

Divine 991

Chapter 991: Not Qualified

“So what?”

“...”

“I am the one that makes the decision.”

“...”

“Or... why do you want me to leave Huaijin?”

“...”

“If it is because of some parental words, you and Huaijin are just master and servant and you are not qualified enough to speak for his parents.”

“...”

“If it is about a legal wife... sorry, I am the legal wife, you are just a servant.”

“...”

“If it is because you are better than me? Maybe you are offering me money? You don’t have that much money to give me. Maybe you can give me power? You aren’t even in a position higher than me. Maybe you can give me a better man? Well, it seems that no one else is better than Huaijin.”

“...”

“So, from what position are you giving me the order?” Gu Chaoyan blinked her eyes, looking at Feng Yue with an innocent look.

Gu Chaoyan came to meet Feng Yue, only because she appreciated her devotion of taking care of her on the way to the Feather Mulberry Land.

However, this woman was speaking so boldly in front of her about these things.

Gu Chaoyan just did not understand what position she was in to do this on behalf of Zhou Huaijin.

Feng Yue sneered and countered. “In what position?”

“...”

“Then let me tell you about it!”

“...”

“I was already with Shadow Door when it was newly established. The Head and I have gone through a lot these years! Shadow Door has been developed into such a huge place from a minor one, and the Head has become a man who fears nothing from someone who could not even sleep at night. That is because we are strong enough to keep the Head safe!”

“...”

“That is why I am qualified. I have witnessed how difficult it was when it started and how strong it has become. So I am not going to allow the Head to go back to the old life he used to have. And you are the thing that is going to bring him back to that life. So I have to stop you!” Feng Yue looked very determined and excited, as she spoke in a fair way.

Gu Chaoyan shook her head.

Feng Yue was truly concerned about Huaijin and very devoted to Shadow Door, but she had been thinking about the whole thing in the wrong way.

She had also become extremely crazy as well.

What a pity that she had spent so much time at Shadow Door.

Gu Chaoyan added. “My maid Qing grew up with me and during those years when I was set up, me and Qing had been so cautious all the time. After all of this, I have grown stronger, and no one is able to hurt me any more. Things have changed, but I am still the Elder Miss, and Qing is still my maid. All Qing has been thinking about is whether I have eaten well or slept well. Qing never says that the Lord isn’t a match for me or asks me to leave him, because Qing knows her place, and that she is not the person that can make decisions for my life.”

“...”

“Hopefully, you understand your place!”

Feng Yue listened to the words for a long time. She understood what she meant.

Gu Chaoyan was saying that she was just a maid who did not deserve to get involved with her Master’s business, but Shadow Door was not like the mansions and courts. There was no such corrupting rules going on!

She was just doing this for the Head!

“Gu Chaoyan, you are not in charge of me. I am not your maid!” Feng Yue said disdainfully.

Gu Chaoyan raised her eyebrows.

“Oh really?” Gu Chaoyan just thought of the authority token Huaijin had given her earlier.

Chapter 992: Hidden Weapon

She had not been very happy to get the token, and she turned the offer down, but Huaijin insisted that she should take it, saying that there were too many people working at Shadow Door, and there was always somewhere where he was not able to keep control of them. He did not want her to be put into a disadvantageous position, since for her, Shadow Door was a very important existence as well.

Therefore, the authority token was forced into her hands.

Gu Chaoyan had the token with her, thinking that it was a good ornament to wear, since it looked good to her.

Unexpectedly, the authority token came handy so soon.

It was just a few days since she received it. Now she had all the reasons to use it.

She had tried not to bring it out, but she thought that it was time to show it right now.

Gu Chaoyan took out the authority token calmly and showed a sinister smile at Feng Yue as she dangled the authority token in front of her, asking. "What if I have this authority token? Am I qualified or not, after all? I heard from Huaijin that this authority token represents the Head, doesn't it?"

"..."

"You are not my maid, but you are a member of Shadow Door. So with this authority token in hand I am now in charge of you, right?" Gu Chaoyan showed a very innocent smile, as she asked.

Feng Yue's face changed when she saw the authority token.

She looked at Gu Chaoyan, as if she had seen her worst enemy.

