Chapter 1641 - Coincidence 2

Ouyang Mingjing was a bit confused to hear her countering the question. He gave her a very interested look.

The Saint Divine Land had a huge court, but running into each other here was very normal. Why didn't she believe him? Ouyang Mingjing did not understand if it was because he looked like a liar? No one had told him that he looked like a liar.

Ouyang Mingjing looked very confused.

"The King arranged Jiao Tai Palace for you to stay, which is located in the east, and I am in the west. So all the guests' palaces are located in the east, and the princesses' palaces are located in the west, are you really here because of coincidence?"

"..."

"Of course, you can tell me that you are walking about, and you are taking a tour at the princesses' palaces."

"..."

"But there are many rules at the Saint Divine Land, and the King's princesses never meet men from outside the court."

“...”

“Do you want me to explain anything in detail in this case?” Gu Chaoyan stared at the Head of the Snow Territory coldly. “What on earth do you want?”

Ouyang Mingjing blinked.

She was absolutely right, but even though he did make a plan for running into her, his plan was absolutely accurate, otherwise he would not have run into her on this spot.

Ouyang Mingjing believed that there was nothing wrong with him, but...

It was a girl in front of him, and he needed to be polite.

He showed a smile. “You are right, but I am here to speak with your King and just happened to run into you here.”

Gu Chaoyan gave him a cold look, then she turned to leave.

He was up to something, but he pretended to be harmless. This kind of man was even more disgusting than the people from Piaomiao Pavilion.

Ouyang Mingjing was confused at how she left so fast.

He was telling the truth!

He shook his head and felt a headache.

He had been in the Saint Divine Land for a few days, and he had shown his sincerity.

So he was here to talk about something serious.

He traveled all the way here because the door to enchantment was opened, and the Phoenix Girl appeared.

Well...

He did not care about the door to enchantment, nor did he care about the Golden Rolls. He was here to make one old deal.

Ouyang Mingjing walked into Qianqing Palace.

It was quite messy in Qianqing Palace.

The King had tossed and smashed everything, and De Fu was busy cleaning up the rest.

Seeing all of this, Ouyang Mingjing moved his feet, dodged the things on the ground to avoid them, since he had no interest in them.

“Are you free, King?” Ouyang Mingjing asked.

Ouyang Mingjing’s voice startled the King, who was facing the window.

He was about to get angry again when he saw Ouyang Mingjing. His expression sank. “Head of the Snow Territory, what is wrong?”

The King was already used to those people’s rude behavior.

Ouyang Mingjing sat down on a chair that was still standing.

“I have been here for a few days, and I need to talk to you about something,” Ouyang Mingjing said seriously.

“What is it?” The King looked very curious.

Chapter 1642 Marriage 1

Piaomiao Pavilion and the Cangyan Door were all here for the Golden Rolls.

The Head of the Snow Territory never mentioned the Golden Rolls. He was always very mysterious, but he had to be here for another reason. Soon he would know about it, so he was very excited.

Ouyang Mingjing smiled and said straightforwardly, "It is about my marriage."

"..."

"King, you may not know that the heir of the Snow Territory and the Phoenix Girl have been engaged since ancient times. Now the Phoenix Girl is here, and I am here to take the Phoenix Girl back to the Snow Territory."

"..."

"We are here to offer the betrothal gifts to marry the Phoenix Girl."

"..."

"The betrothal gifts are on the way, and soon they will arrive," Ouyang Mingjing said and smiled brightly.

The King could no longer laugh after hearing what Ouyang Mingjing said.

The Phoenix Girl was not going to move to the Snow Territory! That would not give them any benefits.

He was very conflicted. He almost forgot why he did not want the Phoenix Girl to go to the Snow Territory.

"That is impossible!" The King turned him down even with an aching head.

The King's denial did not change Ouyang Mingjing's emotion.

He was still wearing a smile, saying quietly, "I am just telling you, not asking you for your opinion."

"..."

"The Phoenix Girl and Snow Territory's engagement has been since ancient times, and you can't interfere with it."

"..."

"I am just telling you about it out of politeness."

When he finished speaking... he got up... adjusted his clothes and left directly.

The King was seated on his chair.

He turned red from anger, then he supported his head tiredly.

De Fu saw that and asked the eunuch to take the King back to the bed for rest.

The King was getting older.

He was not as strong as before. He always dozed off like this.

It was good that no one was around, so it should not affect anything.

"Wuxing, what do you think?" Elder Qianji asked Wuxing who was next to them.

