

## Divorce 1211

### Chapter 1211, the brand new Che Qixuan

It took two years for Che Qixuan's face to be completely intact until eight years ago. However, it was a new face, and it no longer looked like the one in his photo album.

In the past, when he and Dongfang Mo stood together, they were still exactly the same, and it was impossible to tell them apart. But now, when they stood together, they were two completely different people. No one would have thought that they were once twin brothers.

Che Qixuan's personality was extremely optimistic. He said that he was already lucky to have survived, but he was actually very happy that he was no longer the way he was in the past. He even joked with Dongfang Mo, saying, "I don't need to be your shadow anymore, I am Che Qixuan. "

Ru Yu drove to Che's house. Coincidentally, Che Qixuan's personal doctor came downstairs and saw the medicine she bought. He told her to instruct Che Qixuan to take the medicine on time every day, and also told him to try not to eat seafood, which was not good for his skin. This time, Che Qixuan's skin disease was because he ate seafood.

Ru Yu nodded and sent the doctor away before going upstairs. Che Qixuan was already sitting on the sofa. She took the medicine out and wanted to help him wipe it, but Che Qixuan said that he would do it himself.

"Daddy, you know that your skin will become allergic after eating seafood, and your skin disease will flare up. Why don't you control your mouth?" Yu Yu scolded her father unhappily.

"Hehe, we went to your aunt wisdom's place. Everyone was happy at that time, and the seafood was just fished out from the sea. It was too delicious. I couldn't help it for a moment," Che Qixuan explained with a smile.

Ru Yu sighed. Daddy was like this. He was very optimistic. Thinking about how he was like ten years ago, her father, Dongfang Mo, was so angry that he jumped, but he himself seemed fine.

"little feather, it's almost new year's. Don't you plan to bring Lei Zhenyu to Binhai?" Che Qixuan asked Ru Yu while applying medicine for himself.

"I. . . Haven't told him my identity and background yet," ru Yu said with a slight headache. Then, she thought for a while and said, "I don't know if I should tell him. "

Che Qixuan nodded and said indifferently, "well, I'm not worried about this. I think you and Jin Zhengnan have been married for three years, but you didn't tell him. Now, you've only been married to Lei Zhenyu for more than three months. It's reasonable not to tell him. "

Ru Yu's heart skipped a beat. She wanted to say something, but seeing that Che Qixuan was in pain from applying medicine, she didn't say anything. Instead, she quietly went downstairs. Uncle Yongjun wasn't home, so she had to help her daddy cook.

However, as soon as she came downstairs, she saw Pu Yongjun come back with a basket of ingredients. When he saw her, he looked upstairs and asked in a low voice, "has your daddy rubbed the medicine?"

"Yes, he has." Ru Yu looked at Pu Yongjun's basket. There really wasn't any seafood left. Moreover, the basket was full of fresh vegetables. In this cold winter month, when the Koreans mainly used Kimchi and potato Tofu in winter.. It wasn't that there weren't any fresh vegetables, but they were shockingly expensive.

Of course, for daddy and Uncle Yongjun, they could afford to eat even the most expensive vegetables. After all, they had earned quite a lot of money when they were scuba diving. Later on, the diving equipment and so on had also sold for quite a lot of money.

Ru Yu saw that Pu Yongjun was at home, so she did not stay at Daddy's house. She bade farewell and left. Looking at the few cars parked in the courtyard, she wanted to drive an extra car because Lei Zhenyu did not have any transportation tools recently.

However, after thinking about it, she decided to forget about it. Lei Zhenyu had a strong sense of self-esteem. If she said that he would not go to her previous bachelor apartment, then he probably would not accept the car that she gave him.

#### **Chapter 1212 Lei Taihe fell ill**

Ru Yu drove home and was surprised to find that her sister-in-law, Cai Shaofen, had come. This was really a rare guest. Although there was nothing between her and her sister-in-law, in the end, she was still a member of the Lei family.

"sister-in-law, you came here... to see us?" Ru Yu couldn't guess the purpose of Cai Shaofen's visit ...

"I'm looking for Zhen Yu to help me with the lawsuit," Cai Shaofen said with a smile. "I've thought a lot these days and feel that it's not worth living in a position for my whole life. I'd better get a divorce before I get old."