She had thought that the Head was just confused by her lies, so she could be shown what Shadow Door was like. What she had not expected was that this woman was capable enough to make the Head pass the whole Shadow Door into her hands.

That was the worst thing that could happen.

She knew... She knew that the Head would have big trouble with her by his side.

However,...why... Why was this woman able to get the Head's authority token?

What was so good about this woman that differed from the other women? Look at her face, Feng Yue was better-looking than her, and she was not that amazing!

2

No, she did not deserve anything the Head gave her!

Feng Yue looked at Gu Chaoyan as if she had been poisoned.

She had thought about talking Gu Chaoyan into leaving the Head, but Feng Yue changed her mind. She was going to have this woman killed, so that everything could be calmed down!

When she thought about this, Feng Yue already dashed towards Gu Chaoyan.

Seeing Feng Yue coming towards her, Gu Chaoyan dodged easily. She could not jump high, but she used to be an agent and had a very sharp reaction.

Feng Yue had not expected that this woman would dodge. After all, she had tried her best just now to attack her.

She was injured, but she believed that she was able to deal with someone like Gu Chaoyan.

It seemed that this woman was indeed lucky.

Concentrating on what was happening, Feng Yue spared no efforts to lunge at Gu Chaoyan, but Gu Chaoyan dodged her easily and countered her without showing any courtesy.

While the two were fighting, Feng Yue was not in an advantageous place, but kept being pushed to the bottom.

Gu Chaoyan reacted fast, so she easily dodged every attack.

Feng Yue thought that she had just been lucky, but gradually, Feng Yue noticed that something was wrong. This woman was a good fighter!

However, she had to die no matter what!

Feng Yue suddenly took a few steps backwards, held up her hidden weapons and threw them at Gu Chaoyan.

1

Gu Chaoyan saw the hidden weapons coming at her.

She had subconsciously intended to duck away when...

Chapter 993: My Fault!

At this moment, Zhou Huaijin suddenly appeared, took hold of Gu Chaoyan and grabbed the hidden weapons. In the meanwhile, he cast the hidden weapons back towards Feng Yue.

When Feng Yue saw the Head appearing, she had been afraid that the hidden weapons would hurt him. She did not think that the Head should have shielded the woman. She regretted not having done it before the Head appeared. It seemed that she would fail today, and it would not be as easy to attack Gu Chaoyan again in the future, since she would be more cautious.

Feng Yue had just been thinking this, when she felt the hidden weapons hit her chest.

She could not help but widen her eyes. She looked at her wound and saw that it was a hidden weapon that she had just thrown.

That was impossible!

She understood that she would be punished for what she had done, but that was just some punishment from Shadow Door. She had not expected that the Head would hurt her without a moment of hesitation?

The Head hurt her!

Feng Yue had been devoted to the Head since she was little, and had always succeeded in every mission. She had been doing all of this for the Head's sake!

However, the Head hurt her for that woman, and that woman was not even wounded!

Feng Yue could not even feel the pain. Her eyes were full of disbelief.

Zhou Huaijin did not even take an extra look at her, but turned a worried gaze at Gu Chaoyan who had been in his arms. He sized her up and made sure that she was fine after the fight with Feng Yue. After seeing her he felt assured and let out a sigh of relief.

God knew how worried he had been when he saw Feng Yue throwing the hidden weapon at her.

If anything happened to her, even Feng Yue's life would not be worth the payment.

It was good that she was fine.

Zhou Huaijin swept Gu Chaoyan into his arms once again, still feeling rather disturbed.

His fury could be seen on his face. He had so many people protecting Chaoyan, but she still got attacked by Feng Yue!

What was everyone else doing right now?

"Just get out here now!" Zhou Huaijin shouted, extremely furiously. He had never been this angry before.

It was Sword One who heard his voice from inside.

When she heard the shouting, she suddenly felt that something was wrong. It seemed as if something had happened. She went out quickly and saw the wounded Feng Yue as well as Lord Huai holding Elder Miss.

It was a very serious scene which Sword One could not have possibly imagined.

She had no idea what had happened, but all Sword One could be sure of was that Feng Yue must have injured Elder Miss, otherwise Lord Huai would not have hurt Feng Yue personally.

