### **Chapter 1511, ending 3 written by Xiao Qiao for little feather**

Fortunately, the elevator arrived soon. When they walked out of the elevator door, there were indeed a lot of people outside. This kind of environment was not suitable for quarreling, nor was it suitable for crying out of joy. Therefore, ru Yu was very obedient and restrained her unique happiness and joy.

When they walked out of the elevator, ru Yu, who was a little calmer, immediately snatched Bu Yi from Lei Zhenyu's hands. Then, she said to her son in her arms, "in the future, we won't let him carry us. This man is too bad. We, Bu Yi, don't want to be next to him. If we really can't avoid being carried by him, Bu Yi will kick him with his little feet. KICK HIM RUTHLESSLY!"

Lei Zhenyu didn't know whether to laugh or cry when he heard Ru Yu's words. It seemed that he would have a hard time for a long time. Buyi was fine. After all, he was just a one-month-old child who didn't know anything. Of course, he didn't reject him.

However, this woman, Che Ru Yu, had been competing with him recently. She didn't want him to touch her at night. Fine, she was sitting on the moon. He couldn't touch her or eat her. He could only force her.

However, she was going to finish sitting on the moon soon. He was worried that she would come out from sitting on the moon. If he didn't let him touch her, it would be troublesome.

Reality proved that Lei Zhenyu's worries were not unnecessary. After ru Yu brought Bu Yi home.. She directly kicked Lei Zhenyu out of the bedroom. "Go away. I told you not to buy a crib. There are still a few days before you go back to Seoul to live. Bu Yi has to sleep next to mommy at night, so you have to make room with him."

Lei Zhenyu's forehead immediately dropped three black lines. "honey, our bed is 1.8 meters big. Bu Yi is such a small child, how much space can he take. Our family of three can sleep on the bed too, why do you want to chase me away. The floor is so hard. I don't sleep on the floor."

"You can choose to sleep on the Sofa if you don't sleep on the floor." Ru Yu ordered him to leave without hesitation. Then, she hugged her son, Bu Yi, and announced in an overbearing manner, "in short, the bedroom will be my and my son's territory from now on. No one can invade our mother and son's territory. Lei Zhenyu, you are no exception."

Lei Zhenyu could not help but wipe the sweat on his forehead with his hand. Then, he carefully reminded her, "dear wife, it is said that my son sleeps on the same bed as my mother. It is suspected of incest. Aren't you afraid that if this gets out, it will not sound good?"

"Not good, you dead head?!" Ru Yu directly kicked him away. Then, she laughed and scolded him angrily, "Lei Zhenyu, my son is only a month old. It is only right and proper for me to bring my son to sleep. If I don't bring my son to sleep, I think I will be poked in the bone by others, right. You have the nerve to say such nonsense in front of me. If you go too far, see if I don't keep you outside the bedroom door forever."

Go too far Lei Zhenyu could not help but shout back, "Che Ru Yu, who is more overboard between the two of us? A woman who has a son doesn't even want a husband? If I go too far, do you think you will go too far?"

Ru Yu could not help but laugh. Then, she patted his face and said, "No, Lei Zhenyu, of course you're not as outrageous as me. However, I'm naturally outrageous. What's wrong with that? You don't like it? If you don't like it, you can kick it. At worst, the two of us won't go back to the Lei family with you."

When Lei Zhenyu heard this, he did not say anything more. No matter who he kicked, he could not kick the mother and son. That was his treasure. In this world, who would be foolish enough to throw their own treasure out?

Therefore, that night, Lei Zhenyu sadly hugged the pillow and quilt and went to the living room. At night, he curled up on the sofa alone. When he thought of the warm scene of his wife hugging his son to sleep in the bedroom, he could not help but feel sour in his heart.

#### **Chapter 1512, ending 4 written by Xiao Qiao for little feather**

Lei Zhenyu thought that if he was chased out of the bedroom by Ru Yu, it would take a long time before he could go back. Only then would he be able to enter her room and get into her bed. He reckoned that he would have to work hard to find a way to please the mother and son.

However, in reality, he was wrong this time. It had only been a day. The next night, Che Ru Yu looked at him with a fawning face and said softly, "Zhenyu, is the SOFA uncomfortable?"

