

Ditsy Wife 911

Chapter 911 Give me the child

After Judy finished speaking, she untied a bundle of whips from her waist, grabbed the handle, and swung it hard on the wolf.

...

The wolf howled angrily and miserably. It tried to attack her several times, but was always whipped to the side.

The wolf was completely furious. It retreated to the corner of the wall, dragging its arrow-shot body and gasping for breath. Then, as if they had a tacit understanding, they attacked Judy from two directions.

Judy waved her whip, and the two wolves howled in pain, leaving them no chance to attack.

However, after a long time, the Wolf's eyes were already red with anxiety, and it only cared about bumping and biting her.

A Wolf in front of her bit her whip, but she couldn't pull it. The wolf looked at her with red eyes and drooled.

The wolf behind her seized the opportunity to pounce on her.

be careful ... Gong mo shouted, but his voice was hoarse from the cold. His voice was as soft as a mosquito's.

She thought that Judy would be bitten by the wolf, and she suddenly felt desperate.

Then-

With a bang, the wolf fell to the ground in the opposite direction. It had been shot in the neck and was on the verge of death.

Judy took the gun and fired at the wolf that was biting the whip. She then retracted the whip, blew at the muzzle, and said coldly, "Disobedient beasts all deserve to die!"

Judy put away her gun and walked to Gong mo. "The door here can't be opened for a while, so we can only leave from there."

She glanced at the skylight. Only children can pass through there. You can't get out. Give me the child first.

Gong mo was afraid that Hu Zi would fall sick and naturally wanted him to leave as soon as possible.

Just as she was about to hand the child over, she was shocked and immediately took it back. "Who are you?"

"I'm here to save you!" Judy frowned in dissatisfaction.

"W-who asked you to come?"

Judy frowned and thought about it. She remembered Yu Qingliu's name and said unhappily, "Yu Qingliu!"

Hearing this, Gong mo hesitated. After all, Yu Qingliu wasn't here.

But if she didn't send Hu Zi out, Hu Zi's body definitely wouldn't be able to take it.

She gritted her teeth, closed her eyes, and handed him over to Judy!

He hoped that Ran Ran didn't trust the wrong person.

Hu Zi looked at her and started to panic.

She hurriedly consoled him. I'm here to save you. Follow me. Be good.

"Wu Wu Wu Wu ~" Hu Zi was unwilling and reached out his hand, wanting to go to her.

Judy carried him to the skylight and pulled the safety rope hanging in the air. Another section of the safety rope fell off. She tied the rope to her waist and pulled it, and the person on top pulled her up.

"Boohoo, mommy Yingluo!" Hu Zi looked at Gong mo and cried.

Gong mo looked at him and also started crying. He was afraid that he would never see him again.

She saw Judy move to the skylight and send Hu out. Then, someone came in with a coat. Judy took the coat and threw it down to her. She hurriedly picked it up and wrapped it around her body.

Then, Judy was put down again. She took the gun and knocked on the wall. She said helplessly, " I don't know how to drive it. Let's wait for the people outside to pick us up.

Wrapped in his coat, Gong mo shivered and felt even colder than before. Earlier, she was numb from the cold and didn't feel anything. But now, Yingying felt so much!

"Yingluo, how did you know your uncle, Yu Qingliu?" she asked Judy, her teeth chattering.

"I'm sorry, my master knows him."

"Your master?" Gong mo asked dizzily, " what does your master do, Yingluo? you look so small. Nan, Nan Xuan, do you know him? "

Chapter 912 Meeting CEng Shuai

"I don't know him! Stop your nonsense!" Judy said impatiently, "I'm about to freeze to death, and you still have the mood to care about me?"

...

"I'm Yingluo. If I don't speak, I'm afraid Yingluo won't be able to hold on." Gong mo squatted on the ground.

Judy was stunned. She walked to her side and looked at her for a while, then said, "I can't do anything about that."

"How many people are here?" Gong mo asked.

"It's just me and master." Judy spun the gun in her hand.

"What?" Gong mo was shocked. Two?"

"Ah, No. It was just me and him along the way, but there were a lot of other people who I didn't know. I'm in charge of saving the children while they're dealing with their opponents outside."

Oh! Gong mo bit his lips. His head felt heavy, so he had to cheer up.

Soon, Yingluo would be saved.

"Have you eaten?" Judy suddenly asked.

Gong mo shook his head. She didn't know how long she had been locked up here. She hadn't eaten since she woke up in the morning. Now, she was cold, tired, and hungry.