Lord Huai trained everyone from Shadow Door, and it had always been the Elder Men who passed on the punishment to those who made mistakes. The Head never did that himself.

Now... the Head hurt Feng Yue personally. So there was only one possibility – Feng Yue had crossed the line. The Head had a very narrow red line, within which, Elder Miss was.

Sword One was shivering. She just could not imagine what would have happened to Elder Miss, if Lord Huai had not appeared.

Sword One knelt down in front of Gu Chaoyan and said, "Elder Miss, it is my fault!"

Chapter 994: Mo Bing's Request

"It is my fault! I should not have passed on the message just because Feng Yue grew up with me! It was a thought that glimpsed across my mind! You are my Elder Miss, and you should make the call! It is my fault, I never expected that Feng Yue would regret nothing!" Sword One said, almost bursting into tears.

1

She was a hidden guard from Shadow Door, who had been through a lot of misery and pain, but she never cried, until now. She was blaming herself. She just could not imagine what wounds Elder Miss had gotten because of her mistake.

Sword One felt extremely guilty!

Hidden guards should not be emotional. What hidden guards should do was what their master told them to. That was something they were taught back at Shadow Door.

What she had not expected was that she made a real mistake when she forgot the warning of the Shadow Door.

Sword One felt extremely regretful, but regrets did not work any more.

Gu Chaoyan subconsciously intended to help Sword One up, but got stopped by Zhou Huaijin. Gu Chaoyan did not think that Sword One had made a mistake, but Zhou Huaijin, who was extremely angry at this moment, would not allow Sword One to get up yet.

Also... he was not going to let Feng Yue go so easily. Even if she was badly injured!

“Feng Yue, you are rebellious! How could someone so ruthless and cold-hearted come out of Shadow Door?” Zhou Huaijin said, sounding lethal.

Mo Bing had just arrived in a hurry.

He had not expected that due to his carelessness, Feng Yue sneaked out and came to cause trouble for Lady Chaoyan.

She had been totally oblivious even after the punishment she received from the Elder Men!

When she made a fuss here, the consequence was more than about whether or not she could continue to work at Shadow Door.

When Mo Bing saw the state that Feng Yue was in he became certain about one thing – Feng Yue had just caused a big problem.

It would be her luck, if she could keep her life after this incident.

The Head was a really nice Master.

As long as they worked devotedly for him, he would not mistreat them in any way. Even if they failed to do the tasks well, all they received was just some small, formulated tasks.

However, there were some things at Shadow Door that should never be done, namely, countering the Head. Those actions would be considered treason.

When someone did that, the punishment would be more than just a small punishment from the Elder Men.

The Head would not show any mercy!

Since he was aware of this point, Mo Bing sweated as he begged. “Head, it is my fault that I did not watch out for Feng Yue, letting her out to cause trouble. Please, Head, she has been working for you for so many years devotedly, spare her life. I will bring her away, and take care of her!”

Mo Bing could cut off one of her hands and let her live. That was all Mo Bing could do for her.

He knew well that Feng Yue was going to get punished in a very serious way, so if Mo Bing took her away, she would receive the least serious punishment.

However, Zhou Huaijin threw a cold look at Mo Bing and did not approve this request.

He said, "Fu Bao, come here."

Chapter 995: Problem

When Mo Bing heard this, his heart sank. He kept sweating.

He had thought that if he came hurrying here and begged the Head, he would spare Feng Yue because she had worked so hard for him, or at least he would deal with her in a more proper way. After all, she was one of the earliest hidden guards at Shadow Door.

However, the Head had become very resolute this time.

Instead of responding to him, he called Fu Bao. Obviously, the Head was going to give her the most serious punishment this time and he was not going to forego it.

He threw a pitiful look at Feng Yue.

He had been working at Shadow Door for years and knew clearly how difficult it was for a man to become a hidden guard at Shadow Door, let alone a woman who wanted to stand out.

He had never expected that Feng Yue would be so seriously punished, just because she had made a single mistake, despite how much devotion she had in the past.

Then he looked at the girl in the Head's arms.

She was well, and nothing had happened to her.

Why couldn't the Head spare Feng Yue? She could make it up later!

