### Chapter 1591 Drug 4

Gu Chaoyan smiled briefly. That was the exact reaction she had expected her to have.

This Elder Miss from Piaomiao Pavilion was too arrogant and that would be her barrier. She might be very capable and talented in Piaomiao Pavilion or where she cultivated, but she was blindfolded by this fact.

She was not the best in the whole world.

There were many more people who were skillful with what they specialized in, but did not reveal that to the market.

For example... the owner at the drug's store.

The drug would not kill her, but she would have to suffer.

Gu Chaoyan got into their wagon with Sword One, heading back to her place to prepare the pills.

Zhou Huailing and Zhao Dier were still there. They were supposed to head back to the court.

Zhou Huailing had been startled, but hearing that it was just a minor issue, he was not worried. He said happily, "Lady Dier, if it is just a minor issue, let's go back to the court to get the antidote. I will take revenge on Huaishi for your sake. You don't need to be worried about it."

Zhou Huailing tried to pamper her gently, but that irritated Zhao Dier even more. "Just get away from me."

She pushed him away and left arrogantly.

Zhou Huailing looked unhappy.

Zhao Dier did not even save him any face in public.

Zhou Huailing grumbled unhappily.

Zhao Dier did not speak with him, but hurried into the court to find her fellows from Piaomiao Pavilion.

Zhou Huailing went back to his own mansion.

He let his temper out when he was at the mansion.

He threw himself into the study, impatiently. "Zhao Dier is just too self-centered in front of me!"

Zhou Huailing felt very annoyed about this.

He was the Crown Prince, and even if he lowered himself, what he needed was for her to be moved and like him, but she was snapping back at him all this while. What was going on?

However, Junyi thought something different.

"The Crown Prince, that is good. Lady Dier is starting to treat you differently. She did not even speak with you at the beginning, but now she is throwing her temper at you. So you can continue to pamper her until she is used to your care. At that time, our purpose will be reached. As for the humiliation you got today... we will take revenge one day. We have to tolerate temporary humiliation," Junyi said quietly.

"..."

"I feel that you have harvested a lot on this trip."

"..."

"The Phoenix Girl is getting jealous, and Lady Dier treats you as her own."

"..."

"Soon, your wish will be reached."

"..."

"When Lady Dier gets detoxified, I feel that you can ask Lady Chaoyan about getting engaged to you and then you can ask Lady Chaoyan if she can offer you some charms... if she nods, then the answer will finally be revealed." Junyi started to make arrangements.

Zhou Huailing nodded.

Hearing what Junyi said, he felt that it should be like this.

Good. There was no need to be displeased about anything like this.

\*\*\*

In the court.

Zhao Dier went to Elder Qianji the moment she went back to the court.

She asked unhappily, "Elder Qianji, can you detoxify me?"

Chapter 1592 It Is Her 1

Detoxifying her?

Elder Qianji was very surprised.

Lady Dier was poisoned? How could that be?

No one from Piaomiao Pavilion would get poisoned. For one thing, their bodies were always purer than ordinary people because the cultivators could detoxify themselves. For another, cultivators could always remove any poison inside their body with what they had obtained in cultivation.

Therefore... people from Piaomiao Pavilion did not have anything that detoxified people.

Elder Miss was poisoned?

She was the one with the highest cultivation in the whole Piaomiao Pavilion! How did she get poisoned so easily...?

Especially when she was in the Saint Divine Land where no one cultivated.

Elder Qianji was totally shocked.

Elder Qianji burst out. "But we never detoxify at Piaomiao Pavilion, you know that."

The next moment...

Zhao Dier removed the veil around her neck, exposing the location to Qianji.

After seeing it he was startled.

"How could that be possible?" Elder Qianji pointed at the position on Zhao Dier's neck, looking very unconvinced.

Zhao Dier was shocked too, seeing the way Elder Qianji reacted.

She asked hesitantly, "Qianji Elderly Man, what is wrong with this position?"

Zhao Dier did not return to Huaishi to find the person who drugged her, because she felt that Piaomiao Pavilion had numerous upper-grade pills even though they were not good at detoxifying people. There should be a pill that could detoxify her.

People who sold drugs at Huaishi must have the most ordinary drugs that worked well among ordinary people, not among people who were cultivators.

However, she started to hesitate after seeing Elder Qianji's reaction.

Elder Qianji was a very intimidating person at Piaomiao Pavilion, and things that shocked him were never ordinary.

"Where did you get it?" Elder Qianji asked seriously, and was scolding Zhao Dier rather than being as kind and gentle as before.