"That should not happen!" Zhao Dier screamed before he answered. She was very dissatisfied by this matter.

The Head of the Snow Territory wanted to marry Gu Chaoyan?

That was not going to happen! Impossible!

She already wrote the letter to her father and she was going to marry the Head of the Snow Territory.

Elder Qianji did not interrupt Zhao Dier.

Having said that, Zhao Dier was already rolling her eyes, wondering what she should do. Soon, she had an idea.

"I have got an idea! Leave it to me," Zhao Dier said, and rushed out.

Wuxing was about to grab Zhao Dier... Zhao Dier was always very impulsive and she might do something bad and affect the whole situation, but Elder Qianji waved him off.

"Zhao Dier might have a better idea than us. Women will always know how to set up women, just let her do whatever she wants, we can just offer some support, that is all," Elder Qianji said firmly.

"..."

"But Wuxing, what do you think? The Phoenix Girl doesn't seem to have an interest in giving us the Golden Rolls!"

Chapter 1643 - Marriage 2

Since Elder Qianji could let Zhao Dier deal with the marital affairs between the Head of the Snow Territory and the Phoenix Girl, he was not going to spend time on thinking about it.

As for the Golden Rolls....

Wuxing had some ideas for that.

The most important reason for them to be at the Saint Divine Land was to take a look at the Golden Rolls.

They had to see the Golden Rolls before going back home.

The King already asked the Phoenix Girl to offer them the Golden Rolls, but she turned him down. That meant that the King was not influential in her eyes.

So they had to do it personally.

How could they make her agree to giving them the Golden Rolls?

Wuxing was pacing back and forth in the room.

Clearly, the pills and magical weapons were not tempting enough for her, then...

Wuxing was confused...

A long while passed, and he finally came up with some ideas. He said with a confident smile, “We can speak with her personally.”

“...”

“She told the King about the monsters, and asked the King to keep their towns safe so that the civilians won’t suffer, and that means one thing – she cares about this situation, either out of her identity as the Phoenix Girl, or her own concern for the civilians.”

“...”

“But apparently, she has no abilities to confront the monsters, thus putting her hope in the King.”

“...”

“But we from Piaomiao Pavilion are capable of confronting monsters.”

“...”

“We can make it a part of the deal – we see the Golden Rolls, and we help her to confront the monsters. I am sure she will think about it.” Wuxing analyzed the cause. Then he told Elder Qianji about how to complete the process, wondering if Elder Qianji thought it was a good idea.

That was the merit of being with Wuxing.

He did not need to worry much, because Wuxing could always come up with solutions, and what he had suggested was a very reliable solution.

Qianji patted Wuxing's shoulders, saying in agreement. "Then we can start your plan. We should find a time to have a good talk with her."

"..."

"In this way, we should be able to get the Golden Rolls."

"..."

"And you need to work on Lingyun. She is serving the Phoenix Girl so we need her to work for us. Talk to her, and spoil her, we should not be delayed any longer. Lingyun is a very easy barrier to move, so we should not have to spend too much time and energy on her. She is not worth the while." Elder Qianji complained.

They had found the woman and knew where she was, but she was still in the way. That would not work.

Wuxing nodded. He did not like it when Elder Qianji interfered in his personal affairs, but he still agreed.

He was right. It took them too long to deal with Lingyun.

He did not understand what happened to Lingyun. He thought that Lingyun would be easy to deal with after a few explanations, but after such a long time, Lingyun was never satisfied. She did not seem to trust him as deeply as before.

That wasn't a good sign. He was quite bothered by that.

When they met each other today... she was still quite annoyed by how she got drugged. Good thing that he killed the maid before she sensed anything. In this way, she should be convinced.

Chapter 1644 Intruding Into Lord Huai's Mansion 1

Honestly... he felt that it had been a huge loss for him.

The maid had been serving him for years, and she was capable and easy to use. He had trained her for so many years and it was a loss for her to die so easily.

However, as long as Lingyun could feel happy about it, the cost would be worth the while.

Well...

Lingyun should have been satisfied by this point.

Wuxing met Elder Qianji's eyes and said, "Don't worry."

Elder Qianji said no more after hearing what Wuxing promised, then he nodded.

Suddenly, he felt that things were going well.

After Gu Chaoyan left the court, she did not obey the King's order about not visiting Lord Huai's Mansion, but heading directly there.

At the door of Lord Huai's Mansion, she got out of the wagon and was about to walk in with Sword One.

