Chapter 1581 Huang Fu 2

Seated in the study of the space, Huang Fu took down two ancient books from the shelf, reading them through indifferently, trying to pretend that he did not care whilst waiting for her at the same time. He was not going to be so pleasant after this. He wanted to see her coming to him. Huang Fu was thinking that, whilst sneaking some look outside.

Strange...

He had been here for a while, but no one joined him.

Didn't she realize that she had made him angry?

Huang Fu waited for a while longer... and a little longer again...

Time passed... and Huang Fu got really impatient. She had not even come to talk to him. She might be slow about this, but she should realize by this point what she had done. She was not coming!

Gu Chaoyan!!!

This woman was so dumb, so slow and so annoying.

He had never met such an annoying woman before. She was the only one after hundreds of years.

The more he thought about this, the more angry Huang Fu became.

He was not going to tell her what was happening.

Also... He was not going to tell her who might have taken away the Golden Rolls. She could work on that herself!

How annoying!

Huang Fu's anger filled up the whole space.

Outside.

Seeing that Huang Fu was gone, Gu Chaoyan let out a sigh of relief. She just could not figure out his intentions and ideas. She really had no idea how to get on with people like that. The only solution was to stay away from such people.

It was good that he went back into the space. Good.

They should not spend too much time together.

Gu Chaoyan was thinking this inwardly.

She sipped some tea to make herself feel slightly better.

“Elder Miss!” Sword One sounded excited.

Gu Chaoyan put down the teacup and walked out. She opened the door and soon forgot the unhappiness she just encountered, seeing Sword One’s happiness. “What is it?”

Sword One put away her sword, came to her and took out two bottles. “Elder Miss, I just tried Fanghua Pill from Piaomiao Pavilion, and it is not as good as the one you give me in daily life. Your pills make me feel energetic and spiritual and I can even become better at using the blade, and though the Fanghua Pill might have this function it is not working that well.”

“...”

“People from Piaomiao Pavilion even regard this as a treasure and look down at you! How strange!” Sword One said excitedly.

She had been right. Elder Miss did not like these pills. Elder Miss never looked down at people for nor reason. If she did look down at someone, she would have her reason to do so.

Gu Chaoyan smiled briefly.

Sword One did try it out carefully.

“You can leave it, if it doesn’t work that well. We have many pills and the Fanghua Pill isn’t needed,” Gu Chaoyan said indifferently.

It was indeed terrible.

Sword One nodded.

She did not toss it, but she was not going to eat the Fanghua Pill anymore.

They were just walking into the room, when Sword Two came back and said, “Elder Miss, the Elder Miss from Piaomiao Pavilion and the Crown Prince are here.”

Chapter 1582 Apology 1

They?

Together?

What was going on?

Gu Chaoyan was frowning. She really had no interest in talking with them.

She was about to let Sword Two turn them down when some noise arose. Gu Chaoyan looked up and saw Zhao Dier pushing the guards who stopped her. She just broke in.

She looked really displeased. "Honestly, Phoenix Girl, what is going on here? I am here to see you and yet your guards stop me! They should be taught a good lesson!" she said arrogantly, and came walking to her.

Zhou Huailing was even more arrogant. He raised his legs and wanted to kick the guards at Xinlin Mansion. Gu Chaoyan flung out something in her hands causing Zhou Huailing to stagger backwards before he could do anything. He almost fell. It was good that his men helped him, otherwise he would have fallen.

Zhou Huailing was humiliated and was so angry that he wanted to blame the servants.

Gu Chaoyan glanced at the guards and asked, "Are any of you injured?"

Those guards were feeling quite uncomfortable, but they did not dare to say anything.

They were servants, and they were facing the Crown Prince. So they had to bear with the discomfort.

Therefore... they had no idea what they should do to answer Elder Miss' question.

Xiu Jie was in the front. He said straightforwardly, "Elder Miss, the guard in front was pushed and hurt!"

Gu Chaoyan frowned.

She glared at Zhao Dier and Zhou Huailing. "They are working for me and obey my rules. We have rules here, so anyone who comes here should obey the rules. They have done nothing wrong, so whoever pushed him, apologize!"

Gu Chaoyan was not speaking in a very loud voice, but her voice was sharp. People could not help but feel a little startled.

Zhao Dier was dumbfounded.

She wondered if this Phoenix Girl was dumb, since she was doing all of this for a servant?