"This... do you still need to go to court for a divorce?" Ru Yu was curious. She looked at Cai Shaofen and asked carefully, "that day, didn't... CEO Lei ask you to get a divorce?"

"that morning, he did say that he wanted to divorce me." Cai Shaofen nodded Then, she smiled bitterly and said, "however, after you moved out, he didn't respond to me when I mentioned the divorce intentionally or unintentionally these two weeks. I mentioned it to dad once two days ago. Dad immediately objected, saying that the Lei family can no longer afford to lose face."

Ru Yu smiled bitterly when she heard this. It was true. The Lei family now had an illegitimate child and a daughter-in-law of a second-hand woman. If Lei Zhensheng were to divorce again, the Lei family would probably be looked down upon by others.

"But, sister-in-law, have you thought about it? What if my brother is not willing to divorce you again?" Lei Zhenyu pondered on the side and then tried to persuade her, "actually, I think that if my brother is willing to accept it, he is willing..."

Before Lei Zhenyu could finish his words, his phone rang. He frowned slightly and took out his phone. He took a look at it, but then looked meaningfully at Cai Shaofen before picking up the call.

The call was from Lei Zhensheng. Of course, he was asking if Cai Shaofen had come to their place. Because Cai Shaofen's phone was turned off, he couldn't find her.

Lei Zhenyu said that he had come, so Lei Zhensheng told Cai Shaofen to go back as soon as possible because his father was sick. At the same time, he told them to go back as soon as possible. He said that his father was very sick this time and he was afraid that something might go wrong.

Lei Zhenyu hung up the phone and told Cai Shaofen about the situation. Cai Shaofen's face immediately changed color. She then said that during lunch, she found that the old man's body was a little strange and his face was very bad. However, she was in a bad mood and didn't care much about him. She did not expect that he would have a heart attack at night.

Lei Taihe had a heart attack and could not be angry. However, recently, it had been a troublesome matter. The approval of the land could not be issued. Lei Zhensheng's woman outside was pregnant. His illegitimate granddaughter, Lan Ruoshui, was also not up to par. Even his second son, Lei Zhenyu, was not obedient. He was actually not willing to sacrifice a little for the Lei family.

Although Lei Zhenyu and his father and brother were angry and moved out, Lei Taihe was still his father after all. Even if he had a heart attack and fell ill, he still had to rush back to take a look.

The three of them did not delay any further and immediately drove back. The Lei family's family doctor had already arrived. In the hall, not only was Lan Ruoshui present, but Song Yuxi and a strange woman were also present.

Ru Yu had seen that strange woman before. She was the woman who had been with Lei Zhensheng at the happy West Bakery. It was rumored that the woman outside Lei Zhensheng was pregnant. Perhaps it was this woman?

What was this woman doing here at this time? Could it be that she was thinking that Lei Taihe was about to die and that his last words would leave a legacy for the child in her womb?

Then why did Song Yuxi come here? Could it be that she was also pregnant with Lei Zhenyu's child? Did she have to be so shocking?

### **Chapter 1213: Why are these women here**

Lei Zhenyu was also clearly stunned when he saw Song Yuxi and the unfamiliar woman. What did they mean?

His father was only sick. Weren't they going overboard with their posturing?

Moreover, what was Song Yuxi doing here? Even if his father was about to die, it had nothing to do with her?

Just as everyone was extremely puzzled, Lei Taihe's family doctor came out. He looked at Lei Zhensheng and Lei Zhenyu and said, "this time, the illness is very serious, but it's finally salvaged. However, the old man's illness is prone to relapse. Try to avoid getting angry or agitated."

Lei Zhensheng and Lei Zhenyu nodded. Lei Zhensheng went into the room to see his father. Lei Zhenyu hesitated for a moment before sending the family doctor away.

Ru Yu and Cai Shaofen sat down on the Sofa at the side and looked at the three women across from them. Suddenly, they had the illusion that they were the main wife and mistress.

The three women across from them were the mistress of the two of them. However, the main wife of the two of them was obviously a little weak because of the small number of people, especially the woman who was pregnant. When she saw Cai Shaofen, she actually had a disdainful look on her face.

Lei Taihe was sick, and Lei Zhensheng went in. Cai Shaofen did not follow him in like before. After a while, Lei Zhensheng helped Lei Taihe out.

