

Divorce 1201

Chapter 1201: Lan Ruoshui's provocation

"Hahaha, Stinky dog SH * T! " Everyone could not help but laugh out loud. Someone even said loudly, "Yu Xin, this metaphor is too appropriate. Didn't you study medicine in university? Why are you so good at learning languages? "

"You? " Lan Ruoshui was so angry that she gritted her teeth. She glared fiercely at Lin Yuxin Then, she turned her head to look at the cold-faced ru Yu and said, "of course, Ms. Che ru Yu doesn't have to believe my words at all. However, at this moment, my uncle Zheng and his ex-girlfriend are having dinner at the revolving restaurant. They are discussing their marriage. "

"Hehehe, you have to think before you lie. " Lin Yuxin said sarcastically, "Ru Yu and Zhenyu Jun are still in love with each other. Zhenyu Jun is married now. How can he discuss marriage with other women? "

"That's right? " Everyone nodded. They felt that Lan Ruoshui's words were contradictory.

"My uncle will divorce her tomorrow. " Lan Ruoshui had a look of certainty on her face, as if she was Lei Zhenyu.

Ru Yu treated her words as air and didn't even bother to listen. Lan Ruoshui saw ru Yu's expression and couldn't help but take out her phone She opened a video message and said, "see, my future aunt just sent it to me. Are they eating at the best location in the revolving restaurant? "

Ru Yu only took a glance. On Lan Ruoshui's wide screen phone, it was indeed Lei Zhenyu and Song Yuxi sitting together. The two of them were tilting their heads as if they were talking about something. However, the background was very blurry and it was uncertain whether it was the revolving restaurant.

"there are a lot of synthetic things now, " ru Yu said indifferently and distantly "Besides, it's not unusual for them to have a meal together, is it "They used to know each other after all. If they met occasionally, what would it mean if they had a meal together and said a few words "wouldn't it be ridiculous to say that their relationship has been revived "It's just like how the two of us are having a meal together now. Does this mean that our friendship has been restored? "

Ru Yu's words left Lan Ruoshui speechless. She could no longer use the video to show that Lei Zhenyu and Song Yuxi were discussing marriage. After all, her video was silent.

Fortunately, the men had finished roasting the meat. Everyone looked at the streaky pork that had turned yellow. Their saliva was flowing out. No one paid attention to Lan Ruoshui anymore. Instead, they were fighting over the roasted meat.

When the students gathered, they could not help but ask each other about the events of the year. One of them was married, and another was pregnant and about to become a mother.

"Ru Yu, when are you going to level up and become a mommy? " Some of the students who liked to joke shifted the topic to her.

Before ru Yu could answer, she heard Lan Ruoshui snort coldly at the side and said, "child, do you think she can give birth alone? "

"How can she be alone? " The woman beside Lan Ruoshui had just whispered to Lan Ruoshui for a while, and now she took over Lan Ruoshui's words She deliberately pretended not to know and said, "isn't Ru Yu married? Isn't it very easy for her to give birth? "

"The key is that her husband is willing to touch her." Lan Ruoshui sighed at the side and said, "not every woman is so attractive that it can arouse the interest of men. Some women are born without men touching them. Otherwise, why haven't they been pregnant after being married for three years? "

Chapter 1202, fruit juice

"How do you know her husband won't touch her? " The cowherd, Jiang Zijian, who was beside ru Yu, stared at Lan Ruoshui with his eyes wide open Then, he faintly said, "Don't tell me that you stand in her and her husband's bedroom every night as an audience? Or do you spend every night with her husband? "

This question made Lan Ruoshui blush. She originally wanted to take the opportunity to humiliate che Ru Yu, but before che ru Yu could say anything, she was humiliated by the Zombie who was defending Che ru Yu.

Everyone couldn't help but laugh when they heard Jiang Zijian's words. It was obvious that Lan Ruoshui was a homewrecker who destroyed other people's families. Such a person was not ashamed of it but was proud of it.

Ru Yu also felt that her question was a good one, so she took a piece of roasted meat and handed it to him. "This is for you. "

"thank you! " Jiang Zijian took it without hesitation. He took a big bite and nodded. "This year's roasted meat is much better than last year's. "

Lan Ruoshui was so angry that her face turned dark. She was the one who paid for it last year. She didn't expect Jiang Zijian to say that this year's roasted meat was better than last year's. It was obvious that he looked down on her.