"Elder Miss, I saw it. It was this man!" Xiu Jie pointed at someone next to Zhou Huailing.

Zhao Dier was very confident about herself, so she did not take any guards with her except for one. Zhou Huailing took many guards just to make him look more important. So when Zhou Huailing's men were making trouble, Zhao Dier and her guard did not move a finger.

So it was not her guard who did it.

"You, apologize to my guard." Gu Chaoyan glared at the man that Xiu Jie pointed out.

That man was dodging but soon, he stepped out instead. "Why? He was a servant who tried to stop the Crown Prince, that is what he deserves!"

Why?

Gu Chaoyan took out a hidden weapon and flung it. Before that man could see it clearly, he got injured in the shoulder. Soon, he began to bleed.

Zhou Huailing was shocked. He turned around and saw that the guard was injured.

"Why? It is because you hurt my man. Either you apologize, or you will be wounded as well," Gu Chaoyan said in an imposing tone, took out medical cream and tossed it to Xiu Jie. "Go and put it on for him."

Chapter 1583 Apology 2

"You are not wrong. You just obeyed my order, so I won't let you be hurt. Remember, all you have to do is to obey your master," Gu Chaoyan said resolutely.

They were doing this according to Elder Miss' order. So even though it was the Crown Prince who was here, they did not retreat. Elder Miss treated them so well and they should protect her even with their life.

They were bullied and humiliated, but they felt nothing now.

Excellent Elder Miss!

She was even seeking justice for them even though they were servants. So they were going to spare no efforts to work for her.

Those guards were about to cheer up, but still hid their happiness considering where they were.

“Okay, you can leave for the time being,” Gu Chaoyan said gently.

“Okay, Elder Miss!” The guards sounded really resolute and confident. They left in order.

Zhou Huailing threw a look at the injured guard.

He was not badly injured. He should recover with some medicine later.

The Phoenix Girl seemed so angry. Was that because he came in with Lady Dier so she felt jealous?

However, that would be nothing.

He laughed. “Lady Chaoyan, have you vented your anger? Those servants have been unruly, but you already vented your anger, so you are not angry any more, right?”

“We are here today because Lady Dier wants to go to Huaishi. We were thinking about asking you to join us, since you are free.” Zhou Huailing skipped the topic of servants and went straight to his purpose.

Zhao Dier was quite displeased, but she said nothing. After all, this had nothing to do with Miaomiao Pavilion.

She would have time to deal with Chaoyan. She did not need to do it now.

Well..

Hearing what Zhou Huailing said, the injured guard lowered his head and was quite displeased. The other guards also exchanged looks.

They were all well-trained guards who served the Crown Prince and they were always very imposing. No one dared bully them, while they would bully anyone they wanted

However

The guards that worked for a small mansion were protected by their mistress, whilst well-trained guards for the Crown Prince's Mansion had to take the blame.

Look at those people who just left they were so irritable and proud.

Well

That was the result, wasn't it?

They felt their hearts break. They seemed to be treated as nothing.

Zhou Huailing did not care about any of this. Seeing that Gu Chaoyan did not reply, he said, “You may not know where Huaishi is. It is not a town in the Saint Divine Land. It is an underground trading market. There are many interesting things there, and the Shadow Door is behind this.”

“I have been investigating the Shadow Door these days, so I found it.” Then Zhou Huailing threw a look at Gu Chaoyan and said proudly, “Lady Dier keeps mentioning about Haitian Market, but I can’t think of a comparative, until this Huaishi appeared. So I am going to take her there. Staying in the court all the time is too boring, right?”

“Lady Dier is interested, so please keep her company. You are girls, so you should have common topics.”

Chapter 1584 Huaishi Market 1

“You can even help Lady Dier pick something she fancies,” Zhou Huailing said to Lady Dier gently.

He was sizing up Gu Chaoyan while he was talking, trying to see how she would react to that. He expected to see that she would be very displeased and unhappy when he kept mentioning Lady Dier.

Gu Chaoyan did not show much expression.

She was not listening to Zhou Huailing talking about Lady Dier. She was just thinking about Huaishi, which was definitely organized by the Shadow Door.

Some time ago she seemed to have heard that from Huaijin when he gave her the authority token of the Shadow Door, but he did not speak about it much, probably because he did not think that Huaishi was of any importance. After all, he always gave her the best things directly.

However... since Huaishi was mentioned... she suddenly had interest.

She would very much like to see what Huaishi was like.