Judy pulled out the dagger on her leg and asked, "Do you eat wolf meat?"

Gong mo looked at the wolf corpse in front of him and shook his head in fear.

Judy thought, "after all, she's not as powerful as the fairy. She might not even dare to eat cooked food, let alone raw ones."

She put the dagger back in, bored.

Gong mo heaved a sigh of relief.

After waiting for a while, there was a sound, and the door that let the wolf in just now opened.

Gong mo was overjoyed and got up from the ground. Judy helped her to the wall and let her lean against it. "Wait a moment."

After saying that, she carefully leaned against the wall and dodged out. After a while, she came back. "Alright, follow me."

Gong mo hurriedly followed her and walked forward with great effort while supporting himself with the wall.

The two of them walked through an empty corridor, which was lit up. Gong mo didn't know if this was the same path she had taken.

Suddenly, Judy stopped, pulled out her gun, and pulled her behind her.

Gong mo was shocked. He knew that there was danger and held his breath.

Judy pointed at her, and then at the ground. Gong mo nodded, knowing that she wanted him to stay here and not move.

Judy leaned against the wall and walked forward carefully. At the corner, she suddenly turned around with a gun in her hand and a man fell toward her.

Gong mo was startled and almost screamed. He quickly covered his mouth with his hand.

Judy took a step back, and the man fell to the ground, motionless.

Judy put away her gun.

Gong mo hurried over. Just as he was about to say something, he saw Zeng Shuai standing in front of Judy with a gun in his hand.

Like Judy, he was also wearing a walkie-talkie and headset.

! CEng Shuai!"Gong mo was overjoyed.

"Madam!" Zeng Shuai immediately dropped his hand that was holding the gun. it's good that you're fine. Let's go.

"Where's Hu Zi?" Gong mo asked anxiously.

"He's fine. Dean Yu, take him with you."

Hearing this, Gong mo was completely relieved.

She followed Zeng Shuai and couldn't help but look at the man on the ground. She saw a bloody hole in his head.

She glanced at the gun in Zeng Shuai's hand and understood.

Judy followed her and said coldly, "That's the person who captured you. You don't have to be sad for him."

"I'm Yingluo, I didn't." Gong mo said.

Zeng Shuai looked back and didn't say anything. He carefully cleared the way in front.

The three of them quickly walked to a staircase. The light above the stairs was very bright, obviously natural light.

When he went up, he saw the day.

Gong mo finally understood that they had just come up from the basement.

Chapter 913

There were a few cars parked in the open space ahead, and there were a few buildings around them. There seemed to be a few bodies lying on the ground in the distance.

...

Gong mo frowned. He was not used to this.

Zeng Shuai took her and Judy to hide behind a pillar and said, "It's safe here. Let's wait here."

Gong mo obediently hid behind him. Judy suddenly said, "Why?"

Gong mo was stunned. He looked at her and saw that she was looking down at him with a focused expression.

Gong mo thought that she was probably talking to someone through her earphones.

“Don’t worry,” Owen said to Judy, “it’s almost done. Protect your mission target and leave the rest to me.”

“Yingluo is.” Judy replied, not used to it. She hadn’t even said that she wanted to acknowledge him as her master, so why was she here on a mission?

A motorcycle drove over from a distance. In the middle of the open space, a few bullets were suddenly shot from the building next door!

The motorcycle took a turn and hid behind the car. Then, a loud bang was heard. Gong mo was shocked and looked around in confusion.

Zeng Shuai said softly, “that’s our bait.”

Gong mo said, “I think I understand, but it feels a little bloody.”

She tightened her clothes and then heard two more gunshots in the dark.

“It’s safe,” Zeng Shuai said after a moment of silence.

Gong mo looked over and realized that he was talking to someone.

After a while, Zeng Shuai stood up and walked forward.

Gong mo looked at him nervously, worried that an accident would happen.

He held the gun and continued to move forward. His entire body was exposed to the open space as he turned around.

Then, Gong mo saw a man using a rope to jump down from a building in front of him.

Many people walked out of the surrounding buildings one after another, and they all looked like their own people. In other words, they were all here to save her and Hu Zi.

Judy stood up, put away her gun, and pulled the whip in her hand.

"Everything's fine now. Let's go," Zeng Shuai turned back and said to Gong mo.

Oh! Gong mo stood up and his body swayed.

Zeng Shuai was stunned for a moment. He quickly supported her and asked through the headset, "Where is Dean Yu? Madam is not well!"