Seeing Jiang Zijian and ru Yu talking and laughing, looking very intimate, she had an idea and immediately thought of a plan. Then, she stood up and looked at everyone with a smile, saying that she would treat everyone to fresh fruit juice and that she would personally squeeze it.

Everyone was extremely excited. FRESH FRUIT JUICE It was December now, and it was a cold winter. How much was a kilogram of fruit in Seoul Most families usually didn't have fruit. They would only buy two to entertain guests when they had guests.

Lan Ruoshui went to press the fresh fruit juice while everyone continued to eat the roast meat. Perhaps it was because she wanted to treat everyone to fresh fruit juice that made everyone embarrassed to gossip about her, so they changed the topic again.

When everyone was almost done eating, Lan Ruoshui finally brought out the freshly pressed fruit juice for everyone. She really did put in a lot of effort. Apple juice, pear juice, lemon juice, orange juice... ...

Well, almost every student's fruit juice was different. Everyone was extremely excited. Some were calling for pomegranate juice, some were calling for watermelon juice, and some were calling for strawberry juice... For a moment, everyone was laughing. Everyone was very happy ...

"Ru Yu, your favorite grapefruit juice." Lan Ruoshui placed the grapefruit juice in front of ru Yu. Then, she placed a cup of fruit juice in front of Jiang Zijian. "Zijian, your favorite pear juice."

"Hehe, I just like eating pear juice." Jiang Zijian smiled. He took it and politely thanked Lan Ruoshui.

Ru Yu didn't want to drink Lan Ruoshui's grapefruit juice at first, so she put it aside and didn't move. Lan Ruoshui saw that she didn't drink it So she couldn't help but say loudly, "Ru Yu, I remember that you like grapefruit juice the most. Why don't you drink it today? Could it be that you're afraid that I poisoned you?"

After saying this, Lan Ruoshui giggled again, as if she felt that she had told a funny joke.

Ru Yu frowned when she heard this Lin Yuxin nudged her arm and said, "just drink it. It's just a cup of fruit juice. There are so many people. Lan Ruoshui only has the ability to climb into Jin zhengnan's bed. She really doesn't have any other abilities."

Ru Yu nodded. Of course, she knew that Lan Ruoshui definitely did not poison the fruit juice. Not to mention that Lan Ruoshui did not have the guts, even if she had the guts, she would not have poisoned her in such an occasion, right?

Chapter 1203: You are drunk

Lin Yuxin's phone rang just as the party was about to end. Her expression changed when she answered the call. She quickly apologized to ru Yu. There was a difficult delivery woman at the hospital. That woman was her patient. She was the one who performed the prenatal check-up in the past Now, she had to rush back to the hospital for the surgery, so she could not send ru Yu back.

Ru Yu said that she was fine and told her to go back quickly. Human lives were at stake. What was more important than saving the mother and child's lives?

The other students also stood up and took their leave. Everyone thanked ru Yu for her hospitality and Lan Ruoshui for the fresh fruit juice. Lan Ruoshui smiled and said that she was fine. Then, she asked Ru Yu if she wanted her to drive her.

Ru Yu refused on the spot. Even if she wanted to take the bus, she would not take Lan Ruoshui's car. Jiang Zijian said that he would see ru yu off later and let Lan Ruoshui and the other students go first.

Lan Ruoshui nodded. She was not angry that ru yu refused her kindness. With their current relationship, ru Yu would naturally not take her car.

Since ru Yu was treating, she was naturally the one paying. She had spent a lot of things tonight, so it was a little complicated when it came to the final accounting. The most damnable thing was that Lan Ruoshui said that she would treat everyone to some fruit juice, but she left without paying a single cent.

She only felt a headache. It was not because she had to pay more for the fruit juice that Lan Ruoshui wanted, but it was a real headache. Everyone did not drink together tonight because most of them had to drive, but she felt a little dizzy at this moment. Perhaps it was because the barbecue shop had too much heat, she even felt a little hot.

"How is it? I feel a little hot," Jiang Zijian stood to the side and waited for her. He muttered to himself and then walked to the door. He probably wanted to get some fresh air.