"Fu Bao, take Feng Yue back to the Shadow Door. Don't inform the Elder Men, do it yourself. You know what you have to do?" Zhou Huaijin said expressionlessly.

He showed no emotion on his face, as if he were just speaking with a traitor.

Fu Bao also thought that it was a pity that she was punished, but it was her fault! She was just a hidden guard and she was not qualified to do anything like this or to receive forgiveness from the Head.

The Head saved their lives, so they should listen to the Head and obey him!

Fu Bao sighed and came to Feng Yue. "Senior Sister, that is the last time I will call you like this. Let's go back to the Shadow Door."

Feng Yue refused to move. She was still mumbling...

It was impossible! The Head could not have treated her like this because of that woman!

Fu Bao had no choice, but to pull Feng Yue from the floor and to bring her back to Shadow Door.

At first, he had no idea why Feng Yue did all of this, but after hearing Feng Yue's mumbling whisper, he realized that Feng Yue had developed some personal feelings towards the Head.

She liked the Head, so she was causing trouble for Lady Chaoyan.

Also, she even came to Lady Chaoyan, pretending that she was doing this for Shadow Door.

At first, Fu Bao had felt sorry for his Senior Sister, but when he thought of this, the feelings were all gone.

She did not have to do any of this... If she had those feelings, she could say it directly.

Why must she do any of this to get herself punished?

Mo Bing was about to stop Fu Bao, but he eventually stopped.

Fu Bao took her away without showing any courtesy.

Mo Bing was still standing on the same spot.

Zhou Huaijin threw a calm look at Mo Bing. "You can follow up and get punished by the Elder Men."

Having said this, he went inside with Gu Chaoyan in his arms.

Gu Chaoyan had just taken a few steps and paused.

She saw Sword One on her knees and took a few steps forward, intending to help Sword One up when Zhou Huaijin stopped her, bringing her back to the mansion directly.

When they were inside, Zhou Huaijin said, "Chaoyan, you should not be so soft-hearted. Sword One is supposed to defend you by your side."

"..."

"It is her fault today, just leave her there!"

Zhou Huaijin had just said those words when Fu Bao suddenly hurried in. "Something has happened, Lord!"

Chapter 996: Urging

Zhou Huaijin frowned, hearing what Fu Bao said. He had asked Fu Bao to take Feng Yue to Shadow Door where she was going to be punished seriously. It had just been a moment after the order was passed on. Fu Bao travelled fast, but he could not have possibly finished the job by this point.

"What is going on?" Zhou Huaijin asked expressionlessly. He believed that Fu Bao behaved like this just because something really serious had happened.

"Feng Yue... Feng Yue killed herself on the way," Fu Bao said, showing an unaccepting look on his face.

Feng Yue...

They grew up together, and survived under the cruel living conditions of Shadow Door. They had killed many people and done all kinds of terrible things, but those they killed were just enemies, and even though some hidden guards passed away in the middle of the process, they could still accept their death.

However, Feng Yue was different. Feng Yue killed herself!

That was the first time such a thing happened at Shadow Door.

Fu Bao knew clearly that Feng Yue was going to receive the most serious punishment – the Head did not kill her right on the spot, because he was sparing her life! He was just going to remove her martial arts, and have her driven out of Shadow Door so that she would go on to live like an ordinary woman rather than a hidden guard at Shadow Door.

However, now she had killed herself...

She had nothing left in the world.

That was the end of a life.

That was why Fu Bao could not accept it directly.

1

Zhou Huaijin threw a cold look at Fu Bao. “Those punishments can be disregarded, since she has killed herself. Bury her well, she was one of the hidden guards after all.

Fu Bao sneaked a look at Gu Chaoyan, then he nodded.

He excused himself, then he headed back to where the body was.

Mo Bing was still holding Feng Yue’s body in his arms. Blood had covered the entire floor. Feng Yue died a terrible death. She killed herself and created another more wound, though she already had one.

Fu Bao just could not look at how she looked now.

Mo Bing looked up at Fu Bao and into the place behind him. There was no one else around.

He looked very disappointed.

When Fu Bao said that he was going to pass on the report, he was full of expectation. He and Fu Bao had the same idea – if he could go to Gu Chaoyan who was able to bring the deceased to life, she might, out of the principles of being a doctor, check up on Feng Yue.

