

Divine 631

Chapter 631: You are in Trouble

Having said these words, the Imperial Master kept his head highly-raised. He was waiting to see how Gu Chaoyan was going to thank him, and he was going to take revenge on the servant as well. He already had come up with a solution to punish that man.

Well, the Imperial Master did not brag about Prince Muyi.

People with common sense would know what Prince Muyi was like, and people from the Saint Divine Land would have a better idea of what he was talking about. And business people never had a great position in any country.

Lady Chaoyan was the last kind of woman that people would want – she was driven out of her family, and she was a businesswoman. No family in the Saint Divine Land would want to marry her, so those who wanted to marry Lady Chaoyan would either go for her money or have no rank in their family. No one would be as noble as Prince Muyi!

That was the best for her, and the Imperial Master believed that it was the best they could offer. Prince Muyi was too dumb to understand that, so he had to do it personally.

“Me? A Concubine?” Gu Chaoyan sneered. “You are not joking, are you?”

The Imperial Master held his head high up in the air, but when he heard Gu Chaoyan’s suspicion...

He got slightly displeased – so she was sneering at him, the Imperial Master?

He might not be someone from the royal family, but he was still a powerful man back in the Feather Mulberry Land... what he said was true!

The Imperial Master said unhappily, “I know that you are not good enough for Prince Muyi, but he likes you. I would not want to approve of this.”

The Imperial Master, who had been feeling rather displeased, was trying all he could to save his own face. So he had to make some disguises of what he was saying

He had just said the words, when Sword One could not tolerate it and burst out, “How dare you!”

She put the sword up to the Imperial Master’s neck and glared at the Imperial Master fiercely, “You know what crime you have committed?”

Sword One did not even save any of her force. Blood already came out of the Imperial Master’s neck. Sword One would have killed him directly if not for some other concerns.

The Imperial Master suddenly got scared. He touched his neck with shivering hands, and when he saw the blood, his eyes almost popped out. “What are you doing! I am on a visit to your country, how dare you, this minor woman without a family, touch me! I will report this to the King and he is going to punish you!”

Hearing the words... Sword One could not tolerate her anger any more.

How dare this man bully Elder Miss just because she was driven out of her family?

Sword One withdrew her sword and gave the Imperial Master some kicks.

The Imperial Master rolled about in pain. He looked at them with a look of disbelief. "How dare you!!"

However, Sword One continued to kick him the moment he talked and Gu Chaoyan did not stop Sword One.

Gu Chaoyan was driven out of the family and had no Gu Mansion as backup, but she was not a person to be bullied in any corner of the world, including the Saint Divine Land. Anyone who was bullying her was going to pay.

The Imperial Master made some more threats, so Qing stepped forward and kicked him too.

With hands over his head, he said, "You are in trouble!"

Gu Chaoyan asked Sword One and Qing to move away and walked forward and looked down at him, saying coldly, "You are wrong, Imperial Master, it is you who are in trouble."

Chapter 632: Where Have You Been?

Hearing what Gu Chaoyan said, the Imperial Master looked confused.

He was still a smart man to have brought himself to the position as the Imperial Master.

When he was so angry a while ago and got attacked, he kept demeaning Lady Chaoyan, thinking that Lady Chaoyan must have no idea of how high his position was in the Feather Mulberry Land and that Lady Chaoyan was so bold because she had no idea of what an Imperial Master was, but after such a long while, her maids behaved so wildly and even Lady Chaoyan was telling him that he was in trouble without showing any fear...

Could there be something else inside?

"What do you mean, Lady Chaoyan?" The Imperial Master asked with eyes upon her.

"You are asking our Lord Huai's future Princess Consort to become your Prince's concubine! How dare you, Imperial Master of the Feather Mulberry Land!" Sword One snapped seriously, "You are insulting our Lord Huai and his future Princess Consort! You are looking down at our country! Does your King know about this, or is it your King's intention? If that is the case, the Saint Divine Land will definitely think about this."

"..."

"And you seem to have mentioned talking about this with our King, okay then, let's go to the King directly to see what he thinks." Sword One said expressionlessly, as she looked at the Imperial Master as if she were staring at a dead man.