"It's uncomfortable. It's too soft," Lei Zhenyu answered truthfully. Then, he glared at her and said, "It's all because of you, you heartless woman."

Ru Yu giggled and then asked softly, "then... do you want to go back to the bedroom?"

"Didn't you say that the bed is too small to sleep in?" Lei Zhenyu rolled his eyes at her and did not bother with her. Then, he sighed softly and said, "If I didn't go back to Korea the day after tomorrow, I would have gone to buy a crib today. I'll bear with it for the next two days."

"Don't bear with it. Let's move in tonight." Ru Yu walked over and put her hands around his neck. Her Pink Lips gently swayed in front of his thin lips. The hot breath sprayed on his face. "Don't you want to sleep with your wife and child?"

Wasn't that obvious He wanted to do it even in his dreams?

Especially since it was not easy for her to be pregnant, he had not touched her. Now, let alone touching her, even seeing her body would have a reaction. He had not touched her for almost a year.

Look at how evil this woman was. She actually put her hands around his neck and came up to him. If he could bear it, he would be a God, but he was not a God. He was a mortal. He was a real mortal, okay?

Thus, just as the woman's arm was about to leave his neck, the real mortal quickly wrapped his arms around her fat waist. He lowered his head slightly, and his thin lips covered her without warning.

“Wu...” Ru Yu was hit. It was too late for her to break free. She was forcefully controlled by his arms. His mouth was tightly shut, and he did not give her a chance to break free.

Ru Yu could not break free. She could only let him kiss her passionately. Perhaps she thought of how he had suffered for almost a year, and her heart could not help but soften. She did not struggle anymore.

It was because of this weakness that Lei Zhenyu was able to take advantage of her. By the time she reacted, she was already pressed down on the sofa by him, and his hands were unruly tugging at the concealer under her maternity dress.

After she gave birth, her body did not lose weight because she ate well. Moreover, the weather in Xiamen was still very hot, so it was not bad at all. And she did not have any other clothes to wear, so she still wore the maternity dress.

This greatly facilitated Lei Zhenyu. He controlled her head with one hand and quickly lifted her skirt with the other hand, quickly grabbing off her concealer.

“Hey, Lei Zhenyu.” Ru Yu finally woke up completely. Both of her hands quickly grabbed his hand that was going overboard. She could not help but remind him loudly, “Lei Zhenyu, I’m not a full moon yet. Women can not be in the same room during the month of confinement. Didn’t the doctor give you an explanation back then?”

“Isn’t tomorrow your full moon? It’s only one day earlier.” Lei Zhenyu did not turn over and continued to press down on her. Then, he said pitifully, “honey, you’re always making excuses. Aren’t you afraid that your husband will starve to death?”

### **Chapter 1513, ending 5 written by Xiao Qiao for little feather**

“Are you starving to death?” Ru Yu was really convinced by him. She glared at him and said, “if this kind of thing can starve people to death, then wouldn’t you have starved to death long before you married me?”

“That’s different.” He groaned in a low voice and then continued his actions. “In short, I must eat now. I’m starving to death. If I don’t eat, I won’t starve to death, but I will be bloated to death?”

“Why don’t you starve to death and then bloat to death?” Ru Yu didn’t react in time. She stared at him with wide eyes. “Lei Zhenyu, hunger and bloat are the opposite words, okay?”

“I don’t know what the opposite word is,” Lei Zhenyu answered sullenly. His strong waist fell down and pressed hard on her soft stomach. “In short, I’m hungry if I don’t eat. And the more hungry I am, the more bloated I get. It’s so painful that I feel like I’m going to explode.”

Okay, no matter how slow Ru Yu was, she was still... Well, when she omitted a few words, she understood why hunger and bloat could describe the same thing at the same time.

She still wanted to try to dissuade him, but a certain someone was already at the end of his rope and had no choice but to shoot the Arrow. Therefore, her human words were useless to dissuade him. In the end, she could only be pressed down by him, coaxed, kissed, and kissed

Then, of course, she was bullied miserably. On this Narrow Sofa, she was completely eaten up, not even leaving a single bone.

After she had eaten her fill, a certain someone's forehead dripped with crystal clear and full tears. Looking at the woman who was also panting, she revealed a satisfied smile.

