

Divine 1561

Chapter 1561 Gu Yunhe and the Min Family 3

The Old Master pointed at Min Qing, shivering and failing to utter a word. He stiffened.

What was wrong with his son's brain? What was he thinking?

"We are a family with a history, and we have our manners and integrity. We will not be moral at all to desert him like this." Min Qing was very excited.

The Old Master felt like passing out.

For morality? The Min Family would be ruined!

"Min Qing!" Madame Min's furious voice arose. She looked extremely disappointed as she came out leaning on her cane. Min Qing had always stuck to his opinions since little. He knew what he should do, but never caused any big trouble, though sometimes she did not like it.

She had always thought that Min Qing was talented enough to be the heir, but he revealed so many problems in the face of these incidents.

Especially now. He did not even think in a broad way.

“Morality and integrity?” Madame Min countered. “You are going to ruin your sister’s life just for the so-called integrity?”

“...”

“You are young and you are moral. You won’t lose much if you stick to that.”

“...”

“Your father can always bear the consequences if the outsiders spread rumors about the Min Family. And your sister is marrying Gu Yunhe, not you!”

“...”

“The Gu Family is gone, why? His parents killed the Phoenix Girl’s mother and mistreated the Phoenix Girl so they were sentenced to death. Gu Yunhe is the killer’s son! He is never going to have a bright and open life in the capital.”

“...”

“So your sister will have to spend the rest of her life in the shadows, and so will her child!”

“...”

“Gu Yunhe is done. He will have problems in setting up his life in the capital. If he can’t find his own ground, what about your sister? She is the lady of the Min Family, and she is used to a leisurely and rich life. You want to ruin your sister’s life forever?”

“...”

“That is your morality, your integrity?”

“...”

“If you want morality, leave the Min Family. And you can bear the consequences yourself, we from the Min Family will stay out of it,” Madame Min said seriously.

She was going to put it clearly, so such things would not happen in the future.

Min Qing’s resolute face disappeared.

He had not thought about this earlier. He had not foreseen the consequences.

“It is all Gu Chaoyan’s fault!” Min Qing shouted. “I have never seen such a rebellious woman who even got her father sentenced to death! She even blames her sisters and brothers! How can she become a Phoenix Girl like this?!”

“Shut up right now, Min Qing, you are not in a position to talk about the Phoenix Girl!” Madame Min shouted again.

Min Qing said nothing else and returned to his room, without speaking of Gu Yunhe.

Gu Yunhe made a fuss in front of the Min Family for hours, before getting escorted away by the Min Family’s guards.

Three days later...

It was time for the execution.

Chapter 1562 Beheading

It was a very lively day in the capital.

The Gu Mansion had received so much attention, and its owner Officer Gu was going to be beheaded soon. The civilians were all around to watch the show. What was more, his wife was beheaded because she murdered the Phoenix Girl’s mother and mistreated the girl for years.

Many people even had put some rotten leaves in their basket on the way to the execution grounds.

They were just ordinary civilians who could not do anything but toss the rotten leaves on them.

It was not yet time, but there were so many people on the street heading there.

Seated in the wagon, Gu Chaoyan was heading there as well.

She could hear the noise outside. It was the civilians' curses towards Gu Zhenkang and Mrs. Gu.

Gu Chaoyan had a very calm expression on her face.

Sword One was looking really happy. She lifted the curtains and glimpsed outside, saying emotionally, "The civilians are all people with justice. They are defending you, Elder Miss!"

Gu Chaoyan took her hand and stuffed a pastry into her hands, saying, "Eat it, you talk too much."

"Oh." Sword One ate the cake and stopped nagging.

Qing had been staying in the mansion rather than following Gu Chaoyan around. So Sword One was the only close maid she had. Sword One had been very silent after years at the Shadow Door, but she became interested in smiling after spending time with Gu Chaoyan, who seemed even calmer.

Gu Chaoyan's wagon reached the execution grounds despite the crowd.

