Chapter 1571 Fanghua Pill 3

Qianji was waiting for the Phoenix Girl to regret.

When he said that... Sword One said in a very embarrassed tone, before the Phoenix Girl said anything. "Elder Miss, I don't think you need to take the offer. I don't want this pill. I am already well-fed by your pills, and I practice martial arts every day."

Hearing these words, Gu Chaoyan said to Elderly Man Qianji politely, "Thanks, Elderly Man, but my maid doesn't want it. No need to give me compensation, we can pass."

Elderly Man Qianji's face was extremely dark.

He was trying very hard to stay calm, but his face was still twisted.

How dare they do this?

How dare they look down at Miaomiao Pavilion's middle-grade pill? She would definitely regret it in the future.

Elderly Man Qianji forced a smile, and continued. "Okay."

Sword One behind Gu Chaoyan almost chuckled.

She had never understood why Elder Miss could have no loopholes in her plan and have everyone in her control. Later, Elder Miss taught her how to read people's minds.

She had read the opponent's mind today, thus doing this.

Elder Miss tossed the pill to her because the pill was ordinary, because Elder Miss' pill was already quite magical. So her move proved that the pills were not as good as Elder Miss', but why did she put on a disdainful look for it?

She had made observations.

That man appeared polite to Elder Miss, but he did not give the pill personally to her, instead he gave it to a guard in a very indifferent way. He did not even show any respect. Therefore, he was clearly looking down at Elder Miss.

In that case, she could just toss away those things.

She believed that she was right.

And the result turned out to be so.

Without moving a finger, she brought down their enemy.

No wonder Elder Miss often taught her to read through people's minds. It was a very important skill, and she had understood how important it was.

By this point, the people from Piaomiao Pavilion were not only looking down at her, they also started to hate her.

Gu Chaoyan did not care.

People from Piaomiao Pavilion were not here with any good intentions, so she did not have to treat them nicely.

She picked up her tea and continued to drink it.

The King smiled as he noticed the weird atmosphere. "I was wondering if you need anything from the Phoenix Girl?"

If not... he was going to make a deal with people from Piaomiao Pavilion.

People from the Saint Divine Land lived relatively longer, but barely over 50 years old. The previous King passed away when he was 46 years old. He was 40 years old now, and he had a few problems with his health. So he decided to retire from the throne and spend the rest of his life in quietness, but if he had such a great pill that could make him live longer, didn't it mean that he could have a few more years to go?

Then he could be in the throne for longer!

He had to get the pills now!

He had nothing else in his mind. He wanted to live to 100 years old, that would be enough.

Zhao Dier had been very displeased by what happened. She was silent all this time, but hearing what the King asked, she suddenly remembered what her father asked her to do here. That was the most important mission.

"Of course," Zhao Dier said.

"What is it then?" The King was confused.

Chapter 1572 Golden Rolls 1

"Golden Rolls. We are here because we want the Golden Rolls," Zhao Dier said calmly. "The Phoenix Girl was the only one who could open the door to enchantment, and there would be a Golden Rolls hidden in there. The Rolls show the reason why the door to enchantment was closed. So we would like to see what is written there."

Zhao Dier was trying hard to conceal her emotion and uncertainty, as she was saying this.

She took a look at Gu Chaoyan when she was done with the speech.

They were here for the Golden Rolls, just as Gu Chaoyan had guessed, but she did not think that the Golden Rolls only contained the reason why the door to enchantment was closed. Otherwise Zhao

Dier would not have come to the Saint Divine Land personally and showed such a hostile attitude towards her.

Golden Rolls would not have been stolen away if it only contained the reason.

So... the Golden Rolls were very important.

Zhao Dier was trying to make it sound not important.

Only when it sounded unimportant, would they offer it so easily.

Well...

Gu Chaoyan could understand what they were up to.

When Zhao Dier was done...

Elderly Man Qianji stepped forward behind her and said kindly, "But we won't read the content for free. As long as our Elder Miss finishes reading it, we have things to make a deal with you too."