Lei Zhenyu walked in, and Lei Taihe sat down at the head seat. He looked at his son who was standing a step away from him. His Pale face darkened, and it was obvious that he was dissatisfied.

"Dad, if you have anything to say, just say it." Lei Zhenyu was the first to speak. He glanced at his father, then smiled and said, "well, you've called everyone who has anything to do with our family."

"What do you mean I've called everyone here?" Lei Taihe was obviously unhappy. He glared at his youngest son. "Do you think that my illness is an act?"

Lei Zhenyu did not say a word. Song Yuxi immediately stood up. She looked at Lei Taihe and said softly, "Uncle Lei, I was supposed to meet the director of the city construction bureau with President Lei tonight, but we received the news that Uncle Lei was seriously ill on the way. President Lei was frightened at that time, so he drove straight back to the Lei family. As for me... I just wanted to follow and visit Uncle Lei's illness. After all, Uncle Lei used to like Yu Xi very much."

Song Yuxi's words not only explained why she was here, but also expressed her filial piety towards Lei Taihe. She also mentioned that she used to be Lei Taihe's second daughter-in-law. Of course, Lei Taihe used to think that she was his second daughter-in-law.

The strange woman was actually Lei Zhensheng's mistress outside, Jin Qianru. She lowered her head and glanced at Lei Zhensheng. She pursed her lips and looked wronged and upset.

Sure enough, Lei Zhensheng said a little stiffly, "I called Qianru. No matter what, she is pregnant with my child. At least, the child in her belly is a member of the Lei family."

"HAHAHA." Hearing Lei Zhensheng's words, Cai Shaofen suddenly laughed out loud. Her laughter was very loud, and it was so loud that she could not straighten her back. It also confused everyone. Everyone looked at each other and was stunned.

"Shaofen, what... is going on with you?" Lei Taihe asked first. Then, he sighed heavily and said, "Zhensheng is indeed wrong to have such a thing outside, but in the end... he didn't have such a thing happen in the first few years he married you, did he?"

**Chapter 1214: I only want a divorce**

Lei Taihe was implying that the situation today was caused by Cai Shaofen. If Cai Shaofen had not given birth, Lei Zhensheng would not have gone out to find a woman to give birth to a child.

Ru Yu saw Cai Shaofen's smile and thought about how she had asked Lei Zhenyu to file a divorce lawsuit that night. She vaguely guessed something, but of course, she was not too sure.

Cai Shaofen nodded and finally stopped laughing. Then, she looked at Lei Zhensheng and said plainly, "Lei Zhensheng, you want to divorce me? Bring the divorce agreement over. I will sign it immediately and move out tonight."

Lei Zhensheng finally felt that something was wrong. This was definitely not the Cai Shaofen he knew well. In his memory, Cai Shaofen was most afraid of him asking for a divorce. For the sake of going out with him tonight, her attitude had taken a 180-degree turn?

Lei Zhensheng did not have the time to say anything when Lei Taihe opened his mouth again, "Shaofen, I told you two days ago that as long as I'm still alive, I won't agree to your divorce with Zhensheng. In the Lei family, your position as the eldest young Madam..."

"I'm sorry, Mr. Lei." Cai Shaofen quickly interrupted Lei Taihe's words and then said indifferently, "I don't care about the position of the eldest young Madam of the Lei family anymore. I only want a divorce now."

"Have you been poisoned by someone?" Lei Zhensheng asked with a dark expression. Then, he quickly mocked, "Cai Shaofen, do you think you're still a woman in your twenties? After a divorce, can you find a rich and powerful man of the same age to marry like others? There are very few women like that in this society, and there are not many fools who are willing to marry such a woman."

With one sentence, Lei Zhensheng scolded Cai Shaofen, Ru Yu, and Lei Zhenyu. He really was a CEO. His ability to organize his words was quite fast, and he probably often scolded his subordinates.

"Yes, Zhenyu is a fool," Cai Shaofen spoke before Lei Zhenyu did. Then, she said self-deprecatingly, "I am even more of a fool. So, SMART CEO Lei, take your smart mistress and lead your smart illegitimate daughter. I, a foolish woman, don't deserve to be with you, and I don't want to be with you anymore."

"Shaofen, have you had enough?" Lei Zhensheng was finally angry. He looked at his wife who was no longer obedient. Finally, he became angry out of embarrassment. "You were just poisoned by someone, and now you want to get a divorce. Let me tell you, I won't let you get what you want, so I won't get a divorce..."