It was extremely crowded there, but the leader of the Dali Temple spared a place for Gu Chaoyan, so she could watch the beheading personally.

The cart carrying Gu Zhenkang and Mrs. Gu arrived.

The demonstration for the criminals would take longer.

Therefore, when they arrived at the place, they had bruises all over their faces. Their carts were covered with rotten vegetables and leaves. So was their body.

Mrs. Gu was silent. She had accepted what happened to her.

Only Gu Zhenkang was shouting loudly that he was misjudged.

As they reached the place... Gu Zhenkang saw Gu Chaoyan not very far away, watching them. She still had the vicious-looking maid. She had no guards with her, but Dali Temple arranged a few dozen people to keep her safe.

He suddenly stopped shouting and quieted down.

Gu Chaoyan looked at this dying couple without showing any emotions.

Gu Zhenkang had a very complicated look on his face. He suddenly remembered something.

In March more than one year ago, Gu Chaoyan fell into the water and got dumped by Duke Channing's son. She was chubby and ugly back then, but she was still standing with a straight back.

She told him that she was going to be extraordinary, and she said that she was going to marry someone with an honored title. She hated him back then. She told him never to regret what he did to her.

Chapter 1563 Proposal 1

At that time, he thought that she had been ruined in the head so she had spoken such innocent words. He had thought that she was a shameless person, but... just one year later...

From spring to winter, and now spring again...

He was proved wrong.

Just as she had told him. She was an extraordinary person. She was the Phoenix Girl and she would marry someone with an extraordinary background. The Crown Prince was proposing to her all the time, wasn't he?

So she was the Phoenix Girl, the Crown Prince Consort and soon, she would become the Queen.

He was wrong. Gu Zhenkang realized that he was wrong.

He had made the bet on the wrong person.

If he had chosen Ms. Lin over Mrs. Gu back then. If he had not chosen the beautiful Ruxue but his lineal daughter Gu Chaoyan...

He would not have been like this now. He would be shining in glory.

Gu Zhenkang burst into tears as he thought about all of this.

His dead-looking eyes brightened all of a sudden. He struggled against his chain and knelt down in front of Gu Chaoyan, shouting loudly, "Gu Chaoyan, I am sorry! I should not have treated you and your mother like that. If I am dead, you will have no family left in the world, you..."

Gu Chaoyan was frowning, but ignored him.

The executor beheaded him directly when it was time.

Before he could finish his words, his head was already rolling over the ground.

Gu Chaoyan stopped looking at him, but turned around and headed back.

Now it was really done.

As Gu Chaoyan passed by, the civilians and soldiers all made the way for her.

The wagon was heading forward slowly.

Gu Chaoyan ate a cake.

She smiled suddenly.

"Let's go home."

"Okay." Sword One answered.

Sword One understood that Elder Miss had finally had something loaded off her head.

Gu Chaoyan suddenly thought of something as the wagon went on for a while. "When we are back, make arrangements so that we can plant some immortal flowers at Xinlin Mansion. They should bloom next April or May. And we will see them at Xinlin Mansion!"

"Okay!" Sword One nodded and replied.

Gu Chaoyan felt assured.

When they reached Xinlin Mansion, Sword One frowned as she got out of the wagon.

She helped Gu Chaoyan off the wagon and then, Gu Chaoyan frowned too. "What are you doing here?"

"Lady Chaoyan, I am here to see you. Many things happened today, and an unexpected thing happened at Gu Mansion as well. I did not know that you suffered so much at the mansion. Now the bad guys were punished and it feels great."

"..."

"Your mother passed away when you were little. Your father is now gone. Gu Yunhe and Gu Ruxue are dominating the Gu Mansion. I think you will have to live alone at Xinlin Mansion."

"..."

"But Xinlin Mansion was not constructed by the Ministry of Architecture. It is too shabby and you do not have enough servants."

"..."

"I have no Crown Prince Consort and I have no children. I am single."

"..."