"The Crown Prince came and told me that there was a place equal to Haitian here in the Saint Divine Land, and he wanted to show it to me. The market here would never be as good as Haitian! Shame on them. So I followed them to have a look at it."

"..."

"It is from one of the stores."

"..."

"Elder, is this drug serious? The market is so shabby so the drugs there can't be very effective."

"..."

"Let me eat some pills from the Pavilion, and I will be fine, won't I?" Zhao Dier said arrogantly.

"You dumb lady!" Elder Qianji stared at Zhao Dier, before snapping. The drug was really serious for it to be able to affect her! Why didn't she use her brain to think about it?

However, there was nothing else he could do.

Elder Qianji would very much like to know if the seller was the one he thought of.

Elder Qianji looked at Zhao Dier, asking seriously, "What did the seller look like?"

"Very hideous, shabbily-dressed, covered with black veil, but I could still see that her face was ruined with many dark things on her, even some worms were crawling."

"It is her!" Elder Qianji exclaimed.

Chapter 1593 It Is Her 2

Zhao Dier was very uncomfortable when she was drugged. She was about to bad mouth this woman to vent her anger, but her idea was interrupted by Elder Qianji.

She was confused, so she asked, "Who is that, Elder Qianji, you know that evil woman?"

Elder Qianji thought for a while and nodded.

"Only one person could make such a fierce drug. No one else, and she is the only woman who is drugged like this." Elder Qianji said emotionally, "It has something to do with Wuxing!"

"..."

“She is Wuxing’s friend, and she has no cultivation, but she is really good at drugs. No one is better than her at making drugs. That is why she keeps making better drugs which made her become how she is. Wuxing tried to talk her out of the craziness, but she gave up. So in the end, she made herself become like this.”

“ ... ”

“She can’t detoxify herself, nor can anyone else. Elders from Piaomiao Pavilion checked on her, but they had no way to help her. So in the end, she can only live on upper-grade pills to survive.”

“ ... ”

“However, Piaomiao Pavilion has no pills to feed her alone. We have so many disciples at Piaomiao Pavilion, and she is not part of us either. Wuxing helped her, but those pills were not enough. Wuxing was too incapable to help her any more. He gave her many upper-grade pills, but she complained about Wuxing giving her too few.”

“ ... ”

“I helped Wuxing before, but in the end, she left.”

“ ... ”

“For years, no one knows where she went, but she has now appeared here,” Elder Qianji said emotionally.

As he was speaking, Elder Qianji took a look at Zhao Dier's neck.

She did not try to kill her. The spot would not spread.

However, if that woman was there...

She should be able to offer the solution.

He could just tell her about Wuxing.

Elder Qianji let out a sigh of relief.

“Evil woman. She got poisoned first and she should solve it herself. Brother Wuxing had no obligation to help her. She should have been grateful rather than bad mouth Brother Wuxing. No to mention she drugged me!” Zhao Dier felt protective.

She was drugged and she liked Brother Wuxing.

This woman had offended her in every aspect.

Elder Qianji was satisfied by how she reacted so he said nothing else.

“Anyway, Lady Dier, take a good break while you are drugged. Upper-grade pills can help, but will not serve as a solution. We have to find her to get it. I will be able to get her to make the deal with us with upper-grade pills,” Elder Qianji said with a relaxed expression.

Zhao Dier was still not very happy.

She was mostly displeased that this woman was more capable than she had imagined, but all she could do was to get the antidote first and detoxify before coming up with the idea to punish this evil woman.

“Elder Qianji, get the antidote and bring her down too!”

Chapter 1594 It is Her 3

Elder Qianji had intended to take her back. Hearing Zhao Dier’s order, he nodded naturally.

Lingyun was definitely the best drug-maker and he could tell after seeing the black spot on Zhao Dier’s neck that Lingyun’s skills had been improved. She was good at drugging people without showing it, and it worked perfectly well on cultivators like Zhao Dier.

He was going to bring her back.

She was going to be very useful for him and Piaomiao Pavilion.

It was good that Zhao Dier was drugged. They found Lingyun whom they had been looking for in the past few years.

Elder Qianji returned to his own room and was about to prepare the news for Wuxing.

He started to ready the pills she might need.

\*\*\*

The following day, Gu Chaoyan went to Huaishi with the pills she had prepared the day before.

In fact, after she saw how Zhao Dier got drugged, she realized that she had underestimated this woman's skills. So she not only had pills ready, but also read a few books on drugs from the study in the space.

