

## Divorce 1361

### Chapter 1361: The faces of the Lei family

“Ru Yu, ” Lei Taihe looked embarrassed. He looked at ru Yu and said in embarrassment, “you child, although we say that we should keep a low profile, we shouldn’t keep such a low profile that you won’t even tell us who your parents are. ”

Ru Yu found Lei Taihe’s words funny, but of course, she didn’t laugh She just said indifferently, “why didn’t I say it I grew up with my father. I was born in Korea and grew up in Korea. I never hid the fact that Che Qixuan is my father. Lei Zhenyu has been to my house and met my father.”

“That’s true, but you were originally Dongfang Mo’s daughter. Moreover, Mr. Dongfang Mo didn’t say that he didn’t recognize you as his daughter. ” Lei Taihe sighed deeply and shook his head. “Ru Yu, what are you... how are we going to meet your parents now? ”

“just treat it as usual. How are we going to meet them? ” Ru Yu said indifferently Then, she added, “besides, as a girl, of course, she hopes that the man she finds will like her and not her identity and background. As the old saying goes, poor and lowly can not be moved, rich and noble can not be lewd. So, I hope that no matter what kind of identity and background I have now, I hope that you will still treat me with the same attitude as before. I may respect such a person more.”

After saying this, ru Yu immediately turned around and prepared to go upstairs. She did not bother to greet Lei Zhensheng and Lan Ruoshui who were at the side. Anyway, those two people did not like her, and she really did not like them.

“Ruoshui, apologize to ru Yu. ” Lei Zhensheng pushed his goddaughter with his hand. Actually, he also wanted to apologize to ru Yu, but the identity of the great CEO Lei made him unable to put down his face.

Lan Ruoshui did not want to apologize to ru Yu. In her mind, there was nothing special about Che Ruyu. So what if she was Dongfang Yu Moreover, it was precisely because she had turned into Dongfang Yu that Jin zhengnan regretted it. It was also the reason why Jin Zhengnan did not want her to happen. Why should she apologize to a woman who had once again taken away her happiness.

Lan Ruoshui had always been self-centered. She always blamed others for her mistakes, but she never thought about her own shortcomings.

In fact, Jin Zhengnan had broken up with her a few days ago. At that time, Jin Zhengnan did not know that ru Yu was Dongfang Yu, just like her. Now, she blamed ru Yu for Jin Zhengnan not wanting her.

Although Lan Ruoshui was extremely unwilling to apologize to ru Yu, she was also a person who judged the situation. After all, it was already unfair for her to live in the Lei family. Now, che Ru Yu had suddenly become someone the Lei family had to curry favor with If she did not apologize to ru Yu, she would probably not be able to stay in the Lei family anymore.

Thus, she immediately got up and walked towards ru Yu With a sincere look on her face, she said, “Ru Yu, in the past, there were some things that I did wrong, and I also went a little overboard. I hope that you can forgive me. Seeing that we used to be friends and now that you’re my aunt, please forgive me.”

Ru Yu looked at Lan Ruoshui like that. Although Lan Ruoshui’s attitude was very sincere, and her words were also very sincere, she knew that this was just an act. Lan Ruoshui had always been good at acting. Perhaps in her heart, she hated her even more.

### **Chapter 1362: Lan Ruoshui’s apology**

And so.. She said coldly, “Miss Lan, I just recited that old saying, ‘poverty can not be moved, wealth can not be lewd. ‘ And you were not originally a member of the Lei family. In the past, because you suddenly became arrogant and despotic like a member of the Lei family, I can understand. As humans, there will always be times when you get carried away. But now, because of the change in my identity, you actually restrained your arrogance and became like a lap dog, wagging its tail and begging for mercy. Do you think that I, Che Ru Yu, would like such a chameleon?”

Lan Ruoshui’s face alternated between red and white. In an instant, it was like a color Palette. She never dreamed that the always kind che ru Yu would be so sharp and unreasonable.

Lan Ruoshui’s face was like a color Palette. Ru Yu originally thought that she was somewhat beautiful. Of course, if she wasn’t beautiful, Jin Zhengnan wouldn’t have taken a liking to her. However, at this moment, she felt that her face was really disgusting.