Ru Yu also felt a little hot. In the end, she did not calculate the bill in detail. She paid the amount according to the cashier's instructions and then walked out of the grill shop with Jiang Zijian.

It was still snowing outside. Ru Yu walked out and put on her coat. She still felt a little hot. She frowned and could not help but wonder why it was hot in this snowy day. Could it be that the heat in her body was too strong because she had eaten roasted meat?

"Ru Yu, get in the car." Jiang Zijian had already opened the car door for her in a very gentlemanly manner. He was wearing a black coat, which resonated with ru Yu's red coat.

Ru Yu nodded and was about to get in the car, but the moment she turned her head, she realized that her car was approaching. She quickly smiled apologetically at Jiang Zijian and said, "my husband is here, so I won't trouble Zijian Jun."

Jiang Zijian nodded and did not say anything. He watched her walk towards the SUV that had just arrived, then got in his own car. He waved at Ru Yu and quickly drove away.

Just as Lei Zhenyu's car came to a stop, ru Yu had already opened the car door and got into the car. Lei Zhenyu turned to look at her flushed face and couldn't help but tease her, "yeah, you don't have to drive tonight. Did you drink with your classmates? Did you drink too much? Are you a little drunk?"

"Go, who drank?" Ru Yu answered indifferently, "most of my classmates came by car. It happened to be snowing today, so they didn't dare to drink, so I didn't drink at all."

Didn't drink at all Lei Zhenyu only felt surprised. Her face was red. Could it be that it was hot Was the barbecue shop fully heated He thought that she was drinking?

Lei Zhenyu did not discuss this issue with her. Instead, he quickly started the car. It was snowing outside the window, and the car did not dare to drive fast.

Ru Yu wanted to ask him if he was really meeting the person in question tonight or if he was going on a date with Song Yuxi. However, her head was getting dizzy, and her body was getting hotter and hotter. Her face was burning hot as if she had a high fever. She only felt very uncomfortable and could not ask anything else.

Chapter 1204: Open the window

"I'm so hot." As Ru Yu spoke, she had already taken off her coat and thrown it onto the back seat. She felt as if her clothes had wrapped herself too tightly, making it difficult for her to breathe through them. Thus, as she took off her warm clothes, she muttered, "it's really hot. Did you turn up the heat?"

Lei Zhenyu turned his face to the side and discovered that her cheeks had already turned crimson, and her eyes had already been covered with a layer of mist. Her Pink Lips, perhaps due to the heat, had become even redder, making people feel as if they wanted to immediately cover their lips and taste them.

He could not help but reach out and touch her forehead. Only then did he realize that her body temperature was so hot that it could burn his fingers. He turned off the air conditioner almost without thinking.

It was snowing outside the window. It was impossible to drive fast in such weather, even if there were not many cars on the road.

Ru Yu, who was in the passenger seat, had been sobbing the whole time. She was talking to herself, and her breath smelled like orchid. Some strands of her long black hair fell on her small and delicate facial features, making her look sexy and playful. Her usual cold and indifferent side had long disappeared without a trace.

Lei Zhenyu was driving as he looked at her from the side of his face. In a few minutes, he found that her originally white and tender earlobes and pink neck were dyed Crimson, making her appear very sexy. The feeling was like a peach blossom that was quietly blooming, so beautiful that it made people want to pluck it off and hold it in their hands.

Ru Yu only felt hot. The clothes on her body bound her so much that it was unbearable. The rising royalties made her have no choice but to use her hands to pull the clothes on her body, hoping to make herself a little cooler and more comfortable.

The warm clothes on her body were not buttons. She was so hot that she seemed to have lost her mind. She did not know that the sweater on her head was going to be lifted up and taken off, so she kept pulling it. Finally, the clothes were all lifted up by her and piled up under her armpits. Her snow-white skin and the beautiful little cutie were exposed uncontrollably.

However, she still felt hot. She used her hands to pull the little cutie in distress. Soon, she used brute force to pull off a belt. A white and tender little rabbit came out of the little cutie and was jumping along with her body.

Lei Zhenyu turned his head to look at ru Yu beside him. At this moment, she was so helpless and so charming. His heart was locked in an instant and his Adam's apple began to move violently.

"Damn it," he could not help but curse softly. He was extremely annoyed at his current reaction. How could he lose his composure like this?