The imperial soldiers from Lord Huai's Mansion were startled. What was this woman doing here? The King had given the order that no one was allowed to go into Lord Huai's Mansion. The imperial soldiers would have driven out or trapped anyone who wanted to intrude in this way, but they did not dare to do anything to the Phoenix Girl.

The soldiers felt really embarrassed.

They had been eager to come and guard Lord Huai's Mansion, but currently, it was not an errand people would like to have.

The chief forced himself to walk forward, flattering Gu Chaoyan in a pitiful way. "Phoenix Girl, the King has just given an order that Lord Huai is not only grounded, he is also forbidden to meet anyone. You can come and see Lord Huai when this period passes."

"..."

"We are just following the order and don't want to embarrass you. It is the King's order, and we can't disobey it. Please don't give us a hard time, Phoenix Girl."

They had heard about the Phoenix Girl's personality.

She was cold and difficult to get close to, but she never punished servants for no reason. She was very mindful, so if he explained the situation in a sincere way, the Phoenix Girl should be moved.

The King had become increasingly irritable and his punishment was quite extensive. He really did not want to get punished.

Gu Chaoyan looked at him coldly.

She learned all of these rules, but she had to do what she planned to do today. She was not going to let those people be involved secretly, no matter what.

Expressionless, Gu Chaoyan said forcefully, "Lord Huai is already grounded, why can't we go and see him? I don't care about anyone else. I am Lord Huai's Princess Consort. What is wrong with me seeing him?"

"..."

"Also, what sin has Lord Huai committed for him to be treated like this?"

"..."

"Even if it is an imperial order, what is the cause of it? Why is it ordered so casually?"

"..."

"I am either seeing Lord Huai, or give me the reason why Lord Huai is imprisoned!" Gu Chaoyan said, looking really angry. She seemed as if she were going to make a fuss out of it!

The chief sweated vividly. He was in big trouble. He could not let her in, but he could not give the reason why he was grounded, since he was not the King!

"Phoenix Girl, I... well..." The chief was very confused.

Gu Chaoyan did not care. She was about to walk in directly.

Chapter 1645 Intruding Into Lord Huai's Mansion 2

The soldiers stopped her, but did not dare to do anything to the Phoenix Girl, nor could they let her in. So all they could do was to stand in the way.

Gu Chaoyan walked forcefully for a while, stopped and turned around.

The imperial soldiers, who had thought that they were faced with the greatest enemy, felt very confused upon seeing the Phoenix Girl going away, but they let out a sigh of relief.

The King's order was to let them stop the Phoenix Girl from seeing Lord Huai. So they did not fail the mission since they successfully stopped her.

The soldiers looked at their chief, asking in confusion. "What is going on, Deputy General?"

The Deputy General patted their heads, asking, "What is going on? The Phoenix Girl is kind enough not to give us a hard time."

The soldiers felt so too. They kept saying that the Phoenix Girl was very understanding.

The General Deputy wiped his sweat, looking really tired.

He wasn't sure whether it was because the Phoenix Girl was kind enough not to give them a hard time, but what he knew was that she should be considered as kind-hearted, because she was the Phoenix Girl. They from the Saint Divine Land should live on with the Phoenix Girl's fortune. He might get fortune and blessing for him and his children to come.

Gu Chaoyan, who was on the way back to Xinlin Mansion, did not know what the imperial army was thinking of her, after she left.

She was tired. She closed her eyes quietly.

She felt that the Head of the Snow Territory was much more difficult to handle compared to those from Piaomiao Pavilion and the Cangyan Door. She wondered what purpose he had.

Letting out a sigh of relief, Gu Chaoyan picked up her teacup, sipped the tea and met Sword One's confused look. She seemed to have much to ask her, but did not disturb her when she was taking a nap. She had to hold back her breath, and got very curious upon seeing Gu Chaoyan drinking tea.

Gu Chaoyan looked at Sword One and forgot about what bothered her. She asked, "What is it? Anything you want to ask me?"

Sword One nodded seriously.

"Elder Miss, didn't the King tell you not to go see Lord Huai? Why did you go and see him?" Sword One was confused.

Well...

She did it for some reason.

She was going to ask Sword One to do some things, so that question came right in time. She explained, "Because I want everyone to know about Lord Huai's problem, the unreasonableness of the King, so that whatever he does in the future, the civilians will forgive him. He is a capable man with his own pure purpose, but you can't control the rumors. So we should make sure everything goes well."