"..."

"Our Pavilion has been in existence longer than the Saint Divine Land. And everyone from our Pavilion is a practised disciple, who is very good at alchemy, pill-brewing and magic tools. They are all excellent."

"..."

"If we can read what is in the Golden Rolls, we will offer five upper-class pills, three upper-class magic tools and three middle-grade magic tools. And we will give you some middle-grade pills from us as a gift."

"..."

"Those things can't just be obtained from the market. Some might not even be traded with money or goods."

"..."

"I just remember that the humans in the Saint Divine Land never practice, but even if you are not practicing, that stuff would be very practical for you!"

Qinji smiled arrogantly.

Piaomiao Pavilion had just one competitor, namely the Cangyan Door. And what they produced from Piaomiao Pavilion was never easy to buy. He was sure that people like them would want to get what they offered.

After all, they had no knowledge of it, and they never knew that the Golden Rolls were far better than that stuff.

Elderly Man Qianji was very confident about this.

Hearing that, the King felt so itchy to make a decision.

He did not know much of it, but seeing what his imperial army and the charm he saw right now, he could more or less understand how excellent those things were. He even believed that the North Qi Land had gotten magical monsters in this way. That was why the North Qi Land suddenly became so powerful against the rest of the three countries.

He really wanted that stuff, but he had no Golden Rolls.

He had not seen any Golden Rolls when the door to enchantment was opened.

Also... he was going to think about the deal as well. He had not seen or read anything from the Golden Rolls either.

He was excited and anxious. He had no idea what to do.

He turned to Gu Chaoyan.

Chapter 1573 Golden Rolls 2

Gu Chaoyan was still seated there calmly, without showing any expression. This conversation seemed to her like a very ordinary one, as if it was about Qing's talk on pastry.

Seeing her expression... the King got even more anxious.

Why didn't she care about this important stuff? Was she willing to make the deal? Was it a good deal?

Also, since when did she hide the Golden Rolls, and why did she keep it a secret.

The King stomped his feet involuntarily, as he sat on the throne.

"It's not a good deal," Gu Chaoyan said calmly.

Elder Qianji was about to smile when he realized what he heard. He was confused.

"You!" Zhao Dier almost struck the table and was about to rush to Gu Chaoyan.

They offered so many good things in return, and those gifts were not able to be bought in the market.

Yet she did not think that was a good deal? Why?

She was just a Phoenix Girl with the Golden Rolls.

Qianji stopped Zhao Dier and shook his head at her.

He had just arrived here and needed to see the Golden Rolls, so they had to be very careful. The Phoenix Girl looked harmless, but she was the Phoenix Girl after all, and she was not hurt in the test a while ago.

They had to be very careful about not losing anything good.

They were here and the Cangyan Door should appear very soon. If they failed this time, they would have difficulty in making it through.

They would need to make a new plan once again.

Elder Miss was excellent, but she was too young and she had never failed at anything before. So he had to stop her in case she did something stupid.

Elder Qianji stopped her then he spoke to Gu Chaoyan politely, "You don't have to answer so fast. You think about it and we can discuss later. We have many chances to work together."

"..."

"We from Piaomiao Pavilion may have to stay in the court, these days." Qianji turned to the King.

The King said, "De Fu, arrange a place for the Piaomiao Pavilion to stay in the court."

Gu Chaoyan threw a casual look at them.

She had no interest in being here.

She stood up and said, "My King, I am leaving now if you have nothing else to say."

Then she turned around and walked out of Ronghua Palace.

The King gave an embarrassed cough.

He had not said yes, but Gu Chaoyan was the Phoenix Girl, so he had to drop it.

Gu Chaoyan really did not want to see anyone from the Pavilion, so she left directly.

The big clan? She did not think so. They were so narrow-minded, and stupid. They did not even know how to conceal the conspiracy.

"Elder Miss, the Crown Prince is still there. Are you leaving him there? He was trapped because he defended you." Sword One asked with a small voice on the way out.