After reading, she eventually realized that this woman was indeed skillful. That was why she got herself so badly drugged.

What a strange woman! She was good at making drugs, but she wasn't good at making antidotes.

Gu Chaoyan was a person that could do so well in medical skills.

Gu Chaoyan felt that she was going to harvest more than some great drugs on her visit to Huaishi.

Therefore, she was in a good mood on her way to Huaishi.

Gu Chaoyan could go into Huaishi easily without the ribbon.

She came to the store easily.

Sure enough, the woman was waiting for her at the store.

Also...

Gu Chaoyan could tell by the first glance that her toxic elements had become worse, and she could even see some worms crawling on her face.

“Here with the upper-grade pills?” The woman sounded urgent.

She was in desperate need of some pills.

True. Not many people would trade drugs with upper-grade pills here at Huaishi.

Gu Chaoyan passed the pills to her. “Please have a look at it and see if you like it.”

She did not know how to rank pills, but she was confident to say that those pills were definitely better than Fanghua Pill.

Also... she made the pills with magical water.

She added more magical water in the original for her sake.

She took the pills and took a long sniff after removing the lid.

Then she turned a surprised look at Gu Chaoyan.

She felt fresh after just taking a sniff at the pills, which were better than the upper-grade pills she had gotten from Piaomiao Pavilion.

Well...

Those pills from Piaomiao Pavilion were nothing compared to these.

Did she make the pills herself, or did it belong to some school? Which school was she working for?

Confused, she took one pill greedily.

Those pills were worth any kinds of drugs!

Then her eyes widened.

## Chapter 1595 Five Years 1

She looked at Gu Chaoyan in disbelief.

She was deeply poisoned and could only live on through the use of pills. She used to live on the upper-grade pills from Piaomiao Pavilion in the past, but those pills could only reduce her pain and prevented the drug from working on her, but the pills she ate this time could not only reduce her pain, it also made her feel comfortable. They seemed to help her to detoxify as well.

The best part was that it worked on her the moment she swallowed one.

She got herself poisoned, so it was very important that she was detoxified.

Seeing her reaction, Gu Chaoyan understood that the pills were working on her.

She added, "If I am right, you really need those pills, because of your situation. I can detoxify you, but if you want to get totally detoxified, those pills would not work. Also, you need to constantly get the pills, whilst I don't need to get drugs constantly. Soon, you will have nothing to make a deal with me.

The woman's expression sank and she became distressed.

"I can detoxify you," Gu Chaoyan said resolutely.

Light was sparkling in the woman's eyes, but soon... she calmed herself down.

She had experienced a lot by now.

She offered the pills to her, for some purpose.

She sneered.

She was not that eager to get the pills and be detoxified.

She would rather be dead than be used like a walking dead person.

Gu Chaoyan ignored her reaction but continued. "Give me five years, I can detoxify you. You will work for me during this time as an exchange, on the basis that you don't go against your principles. Five years later, you will be free."

"..."

"Are you willing to accept that?" Gu Chaoyan asked.

She was a genius in making drugs, but she needed Gu Chaoyan's magical water, herbs and energy to detoxify her. Five years could be used as her payment to her.

Making an accurate deal was the principle Gu Chaoyan wanted to stick to.

She was not going to do something to detoxify her for no reason in the hopes that she would feel moved and decide to work for her.

That would put her in a dilemma.

The woman looked at her in surprise.

She was making a deal with a businesswoman and she was even being kind when saying this.

She seemed very cold, but she was being very clear as well.

She believed her. She truly did.

Look at the pills she had offered her.

She thought for a while carefully and said, "If you can detoxify me, I will be yours. I will even work for you for the rest of my life, but I have one request, can I take revenge so that I can be assured to be your servant."

"Yes, you can," Gu Chaoyan answered without hesitation.

Lingyun let out a sigh of relief.

She packed up her stuff and decided to go with Gu Chaoyan.

Gu Chaoyan nodded and took her out of Huaishi.

She was going to take back Xinlin Mansion, where an empty yard was available.

They had just left when Elder Qianji arrived at Huaishi.

However, he did not see anyone on the spot Zhao Dier told him about. He asked around and was sure that she had left, but no one told her where she had left and with whom. That was the rule.

"That is not possible!" Qianji said with disbelief.

Chapter 1596 Five Years 2

According to what Zhao Dier said, Lingyun came to sell her drugs in exchange for upper-grade pills. And it was very difficult for her to get the upper-grade pills. Even if there were, they would not be enough for her. Only people from Piaomiao Pavilion would be able to give her enough. That was why he had not been in a hurry to fetch the pills the day before, but waited until today.