Therefore, she used her hand to gently pull Lan Ruoshui away from her She said coldly, “Miss Lan, don’t block my way, okay? I hope that you will still be the arrogant and arrogant Miss Lan. If your attitude towards me changes 180 degrees just because of my identity, then I really look down on you.”

After saying this, ru Yu immediately walked up the stairs. Lan Ruoshui was slightly stunned and quickly followed up. When ru Yu was halfway up the stairs, she rushed up and grabbed her wrist. She said in a hurried tone, “Ru Yu, let me explain...”

Ru Yu was very displeased with Lan Ruoshui suddenly running up to her and pulling her wrist. She instinctively wanted to pull her hand back, so she couldn’t help but shake off Lan Ruoshui’s hand.

She did shake off Lan Ruoshui’s hand, but at that time, Lan Ruoshui was wearing high heels, and one of her feet was on ru Yu’s step and the other was on the lower step. In such a situation, she immediately couldn’t stabilize her body After shaking twice, she rolled down.

Ru Yu heard the sound of rolling down the stairs and turned her head. When she saw Lan Ruoshui rolling down the stairs, she was slightly surprised and couldn’t help but ask, “Miss Lan, are you pregnant? Are you alright?”

Lan Ruoshui gnashed her teeth in anger when she heard ru Yu’s question. This damned che ru Yu. She was only too pleased with herself now. She thought that she could be lawless just because she was Dongfang Mo’s daughter. She actually dared to push her down the stairs.

In the past, Lei Zhensheng would help her because she was Lei Zhensheng's daughter. Now, she was not Lei Zhensheng's daughter but Lei Zhensheng's goddaughter. Meanwhile, Che Ru Yu had become Dongfang Yu. Hence, Lei Zhensheng would definitely not stand on her side.

No, she could not lose everything. Jin Zhengnan did not want her anymore, and Che ru Yu hated her so much. Lei Taihe and Lei Zhensheng might kick her out of the Lei family just to please her.

She had to stay in the Lei family. She had to be on the same level as che ru Yu. She had to... ..

Ru Yu ignored Lan Ruoshui. Of course, she did not look back at Lei Zhensheng who was frowning. It was getting late. She had to go upstairs to see if Lei Zhenyu was home.

She pushed the door open and walked into the room. There was no sign of Lei Zhenyu in the living room. There were only a lot of cigarette butts in the ashtray on the coffee table. She remembered that Lei Zhenyu did not seem to smoke, and he definitely would not smoke in the room.

She frowned and immediately walked back into the bedroom. She turned on the wall lamp. The bed was empty. There was no sign of Lei Zhenyu.

### **Chapter 1363: Angry Lei Zhenyu**

Lei Zhenyu was not in the bedroom. She could not help but walk towards the study room. There was no one in the study room. She was stunned for a moment and remembered the small guest room that Mu Yao had stayed in when she came.

She quickly walked over and pushed the door open. She turned on the lights on the wall and the room instantly lit up. On the 1.2-meter single bed, there was indeed a large body lying down — Lei Zhenyu.

He actually came to the guest room to sleep. What did he mean by this? Was He going to separate from her? Didn't he have to hug her every night to fall asleep?

She walked over and sat down by his bed. Actually, the bed was very small. There was not much space left for him to lie down on, but she still forced herself to sit down. Then, she reached out to pull his hand, trying to pull him awake.

Of course, she did not pull him awake. She could not help but lower her head and call out, "Hey, Zhenyu, are you asleep?"

There was no response. The person on the bed did not move at all. She was not discouraged and lowered her head a little more. Finally, her lips were close to his earlobe. She called out to him softly again, "Zhenyu, are you really asleep?"

Actually, ru Yu knew that Lei Zhenyu was not asleep because when he was really asleep, his eyes would naturally be closed. It was only when he pretended to be asleep that his eyes would be closed so tightly.

However, Lei Zhenyu was still lying on the bed motionlessly. Ru Yu was a little unhappy. Seriously, she had taken the initiative to look for him and was so obedient. Yet, he did not give her any face at all. He did not even open his eyes to look at her. What was going on?

“Zhenyu, how can you be like this?” Ru Yu raised her voice, and her tone was clearly a little uncomfortable because of her anger. Then she explained, “I’ve been trying to tell you for the past two days, but your phone was either disconnected or your secretary answered it. Then you came back late at night, and you were so drunk that you passed out. How am I supposed to tell you?”