"So I think that it is the best time for you to marry me now. So that you will have a family from today on. I will take good care of you and will not allow you to get bullied or make you sad."

"..."

"Lady Chaoyan, you can treat me as your own. Don't be embarrassed any more. I will embrace all of your drawbacks."

Chapter 1564 Proposal 2

Having said this, Zhou Huailing looked at Gu Chaoyan gently, smiling confidently.

Gu Zhenkang had been held in prison at Dali Temple for four days, but he did not show up to offer any help.

He did it on purpose.

Gu Chaoyan had been doing all of these on her own, and she had been through a lot. She accused her father and got him beheaded. Women were always scared and tired, she should be the same even though she was the Phoenix Girl.

If he appeared at this point and consoled her, she would be moved.

And if she was utterly scared, she would accept him easily too.

As long as she said yes to him, everything would go smoothly.

Therefore, Zhou Huailing looked really confident.

Because... he was very certain about this.

Looking at Gu Chaoyan, he was about to open his arms to hold her.

Gu Chaoyan threw a very cold look at him, and looked at him as if he were an idiot.

"Crown Prince, you can't have forgotten that I am engaged to Lord Huai. And don't ever mention this kind of question in front of me. Otherwise, I won't just let you slip away from the consequences," Gu Chaoyan said coldly, turned around and went into Xinlin Mansion.

Zhou Huailing stiffened.

He had not expected that Gu Chaoyan would turn him down!

Lord Huai? What was so good with Zhou Huaijin?

He had nothing and he was grounded in the mansion. He could not even console her, but she was still marrying him?

What was wrong with her head? She wanted to marry him?

Okay then. He was going to see if she could do it.

If Lord Huai was gone, he was going to see what she could do about it.

Zhou Huailing was about to rush to Lord Huai's Mansion.

He had just taken a few more steps when someone from the court hurried up to him.

"The Crown Prince, the King is summoning you to the court. Something is happening there. I will pass on the message to the Phoenix Girl," De Fu said in a hurry.

Something in the court? What was happening in the court?

Zhou Huailing was confused.

Why did he have no idea what happened? Was something kept from him again?

Zhou Huailing sneered.

Gu Chaoyan walked out of the mansion too.

She went past Zhou Huailing and got into the wagon.

Zhou Huailing was very angry seeing how she reacted, but he couldn't say anything. He moved his lips, and got into his own wagon.

He was the best-looking son of the King and he was the most respected Crown Prince. Every woman would get excited upon seeing him, but for some reason, Gu Chaoyan liked to do the opposite of what he expected.

Was she trying to make an impression?

Zhou Huailing just could not understand her.

The wagon headed into the court and De Fu brought them to Ronghua Palace when they reached the court.

Even Gu Chaoyan had no idea what was going on. The King would always choose Qianqing Palace to meet them. Why were they meeting at Ronghua Palace this time?

Some special guests, maybe? But what was going on?

"What happened?" Zhou Huailing asked.

Gu Chaoyan was even more confused. So even Zhou Huailing had no idea what was going on?

"Crown Prince, the King will tell you when you meet him," De Fu said, without crossing the line.

"You old servant!" Zhou Huailing lectured him furiously.

Chapter 1565 Piaomiao Pavilion 1

He was the Crown Prince, and he could ask anything. This servant did not want to tell him, who did he think he was?

Also, Lady Chaoyan was with them too.

He was humiliating him. What would Lady Chaoyan think of him?

The more he thought about this, the more angry Zhou Huailing became. He was about to kick De Fu, even though he was serving the King.

Gu Chaoyan took a step forward when he was about to kick, so she shielded De Fu. "We will know shortly."

Then she walked forward with her head up, and De Fu followed next to her.

Zhou Huailing had to give up his kick and walked forward angrily.

De Fu threw a grateful look at Gu Chaoyan. If not for her, he would have collapsed.

The Crown Prince liked to kick servants when he was angry, but if he was stopped right on time, he would not insist on giving the servants any punishments.