Maybe she would turn Huaishi into something more excellent than Haitian Market? That sounded like a plan.

According to what people from Piaomiao Pavilion said, the Fanghua Pill was a middle-grade pill there, and could not be bought in Haitian. Then her pills should definitely work better.

If Huaishi was developing well, the Shadow Door would definitely be raised in level as well.

She suddenly felt very interested in Huaishi.

Zhou Huailing was just trying to figure out if Lady Chaoyan was too angry to come with them, then he would have a big loss.

So he added anxiously, "You have not been there before, right? We can all go and have a look at it. The King also suggested that you should keep Lady Dier company."

He tried to make it so that his speech seemed both threatening and gentle.

He had lowered his status and mentioned the King. Zhou Huailing was sure that Gu Chaoyan would have to obey the request.

“Then we can go together,” Gu Chaoyan said coldly and headed off directly.

Zhou Huailing was surprised. What he had prepared to say wasn’t needed.

Zhao Dier also stopped showing her impatience.

She really felt that women from the Saint Divine Land were too slow and annoying. Honored Princess Jing, who came to see her before, had the same problem. She kept chit chatting but never explained why she was there. So she had no idea what on earth Honored Princess Jing wanted. This Phoenix Girl, who became the Phoenix Girl halfway through, was also quite narrow-minded.

Zhao Dier rolled her eyes, and turned away.

Gu Chaoyan decided to head out directly with Sword One when she suddenly thought of something. She turned to Xiu Jie. “Xiu Jie, how about coming with us? You can see what you want to get and what the guards here might need.”

She might not find anything interesting at Huaishi. She just wanted to have a look at what it was about.

Xiu Jie did not turn her down and followed.

Gu Chaoyan smiled briefly – Xiu Jie must have been planning to go there a long time ago, hadn't he?

"If you need anything in the future, just say it. As long as it is reasonable, I will try my best to make it happen," Gu Chaoyan said to Xiu Jie with a smile.

"Okay!" Xiu Jie nodded, grateful.

Elder Miss was always like this – she never treated them as servants, but as her friends.

Hearing that, Zhao Dier sneered.

Chapter 1585 Huaishi Market 2

No wonder she became the Phoenix Girl half way.

She was now the mistress, but she still believed that she was a servant, thus treating them like her friends.

Zhao Dier shook her head.

At Piaomiao Pavilion the classes were very clearly classified. The Elder Miss was the supreme woman and the servants should be loyal and respect her, and never offend her.

That was what a mistress should be like. Unlike here.

Xiu Jie got up and was about to defend Gu Chaoyan, who stopped him and told him not to care about that.

Sometimes, they did not need to waste their time and energy on people who were not important.

She did not care how she was talked about behind her back.

Huaishi was the biggest underground trading market.

It had been in the Saint Divine Land for a long while, but the court knew nothing about it. Huaishi was a very magical place, and it meant that the Shadow Door was invulnerable.

Also...

It was hidden inside the noisy court. That was what was the most magical and interesting.

The wagon came to Huaishi without traveling for too long.

Gu Chaoyan could not help but feel shocked and emotional. It was very close to where they always were, but it was so hidden. Zhou Huaijin was such a capable man.

"This is Huaishi?" Zhao Dier exclaimed. "This is so much less than Haitian! Haitian is a market, not as big as the capital, but it is more magnificent. They have everything in the market, but this Huaishi....it is located in such a weird place?"

Zhao Dier shook her head and looked down at it. It was worse than she had expected.

Gu Chaoyan did not even look at her, but led the way, heading towards Huaishi.

Zhou Huailing said disdainfully just to suck up to Zhao Dier. "Huaishi belongs only to a folk organization, and the court is not with them. That is why it is so shabby. Lady Dier, just have a look to kill time."

Zhao Dier headed in with a disdainful look on her face.

Gu Chaoyan went in directly, but the other two were stopped when they tried to get in.

"Who do you think you are? How dare you stop me? You don't know how honored I am?" Zhou Huailing was furious. There was no one in any place in the capital who dared to stop him, but this shabby place had people who dared to counter him?

"Where is the black ribbon?" The man in black had no expression on his face, asking mechanically.

Ribbon? They had no knowledge of it.

"How did she get in!" Zhou Huailing asked, unconvinced.

The man in black turned to the white silhouette.

How did she come in? She had the authority token of the Shadow Door! Actually, she was the head of the Shadow Door, and she could go anywhere she wanted.

This man was so idiotic!