The Imperial Master gasped, as he looked at Gu Chaoyan with disbelief. Soon fear covered his face.

She was the future Princess Consort of Lord Huai! If the King knew about this, he would definitely start a war with the Feather Mulberry Land! Prince Muyi was going to blame him and he was also going to be sentenced to death by the King.

The Feather Mulberry Land did not dare to offend the Saint Divine Land! He had made such a huge mistake!

Lots of memories started to hover over his head. The first time he met Lady Chaoyan at the Yellow Crane... Lord Huai joined them after she walked in.

He should have realized that she was so close to Lord Huai, so their relationship should be something different. He had met Lord Huai before, and he was not someone easygoing.

He was running a restaurant with Lady Chaoyan... why didn't he think about this possibility!

The Imperial Master kept slapping himself as if there was no pain. "Lady Chaoyan, I am sorry, I am sorry, please punish me! Lady Chaoyan, please punish me!"

The Imperial Master kept shouting as he kept slapping himself.

Gu Chaoyan went to her own seat, took up the teacup and sipped her tea, as she watched the Imperial Master slapping himself constantly.

Anyone who dared to behave so wildly in front of her should be punished, otherwise they would forget what they had done.

It was not until the Imperial Master's face was swelling up that Gu Chaoyan said calmly, "You are sincere with the apology, so I can drop it. We don't have to bother the King."

Having said these words, she got up and left with her hand warmer.

Xiu Jie made a cold gesture, "Please leave, Imperial Master."

The Imperial Master got up directly, then he hurried off and let out a sigh of relief. That was lucky.

As he came to the hotel, the Imperial Master hurried back to his own room.

Muyi happened to come to him and saw him, "Imperial Master!"

Chapter 633: Meeting You

The Imperial Master turned around guiltily, not daring to look at Prince Muyi. He intended to run away directly.

Prince Muyi, who had intended to just stop him and ask him what he was doing, since his staff told him that he had just been out of the hotel and headed somewhere. So Prince Muyi wanted to see what he was up to. Prince Muyi had intended to leave when he saw him, because he and the Imperial Master weren't really getting on well with each other, but the Imperial Master was, after all, his company on the visit to the Saint Divine Land, and he needed to keep an eye out for the Imperial Master in case he caused some trouble.

However, when he saw that the Imperial Master kept avoiding him, Prince Muyi realized that something was wrong.

He headed towards the Imperial Master and grabbed him when he was about to run away. "Hey, where have you been, why are you dodging me?"

"Nothing really, I am just a little tired and need to take a break," the Imperial Master said unwillingly.

Prince Muyi was not a child. He did not trust him after seeing this strange reaction of his. Especially when the Imperial Master did not even look at him.

Prince Muyi turned the Imperial Master around and saw that his face was filled with blood. He could see that clearly even though the Imperial Master had his head lowered.

Prince Muyi was so shocked. He subconsciously realized that something was wrong.

The Feather Mulberry Land was a weak country compared to the other three countries, yet the four countries were always on a good page with each other and the Imperial Master of a country would not get beaten for no reason, unless... he himself did something to start with.

Prince Muyi observed the Imperial Master's face and frowned. "What happened?"

The Imperial Master looked distracted. He had not been thinking clearly inside his heart on the way home. He blamed himself for being so reckless as to have offended the future Princess Consort of Lord Huai, and that was like a ticking bomb which would be brought out directly anytime. He had no idea how to explain what happened. And now Prince Muyi suddenly showed up at this point.

For one moment, he had no idea how to explain the whole thing.

He looked so absent-minded before he staggered. "Not a big deal, I was bored back in the room, so I went out for a walk, but an unreasonable man beat me and I had no guards. I am a scholarly man, not a fighter, so I got beaten... I had tried to conceal this from you, because I don't want to cause any trouble here in the Saint Divine Land. The Feather Mulberry Land is here for something, and we should not bring about any big sensation to the King."

The Imperial Master was speaking in such a sincere way that those words convinced Prince Muyi who felt slightly assured.

It would not be a big deal if it was just a small fight with someone on the road, but the Imperial Master had to suffer a little.