He was a lawyer. In some aspects, he had the composure of an ordinary person. Even if he slept in the same bed with ru Yu at night, even if he hugged her at night and even if his body had a reaction, he could always control his body with extraordinary willpower.

However, tonight, he actually felt inexplicably irritated, and his body also felt inexplicably hot. The air conditioner had been turned off, and there was no heating at all. The temperature in the air was gradually getting colder.

However, the woman beside him was still shouting that it was hot, and he only felt a headache. He did not dare to look sideways at the woman beside him anymore. He could not help but press down the car window a little bit, letting the cold wind with snow outside blow in little by little. He hoped that the cold wind could make the woman beside him feel a little bit of coolness, and also reduce the temperature of her body.

Chapter 1205: Roll Down the window

He really wanted her. Sometimes, he would sleep on the same bed as her. Although he was hugging him in his pajamas, he did not dare to move his hands because he was afraid that he would not be able to control himself.

He wanted her. He wanted to be a real couple with her. However, he knew that it was not such an occasion, not such an opportunity. What he wanted was for her to be willing. What he wanted was for her to be one with him. He did not want her to be... ...

Drugged. He finally understood. Ru Yu was not drunk. She was drugged because she said that she did not drink.

“Damn it! ” He couldn’t help but curse in a low voice. He stepped on the accelerator. At this moment, he only hoped that he could quickly drive into the city and find a hospital.

Ru Yu, who was sitting in the passenger seat, couldn’t hold on any longer. The heat in her body was like thousands of ants gnawing at her. It was like a tall pile of firewood being ignited by someone and burning her.

She was uncomfortable, extremely uncomfortable. She kept using her hands to pull at the clothes that had been piled under her armpits. Even the whimpers in her throat became hoarse.

Lei Zhenyu wanted to send ru Yu to the hospital as soon as possible, so he drove very fast. However, just as he was about to enter the city, there was a long queue in front of him, which made him dumbfounded.

Of course, he could not wait. He quickly turned the steering wheel and drove to a side alley. He only thought that this alley could lead to another avenue.

There were almost no cars in this alley, and it was very quiet. He was happy and thought that he had found a good road. However, after driving for nearly five minutes, he realized that it was a dead alley. There was no way to go in front.

He finally understood why there were no cars in this alley. It turned out that this was a place to be demolished. The walls on both sides of the alley had the word “demolished” written on them. There should be no one living there anymore.

Meanwhile, ru Yu, who was sitting in the front passenger seat, had already pulled off the thermal suit that she could not stand. There was a cute little girl with only a belt hanging on her fair upper body, and she had even pulled her to the side. The two little white rabbits were greedily inhaling the fresh air.

However, she still felt hot, so she used her hands to unbutton her pants. She only wanted to remove the restraints on her lower body. This way, she would feel better if she was bound by these restraints.

"Ru Yu, don't take it off again." Lei Zhenyu saw her unzipping her pants and stood up slightly. He directly pulled the pants down to her knees. Inside, it was actually a light purple silk that wrapped around her round buttocks. The sight of her two long and fair legs made his heart race.

This alley was very small. It took him nearly five minutes to drive his car in. It would probably take him about twenty minutes to push it out. Meanwhile, the main road outside had become a long queue.

He gritted his teeth and finally stopped the car that was slowly retreating.

"I'm so hot... so hot..." ru Yu's mouth made an uncomfortable sound, and her body kept twisting as she tried to kick off the pants that she had already taken off ...

Lei Zhenyu looked deeply at the little face that was red and charming because of the drug control. All of his willpower and rationality almost collapsed in an instant. He growled in a low voice, leaned over to her, and wrapped his big palm around the back of her head to pull her closer to him. His thin lips covered her pink lips that were opening slightly without hesitation.

Chapter 1206: Summer Flowers Shine

Lei Zhenyu's eyes were dark red, and his heart was quickly filled with ecstasy. Although he had heard Lan Ruoshui scold ru Yu for saying that Jin Zhengnan did not touch her or anything, in the end, ru Yu and Jin Zhengnan had been married for three years. No matter how miserable their marriage was.. There should be such a thing, right?

However, reality proved that this time, he had really picked up a treasure... ...

Looking at the tears that kept rolling down her face, he could not help but bend down and kiss those crystal clear tears that were as bright as diamonds. It was as if he was kissing the most beautiful treasure of his life... ...