"Let them in, we are together," Gu Chaoyan said, sounding amused.

The man in black retreated.

Zhou Huailing was confused.

Has Gu Chaoyan known about Huaishi before? How did she get the ribbon?

He had done his investigation before but he met a setback here, but Gu Chaoyan was very familiar with everything here, which made him feel uncomfortable.

He followed her for a while, then Zhou Huailing asked unhappily, "How did you get in?"

Chapter 1586 Huaishi Market 3

Gu Chaoyan had not wanted to explain anything to them, but suddenly, she had an idea.

She raised her eyebrows and turned around with no expression, saying to Zhou Huailing and Zhao Dier. “Because I begged the man in black. They have no girls here, so I can show up as a lovely girl. You kept talking about how bad the market is, of course they would not let you in. You should be grateful to have me here, or we would never know where to get the ribbon!”

“Oh I see.” Zhou Huailing looked enlightened.

Zhao Dier showed a very disdainful look on her face.

She would have broken through the gate. Huaishi could never have stopped her!

Only women without skills would choose to beg.

Hearing the explanation, no one asked anything else. The group headed into Huaishi together. It was a very different scene inside. It was not as dark as it seemed outside. It was no longer a randomly-dug tunnel.

Inside, it was like a small version of a town. It was magnificently-built.

The stores were all open, and walking through the path could make you see through everything.

Zhou Huailing explained as he walked through the place. “Huaishi seems shabby, but it does have its own rules.”

“...”

“They don’t take money. They use their own goods to make a deal, or they use the currency only available in Huaishi.”

Zhao Dier was still sneering, as if she still did not find it impressive.

Gu Chaoyan ignored them. She was looking through everything in the market.

Honestly, Huaishi had many precious and weird things, including some books for martial arts skills, herbs, medical books, as well as some pills, but those medical books were not good enough for her, after she obtained the library in the space.

Xiu Jie exchanged some books for martial arts.

Gu Chaoyan gave up some herbs too. She did not find them useful, but a store for hidden weapons was great. Those things were well-made. Gu Chaoyan took a look at them and was about to leave, when Xiu Jie hesitated.

He did not use hidden weapons, but he found the way Elder Miss used it earlier today, he wished he could be trained with it as well. It was so cool.

Seeing Xiu Jie lingering there, Gu Chaoyan stopped and exchanged one set with the Fanghua Pill. Sword One did not want the pill and it was totally useless. So she could exchange stuff.

Seeing Gu Chaoyan using her Fanghua Pill to exchange a set of iron and steel, Zhao Dier was so shocked that her eyes widened.

Gu Chaoyan shrugged indifferently. "Elder Qianji gave it to me, so it is at my disposal. Lady Dier, you won't want to meddle in it, do you?"

She was annoyed, but Zhao Dier did not know what to say, so she left in anger.

Zhou Huailing was displeased. "Why did you irritate Lady Dier? We are here for fun so that she can be happy, but you are irritating her and doing things the wrong way!"

Having said that, he sized up Gu Chaoyan's face.

Chapter 1587 Huaishi Market 4

Zhou Huailing shouted very loudly as he lectured Gu Chaoyan, just to make sure Zhao Dier could hear him.

He did this to suck up to Zhao Dier and to make sure that Gu Chaoyan should know that he had other choices apart from her even though he kept sucking up to her before. Zhao Dier made her not that unique, so she should be cautious.

Zhou Huailing was observing Gu Chaoyan just to catch some emotion from her, so he could move on, but after a long while... He failed to find anything.

Gu Chaoyan seemed to be cold and expressionless. He could not read through her.

Zhou Huailing felt a bit unsure.

Gu Chaoyan was too difficult to read.

As he was wondering about what was going on, Gu Chaoyan said quietly, “I don’t care if you are trying to suck up to Lady Dier. I am here to buy things. The Fanghua Pill belongs to me and I can use it to make a deal. Why would I care about anything else?”

Having said that, she continued and ignored Zhou Huailing.

Gu Chaoyan wasn’t a very talkative person. She did not care what Zhou Huailing might think, but she was going to clarify things with him.

Hearing her clarification... Zhou Huailing suddenly became happy.

See? That was what a woman was like.

She did care, even though she looked calm on the surface. Otherwise why did she try to clarify?

Junyi was right. Women should not be spoiled, or they would think that you were only theirs and would start to act arrogantly.

Zhou Huailing followed behind arrogantly.