There was no one around when they walked on the path leading out.

Gu Chaoyan smiled briefly.

She did not comment on Sword One's whisper.

That was right... it seemed that the Crown Prince was defending her, but the truth was different.

"He was not helping me. He was helping himself. He always felt that he can marry the Phoenix Girl, so he doesn't want the Phoenix Girl to be demeaned, because that would mean that he himself is being demeaned."

"If I am demeaned, it would be a slap on his own reputation." Saying this, Gu Chaoyan gave a smirk. "Sword One..."

Chapter 1574 Golden Rolls 3

"Do you believe that after this strange charm, he will have a different attitude towards Zhao Dier?"

"..."

"He only wants what he finds useful, and he will treat it differently."

Sword One shook her head. "I don't believe that. You are the Phoenix Girl!"

"Then we will see what happens." Gu Chaoyan winked at Sword One and continued to head out of the court.

Sword One suddenly got really curious, but after a moment of relaxation... Gu Chaoyan became confused.

These things all interested her, but also confused her, the Golden Rolls, Piaomiao Pavilion, the human race, alchemy, upper-class pills and magical tools...

And only Huang Fu had some knowledge about any of these, but Huang Fu...

She found him very dangerous.

He always did something over the top, and he always had strange emotions.

She found that she should stay away from Huang Fu.

So she would not ask him personally.

Then... should she go to Destiny Monk instead?

Gu Chaoyan looked back at the court - which was where the King imprisoned Destiny Monk.

Gu Chaoyan suddenly felt that everything was getting very complicated.

When the people from Piaomiao Pavilion were settled... the King could not help feeling really excited when he got to Qianqing Palace. He could not even read the books Jiang Shuang left for him.

He was thinking about those strange, new things he just heard and witnessed and felt really disturbed.

"De Fu, go and fetch Elder Qianji and the Elder Miss from Piaomiao Pavilion. Tell them that I have something to discuss with them," the King said anxiously.

"Yes."

De Fu hurried away.

Zhao Dier and Qianji came with De Fu.

Something to discuss with them? Were they going to say yes to their deal?

However... they failed to see the Phoenix Girl in the room, so Zhao Dier became impatient. She asked straightforwardly, "What do you want to discuss with us?"

"Fanghua Pill! I want many of these. If you can offer them to me, I will give you many bonuses, towns, women, or jewelry! Anything we can afford for that," the King said expectantly.

He did not mind giving up some parts of the land, as long as he could extend his lifespan.

Zhao Dier was furious.

Fanghua Pill were middle-grade pills. How could the towns and women of the Saint Divine Land be equal to that? The King was really thinking highly of himself.

What did they know about Piaomiao Pavilion?! Their whole country was nothing to them!

They were asked to come here for Fanghua Pill?

Zhao Dier almost pulled out her sword, but Qianji stopped her.

He smiled at the King. "Fanghua Pill? Good, that is easy. You can give us some jewelry and women as an exchange, but we don't need towns."

"Really?"

"Yeah, we will get the guards to deliver it to you. Anything else? Or we will leave now. King, please try to convince the Phoenix Girl about the Golden Rolls," Qianji said politely.

The King let out a sigh of relief - that was easy. So he nodded and promised to work on the Golden Rolls.

When Qianji and Zhao Dier were back in their own room, Zhao Dier shouted furiously, "Elderly Man Qianji, what were you doing? How can we make a deal with the Saint Divine Land like that?"

Qianji shook his head with a smile. "I have my reason to do that."

Chapter 1575 Dementia Pill 1

A reason?

Zhao Dier could not understand what that might be.

The Saint Divine Land was a country, but nobody there could cultivate. Piaomiao Pavilion could destroy the whole country if they wanted to.

Why did they need their Fanghua Pill to make a deal with the King? How ridiculous!

Qianji said calmly, "He wants the Fanghua Pill, but we don't necessarily have to give it to him. He can't tell the difference. We can give him a Dementia Pill, that works as well."