The Crown Prince was getting more and more irritable.

De Fu had to sign emotionally.

He watched him grow up, but he did not like it when this young man kicked him.

Ronghua Palace was right in front of them.

The King was already inside the Ronghua Palace.

He seemed to be in a good mood. He was even more happy upon seeing Zhou Huailing and Gu Chaoyan here. "Here you are."

"..."

"I summoned you suddenly because it happened unexpectedly."

"Father, what is it? Why are we here at Ronghua Palace? Ronghua Palace is a place to receive foreign ambassadors, but the other two countries can't have energy to send anyone here, right? I have not heard anything either. Why here?" Zhou Huailing asked constantly.

He was very angry, so he kept asking.

He was the Crown Prince and his father promised him the throne.

How could he have been kept from anything happening in the court? How could he find out the information at the same time as Gu Chaoyan?

"Not foreign ambassador!"

"..."

"It is the Elder Miss from Piaomiao Pavilion! It happened very fast. I did not meet her until today. So I instantly summoned you here." The King explained.

Only today? That was good, thought Zhou Huailing.

He had thought that his father was concealing something from him, since he was busy with something else.

It was good, if that was the case.

"Piaomiao Pavilion?" Gu Chaoyan asked confusedly.

"Yes, after the door to enchantment was opened, those beings outside the door to enchantment came to the Saint Divine Land. The same goes for the Piaomiao Pavilion. You should be careful about Piaomiao Pavilion. It can be as powerful as the Cloud Land!"

"..."

"They are here because the Elder Miss from Piaomiao Pavilion wants to meet the Phoenix Girl as soon as possible. So I summoned you both."

Gu Chaoyan's face sank.

According to what Huang Fu said, there were beings outside the door, but they arrived a little too fast.

"She is just the Elder Miss of Piaomiao Pavilion. Why were we summoned? So the Phoenix Girl is here to see her?" Zhou Huailing asked with dissatisfaction.

The Phoenix Girl was very special.

The Phoenix Girl should be asked first before she came. The Phoenix Girl could not just come unprepared. Who did that Elder Miss think she was?

The King's mouth moved. He wanted to see if he should say something.

At first, he had the same feeling when hearing the proposal. Piaomiao Pavilion was not famous at all. It was not at all big enough for him to spare any energy, but...

When the imperial army passed on the message, Piaomiao Pavilion started to attack. Those soldiers were so skillful and they even had special weapons. Within a very short time, hundreds of imperial soldiers died. The other imperial soldiers could not stop them either. It was as if they could come into the court without any barriers. They even had an array formation that could stop anyone from approaching them.

He was startled. So he had to put down his arrogance and went out to greet them.

He had other reasons to do so. One, the imperial soldiers could not stop them, and any more fights would cause bloody disaster. Two, all they wanted was to meet the Phoenix Girl, and that was a very easy thing to do. Three, the North Qi Land was constantly attacking, and the Saint Divine Land could not do anything about it. The Phoenix Girl could not do anything at the moment, and they could not find the Shadow Door, so if Piaomiao Pavilion could work for them... the Saint Divine Land would definitely have extra forces.

He had wanted to have a talk with them first, but... the Elder Miss from Piaomiao Pavilion did not want to see him. She only wanted to see Phoenix Girl. So the meeting was arranged in such a casual way.

He would definitely pay attention to Piaomiao Pavilion, since they seemed quite capable, but...

He could not reveal anything about what Piaomiao Pavilion was capable of.

Actually... He was the King and his son was just the Crown Prince. He could not just let him know everything.

After a moment of hesitation... the King decided to see what was going on, before he told the Crown Prince about this.

The Crown Prince was busy looking into the Shadow Door. So he was not going to burden him with too many things.

"Piaomiao Pavilion is here with sincerity, and it is their Elder Miss. So if a girl wants to meet the Phoenix Girl, she can do it. We aren't powerful enough to confront the North Qi Land, and Shadow Door is nowhere to be seen, and we can't just make them work for us. However, Piaomiao Pavilion might be a second choice." The King made a big speech. He would say that again, if the Crown Prince asked in the future. That gave him the possibility of making an explanation.