"..."

"When we are back in the mansion, Sword One, you should tell Sword Two to conduct the plan from today on. Spread the rumor that I was stopped from seeing Lord Huai and he is grounded for no reason as widely as you can," Gu Chaoyan said, seriously.

Sword One soon realized what was going on and knew what she ought to do.

"Elder Miss, I understand now." Sword One burst out.

Gu Chaoyan looked at Sword One. She had corrected her many times so that she could address her differently so that she would not just consider herself a maid, but Sword One insisted on doing so.

Chapter 1646 - Marriage Alliance 1

Sword One, Sword Two, Sword Three and Sword Four were all working for Shadow Door, and they were very efficient. Gu Chaoyan had just told Sword One to spread the news, yet the news about Lord Huai was all over the capital, and some other places next to the capital, including Bingzhou.

People knew that Lord Huai was the lineal son of the Queen, and he was adored by the King in the past, but he was disgraced after the Queen passed away.

Lord Huai used to have bad rumors about himself, for having a bad personality. However... the rumors were only rumors, and none of the civilians were ever bullied by Lord Huai. On the other hand, some officers in the capital treated civilians terribly, so the civilians felt sorry for Lord Huai.

Also... Lord Huai was born by the Queen who had done many things for the civilians. She was kind and virtuous, and in people's heart, she was the real Queen.

Not to mention that the Queen was the daughter of the Jiang Family, which had had a General, who fought hard on the battlefield and brought them a life of peace.

That was why when Lord Huai was treated like this by the imperial family, people could not help but defend him and complain about the King.

That was how the rumor was spread.

Soon everyone from the court learned about this.

Hearing that, the King got so angry that he smashed the whole Qianqing Palace.

The Imperial family's affairs were private, and the King would never allow any commoners to complain about his own affairs.

In the past... he never expected that things would become like this, thus giving the order to ground Lord Huai, but he forgot about pointing out Lord Huai's mistakes before grounding him, so the whole thing was very difficult to overturn now.

"Bring the Crown Prince here!" the King said furiously.

De Fu hurried off in panic.

Ouyang Mingjing, who was residing in the court, learned about this too.

Ouyang Mingjing smiled when he heard about the news of the Phoenix Girl. “Tell me in detail! So the Phoenix Girl forced herself out to meet Lord Huai against the King’s order, and she even interrogated the imperial soldiers? She said that she wanted to see him because they were engaged?”

Ouyang Mingjing repeated the details to himself, after hearing the recount from his men.

The guard nodded at what he had heard.

Ouyang Mingjing was smiling on the surface, but felt quite displeased within, after hearing the story and repeating it to himself.

“The Phoenix Girl doesn’t know about the marriage alliance. So let’s go to her mansion and talk to her about this. She is the Phoenix Girl so she should know what she ought to do. The marriage alliance with me came before Lord Huai, so he is going to be out of the game..” Ouyang Mingjing said quietly.

The guards nodded in agreement.

It was the eunuch who led the way.

Ouyang Mingjing said nothing on the way there.

They soon arrived at Xinlin Mansion.

Chapter 1647 - Marriage Alliance 2

Ouyang Mingjing got out of the wagon and observed the board on Xinlin Mansion's gate, thinking and saying quietly, "This is her mansion?"

"..."

"She seems to have written the characters on the board."

Her calligraphy was wild and cold, attracting people to get close to her, but stopping them because of her cold personality.

"Go and knock on the door," Ouyang Mingjing said to his guard.

The guard did as told.

Qing opened the door, and was about to ask who it was, when she saw Ouyang Mingjing behind the guard.

The guard asked wildly, "Is the Phoenix Girl here?" Qing brought herself back, when asked.

"Who are you, what are you asking for Elder Miss for?" Qing asked.

“Tell your Elder Miss that it is the Head of the Snow Territory who wants to tell her something important.” Ouyang Mingjing walked past the guard before answering.

He lost his patience when the door was opened. He wanted to put everything clearly in case the Phoenix Girl went out to do something stupid. How could the Phoenix Girl demean herself for the sake of a man?

Qing did as told.

Gu Chaoyan allowed them entrance without hesitation. She would very much like to see what he wanted.

Ouyang Mingjing walked into the mansion after the message was passed on.

He walked very slowly as he sized up the plants in Xinlin Mansion.

He had known that he would be the head of the Snow Territory when he started to understand the world, and that his wife would be the Phoenix Girl.