"Zhensheng," Jin Qianru pulled Lei Zhensheng's arm by the side. She was very unhappy that he was angry and said that he wouldn't get a divorce. She came here today to get the news of Lei Zhensheng's divorce, especially after she walked into the Lei family's gate. She was determined to be the mistress of this place.

"Alright, have you guys had enough?" Lei Taihe was not in good health to begin with. Now that the family was making a scene, he felt even more uncomfortable. He could not help but persuade Cai Shaofen, "Alright, I've already told Zhensheng that he can't take away your position as your wife. But Qianru has his child, and the Lei family is lacking an heir. We can't let his child be born outside, right?"

Cai Shaofen did not say a word Lei Taihe continued, "I've discussed with Zhensheng and asked Qianru to stay with the Lei family. Then, two days later, we'll announce that you're pregnant. Then, the day Qianru gives birth will be the day you give birth. This way, Qianru's child will be yours when it's born..."

### **Chapter 1215: I also want to have a child**

"I don't want it." Cai Shaofen quickly interrupted Lei Taihe's words. Then, she looked at Lei Zhensheng and snorted coldly. "I want a child. After I get divorced, I'll marry another man and have a child by myself. Why would I want another man's bastard child?"

Cai Shaofen's words stunned everyone, especially Lei Zhensheng, Lei Taihe, and the others. They felt that something was not right because the previous Cai Shaofen had never said such words.

"Young Lady, are you muddled with anger?" Lei Zhensheng opened his mouth after a long while. He frowned and said, "if you can have a child, our child will be more than ten years old, right?"

"President Lei, I've always been muddled with anger. I'm very muddled with anger." Cai Shaofen looked at Lei Zhensheng coldly and said, "however, I'm extremely clear-headed now. Yes, why didn't I get pregnant after eighteen years of marriage?" "Do you want to know the reason?"

Lei Zhensheng immediately had an ominous feeling in his heart. Cai Shaofen's smile this time and her stance of insisting on a divorce made him instinctively feel that something might be disadvantageous to him.

"What reason?" Lei Taihe asked from the side, "could it be that Zhensheng has never touched you?"

"Not really." Cai Shaofen continued Lei Taihe's words. Then, she glanced at Lei Zhensheng and said, "in this regard, big CEO Lei is very cooperative. In the first few years of marriage, every month during my ovulation period, he went home every night and did all the necessary homework. However, I'm still not pregnant. Why is that?"

Cai Shaofen asked why. Everyone looked at each other. Since Lei Zhensheng did his homework during her ovulation period, it was true that she was not pregnant for eighteen years. This made people faintly feel uneasy?

No one answered. Cai Shaofen smiled and took out two reports from her bag and threw them in front of Lei Zhensheng. Then she said lightly, "President Lei, take a look for yourself. Am I infertile or are you infertile? A man who doesn't even have sperm in his semen, a man who doesn't have sperm, actually has an illegitimate daughter. Even the woman outside is pregnant. I don't know if this is a good thing or a bad thing."

What Infertile?

Lei Taihe stood up instinctively and looked at the two reports in front of Lei Zhensheng. One of them was Cai Shaofen's. She was healthy and could be pregnant at any time. The other was Lei Zhenyu's semen test report. There was no sperm in his semen.

"You... you... where did you get my semen?" Lei Zhensheng's entire body was trembling. He could barely hold the report.

“We’re husband and wife. Even if that kind of thing rarely happens now, when you come home, the two of us will still be sleeping on the same bed. Is it difficult to get some of your semen?”

Lei Zhensheng immediately stopped chewing. Cai Shaofen was right. Even if he had little interest in Cai Shaofen now, he still had to hand in public rations once or twice a month.

“You’re using this to scare people when you’re infertile. I don’t even know whose semen you used to do the test.” Jin Qianru’s face was flushed red, but she quickly slandered Cai Shaofen.

Cai Shaofen didn’t even look at Jin Qianru She just looked at Lei Zhensheng coldly and said, “of course, you don’t have to believe me. You can go to the hospital for a check-up yourself. However, I’m definitely getting divorced. I also want to have a child and be a mother for the rest of my life.”

