

Divorce 1591

Chapter 1592 thick-skinned man

With Lun's looks, he was definitely more handsome than Li Weisheng. Not to mention when he was in his thirties more than ten years ago, even now, he was almost five years old. If he stood together with Li Weisheng, he would definitely be more handsome than Li Weisheng.

Lun's figure, he was better than Li Weisheng. Although Li Weisheng was only in his thirties, he could already vaguely see his small belly. He was sure that in another five or six years, Li Weisheng would definitely have a belly.

Lun's height, there was no need to compare it anymore. He was Korean, and Li Weisheng was Taiwanese. He was already 1.85 meters tall, while Li Weisheng was only 1.73 meters at most. Yin Li Weisheng and Lin Yuxin, who was wearing high heels, were about the same height when they stood together.

With their family background and financial power, Li Weisheng could not compare to him at all.

Alright, these were all external factors. What about the relationship between Yin Li and Lin Yuxin? He should be with Lin Yuxin longer, right?

A certain stepmother was speechless. She had seen thick-skinned people, but she had never seen such a thick-skinned person. Lei Zhensheng, did your face look like a cow

Initially, Lin Yuxin wanted to return to Seoul for the New Year, but Lei Zhensheng said that it was difficult to buy a plane ticket during the New Year. Also, a week after Lin Yuxin returned to his side, her period happened to come, so Lei Zhensheng was extremely excited. He said that no matter what, he would do artificial insemination first. He wanted her to get pregnant before he brought her back to Seoul to get married.

Yu Xin had no choice because she was controlled by Lei Zhensheng. Moreover, even though Lei Zhensheng kept her locked up all day and did not give her freedom, she had to admit that Lei Zhensheng was actually very good to her.

Moreover, Lei Zhensheng actually went to see the male department. Of course, Yu Xin accompanied him there. The male doctor confirmed that he could now extract sperm from the seminal vesicles for artificial insemination.

In the end, Yu Xin went to the hospital with him. Fortunately, she was an expert herself, and her colleagues in the women's hospital knew her, so they did not ask any questions and directly did artificial insemination for her.

During the New Year period, which happened to be one or two weeks after artificial insemination, Yu Xin prayed all day long not to get pregnant. Even if it was artificial insemination, she did not want to get pregnant. She even hoped that there was something wrong with her body and that she would not be able to get pregnant.

However, God was probably too busy. Or perhaps, there were too many people praying during Chinese New Year. Therefore, this time, her prayer did not help her achieve her wish. Hence, her period actually did not come.

The first day of her period happened to be the 30th day of Chinese New Year. Her period was nowhere to be seen. She was in a constant state of anxiety. Lei Zhensheng, on the other hand, was smiling like a flower. The New Year's Eve dinner was extremely sumptuous. Could it be that he personally cooked a seaweed bun rice for her.

On the first day of the Lunar New Year, the second day of Menstruation, her period was still nowhere to be found. She became more and more anxious, but he was even happier. It was rare for him to be in a good mood, so he actually drove her to the suburbs to relax.

On the eighth day of the Lunar New Year, if it was a normal month, her period would have come and gone, but her period still did not come. She had completely forgotten about her period. She had finally given up on her period. Lei Zhensheng was so happy that he was almost jumping up and down like a child.

She had always thought that Lei Zhensheng, who had no humanity but only a bestial nature, would not be able to live without that kind of thing. However, in reality, she had belittled Lei Zhensheng again.

Ever since she had undergone artificial insemination, he had never touched her again. Even at night, he could not bear to hug her and sleep. He only went to the bathroom to take a shower time and time again, never touching her.

Chapter 1593: Who is more hypocritical

On the Tenth Day of the first lunar month, Lei Zhensheng applied for leave on the second day of work. Then, he drove her to a nearby women's hospital for a check-up. Unsurprisingly, Lin Yuxin was pregnant.

Lei Zhensheng was as happy as a child. No, he was even happier than a child. Yu Xin's face was dark, but he was so excited that he was crying. He hugged Yu Xin and muttered to himself, "wife, good wife. Thank you. I can finally be a father. I can finally be a father..."

Yu Xin had seen many happy scenes where men knew that they had a chance to be a father. Usually, they were so happy that they giggled. However, it was the first time that Lei Zhensheng was so happy that he was about to cry.

"What do you mean by crying because I'm so happy?" Lei Zhensheng argued, "I'm crying because I'm so happy, do you understand? Are you really an uncultured woman?"

Alright, she used to think that crying because I'm so happy was only suitable to describe women. It turned out that it could also be used to describe men.