"I will get a good doctor to treat you. That man beat you on the face, so you won't be able to meet anyone for a while." Prince Muyi sighed, then he returned to his room.

He asked his man to hire a doctor.

Back in the room.

Prince Muyi found the whole thing weird. He knew the Imperial Master well. He was not a man who would get so wrapped up if he was beaten for no reason. How strange that he did not want this fight to spread around this time.

He shook his head and decided to look into this matter, when his man was back.

He had just dropped this matter when the servant came back. "Prince, a person who claims to be Lady Chaoyan's maid is here, asking to see you."

Chapter 634: Proper Proposal

Prince Muyi jerked up and came back to himself.

Lady Chaoyan's maid? Then she must be passing on a message from Lady Chaoyan! He suddenly got very cheerful. He did not mind if it was about the deal or not. Lady Chaoyan was still thinking about him!

Tightly seated, Prince Muyi showed a bright smile and nodded. "Ask her in, and treat her properly, don't be rude!" Prince Muyi stressed.

He was pretty aware of those men around him. They were not from his own mansion, but were people arranged by his father. Those people had established a habit of looking down on people who were not their masters after spending so much time in the court.

Prince Muyi did not want his men to leave any bad impressions on Lady Chaoyan's maid, thus being very cautious.

When the servant heard these words, he nodded and changed his expression as he went out to ask the guest to come in.

Sword One was a girl who did martial arts. She did not care much about those small trivialities. She could feel how others treated her Elder Miss, but when it came to herself, she did not have to be so critical, so Sword One did not notice the difference.

She walked in and headed towards Prince Muyi.

When Sword One walked in, Prince Muyi poured her a cup of tea and said politely, "You have travelled so far to come here, please drink some tea to drive away the cold."

Sword One was not thirsty. She was in a hurry to pass on the message, but Prince Muyi was very polite, so she took the teacup and drank it.

When she was done with tea, Sword One said seriously, "Prince Muyi, there is one thing Elder Miss asked me to tell you. As for what you want to do with it, it will be up to you, and our Elder Miss doesn't care."

When Prince Muyi heard what Sword One said, he felt his heart throbbing. He sensed something was wrong at the sight of Sword One's serious look.

Sword One said, "Your Imperial Master from the Feather Mulberry Land came to our mansion and asked Elder Miss to become your concubine. I am not sure if you know about this. If you didn't ask him to do that, you have to watch out for him. The Imperial Master will set you up sooner or later, if it continues in this way, but if you asked him to do that..."

Prince Muyi shook his head. "No, I didn't."

Sword One nodded.

Good. Prince Muyi was a great cooperation partner, and it would be such a pity if he had some dirty thoughts.

“Good.” Sword One answered.

Prince Muyi just could not believe that the Imperial Master would be so bold as to ask Elder Miss to become the concubine. That was an insult!

It was bullying too! He was treating her in that way because of what her family had done to her.

He objected to what the Imperial Master said on the wagon and thought that he would have stopped thinking about this matter... However, he even did something like this without his authorization!

Muyi clenched his fists, trying his best to calm himself down.

He looked up at Sword One and said sincerely. “I do like your Elder Miss, but I would like to marry her in a proper way. I never thought about insulting her!”

Chapter 635: One Thing

Prince Muyi had not intended to express his own feelings so soon, because he was aware that ladies in the Saint Divine Land were relatively more introverted and he expected to stay longer in the Saint Divine Land, then he could get to know Lady Chaoyan better and let her see what merits he had.

Yet he had not expected that the dumb Imperial Master acted on his own and went to talk with Lady Chaoyan without his authorization. Therefore, he had to confess what he was feeling. He would like this message to be passed on to Lady Chaoyan directly, telling her that he liked her and would like to marry her in a proper manner.

Lady Chaoyan had no one to lean on after she was driven out of the family. He had thought about this before.

If she was going to the Feather Mulberry Land with him, he was not going to betray her like his father did to his numerous concubines, whom he did not really care about. He was going to care for her. He was going to stand by Lady Chaoyan’s side and defend her.

That was what Prince Muyi was planning inwardly.

He told Sword One about this, hoping that Sword One could pass on the message for him. In the meanwhile, he looked at Sword One sincerely and said, “Miss, could you please pass on this message to Elder Miss?”