### **Chapter 1216 who is a liar**

Following Cai Shaofen’s “I want to have a child for once in my life as a mother,” the originally noisy living room instantly fell silent. For a moment, no one made a sound.

Of course, the silence only lasted for a few seconds. Then, Lan Ruoshui’s panicked roar rang out She pointed at Cai Shaofen and shouted, “you’re lying, you lying woman. I’M DAD’S child. My Mom and Dad conceived me together. How can you say that my dad is infertile If you don’t want to acknowledge me, just say it. Is there a need to use such despicable and shameless methods?”

“despicable and shameless?” Cai Shaofen sneered Looking at Lan Ruoshui’s slightly twisted face, she said, “If you want to talk about despicable and shameless, who can compare to you, Miss Lan?” She couldn’t snatch the husband of her best friend, so she found a few photos of old Miss Lan and big CEO Lei in her mother’s belongings. Then she found out that big CEO Lei and old Miss Lan were once lovers. So when she found out that CEO Lei didn’t have any children, she used the yellowed photos and some things that CEO Lei gave to old Miss Lan to pretend to be the young miss of the Lei family.”

“You’re talking nonsense,” Lan Ruoshui growled angrily Then, she looked at Lei Zhensheng, who had a dark expression on his face, and shouted, “Dad, don’t believe her. She’s a lunatic. Ever since Che Ru Yu entered the Lei family, aunt Cai has changed. She’s completely changed. It must be che ru Yu who’s behind all this. She’s afraid that you’ll have a son and daughter. Then, Lei Zhenyu will really be driven out of the Lei family and won’t be able to get any of the Lei family’s property... “. “...”. “ENOUGH!”

“ENOUGH!” Lei Taihe, who had been silent all this time, couldn’t help but growl. His face was as Pale as paper, and his entire body was trembling. He pointed at the people in the living room and growled, “get out, all of you, get out!”

Ru Yu and Lei Zhenyu looked at each other and then stood up first. In any case, the two of them had already been chased out of the Lei family. At this time, Lei Zhensheng probably would not be able to see the two of them, so it was better to leave.

“Who told you to leave?” Lei Taihe’s voice sounded again. Lei Zhenyu and ru Yu had just taken two steps when they stopped. They turned around and looked at Lei Taihe. For a moment, it was neither right nor wrong to leave.

Lei Taihe saw that they had stopped and pointed at Jin Qianru and Lan Ruoshui who were still standing there. He yelled, "you two women, aren't you going to get out? Are you waiting for me to call security to chase you out?"

After all, Jin Qianru had a guilty conscience. Hearing old master Lei's shout, she immediately lowered her head and rushed out like a thief, while Lan Ruoshui stood there motionlessly.

"GRANDPA," Lan Ruoshui didn't dare to shout at Lei Taihe. Thus, she called Lei Taihe gently, "GRANDPA, don't fall for ru Yu's trap. She has always been cunning and cunning. When she divorced Jin Zhengnan, she refused to sign the divorce papers in order to get more property. Later, in order to prevent Jin Zhengnan and I from getting married, she did not hesitate to marry her uncle whom she had only known for a few days. Now that she has married into the family, and seeing that you have kicked him out, her idea was once again directed at aunt Cai. She pretended to be kind. I am sure that Aunt Cai's check-up was done by her friend Lin Yuxin from the obstetrics and Gynecology Department. In fact, it is said that she faked it later. It is just that aunt Cai does not know yet and is kept in the dark."

Lan Ruoshui's words sounded reasonable. She described ru Yu as a person who would do anything for a certain purpose. Moreover, she had good reasons, especially the fact that Ru Yu and Lei Zhenyu got married after only knowing each other for a few days.

#### **Chapter 1217 who fell into whose trap**

"Do I need you to teach me if I want to fall into whose trap?" Lei Taihe immediately scoffed at Lan Ruoshui's self-righteousness. Then, he snorted coldly and said, "I don't know Che Ru Yu. After all, she hasn't married Zhen Yu for long and hasn't lived at home for long. Moreover, she did marry Zhen Yu after divorcing Jin Zhengnan for a few days. There is the fact that she will do anything for some purpose."

Lei Taihe paused for a moment after saying this. Then he continued, "but I understand Shaofen. She has been the daughter-in-law of the Lei family for 18 years. She is upright and never does anything that she is unsure of. She also never fabricates false things to scare people. I believe her words."