If she was willing to do that, there might still be some chance that she would survive, but she did not make the offer!

Mo Bing squinted.

How could someone be cruel enough to behave like this? No wonder Feng Yue would insist like this.

1

Then he got up and went forward with Feng Yue’s body.

Fu Bao saw this and went to pick up the body.

Well... It was his master who asked him to deal with this matter. Although she killed herself on the way there, he was still going to have the body dealt with and carry the body back to Shadow Door for burial.

That was what Fu Bao was thinking, but Mo Bing did not want to leave with the body in his arms.

He glared at Fu Bao fiercely. “She is already dead. What more do you want to do? She has made a mistake that doesn’t deserve her death! She has paid the worst price, so what I want is just to bring her to the best place to have her buried. Why are you being so adamant?”

Fu Bao sighed. He did not reach out for Feng Yue any more, but he did not leave either. He had been following Mo Bing all this while.

Mo Bing took some steps into the distance, before he turned around and looked at Fu Bao.

Chapter 997: Xiu Jie

Mo Bing showed a very disdainful look at Fu Bao, yet Fu Bao was not moved. He did not think that Feng Yue deserved to die, but Feng Yue should have paid for what she had done – his master was going to do nothing except to ruin her martial arts abilities. It had been she who chose to kill herself.

Fu Bao was a bit sad about that, but he was still going to follow his master’s words.

What he needed to pay attention to was that Shadow Door was going to bury her, but Mo Bing was not willing. He needed to have her buried properly, and would only be done with his work, after the burial was completed.

Therefore, Fu Bao was going to follow them to the end.

Mo Bing threw a fierce look at Fu Bao, yet could not do anything about it so he let Fu Bao follow them.

He found a very clean river.

Then he made a wooden raft and picked some beautiful flowers as decoration.

Feng Yue was a hidden guard who worked day and night, and she was already dressed in black as the other hidden guards were dressed, but Feng Yue was a girl who loved to look beautiful, so sometimes, she would put her own dresses on, put on some cosmetics and lipstick. He said nothing about any of these, but he could tell what she was thinking.

Now Fu Bao was following them, so he could not dress her in a beautiful dress. So this was all he could do.

Mo Bing had already wiped away the blood on her face. She looked clean and nice.

When he was done, Mo Bing felt slightly better.

He released the wooden raft.

He watched the raft drifting away until it disappeared.

Only then did Fu Bao turn around and get ready to leave.

Mo Bing heard his footsteps and said coldly, “You are so cold, you from Shadow Door are so cold!”

Fu Bao paused, but said nothing just shook his head, turned around and left.

Shadow Door was always a cold existence.

Before they became hidden guards, the Elder Men from Shadow Door had already given them the warning that hidden guards should not be filled with any emotions. All they needed to have was loyalty.

The Elder Men did not say that hidden guards should never have emotions, just that they shouldn't have too many.

Mo Bing had forgotten about this warning. The reason why Feng Yue behaved like this was because she had lost her loyalty, not because she had emotions.

Fu Bao sighed.

When he came to the gate of Xinlin Mansion...

Zhou Huaijin looked at Sword One who was still on her knees. "You understand what mistake you have made?"

"I do! Lady Chaoyan is my Elder Miss and whatever I do should be beneficial to Lady Chaoyan, not for myself, otherwise I will cause Lady Chaoyan harm!" Sword One said, "Head, please let me stay at Lady Chaoyan's side. I will never make such a mistake again!"

Zhou Huaijin looked at Sword One.

He was very angry today and disappointed in Sword One, but Sword One was indeed the most suitable person to stay by Chaoyan's side.

Hopefully, she will live up to her words.

"Get up now, go and serve your Elder Miss," Zhou Huaijin said expressionlessly as he turned around and walked inside.

Sword One got up instantly and felt relieved. She was happy that she could stay by the Elder Miss' side.

After a day's work, Gu Chaoyan was slightly tired.

She asked Sword One to prepare some hot water for a bath since she wanted to take a cozy bath and have a nice sleep.

Qing went to prepare some hot tea.