Seriously, it was as if she had made a big mistake. She just didn’t tell her biological parents who she was, but legally, she was Che Qixuan’s daughter in the household registration. She didn’t lie about this. Her biological parents could be said.. Or she could not say it. This did not affect her current job at all. She was still the painter of Feiyu studio from the beginning to the end.

She was so loud, but Lei Zhenyu, who was lying on the bed, still did not open the corner of his eyes. When she pushed him, he simply turned over and faced his back to her. It was obvious that he did not even want to look at her.

Ru Yu was stunned for a moment. She tried her best to recall the past few months of her and Lei Zhenyu’s lives. She remembered that Mu Yao had come to their house. Hence, she quickly explained to him in a low voice, “alright, Zhenyu, I was wrong, alright. Don’t be angry, alright. I shouldn’t have hidden anything, and I shouldn’t have brought Mu Yao to lie to you. However, these things are already in the past, right? We don’t want to live in the past. We want to live in the present and walk towards the future, don’t you think so?”

Lei Zhenyu remained silent on the bed. Ru Yu couldn’t help but pull his hand again, wanting to pull him up from the bed. However, just as she tried to pull him up, he flung her away in annoyance. It was obvious that he was impatient.

“Zhenyu, let’s go outside and sleep on the bed, okay?” Ru Yu was not discouraged. She took the initiative to lean against him and hugged him from behind. She pressed her softness against his back, hoping that he would turn around and return to the room with her.

#### **Chapter 1364: Lei Zhenyu wants a divorce**

Unfortunately, Ru Yu’s submissive gesture was useless. Tonight, Lei Zhenyu seemed to have gotten into a fight with her. He didn’t even react to her putting her softness on his back. He still had his back to her, as if he didn’t care about her at all.

Ru Yu didn’t know how to coax people, and she was arrogant. Of course, if she wasn’t arrogant, she wouldn’t have been a virgin with Jin Zhengnan for three years. After all, Jin Zhengnan was a man. In fact, she would wear more revealing clothes at home. Or she would take the initiative in bed and force herself into Jin Zhengnan’s arms, or she would take the initiative to take off Jin Zhengnan’s pants like those women in Japanese movies. It was impossible for Jin Zhengnan to sit still. It was impossible for them to only be married in the name of husband and wife.

Well, she had already done something that she could not normally do. She had coaxed Lei Zhenyu for so long, but he still ignored her. Then, her patience finally ran out. She got up, walked out of the guest room, and went back to the bedroom.

Ru Yu took a shower and climbed onto the bed. It was a big bed. Ever since she moved back to the Lei family, she slept with Lei Zhenyu every night. And tonight, she and Lei Zhenyu actually slept in separate rooms. This was really the first time in history.

Ru Yu did not know if Lei Zhenyu had fallen asleep in the guest room last night. Anyway, she did not fall asleep on this big bed alone. One reason was that she felt that this bed was too big, and the other reason was that her mind could not calm down. She kept thinking.. How should she talk to Lei Zhenyu Tomorrow? No matter what, the two of them had to make up, right?

She tossed and turned until she finally fell asleep in the morning because she couldn't stand it anymore. However, she actually fell asleep and only got up at noon the next day.

The first thing she did after getting up was to go to the guest room to look for Lei Zhenyu. However, the guest room was empty, and the cups on the bed were neatly stacked. It seemed that he had left again.

She remembered that the summit forum had just officially started today. Last night was just a warm-up. Lei Zhenyu had gone last night, so he would definitely go again today. It was already noon, so it was normal for him to leave.

She quickly ran to the bathroom to wash up and change her clothes. Last night, Mu Yao had asked her to build a snowman, so she couldn't miss the appointment. The little witch had a bad temper.

Walking out of the bedroom and into the living room, she was shocked to find a large A4 paper on the coffee table. On the paper, there were two obvious words: DIVORCE AGREEMENT!

Divorce? ! Ru Yu's head immediately boomed. She never dreamed that Lei Zhenyu would divorce her because of this matter. What kind of matter was this ...

She quickly looked at the divorce agreement. The reason for the divorce was very simple. Both parties were not sincere enough, not honest enough, and did not treat the marriage with sincerity. There was no minimum trust between husband and wife Therefore, he felt that there was no need for the marriage to continue.

