. for example, you want to write a detective story! He would first write in a quiet southern town, such as Nanjiang. There was a factory that had been abandoned for many years. It was finally going to be demolished to build a new building. When the excavator was driven there and dug up the ground, it found many human bones."

Pa!

Gong mo slammed the table and interrupted him. Then, he rolled up the draft and patted him on the shoulder."This is clearly the story of" corpse language "!"

"How is that the same? 'Corpse language' discovered human bones in the underground of an abandoned prison."

it's all abandoned places. Human bones were found here. It's just a change of location. This is plagiarism. No way!

Chapter 96

96 The influence of genetic inheritance is much greater than prenatal education

“Okay, okay, okay, Yingluo, let’s change.” Sheng nanxuan tapped his fingers on the table and thought for a moment. It was still the same beginning. The abandoned factory was torn down, and the ground was excavated. A huge basement was found below. The basement was filled with ashes and debris. It seemed that an explosion had taken place. At this time, someone found an undamaged lead box. They thought it was a radioactive material and did not dare to open it. But I still opened it by accident, and there was only a pile of paper inside.”

...

“Paper?” Gong mo was fascinated and looked at him expectantly.

He nodded, “yes!” It was a piece of paper, and it was filled with information. The police found a few photos among them and found that they were the local missing people from more than 20 years ago! As the investigation went deeper, the police discovered that the information hid a shocking secret that was enough to shock the world. At this time, their investigation was obstructed by many parties. The most powerful people in the small city pressured them and forbade them from continuing the investigation!”

Sheng nanxuan stopped. “And then?” Gong mo asked hurriedly. The main character hasn’t appeared yet, is he coming?”

er, the main character of the cicadas might be among the police. I was too focused on the story that I forgot to mention the characters.

“That story! You’re telling a story! What happened after that? What’s the secret?”

“Uh, ran ran, I can’t make up anymore.” Sheng nanxuan looked at her innocently.

“What did you just say?” Gong Mo’s eyes widened.

“How can a story be so easy to make up? It was probably similar to the first story of ‘corpse language’. The prison would kill the prisoners, sell their organs, and bury the unwanted bodies underground.”

Hearing this, Gong mo was so angry that he pushed him.

you're pregnant, "he said helplessly. don't read such a bloody story. It's not good for prenatal education.

"You were the one who translated it for me!"

uh, alright. If there's a bloody plot next time, I won't translate it. I'll find something that's not bloody.

"There are always people who don't die in detective novels," Gong mo muttered.

"Yingluo, can't you read romance novels? Even if it doesn't work, a fairy tale will do!"

"I'm tired of watching." Gong mo said, " besides, isn't it great to read detective novels? The detective's IQ is so high, so the child's IQ will be very high in the future too."

yes, criminals are also very intelligent. There are more criminals in novels than detectives. Aren't you afraid that your child will grow up to be a murderer? "

"You ... How can you talk about your own child like that?"

this world is full of good things and bad things. You should be more careful.

"If the child turns bad, it's your fault!" Gong mo said angrily. The influence of genetic inheritance is much greater than prenatal education!"

"Oh, now you know about genetic inheritance? Why did he say that a child's high IQ was dependent on the detective in the novel? That was a virtual character! I'm sitting here alive and well, and you're ignoring me!"

“Do you have a high IQ? I’m just afraid that you’re not smart enough, so I’m just reading some books to make up for it.”

my IQ is insufficient?! Sheng nanxuan was not convinced. He pulled her out. come with me!

“What are you doing?” Gong mo shouted.

“You’ll know when you come.”

Sheng nanxuan brought her into his study and placed her on a mahogany chair. Then, he sat on a swivel chair and turned on his computer.

Gong mo took a look and saw several computers on the desk.

He slid his swivel chair away, picked up a remote control, and pressed it on the bookshelf against the wall.

Gong mo looked over and his mouth opened wide in surprise.

The bookshelves slowly parted, revealing an entire wall of electronic screens.

Chapter 97

97 I don’t want to talk to you anymore

“Didn’t you want to know how I earn money?” Sheng nanxuan turned to face the computer. He typed furiously on the keyboard and said, “I’ll demonstrate to you now. I’ll let you see how much more intelligent I am!

...

Gong mo was speechless.

Sheng nanxuan was operating on the computer, but Gong mo couldn't understand what he was doing. Feeling bored, she grabbed the mouse of another computer and opened a web page to read a novel.

Sheng nanxuan suddenly pushed the keyboard over. "Come, log into your online banking account."