"..."

"We can take down the Saint Divine Land easily, but why must we waste our forces for a land like this?"

"..."

"We can control a King and then we can control the land. The Phoenix Girl is not strong enough on her own. The King gives her orders and she has to obey him. So we can use the King to control her." Qianji smiled as if he were very confident about what he was planning.

Zhao Dier understood what Qianji said and was relieved.

One bottle of pills would do. They did not even need to use any forces from the Pavilion.

Elder Qianji was indeed very good.

They could cause fights between themselves, rather than using force.

No wonder her father stressed that Elder Qianji would need to tag along.

He was indeed very experienced.

She was sure that with Elder Qianji's help, they would make it.

When they got what was in the Golden Rolls and went home, the other Elders from Piaomiao Pavilion would treat her differently, then she would be able to obtain the throne of Piaomiao Pavilion.

Zhao Dier became increasingly confident.

"Good, Elder Qianji, thanks for your efforts." Even an arrogant woman like Zhao Dier would say something modest at this moment.

Qianji nodded and greeted Zhao Dier.

Then he took out a bottle of pills and passed it to his guard. "Give this to the King, and tell him that he should take one pill every fifth day, no more than that."

"Yes"

Dementia Pill was just a low-class pill at Pavilion, a very bad one too, but it was useful too. If it did not work as a low-class pill, it would be totally useless.

However, the pills did not work on anyone who cultivated.

Unless it was someone who didn't have a lot of experience with cultivation, but Dementia Pill still might not work on them.

Nevertheless, they had it with them because no one cultivated in the Saint Divine Land, so it became extremely useful this time, which was great.

Anyone who had cultivated before would need one pill a day for it to work, but the King was too old to take even one pill every fifth day.

However, they had little time left, so that was the best plan. Otherwise, their plan would be delayed.

When the pill was settled, Qianji smiled calmly, "Have a good rest, Elder Miss!"

At Ronghua Palace.

Zhou Huailing could finally move.

And he became really excited, as if he had been reborn.

He had heard everything, but nothing apart from his eyes could move. He was very afraid that he would spend the rest of his life here at Ronghua Palace.

Chapter 1576 Dementia Pill 2

Gu Chaoyan left him alone. So did his father. He felt really uncomfortable.

He was going to keep this in mind and take revenge later.

He felt extremely irritated, but he was even more shocked.

He had thought that Piaomiao Pavilion was nothing compared to the Shadow Door

Unexpectedly it was so magical.

A small guard could gag him with a charm?

What if there were many charms like that? And all the other things they had mentioned?

The North Qi would be nothing when he got them all. Those magical monsters would be nothing!

He felt increasingly excited.

In that case, what about the Shadow Door? It would be nothing too!

Zhou Huailing hurried out of the Ronghua Palace and joined Junyi who was waiting for him outside.

Junyi was about to ask what was going on, since everyone else left, yet the Crown Prince did not come out until now. Zhou Huailing dragged him away, saying, "Let's go back to the mansion, then I will tell you."

Junyi realized that something was wrong.

They walked out with a serious look on their faces.

Back at the Crown Prince's Mansion.

Zhou Huailing did not know how to start explaining what happened at Ronghua Palace.

He thought for a while before recounting what happened to Junyi.

Junyi gasped.

“Piaomiao Pavilion is very important!” Junyi said seriously, “You have to get them to work for you!”

Zhou Huailing agreed, but how?

“I am going to marry the Elder Miss from Pavilion as well!” Zhou Huailing said resolutely.

Zhou Huailing believed that was a good idea.

It seemed that the Elder Miss had some power at Piaomiao Pavilion, so if she became his wife, everything from Piaomiao Pavilion would be his.

However, that was a little difficult to do.

“The Phoenix Girl has to be the Crown Prince Consort, but what about the Elder Miss from Piaomiao Pavilion? She doesn’t like the Phoenix Girl, so the whole thing will be difficult to do,” Zhou Huailing said, agreeing with what Junyi said. He needed to find a solution.