Gu Chaoyan was about to take a bath when some noise arose outside.

"What is it?" Gu Chaoyan asked.

"It is Xiu Jie. He looks very anxious!" Sword One said quickly.

Chapter 998: Helplessness

Hearing Sword One's description of Xiu Jie's anxious face, Gu Chaoyan more or less knew that something major had happened. It was getting late now, and Xiu Jie, this discreet and careful man, would be very aware of what to do and what not to do.

Therefore, for something unimportant, Xiu Jie would not have bothered her at this hour.

Gu Chaoyan thought for a while and gave up the thought of taking a bath. She nodded at Sword One. "If Xiu Jie needs us, let's go and see what he wants."

Sword One followed Gu Chaoyan as they walked out.

It was getting late, and Xiu Jie was passing on an important message, but he stayed outside the room rather than walk in. It was not a rule set by Gu Chaoyan, but Xiu Jie decided to do that himself. That was why Gu Chaoyan appreciated Xiu Jie. A rough man like Xiu Jie, as a matter of fact, was very careful when it came to small things.

They arrived at the yard...

Xiu Jie relaxed a bit at the sight of Gu Chaoyan, as if he had found the savior.

He took a few steps and said, "Elder Miss, something has just happened."

"..."

"A while ago, some villagers who were badly injured were taken to Xinlin Clinic. When they heard that we cured dying men, they were taken here, but they could not simply pay the fees at this point."

"..."

"I fed them pills."

"..."

"Are you going to check on them yourself?" Xiu Jie asked.

It was late, and those patients were not able to pay within a short time. Although there were rules at Xinlin Clinic, Xiu Jie was aware that Elder Miss would not leave the dying alone. That was why he came to ask her for a suggestion.

When Gu Chaoyan heard that Xiu Jie already fed them the pills, she let out a sigh of relief. Those pills were powerful, and even for those who were badly injured, those pills could help to extend their lifespan. They would not pass away before she was able to make it.

However, Gu Chaoyan was still very worried.

She dropped everything else.

"Sword One, go and call Qing here. Sword Two, go and inform the Lord about this. Xiu Jie, we can talk as we walk. Don't be delayed." Gu Chaoyan looked very serious. After she gave the orders, she and Xiu Jie hurried away.

At this point, Xiu Jie felt that the load inside his heart finally released.

Elder Miss had decided to get involved, so the villagers would be saved.

Every one of them was very badly injured.

Gu Chaoyan asked as she was in a hurry, "Who hurt them? Is anyone from the Governmental Office taking care of this?"

As this question was asked, Xiu Jie sighed.

“Some lightly-injured villagers said that some monsters came down from the mountains and hacked at the villagers, who could not counter them at all. Many had already passed away on the spot. Many villagers drove away the monsters, yet too many had already died and those who were injured and almost died were carried here by the villagers.”

“...”

“As for the Governmental Office...” Xiu Jie showed a look of helplessness.

Chapter 999: Not Right

While they were talking, Qing and Sword One hurried to them as well.

Sword One must have informed Qing, so they came together in case they were delayed.

Gu Chaoyan looked about, but failed to see Sword Two and Zhou Huaijin. She nodded at Xiu Jie. “Let’s head to Xinlin Clinic first.”

Gu Chaoyan, along with Sword One and Qing were seated in the wagon, whilst Xiu Jie was seated next to the coachman as they headed towards the Xinlin Clinic without a moment of delay.

Gu Chaoyan had just realized that the coachman was not driving very fast.

It must have been Xiu Jie’s instructions that the wagon should not go too fast, otherwise she might get sick. Xiu Jie was always like this – listening to her orders and taking her as a consideration.

However, they were in a hurry this time, and Gu Chaoyan just could not slow down. So she added. “Please, drive faster, we are going to be too late.”

Only then did the coachman go faster.

As the wagon went faster, they ran into many bumps on the road, but Xinlin Clinic and her mansion were not very far from each other, so after a few bumps, they arrived at Xinlin Clinic.

Gu Chaoyan hopped off the wagon directly and headed towards Xinlin Clinic.

They had just reached the gate, when Gu Chaoyan sensed the strong smell of blood. Then they walked in.