Alright, to put it bluntly, she had hidden the fact that she was Dongfang Mo's daughter. Of course, she had also hidden the fact that Mu Yao was her sister. In Lei Zhenyu's opinion, she had a deceitful personality.

Ru Yu clutched the divorce agreement tightly. She had originally wanted to tear it up and throw it into the trash bin because she would never agree to divorce her.

However, she thought about it in the end and did not do so. She just placed the paper on the coffee table again.

## **Chapter 1365**

She went downstairs naturally. As expected, there was no one in the Lei family. There were only the housekeeper and servants. When they saw her coming down, they immediately came over to ask if she wanted to have lunch.

She shook her head. "No need. I'm going out right now."

Just as she walked into the courtyard, she saw Lan Ruoshui walking in from the courtyard entrance. She had a sad look on her face as if she had encountered something that made her unhappy again.

Ru Yu had no interest in Lan Ruoshui at all. Anyway, she was not a member of the Lei family now. If she wanted to be together with Jin Zhengnan, no one could stop her. She did not know why Lan Ruoshui was still so unhappy.

She got into the car and called Little Mu Yao. The little witch was indeed waiting for her at her daddy's house. When she heard her call, she immediately complained on the phone, saying that the adults did not care about her anymore. Her parents had gone to the summit forum, but Yun Heng had no conscience at all. He actually did not come back last night, and today's call could not reach him. Her sister also did not pick her up for a long time. Could it be that she wanted her to call Zheng Junji, the backup?

Ru Yu heard the little witch's words and felt a headache coming on. Well, her parents must be busy. After all, this was some forum meeting, and Yun Heng obviously did not have time. Dongfang Mo had to use this time to push Yun Heng out. From now on, Yun Heng would probably be even more eye-catching. Of course, he would also become the son-in-law candidate of many big companies. Who knew which family's daughter would Dongfang Mo and Xi Muru choose to be Yun Heng's wife in the end.

Actually, Dongfang Mo had long hoped that Yun Heng would grow up because he said that it was too tiring to manage the Dongfang Group. After the two brothers finished their studies, he would hand over the Dongfang Group to the two of them to manage.

Unfortunately, Yun Heng did not have the slightest interest in the Dongfang Group. In fact, Yun Heng did not either. It was just that Yun Heng had no choice, so he could only bite the bullet. Dongfang Mo planned to retire in two years. Then, he took Xi Muru around the world.

Of course, since they were all so busy, it was naturally up to her to take care of the little witch. She quickly said on the phone that she was already on the road and would arrive very soon. She told the little witch not to call Zheng Junji, seriously.. It was not good to always trouble others for no reason, right?

After hanging up on Mu Yao, she dialed Lei Zhenyu's number again at the traffic light junction. This time, it did not go to the secretary desk, but she kept thinking that no one would pick up.

Ru Yu was really furious now. Wasn't Lei Zhenyu too much?

Didn't he just not say that her biological father was Dongfang Mo? Didn't he just not say that Mu Yao was her sister and not her adopted daughter? How big of a deal was this?

Moreover, she had already taken the initiative to apologize to him last night. Even if he did not look at anything else, seeing that the two of them had gone through life and death together in the Angolan desert, he should at least let go of his anger, right?

But this time, he seemed to have found some leverage and really went against her. He was so arrogant that he did not even bother to pay attention to her and did not even pick up a phone call.

If he didn't pick up, he wouldn't pick up. She couldn't be bothered to call him either. Wasn't it just Lei Zhenyu Who Cared?

Besides, wasn't he going to get a divorce She just wouldn't divorce him. He was the only one who knew how to fight. Didn't she understand?

If they fought, they would fight. At most, everyone would be cold for a period of time. When this summit forum was over and her parents were gone, he would probably be done with his anger, right?

With this thought in mind, ru Yu simply turned off her phone. Since he wasn't picking up his phone, she wouldn't let him find her. Let's see who could win against whom?

### **Chapter 1366 the little witch's bad idea**

By the time ru Yu drove to the door of her daddy's car, Mu Yao and Zheng Junji were already waiting for her at the door. When she saw Zheng Junji, she immediately glared at the little witch angrily. He really knew how to cause trouble for her.