"Wife," he planted a heavy kiss on her forehead and said in a low voice, "you're so beautiful, even more beautiful than before you gave birth to the baby. Just now, your scream was so beautiful. I like it too much. I'll never be able to eat enough of you in my entire life."

Her face immediately turned as red as the roots of her neck. She was almost scared out of her wits after being hit by him just now. However, that feeling was as if her entire body was flying up into the sky. Just above the clouds, surprise and shock attacked her senses at the same time. It would be strange if she did not scream out loud.

She was just about to push him with her hand when suddenly, wails and wails came from the bedroom. Both of them were stunned for a moment before they could not help but laugh again.

"Stinky Brat, you only know how to ruin his father's good deed." He got up from her body while cursing. He picked up the pants on the ground and quickly got off the bed. He did not even bother to clean the bathroom as he hurriedly ran into the bedroom.

Ru Yu Lay on the sofa but did not move. Lei Zhenyu had worked too hard just now, and she and he had not been together for a long time. The fire was really burning. This fire almost burned the passion of the two of them.

She was very tired. Although she was the one who exerted force, he was the one who exerted force. However, she was obviously much more tired than him. This did not mean that she had gained weight and could not withstand his force, but..

Well, she did not sleep for almost the whole night last night. Yesterday, she picked up Bu Yi and came back because she was excited and did not rest. Today, Lei Zhenyu went out to check out, so she was still busy taking care of Bu Yi. She didn't rest either.

Bu Yi was still young. He had just come back from the neonatology department, so he could only eat a little at a time. It was less than thirty milliliters, and he ate very slowly.

Because he ate less and ate slowly, he was hungry very quickly. Usually, within two hours after he was full, he would be hungry again, and in between, he would have to drink water and change diapers for him.

#### **Chapter 1514 The ending that Xiao Qiao helped Xiao Yu write**

Lei Zhenyu carried his crying son out of the room. He wanted ru Yu to get up and prepare milk powder for his son. In the end, he walked to the Sofa and saw that the woman who had just gone to bed with him had already fallen asleep.

Alright, he resigned himself to fate and sighed. He finally understood why she had taken the initiative to invite him to sleep in the bedroom. He reckoned that this Stinky Brat had tormented her quite a bit last night. She must have been exhausted.

Alright, his wife was exhausted. His husband had come to take care of his son. It seemed that his son was not completely unsupportive of him. With his son's contribution, he quickly ate up his wife.

Lei Zhenyu put his crying son on the bed and quickly brewed milk powder for him to drink. Fortunately, this Brat was only hungry and had something to eat, so he soon stopped crying.

After feeding and tucking his son to sleep, he was busy cleaning up the living room. The woman slept very deeply, but there was a wolf underneath her. He had to go to the bathroom and wring a warm towel to help her clean up, then he bent down. He carried her horizontally and walked into the bedroom.

She had gained weight. She was more than 20 pounds heavier than before she was pregnant. Her whole body was in his arms, and her body was fleshy. It was more comfortable to touch than when she was thin.

Two days ago, she had looked in the mirror and said that she needed to lose all her fat. She had even formulated a weight loss plan after the full moon. At that time, he did not have any objections. However, at this moment, he felt that it was still pretty good that she did not lose weight.

That night, Ru Yu also slept on the big bed. However, she had really fallen asleep. Lei Zhenyu did not sleep much because he had to take care of his son, Buyi. He wanted to sleep, but he could not.

"From now on, we will take care of Buyi for one night each." Ru Yu forcefully and domineeringly announced, "in that case, the three of us can sleep on the big bed every day."

"In your dreams?" Lei Zhenyu glared at her. Then, he said in a bad mood, "this brat is too energetic. Moreover, we are going back to Korea tomorrow. All the houses here have been returned. My Dad hired two nannies and a babysitter for Buyi in Korea. Why do we have to take care of Buyi at night? Naturally, someone will take care of him. You just have to take care of your husband."

"Two Nannies and a babysitter?" Ru Yu stared at Lei Zhenyu with her eyes wide open. "Is your dad confused? We only have one child. Do we need so many people to take care of one child?"

Lei Zhenyu could not be bothered to answer her boring question. When he was young, he also had a nanny and a babysitter to take care of him. Furthermore, Buyi was born prematurely, so his body was a little thin and weak. How could he not take good care of him?

