

Divorce 1581

Chapter 1581: How is Lin Yuxin better than me

Lei Zhensheng used to think that Taiwan was very small. In his words, it was as big as a palm. Of course, Korea was also small, but Korea was still a little bigger than a palm.

However, it was in this palm-sized place that Lin Yuxin disappeared without a trace. He turned this palm-sized place over and over a few times, but he still couldn't find Lin Yuxin.

In the blink of an eye, two months had passed. Lei Zhensheng used all the human language methods he could think of, but he still couldn't find Lin Yuxin. He not only wondered, where could a woman without documents run to?

"smuggling," this was what Li Qinghe reminded him when he came to look for him.

Li Qinghe said that she had taken Lin Yuxin to see the person who could help smuggle people. Maybe Lin Yuxin was smart enough to leave the phone number of the person who helped smuggle people. Maybe she secretly contacted the man herself.

"But Lin Yuxin doesn't have money?" Lei Zhensheng frowned, "could it be that the people who helped smuggle people don't even want money?"

Li Qinghe said, "how could Lin Yuxin have no money?" Didn't she pay the money last time? The people who helped smuggle were all gangsters, and gangsters were actually quite trustworthy. Since they took the money, they had to work for someone, right? "maybe that person has already smuggled Lin Yuxin back to Korea."

Lei Zhensheng felt that Li Qinghe's words were reasonable, so he asked her to bring him to meet the people who helped smuggle Lin Yuxin. Then, he took out Lin Yuxin's ID and showed it to that person.

"This woman didn't look for me after that," the person who brought people to smuggle said with certainty. "As for whether she looked for someone else, I don't know. Anyway, I'm not the only one who brought people to smuggle."

Lin Yuxin did not look for this person. Lei Zhensheng was even more puzzled. Then, it was even more impossible for her to look for someone else. Because she did not have any money at all, even though his card was on her. But the money on that card had not been touched since the day she left.

Lei Zhensheng could not find Lin Yuxin. However, in the past two months, in order to find Lin Yuxin, he had interacted with Li Qinghe a few more times. and Li Qinghe clearly still had some interest in him.

"Aren't you going to get married?" Lei Zhensheng pulled out Li Qinghe's hand that had already reached into his pants. He said to Li Qinghe unhappily, "if a woman is going to get married, she should protect her husband well. How will your husband treat you in the future if you flirt outside like this?"

Lei Zhensheng was actually telling the truth. Although men loved to be unfaithful outside, they liked traditional women from the bottom of their bones, especially their own wives. They absolutely could not let outsiders get their hands on them.

“But I’m not married yet, am I?” Li Qinghe said to Lei Zhensheng with a smile, “as long as you are willing to marry me, I will break up with that man immediately. I still like you more.”

“You like my money more, right?” Lei Zhensheng pointed out directly. He shook off her hand that was on his shoulder again and stood up to go to the door. He stretched out his hand to open the door, “Miss Li, you can leave now. Don’t come looking for me again. I will never like you.”

Li Qinghe stood up reluctantly. She walked to the door and asked unwillingly, “which part of Lin Yuxin is better than me? Is she prettier than me? Or is she better than my figure?”

Chapter 1582 was she really old

“She is not as beautiful as you, and her figure is not as good as yours,” Lei Zhensheng said truthfully. “However, she is more real than you. She has never been hypocritical. She will not change her own thoughts and will just because of money.”

“To put it bluntly, she just doesn’t like you,” Li Qinghe said very unwillingly. “although I am almost ten years older than Lin Yuxin, the age difference between us is not that big. At most, we are only one or two years older than her. Since she is not willing to follow you and wants to escape from you again and again, why do you have to... “. “... “...”

Before Li Qinghe could finish her words, Lei Zhensheng grabbed her arm and threw her out. Then, with a bang, Li Qinghe was directly locked out of the door by Lei Zhensheng.

Lei Zhensheng was furious. He had occasionally called Li Qinghe over these two months to inquire about Lin Yuxin’s whereabouts, because Lin Yuxin and Li Qinghe had a good time for a while.

But who knew that after Li Qinghe, this woman, came a few times, she mistakenly thought that he had the intention to get back together with her. In the last two times, she actually started to cling to him.