The snow outside the window fell silently, and the surroundings were silent. The heater in the car was not turned on, but because of the ripples of the spring, it was particularly ambiguous... ...

All the time, she was singing softly

All the time, she was the first bud of the flower

All the time, it was the first snow that melted

All the time, he was intoxicated in the flower, yet he was extremely protective

...

* * * * *

Dear ones: Write Down Dongfang Mo and Xi Muru's Banter here:

One day, Mr. Dongfang Mo came back from a business trip for half a month. He held a few skewers of food in his hands and ran home happily. "Mu Ru, I bought you your favorite ice-sugar Gourd!"

Unfortunately, there was no one in the house and no response. So, he could only take these few skewers of food upstairs, thinking that her beloved wife should be resting in the bedroom.

So, he tiptoed into the bedroom, thinking of giving her a surprise.

However, there was no one in the bedroom either. He frowned as he walked out and headed towards the rooftop, wondering if she would be in the glass sunroom on the top floor.

However, when he walked up to the sunroom on the top floor, he found that it was empty. There was no one there. There was only a room full of flowers and the two-seater chair waiting there quietly.

Where did Xi Muru go Didn't she become an Otaku Isn't she still staying at home now?

He slowly walked down the stairs in disappointment. The hall was still quiet. The Sun outside was scorching hot. In such hot weather, where would Xi Muru go if she didn't stay at home?

When he walked out of the hall, the Sun was still scorching hot. He had a flash of inspiration and remembered that Xi Muru might have gone to the natural bath at the back of the mountain in such weather.

At the back of one inch ink city's mountain, there was a natural hot spring. It was called a hot spring, but the water inside was warm in winter and cool in summer. It could be said to be a hot spring in winter and a cool spring in summer.

Of course, in winter, he often went to the hot spring with Xi Muru. In summer, the two of them also often went to the hot spring to wash away the heat. That was their favorite place and also a natural hot bed.

Because the sun was high, by the time he reached the foot of the back mountain, the ice-sugar Gourd in his hand had already melted. The sweet honey dripped onto his hand, and he could not help but put his hand into his mouth. Needless to say, it was so sweet!

It was not easy to walk up to the hot spring pool. Sure enough, he saw a skirt thrown into the basket at the side, and Xi Muru, that woman, was wearing a swimsuit and swimming in the hot spring pool like a small fish. The moment he turned his head, he saw him.

He immediately waved the ice-sugar Gourd in his hand at her. "Mu Ru, the ice-sugar Gourd has melted. Are you still eating it?"

"You help me to send over!" Xi Muru waved to him: "COME DOWN!"

He looked at the ice-sugar Gourd in his hand, and then looked at his clothes, AH, anyway has been soaked in sweat, it is okay to go on like this, can't throw her ice-sugar Gourd to throw away, there is no place to put it.

With this in mind, he directly kicked off the shoes on his feet, and then raised the ice-sugar Gourd in his hand, step by step toward the woman in the water.... ...

Chapter 1207 despicable people

It was almost noon when ru Yu woke up the next day. She rubbed her eyes with her hands and opened her heavy eyelids. The Sun Shone in through the floor-to-ceiling window and the room was bright.

She was stunned instinctively. She was extremely tired. Last night, she seemed to have been having sex dreams, which made her miserable.

In the dream, it was full of Lei Zhenyu's passionate entanglement with her. At first, it seemed to be in the car, then it seemed to be on the carpet, and then, it seemed to be on the bed.... ...

Oh my God, did she have to be so embarrassed She actually had such a sex dream?

There was no one beside her, so she secretly heaved a sigh of relief and quickly got up. When she sat up, the quilt on her body slid down. Only then did she realize that she was actually naked. The most damnable thing was.. Her originally fair skin was actually covered with strawberries.

Her entire body was also sore and weak, and her entire body seemed to be in pain.

Oh my God How could it be like this?

Could it be that she wasn't having a sex dream last night, but.... ... Everything was real?

Just as Ru Yu was puzzled, the sound of running water came from the bathroom. She quickly thought about it and then secretly heaved a sigh of relief. Fortunately, this was the room that she and Lei Zhenyu rented.

The sound of the door opening came from the direction of the bathroom. She quickly lay down and pulled the blanket to cover herself up. How could she have the face to meet people like this?