Because Lei Taihe insisted on letting Buyi return to Korea to hold the full moon wine, Dongfang Mo decided to send the three of them back to Seoul in Korea by helicopter. Then, he would attend the difficult full moon wine in Seoul.

Of course, the Dongfang family was all present. Not only Dongfang Mo and Xi Muru, but Dongfang Mu Yao also had to go. Dongfang Yunheng and Dongfang Yunzai also rushed back from abroad to attend their nephew's full moon wine.

On the helicopter Mu Yao hugged buyi and shook her head. "Little Buyi, little Buyi, why are you here so early? You should wait for a few more years. Wait until I'm over ten years old before you come. Then, when you're a few years old, I can take you out and pretend to be my son!"

"HAHAHA!" Everyone could not help but laugh when they heard Mu Yao's words. Then, they all looked at ru Yu in unison, causing ru Yu to be so angry that her face was red and her veins were bulging. She cried out loudly.

### **Chapter 1515 said that they would go on together**

"Little Mu Yao, you petty doll. Didn't I let you act as my daughter once? Looking at your vengeful look, I knew that you wanted to take revenge on me. That's why I chose to give birth to Bu Yi early and didn't give you such a chance!"

Mu Yao immediately nodded, then looked at her and said, "this is different. What if you give birth to another baby in a few years? Then, I still have a chance."

"This idea is not bad." Ru Yu was slightly stunned. Then, she looked at Lei Zhenyu and said, "how about the two of us make a plan and give birth to another baby in another three to five years? That way, little Mu Yao will have a chance to take revenge!"

"In your dreams!" Lei Zhenyu immediately roared back. Then, he said as if he was vowing an oath, "when I return to Korea, the first thing I will do is to go to the hospital for a vasectomy. You should just give up on the idea of giving birth to another child!"

"Hahahaha!" When everyone saw Lei Zhenyu's appearance as if he was facing a great enemy, they could not help but laugh out loud.

Yun Heng understood and patted his brother-in-law's shoulder. "brother-in-law, don't be angry. I'm just joking with you. How would she dare to have a child? She's just teasing you."

"Who's teasing him?" Ru Yu answered in a serious manner. Then, she reached out and took Bu Yi from little Mu Yao's arms. As she coaxed Bu Yi, she asked in a low voice, "Bu Yi, do you want to have a younger brother or sister?"

"He doesn't want to!" Lei Zhenyu quickly answered for his son. Then, he snatched the son from ru Yu's arms. Shaking his body, he coaxed him, "I don't like others to share maternal and paternal love, do I? I don't want younger siblings."

Ru Yu was so angry that she rolled her eyes at him. At this moment, Buyi started crying. Obviously, he was hungry. Ru Yu could not be bothered to bicker with Lei Zhenyu. She hurriedly went to look for a bottle, patience, and warm water.

"Ru Yu, look at you. You're so clumsy." Xi Muru handed the warm water to her. Then, she could not help but laugh and teased, "you still want to have another child. You can't even take care of yourself. If you have a child, it will be tiring for Zhenyu. At that time, he will have to take care of you and the child. If he doesn't tire himself to death, he will probably tire himself to death."

Ru Yu's face turned slightly red. It was not that she could not take good care of herself, but it was true that she did not know how to take care of the child. Lei Zhenyu was much better than him in this aspect, so Lei Zhenyu was usually the one who did the washing and changing of the baby's diapers.

Dongfang Mo laughed and continued, "This is hereditary. Back then, when I took care of a pair of twins alone, a certain woman could not even take care of herself well."

Xi Muru's face immediately turned red. She could not help but glare at Dongfang Mo and said, "who can't take care of themselves? It's someone who is too diligent and wants to take care of others, okay?"

"Who's going to take care of you? You're the one who's lazy, okay?" Dongfang Mo laughed in return, causing everyone to burst into laughter.

"Look, a meteor!" Yun pointed out the window and shouted excitedly, "a meteor! We saw a meteor on the plane! So many meteors! This is a rare meteor shower!"

It was indeed a meteor shower. Although it was not as intense as the waterfall-like meteor shower when Dongfang Mo proposed to Xi Muru, the meteor shower this time was not small.

"Hurry up and make a wish!" Xi Muru could not help but shout, "hurry up and close your eyes and make a wish!"