Last time, he had already warned her. He did not expect her to come uninvited today and even touch him. Thinking of her hand reaching into his crotch, he only felt disgusted and wanted to chop off her hand.

Wasn’t it strange? That dead woman Lin Yuxin had left him for two months, but he actually did not go out to look for a woman. This was really unusual for him.

Thinking back to when he separated from Lan Yunxi, it had been about a month, and he had gone out to look for a woman.

Of course, at that time, he was young. It was probably a form of resistance against his father. In short, he had also spent a period of time living a luxurious life. It was not until he married Cai Shaofen that he stopped living a luxurious life.

After divorcing Cai Shaofen, he was really honest. However, at that time, he was determined to get Cai Shaofen back. In the end, of course, he did not get her back. Then, he vented his anger on Lin Yuxin and went to find Lin Yuxin.

Lin Yuxin was definitely a witch. He made a conclusion in his heart. This woman looked very ordinary, but her entire body was full of magic power. He was deeply attracted to her.

In fact, Li Qinghe was right. Lin Yuxin was not particularly beautiful, nor did she have a good figure. Her three measurements were not even symmetrical, but he actually missed her like crazy!

I must be obsessed. He thought to himself. No wonder he wanted to marry that woman. That woman was probably a demon in a painting. He was probably possessed by a demon. That was why he could not see other women except for her.

In fact, in the past two months, other than Li Qinghe pestering him, his assistant had helped him arrange women once or twice. But he was not interested in other women, so he sent those women away in the end.

I might really be old. He made a conclusion in his heart. When he was young, he seemed to be very impulsive when he saw the beautiful body of a woman. He almost could not control himself.

However, now that he was older, he would be 49 years old after the Spring Festival. He was almost 50 years old. It was as if all his passion had disappeared. The last time his assistant arranged for that woman to wear a fig leaf, he actually did not have any reaction at all. He even chased that woman away.

Those who knew him thought that he was pretending to be serious, but they did not know that he was not good in that aspect. However, only he himself knew that he was old.

When this person got old, was he like a child? He would be attached to the people around him. Therefore, right now, he missed Lin Yuxin even more and wanted to find her even more.

Chapter 1583 meeting an old friend

Regarding Li Weisheng's proposal for marriage, Yu Xin had never really thought about it seriously. She thought that as long as Lei Zhensheng could not find her, then it was actually quite safe for her to stay in Tainan.

Especially as time passed, as she adapted to her surroundings, as her good temper and slightly indifferent personality were gradually accepted by people, her life gradually became colorful.

At first, people did not pay much attention to her, mainly because she was a genuine outsider. And this outsider did not only mean that she was not from Tainan, but also that she did not have a Taiwanese accent in her national language.

Of course, when she first arrived, she was also not very willing to pay attention to others. She always maintained a certain distance from her colleagues in the hospital and was always anxious and uneasy. She was worried that Lei Zhensheng would fall from the sky one day.

However, as time slowly passed, Lei Zhensheng did not fall from the sky. In the hospital, because of her superb medical skills, because she was serious and responsible, because she did not pay attention to right and wrong but was also relatively amiable, she gradually.. Some doctors and nurses also came closer to her.

In the blink of an eye, two months had passed. Although Li Weisheng would always come two or three times a month, there were times when he would not come. At this time, he would ask her out to play at the same time.

At first, she refused to go twice, but later, she was pestered by a nurse and could not be persuaded, so she followed them out for a trip. She found that she was quite happy to play with them, so she gradually let go.

However, she had a very strict rule, which was that she did not want to take photos. Not only did she not want to take photos alone, but she also did not want to take photos with anyone.

“My mother said that I have a tough life. Who would be unlucky to take photos with me?” She made up a random reason, then looked at the nurses and said, “which one of you wants to be unlucky?”

“Me!” The nurses raised their hands one after another, but they laughed out loud. However, with her explanation, there was no one who did not know better who insisted on taking a photo with her.

Although the winter in Taiwan was not cold, it was still somewhat cool sooner or later. Especially in the recent days when it rained, the temperature had obviously dropped. Yu Xin would inevitably wear a thin coat when she went out sooner or later.

Of course, such a winter was too warm for Yu Xin because the winter in Seoul was so cold that people could not go out casually. They had to wear down jackets, hats, gloves, and so on.