The King stopped after saying this.

Zhou Huailing did not dare cause any more trouble hearing this, but he still felt very uncomfortable.

He had his own plan and arrangements. The Saint Divine Land knew what the Phoenix Girl was - the most divine being. So if he could marry the Phoenix Girl, the whole country and the four countries on this continent would respect him.

However, what his father did made the Phoenix Girl seem quite low.

An Elder Miss from the Piaomiao Pavilion already gave the Phoenix Girl a chance to retreat. How could he just go about with the Phoenix Girl's name?

Well...

It was very unwise, but Zhou Huailing could not say that out loud at the moment. So he was quite displeased.

"My King, the Elder Miss from Piaomiao Pavilion is here," De Fu said carefully.

Chapter 1567 Piaomiao Pavilion 3

The King looked serious and cautious, but he was smiling too.

He knew what was going on, but he had never met the Elder Miss from Piaomiao Pavilion. He wondered what she was like.

If she had a soft personality. He could convince her easily.

Ling was going to marry the Phoenix Girl. He could even let the Elder Miss from Piaomiao Pavilion marry him as well, but neither of them might be interested. Things were very complicated. Otherwise he could ask her to marry Lord Yan. His wife just passed away anyway.

The King was just thinking about this when he continued. "Let them in."

De Fu nodded and went out to greet them.

Before he was able to walk out of Ronghua Palace, the people outside walked in directly.

De Fu was startled, but he walked aside.

The King did not make the guards stop them. He dropped the small matter of passing a message.

The Elder Miss was leading the troupe. She was dressed in sporty clothes, and she was holding a sword. She was dressed more like a man than a woman.

She walked very fast, and seemed imposing. She did not care about manners or etiquette.

She stopped somewhere close to the King. She looked up at the King. "So you are the King of the Saint Divine Land?"

The King nodded and did not ask her to kowtow to him, seeing how she behaved. He was about to ask her to take the seat, when Elder Miss took a seat directly.

The King gave an embarrassed cough.

He would not complain if Destiny Monk did not kowtow to him, but the Elder Miss from Piaomiao Pavilion seemed too arrogant.

However, he stopped himself when he thought of how powerful they were against the imperial army.

Zhou Huailing did not know what Piaomiao Pavilion was like. So he struck the table, scolding her. "This is the imperial court, not your Piaomiao Pavilion. Where are your manners? You need to..."

"Shut up." The King shouted. "I am here. You are not in the position to teach anyone a lesson."

Zhou Huailing looked really unconvinced.

The King forced a smile. He said to the Elder Miss with an apologetic tone. "Sorry for the imprudent manners, you..."

The Elder Miss threw a cold look at him, and said nothing.

She never considered this kind of stupid man as someone important. She was not bothered to argue with him.

She turned to Gu Chaoyan next to them and narrowed her eyes.

She had heard some rumors before she got here.

She had thought that the Phoenix Girl was not at all interesting, but she looked different from what she expected. She had a special air around her, but she was not as noble as she herself was. She sneered at her red birthmark.

"So you are the Phoenix Girl?"

Gu Chaoyan met the Elder Miss' eyes.

She could tell from the way she behaved that the Elder Miss was not here for any kind talk, not with the King or with her.

Could she be here for...

Gu Chaoyan had just had some ideas when suddenly, a red silhouette rushed towards her with the tip of a sword pointing at her.

Chapter 1568 Piaomiao Pavilion 4

Gu Chaoyan could see the flashing sword. She dodged it which surprised the Elder Miss from Piaomiao Pavilion. The Elder Miss had intended to attack Gu Chaoyan on her shoulders to give her some wounds. She was going to do that to make sure that she was able to hurt the Phoenix Girl.

Unexpectedly... She dodged it!