Children were truly a wonderful thing. Moreover, ever since she found out that she was pregnant, Yu Xin's heart was gradually changing. Her original resistance towards Lei Zhensheng had unknowingly subsided, and instead, it replaced the fantasy and expectation towards children.

One day after the Lantern Festival, Lei Zhensheng said to her indifferently, “my work has already been arranged. I’ll bring you to Seoul to apply for a marriage certificate in the next two days. What exotic specialty do you want to buy for your family? I’ll bring you there to buy it.”

She was stunned for a moment, then shook her head and said, “whatever. My family... actually, they’re not really family, right?”

What kind of family was a person who could ally with Lei Zhensheng to deceive her? Right now, the people who could really be considered her family were probably Lei Zhensheng and the child in her belly?

Although she said that, Lei Zhensheng was still very enthusiastic to help her family buy some gifts. Then, she brought her back to Seoul, to the hometown that she missed so much.

“We will only stay in Seoul for three days. One day will be used to get a marriage certificate. The other two days, you can make your own arrangements. The wedding will be held in Taiwan, so that you don’t feel ashamed of marrying me,” Lei Zhensheng announced in a domineering and stiff manner.

Yu Xin was so angry that she almost vomited blood when she heard this. Damn, he knew that she would feel ashamed of marrying him. Seriously, he was eighteen years older than her. She was clearly marrying an old man.

Wait, wait, that’s not right. Why would she feel ashamed of marrying him? Nowadays, there were many women who married old men. Those who married old men at the age of eighteen or nineteen did not feel ashamed. What was there to be ashamed of when a woman at the age of one to thirty-one married an old man?

He should be the one who felt ashamed, right? Thinking back to the past, his wife was the heiress of the Cai family. Now, his wife was just a small gynecologist?

Lei Zhensheng, which of us is more hypocritical? You f*cking bitch, you always push the things that you don’t dare to do to others?

“Of course, you are more hypocritical,” Lei Zhensheng pointed out directly. He said mercilessly, “look at you. You discussed pregnancy with someone on the plane. The aunt beside you, who is in her forties, envied you for being able to conceive naturally at a young age. But when she was a test-tube baby, why didn’t you dare to say that your pregnancy was also conceived through artificial insemination?”

“F*ck, is this my fault?” She was so angry that she immediately retorted. She could not help but say angrily, “Lei Zhensheng, I could have conceived naturally, okay? It was you who did not have the ability to conceive naturally. You still blame me.”

Chapter 1594 returned to Seoul

“That’s because you didn’t cure me to the point that you could naturally conceive,” Lei Zhensheng replied without a change in expression. Then, he whispered into her ear, “why don’t you work harder to cure me? After we give birth to this child, we can naturally conceive and give birth to another one?”

Yu Xin directly rolled her eyes at his words. She coldly retorted, "I'm not the reincarnation of Hua Tuo. Moreover, even if Hua Tuo were to reincarnate, I'm afraid that he wouldn't be able to cure you to the point that you could naturally conceive a woman. Being able to have your sperm to artificially inseminate a woman is already my greatest ability."

Thus, Lei Zhensheng smiled smugly and hugged her even tighter. "Otherwise, why would I say that you're my lucky star? I've been thinking, why did I meet you when you were 20 years old?"

"When I was 20 years old, you were already married to Cai Shaofen. Why did you meet me?" Yu Xin refuted him with great dissatisfaction. "You met me for nothing. I would never be a mistress."

Lei Zhensheng immediately fell silent because what Lin Yuxin said was the truth. Lin Yuxin was 20 years old exactly 11 years ago. At that time, he and Cai Shaofen had been married for 10 years. Moreover, at that time, he had no intention of divorcing Cai Shaofen.

On the 20th day of the first month of the lunar year, Lin Yuxin finally returned to her hometown, Seoul, South Korea, which she had been longing for. According to Lei Zhensheng, it had been a year since she had been forcibly taken away from Seoul.

The first thing she did after returning to Seoul was to bring Lei Zhensheng to her so-called family, which was her uncle's family. Lei Zhensheng told her uncle's family that he was going to marry her.

Of course, her uncle's family did not have any objections, and they were overjoyed because they had never dreamed that they would be able to climb up to such a high position as the president of the Lei Corporation.

Her uncle said to her sincerely, "Yu Xin, this is your fortune from your past life. Many people dream of marrying CEO Lei. You have to live well with CEO Lei. Don't be petty. A diamond like him can not be found even if you light a torch."

Yu Xin immediately fell silent. On the way back, she had already thought that this might be the situation. Her uncle's family did not disappoint her. They were really like this.