"Zheng Junji, are you very free?" Ru Yu couldn't help but roll her eyes at Zheng Junji. Seriously, didn't his father also run a company? Why didn't he follow his father to participate in that forum meeting The Zheng Group seemed to be in the top 20 in Korea, right?

"He's not free," the little demoness interrupted Zheng Junji from the side Then she said seriously, "it was me who called him. Anyway, your Lei Zhenyu probably won't want you. I thought about it and felt that young master Zheng's spare tire is quite good. Well, if you want to take me out to play, I'll call him over. It's also good for the two of you to cultivate a relationship in advance, so that your third marriage will not be as hasty as the second one. A marriage without a relationship as a foundation is not reliable..."

"Little Mu Yao, are you looking for a beating?" Ru Yu was so angry that she almost vomited blood when she heard Mu Yao's words. She flew into a rage and chased after Zheng Junji, intending to beat him up. However, Mu Yao quickly dodged to the side and instantly appeared behind Zheng Junji Thus, ru Yu's hand landed on Zheng Junji's body.

"Hahaha," Zheng Junji could not help but laugh out loud. He hugged Mu Yao tightly in his arms and then looked at ru Yu and said, "people say that beating is kissing and scolding is love. I see that you really love and love Mu Yao."

"..."ru Yu was speechless at his words. Wasn't he talking nonsense Mu Yao was her younger sister. How could she not love and kiss her?

Zheng Junji continued, "alright, ru Yu, let's hurry up and bring Mu Yao to play. The little fellow has been saying that she wants to build a snowman. She said that she can't even see snow in the winter at Binhai. How pitiful."

"Go. What's so pitiful about not seeing snow in the winter?" Ru Yu scoffed at Zheng Junji's words. "I can't see flowers and flowers in the winter. I can't see the green grass. It's only pitiful if I can't see the beautiful beach."

“Hehehe,” Zheng Junji laughed again, then used his hand to push her to the side of his car. Then, he said in a low voice, “to be honest, Ru Yu, I think Mu Yao’s words are quite reasonable. Besides, I wouldn’t look down on you just because you’re a second-hand woman in the past, and now I won’t deliberately curry favor with you just because you’re Dongfang Mo’s eldest daughter. In my heart, you’re just Ru Yu, nothing more.”

Ru Yu’s heart immediately thumped when she heard this. Zheng Junji’s attitude towards her was the same from the beginning to the end. It was the same in the past, but now that she knew that she was Dongfang Yu, he didn’t deliberately curry favor with her, nor did he pretend to be hypocritical. His attitude made people feel comfortable.

“Alright, alright, I’m in a terrible mood today.” Ru Yu waved her hand. As she reached out to open the car door, she added in annoyance, “also, I hate people who take advantage of me the most. So, you must not be nice to me at this time. If you hate me or alienate me at this time, maybe I will look up to you.”

Zheng Junji knew that there was no need to say anything else after listening to her words. Alright, he could not be bothered to speak anymore. He helped Mu Yao open the car door and bent down slightly. “Little Mu Yao, my little princess, hurry up and get in the car.”

“Thank you!” Mu Yao jumped into the car mischievously. Just as she sat down, Zheng Junji had already helped her close the car door.

#### **Chapter 1367: Who Doesn’t have a brain**

Ru Yu glared at them, feeling a little helpless. She originally wanted to drive her own car, but the little demoness had already sat in Zheng Junji’s car, so she could only get in his car.

“Hey, where are you guys going to build a snowman?” Ru Yu saw Zheng Junji driving the car out of the city, so she quickly reminded him, “actually, you can build a snowman in the park, why do you need to go out of the city? What if the road isn’t easy to walk on later?”

“Hey, Ru Yu, can you not be such a killjoy?” The little demoness was unhappy at the side. She could not help but look at her and said, “I really doubt if you are Dongfang Mo’s daughter. You are so simple-minded. Come on, don’t tell anyone that you are Dongfang Mo’s daughter in the future. You really don’t want to give him face.”

“Tch, if I don’t give him face, then you will give him face?” Ru Yu glared at the little demoness angrily. Then, she pointed out a bunch of her shortcomings in a sarcastic manner. “Look at you, Dongfang Mu Yao. You are a seven-year-old child. You don’t study hard all day and always play truant from school. Every test you take is either a zero or a few points. You even got into a fight with someone. Your parents said a few words to you and you ran away from home. Tell me, with your results, how does Dongfang Mo feel that you have gained face?”