He supported Gong mo and walked forward. A bald man carrying a gun jumped down from the next house.

"He's a friend of Dean Yu," Zeng Shuai said.

"Little girl, how are the two wolves?" Owen asked Judy.

Gong mo recognized him as the voice from the skylight and couldn't help but take a few more glances. He should be an American, right? He was so big.

Judy turned her head and snorted awkwardly. "Of course, I killed him!"

Owen reached out and patted her head. Then, he followed Zeng Shuai and Gong mo with his gun. "Alright! Let's go, it's not safe here, it's better to leave quickly."

Hearing this, Gong mo suddenly stopped in his tracks.

"Madam?" Zeng Shuai was puzzled.

She shivered and grabbed Zeng Shuai's arm. "Have you guys figured it out? Is there anyone else around?"

Chapter 914 He died to save her!

A bullet bounced back from the opposite wall and flew past Gong Mo's eyes.

...

She screamed in fear, and then the car behind her suddenly sank-the tire had been burst.

"Enter!" Owen said loudly.

Zeng Shuai hugged Gong mo and ran towards the house in front of them. Gong mo heard him groan and turned around to look at him. However, Zeng Shuai pressed his head down and continued to run in.

After she hid behind the wall, she looked over and saw a trace of blood on his arm. She exclaimed, "You're injured?"

"I'm fine." Zeng Shuai let out a breath and asked through his headset, "Is there any news from Deputy Mayor Ding? When is the helicopter coming? If you don't come, we'll all be dead!"

As soon as he finished speaking, Judy ran in.

Gong mo couldn't help but cry when he heard the continuous gunshots outside and recalled the people that filled the courtyard just now.

Could they be dead?

After a few seconds, Judy suddenly got up and wanted to go out.

Zeng Shuai grabbed her. She looked at him with tears in her eyes, but he still held her.

Gong Mo's head felt heavy and he looked at them in confusion.

With a bang, a huge explosion was heard.

Zeng Shuai pressed Gong Mo's head in his arms and then Judy's.

Thinking of CEng Shuai's words, did Ding Yuan send someone here?

Zeng Shuai reached out to press on his wound. The bullet had only brushed past it, so it was not serious.

Judy suddenly stood up and walked out.

"Wait!" CEng Shuai said anxiously.

Gong mo suddenly had a bad feeling and looked at him, "What's wrong?"

"Don't be in a hurry." Zeng Shuai said.

After a while, he made sure that there was nothing unusual outside before he helped her up and walked outside.

Gong Mo's physical strength was almost exhausted. When he saw the scene outside, his mental strength was also almost exhausted.

It was like a battlefield.

A few military helicopters were hovering in the air. Soldiers in camouflage uniforms jumped down from the helicopters one after another and carried the injured on the ground onto the helicopters.

master ... Judy's sad cries could be heard.

Gong mo looked over and saw Owen lying on the ground with bullet holes all over his body.

he ... Gong mo looked at Zeng Shuai. how did he get injured? "

He should be more powerful than them, Yingluo.

Zeng Shuai lowered his head and said in a low and hoarse voice,"he's rustling behind us."

Gong mo was in great pain. In other words, Owen died to save them? He took a bullet for them?

No, she didn't. He died to save her!

She looked around and realized that all the corpses around her had appeared because of her!

"Owen!" Yu Qingliu's voice came.

Gong mo looked over and saw him running towards them. Behind him, two soldiers carried a baby wrapped in a coat and sent him to the helicopter.

She knew that it was Hu Zi. She wanted to go to his side and accompany him, but she could not move her feet.

She looked at Owen and slowly squatted down.

Owen held Judy's hand and smiled with difficulty. "You're finally calling me master, Yingluo"

"Don't say anything!" Yu Qingliu ran to his side and pressed on the wounds on his body in a hurry.

He looked at Yu Qingliu and said, "you know ran ran, there's no other way, ran ran."

"You f * ck!" Yu Qingliu's hand trembled as he looked at him sadly.

Chapter 915 Madam is still not awake

"Even Uncle can't do anything about it?" Gong mo asked in a daze. She didn't want anyone to die for her.

...

Yu Qingliu didn't answer and looked at Owen.

Owen's breathing was weak, and he said with difficulty, "In the future, if Yingluo can, please help me take care of Judy. Yingluo is still a little Yingluo."

master! Judy pounced on him and cried.

you're a good girl, Yingluo, Yingluo, Yingluo. Owen raised his hand and slowly placed it on the top of her head. don't, don't hate anyone, Yingluo.