"Won't you be able to see the meteor shower if you close your eyes and make a wish?" The little girl could not help but ask out loud the doubts in her heart. Then, she added, "even if you want to make a wish, you have to open your eyes and make a wish. A wish made by looking at a meteor shower might be the most effective."

Everyone could not help but burst into laughter again, and in the midst of this laughter, the cabin had already started to ring with that familiar song:

Accompany you to see the meteor shower / miss our meeting / The Sky is beautiful you / Happiness we customize / accompany you to see the meteor shower / under the moonlight we promise / never to separate / agreed to go together... ..

Meteor shower flying in the window, singing in the cabin, we can not help but sing along with this familiar ballad, everyone is filled with a happy smile.

And the helicopter slowly descended in the song, toward the Seoul airport slowly down... . . . .

The story of the small feather official ending; Tomorrow is Lin Yuxin's story

## **Chapter 1516 I won't force you**

When her cell phone rang, Yu Xin was trying on clothes in a shop. This was the first time she had gone shopping in Taiwan after 20 days.

She had been brought to Taiwan directly from Seoul, South Korea, by the Devil Lei Zhensheng. This was equivalent to bringing her from the northernmost to the southernmost. When she had come, she had

been wearing winter clothes, but it was so warm in spring in Taiwan Her few tattered clothes could not be worn at all because they were all tattered cotton jackets.

She was forcibly taken out of her apartment by Lei Zhensheng in Seoul and brought to a small wooden house on a mountain in the suburbs. It was a very beautiful wooden house. The scenery outside the window was very good, and the air was also good. However, there was no one within a few kilometers radius The Sky really did not seem to be working properly.

The wooden house was surrounded by a snow-white world. As it happened to be the new year, and coupled with the heavy snow that covered the sky and covered the earth, she was in a silver world.

Of course, if she was living alone in that small wooden house, she would definitely think that she was stretching out the purest world. She would definitely be happy and even go out to roll snowballs or something.

However, in reality, all of these were just fantasies. Because she could not walk out of that small wooden house at all. At the same time, she was not really alone in that small wooden house all the time. There was also a beast who was not even as good as a beast He would often appear in her small wooden house.

Fairy Tales always wrote that when the beautiful and kind princess was dancing, the devil would come at that time. In fact, occasionally in life, there would be collisions with fairy tales.

Therefore, when she lived in the beautiful cabin on the mountain, there were always animals coming. And animals always had a lot of ways to make her subservient to him, so that she would become his food for him to enjoy.

Whenever the animals pressed her under the Horse Galloping, she would look at the silver-white event outside the window, and then let her tears silently flow into her heart.

In such a pure world to put on such a dirty show, it was really something only animals could do. People's moral integrity usually would not go to such a low limit.

She had thought that he would let her go after he got tired of playing with her, but who knew that she had only lived in the cabin for half a month, and he told her coldly that he was going to take her to Taiwan. Obviously, he was not tired of her, and actually wanted to take her to Taiwan to play.

Of course, she would not go to Taiwan with her no matter what. He just said lightly, you don't have to go to Taiwan. Your uncle was suspected of embezzling a sum of money a few days ago. The amount was not much, but it was enough for him to sit for eight to ten years. It was up to you.

She had no parents since she was young. She had grown up with her uncle and aunt. Her uncle was the treasurer of a small company. He was usually an honest person, so how could he possibly be embezzling?

She did not believe his words. She used his cell phone to call her uncle's house. The call did go through, but it was not answered by her uncle, but by her aunt. When her aunt heard her voice, she cried and said that her uncle had been caught For the sake of her cousin getting married and buying a house, her uncle took the risk of embezzling a sum of money. She thought that it was done flawlessly, but she did not expect to be found out. Now, she was actually going to jail... ...

His aunt said that she had embezzled a small sum of money, but this small sum of money was actually not small at all. The beast said it like it was nothing. As long as you come with me to Taiwan, I will help your uncle settle this matter. The embezzled money was a huge sum for his family. It was a drop in the bucket for me.

Of course, whether it was to let your uncle go to jail or let your uncle's family live in peace, it was all up to you. I won't force you.

### **Chapter 1517 broke the rules**

Lin Yuxin came to Taiwan with Lei Zhensheng willingly because Lei Zhensheng did not force her. He was also the one who got people to help her with her visa.