She had once thought that she would spend a year, two years, or even three years in Tainan quietly. She had also thought that as long as she did not leave Tainan, she would not meet anyone she was familiar with.

However, this understanding was quickly broken, and the person who broke this understanding was an old friend of hers.

She had not thought of going out to play on the weekend, but she could not persuade her young nurse and an intern who had just arrived. The two of them insisted on taking her to tour the heavenly Harem.

In fact, she had already been to the heavenly empress palace. Not long after she came to Tainan, Li Weisheng had taken her there. However, since she had nothing to do on the weekend, and Li Weisheng said that she could not handle being busy in Taiwan.. Therefore, she went with the two young girls who were just in their early twenties.

The heavenly empress palace was a historical site in Taiwan. It was not just the Taiwanese who came to visit. In fact, there were many tourists both at home and abroad. It was said that as long as they came to Taiwan, no matter which country they were from, they would be brought to the heavenly empress palace by the tour guide.

She had heard someone call her ‘Lin Yuxin’ in Korean at the entrance of the Heavenly Queen Palace. At that time, she was obviously stunned for a moment. She slowly turned around and was shocked to find that Lan Ruoshui was actually standing just a few meters away from her.

Chapter 1584 meeting an old friend 1

"I thought I had mistaken you for someone else." Lan Ruoshui's Korean was obviously a little excited. She took two steps closer to her and said, "so it really is you, Lin Yuxin. Why did you come to Tainan for a vacation?"

Come to Tainan for a vacation Oh my God, she had no choice but to flee to Tainan, okay How could she have the mood to go on a vacation?

Of course, she could not say this to Lan Ruoshui even if she was beaten to death. She frowned slightly and said indifferently, "I came here to relax. Aren't you also here for a vacation?"

"I'm here for a vacation." Lan Ruoshui saw that Yu Xin was very indifferent and immediately felt that her enthusiasm just now had pasted on her cold butt Therefore, she also said indifferently, "I originally lived in Taiwan. Today, I just happened to come to Tainan to play. I didn't expect to meet you."

"You live in Taiwan?" This time, it was Lin Yuxin's turn to be surprised. Didn't Lan Ruoshui live in Seoul Why did she come to live in Taiwan again?

"Yes, is this very strange?" Lan Ruoshui saw her surprised expression and felt that she was somewhat inexplicable.

"Well, aren't you with Jin Zhengnan?" Lin Yuxin looked at Lan Ruoshui and frowned even more. "You and Jin Zhengnan emigrated to Taiwan?"

Before Lan Ruoshui could speak, a short Taiwanese man who looked to be in his sixties walked over. He came over and held Lan Ruoshui's hand intimately. He asked in a low voice, "why? Did you meet a friend?"

Lan Ruoshui immediately smiled charmingly and shook her head. She said lightly, "We've met a few times before. We're not friends. We just know each other."

After saying that, she left with that Short old man. She didn't even say goodbye to Yu Xin.

Yu Xin stood there and looked at Lan Ruoshui's back as she disappeared into the crowd. She couldn't understand why Lan Ruoshui would do this. Didn't she love Jin Zhengnan to death back then? It wasn't easy for her to snatch it from ru Yu Why didn't she cherish it?

"Wow, Dr. Wang, you speak Korean?" The two girls waited for Lan Ruoshui to leave before running up to her. They said with a little excitement, "Dr. Wang, you're amazing. We thought you only knew English, but you actually know Korean. You're amazing."

Yu Xin was embarrassed. She was Korean, okay? WHO IN KOREA COULD NOT SPEAK KOREAN?

However, of course, she did not tell the two girls that she was Korean. Because the fake ID that Li Weisheng gave her was from Taiwan, she said indifferently, "when I was studying, I had an exchange with a Korean student. I went there for a year, so I can speak Korean."

This excuse was flawless, so the two girls did not doubt it at all. They still pulled Yu Xin to play happily.

However, Yu Xin could not be happy anymore. Lan Ruoshui's appearance was like a bomb buried beside her, because as far as he knew, Lan Ruoshui was Lei Zhensheng's goddaughter. Moreover, when she was in Korea, she still lived in the Lei family.

When Lei Zhensheng did not know that he was infertile, he especially doted on Lan Ruoshui, because he used to think that she was his own daughter. As for when he found out that he was infertile, he seemed to be quite tolerant of Lan Ruoshui and acknowledged her as his goddaughter.