Junyi smiled.

That was quite difficult, but not impossible.

“They are both women. If you are always sucking up to the Phoenix Girl, she will not cherish you, because in her opinion, you only have her in mind. But if you start to treat the Elder Miss from Piaomiao Pavilion well, then she will get jealous and try to turn you to her.”

“The Elder Miss from Piaomiao Pavilion is just an Elder Miss from a Pavilion. If you keep treating her well, she will be moved, and the Phoenix Girl would get jealous upon seeing you treating someone else so well, so she would want to get you more.”

“Then when the two girls are fighting for you, you can come up with a better idea to get them both.”

“And they will just satisfy you after they marry you, then all will be well.” Junyi smiled.

Zhou Huailing thought that was a great plan.

A complicated, yet easy plan.

He was going to follow Junyi's suggestion.

"Get the best jewelry for me."

Chapter 1577 Lady Dier and Engagement 1

"Okay, Crown Prince!" Junyi said in satisfaction and went to do that.

It was getting very late, but it was fine if everything went well.

He had almost reached his goal.

If he could make it go faster, he could even forgo any rest. He was young and had a lot of time, but his master was old. He was worried that he might not be able to see him taking the position as the King's strategist.

The following day.

The King ate the pills and felt very fresh. He was in a good mood, and was very energetic. He normally got tired after reading the petitions, but after the pills, he would not be able to sleep until late at night, and when he woke up just a few hours later, he was still feeling rather energetic.

Therefore, he asked De Fu to bring the Elder Miss and Elder from Piaomiao Pavilion to him for breakfast. Even the princes from the other countries did not get treated so well.

The King believed that he was offering an exceptionally good offer to Piaomiao Pavilion.

Zhao Dier looked around as she arrived. She was displeased when she saw that the Phoenix Girl was missing.

She did not like the Phoenix Girl, but in her heart, she believed that the Phoenix Girl was the only qualified person who could share a table with her, not this so-called King.

Elder Qianji reminded her so she stopped herself. She sat down and asked in satisfaction. “Where is the Phoenix Girl?”

“She does not live here, she lives outside the court with a few maids. She doesn’t come to the court unless summoned for some affair. If you want to meet her, I will summon her now,” the King said politely.

“The Phoenix Girl is not living here in the court?” Zhao Dier was confused. She was the most noble woman in the court and yet she was not living here?

“She used to live in her family’s mansion, but she wanted to investigate her mother’s murder, so she got her father and stepmother beheaded. She can’t live in the family’s mansion, so she moved to her own mansion. I asked her to move in with us, but she doesn’t want to, so I had to drop it.” The King looked helpless.

He did not want to waste time talking about Gu Chaoyan. Then he said excitedly, “I have to say that the pills from Piaomiao Pavilion are really excellent. After one pill I already feel really motivated and energetic. It’s better than all the supplements I have eaten during the past few years.”

Zhao Dier rolled her eyes.

The pills were low-class pills at Piaomiao Pavilion, and only people like them would think that they were precious.

“The pills from Piaomiao Pavilion are always the best. Many people come to Haitian Market just to beg us for some.” Elder Qianji added politely, “The Fanghua Pill is just a middle-grade pill, but they are hard to make. We are sincere enough to offer you this much. And we hope that you won’t let us wait for too long for the Golden Rolls.”

The King could not answer them regarding anything about the Golden Rolls, so he paused.

He didn’t have the Golden Rolls. Otherwise, he could just make any deal he wanted.

The King smiled with a guilty smile, answering, “Yes, of course.”

Before Elder Qianji answered him the King sized up Zhao Dier.

Zhao Dier was very arrogant but young. It would be best if she could be involved with a marriage alliance with them.

Thinking of this idea, the King asked involuntarily, “Lady Dier, are you engaged?”

Chapter 1578 Lady Dier and Engagement 2

Zhao Dier had been complaining about the breakfast served to her, which was worse than the food she got at Piaomiao Pavilion, when she heard the question.