Sword One looked at Prince Muyi with a complicated look on her face.

She had thought that the Imperial Master was trying to frame Prince Muyi for the cooperation, so he went to the mansion for that talk.

Unexpectedly, Prince Muyi was into the Elder Miss for real!

Well... if Elder Miss had not been engaged, she could pass on the message, but her Elder Miss was already engaged, so these words were just...

Sword One finally decided to remind him. "Prince Muyi, Elder Miss, is already engaged. Are you sure you want me to pass on the message to her?"

Sword One looked at Prince Muyi with a complicated expression on her face.

"What?" Prince Muyi's face changed and he just could not believe or want to believe that. He widened his eyes and asked, feeling unconvinced, "Lady Chaoyan....is engaged?"

Sword One nodded.

Prince Muyi kept shaking his head. His eyes were red as his hands became a fist. He was trying to make himself look calm.

"Who is... is he? Can you tell who he is? I am fine... I mean, if he is a nice guy... I mean, then, I will tell Lady Chaoyan... who is he?" Prince Muyi could not talk freely. He subconsciously tried to reach the teacup so as to conceal his emotions, but out of extreme sadness, he picked it up and put it down directly.

He was still a young man... he was not that capable of concealing his own emotions.

He had revealed his own emotions right in front of Sword One.

Sword One felt concerned. This Prince was an innocent and straightforward man, and he was very truthful to the Elder Miss, it was just...

Sword One sighed. "It is Lord Huai. Prince Muyi, don't worry, Lord Huai and Elder Miss have known each other since they were little. He is going to treat Elder Miss well." Having said these words, Sword One took a few steps backwards without looking at Prince Muyi. "I will be off now."

Prince Muyi shook his head and then nodded.

He nodded in the end. His eyes were red, but tears had not come up. It was such a saddening thing, but he was trying to make himself look steady and peaceful. He swallowed his saliva and said, "Can you do me a favor, please?"

Chapter 636: Revenge

Sword One ceased her steps and nodded as she looked at this man in front of her.

"Please don't pass on the message to your Elder Miss." Prince Muyi said, suffocated.

Sword One breathed in, she hesitated for a while, then she nodded.

Prince Muyi thanked her and Sword One left.

After Sword One was gone, Prince Muyi wiped his tears, trying to calm himself down. His eyes were still red, but composure had already returned to his face. He sipped the tea, got up and walked out of the room.

He was heading towards the Imperial Master's room.

The Imperial Master's room had the door open, because doctors were coming in and out.

They bowed to Prince Muyi at the sight of him, before getting down to their own professional business.

Prince Muyi did not look at them and just walked into the room.

The Imperial Master's face was still swelling, but with medicine on, it looked slightly better. The doctors were putting on the cream for him, but when he felt pain, the Imperial Master would always punch at the doctors who just could do nothing with guards around.

Prince Muyi looked at the Imperial Master.

He had not been feeling so satisfied with the Imperial Master on their way there, but he was the man assigned by his father, so he had no choice but to keep him.

He disagreed with what the Imperial Master said on the wagon the other day, and he even had the intention of sending the Imperial Master back home and making him stay away from the visit here. However, that moment of hesitation had caused such a huge mistake!

The guards greeted Prince Muyi.

The Imperial Master did not understand and said with teeth clenched. "Prince Muyi, I am fine, just go have a break, you don't have to check up on me."

Prince Muyi did not reply. He looked at the doctors and said, "Just leave us alone. And you don't have to come back after getting paid."

The doctors let out a sigh of relief. They had thought that they could earn some money after checking up on the patient, but the men from the Feather Mulberry Land were so difficult to treat. They were barbaric! It was such a great thing that they were asked to leave now.

These doctors hurried off without hesitation.

Only now did the Imperial Master sense that something was wrong. He had been lying on his stomach a minute ago, but turned around, asking timidly, "Prince Muyi, what is going on?"

"What is going on?" Prince Muyi looked at the Imperial Master with no expression on his face. "You really have no idea what is going on? You decided on your own and insulted Lady Chaoyan! Who do you think you are that can speak with her on behalf of me? What if she doesn't like it? What consequences do you think our land will have to face?!" Prince Muyi bellowed furiously. He was a mild-tempered person, but he was a man with a bottom line. Once his bottom line was touched, he would not show any politeness.