After coming to Taiwan, she became a completely unstaffed person. She did not have a license because Lei Zhensheng confiscated the whole thing. She did not know where he put it. In short, it was a place that she could not find.

She did not have a job. Because she did not have a license, she could not find a job. No one would want a person who could not prove who she was to go to work.

She did not have any friends. Other than herself and the beast, Lei Zhensheng, she did not know anyone else. Lei Zhensheng was just a demon and a beast. He could not be considered a friend at all. He could only be considered as someone she knew.

She lived in the House of the beast. After all, she was a rich beast. In Taiwan, she also lived in a single-family villa. This seemingly luxurious life was more like a cage because there was no house within 300 meters of her villa. This was a typical case of isolating her.

It would be great to live in an apartment. At least there would be neighbors. Occasionally, they could even say hello to each other. That way, after a few more times, they would become familiar with each other. Slowly, they could become friends.

Living in this damn single-family villa, she could not even meet a single person. The only one she had was a servant, who happened to be a native of Taiwan. She spoke authentic Hokkien. F \* Ck, she did not understand a single word.

After bringing her to Taiwan, Lei Zhensheng did not lock her up anymore. Anyway, she was not familiar with the people in Taiwan. Moreover, she did not have any documents. Even if she ran out and did not even have a place to live, where could she run to?

She was at a loss when she arrived in Taiwan, but Lei Zhensheng was very busy. Yu Xin almost knew with her toes that the Lei family had a branch office in Taiwan, and Lei Zhensheng must have come to manage his branch office.

The temperature in Taiwan was high, so she mostly wore pajamas at home every day. Ten days ago, Lei Zhensheng was going to Japan on a business trip. At that time, before he left, he dragged her into the bedroom and then gave her a hard time. In fact, he had a full meal and then threw a card to her.

“find some time to buy a few sets of clothes. The climate in Taiwan is different from Seoul, so don’t dress inappropriately.” His voice was cold and emotionless, but the way he dressed was extremely elegant. On the other hand, her posture on the sofa was even more elegant... ..

Actually, she wasn’t in the mood to buy clothes for herself, so after she took this card, the first thing she bought for herself a few days ago wasn’t clothes, but a cell phone. She thought, even if I don’t make a call, I still have to play games, right I should at least pass the time, right?

Lei Zhensheng went on a business trip and was not at home. She bought a new cell phone and played with it for a few days. Finally, she was tired of playing all the cell phone games. It just so happened that the temperature had risen too fast these two days, and it was especially hot. That was why she had to go out again today to buy clothes.

Actually, she was not familiar with Taiwan. The day she went out to buy a cell phone was brought out by the nanny at home. Fortunately, she had a good memory. After going around, she at least found the business street, so she came to this business street again today.

Her cell phone rang desperately. She was stunned for a moment before she realized that it was her cell phone ringing. She had only bought her cell phone for a few days. Although she had a number, she had never called before. No one had called either. Who was so diligent. She actually wanted to ruin her first time?

#### **Chapter 1518 who has dirty thoughts**

She took out her cell phone and saw an unfamiliar number. Of course, she didn’t have anyone’s number in Taiwan. She didn’t even have Lei Zhensheng’s cell phone number. Therefore, no matter who called her, it was an unfamiliar number to her.

She hesitated for a long time before she finally pressed the answer button. She wondered if someone had made a wrong call. Maybe a frog prince had fallen from the sky to save her.

However, when the familiar voice came from the phone, she knew that fairy tales never appeared in reality. Therefore, the person who called her was not a frog, but a disgusting toad.

“where are you?” Lei Zhensheng’s voice came from the phone. It was a 48-year-old man. His voice sounded like he was not even 40 years old. He was magnetic and charming. Of course, this was only possible if he did not lose his temper or get angry.

“I’m buying clothes,” she answered truthfully. Then, she added, “didn’t you ask me to buy some clothes myself?”

“Yes.” The investor was very satisfied on the other side of the phone. “come back quickly. I’m hungry.”

F \* Ck, was he possessed. It was broad daylight, and he had just arrived home. Could he think of anything else besides that?

Yu Xin cursed Lei Zhensheng in her heart, but she replied, “okay, I’ll be back soon.”

He was her financier, the only person she could rely on in Taiwan. Although she was extremely reluctant to rely on him, smart people always had to go with the flow. Moreover, in this unfamiliar place, she did not even have the capital to go against the flow.