Lei Zhenyu walked out of the bathroom. He had already washed up and put on a new set of clothes. He came to the bedside and looked at the woman whose head was covered. He knew that she must have woken up.

He sat down by the bedside and stretched out his hand to pull the quilt that was tightly pulled by her a little bit. He stretched out his hand to move her head out bit by bit.

"honey, you're up." Lei Zhenyu had a fond smile on his face. He slowly raised his deeply buried face a little bit and lowered his head His thin lips landed a kiss on her forehead. "honey, the two of US finally cooked the raw rice last night. And Miss Che Ru Yu, congratulations. You've finally changed from a girl to a woman. Congratulations."

"Press." Ru Yu pushed him with her hand. She glared at him angrily. "Lei Zhenyu... do you have to be so despicable?"

"despicable?" Lei Zhenyu couldn't help but laugh when he heard her words. He simply sat with her and reached out to pull her into his arms. His Chin was placed on her hair He said teasingly, "honey, who was

more despicable between us last night You went to have a meal with your classmates, but you ate an Aphrodisiac and came out. You said you were naked in the car. What should I do “throw you into the snow and leave you alone “Or... “You can only transform into a little ram and let a sheep in heat pounce on you? ”

“You... ” Ru Yu was so angry that she glared at him. However, under his reminder, she remembered the scene of the dinner last night. The glass of juice that Lan Ruoshui gave her. She felt dizzy as she walked out of the restaurant, and her whole body felt hot. At that time, Lei Zhenyu even asked her if she had drunk alcohol ...

She was such a smart person. Lan Ruoshui probably thought that Lei Zhenyu would not come to pick her up, so she drugged her and then thought that she would take Jiang Zijian’s car.

“You can send me to the hospital. ” Ru Yu smiled a little, but she still felt that Lei Zhenyu was a little too much.

“I was planning to send you to the hospital, but I was stuck in traffic last night when I was about to enter the city. I was stuck in traffic for almost an hour. ” Lei Zhenyu shrugged his shoulders and tightened his grip on her body He said in a low voice, “Ru Yu, although that is a modified Hummer, it is still a car after all. It is not a plane. I can’t send you to the hospital. Do you want me to watch you be tortured to death by the APHRODISIAC POISON? ”

Chapter 1208: An awkward face

After hearing what he said, it seemed that he had been wronged last night, so ru Yu could not help but glare at him. “Fine, you have suffered a loss. Do you want me to make it up to you? ”

“Of course. ” Lei Zhenyu nodded shamelessly. While she was angry, his thin lips pressed heavily on her pink lips again. “What I want to make up is very simple, that is... every night we... HMM... ”

“In your dreams. ” Ru Yu glared at him again, then pushed him away with her hand. “Go away, I need to change. ”

“If you want to put on your clothes, just wear them. What does it have to do with me leaving? ” Lei Zhenyu felt that her words were a little funny, but he held back his laughter and asked Fawningly, “Um, do you want me to go to the cloakroom to help you get your clothes? ”

“No need! ” Ru Yu rejected him without even thinking. Then, she glared at the man who was still standing by the bed. “Then turn your head away! ”

“This... Okay! ” Lei Zhenyu endured this inhuman treatment and turned his head away reluctantly.

Ru Yu immediately got out of the bed and jumped out of the bed to run to the cloakroom. However, her legs were sore and she had just run two steps when she stumbled and directly hit the door frame of the cloakroom.

“Look at you. Why are you in such a hurry to walk? ” Lei Zhenyu rushed over and looked at the head that was rubbing his forehead with his hands. He sighed lightly and said, “I’ll go and help you get it. You go back to the bed. ”

Ru Yu raised her head instinctively. Lei Zhenyu's peach blossom eyes were looking at her with a smile. She almost instinctively wanted to use her hands to cover her body, but she found that she could not cover anything at all.

"Lei Zhenyu, you're shameless," ru Yu growled angrily. This anger caused her fair face to turn pink again. It was as if the peach blossoms in March were blooming brightly. Her Pink Lips were slightly pouted, so beautiful that it made people want to kiss her.

Lei Zhenyu instinctively felt his lower abdomen tighten. A certain part of it was expanding uncontrollably. He tried his best to control himself. He whispered in her ear, "alright, ru Yu. Last night, I was already very considerate to you. Don't tell me you still think that I haven't seen anything on you?"