However, the answer he was given was that she had been here but left suddenly. Could the poison suddenly have worked on her again?

Elder Qianji just could not figure it out.

He threw a look at the man in a straw hat. "Is she here every day?"

The man did not look at him but said impatiently, "Do you have no idea what Huaishi's rules are?!"

Hearing the snapping, Elder Qianji's servants were displeased and were about to lunge at that man, but Elder Qianji stopped them.

He looked really displeased.

Piaomiao Pavilion was more powerful than the Cangyan Door, and that was why everyone at Piaomiao Pavilion was so arrogant, but they had forgotten about one thing- Piaomiao Pavilion was not so skillful as not to have any enemies. They should learn to tolerate some times, in case what happened to Zhao Dier the day before happens to them again.

However, he had not expected that these servants were as impulsive as their Elder Miss.

Huaishi might not be as big as Haitian, yet who knew what it really had?

Lingyun was here before, wasn't she?

This small place might have someone even more capable.

They needed to be careful and stick to the rules when they were out alone.

"Sorry for the trouble," Qianji said to the owner next to them.

The place was small, but it had many rules.

Lingyun wasn't here... so they had to leave Huaishi first.

Elder Qianji wasn't very happy, because he had expected the whole thing to be easy. He had written to Wuxing about Lingyun's appearance, but the plan was disrupted.

He returned to the court expressionlessly.

Seeing him coming back, Zhao Dier looked displeased, assuming that he would have the antidote with him. "Elder Qianji, did you get the antidote?"

She dared not go anywhere since the day before, just because of this goddamn poison!

"No." Qianji answered honestly.

"No?" Zhao Dier turned anxious.

Pills from Piaomiao Pavilion did not work on her and Elder Qianji did not get any antidote. So the woman wanted to kill her, so she refused to give her an antidote?

Zhao Dier's happy expression turned into a frenzy. She was about to go out, but the Elder Qianji stopped her.

Zhao Dier was strong, but she was way too reckless. She had not shown this characteristic of hers back at Piaomiao Pavilion, but here in the Saint Divine Land, she had revealed this disadvantage of hers. She could have caused herself big trouble!

Just as how she treated her Phoenix Girl so terribly.

Lingyun was very useful, and the Phoenix Girl could lead them to the Golden Rolls. Those were all important things, so he did not want Zhao Dier to ruin the plan.

Elder Qianji said quietly, "You don't need to worry about that. I will visit the place again tomorrow."

Chapter 1597 Detoxifying 1

"She is already so seriously poisoned and needs upper-grade pills. Even if she is not at Huaishi today, she should be there tomorrow. Don't worry," Elder Qianji said calmly.

Only then did Zhao Dier feel slightly more at ease, but she was already really unhappy.

She was already very annoyed at getting poisoned. And her neck had turned dark. She was very anxious to get an antidote.

She was so anxious that she wished to chop that woman into pieces, but she still had wounds on her neck and she had no choice but to wait blankly.

Zhao Dier looked as if she would burst out with anger soon.

Elder Qianji threw a look at her and felt annoyed. He was not in a mood to deal with her, so he just turned around and left.

At Xinlin Mansion.

Gu Chaoyan went directly to Xinlin Mansion with Lingyun, after they left Huaishi.

Lingyun had no idea what Xinlin Mansion was. So she walked in and saw the mansion, before hesitantly retreating.

Gu Chaoyan never had the scent of cosmetics, instead she smelled of bamboo and the Immortal Flower. She must have touched the Immortal Flower today so she had a strong smell out of her.

Normally, people would not smell that, but she was better at sensing a smell than others. She had developed well in her sense of smell. So she could easily sense that.

Because of this, Lingyun could tell that it was the place where Gu Chaoyan lived recently.

She must have come out from here before she arrived at Huaishi, but... she was so terribly poisoned and became like this.

She had thought that she would perform the therapy on her outside the mansion, not in the place where she lived.

She shook her head slightly and did not want to go in.

Gu Chaoyan was confused upon seeing Lingyun's sudden reaction. "What is wrong?"

"Lady Chaoyan, you can take me to the outskirts, or to the place where I live. This is your mansion and I can't just be here when I am like this." Lingyun dodged Lady Chaoyan's eyes on her.

In the past, Wuxing took her out of the mansion and let her stay at the hostel as if she were contagious.