His marriage alliance with the Phoenix Girl was an old tale.

Every Phoenix Girl married the Head of the Snow Territory.

It meant that it did not matter who she was. It was all because of the marriage alliance. He happened to be the Head of the Snow Territory whilst she was the Phoenix Girl.

However, he still had one small hope. He wanted the whole Snow Territory to know that the Phoenix Girl was the best being in the world, just like the lotus flower growing in their place.

Ouyang Mingjing stiffened. He had not yet taken a seat, so... he sat down quietly in the face of Gu Chaoyan's inquiry. He arranged his clothes and picked up the teacup and sipped from it.

Then he said seriously, "I need to tell you one thing very clearly."

"..."

"I went to the King yesterday for this as well."

"..."

"I traveled all the way here for this thing as well."

"..."

"Me and you have a marriage alliance," Ouyang Mingjing said seriously.

Haha.

Gu Chaoyan almost choked on the tea because of what he said.

Their marriage alliance? So he went to the King and asked about this after they ran into each other. So it was still related to her...?

She had no parents, no matchmaker who connected them and she did not like him, so why did they have a marriage alliance?

Chapter 1648 - Marriage Alliance 3

She was right. Piaomiao Pavilion, the Cangyan Door were not very difficult to deal with. This man from the Snow Territory was the most difficult to handle after all.

Piaomiao Pavilion and the Cangyan Door all had their desire on their face, but the Snow Territory seemed to have a different purpose.

What they wanted was more than the rest altogether.

Marriage alliance? Something she had never had any knowledge of.

What kind of marriage alliance could this be?

When Gu Chaoyan looked up at Ouyang Mingjing, she showed a sharp look, which was like a blade that went deep into Ouyang Mingjing's body.

“That is your word, which has nothing to do with me. I am engaged to Lord Huai, please leave.” Gu Chaoyan sounded even colder. She looked at Ouyang Mingjing as if she were staring at something disgusting. She turned around, refusing to look at him any more.

Ouyang Mingjing was furious too.

It was a tradition! He was here to tell her what was going to happen. He was telling the truth. He was not lying to her. Why did he become a disgusting man in front of her eyes?

He had been the Head since he was born and he was respected by everyone in the Snow Territory. He had never been treated like this.

“I never tell lies!” Ouyang Mingjing stressed.

“So what?” Gu Chaoyan said indifferently, “How is it my business?”

Ouyang Mingjing’s eyes widened.

Unbelievable. She was unbelievable!

His smiling face twisted.

He stood up, forgetting to adjust his clothes before hurrying back. He was not in the mood to observe the environment.

As he left Xinlin Mansion... he held his hands over his chest, frowning in pain.

The guard was shocked. Their Head was always healthy and never had problems physically. How could they tell those in the Snow Territory about any of this?

“Head, you are alright, aren’t you?”

“I am alright.” Ouyang Mingjing waved his hands. He had no idea why his chest hurt. He had used his inner energy to control himself, but his chest still hurt.

“It is the Phoenix Girl’s fault, she...” The guard wanted to console him. It was the first time for their Head to run into something like this.

Ouyang Mingjing said sharply, “Shut up right now!”

He felt even worse when the Phoenix Girl was mentioned, but he could not allow anyone to humiliate her, even if she behaved like this today.

He had a very simple idea on the way here. They had a marriage alliance so if he could say that to the Phoenix Girl clearly, they might deal with what was going on together and head back to Snow Territory, but the Phoenix Girl did not believe what he said.

The marriage had existed since ancient times. Ouyang Mingjing did not say that out loud casually.

Well...

What should he do?

She would not go back to the Snow Territory with him in this way, but they had little time and needed to take her back as soon as possible.

“Let’s go and ask the Elders.”

Chapter 1649 - Acacia Beans 1

Ouyang Mingjing, for the first time, felt useless, and it was his future wife who had made him so.

Was she not pleased by him?

Ouyang Mingjing was thinking on the way back.

The Elders had been guiding him since he was little. Even to the present day, taking the Phoenix Girl back to the Snow Territory was the most important thing in the past dozens years. The Elder was worried that he was too young to deal with some stuff, so he kept him company to make sure everything went well.

He barely had a hand in Ouyang Mingjing’s affairs, so Ouyang Mingjing went to him when he ran into trouble.

“Did anything happen with the Phoenix Girl?” The Elder asked, opened his eyes when he heard the footsteps.