After saying that, his hand slid down her curly hair.

wuwuwu! Judy cried. liar Yingluo, you said you were going to find a wife for fourteen, Yingluo, and watch him give birth!

Yu Qingliu, who was feeling terrible, was stunned when she heard this. Giving birth? What was fourteen? Wuwuwu Owen

.....

It was late at night when Sheng nanxuan got off the plane. The cold wind whistled, and heavy snow fell from the sky.

He stepped off the plane, and Lin Lei walked over with an umbrella. As he walked, he said, "Madam and young master are in the hospital. Both of them are freezing. The young master had a cold and a high fever, but he had just recovered a little. Madam Xuanji also caught a cold and has been unconscious."

Sheng nanxuan clenched his fists, his face ashen.

After getting into the car, Lin Lei continued, "three of our men died. Most of them are injured. A few of them are still in the intensive care unit. I don't think they can make it. Zeng Shuai was also slightly injured. One of Dean Yu's friends, I think he was a mercenary, also passed away."

Sheng nanxuan's body moved slightly when he heard this.

He remembered at the airport, Yu Qingliu said, "I'll introduce you to each other when I have the chance.

In the end, he didn't have a chance.

the dead will be buried. Sheng nanxuan paused. a proper burial. Please take good care of their family members.”

it’s bi an,” Fang Yang replied in a low voice.

Sheng nanxuan closed his eyes and leaned back in his seat. His face was frosty.

The people in the car did not dare to speak and kept their heads down in silence.

“Where’s Huo Cheng?” Sheng nanxuan asked after a while.

Ding Yuan has replaced all the people around him. His family is also under our control. He’s more obedient now. Lin Lei replied.

Sheng nanxuan did not say anything else.

When they entered the hospital, it was quiet because it was late at night.

Sheng nanxuan walked to the door of the ward, patted his hair, took off his coat, and handed it to Fang Yang. Then, he pushed the door open and went in.

In the ward, Gong mo and Hu Zi were each lying on a bed and were on an IV drip.

A nurse sat beside each of their beds. On Hu’s side, the nurse was taking his temperature. On Gong Mo’s side, the nurse wiped her lips with a wet cotton swab.

When Sheng nanxuan walked in, the two of them were shocked and stood up nervously. “Mr. Sheng, please.”

“Have you woken up?” he asked in a low voice.

the young master had a bowl of porridge when he woke up last night, but the madam was still asleep.

Sheng nanxuan nodded and walked to the child's bed. Seeing that his face was red, he reached out to touch it, but it was so hot that he retracted his hand.

"How did you get scalded like this?" he quickly asked.

much better now," the nurse said hurriedly. Mr. Sheng, Yueyue, your hands are too cold.

Sheng nanxuan's hand stiffened, and he reached out to touch Hu Zi's forehead again. Hu Zi pouted and snuggled against his palm, as if he was very comfortable.

He looked at it for a while, then retracted his hand and said to the nurse, "Take good care of her." Then, he turned around and walked to Gong Mo's bed.

He sat down and held Gong Mo's hand. Gong Mo's hand was also very hot.

The nurse glanced at him and continued to apply the ointment on Gong Mo's lips.

Chapter 916 I will always be by your side

"Give it to me," he extended his hand,"you guys go and rest."

...

The two nurses nodded when they heard that.

young master," said the person who was taking care of Hu Zi, "you have to take your body measurements and take your medicine every few hours. I'll come back when the time is up.

Mrs. Sheng hasn't eaten for a long time," the other said. there's porridge in the rice cooker. She can eat it when she wakes up.

Sheng nanxuan glanced at the rice cooker under the window. The indicator light was on.

He nodded and picked up a cotton swab, dipped it in water, and was about to wipe it on Gong Mo's lips. He paused for a moment and tested it on his own lips first. He found that the water had turned cold. He picked up the cup and filled it with hot water.

When the nurse saw this, she was so scared that she didn't dare to breathe. Seeing that he didn't blame her, she ran out in a hurry.

Sheng nanxuan had been taking care of Gong mo the whole time. Halfway through, she and Hu Zi had finished their IV drips. She finally opened her eyes when the sky was almost bright.

Sheng nanxuan was overjoyed. He quickly put down the cup and cotton swab, held her hand, and asked excitedly, "You're awake?"

nanxuan Feifei! Gong mo opened his mouth and realized that his throat was burning.