Lan Ruoshui immediately fell silent. Her main goal was to slander che ru Yu in Lei Taihe's heart. Of course, she had succeeded. Lei Taihe indeed did not believe che ru Yu, but he did not expect Lei Taihe to protect Cai Shaofen so much.

"But GRANDPA, the problem now is that aunt Cai has also been deceived by Che Ru Yu. She really thinks that she is fertile. This is the viciousness of Che Ru Yu. She wants to harm everyone in the Lei family." Lan Ruoshui continued to add fuel to the fire. She knew that she could not offend Cai Shaofen because Lei Taihe trusted Cai Shaofen too much. Therefore, she had to push all the blame to che ru Yu.

"Yes, Uncle Lei." Song Yuxi, who had been silent all this time, also spoke up. She sighed softly and said, "we all understand the eldest young Madam's feelings. As a woman, who wouldn't want to give birth to a child and be a mother? But the key is that she's always at home. She's never had a checkup in this area before, so she probably lacks such knowledge. Meanwhile, Che Ruyu's good friend, Lin Yuxin, is an expert in obstetrics and gynecology. How would the eldest young madam be able to tell if she's faking it or not?"

“Alright, alright. You two go first.” Lei Taihe clearly did not want to listen to these two women’s long-winded words. Then, he looked at Cai Shaofen and said, “Shaofen, let’s not talk about the divorce that you mentioned. The most important thing now is that I want you and Zhensheng to undergo a new examination. I’ll get Achang to come over right now and get him to get a doctor to examine them. I can’t trust anyone else or even the hospital.”

After Lei Taihe said this, he immediately glared at Lan Ruoshui and said, “also, you and Zhensheng need to undergo a new paternity test as well.”

Lan Ruoshui instinctively panicked. She did not have the slightest confidence in whether she was Lei Zhenyu’s child or not. This was because her mother’s belongings did not tell her this, and her mother had died not long after giving birth to her. She grew up in an orphanage.

She did rely on a few yellowed photos in her mother’s belongings to find those photos a few months ago. She happened to have a financial magazine with Lei Zhensheng’s image in it, so she checked it carefully. She realized that the man in her mother’s yellowed photos was Lei Zhensheng’s young appearance, so she boldly went to find Lei Zhensheng. She did not expect that she was really Lei Zhensheng’s daughter.

Song Yuxi saw that Lei Taihe had called his family doctor and thought that he definitely would not have time to deal with her and Lei Zhenyu tonight, so she sneaked away when no one was looking.

Lei Taihe’s family doctor had not gone far when he received the call and rushed back. When Lei Taihe handed Cai Shaofen’s two reports to him, he was so shocked that he was trembling.

### **Chapter 1218 doing bad things with good intentions**

“Achang, quickly get someone to do a new check-up on them.” Lei Taihe said with some excitement, “now Shaofen is wholeheartedly believing that the results of the check-up are real, and actually wants to divorce Zhensheng. Tell Me... what’s going on?”

Achang pondered for a moment, then looked at Lei Taihe and said, “let’s go in and talk. There are too many people here and too many mouths.”

When Lei Taihe heard what Achang said, he immediately understood the importance of the situation. Then, he gave Lei Zhensheng a look. Lei Zhensheng immediately came over and supported Lei Taihe, and the three of them walked towards Lei Taihe’s room.

“Achang, what’s going on? Why are you being so mysterious? I just want you to do a new check-up on them.” Lei Taihe was very puzzled by Achang’s current behavior.

“This, I think there’s no need to do a new check-up because these two reports are true. Young Master, you are indeed... infertile.” Achang replied in a low voice ...

“What?” Lei Taihe and Lei Zhensheng were shocked. They could hardly believe their ears.

The family doctor looked at Lei Zhensheng and said, “26 years ago, you had a car accident after you broke up with Miss Lan Yunxi. At that time, we did a full body check-up on you. At that time, because

your genitals were also damaged, we did a semen check-up on you. Then, we found out that you actually had non-obstructive Azoospermia... ... Which means that you were born with Azoospermia.”