After hanging up the phone, she did not even bother to change out of the clothes she was trying on. She only asked the waiter to reduce the tag and then took out the benefactor's card to pay for the bill. She did not even bother to tell him the price.

She was not very familiar with the place where she lived, so she smartly chose to take a taxi because she did not know where to get off the bus.

By the time she rushed home, Lei Zhensheng had already crossed his legs on the sofa at home waiting for her. Seeing that she had returned with two or three shopping bags and was wearing brand new clothes, he could not help but show a satisfied expression and nodded. He said faintly, "you look pretty good in these clothes."

After spending the money of the financier and buying a financier who was satisfied, she secretly heaved a sigh of relief. Thus, she carried her bag and prepared to go upstairs, but she was stopped by him.

"Lin Yuxin, I told you on the phone that I was hungry. Don't you have ears?" Lei Zhensheng's voice was slightly raised. He was very dissatisfied with her going upstairs without permission.

Yu Xin did not know that she had offended the financier again. She walked up two steps and turned around to look at him. She said faintly, "I know that you are hungry. Then go upstairs to your room. Do you want to... stay in the living room?"

Although the nanny had asked for leave yesterday, the living room was still a place for casual guests. Even if there was no one, it was not suitable for that kind of thing, right?

Lei Zhensheng was stunned when he heard Yu Xin's words. Then, he stared at her with a gloomy face. "Lin Yuxin, I said I'm hungry. I asked you to cook for me in the kitchen. Can you not be so dirty-minded?"

F\*ck, she was dirty-minded. This D\*mn Beast. When he wanted her, he would always say that he was hungry, okay. Wasn't he the one who trained her dirty thoughts?

When did he know he was hungry when he wanted to eat? She always thought he wanted to eat because he wanted to take a shit.

### **Chapter 1519: Cooking for him**

Bitchy. Lei Zhensheng was a huge bitchy person. Before she had interacted with Lei Zhensheng, she had thought more than once that Lei Zhensheng looked like a dog and was a successful entrepreneur. Even if his temper was a little weird.. But he wasn't a bitchy person, was he?

However, when she was pestered by Lei Zhensheng, she finally understood that she had really judged people based on their appearance in the past. The past 30 years had been a waste of her life. People were indeed not good-looking enough, and judging people based on their appearance was indeed a huge mistake.

In fact, when she was a child, she had also learned the story of being mighty and unyielding. At that time, she was still in high spirits, thinking that when she grew up, she would become a mighty and unyielding man.

However, when this day really arrived, when mighty and unyielding was pressing down on her head, she felt that it was not a little difficult to be mighty and unyielding, but it was very difficult.

She was not a real man, she was just a little woman without any backbone. Moreover, it was not the first time she had bowed her head in front of Mighty and unyielding. Alright, wasn't it just going to the kitchen to help him cook She would just go.

An intellectual woman with a normal mind definitely could not compete with BT, because BT had always been unpredictable.

She had lived in this villa for twenty days, but this was the first time she had walked into this kitchen. She only knew that the kitchen was here, but she had never gone in because there was a nanny, and she was not in the mood to go in In fact, she was not even in the mood to eat.

The kitchen was as clean as new, and there were ingredients left behind by the nanny in the refrigerator. It was just that she had always been poor at cooking, and she had been working with the canteen for many years. Living alone in the apartment, who had the mood to cook?

However, at this moment, she could no longer care about her cooking skills. Helping him cook was better than letting him lie on the bed or the floor on the SOFA, right?

Moreover, every time he pressed on her and bumped into her, she could not help but think of Cai Shaofen. Every time she thought of Cai Shaofen, she could not help but feel sad and uncomfortable.

This D \* Mn b \* Stard, he was originally Cai Shaofen's husband, okay If it was not for RU YU marrying Lei Zhenyu, if it was not for ru Yu bringing Cai Shaofen to her, if it was not for her good intentions to help Cai Shaofen, if it was not for... ...

In short, everything that she had experienced today was actually related to Cai Shaofen. She really wanted to cry but had no tears. People in this society simply couldn't have compassion. She was harmed by this compassion... ...