"Don't say anything!" Sheng nanxuan knew that she was calling him, but he almost didn't hear her.

He helped her up and pressed the pager on the bedside table. He took another cup and filled it with warm water."Come, have some."

When Gong mo saw Hu Zi lying beside him, he quickly asked, "He's

"He's fine. You should moisten your throat first."

Gong mo leaned against him weakly and lowered his head to drink water.

The doctor and nurses came over quickly. Sheng nanxuan asked them to check on Gong mo. After hearing the doctor's advice, he scooped out some porridge from the rice cooker and fed her.

Gong mo was famished. He only felt a little full after eating three bowls of rice.

"Do you still want more?" Sheng nanxuan asked.

Gong mo nodded and then shook his head.

He thought that she usually didn't eat so much, so he probably fed her medicine when she didn't want it.

"Do you want to continue lying down for a while?" he asked after taking the medicine.

Gong mo shook his head and grabbed his wrist, "I ... Ahem ahem ahem."

"If you can't say it, then don't."

Gong mo didn't want to say anything either. She had no strength in her body and her head was dizzy. She didn't want to do anything other than sleep! But he had no choice but to say it!

She shook her head and opened her mouth. She realized that it was too tiring to say a word and suddenly started crying.

Sheng nanxuan immediately held her in his arms and gently patted her back to comfort her. "Don't cry, I'm back! I will always be by your side!"

Hearing this, Gong mo cried even harder.

He knew that she needed to vent her anger, so he didn't try to persuade her. Instead, he gently stroked her back and wiped her tears with a tissue.

She sniffled and said in a hoarse voice, "I want to go to the toilet."

Sheng nanxuan carried her in and out.

After this round, Gong mo recovered a little and said, "I'm still hungry."

"Still hungry?" Sheng nanxuan was stunned. do you want to eat something else? "

The congee could not provide much energy, but it would fill one's stomach if one ate too much.

Gong mo hurriedly nodded. This was what she wanted to say just now! The taste of the congee was too light, and it disgusted her!

"Then I'll get someone to buy it."

Sheng nanxuan immediately went to make the arrangements, and the people outside quickly brought in a large pile of food.

There were even more delicious sweet congee, meat congee, all kinds of desserts, and clear soup-flavored noodles. Breakfast styles from almost all over the country were present.

Gong Mo's eyes lit up as he stared at them.

"What do you want?" Sheng nanxuan asked.

"I want both!" Gong mo looked at him.

He was stunned for a moment, thinking that he definitely couldn't finish it, so he picked up the noodles. "Have some noodles first. It's good for the stomach. You've been hungry for so long, don't hurt your stomach."

Chapter 917 Why did you only come back now?

Gong mo nodded and obediently let him feed him.

...

As she ate, she recalled everything that she had experienced before, and tears flowed out.

Sheng nanxuan was shocked and hurriedly asked, "what's wrong?" "It's scalded?"

Gong mo shook his head, pulled on his sleeve and cried, " "Why did you only come back now? So many people have died, ran ran, why didn't you come back earlier?"

Sheng nanxuan trembled and pulled her into his arms. "Don't be sad! They're only injured."

"You're lying!" Gong mo shouted agitatedly, " uncle's friend is dead. Yingluo did it to save me, Yingluo!

"Momo." Sheng nanxuan put down the bowl of noodles in his hand and hugged her with both hands. "don't think about that, okay? Have a good rest first."

Hearing this, Gong mo cried so hard that he was out of breath.

How could she not want to?

The thought of innocent people dying because of her made her feel terrible.

mommy! Hu Zi's voice sounded.

Sheng nanxuan hurriedly said, "listen!" Hu Zi was awake! Don't cry, or he'll cry too."

Gong mo hurriedly wiped away his tears and looked over.

Hu Zi pushed the blanket away with both hands and cried on the bed, "Mother ..."

Sheng nanxuan walked over and picked him up. He was stunned and looked at Sheng nanxuan in surprise. "Daddy!"

"Yes." Sheng nanxuan kissed him on the cheek. daddy is back.

Hu Zi immediately leaned on his shoulder and sobbed while grabbing his collar. He looked helpless and pitiful.

Sheng nanxuan carried him in front of Gong mo. When he saw Gong mo, he hurriedly climbed onto Gong mo. "Mommy, Yingluo."

"My precious." Gong mo carried him over and tucked him into his bed.

Hu Zi hugged her tightly, his eyes fixed on the food in front of him. Because he was sick, he didn't have much energy and didn't speak. He just sat there and looked at her in a daze.