However, the relationship between the Godfather and the goddaughter in this society was originally very delicate, and the relationship between Lei Zhensheng and Lan Ruoshui was probably not too delicate, right?

After all, Lei Zhensheng sincerely thought that Lan Ruoshui was a daughter, and Lan Ruoshui loved Jin Zhengnan so wholeheartedly, so the relationship between their goddaughter and the godfather should be normal.

Chapter 1585: Agree to marry Li Weisheng

That night, Lin Yuxin called Li Weisheng as soon as she got home. She told him that she had met her former friend, who was also Lei Zhensheng's goddaughter. However, she did not know if Lei Zhensheng had told her goddaughter about their relationship.

Li Weisheng was also shocked when he heard her words. He quickly said, "it's too dangerous. Even if his goddaughter doesn't know about you and Lei Zhensheng..." However, if Lei Zhensheng's goddaughter accidentally told Lei Zhensheng about her encounter with him when she returned to Taiwan, he would probably be caught by Lei Zhensheng, right?

That was indeed the case. Lin Yuxin was so anxious that she was about to cry. She kept asking Li Weisheng what she should do. She had only stayed in this hospital for more than two months and had just gotten to know everyone. She still wanted to stay quietly.

Of course, she could not stay any longer. That night, Li Weisheng drove over and told her to quickly pack her things and return to Taipei with him. He said that the most important thing now was that there was nothing safer than marrying him.

Yu Xin had not thought about whether she should marry Li Weisheng. However, things had come to this point. If she did not get married quickly, it was likely that she would not be able to control Lei Zhensheng and bring her back.

If she got married and became someone else's legitimate wife, or if she was still pregnant in a few months, then even if Lei Zhensheng found her, he would not be able to forcefully bring her back.

With this in mind, she finally agreed to marry Li Weisheng because Li Weisheng was right. The two of them might not have a so-called love, but they were suitable for marriage.

SUITABLE FOR MARRIAGE She did not know if these four words could be considered an idiom, but it was suitable to describe her and Li Weisheng. Moreover, Li Weisheng's family was quite satisfied with her.

This was especially so for Li Weisheng's sister, Li Lili. When she saw that Yu Xin had come to her mother's house and that she was going to marry her younger brother, she was so happy that she said it was great to have a doctor at home. She did not need to go to the hospital anymore.

Li Weisheng was worried that Yu Xin would be found by Lei Zhensheng, so he set the wedding date in a hurry. So much so that his parents said that it was the first time they saw him in such a hurry. In the past, he had no interest in getting married.

Although the Li family was not considered a wealthy family in Taiwan, overall, it was not bad. There was a Yunshan hotel, two barbecue shops, and a travel agency. This could be considered a wealthy family.

As the saying went, “don’t let the good water flow to outsiders.” Therefore, the wedding was scheduled to be held at the Yunshan Hotel. In order to prevent Yu Xin from being exposed in advance, Li Weisheng said that he would go overseas to take additional photos after the wedding. The reason was that the scenery in Taiwan was not very good.

The wedding was scheduled to be in two weeks. In these two weeks, Yu Xin stayed at Li Weisheng’s house. She almost did not dare to go out. After all, they were in Taipei, so she usually found an excuse to find the cause of Li Lili’s illness and spent the whole day reading in Li Weisheng’s study.

Fortunately, Li Lili was very good to her. She came to see her every now and then and even asked if she could help her husband to have a checkup. She said that her husband had been recuperating recently.

Before Yu Xin could answer in a hurry, she was rejected by Li Weisheng. He said, “sister, how can you say that? Let brother-in-law see the male department. Don’t you know that my Yu Xin is a woman? “?

Li Lili could not help but mutter, “in the eyes of a doctor, there is no gender, okay? Do you even understand Yu Xin? And you even married someone? ”

Chapter 1586 attending the wedding banquet

In the blink of an eye, it was the middle of January of the second year. There was less than a month before the Lunar New Year, and Lei Zhensheng had yet to find Lin Yuxin.

Three months. Lin Yuxin had been missing for an entire three months. She was like a flying bird that had flown away from his house, leaving not even a trace in the sky.