“Stop!” Mu Yao shouted angrily. Then, she put her hands on her hips and glared at Ru Yu. “Che Ru Yu, how am I brainless? I’m very smart, okay? How many children have you seen that are only seven or eight years old and can walk alone in society? Then, look at yourself. You really don’t have a brain at all. I

don't even know if you have eyes and can't see what kind of person Jin Zhengnan is. How could you marry him? Well, that was three years ago. Now that you finally have eyes and a head, you're divorcing him. But don't lose your head while you're getting a divorce, okay It hasn't even been a few days, and you're already married to someone who doesn't have any emotional foundation. That person is also very stingy. Most importantly, the Lei family bullies you all the time. If you really had a brain, wouldn't you have kicked Lei Jianyu away a long time ago What is he Compared to Zheng Junji, the spare tire I found for you, he's not even half as good as him."

Ru Yu didn't know whether to laugh or cry after being scolded by Mu Yao. When she finally stopped, she asked weakly, "Well, how can you tell that Zheng Junji is better than Lei Zhenyu?"

"I'm better than Lei Zhenyu in every way," Zheng Junji, who was driving in front, answered before Mu Yao Then, he looked at ru Yu in the rearview mirror and asked, "ru Yu, tell me again, how am I not better than Lei Zhenyu? Is it my appearance, background, or ability?"

When ru Yu heard Zheng Junji's question, she couldn't answer him immediately After a long while, she said, "Zheng Junji, please do me a favor. Mu Yao is a child who is fooling around. Why are you here to join in the fun? Is there a need to compare people? It's not like you are buying fruits in the mall. Which one is fresh and which one is chosen "people have to talk about feelings between people. "

"But the key is, didn't you have no feelings when you married Lei Zhenyu?" Zheng Junji answered with a somewhat dejected expression. "Besides, wasn't the original purpose of your marriage with Lei Zhenyu to make a trade "Now that the trade is no longer meaningful, what's the point of keeping such a marriage "Moreover, I know Lei Zhenyu very well. He's an arrogant person. The thing he can't stand the most is others deceiving him. Do you think Song Yuxi can't go back now "And you'll be the same as Song Yuxi. Lei Zhenyu will definitely not forgive you. So, your marriage will definitely be ruined this time. "

### **Chapter 1368: the Furious Lei Zhenyu**

In the First-floor Hall of the Lei family, Lei Zhensheng was reprimanding his younger brother, Lei Zhenyu.

"Zhenyu, what's the matter with you?" Lei Zhensheng glared at his younger brother With an angry face, he said, "last night, during the warm-up exercise at the forum, as the newly appointed president of the Lei family, you should have been more in touch with the elites of the business world. However, when you arrived, you left early last night. This morning, you went, but when you saw Dongfang Mo and his wife, you didn't go up to greet them and even avoided them. In the afternoon, you simply didn't go. Don't you think you can be a little more promising? Moreover, Dongfang Mo and his wife are your in-laws. If you avoid them like this, what will Dongfang Mo and his wife think?"

"I don't care what he thinks. He can think whatever he wants." Lei Zhenyu snorted coldly and said, "besides, I'm going to divorce che ru Yu. From now on, I won't be his son-in-law anymore. I'm just a stranger. Who Cares about WHO's opinion?"

"divorce? What's going on?" Lei Taihe frowned as he looked at his disdainful son He couldn't help but ask softly, "Zhenyu, is it because ru Yu is angry and wants to divorce you? Is it because of our previous attitude towards her and misunderstanding her? So now she feels..."

“It’s not that che ru Yu wants to divorce me, it’s that I want to divorce che ru Yu.” Lei Zhenyu quickly corrected his father’s words. Then, he instinctively defended himself, “Dad, did you really only misunderstand ru Yu previously? Aren’t you insulting her?”