"What are you doing?" Gong mo was on his guard.

"What's with that expression? Are you afraid that I'll cheat you of your money? I've given you so much money, I've even given you my black card. Would I still be interested in your dowry of tens of thousands?"

"What dowry?" Gong Mo's face turned red. He lowered his head and logged into the internet bank. mother was afraid that I wouldn't have enough money to spend after giving birth, so she gave me some reserve money. Speaking of which, I haven't told mom that you have money. I don't even know how to tell her."

"I don't think I should say it now." Sheng nanxuan said, "otherwise, she would have thought that my money came from an illegal source. Wouldn't she be scared to death?"

"You still have the nerve to say that?" Gong Mobai rolled his eyes at him and pushed the keyboard over. it's done!

She was not afraid that he would touch the money in her card. After all, it was impossible to transfer the money without the payment password and the online banking protection shield.

In the end, Sheng nanxuan really chose to transfer the money. Then, he entered the account number, the amount, and asked her to enter the password.

"What are you doing?" Gong mo asked in confusion.

"I'll help you turn this eighty thousand Yuan into eight hundred thousand Yuan!"

“Are you kidding me?” Gong mo couldn’t help laughing.

“I’m not joking. It’s just financial management.”

I’m talking about financial management! Gong mo didn’t know how to manage money. She didn’t know anything about financial management products! She felt that other than saving money in the bank, everything else was risky. However, professionals would definitely know. Was Sheng nanxuan a financial manager who could earn money without losing no matter how he managed his finances?

Gong mo transferred the money to him and said cautiously, “I don’t want to make money, but I can’t make a loss.”

“What are you saying? I, Sheng nanxuan, have nothing in my hands that will make me lose money.” After saying that, he rubbed her hair affectionately.

Then, he typed something on the computer. Since Gong mo couldn’t understand what he was doing, he had to continue looking for novels. Before she could find what she wanted to see, she heard Sheng nanxuan say, “Alright, I’m done!”

“What did you do?” Gong mo turned around and asked in confusion.

“I’m buying stocks.”

“What?” Gong mo was shocked. you’re investing in the stock market!

“Yeah! Otherwise, how can eighty thousand become eight hundred thousand?”

“No!” Gong mo stood up. you will lose money if you buy stocks!

“I won’t,”

“Definitely! Even if you make a profit today, you’ll make a loss one day. Don’t you see how many people jump off buildings because of stock speculation?”

Sheng nanxuan turned around and stared at the electronic screen on the wall. The stock market was already on it.

Seeing that he was ignoring him, Gong mo was furious. He turned around and left, ” “I don’t want to talk to you anymore!”

He was talking about making money, but it was actually trading stocks!

It was dangerous to speculate in the stock market. Even if he earned it now, he would lose it all one day!

She was a conservative person and her financial management was also very conservative. She would never touch such a high-risk investment like stocks! No matter how great the temptation was, it could not shake her thoughts.

To others, high risk meant high reward. To her, high risk only meant high risk.

In her eyes, all that was dangerous was the risk, not the benefits behind the risk. She liked things that were absolutely safe.

Chapter 98

98 I haven’t named the child yet

But Sheng nanxuan obviously liked dangerous and exciting things. Could it be that his wealth was earned through stock speculation? This was too terrifying!

...

Gong mo was very upset. He was worried that he would squander away the entire family in the future!

I won’t, I won’t, Yingluo

Since he had so much money, he definitely wouldn't squander it away so easily. Don't let your imagination run wild.

She decided to find something to do and control her wild thoughts.

She walked into the kitchen and looked at the ingredients in the refrigerator. She called the chef and told him that he did not need to make dinner. Then, she put on her apron and started to wash her hands to make the soup.

Sheng nanxuan came out of the study. When he saw her cutting the vegetables with her head lowered, his heart softened.

He walked behind her and wrapped his arms around her waist.

Gong mo was stunned and nudged him with his elbow, "I'm cutting vegetables, don't disturb me!"

"I'm just hugging you like this. How did I disturb you?"

"But I don't like it."

"Then you can slowly get used to it. I'm hugging my wife. It's only natural."

Gong mo choked. He picked up his knife and started chopping furiously!

Sheng nanxuan looked over and saw that she was cutting potatoes. The knife was so fast that only an afterimage was left.

It was so scary! This killing intent was too strong!

However, he wasn't afraid of Yingluo! Hahaha!