The Elder Miss became even more vicious. She raised her sword and changed into another direction, from which she pointed at Gu Chaoyan again.

Gu Chaoyan frowned slightly as she dodged her again. Within that short interval, she raised the teacup and smashed it right on the Elder Miss from Piaomiao Pavilion's face. The Elder Miss dodged it but the tea was still on her face.

The Elder Miss became very angry. She was no longer teasing as she did before.

She had been practicing so hard during the past two years, so she was really skillful. No one was able to hurt her, but this woman was throwing tea in her face.

She decided to hurt Gu Chaoyan directly.

Gu Chaoyan kept a calm expression on her face.

She used to be a trained killer, after all. She was not only good at shooting, but also good at dodging. The Elder Miss from Piaomiao Pavilion was not that skillful with a sword. So she could dodge her easily.

And she had to dodge her because she had no weapons with her.

Gu Chaoyan was so skillful with dodging her that the Elder Miss got really angry. She started to attack really fiercely, and Gu Chaoyan found it increasingly easy to dodge her. Every time she did, she would toss something onto her face.

The people from Piaomiao Pavilion shouted. "Be careful Elder Miss!"

Only then did the Elder Miss bring herself back. She stopped and looked really displeased.

The moment she stopped moving with the sword...

Zhou Huailing stepped forward and shouted at the Elder Miss from Piaomiao Pavilion. "You angry b*tch, how can you attack Phoenix Girl in Ronghua Palace, are you an Elder Miss or not? You are disrespecting her! Someone..."

Before he could say something, the Elder Miss gave her guards a hint. The guards took out a written charm and gagged Zhou Huailing. He could not move at all.

Zhou Huailing could not say a thing.

"That is just a small warning. Any more shouting, and there will be more than that!" the Elder Miss from Piaomiao Pavilion said with displeasure.

Only then did she put away her sword and find her seat.

The King was shocked. That written charm controlled someone so easily?

"I am the angry b*tch? The Phoenix Girl is. I was just teasing you and yet you were tossing things at me? Just like those tricks in the lower-class. You are not like a Phoenix Girl at all," the Elder Miss said disdainfully, looking down at the Phoenix Girl.

Chapter 1569 Fanghua Pill 1

When she said that... she raised her hands, and wiped her face. She still had some water on her face. She was really angry about it.

No one dared to pour water on her face, not even her father!

She was going to remember this.

Gu Chaoyan was very calm. She said calmly as the servants were putting away the mess.

"Teasing?"

"..."

"If I understand it properly, teasing means that the two sides should be on the same page. Elder Miss, you had a sword and I had nothing. If that is called teasing, then I don't really know what your rules with teasing are."

"..."

"Or, is it because Piaomiao Pavilion doesn't have any talents, so they have to take advantage of people?" Gu Chaoyan looked up at Elder Miss from Piaomiao Pavilion, disdainfully as well.

"You!" Elder Miss from Piaomiao Pavilion was so angry but she could not say anything back.

She had never intended to tease her.

She had thought that the Phoenix Girl would not be able to dodge her sword, so she could give her a warning, but she failed to do anything to her.

She was just venting her anger, but this girl talked back and poked her right in the heart.

The Phoenix Girl was so narrow-minded.

Before she came to the Saint Divine Land, she had asked people from Piaomiao Pavilion to look into this Phoenix Girl. What she heard was that the Phoenix Girl was ugly and disliked by her father. That was why she was here to see what this Phoenix Girl was really like.

She had been very confident on the way here, but...

What she had seen and what she had heard was completely different.

She might not be as pretty, but she was not ugly. And she was not completely untalented either. She dodged her attack!

Damn, Zhang Hao! What information did he get?

He was never slack in doing small things for the Pavilion, but he made such a huge mistake in this important errand.

Seeing the tension between the two... the King said openly, "No one is hurt, so it's nothing serious. You were just playing around. The servants have sorted away the mess, so let's just forget about it."