Sheng nanxuan asked, 'is the baby hungry? Do you want to eat something?'"

Hu Zi nodded.

Sheng nanxuan picked up the porridge and steamed buns to feed him. He stopped eating after eating a little. He must have had a bad appetite.

mom, Zhenzhen. he hugged Gong mo and looked at her with puppy eyes.

“I’ll sleep with you,” Gong mo chuckled.

“En!” Hu Zi immediately buried his face in her and hugged her tightly.

Gong mo said to Sheng nanxuan, “I’m not eating anymore. I’ll eat when I wake up.” Did your Yueyue just get off the plane? Hurry up and go to sleep.”

Sheng nanxuan’s eyes welled up with tears because of her concern. He lowered his head and kissed her on the cheek. “I’ll sleep here and watch over you two.”

Hearing this, Gong mo suddenly put his arms around his neck and said, “ ‘Nanxuan Yunjun’

“What’s wrong?”

I’m afraid of Yingluo, ” she choked. I don’t want to be separated from you in the future.

“Alright,” he said. Sheng nanxuan hugged her tightly.

.....

In the morning, ding dang walked into the hospital with a thermos. Many doctors and nurses in the hospital knew her and greeted her. “Good Morning, miss ding,”

“Morning.” Ding dang nodded and walked to the dean’s office. She gently pushed the door open.

Yu Qingliu had slept here last night. He had just woken up and was putting on his white coat. When he heard the sound, he turned around and asked in surprise, "What are you doing here?"

Ding dang closed the door and walked in. She put the thermal container on the table, opened it, and said, "I've brought you breakfast,"

Yu Qingliu was stunned and looked at her in confusion.

"You're not used to me being so virtuous?" ding dang's mouth curled up.

"Indeed, I'm not used to it." Yu Qingliu squeezed out a smile.

Or rather, he was not used to having a woman taking care of him.

It had been many years since someone had cared about him like this. He was getting on in years, and Wu surong was too lazy to bother him. Especially when it came to eating. As a doctor, he was the only one who reminded others. Who else would remind him?

Chapter 918 Is there something bad about them?

But in fact, he also needed someone to care for and urge him occasionally.

...

Ding dang reached out and poked his face. if you can't smile, then don't. I know you're upset.

"....."

Seeing his smile disappear, ding dang felt that she had touched his heart. She took back her hand in self-blame and brought the porridge to him."I was afraid that you wouldn't eat, so I brought you some. My mom made it."

“Please thank mother-in-law for me.” Yu Qingliu reached out and took it.

“Yes, I will.”

Yu Qingliu took two sips of porridge and ate the pancakes.

“Is Gong mo alright?” Ding dang asked.

“It’s just a serious cold, no injuries. The current treatment is not difficult. I’m going to make ward rounds, you can come with me. ”

“Alright,” he said.

and then ... Yu Qingliu paused. let’s go and see Judy.

Ding dang nodded and reached out to press on his shoulder, comforting him.

Owen died just like that, and she knew he was very sad. Yesterday morning, Owen had still asked if he wanted to be the best man for their wedding. Who knew that he would back off in the afternoon?

When he was almost done eating, he suddenly remembered, ” “Have you eaten?”

Ding dang,”Yingluo.”

If it was in the past, she would definitely have had a good chat with him! However, seeing that he had lost a good friend, she would not argue with him.

“Yes, I’ve eaten. Don’t worry about me.” She said considerately.

Hearing this, Yu Qingliu reached out and pulled her into her arms.

“What’s wrong?” Ding dang didn’t understand.

“It’s good to have you.” He said.

He had her to accompany him when he was at his lowest, and she would comfort him when he was upset. He no longer had to bear it alone.

.....

Yu Qingliu brought ding dang and the nurse into the ward and saw Sheng nanxuan’s family of three squeezed into the same bed.

Sheng nanxuan was lying on his side with Gong mo in his arms. Gong mo was carrying Hu Zi. The three of them formed a warm and beautiful position.

If the bed wasn’t so narrow, they would have slept very comfortably.

The nurses were stunned for a few seconds. They all looked at Yu Qingliu, not knowing what to do.

Yu Qingliu was also silent for a few seconds, then said, ” “The quality of our hospital beds is pretty good.”

Sheng nanxuan’s eyelids twitched. When he opened his eyes and saw them, he carefully got out of bed.

“Uncle,”

Yu Qingliu nodded. you can go to my office and rest. I’ll talk to you about their situation later.