He thought for a while... and then he caught up with Zhao Dier, trying to show her care and asking if she needed anything, telling her that if she did need anything, she could definitely have it.

Zhao Dier was not stupid enough to not realize what was going on.

Especially when she thought of what she had seen after she came to the Saint Divine Land.

The Crown Prince at the Saint Divine Land was very noble, but in front of Zhao Dier, he was nothing. She would never get involved with the Crown Prince!

However, since he was sucking up to her, she was not going to kick him away.

She would very much like to see how he demeaned himself and belittled the Phoenix Girl.

Zhou Huailing asked his men to make some exchanges, feeling glad that Zhao Dier was bothering with him.

After some moves, Zhao Dier decided to look at Gu Chaoyan to see what she would do about it. Maybe, as she hoped, she would be angry.

She turned around, but failed to see Gu Chaoyan.

She was just confused... when Gu Chaoyan's cold voice arose. She followed the directions and found Gu Chaoyan speaking in front of a store.

Chapter 1588 Drug 1

Zhao Dier, who wanted to smile, sank her face.

She did all of these just to show Gu Chaoyan, but it seemed that Gu Chaoyan never noticed them at all. What did she want those things for?

Zhou Huailing was smiling as he passed the stuff to her, but Zhao Dier was so annoyed to see Zhou Huailing now.

She gave the stuff a fling and all of them landed on the floor.

Zhou Huailing was startled.

He was about to speak to Zhao Dier when she was already heading towards Gu Chaoyan.

Zhou Huailing had to bear the anger.

He glared at the guards and shouted loudly, "What are you staring at? Pick them up, you useless people!"

Having shouted that, he felt slightly better.

No one had dared to smash things from his hands before.

Gu Chaoyan came to the store because she was attracted by a kind of drug there. She had read many books about drugs, but she was not as gifted in making drugs as she was in making medicine. Apart from some primary drugs, she was always far away from making good drugs.

She had been quite fascinated by those books these days. Then she sensed the smell just now.

The drugs in the store were various and all of them were strong.

She then saw the owner. She was a woman, but her face was disfigured. She had clearly been poisoned deeply.

Gu Chaoyan could not tell for the moment if she was poisoned when she was making the drugs, or if she had been drugged before she started the process.

Curious and anxious, Gu Chaoyan came to the store and carefully glanced at it.

“What do you want to exchange for the drugs? Or how much money do you want?” Gu Chaoyan asked.

Hearing Gu Chaoyan’s question, Zhao Dier was also approaching this place.

The owner did not care about Zhao Dier's arrival.

She sounded cold and resolute.

Gu Chaoyan had not yet spoken... when Zhao Dier snapped, "Upper-grade pills? For your trash? Ridiculous!

She looked really disdainful.

Upper-grade pills were only produced by families like them, Clans or schools from Piaomiao Pavilion, yet Upper-grade pills were very precious even for them.

She was very angry to hear upper-grade pills put in the same place as these drugs. She felt that upper-grade pills were being belittled.

They could use the lowest-grade pills for anything from Huaishi!

Shame on her!

"I only want upper-grade pills!" The owner stressed.

"You have nothing but trash!" Zhao Dier was about to kick the drugs when Gu Chaoyan stopped her.

She wanted all of the drugs, but even if she had not wanted it, she would not ruin people's stuff just because she did not find it a good deal!

"Why did you stop me! I will kill you!" Zhao Dier was angry and raised her hands.

Chapter 1589 Drug 2

The men in black from Huaishi were already there. They took down Zhao Dier directly.

Anyone who behaved like this would be killed directly at Huaishi, according to the rules. However, Zhao Dier was with Gu Chaoyan, so they did not kill her directly. They just took her down and waited for Gu Chaoyan to give an order.

When it came to this point... Gu Chaoyan would not be able to get the drugs today, but she was going to get those drugs.

She thought for a while and said, "Will you still be here tomorrow? I have upper-grade pills and I will bring them to make a deal with you."

The owner nodded.

Gu Chaoyan let out a sigh of relief.

They could not continue to go through Huaishi.

Gu Chaoyan told the men to take Zhao Dier out.

The whole team went out together.

Zhou Huailing did not dare say a word.

The men in black at Huaishi were so horrible. They appeared suddenly and took down the Elder Miss from Piaomiao Pavilion, who could not say a word or struggle.

He was not going to make a fuss here again, otherwise he would end up like this.

They went out of Huaishi quietly.