He was shocked by how they could control people with a written charm, after what he witnessed between them and the imperial army.

He needed to bring Piaomiao Pavilion to his side.

And if that was the purpose, he needed to be inclusive.

He could get away with this since no one was hurt.

When the King said that, the anger on the two sides seemed to relax, but...

Piaomiao Pavilion should not be belittled.

An Elderly Man from Piaomiao Pavilion came forward and smiled. "Sorry for our Elder Miss' behavior in this game."

He took out a bottle.

"This is the Fanghua Pill we have. In addition to strengthening the muscles and bones and nourishing qi and blood, long-term consumption of Fanghua Pill can also prolong life. I have reached 110 years old because of this. I am strong because of this pill. Here you are, Phoenix Girl, it is a compensating gift to you."

Chapter 1570 Fanghua Pill 2

Having said this... he gave the pill to the guard next to him and asked him to give it to the Phoenix Girl opposite him.

Gu Chaoyan did not turn down this compensation gift.

This Elder Miss from Piaoomiao Pavilion ambushed her and it was her fault, so she needed to apologize to her anyway.

The guard gave it to Gu Chaoyan, who took it, and opened it.

Elderly Man Qianji from Piaomiao Pavilion showed a brief smile as he saw how the Phoenix Girl tried to eat it directly. Fanghua Pill was just a middle-class pill at Piaomiao Pavilion, and half of the people from Piaomiao Pavilion would be able to use it. This Phoenix Girl seemed so greedy and stingy, totally different from Piaomiao Pavilion's Elder Miss!

Everyone was looking down at everyone in the court from the Saint Divine Land, including Gu Chaoyan.

Gu Chaoyan ignored them. She opened the lid and smelled.

Within a very short time, she could tell what the pill was made of and how it was made.

The pill was quite good medicine, after all, the medicinal materials used in it were extremely difficult to cultivate, and the pharmacist's fire control was also extremely good. This medicine did have the effect as the man said, but it wasn't that magical. He was able to be so tough when he was more than one hundred and ten years old, not only because of this Fanghua Pill.

The Fanghua Pill could help people to stay healthy, but only for a few more years.

She had a lot of such pills in her space.

In her opinion, it was just low-class pills.

Besides, her space was getting more and more magical, and the pills cultivated with the herbs from there were even better than the Fanghua Pill, though they might be counted as the low-class pills.

She had thought it was something excellent, but clearly people from Piaomiao Pavilion were looking down at them.

They were just middle-class organizations.

Gu Chaoyan gave it a smell, put on the lid and tossed it to Sword One, saying indifferently, "Sword One, you are practicing martial arts every day, and you need a supplement. You can have it."

Sword One put it away indifferently, looking very calm.

Elderly Man Qianji's face twisted, as he saw what was happening.

He had thought that the Phoenix Girl would cherish the Fanghua Pill, but she tossed it indifferently to her servant.

To her servant!

The Fanghua Pill was very rare at Piaomiao Pavilion, and only available to first-class disciples. What rights did her servant have to eat it?

Elderly Man Qianji was very displeased.

He said with a sinking expression. "It seems that Phoenix Girl doesn't like our gifts. My intention was that if you liked it, we could give you one bottle monthly. It can help you to cultivate your skin and extend your lifespan, apart from giving you energy. It seems that I have over-thought this."

Elderly Man Qianji had never had the intention of offering the pill in the long term.

The Fanghua Pill was a middle-grade pill and it was quite rare at Piaomiao Pavilion too. So he would not offer them to her, but... she treated the pill so nonchalantly.

Elderly Man Qianji could guess that she was probably going to pretend as if she did not care about it. She could give it to the servant when everyone was around, then she would eat it when no one was around.

The offer was not tempting, so she was using this against Piaomiao Pavilion.

Now... he was offering such an attractive condition.

He was sure that the Phoenix Girl would be moved.

As long as she was moved, she would definitely want to take the chance to save her own face.

He loved to see such a scene.