Why was this his business?

If not, was the King trying to have a hand in her marriage? Who did he think he was?

Nobody from the Saint Divine Land, whether the King or a lord or prince was a match for Zhao Dier. How ridiculous.

“If not, we still have two lords in our country. And they are old enough and yet to be engaged. Lady Dier, if you have time, you can meet them,” the King said with a smile.

Lord Yu and Lord Yan were both suitors for her. If she could fall for Lord Yan, then everything would be much easier.

Lord Yu was obedient too, but he had been traveling about these years, and he might have developed a new personality. On the other hand, Lord Yan obeyed everything he said.

Zhao Dier’s guess was confirmed.

She did not even conceal her disdain. She said straightforwardly, “I am not engaged, but you know what our Pavilion is like? My future husband has to be an outstanding man, and no lord from your country is worth the while.”

“If you have time, King, you can think about the Golden Rolls and stay away from my private affairs. My father will arrange everything for me.”

“Who do you think you are?”

Before she could finish her speech, Elder Qianji stopped her.

The Elder Miss was right, but she could not brag like this.

Elder Qianji explained. “Elder Miss is not engaged, but our Head has his own arrangement. Elder Miss is the elder daughter of our Head and she has a very high-level cultivation. So she is not a minor figure at Piaomiao Pavilion. Her future husband has to be well-selected as well.”

“Many Heads from other doors have come to propose, and we have turned them down, let alone a lord from your small land?”

“Men without cultivation are nothing in our eyes.”

“King, you better focus on your breakfast. You can’t have a hand in everything in our Pavilion.” Qianji threatened.

The King gave a light cough and laughed embarrassedly.

In his eyes, Piaomiao Pavilion was very outstanding, but it was just a Pavilion whilst the Saint Divine Land was a huge country. The land's lord should be a good match.

How could they be so arrogant?

Without saying anything more, the King turned to his breakfast. He needed Fanghua Pills from Piaomiao Pavilion after all.

It was a terrible and embarrassing breakfast.

The people from Piaomiao Pavilion got up and left and the King did not stop them.

Zhao Dier shouted loudly despite being in the court. "Who does the King think he is? Look at his face? How can he offer a lord to me? Shame on him!"

Zhao Dier's future husband should be someone excellent.

He should be as excellent as Leader Mingjing, not some trash like this!

How arrogant.

She would have dug out the King's tongue if not for Elder Qianji who stopped her.

"Feed him more Dementia Pill, in case he keeps nagging at me." Zhao Dier shouted loudly.

Qianji nodded in agreement, but he suddenly had a weird look on his face.

Chapter 1579 The Cangyan Door

Thank you readers!

“People from the Cangyan Door are here.” Qianji said with a distressed tone, “Didn’t expect them to get here so fast.”

He had thought about adding more Dementia Pill to the King, but it seemed that he did not have to.

The Cangyan Door was here faster than they had expected. So they needed to hurry up.

He felt that he was too slow at the moment.

“Anyway they like it. The Cangyan Door is so small they have never managed to take advantage of us, so they should not be able to take hold of the Golden Rolls,” Zhao Dier said confidently.

She felt confident. She was even expectant.

The Cangyan Door was here, then the other schools would be here too.

Then He should be here as well

He wanted the Golden Rolls, so he should be here soon.

Zhao Dier nodded at herself.

“Elder, go and have a rest. The Cangyan Door is very good at playing tricks, so you should watch out for them this time,” Zhao Dier said indifferently.

“Okay, Elder Miss.” Qianji answered.

The King did not see people from the Cangyan Door until four hours later.

With people from Piaomiao Pavilion coming before them, the Cangyan Door was accepted when the invitation was sent.

At Xinlin Mansion.

Inside Gu Chaoyan’s room.

Sword Three was telling Gu Chaoyan about the arrival of the Cangyan Door.

“Okay.” Gu Chaoyan answered briefly.

Just as she had predicted, there would be more such schools coming to the land.