The Imperial Master had his head lowered, feeling guilty. How did Prince know about this so fast?

Women were always so fickle. She just said that she would drop it, but now the Prince knew about it!

The Imperial Master smiled with a flattering smile. "Prince Muyi, please calm down. I am just doing this for you! Our King is aging and it is time to think about the throne for us! I just thought that if you could marry Lady Chaoyan as a concubine, you might have a back-up force behind your back! But..."

Chapter 637: Yinghan

“But I did not expect that Lady Chaoyan, who had been driven out of her family, is engaged with Lord Huai!” the Imperial Master said confusedly. That was what baffled him above all. “But don’t worry Prince Muyi, she said that she will drop it, then it means that it is fine between our countries, just don’t worry,” the Imperial Master said, trying to console an innocent man like Prince Muyi.

As long as he stressed that the whole thing was fine and told him the potential problem within, then he would drop it as well. Also, he already expressed clearly the side he was taking.

He was the Imperial Master, if he showed some support, it would be much easier for him to get the throne!

The Imperial Master showed a peacefully delighted expression on his face.

Prince Muyi frowned, lowered his head and stared directly at him. “Dumbass! You know why Lady Chaoyan dropped this matter? You are ruining my reputation!” Prince Muyi glared at him with teeth clenched. “Helping me get the throne? Who do you think you are?”

As he finished saying these words, Prince Muyi got up. Then he turned to the guards next to him. “You two, take the Imperial Master back to the Feather Mulberry Land tonight and pass this letter to my father.” Prince Muyi gave the letter he had written without any expression, passing it to the guards.

The guards were a little startled, but it was an order from Prince Muyi, so they had to obey. They put away the letter properly and carried the Imperial Master away.

The Imperial Master, who had realized that the Prince was doing this for real, shouted loudly, “Prince Muyi, you can’t do this, you will regret it!”

Prince Muyi did not change his expression. He just watched that man being carried away, then he headed directly back to his own room.

When the Imperial Master’s matter was done, Prince Muyi’s face changed. He hid himself in the blanket and started to cry. He was a young man, after all. He just could not stand it when he ran into a thing like this for the first time.

Sword One was already back at the mansion. She raged against the snowstorm.

When she arrived, Gu Chaoyan was still seated in the chair that was covered by a fox-fur pat. She had a fox-fur coat on her as well. Seeing Sword One, she looked up in confusion. “What took you for so long?”

She asked this, because Gu Chaoyan was aware that Sword One was a very straightforward and efficient girl, despite her mild temper when she was with her.

Gu Chaoyan asked her out of concern.

Sword One hesitated. She had promised Prince Muyi not to reveal the secret, so she could not tell the Elder Miss about the secret.

Sword One thought for a while and said, “On the way home, I noticed that we don’t even have a board for the door, so I was thinking what name we should give to our mansion.”

Hearing these words, Gu Chaoyan put down her book.

She asked seriously, "So we don't have a board for the mansion?"

Sword One's face twitched. So Elder Miss had forgotten about that totally? She had thought that Elder Miss had some special idea of her own.

What a big misunderstanding! No one had reminded the Elder Miss!

"Elder Miss, you haven't told us what to do, so it was never done." Sword One explained.

Gu Chaoyan answered with a small okay.

Qing ran towards this direction. "Elder Miss, someone called Xia Yinghan is outside asking for you."

Chapter 638: Xue Feihan

Yinghan?

Gu Chaoyan was surprised. She remembered that Xue Feihan just came to her a while ago asking about Xia Yinghan. She had thought that she would not meet Xia Yinghan for a couple of years, but now she was back already.

She had no idea what she was doing right now, but Yinghan was someone who watched out for her at the Saint College. Even though she, Xue Feihan and Huang Xuan had some issues, she was not hurt, and Gu Chaoyan was very happy to hear that she was here.

"Qing, bring her in!" Gu Chaoyan said.

Qing nodded, then she hurried off.