Indeed, she had not left behind any traces. Because in the women’s hospital where she used to work, no one could tell if there was anything suspicious about her, and she had once contacted.. Even the person who had paid her to smuggle people into Taiwan had helped Lei Zhensheng ask his colleagues. In the end, he said that no one had smuggled such a person out of the country.

No one had smuggled her out of the country, which also meant that she was still in Taiwan. Since she was in Taiwan, where was she? After all, Taiwan was only a palm-sized place with an area of more than 30,000 kilometers.

He had set foot in Taipei, Kaohsiung, and Tainan to look for her. She was a doctor, so her job should be in the hospital. Therefore, he had people check all the hospital’s systems, but they did not find a person named Lin Yuxin.

Of course, Lei Zhensheng did not expect that the name of Lin Yuxin in Tainan’s hospital was not Lin Yuxin, but Wang Peiqin. Therefore, even if he knew that there was a Wang Peiqin, he would not have thought that it was Lin Yuxin.

After three months of not finding her, he only felt extremely agitated and uneasy. He could not sleep well day and night. One day, he dreamed that she had come back, covered in blood. She had been beaten up outside.

He was directly scared awake by this dream. After being scared awake, he could not sleep anymore. He walked out of his room in a frenzy and went upstairs and downstairs to look for her alone. He went to every corner of every room to look for her.

Of course, he did not find her. In the end, he lay on her bed and fell asleep again in a daze. He dreamed again, but he dreamed that she was wearing a white wedding dress and smiling happily. However, he could not see who the groom beside him was?

He received an invitation from the president of Yunshan Hotel, Li Yunshan, when he was about to get off work. On the invitation, it said that his son was getting married and invited him to participate in his son's marriage.

In fact, he did not have a deep relationship with Li Yunshan because Li Yunshan rarely stayed at Yunshan Hotel. He had a closer relationship with the vice president of Yunshan Hotel, Li Yuntian. After all, the VIP guests of the Lei's company usually stayed at Yunshan Hotel, so.. The Taiwan branch of the LEI's company sent money to Yunshan Hotel almost every day throughout the year.

Of course, he had to go to the wedding of the son of the president of Yunshan Hotel. Moreover, he had long heard that in order to nurture his son, Li Yunshan had sent his son to various departments to work and study. The purpose was to let him inherit the position of president after he got married as soon as possible, because Li Yunshan wanted to retire in a few years.

The wedding was held in the lily room on the ninth floor of Yunshan Hotel. When Lei Zhensheng arrived, he still felt depressed. Li Yunshan could be considered a wealthy family in Taiwan. There were two hotels under him, and Taiwanese people were very proud of themselves. Why did he use such a small hall to hold his son's wedding?

In fact, the small hall was not too small. It was about 200 square meters. If the children of an ordinary family were to get married, this hall would be enough, because it also had ten tables.

However, for a family like Li Yunshan's, he felt that he had to use the ring-shaped hall on the second floor, because that hall could accommodate thousands of people, while the Lily Hall could accommodate up to 150 people.

Because he usually only interacted with Li Yuntian, he was not very familiar with the Li family. When he entered, Li Yuntian led him to the VIP seat and was busy recruiting guests.

Chapter 1587 bride snatching

The VIP seats were very close to the stage, and such seats were usually reserved for the elders of the Li family. Therefore, Lei Zhensheng was surrounded by strangers on both sides, so he could only hold a cup of tea by himself.

He sat for less than ten minutes before the lights on the stage lit up. The host walked up and said a few opening remarks. Then, he said that today was the wedding day for the eldest young master of Yunshan Hotel, Li Weisheng, and Lin Yuxin.

Because the host's Mandarin had a strong local accent, Lei Zhensheng did not recognize Lin Yuxin because the pronunciation of the three words that the host spat out was actually 'Lin Yuxin' .

As the wedding march played, the bride and groom in White Dresses and wedding gowns slowly walked onto the red carpet in the middle. Everyone applauded loudly because the groom was handsome and the bride was beautiful.

Lei Zhensheng sat in the front and did not turn around. He was not a young man after all, so he was much less passionate about this kind of scene. Moreover, he had originally attended this wedding just to be polite.

Finally, the bride and groom walked onto the stage accompanied by the best man and maid of honor. Then, they looked at the guests with a smile on their faces while the host read out a long string of blessings loudly.