Sheng nanxuan spread his fingers and moved them gently on her lower abdomen.

"What?" Gong mo stopped.

"I suddenly remembered that we haven't named our child yet."

"There are still eight months before she's born!" Gong mo continued to cut the vegetables, but his movements slowed down and his killing intent disappeared.

"You can get it in advance! How about 'blooming'?"

"Yingluo is too casual, right?"

"What about Midsummer? I got pregnant in the summer, so it's a memento."

"Yingluo," she did not want to commemorate this summer at all!

"Why don't we call it 'rice bowl'?"

"Hey!" You've been playing with me, right?

"Leftovers?" Sheng nanxuan's interest was piqued and he joked on purpose.

"When you said 'Midsummer,' don't tell me you meant 'leftover'?"

"Oh, you can tell?"

you ... Gong mo raised his right hand and realized that it was a vegetable knife. He immediately put it down and pushed him away. go and speculate in your stock! Luckily, we're not allowed to eat dinner tonight!"

"Oh, Yingluo, then cook a few more dishes. Otherwise, I'm afraid you won't earn enough to reward me."

Gong mo glared at him. He smiled and turned around to return to his study.

Gong mo snorted and turned back to cut the vegetables.

Gifts? Why did he sound so pitiful? It was as if he was a subordinate who ran errands for her.

Gong Mo made a pot of soup, a red braised meat, two hot dishes, and two cold dishes. After thinking for a while, he made a fruit platter. Then, he served the dishes on the table and went to call Sheng nanxuan.

Sheng nanxuan sat on a chair and drank his coffee leisurely. When he saw her, he smiled and extended his hand to her. "Come here."

"Did you make a profit?" Gong mo asked as he walked over.

"I've earned it." Sheng nanxuan stood up and made her sit down. you threatened me with dinner. How would I dare to compensate you? " As he spoke, he kissed her on the cheek.

Gong mo glared at him, but when he saw the smug smile on his face, he didn't argue with him. Instead, he raised his hand and wiped his face in disgust.

Sheng nanxuan,"Yingluo."

Sheng nanxuan's face darkened.

Good, good, good, Yingluo, very good! She actually dared to reject his kiss. He would kiss her all over tonight and peel off a layer of her skin if he could!

Sheng nanxuan lowered his head and showed her the transaction record."Look, your 80000 Yuan has become 130000 Yuan."

Chapter 99

she was his only way out

"What?" how did we earn so much? " Gong mo asked in shock.

...

"Constantly buying and selling, constantly making money, of course I'm making money." Sheng nanxuan pulled her up and sat her down on a chair. Then, he put her on his lap. Gong mo was so shocked by his money-making speed that he couldn't react in time!

He hugged her and placed his chin on her shoulder. He grabbed her hand and held the mouse, operating it with her. "Look at you, what are you afraid of? Come, let's invest this money and earn more."

At this moment, Gong mo regained his senses and shouted, " "No! You were just lucky! Give me back my money!"

"I earned this."

Gong mo choked and suddenly realized that he was very close to him. He lowered his head and looked-

Oh my God, when did she sit on him?

She hurriedly jumped up and stood two meters away from him. Then, she reached out her hand to him."Then give me back my capital! They're here to buy diapers and milk powder for the child!"

"I'll buy diapers and milk powder."

“It’s my dowry, my private money! If you want to, use your own money!”

Sheng nanxuan thought about it and compromised. alright, Yingluo. after she finished speaking, she transferred the money to her, including the tens of thousands she earned.

Gong Mo’s expression changed when he received the message from the bank, ” “Just give me the eighty thousand Yuan.”

“There’s a lot of betrothal gifts.”

Gong mo suddenly felt a little embarrassed. She walked to his side and gently shook his arm. She said in a coquettish tone, ” “It’s not that I don’t want to give you the money, nor that I don’t want to give it to you. I’m just afraid that Yingluo is afraid that you’ll lose all your money. I have this little money in my card. Although it’s not worth a drop in the ocean to you, but if you’re penniless, at least we have a way out!”

Sheng nanxuan lowered his head and did not speak. A faint smile slowly appeared on his lips.

“What’s wrong?” Gong mo asked anxiously. Yingluo, are my words too inauspicious? I ... I just think that it’s better not to put all the eggs in one basket.”

“You’re right.” Sheng nanxuan looked up at her and reached out to hold her waist. He smiled gently. I only dare to run around outside because I have a woman behind me. So, if you want to spend money in the future, just use the money I give you and save it well on your own card. If that day really comes, I’ll be relying on you.”