When Xia Yinghan walked in, there was a tall man next to her.

Gu Chaoyan got startled at the sight of this. She remembered that the Dean told her that she was a parentless child and went into the Saint College when she was little, so she had no family. So this man next to her could not be her family. Then...

"Chaoyan..." Xia Yinghan said with a smile. She still looked very graceful, and now her smile seemed even bigger.

"Yinghan, when did you come back?" Gu Chaoyan asked, asking them to sit down.

Xia Yinghan said happily, "I have just come back to the capital. General Huangpu came back so I followed him here." Then Xia Yinghan said bashfully. "I have got one favor to ask. I have no family here in the capital, and you are my only friend. I can't go to Saint College any more, so I probably need to trouble you a little."

Xia Yinghan had never asked anyone for any favors so she was feeling a bit embarrassed when saying that.

However, General Huangpu next to her seemed a little shy at this meeting. He took out decks of cash that were worth 10,000 yuan. "Lady Chaoyan, please accept this money, it is my one year's salary, please."

General Huangpu was a straightforward man. He had no idea what he should do about it, so he took out the only precious thing from his pocket.

Gu Chaoyan laughed.

“Just keep it. Yinghan can stay here for free.” Gu Chaoyan said.

However, General Huangpu insisted on giving it to her. He was not a very talkative person so he kept saying that.

Eventually, Chaoyan had to accept half of the money and leave the rest to him. Only then did General Huangpu agree.

Gu Chaoyan found this couple interesting. It seemed that the couple was deeply in love. Yinghan needed a straightforward man to keep her company.

Xue Feihan had too many tricks inside his head and he was selfish too, Yinghan would not be happy with him. It was good that she did not return to Saint College.

General Huangpu stressed a few more things and left. Before he left, he asked his guards to take care of Xia Yinghan, but Gu Chaoyan mentioned that Yinghan was a woman and did not need a man to take care of her. So he took that man away.

After he left, Gu Chaoyan and even Sword One could not help but laugh.

That made Xia Yinghan feel shy.

General Huangpu was nice. He cared about her, but he was too rough to be discreet.

They were just chuckling, when Xiu Jie came and said, “Elder Miss, Xue Feihan is here, do you want to see him or not?”

Chapter 639: Getting You Back

When Xiu Jie mentioned Xue Feihan, he sounded calm as if he were speaking of a stranger.

Xue Feihan was the man that drugged Xiu Jie, but when Xue Feihan made the confession at the Government Office, Xiu Jie dropped the whole matter. Well, just because Xiu Jie dropped it and took it as something that never happened, did not mean that Xiu Jie would treat him nicely. For Xiu Jie, Xue Feihan was just a stranger.

Gu Chaoyan was surprised too. She did not expect that he would come to them the moment Yinghan arrived at the capital. Where did he get the news?

He used to be totally devoted to Huang Xuan, but now he seemed to care about Yinghan. Gu Chaoyan had thought that he would just live his life after failing to find Yinghan here the other day.

Gu Chaoyan let out a sigh of relief. She turned to Xia Yinghan. “What do you think, Yinghan?”

Xue Feihan was here not for her, but for Yinghan. So Yinghan had to make the call for this meeting.

Xia Yinghan had a very complicated look on her face, but that expression did not reflect any touch of delight. She hesitated a while and nodded. “Let him in.”

Xia Yinghan thought of her time at Jiayu Pass.

She went to visit Huang Xuan and got forgiven by Huang Xuan. Huang Xuan insisted on staying at Jiayu Pass, since she liked it there. Xia Yinghan said nothing more and spent some time with Huang Xuan there at Jiayu Pass.

A while later, Xue Feihan joined them too.

In her opinion, Xue Feihan was there to see Huang Xuan, and she herself had no intention of seeing Xue Feihan, so she avoided seeing him. Then when he came to her, he said that he expected that she would return to the Saint College, which was turned down by her back then already.

Xue Feihan was feeling irritated, looking dissatisfied with this answer.

Xia Yinghan chose to leave directly, which was her final answer.

She had thought that Xue Feihan already got her point, so she did not dig deep into that, but the moment she came home, he came to her directly. Xia Yinghan would have turned him down directly if she had been staying in her own mansion, but this was Chaoyan's mansion, so she decided to see him and clarified any potential misunderstandings to avoid future trouble.