Achang said these words carefully, afraid that Lei Zhensheng would get angry. But even so, Lei Zhensheng was still so shocked that she flew into a rage He slammed his palm on the table and said, “then why didn’t you tell me about it twenty years ago? Why did you hide it all these years? ”

“At that time, your car accident was very serious, and you were injured all over. You even had to sit in a wheelchair. Moreover, you were in a bad mood after you broke up with Miss Lan. You were already disheartened. If I told you this news again, I was afraid that you wouldn’t be able to take such a big blow, ” Achang explained patiently At the same time, he added, “and you were so young at that time. I was also afraid that if this news got out, you wouldn’t be able to get a wife. What kind of loneliness would that be for you, so... ”

“That’s why you’ve always advised Shaofen to drink traditional Chinese medicine and go to traditional Chinese medicine, but you don’t want her to go to Western medicine, right? ” Lei Taihe finally understood at the side. ACHANG’s action was to expose the fact that Lei Zhensheng’s semen had no sperm.

“then... What about Ruoshui? ” Lei Zhensheng asked after a long while. He looked at Achang. “I remember that Ruoshui came to me and asked you to do a paternity test for both of us. You said that she was my daughter? ”

“Young Master, I’m doing this for your own good. You’re already 48 years old, and you’ve been looking forward to having a child. Miss Lan was Miss Lan Yunxi’s daughter back then. She looked so much like Lan Yunxi, and you love Miss Lan Yunxi so much. I thought that by letting this child who grew up in the orphanage stay by your side, I could at least make up for your regret. ”

Lei Zhensheng heard this and glared at him angrily He could not help but growl, “do you know that it’s precisely because of your kind thoughts that gave me hope and gave women outside a chance to exploit loopholes. It made me mistakenly think that Shaofen was really infertile, and then... ”

ACHANG lowered his head. He originally had good intentions, but who knew that it would backfire For eighteen years, Cai Shaofen had always believed the words of this family doctor. Now, she actually secretly went outside for a check-up. That was something he had not expected.

### **Chapter 1219 was a brilliant solution**

“Now, Shaofen insists on getting a divorce from Lei Zhensheng. ” Lei Taihe had a headache when he talked about this. His son was 48 years old, and he did not have any evidence. If he were to get a divorce, how could he marry his daughter-in-law? Even if he had money.. But how many women were willing to not have children for the rest of their lives?

Even if there were, they would probably not be good women. Moreover, he did not know what kind of intentions and purposes they had. How could they be better than a simple woman like Cai Shaofen who loved Lei Zhensheng wholeheartedly?

Achang pondered for a moment, then looked at the dejected Lei Zhensheng and said, "If you don't want to divorce the first young Madam, then there is a way to delay it."

"What way?" Lei Zhensheng looked at Achang and asked with a slightly anxious tone.

Before he knew that he had no evidence, he had thought of divorcing Cai Shaofen because he had promised to marry Jin Qianru, the woman outside. He would divorce her if she became pregnant and marry her. In fact, his goal was to have a child He did not really like Jin Qianru more than Cai Shaofen.

Only now did he know that the woman outside had lied to him with purpose and ambition. She even lied to him with an illegitimate child. How could she compare to Cai Shaofen, who had been waiting for him at home for 18 years?

"She promised to do a new check-up." Achang thought for a moment and said, "but I will help you change from non-obstructive Azoospermia to obstructive AZOOSPERMIA."

"What's the difference between the two?" Lei Zhensheng didn't know much about medical expertise. He sounded like he had AZOOSPERMIA.

"There's a big difference," Achang quickly explained. "The first one has almost no chance of being cured. It's congenital. The second one can be cured, which means that she can see hope. Then, she can't conceive naturally, so she can only be artificially conceived. The success rate of artificial insemination is very low. If it drags on for a year, then it drags on for eight to ten years. You guys are getting older, and she's about to go through menopause. What's the point of having a child? Isn't she just going to spend the rest of her life with you?"

"It's a good idea, but..." Lei Zhensheng shook his head He was slightly mesmerized. After a while, he said, "if that's the case, wouldn't it be too cruel? Shaofen is already forty years old. If she divorces me and marries someone else, she might be able to have another child. But if she follows me like this..."

"What do you mean by cruel or not cruel? Let's do it like this." Lei Taihe glared at him coldly Then, he stood up and walked towards the door while saying, "although this is indeed very unfair to Shaofen, everyone is selfish. Do you want to be single for the rest of your life?"