Lei Zhensheng did not hear what the host was reciting. He only knew that the moment he raised his head, it was the moment the bride and groom turned around. Then, his gaze was fixed on the bride.

If his eyes were not blind, if his eyes were not malfunctioning, then the bride who appeared in front of him at this moment was actually the woman he had painstakingly searched for in March — Lin Yuxin!

At this moment, Lin Yuxin's face was covered with exquisite makeup. Her eyes, which were originally not particularly big, looked watery under the makeup artist's Mascara and false eyelashes, but they were much bigger.

Her face, which was originally thirty years old, actually looked like she was in her twenties due to the makeup artist's superb skills. especially the smile on her face, which was like a spring breeze that he had never seen before, calm and natural.

Damn woman, isn't she too bold It was one thing for her to secretly escape when he was not around, but now she actually dared to brazenly marry someone?

Who gave her the right to do so Who allowed her to marry someone Did she forget that she had already married him Did she forget that she was already his woman?

When he thought of this, his blood almost gushed out. Then, without thinking, he stood up and walked straight towards the stage, completely forgetting that the wedding was currently in progress.

When the people below the stage saw Lei Zhensheng walking towards the stage, they were all shocked. This was because the emcee had not announced who was going to be invited, and even the groom's father had not been invited?

Lin Yuxin only turned her gaze when she saw someone walking towards the stage. When her gaze met Lei Zhensheng's gaze, Lei Zhensheng had already walked to the stage and stood directly in front of her.

She wanted to turn around and escape, but when she turned around, it was a wall and there was no place for her to escape. She panicked and Li Weisheng immediately used his hand to protect her, but Lei Zhensheng had already reached out and grabbed her arm.

“Come back with me, who allowed you to get married!” His voice was low and cold. Without waiting for Yu Xin’s reply, he immediately used force and pulled her out of Li Weisheng’s arms. He carried her horizontally and walked down the stage.

The guests were in an uproar. They did not expect that this kind of television drama would actually happen in real life. There were really people snatching the bride.

Chapter 1588 she is my wife

Li Weisheng was stunned for a moment and chased after her. After all, she was young and alone, so she quickly ran to the entrance of the Lily Hall from the nearby passage and directly stopped Lei Zhensheng and Lin Yuxin who was being carried by Lei Zhensheng.

“PUT HER DOWN!” Li Weisheng’s voice was also cold and low. “Mr. Lei, now, she is my bride!”

“Your bride?” Lei Zhensheng snorted coldly and said, “she is my wife! You actually dare to marry my wife, how dare you?”

“Do you think we’ll believe you just because you said she’s your wife?” Li Weisheng was obviously not a pushover either. She snorted coldly and said, “she and I are currently holding a wedding. You and she aren’t even married, so what right do you have to say she’s your wife?”

“How do you know I’m not married to her?” Lei Zhensheng used all her strength to control the struggling woman in her arms. She still looked at Li Weisheng coldly and said, “we’re Koreans, so our marriage is naturally in our country. Don’t tell me you came to Taiwan to hold a wedding. Moreover, you want to marry her, so you can go to Seoul to register with her. Or, did you take her certificate and go through the marriage formalities in Taiwan first?”

“The bride is Korean?”

“Did Weisheng not understand her identity?”

“It seems like there are a lot of formalities to get married to a foreigner, right?”

... ..

The guests discussed animatedly, while Lei Zhensheng and Li Weisheng stood opposite each other. However, when Li Yuntian heard Lei Zhensheng say that she was his wife, he immediately knew that he was in trouble. He was going to offend a big client.

Therefore, he quickly whispered a few words to his eldest brother, Li Yunshan. Li Yunshan was also shocked when he heard his brother’s report, so he immediately nodded in agreement with his brother’s action.

Therefore, when Li Weisheng reached out to snatch Lin Yuxin who was in Lei Zhensheng's arms, Li Yuntian immediately came over and pulled Li Weisheng away. Then, he even apologized to Lei Zhensheng in a low voice, saying that Weisheng was still young and probably did not understand the situation.. Lei Zhensheng, please forgive me.

And everyone would definitely ask why Lin Yuxin did not make a sound, did not save him, and did not object to Lei Zhensheng's words?