"You..." ru Yu glared at him angrily and shook off his hand. She quickly walked into the changing room and opened the wardrobe to find the clothes she wanted to wear ...

Lei Zhenyu followed her in. He looked at the bruises on her smooth back that belonged to him. He sighed and took a step forward. He squeezed her smooth body into his arms again and hugged her tightly.

"honey, I'm sorry." His voice was very low and gentle. He placed his Chin on her shoulder and his thin lips breathed out a warm breath on her pink neck. "Last night... you've worked hard."

Ru Yu simply did not say a word. She directly took her concealer, her little cutie, and her undergarments. When she turned around, she just happened to bump into Lei Zhenyu's hand that slid down to a certain part of her body that was jumping like a little white rabbit.

Ru Yu's face was so embarrassed that she covered it with a red cloth. She quickly shook off Lei Zhenyu's hand and ran to the bathroom. Because she was barefoot, her footsteps were as light as a deer in the woods.

Lei Zhenyu leaned against the door frame of the cloakroom. He looked at the tightly shut bathroom door and listened to the sound of water flowing in the bathroom. He suddenly felt that this was very good!

It was really good. Ever since he met her, ever since he had a relationship with her, ever since he lived with her, every day seemed to be new. Every day made people feel happy.

She would not ask boring questions. She would not get angry and act coquettishly. She would not be unreasonable and even make him swear some kind of promise to her.

Chapter 1209, whether she knew how to cook or not

She was naturally like a fairy in the woods, her every frown and smile was filled with spiritual energy. Her usual words and actions did not have the slightest bit of pretense or hypocrisy.

To be able to live with such a woman for a lifetime, even if there was no glory or wealth, it was still extremely good. To be able to spend every day with him, to be able to chat with her in a low voice, even if it was to lose half of the assets of the Lei clan for her, what harm would it do?

From now on, he and she might be able to step into the real ordinary life of a husband and wife. Every day, they would run about for their lives. For some trivial matters, there would be disputes, but it would definitely not be a big deal. They would definitely handle these trivial matters in a very harmonious manner.

As he thought of this, the corners of his lips naturally curled into a smile. His hands could not help but clench into fists under his sleeves. It was as if he had made up his mind.

The sound of running water in the bathroom continued. He knew that she was taking a bath. He had indeed exhausted her last night. He had clearly helped her detoxify the poison in the car, but when he returned home and carried her upstairs, he was attracted by her beauty. He finally could not hold himself back. Then, he doted on her twice.

He looked meaningfully at the bathroom. In fact, at this moment, he really wanted to go in and dote on her once more. He wanted her to know that he loved her in such a sober state. It was not taking, it was not taking. He just wanted to take her with him. He wanted to fly to a joy that she had never experienced before... ...

Ru Yu took a shower in the bathroom. The warm water sprinkled on her body. She looked through the curtain of water at the bruises on her body. She could not help but sigh in frustration. Lei Zhenyu usually looked gentle and modest, but when he transformed into a wolf, he was not gentle at all.

In the mirror, there were rows of clearly visible imprints on the delicate neck and beautiful butterfly bones. She could not help but raise her hand to touch them. She felt some pain.

What a D * Mn Man! She could not help but curse Lei Zhenyu in her heart. Weren't cooked rice cooked in the same place? But why did he cook all over her body?

Did he even know how to cook?

"Do you want to know?" Lei Zhenyu heard Ru Yu's grumbling question. He was about to walk out of the door, but he turned back and pushed her step by step towards the wall by the bed. He said teasingly, "why don't we take advantage of the fact that it's broad daylight now and we don't need to turn on the lights? We can cook again and let you see how I cook."

Ru Yu was so angry that her face was red and her neck was thick. The moment his thin lips were close to her pink lips, she quickly reached out and pushed his head away. She then flashed to the side and immediately shook him off before walking towards the door.

Lei Zhenyu did not follow her. It was already noon. The two of them had a rough night last night. Today, they slept until noon before getting up. The breakfast had long passed.

"Don't go to work in the afternoon, right?" Lei Zhenyu followed her into the kitchen and looked at Ru Yu who was cooking noodles.