Gong mo was stunned. She didn’t really want to spend his money before. After all, they got married because of their child. Now that she heard him say this, it seemed that it was necessary to properly make this marriage official.

She could not treat their marriage as temporary. Before the child was born, they had to give the child the status of a legitimate child. However, after the child was born, he still had to give the child a complete family, right?

In other words, if nothing unexpected happened, they would be tied together forever, just like many other couples. Hence, there were many things that could not be clearly distinguished.

"I understand," she nodded.

Sheng nanxuan patted her head and said, 'then I'll buy a few more stocks! Anyway, you have a way out! I originally planned to just spend 200 million, but now I've decided to invest all my savings!'

"What?!" Gong mo was shocked. You can't do this! My only option is 80000-no, 130000!"

"Don't worry, our house and car are all paid off in a one-time payment, no loans. Even if I lose all my savings, I won't be in debt." After he finished speaking, he picked a few hundred stocks and bought them without even blinking.

Chapter 100

100 I like my daughter more

Gong mo almost fainted. He wanted to stop him but he didn't know what to do. She had never done that before!

...

"Alright, I'm done!" Sheng nanxuan stood up. let's go and eat first. We'll see later.

The two of them walked into the dining room. Sheng nanxuan glanced at the dishes and smiled. "I like red braised pork."

"Have some soup first." Gong mo scooped a bowl of soup for him.

He held her hand and took the bowl away. "I'll do it myself."

Gong mo blushed when he felt the heat from his palm. He pulled his hand back to scoop the rice.

Sheng nanxuan immediately snatched it back. my wife is working so hard to cook. How can I let you do it? ” he said. You sit! I’ll do it!”

After saying that, he passed the bowl of soup to her and said, ” “Have some soup first.”

Gong mo took the bowl of soup and smiled. He lowered his head and drank the soup sweetly.

No matter what, this person was sometimes very considerate.

I’ve brought back the things I bought from the nursery this morning, ” Sheng nanxuan said during lunch. they’re in the second bedroom next to us for the time being.

“You’ve brought it back?” Gong mo was shocked.

“Can I just throw it away? How can I bear to throw away something that you’ve carefully selected?”

“Then I’ll go and tidy it up later.” Gong mo lowered his head.

After the meal, Sheng nanxuan cleaned up the dishes while Gong mo went to the guest room.

When she saw the pink baby cot, she was slightly stunned.

She remembered what had happened in the morning. Sheng nanxuan must have appeared because he had received her text message. He must have asked he Yue about it and then went to the nursery to see the baby with her. He must have wanted to give her a surprise by not replying to her message, right?

In the end, she was stunned.

Gong mo sighed and felt a little guilty.

He was so good to her. She should quickly forget about her relationship with Sheng Dongyi.

Even if Sheng Dongyi was her first love, he was not worth remembering. He was just a scumbag!

“What’s wrong?” Sheng nanxuan’s voice came.

“Have you washed it clean?” Gong mo turned around.

if it’s not clean, then complain to the dishwasher company.

Yingluo. forget it. I’ll pretend I didn’t ask.

She lowered her head and touched the pink baby cot. “Why did you buy this?”

“Didn’t you like it?”

“But this is for girls!” don’t you like sons? “Gong mo asked.

“When did I say I like sons?”

“Don’t you like it?”

of course I like daughters more. I can only use sons to beat up.

“What?”

Wasn’t it too tragic for Yingying to be his son? The only use was to get beaten up?

Sheng nanxuan walked in front of her and reached out to touch her face. "I want to have a daughter who is as beautiful as you."

Gong mo blushed and turned his head away. we don't know if it's a boy or a girl. What if it's a boy? we'll have to buy a new one.

Sheng nanxuan thought for a while and said domineeringly, "There's no need to buy. Even if you have money, you shouldn't waste it like this. Let him suffer for a while and use it."

"This won't do!" What if her son had a wrong understanding of his gender?

"If I say it's fine, then it's fine! I wanted a daughter, but he beat me to it. You deserve it!"

Yingluo, "her son was abandoned before he was born. How pitiful.

It doesn't matter if it's a boy or a girl. Please take care of your own son and don't think he's a gift for free!

"Let's go and take a look at the stocks I bought." Sheng nanxuan glanced at his watch and walked out.

Gong mo hurriedly followed after him. He was extremely nervous.

"Did you really put all your savings into the stock market? What if we make a loss?" She asked anxiously.