Sheng nanxuan's expression changed and he looked at Gong mo and Hu Zi.

Their situation?

Was there something wrong with them?

He looked at Yu Qingliu in a panic, and Yu Qingliu pointed outside. "Go and wait for me."

Sheng nanxuan nodded. He hadn't had a good rest for the past two days, so he was a little light-headed. After arriving at Yu Qingliu's office, he was worried about Gong mo and Hu Zi's physical conditions and couldn't fall asleep. He could only lean back on the chair and close his eyes to rest.

After Yu Qingliu finished examining Gong mo and Hu Zi, she said to the nurse, "I'll get the drip in the afternoon. After you wake up, eat first and then take your medicine."

After handing over a pile of things, he asked ding dang, "Are you going to work today?"

Ding dang shook her head.

Yu Qingliu said, "then you stay here. They should be waking up soon." Don't discuss her condition with Gong mo. Just tell him that I've driven Sheng nanxuan to bed."

Ding dang nodded.

Yu Qingliu returned to her office and gently pushed the door open. She saw Sheng nanxuan leaning back in his chair with his eyes closed. She did not want to disturb him. However, Sheng nanxuan seemed to have noticed it and sat up straight.

"Have you rested enough?" he walked in helplessly.

"I'm fine." Sheng nanxuan rubbed the bridge of his nose. what happened to Gong mo and the child? "

Chapter 919 Don't blame him for being ruthless!

"Gong Mo's cold Qi has entered his body, so he needs to recuperate. Although the child had a serious cold, there would not be any aftereffects. He would be fine once he recovered. Gong mo was stunned. Yu Qingliu paused. you have to take good care of her. You guys wanted to have a second child in the past, didn't you? Don't think about it for the time being, it's hard to say if your body can recover."

...

Sheng nanxuan's body trembled. He felt as if someone had hit him on the back so hard that his bones were all broken.

He felt that he was about to collapse. After a long time, he opened his mouth and said in a hoarse voice, "Thank you, uncle. I understand."

"Don't worry too much. It's just that his body is a little weak and needs to be taken care of."

He nodded, stood up, and was about to leave when he suddenly thought of something else and asked, "That friend of yours, Yingluo."

Yu Qingliu's body stiffened, and she could not hide her sadness. "His body will be cremated in a few days. I'll be there. After cremation, Judy would take his ashes away. He has mercenary teammates abroad, and those friends will help him hold a funeral."

"Judy?"

"His disciple, a little girl. She was the one who saved Hu Zi. Otherwise, Hu Zi wouldn't have caught such a simple cold."

"I know." Sheng nanxuan said, " when you go, remember to call me."

“Alright,” he said.

.....

When Sheng nanxuan returned to the ward, Gong mo and Hu Zi were eating with ding dang by their side.

Ding dang was feeding Hu with a bowl, teasing him, “Am I the sister or the aunt?”

Hu Zi was sickly. He pouted and drooped his shoulders, not saying a word.

“Alright, I’m your grandaunt.” Ding dang felt bored, so she scooped up some porridge to feed him.

Sheng nanxuan walked over. Hu Zi called out weakly, “Daddy, Yingluo”

“Al.” Sheng nanxuan agreed and said to ding dang, “I’ll do it.

“Then I’ll take my leave first.” Ding dang handed the bowl to him, lowered her head, and said to Hu Zi, “say goodbye to aunt-in-law ~”

Hu Zi leaned against Gong mo and blinked. After a while, he nodded.

“He’s sick and doesn’t want to move,” Gong mo said in a hoarse voice.

“I know, it’ll be fine in a few days.” Ding dang consoled her and kissed Hu Zi’s face. Then, she said to her, “you should rest well too.

“Thank you, Auntie.” Gong mo said with a smile.

Aiya ~”when ding dang heard this form of address, she covered her face and ran away shyly.

Sheng nanxuan sat on the edge of the bed. He reached out and pressed the apron on Hu Zi's chest, feeding him.

Hu Zi took two bites and sat up, leaning on him. "Daddy, Yingluo"

He reached out and put him on his lap. As he fed him, he asked, "What's wrong?"

"Beating up bad people." Hu Zi said angrily.

Sheng nanxuan paused and kissed him on the head. He said in a hoarse voice, "Good Yingluo."

He raised his head and looked at Gong mo. Gong mo was also looking at him with a dazed expression.

Seeing them like this, he didn't dare to imagine what kind of suffering they had suffered!