It was worse than Xiu Jie had described. Those people were very badly injured and they were bleeding. There were seven of them like this, but they ate pills already, so the bleeding was stopped. Due to the magical water inside the pills, they were more or less healing.

Gu Chaoyan frowned as she glanced at those people. She wasn’t feeling very well.

Gu Chaoyan already had this kind of feeling when Shen Tai was injured. She believed that more and more things like this would happen soon, but she had not expected that it would happen so fast.

Gu Chaoyan glanced at those seven people before heading towards a young man who was injured.

He had the worst wound among all of them, and his wound was on the chest. It was lucky that he was still breathing, since the wound did not penetrate the heart, otherwise he would not have made it. As for the other six people, they were sure to survive, but this man was different.

She had just approached the man and was about to check the wound, when the woman next to him screamed. "Who are you!"

"..."

"Don't touch him, he is badly injured!"

That woman was so excited that she was bellowing at Gu Chaoyan with red eyes.

Although Brother Shanhu was already in the clinic, she could tell clearly that Brother Shanhu was the worst injured among all of those people, and he had bled so much! The village-chief said that this clinic cured dying men, but she suspected that it was just a slogan. She did not believe it at all.

Brother Shanhu did not have any family, but she was going to defend Brother Shanhu and make sure that nothing would happen to him!

Gu Chaoyan frowned subconsciously. She did understand how this girl was feeling, but she still said patiently, "I am from Xinlin Clinic, and I am checking him up!"

"You are from Xinlin Clinic? Then get your doctor! Don't touch him, if anything happens to Brother Shanhu, you won't be able to take responsibility!"

Chapter 1000: No

Gu Chaoyan frowned.

This girl was way too unreasonable. This was Xinlin Clinic, and she was of course here to check up on the patient, otherwise what was she doing here?

"I am the doctor, please, stay away, I need to check his wound," Gu Chaoyan said calmly.

"You are a woman, how can you be a doctor! You must have fallen for my Brother Shanhu, haven't you?" Qu Hua screamed.

Gu Chaoyan frowned even more deeply.

This girl must be the wounded man's family. Her mind must have been thrown into turmoil when she saw her family member running into an accident and dying. Gu Chaoyan would not care about this, since she understood what caused this girl to be like this, but this girl was still thinking about those unreasonable things when her family member was so badly injured...

Gu Chaoyan just could not understand what she was thinking.

She turned a cold face as she looked at Xiu Jie who had just walked in. "Xiu Jie, take her out. I am checking up on the patient."

Xiu Jie pressed down Qu Hua directly and started to pull her outwards. When Xiu Jie was waiting outside, he had already heard this woman's scream that doubted Elder Miss' identity. He had felt really angry about what he heard. He had not met anyone so unreasonable before.

Qu Hua screamed loudly when she could not press down her feelings.

Xiu Jie gagged her mouth, glared and warned Qu Hua. "Just stay quiet. This is the clinic, not your village. These are badly injured people, what are you screaming here for? Are you trying to get them killed? Honestly, you are not injured, because you are a woman who was protected by them! What rights do you have to scream here and disturb their treatment?"

Xiu Jie was loud when he spoke. He almost bellowed with fury.

Seven of the men here were badly injured, and some of them were suffering from really grave wounds. Apart from them, some had just skinned their body, which did not affect their lives. However, they were not leaving even if they knew that only dying men were cured here.

When they heard Xiu Jie's bellowing, they all agreed and nodded.

Qu Hua was protected because she was a woman. Many injured men here all defended her, but she... She was not only ungrateful, but kept blaming them for letting Shanhu get injured.

They were already suffering from a lot of pain, but she was still making annoying screams here.

She had no right to scream here...

They all agreed.

Xiu Jie pushed Qu Hua and had her trapped in the room of the back yard. Only then was he able to do his own work.

Elder Miss was still treating them, but Qing and Sword One decided to help those who were not badly injured.

Xiu Jie also went to help. He was a rough man, but he could help to pass on some stuff.

Those injured men were surprised. "You're treating us too?"

Sword One nodded.

They hesitated. "We are fine... it is okay."

"Why not?" Sword One was confused. They were all slightly injured, but those wounds made them bleed.