And they were all here for the Golden Rolls.

For example, Piaomiao Pavilion did not have a good purpose.

The capital would be in a mess.

What on earth was inside the Golden Rolls that everyone was here for? And who might be the most likely to be able to get hold of it?

Gu Chaoyan was distracted as she thought about these questions.

The next moment Huang Fu dressed in a red blouse appeared, startling Gu Chaoyan.

Huang Fu? Wasn't he in the space? What was he doing here? Why did he appear so suddenly? What did he want?

Huang Fu was seated in front of her, but did not approach her like before.

This woman was so dumb!

As a Phoenix he could come out of the space whenever he wanted to, so he could come out anytime he wanted as a man as well. What was so surprising about it?

Well

He was not out often because he hoped that this woman would think of him every now and then and come to visit him sometimes, but now

The woman was made of rock.

She never thought of him whenever she ran into any issues, nor did she want to visit him for any reason!

He had thought that she would ask him when people from Piaomiao Pavilion arrived, but she would rather try hard to think about it herself than turn to him.

This woman is getting really annoying nowadays.

She was worse than she had been a hundred years ago.

She had been an annoying woman back then, but she never dodged him!

“What are you doing here?” Gu Chaoyan calmed herself down before asking quietly.

Huang Fu looked furious, and he almost broke out of the fury that pushed down on his head.

Pressing down his anger, he told himself that she was annoying like this because she had no memories of the past.

Chapter 1580 Huang Fu 1

“You don’t have anything to ask me?” Huang Fu’s long, narrow eyes were staring at Gu Chaoyan, as if trying to read through her.

Piaomiao Pavilion, the Cangyan Door, the upper-grade magical pills, and all... she was confused by all of these, wasn’t she?

And he had the answer for all of them.

Gu Chaoyan did want to know the answer.

She almost burst out the questions when she was asked, but she restrained herself.

She thought of what he was like when they were alone. Huang Fu was a nice gentleman who told her everything, but sometimes he really did some improper things. He kept asking her to kiss him or something like that. She would not allow that to happen, and she did not want that to happen either.

They needed to stay away from each other, so she would not ask him.

“No.” Gu Chaoyan answered sharply.

Huang Fu, who had become used to the anger, got annoyed again.

She was confused, but she still insisted that there was nothing.

What more could he say?

“Piaomiao Pavilion has a long history and they are indeed excellent among all the cultivating humans. Their pills and magical tools are indeed popular. Many people try to get into Piaomiao Pavilion every year through the examination. That is why the Elder Miss is so arrogant. She is indeed a really capable person.”

“...”

“She is hostile towards you only because you are the Phoenix Girl. She doesn’t think you are a suitable person to live up to the title, thus treating you badly.”

“...”

“But she wouldn’t really hurt you. The Piaomiao Pavilion is not this bold. So you don’t need to be worried about anything except for her small tricks.”

“...”

“The Cangyan Door is almost the same as Piaomiao Pavilion, so there is no need to talk about it.”

“...”

“They are here to see the Golden Rolls, but they won’t dare to try to take it for themselves.”

“However, Golden Rolls were missing after the door to enchantment was opened, so things will get complicated. You might have a chaotic time for a while.”

“...”

“I would like to see who took it away before. Things are progressing. I will tell you in detail when every school arrives.”

“...”

“I can stay by your side to deal with everything that is happening nowadays,” Huang Fu said.

Gu Chaoyan was listening to him narrating very carefully, but when she heard that he proposed to stay by her side... Gu Chaoyan suddenly got reminded of what he did before.

She was not going to allow him to stay by her side.

She shook her head. “No thanks. I will deal with everything myself. Thank you for telling me. I appreciate that. I won’t trouble you,” Gu Chaoyan said politely.

Huang Fu got really irritated.

“No thanks?” Huang Fu countered in displeasure. “Okay, I will drop you. Do as you want!”

The next second, he went straight back to the space.

He turned around and looked behind him.

He was so angry right now so she should come to console him, would she?