After saying this, Lei Taihe pulled open the door and walked out. Because he still had to go to the living room to deal with his second son's matter. No matter what, he could not chase him out of the Lei family now. After all.. The matter of the Lei family's succession was all dependent on him.

"If you really want the first young Madam to give birth to a child," Achang saw Lei Zhensheng sitting there dejectedly like a defeated rooster. He could not help but say in a low voice, "actually, it's not that there's no way."

"What way?" Lei Zhensheng asked somewhat anxiously Then, he said in a hurried tone, "although the delaying method you mentioned is good, I'm afraid that Shaofen won't accept the fact that the artificial insemination failed again and again. What if she wants to divorce again in two years?"

"The way is..." Achang whispered in Lei Zhensheng's ear ...

## **Chapter 1220: unwilling to compromise**

Ru Yu and Lei Zhenyu sat on the Sofa while Lan Ruoshui sat on the other side like a defeated hen. Meanwhile, Cai Shaofen went upstairs, probably to pack up her clothes.

After sitting for a long time, they originally wanted to leave, but now Lei Taihe and Lei Zhensheng were not around. If they left quietly, they were afraid of angering Lei Taihe. Now that Lei Taihe was in poor health, it was better for them not to provoke him.

About half an hour later, Lei Taihe walked out with a pale face. When he saw Lan Ruoshui sitting there, he snorted coldly, obviously displeased.

Lan Ruoshui was such a smart person. She immediately knew what was going on, and just as she was about to speak.. She heard Lei Taihe's slightly tired voice. "Zhenyu, you're moving back tomorrow. What's the point of you going out to rent a house for no reason? Aren't you afraid of losing the face of the Lei family?"

Ru Yu only felt that Lei Taihe's words were a little funny. So many things had happened in the Lei family. An illegitimate daughter, Lei Zhensheng's pregnant woman outside, and you openly called her back to the house. Weren't these the face of the grenade-throwing family?

"When I come back, I'll still only be a lawyer," Lei Zhenyu replied indifferently Then, he quickly added, "also, I won't divorce Ru Yu, and I won't use my marriage to exchange for the approval of the land of the Lei family. If father still insists on letting me divorce ru Yu and let me marry Song Yuxi, then I'd rather not be a member of the Lei family."

Lei Zhenyu's words made Lei Taihe's face turn Pale. He was so angry that his entire body was trembling. He pointed at Che Ru Yu and wanted to say something, but because he was too angry, he couldn't say anything.

"I'll think of a way to deal with the Lei family's land approval. You don't have to use your marriage to exchange for it." Lei Zhensheng's voice came from the other side, and then he walked over He looked at Lei Zhenyu and ru Yu and said, "it's getting late. You guys should go back first. Remember to move back tomorrow."

Lei Zhenyu was not moved by these words Instead, he said indifferently, "I'm a person, not a toy. If you want to kick me out, then kick me out. If you want me to come back, then let me come back. You really treat me, Lei Zhenyu, as a toy with no temper. I'm sorry. This time, I don't want to come back. I think it's quite good to live outside. Moreover, I have my own hands and feet. I can earn money to eat."

"You..." Lei Taihe was so angry that he pointed his finger at his son. "You're such a traitor. How can you say such things? Don't you think about what good things you've done in the past few months since you came back from America?"

Lei Zhenyu was about to retort when ru Yu pulled him back with her hand, hinting for him to stop arguing with Lei Taihe. Lei Taihe had suffered enough shock tonight, and his body was not in good condition to begin with.

Lei Zhensheng advised him lightly, "alright, Zhenyu. We were indeed lacking in consideration when we did things in the past. There are some problems that we still haven't figured out. Let's just let bygones be bygones, alright "I promise you that when you and ru Yu move back this time, you will never be

allowed to move out again. No matter what happens, there will not be any incidents that will chase you out of the Lei family. ”

Lei Zhenyu was still unwilling to move out. Ru Yu quickly pushed him away Then, she looked at Lei Zhensheng and said, “thank you, big brother. Zhenyu and I will go back and discuss it first. If we don’t move back tomorrow, then we will move back the day after tomorrow. We have more things. ”

“there are so many things. Is there no one in the Lei family? ” Lei Taihe finally caught his breath. Then, he snorted and said, “just move back tomorrow. I will send a few people to help you. ”