Zhao Dier was released after she was out of the place.

Zhao Dier started to shout the moment she was out. She was about to take revenge on the men in black, but the gate of Huaishi was closed, and she could not shout further.

"Lady Dier, don't be mad. We have no guards with us today, so they are able to overpower us. I will tell my father about this and we will remove Huaishi directly, so you won't be bullied," Zhou Huailing said kindly.

Zhao Dier was very angry, but she did not want to think about the humiliation she had experienced just now.

It happened too fast for her to do anything, so she was ambushed.

That was her fault.

She would have a talk with the Elder and was going to take revenge.

However, that was her revenge.

She knew clearly what she had heard.

Gu Chaoyan was going to use upper-grade pills to make the exchange?

Where did she get upper-grade pills? Was she going to beg them for help? That was impossible.

Piaomiao Pavilion would never offer her any upper-grade pills.

"Just listen carefully. You will never get any upper-grade pills from us. Unless you give us the Golden Rolls, but you did all of this just for some drugs?" Zhao Dier snapped at Gu Chaoyan.

Gu Chaoyan frowned slightly.

She did say that she was going to get the upper-grade pills to make the deal, but she had never thought about using the upper-grade pills from the Pavilion.

She shook her head slightly.

Gu Chaoyan was about to leave when she suddenly noticed a slight change in Zhao Dier.

She... She had a very ugly print emerging on her neck, with a cluster of black mist floating around it.

Gu Chaoyan stared at her for a very long time.

Zhao Dier snapped with displeasure. "What are you staring at me for, because I am pretty?"

Zhou Huailing followed Gu Chaoyan's look.

He saw what Gu Chaoyan saw.

He was startled.

"Lady Dier, you... there!" He pointed at her neck and looked extremely frightened, as he retreated backwards.

"What is it?" Zhao Dier shouted.

"Lady, you seem to have been poisoned!" Her maid said as she brought out a small bronze mirror and let her check her neck.

Chapter 1590 Drug 3

The maids from Piaomiao Pavilion were well-trained, especially those who were serving Zhao Dier. Those cultivating disciples from Piaomiao Pavilion would get the chance to serve the mistresses and masters.

Even though the maid found it incredible, she was still confronting the truth with composure.

The Elder Miss from Piaomiao Pavilion was the best cultivator among all the young disciples... and for almost ten years, there was no one who could approach her or hurt her. Clearly, the Elder Miss got drugged without knowing it, and the drug was not going away because of her cultivation.

How could they get rid of the poison? That was what the maid was worried about.

She was the only maid who was out with the Elder Miss, so she would be seriously punished if her Elder Miss was hurt.

The maid was becoming calmer as she realized what was going to happen to her in the end.

And at that moment... Zhao Dier also saw the place where the black thing showed.

She let out a scream.

"What is it, what happened to me?!" Zhao Dier shouted in fright.

Normally, cultivators from Piaomiao Pavilion would be able to get rid of toxins in their body, and someone as practiced as Zhao Dier should have been immune to all kinds of drugs.

That was why she was frightened.

Gu Chaoyan approached Zhao Dier.

She observed it carefully.

She was sure about one thing... she must have gotten drugged at the store. No one except her was drugged.

That basically meant that she had offended the owner, who took revenge on her, without her knowing about it.

Actually... Zhao Dier should thank her too.

If not for the woman who stopped Zhao Dier from kicking away the bottles, she might have been poisoned by every kind of drug.

"That is, the enhanced black snake venom is more poisonous than the original black snake venom. The owner at the stand must have done it. She is very capable to be able to drug you without anyone noticing that."

"..."

"You don't seem to like her drugs, because for you from Piaomiao Pavilion, they are nothing. So you should have your way out."

"..."

"You will not be able to get into Huaishi since you have been driven out. I will leave you to it." Gu Chaoyan explained, and then left.

Well...

She was doing this for the owner from the store.

She was poisoned and she was not a good match against Zhao Dier in martial arts, but... if she said this to Zhao Dier, Zhao Dier would not have turned to her, but would have tried to prove that the drug was nothing to her.

The following day... she would come to the owner and tell her about Zhao Dier's background, so that she could know if she was going to dodge her.

She did not care if Zhao Dier would be detoxified.

Zhao Dier was getting more and more worried.

She was not sure if she could detoxify it herself, but in front of Gu Chaoyan, she still said firmly, "That is nothing for us from Piaomiao Pavilion!"