"What are you not going to work for?" Ru Yu did not turn her head back. When she was cooking noodles, she liked to add some vegetables or something into it. At this moment, she was washing the leaves of the cabbage.

"I'm cooking at home," Lei Zhenyu answered very naturally.

"Huh?" Ru Yu instinctively turned her head back and glared at him.

Lei Zhenyu quickly reacted and immediately explained, "what I mean is that the two of us go to the mall to buy some ingredients. The Fridge was originally empty, so we can cook dinner together at night. We can cook in the kitchen, not on the BED."

"Lei Zhenyu." Ru Yu lifted her leg and kicked him. Lei Zhenyu immediately ran away. His laughter came from the Living Room.

Chapter 1210 the changes ten years ago

Ru Yu thought that her life with Lei Zhenyu had been settled just like that. He would be a lawyer while she would be a painter. From then on, she would live the life of a married couple.

The next afternoon after work, she went back to the Che family home. Because her father's skin disease had fallen ill again, she specially went to the pharmaceutical company to buy medicine for him.

Her Father Che Qixuan, her uncle Pu Yongjun, and her aunt Pu Zihui were all famous divers. Back then, Junzhi was famous in both the underworld and the white world. Of course, Junzhi also made a lot of money in diving.

Ten years ago, Jun Zihui quit the diving industry. He even retired from diving and announced that he would never dive again.

Many people guessed that Jun Zihui quit the diving industry because Pu Zihui wanted to get married when she was older. She wanted to live an ordinary life. As a girl who was a diver, it was difficult for her to get married after being at sea for so many years.

However, real actors were not like this.

The real reason was that ten years ago, Jun Zihui took on a business deal with the Saudi palace. He was in charge of salvaging a rare treasure. It was said that the rare treasure was dropped by the Saudi princess when she was on a cruise ship.

It was also at that time that something happened to Junzhi's submarine. The submarine that had never had any problems suddenly became unable to operate at the bottom of the sea. The three of them had no choice but to climb out of the submarine in their diving suits.

It was also at that time that they encountered the largest man-eating shark. The three of them worked together to fight the man-eating Shark. Of course, they ended up defeating the man-eating Shark, but the price they paid was extremely heavy.

Pu Yongjun lost a finger, and Pu Zihui lost two toes. Of course, the other injuries were nothing, at least there was no real lack. In short, these were minor injuries.

The one with the most serious injuries was Che Qixuan. According to Pu Zihui, at that time, the man-eating Shark opened its mouth to bite her, but Che Qixuan immediately swam over and pushed her away. He wanted to escape, but it was too late. In the end, he was bitten by the man-eating Shark.

The situation at that time was very dangerous. Pu Yongjun and Pu zihui desperately stabbed the man-eating Shark's head with their sharp blades, trying to make it feel pain and let go of Che Qixuan.

However, even though the man-eating shark was in great pain, it had no intention of letting go of Che Qixuan.

In the end, Pu Yongjun took out a pistol and fired two shots at the gap between the man-eating Shark's mouth, risking the possibility of killing Che Qixuan. The bullets quickly drilled into the man-eating Shark's mouth.

The man-eating Shark was covered in blood and was in extreme pain. However, it refused to let go of Che Qixuan. It was as if it wanted to fight to the death with these three people.

Pu Zihui was afraid that Che Qixuan's head was in the man-eating Shark's mouth for too long and held her breath. She also took out a pistol and fired two shots at the man-eating Shark, aiming at the man-eating Shark's ear.

This time, the man-eating Shark finally struggled in the water for a few minutes, and then gradually stopped moving.

Pu Zihui and Pu Yongjun quickly went forward, took out their pincers, and pulled out the man-eating Shark's teeth one by one. Then, they took out Che Qixuan's head from the man-eating Shark's mouth.

That time, Che Qixuan was the one who suffered the most serious injury. The submarine's hat had long been chewed off by the man-eating shark, and his face was completely unrecognizable in the man-eating Shark's mouth. His nose was bitten off alive, and his lips could no longer be seen. One ear was missing, and the flesh on his cheek was gone, leaving only bones.

Che Qixuan was rescued and saved his life. However, his head had been in the mouth of the man-eating shark for too long, and even his bones were deformed. The nose that he picked up was reattached, and a fake ear was installed. The entire face had undergone major cosmetic surgery.