“Zhenyu, what are you saying?” Lei Zhensheng was a little dissatisfied with his brother’s tone and attitude. He could not help but glare at him, “yes, we did have some misunderstandings towards ru Yu previously. Initially, we could not accept that she was a second-hand woman. Of course, there was a reason at that time. Alright, let’s not talk about the reason, but she is also at fault, right? Since she was Dongfang Mo’s daughter, why didn’t she say anything? If she had said that, would I still go and ruin your wedding because of Gu Ruoyun? Also, later on, she brought her biological sister back to play the role of her illegitimate daughter. Perhaps her goal was just to take the postgraduate entrance exam for us. But how many people in the rich and powerful families can accept this?”

Lei Zhenyu heard Lei Zhensheng’s words and the corners of his mouth twitched with a hint of mockery, “so what big brother means is that if ru Yu said that she was Dongfang Mo’s daughter, then even if she really had an illegitimate daughter, it wouldn’t be a big deal, right? And you guys wouldn’t humiliate her arbitrarily, right?”

Lei Zhensheng was immediately stunned, and then he said a little unhappily, “Zhenyu, I’ve already said it just now. Ru Yu shouldn’t have let her sister play the role of her illegitimate daughter, regardless of whether she’s Dongfang Mo’s daughter or not.”

“Did ru Yu let her sister play the role of her illegitimate daughter?” Lei Zhenyu scoffed at Lei Zhensheng’s words. “when ru Yu brought Mu Yao to our house, Mu Yao hadn’t gotten out of the car yet. It seems that someone’s most beloved goddaughter went to ask Ru Yu directly, right?” “Aiyo, ru Yu, I heard that your seven-year-old illegitimate daughter came to look for you. Why? Didn’t she bring her to the Lei family to have a look at us?”

“Oh, right.” Lei Taihe suddenly remembered and then recalled the situation that day. He continued, “ru Yu didn’t say anything at that time, but mu Yao opened the car door and got out. Then she said, “who said I didn’t come?”

“It’s good that you remember.” Lei Zhenyu’s voice was cold. “think about it again. did Ru Yu say that Mu Yao was her daughter?”

### **Chapter 1369 ru Yu was not a fool**

Lei Taihe immediately fell silent. Lei Zhenyu continued, “from the beginning to the end, ru Yu did not say that Mu Yao was a daughter. It was just that our family members listened to the rumors of those women outside and assumed that she had brought a little girl back to be her illegitimate daughter. Hence, she played along and did not admit or deny it. In fact, she just wanted to see the lei family’s face. As expected, she did not let her down.”

Lei Zhenyu’s face was already filled with mockery when he said this, but his heart was filled with sorrow.

Ru Yu didn't say that Mu Yao was her child in the Lei family, but in private, she admitted to him that Mu Yao was a child that she picked up. Thus, Lei Zhenyu thought that ru Yu didn't lie to the Lei family, but ru Yu really lied to him.

"Alright, alright. This matter has been over for a long time." Lei Taihe waved his hand and said, "besides, that child ru Yu is a magnanimous person. She won't bother about this matter with us. Moreover, it wasn't that I didn't stand the test at that time. After I thought it through, didn't I let you guys come back to stay I didn't even force you to divorce her, did I In short, even if mu Yao is her illegitimate daughter, I still accepted it, didn't I?"

"Yes. At that time, it seemed as if you guys accepted the test. But in reality, you guys were forced to be helpless because I would rather not have the shares of the Lei family to be with her." Lei Zhenyu nodded his head indifferently Then, he continued, "but, from the beginning to the end, the treatment that ru Yu received in the Lei family was unfair. Just a few days ago, I suggested that ru Yu accompany me to participate in the summit forum event. You guys were still saying that she wasn't qualified, saying that she had an illegitimate daughter, saying that she was a second-hand woman and could be left at home. There was no need to go out and lose face."

At this point, Lei Zhenyu could not help but snort coldly, "you always think that you are extremely smart, but you think that others are fools. Is Ru Yu a fool Even if she is not Dongfang Mo's daughter, she can't be a fool, right A woman who became famous in the art world at the age of fifteen, how can she be a fool?"

"Alright, these things have already passed, haven't they?" Lei Zhensheng tried to persuade his younger brother, "ru Yu is not a fool. She is also very righteous. Last night, didn't she not flaunt her power because her identity was exposed? She still came back. She did not divorce you because of our family, did she "We definitely won't treat her like that in the future."