That damned Huo Cheng! As the president, didn't he understand the principle of 'don't implicate your wife and children'? Since that was the case, don't blame him for being ruthless!

.....

After dinner, Gong mo sat on the bed and played with Hu Zi.

Hu Zi was still sickly. He didn't speak or move, but he just lay on the bed with his milk bottle in his arms, drinking it while staring at her.

Gong mo didn't have any energy either. He didn't feel like moving after teasing him for a while.

He got up and pushed her worriedly. "Mom?"

“Can you read books with mommy?” Gong mo asked.

Hu Zi nodded and reached out to touch her throat.

“I’ll be fine in two days.” Gong mo laughed. You’re still so mean with your words.”

Aiya ... when Hu Zi heard this, he shyly buried his face and burrowed into the blanket.

Chapter 920 Closest to mother

Gong mo pulled the blanket away and pulled him out. He said patiently, “ Hu’s the same as his mother. That means he’s the closest to his mother!

...

Hu Zi was stunned and looked at her in a daze, as if he was asking: Was it like this?

Gong mo nodded his head.

Hu Zi’s eyes brightened. He crawled up and hugged her, shouting happily, “Mother ...”

He remembered that his father’s voice had also become unpleasant, which meant that his father was very close to him! However, it was not as unpleasant as his mother’s, which meant that he was not as close as his mother.

This was good! His mother’s status had not wavered, and his father was very close to him. He was very satisfied with this situation.

Sheng nanxuan, who was resting on the next bed, raised his eyes and could not help but smile.

shush ... Gong mo whispered to Hu Zi, " don't disturb daddy.

Hu Zi glanced at Sheng nanxuan and whispered to her, " "I'll go over."

"I'll go later."

"To see daddy."

"You'll disturb daddy."

"Wu, Wu, Wu." Hu Zi fell on the bed, arched his little butt, and got under the blanket. He took the small car by the bedside and started playing.

Gong mo heaved a sigh of relief when he saw that he had found something to do.

She glanced at Sheng nanxuan, leaned against the bed, and sighed softly. Her eyes could not help but look out the window.

There was no snow today. However, it should be very cold outside, right? The air conditioner was on in the ward, so she could not feel it at all. However, when she thought of yesterday's encounter, she couldn't help but shiver. The bone-chilling feeling was still fresh in her memory, as if she was still soaking in cold water.

In addition to this, there were also drooling hungry wolves.

Gong Mo's face turned pale. He pressed his forehead and forced himself to get rid of those terrible memories!

"Mom?" Hu Zi put down the small car and looked at her.

She squeezed out a smile and reached out to touch his face. "Mom's fine."

Hu Zi looked at her in confusion, as if he didn't believe her.

Gong mo laughed again. He was more sincere than before.

Hu Zi heaved a sigh of relief and continued to play with the small cart. He muttered, "lalalalala, ran ran is going to see grandma!"

Gong mo burst into laughter.

Hu Zi also laughed and changed the direction of the car. "To great-grandma's house~"

Gong mo touched his head and looked up to see Sheng nanxuan staring at him.

She knew that he hadn't fallen asleep and was only willing to lie on the bed because of her request.

She glared at him with a warning look. He smiled lovingly and closed his eyes to continue his fake sleep.

Gong mo thought, "I don't care if it's true or not. I'll get some rest if I close my eyes. If he was really tired, he would fall asleep without realizing it."

When it was almost noon, the nurse came to get Hu Zi to take his medicine.

Gong mo glanced at Sheng nanxuan and saw that he had no reaction at all. He was probably asleep.

When Hu Zi saw the nurse walking over with a spoon after pouring the water, he knew that he was going to be fed something bitter. He immediately covered his mouth and hid in Gong Mo's arms.

"Be good, there'll be candy after you're done." Gong mo said in a low voice.

“I’m not eating candy!” Hu Zi said with grief and indignation.

“Then don’t take it, but you still have to take the medicine.”

What did that mean?

Hu Zi covered his mouth with both hands and looked at her with wide eyes.

She pulled him up and held his hand.

“Mommy ~” Hu Zi pouted and acted like a spoiled child.

“You’ll only get better if you eat it. Mommy wants to eat it too. Aren’t babies the closest to their mothers? The baby has to do what the mother wants to do, okay?”

The baby shook his head!

The baby was not happy!

It wasn’t like this! There were many things that his mother had done that he had not done! He didn’t want to take the medicine! Don’t take the medicine!

“Force him to drink,” Gong mo said to the nurse as he hugged him tightly.