They came to the Saint Divine Land to get the Phoenix Girl back before the time came. Ouyang Mingjing must be here to ask him about this.

Ouyang Mingjing nodded.

“She did not accept our marriage alliance,” Ouyang Mingjing said straightforwardly.

The Elder was not surprised. Looking calm, he turned back into the inner chamber and brought out a small wooden box. On the box was a well-carved snow lotus flower, symbolizing the Snow Territory. The box was brought here from the Snow Territory.

What was that? Ouyang Mingjing was confused.

The Elder opened the box and presented what was inside to him.

It was a small, tiny red bean, wrapped in silk, two in total, very precious.

“Acacia beans, for every Head of the Snow Territory who is at the age of getting married. Luckily the Head will need it, those who are not lucky never use it. So you are lucky, because none before you used it.”

“What is it?” Ouyang Mingjing asked confusedly.

He came to the Elder and asked about the Phoenix Girl, why did he mention Acacia beans?

“The couple who eat them will fall for each other no matter what happened in the past.” The Elder said confidently and passed it to Ouyang Mingjing. “The Phoenix Girl doesn’t accept your marriage alliance, but if you eat one and feed her one the next day, she will be willing to follow you back to the Snow Territory.”

“...”

“Head, you don’t need to be worried or bothered. This is what the Head is always like.”

Ouyang Mingjing looked at the Acacia beans.

So the Phoenix Girl would fall for him automatically after he fed her this?

However... he did not think that was right.

Marriage should come from two willing people, through love, not through special methods.

He would not be a man if he used such tricks.

The Elder soon realized what he was thinking. The Head knew what he needed, and he had held the position for years despite the infighting in the Snow Territory, but he was still quite pure-hearted. Otherwise he would not have been so bothered. He wondered if that was a good or bad thing.

The Elder said seriously, "Head..."

Chapter 1650 Acacia Beans 2

Ouyang Mingjing raised his head and looked at the Elder earnestly.

"I know that you are a gentleman, and don't want to use this method to get the Phoenix Girl back to the Snow Territory, but this is about more than just you. It is about everyone from the Snow Territory. A real gentleman should think about the whole Snow Territory, not just your own heart."

"..."

"We only have three months. You have to bring the Phoenix Girl back to the Snow Territory so that people from the Snow Territory will be safe. Or the Snow Territory will be doomed and you can't bear such consequences."

"..."

"Use the Acacia beans, as soon as possible." The Elder said to Ouyang Mingjing.

Ouyang Mingjing had a complicated look on his face then he nodded.

He understood what the Elder meant. He knew pretty well that he was out of control. He was the Head and his mission was to take the Phoenix Girl back home.

He spoke with the guards in a small voice, so the whole plan was made.

Stories about Lord Huai were spread all over the capital, and people started to talk about this vividly during the past few days.

However, another incident happened in the capital rapidly, and terror arose among every civilian. Under comparison, Lord Huai's stories seemed minor.

Sword Three rushed to Xinlin Mansion when he heard the news.

Gu Chaoyan looked totally worried. "How many people are injured? Did the monsters run away? What exactly happened?"

"Elder Miss, 30 people are injured, and 12 died, 10 are in a deep coma, the rest are slightly injured. Monsters hurt people and they all ran away, none were caught. It happened just a couple of hours ago, and the capital has no one on the street, because everyone is so worried," Sword Three said honestly.

Gu Chaoyan was about to get up when Qing and Xiu Jie rushed in. "Elder Miss, please, we have civilians outside the door making a fuss. They say they need the Phoenix Girl's protection!"

Gu Chaoyan frowned slightly.

She had never believed that trusting the Phoenix Girl was good. Sure enough, when monsters hurt people, what mattered was to inform those at the court, but everyone was gathered here, hoping that the Phoenix Girl would solve everything.

"Let's go and take a look," Gu Chaoyan said, and asked Sword One to fetch her kit, before hurrying out.

Seeing the door open, the civilians all kneeled down excitedly, "Please, Phoenix Girl, bless us!"

Many people already lit incense and asked for blessings.

Gu Chaoyan sighed and went to the wagon.

Xiu Jie explained at the door. "Our Elder Miss is already going out to cure those injured people, please leave now, Elder Miss will speak with the court about dealing with the monsters."

However, they ignored Xiu Jie and continued with the worship.

People who were injured by monsters were under treatment in different clinics in the capital, which wasn't a good sign. So the moment Gu Chaoyan arrived at the clinic, she said, "Transfer every patient to my place."