Gu Chaoyan told Xiu Jie to ask him in.

Xiu Jie nodded and soon brought the man in.

Xue Feihan looked quite disturbed. He no longer looked like a gentleman, as his hair was unkempt and had some snowflakes on it. He must have been in a hurry to see her without even using the umbrella, but he did not seem to care about any of this small detail. Instead, he walked directly to Xia Yinghan.

Xia Yinghan looked at him calmly.

Xue Feihan looked at Xia Yinghan and then glanced about the yard as if looking for something.

After glancing about, he did not see what he did not want to see, so he seemed to let out a sigh of relief.

When he received the message about Xia Yinghan's return, he had been calm to hear that because he was sure Xia Yinghan was coming home sooner or later. He did not even get up to receive the message, because he believed that Xia Yinghan was going to return to the Saint College. However, the messenger told him that she was with a man! That was why he could not wait and came running to her.

However, it seemed that the messenger had made a mistake – there was no such man!

He showed a gentle smile. "Yinghan, I am here to bring you back to Saint College."

Chapter 640: Threat

Xue Feihan looked so certain and calm.

The three friends came to the Saint College as parentless children, and the Saint College was a home for them. So Xue Feihan was very certain that when Xia Yinghan returned, she was going back to Saint College sooner or later.

Since he was here today already, he was going to bring her back to the college.

“We have been very busy these days with both you and Huang Xuan gone. The Dean barely has time to take a break. He has to give lessons to the students at the Saint College. The Dean should have come to get you personally hearing that you are back, but he is just too busy to do so, so I came to get you myself. The New Year is around the corner, and we will not be that busy any more. The plum flowers are blooming in the backyard, let’s go and see them, alright?” Xue Feihan explained his reason for being here, trying to tempt Xia Yinghan.

Seeing the plum flowers in the backyard had always been what they liked doing since little.

Xia Yinghan was the one that loved plum flowers most of all, so she loved seeing them every year and she always wanted Xue Feihan to keep her company. Therefore, Xue Feihan believed that as long as he mentioned plum flowers, Xia Yinghan would definitely go to the Saint College with him without any objection.

Although Huang Xuan was absent, Xue Feihan believed that as long as Xia Yinghan was with him for the winter, it would be a perfect time for them too.

Seeing that Xue Feihan was speaking with her in a flattering way, and remembering that Xue Feihan never liked plum flowers...

Xia Yinghan felt that things had changed. She had no idea since when things started to change. Could it have been from the time when he asked her to return home back at the Pass?

Xia Yinghan felt quite emotional facing Xue Feihan in this way, but she did not have the intention of following him home. Saint College used to be a place full of warmth for her, but Xia Yinghan just could not remember since when, the Saint College had become something different in her heart.

It seemed that it was when she was so concerned about Xue Feihan’s concern about Huang Xuan.

Xia Yinghan sighed as she looked at Xue Feihan, “Senior Brother, just leave, I am not going to return to the Saint College any more. The Dean already approved of my departure before I left for the Pass.”

“...”

“So I have nothing to do with Saint College, and when I am settled, I will visit the Dean. As for the others... well, just forget about it.” Xia Yinghan said calmly.

As a matter of fact, she herself had no strong interest in plum flowers. She only did that because she wanted to spend some time with Xue Feihan, but now, she no longer liked Xue Feihan, so she had no interest in plum flowers any more either. Everything was gone.

Xue Feihan’s face changed.

She was not going back with him? Why?

“No, you have to return there with me! We are all parentless children and Saint College is our home! Huang Xuan is reckless so she left, but you are not! Have you forgotten what we promised to each other before? We are staying at the Saint College for our whole life!” Xue Feihan’s voice arose louder and louder and now he started to bellow furiously, “Xia Yinghan, you have to come with me!”

Xia Yinghan shook her head and felt even more emotional at the sight of Xue Feihan, but they were no longer children.

“Senior Brother, what is the point?”

“Xia Yinghan, if you refuse to return with me, you are never going to see me again!” Xue Feihan threatened.