She would never forget about this.

Now... It seemed that she was back to the time when such a thing happened.

Gu Chaoyan smiled helplessly.

"People won't get poisoned just because they stay close to you. It is in your body. You won't bring any trouble being here with me. I have my herbs here at the mansion and I need to be next to you all the time when detoxifying you. If you are outside, there will be a lot of unnecessary trouble. If you don't like to be surrounded by people, I can arrange a distant room. I will find one person to serve you here. You don't need to be worried." Gu Chaoyan tried to make herself clear.

Lingyun was totally shocked.

She was not contagious. She would go through the treatment in the mansion. If she did not like it, she could live in a distant yard.

Gu Chaoyan made all of these promises.

Chapter 1598 Detoxifying 2

Who was Gu Chaoyan anyway?

She was just a stranger she had met just two times. The first time they met, she desired drugs. The second time they met, she was making a deal with her.

Even now, Lingyun believed that they were just business partners.

Yet this woman who was making a deal with her could rationally tell her that she was not contagious and decided to keep her at the mansion for easier access to detoxifying treatment.

What about Wuxing years back?

When he needed her drugs, he treated her nicely and she believed that Wuxing was really falling for her, but....

When she accidentally got poisoned, and could not figure out the solution, Wuxing moved her out as if she were a piece of trash. Then he even said that she was hideous and he did not want to take a look at her.

She suddenly sneered.

She was sneering at herself for being a fool before.

Wuxing? He was even worse than the strangers who shared the place of her store, let alone Lady Chaoyan.

Well...

She agreed to come with Gu Chaoyan back at Huaishi because she wanted to take revenge, but right now, she suddenly believed that her choice was right.

She was a person with a heart and flesh. She was a woman with warmth.

Lingyun thanked her and followed in.

On the way into Xinlin Mansion, she only ran into a few servants, who seemed a bit scared seeing Lingyun, but they still greeted Lingyun politely.

Lingyun did not mind. It was already quite good of ordinary people to treat her in this way.

Well, that was because they had such a great mistress.

Only a mistress like Lady Chaoyan would be able to train such down-to-earth servants.

Lingyun's yard was located in the south.

For one thing, there was sunshine there, and the herbs were kept there, so they had easier access to herbs. For another, the yards here were comfortable, better for Lingyun to go through the therapy. It was a great place for her.

Servants had been taking care of the yards occasionally, so even if they were empty, she could still move in directly.

Back in the room.

Gu Chaoyan revealed the veil covering her face.

Lingyun had been wearing the veil so Gu Chaoyan had not taken a closer look at her.

She had discovered that there were already worms on Lingyun's face.

So she very much wanted to get rid of the worms right now and start the detoxifying treatment tomorrow. If she was observant enough, those worms were under control because they were still small.

She knew pretty well what a woman would feel when she was disfigured. She knew that pretty well.

She was going to make sure that the worst case could be dodged.

Lingyun was hesitant. She did not want to unveil herself.

She knew pretty well what she looked like. She did not want to frighten anyone.

She had not thought about returning to her old appearance. She would just be glad when the poison was gone. She wanted to take revenge.

"You need to remove the veil, or I can't treat you." Gu Chaoyan stressed. "You have to face it, if you are going to be detoxified."

Only then did Lingyun remove the veil.

Gu Chaoyan started to observe her face carefully.

Lingyun felt a bit lost.

Chapter 1599 Detoxifying 3

Gu Chaoyan stared at her for a long while, then she let out a sigh of relief.

She even said cheerfully, "Your condition is better than I expected. The worms have just grown and they are not yet blood-sucking. It would be worse if you came to me too late."

"..."

"If the worms grow up, they will cling to your flesh and blood, and they will produce more eggs and more worms, attaching to you deeply. Soon, you will be eaten up by those worms."

Lingyun felt a bit shocked upon hearing that.

Sword One was already holding tightly to herself, feeling scared, but Gu Chaoyan seemed quite happy.

Sword One felt that she would always discover something new about her Elder Miss.

Gu Chaoyan was getting ready when she said cheerfully, "Luckily you met me. All of these can be solved."

Lingyun looked up at Gu Chaoyan.

Gu Chaoyan passed a basin of water to her, saying, "Use this water to wash your face. You may feel a bit painful, but try to tolerate it. Soon, you will have no such pain any more."

"I already have the medicine ready. When you are done washing your face, I will put it on for you. My cream is the best, and you will have no scars. You can have your beauty back, and you may even get prettier." Gu Chaoyan bragged.