There were a lot of ingredients in the refrigerator, but she could make very little. The Taiwanese didn't seem to like eating pasta, so the ingredients in the refrigerator were mainly stir-fried vegetables. The staple food was also rice, and there wasn't even flour to be found.

She was a typical northerner. Normally, she didn't have any culinary skills. The only things she could make were pancakes, dry noodles, dumplings, and other simple foods. Like stir-fried vegetables, she didn't know how to do it at all.

There was no flour, but fortunately, there was still a handful of noodles. She thought for a while and finally took out a tomato and a few eggs. She would make tomato covered noodles. This was the simplest. Although she had not made it before, she had eaten it in a noodle shop. She thought that she would still know how to do it.

Indeed, because it was not complicated, she would just stir-fry the tomatoes and eggs a few times. Then, she would pack them up, boil them in the water, and throw the noodles into the pot to cook.

The rice was made very quickly. In less than twenty minutes, she took out two bowls of tomato covered noodles and placed them on the dining table. Then, she shouted to the man in the living room who was leaning against the Sofa and reading the newspaper with his legs crossed, "it's time to eat the noodles. "

### **Chapter 1520, could you be a little more stupid**

Lei Zhensheng put down the newspaper and walked over. When she saw the two empty bowls of tomato toppings on the dining table, she could not help but frown. "where's the pile of ingredients in the fridge? You've only been here for half a day, and you've only managed to make two bowls of this? "

"I don't know how to cook anything else, " Yu Xin said truthfully. She sat down and took the lead to jump into the noodles to eat. In the end, she ate it in one gulp. Only then did she realize that the tomato toppings were not salty, but sweet. Moreover, because she had put too much white sugar, it was so sweet that she could not eat it at all.

Oh my God, she had just smeared the white sugar as if it was salt. No wonder she couldn't smell the fragrance of the tomato covered noodles. So there wasn't even salt?

Lei Zhensheng saw her expression and immediately felt that something was wrong. He quickly picked out a few noodles and put them into his mouth. In the end, he spat them out without chewing twice.

"Can you be a little more stupid? " He couldn't help but yell at her, "Lin Yuxin, I really suspect that you cheated to get into university at that time. "

"It's not easy for ME TO COOK! If you don't like the taste, then go make it yourself. There are so many ingredients in the fridge, you can totally do it yourself. " Yu Xin couldn't help but yell back Anyway, he was going to bully her. Whether she resisted or not, he was going to bully her. So, he might as well resist a little to make himself more comfortable.

Lei Zhensheng was stunned, and his face immediately darkened. He reached out to grab her hand and dragged her out of the door.

"Hey, where are you taking me? " Yu Xin could not help but shout in panic, "Lei Zhensheng, let me tell you, it's illegal to buy and sell women. If you dare to sell me to some sex scene, I will definitely call the police. "

The reason why Yu Xin shouted like she was facing a great enemy was because when she first arrived in Taiwan, she had also resisted Lei Zhensheng once. That time, she was unwilling to take off her clothes to sleep with him. In the end, he forcefully tore her clothes and even threatened her. If she dared to disobey him.. She would sell her to a sex scene to receive customers. It would depend on whether she was willing to serve him or a different man every day.

She was scared at that time because she knew that Lei Zhensheng was an extremely bad \* SS man. If he could say it, he would definitely do it. However, a conservative woman like her was unwilling to go to a sex scene even if she was beaten to death.

Therefore, from then on, whenever he needed her or hinted that he needed her, she would obediently strip naked and let him torture her in all sorts of ways.

However, she never expected that today, she was just talking back and not disobeying him in bed. She was actually dragged out of the door by him. She could not help but feel scared and terrified. In an instant, she saw the sex scene on TV, so she could not help but shout out loud.

Lei Zhensheng heard what she said and was so angry that his face turned green. He opened the car door and stuffed her in. "I'll take you out to eat. It's not easy for both of us to cook. Are we going to starve to death in this house?"

Hearing his loud shout, Yu Xin finally understood his intention. Well, as long as he didn't take her to the sex scene to sell her, she didn't object to eating. It was her fault for not being able to cook a good meal.

"Go and register for a cooking class tomorrow," Lei Zhensheng said to the woman in the passenger seat as he drove. "Both of us don't know how to cook. We can't eat in a restaurant every day, right? Besides, the food in restaurants isn't delicious, and there's no nutrition."