Since she did not want to be with Lei Zhensheng, she could have revealed her relationship with Lei Zhensheng in front of everyone. She could have said that she was not Lei Zhensheng's wife She could have said that her relationship with Lei Zhensheng was forced by Lei Zhensheng and so on.

Was Lin Yuxin too weak Was she too scared to say anything when she saw Lei Zhensheng, so she let Lei Zhensheng say it alone. She chose to remain silent.

Of course not. In fact, the moment Lei Zhensheng picked her up, Lei Zhensheng used a piece of tape to cover her mouth. Her hands were controlled by Lei Zhensheng and she could not move at all. She was also wearing high heels However, the wedding dress was very long. In order to make it convenient for Lei Zhensheng to carry her, he directly rolled up the dress. Therefore, her legs were also covered by the dress and she could not move at all.

In such a situation, of course, she did not have any other way. After Li Yuntian pulled Li Weisheng away, she could only surrender and be held tightly by Lei Zhensheng in the elevator. He carried her downstairs and hugged her tightly in his car.

Lei Zhensheng was indeed a great devil. In order to prevent her from screaming and struggling, he directly tore off a few strands of her wedding dress and tied her hands and feet. He did not even tear off the tape on her mouth and just threw it to the back row.. Then, he quickly drove towards the villa in Yangming mountain where he was.

Chapter 1589: Has He ever loved you

Yu Xin never dreamed that Lei Zhensheng would find her in such a situation. She also never dreamed that she would be kidnapped by Lei Zhensheng.

Yunshan hotel was not far from Lei Zhensheng's mansion on Yangmingshan. It was only a twenty-minute drive. When Lei Zhensheng came back with Lin Yuxin in a white wedding dress, ah Ling, the chef, and Lei Zhensheng's assistant were all shocked Then, they took the initiative to remain silent. No one dared to say a word.

Lei Zhensheng directly carried Lin Yuxin to the bathroom on the second floor. He pulled the wedding dress off her in a few seconds and then tore the tape off her mouth. When he saw that she was not even wearing a little cutie in her wedding dress, only a small piece of cloth was stuck on it.. He was so angry that his entire face turned green.

"Look at you?" He pushed her in front of the mirror with force Pointing at the Mirror, she was naked and her face was full of exquisite makeup. She said angrily, "you drew it like a ghost. Your mouth is like a

gorilla. You clearly have a good-looking face, but you have to draw it like a monkey's butt "Hurry up and wash it clean with me. It stinks!"

While Lei Zhensheng was talking, he had already used his hand to apply the facial cleanser on her face. Then, he used his other hand to pour water on her face. Then, he used his big hand to randomly wipe her face, as if he wanted to wash off a layer of skin.

Lei Zhensheng's method of washing was not washing her face. In fact, it was more like washing an apple. Therefore, Yu Xin was extremely uncomfortable. She struggled hard with her head, but she could not break free because his other hand was firmly controlling the back of her head.

Finally, the makeup on her face was completely washed away by Lei Zhensheng's messy washing. However, it almost washed off a layer of skin on Yu Xin's face.

She had just finished washing her face. Before she had time to catch her breath, Lei Zhensheng turned around and threw her into the bathtub that was already half filled with water.

"clean yourself up," he shouted at the woman who was struggling in the bathtub. At this moment, he actually had a feeling of impatience.

Yu Xin was furious. Why was she washing She had just taken a shower at Li Weisheng's house this morning, alright Because of the wedding today, the Li family had even prepared a petal bath for her.

She saw Lei Zhensheng taking off his own clothes, so she immediately got up from the bathtub. She did not even bother with the bath towel and quickly rushed to the cloakroom, wanting to quickly put on her clothes and run away.

Unfortunately, her actions were fast, but someone else's actions were even faster. Therefore, before she could put on her body-hugging clothes, someone had already quickly caught up to her.

.....

"Is he better than me?"

"Did he make you comfortable or did I make you more comfortable?"

"You damn woman, can't you say something?"

"He made me more comfortable, okay?" Yu Xin finally got angry and blurted out. Since Lei Zhensheng was a b * Tch, she wanted to see how bad he was going to be?

This time, Lin Yuxin is seeking death, in fact, Lei Zhensheng want to hear is: I and he did not do anything!