Hearing that... Sword One was no longer scared.

She added from next to her. "My Elder Miss is telling the truth. I have become prettier than before, because I always use Elder Miss' cream."

Lingyun smiled.

For one moment, she had no idea what to say.

It seemed to her that she felt much more relaxed now.

She washed her face as Gu Chaoyan told her to.

She could feel some pain, but she could tolerate it. The water was a bit cold and gave her comfort, just like a breeze on hot days.

After a moment of pain, she no longer felt that uncomfortable, but she felt a bit itchy, as if the wounds were healing.

"You can get up now," Gu Chaoyan said gently.

Lingyun did as she was told.

Sword One wiped her face for her and Gu Chaoyan put on the medicine for her carefully.

She felt very comfortable when the medicine was on her face.

Gu Chaoyan said carefully as she sat next to her, "It will take 30 days for the treatment, but around the 10th day, you will have almost recovered on the surface. Then you will do some inner treatment. You need to go through acupuncture and medical baths in the primary stage which might cause you some pain, but after the 10th day, you will feel much better."

Lingyun was shocked to hear that.

She had been like this for years and she could not find a solution, not even the Elders from those schools.

Unexpectedly... this lady could detoxify her within such a short time.

She found it extremely unexpected and had no idea how to face it.

However, Gu Chaoyan...

She asked curiously after the treatment. "Where is your enemy?"

She heard her speaking about Piaomiao Pavilion's pills, so it meant that she and Piaomiao Pavilion were related. Then her enemy should be outside the Saint Divine Land.

However, in the end, she was also curious about how she was related to Piaomiao Pavilion.

"Do you know who you drugged yesterday?" Gu Chaoyan asked

Chapter 1600 Detoxifying 4

She was related to Piaomiao Pavilion before, but it seemed that she did not know who Zhao Dier was, which made Gu Chaoyan very curious.

However, she was not asking this for her own good.

Lingyun was working for her and if she had revenge to take, she hoped that she could learn a little about her so that she could be of some help. So that Lingyun could finish her revenge soon.

Lingyun had no idea how to answer this question regarding where her enemy was, but Lingyun was curious about what Gu Chaoyan asked her.

"Who is she?" Lingyun asked curiously.

"Zhao Dier, the Elder Miss of Piaomiao Pavilion." Gu Chaoyan answered without hesitation.

Lingyun's face was twisted when she heard the name. And her expression became complicated. She was sparkling with anger but soon, Lingyun pressed down her anger and looked a bit sad.

Zhao Dier...

She knew this name, but she had never seen this woman before. Lingyun did not even know that it was her when she was in front of her.

Zhao Dier was the girl Wuxing kept mentioning.

Wuxing did not allow her to appear at Piaomiao Pavilion because he did not want this Elder Miss to know about her.

Lingyun suddenly sneered.

She suddenly felt that she was very stupid back then, and what she had been through was so little.

She tolerated all of these and kept coming up with excuses for Wuxing.

"That is her." Lingyun said without showing a soul, "Then he should be here too."

Gu Chaoyan looked at Lingyun with a pair of clear eyes.

Just as she expected, Lingyun knew those people from Piaomiao Pavilion, but despite her relation with Piaomiao Pavilion, she could not recognize the Elder Miss!

"Lady Chaoyan, when I am detoxified, can I appear by your side?" Lingyun suddenly thought of something and became excited. She tugged Gu Chaoyan's sleeves subconsciously.

Lingyun was always calm, but this time, she seemed to be at a loss.

She indeed had a history with Piaomiao Pavilion!

Gu Chaoyan nodded. "Sure."

She was working for her, so she would treat her as her own, even though the deal was only five years.

Gu Chaoyan did not ask anything more than Lingyun was willing to say. She went back with Sword One after saying something to her.

After they arrived at their own room, Gu Chaoyan started to make medicine happily.

Lingyun was one of the most difficult people she had to cure, and it was a challenge for her.

Gu Chaoyan was very devoted to making the medicine.

It was not until the evening when she got all the cream and herbs ready for the next day.

The following day... dawn had just broken when Gu Chaoyan came to the yard.

She was going to do acupuncture on Lingyun.

She had been poisoned for a long while and the poison was very terrifying. The drug festered slowly inside her body for years, and the worms grew and went into her bones.

The worms only appeared on her face, and were removed, but there were many black stains on her body where the worms had yet to grow.

So she was going to use acupuncture on her.

Two hours passed...

Lingyun had needles all over her