"She doesn't want to divorce me, but I want to divorce her." Lei Zhenyu's voice was no longer as agitated as when he mentioned ru Yu's grievance Instead, it was calm and filled with determination. "The reason for my divorce is very simple. It's because she suddenly became Dongfang Mo's daughter. When I married her, she was just an ordinary painter. She was a strong woman. I married a person, not an identity. I don't need her multimillionaire status, nor do I need her assets."

"How dare you!" Lei Taihe could not help but growl at his youngest son. This was indeed a blockhead. He really wanted to crack his head open with a kitchen knife to see what was inside.

"Master, Young Madam is back." The housekeeper, Achang, quickly walked in from outside the door and carefully reminded them not to quarrel.

Lei Zhenyu glanced at his father and brother indifferently, then stood up and walked towards the stairs. He did not want to see the way they treated ru yu now.

## **Chapter 1370 Division of difficulties and mistakes**

When ru Yu walked into the Lei family's hall, she saw Lei Taihe and Lei Zhensheng there. Out of politeness, she still smiled and walked over to greet them. However, she treated Lan Ruoshui who had just walked out of the kitchen as air.

"Ru Yu, have you eaten?" Lei Taihe was unusually friendly. Then, he looked at Lan Ruoshui and said, "Ruoshui has been learning culinary skills recently. Do you want to let Ruoshui show you something?"

"No need. I have already eaten." Ru Yu nodded lightly. Then, she turned around and walked towards the curved staircase.

Was Lan Ruoshui learning cooking? Didn't she go to the cooking class two years ago? Back then, she even got a second-class cooking certificate or something like that, right?

She was still learning cooking now. Could it be that she wanted to get a special-class cooking certificate? But what was she going to do with a special-class cooking certificate? Was she going to look for a job or open her own restaurant in the future?

Of course, ru Yu did not dwell on the matter of Lan Ruoshui learning cooking for two minutes. After all, she did not care about Lan Ruoshui at all. The hatred she once had towards her had become lighter and lighter because of the increasingly harmonious couple life with Lei Zhenyu.

She walked up to the third floor, but the door was not closed. It was likely that Lei Zhenyu had just gone upstairs not long ago. She pushed the door open and entered, closing the door behind her. As expected, she saw Lei Zhenyu sitting on the SOFA waiting for her.

Ru Yu immediately walked over and sat next to him. Then, she took the initiative to grab his hand and whispered, "Zhenyu, I have something to tell you."

"Ru Yu, did you see the agreement I left for you this morning?" Lei Zhenyu quietly shook off ru Yu's hand and asked in an indifferent and distant tone.

"Are you talking about the divorce agreement?" Ru Yu frowned. She did not expect that after a day, Lei Zhenyu's anger still had not subsided. When he came back at night, he was still talking about this matter.

"Yes." Lei Zhenyu nodded without hesitation.

"Okay, then let's talk about this matter." Ru Yu did not beat around the bush with him. Thus, she said solemnly, "Lei Zhenyu, between the two of us, you were the one who first asked me to get married. You were also the one who proposed the marriage agreement. The agreement clearly stated that once we were truly married, we must treat this family seriously. We can not easily divorce. And you also said that you don't want to love each other, but you want to treat each other sincerely. You don't want to live forever, but you want to live a normal life. But how long has it been? We've only been married for four to five months, and you're going to divorce me. This is sincere treatment, this is a life of bland indifference?"

Lei Zhenyu immediately fell silent. When they had agreed to get married, when he had said those words, he had thought that she was just an ordinary woman. He had never expected her to have such an illustrious family background.

“Zhenyu, our marriage is indeed based on an agreement, with the purpose of trading. But don’t forget, the two of us once agreed to advance and retreat together in the face of difficulties. Think about it, in the past few months since we got married, how many times have we faced difficulties together Which time didn’t we advance and retreat together Regardless of whether it’s your family’s objection or your girlfriend from seven years ago who came knocking on your door, we’ve faced and resisted together and walked through it together.”

Ru Yu paused for a moment at this point Then, she continued, “and now, how big of a difficulty are we facing Isn’t it just that I’ve become Dongfang Mo’s daughter You can’t overcome this difficulty and actually want to divorce me Could it be that in your opinion, Dongfang Mo’s daughter isn’t a difficulty and that’s a huge mistake?”