On the first day, she met her uncle's family. The next morning, she went to get a marriage certificate with Lei Zhensheng. This time, she did not struggle anymore because she knew that it was useless to struggle. Moreover, she was pregnant with his child.

The next night, she met her former best friend, Che Ruyu, at a barbecue shop near the university. After a year, she found out that a lot of things had happened during this free year.

No wonder she met Lan Ruoshui in Taiwan with an old man. It turned out that Jin Zhengnan was dead, and Jin Zhengnan was dead because of ru Yu. Therefore, ru Yu was very sad. She and Lei Zhenyu did not seem to be living as well as she had imagined.

On the third and final day, she secretly went back to the hospital where she used to work to walk around. Perhaps it was because she did not wear a white coat, or perhaps it was because her hair style had changed, or perhaps it was because she had been gone for a long time, or perhaps.. She deliberately put on a pair of sunglasses.

In short, no one recognized her. She walked around every corner of the hospital and finally left the hospital reluctantly. However, at the entrance of the hospital, she saw someone she did not intend to see.

Chapter 1595: Because I don't love him

Cai Shaofen, Lei Zhensheng's ex-wife. The woman who caused her to lose her job and be imprisoned by Lei Zhensheng. At this moment, she was smiling like a spring breeze as she stood beside a man. Her happiness was beyond words.

She looked at her like that, and Cai Shaofen also turned to look at her under her attention. When she saw her, she couldn't help but shout in surprise, "Yu Xin, is it really you? I'm not seeing things, am I?"

Yu Xin shook her head, took off her sunglasses, looked at her and said, "No, no, sister Cai, you're not mistaken. I'm Lin Yuxin."

"Yu Xin, long time no see. Ru Yu and I have been asking around about you." Cai Shaofen was obviously a little excited. She came over and held Yu Xin's hand. "I'll be the host tonight. I'll treat you and Ru Yu to a meal. Do you want to have a French feast or a Chinese feast? Or do you want to have our most unique stone pot rice and roast meat?"

Yu Xin smiled and looked at the man beside her. She said indifferently, "there's no need. I met Ru Yu last night. I'm leaving tomorrow. If you're free, can we go to the cafe across the street?"

After Yu Xin asked this, she looked at the man beside Cai Shaofen and asked, "Um, can I borrow sister Cai for a while?"

The man smiled very gentlemanly. He patted Cai Shaofen's shoulder and said, "go ahead. I'll help you register first. It'll take some time to queue anyway."

Thus, Yu Xin and Cai Shaofen went to the coffee shop across the street from the hospital. However, neither of them ordered coffee. Yu Xin ordered orange juice while Cai Shaofen ordered lemon juice.

After exchanging pleasantries, Yu Xin went straight to the point and asked, "sister Cai, did you insist on divorcing Lei Zhensheng because he was infertile?"

Cai Shaofen was stunned when she heard Yu Xin's words. Then, she smiled faintly and said, "of course not. If he was just infertile, I wouldn't have insisted on divorcing him. After all, I've been married to him for eighteen years, and he didn't divorce me because I was infertile."

"then why did you divorce him?" Yu Xin was even more puzzled. "You've lived with him for eighteen years. Why did you insist on divorcing him when you knew he was infertile and not give him a chance to repent?"

"because I don't love him," Cai Shaofen said truthfully. She looked at Yu Xin and said, "it's not that Lei Zhensheng is bad, but I don't have any feelings for him. It's because we're connected by marriage. We barely got together for the benefit of the family. So, let's not talk about other things. It's not that there's no such thing between husband and wife, but..."

Cai Shaofen's face turned red when she said this. Then she sighed deeply and said, "it's because everyone seems to be completing a mission. No one can find that kind of passion. So, these days may seem happy, but in fact, they're dull and tasteless."

"But you've also lived with him for 18 years?" Yu Xin felt strange. Wasn't Cai Shaofen's theory a little contradictory?

"Actually, I've always wanted to divorce him," Cai Shaofen said truthfully. "But my parents have always disagreed. Because they all thought that it was my problem that Lei Zhensheng and I couldn't have children, they were worried that I wouldn't be able to find happiness after the divorce, and I myself also had this worry."

"So, when I knew that Lei Zhensheng couldn't have children, it was as if I saw a ray of light on my dark road of life, a ray of light to leave him. Because the reason for the divorce was too strong, so strong that he couldn't turn the situation around."

Chapter 1596: the Happy Cai Shaofen

Cai Shaofen smiled bitterly when she said this. She took a sip of lemon juice and said softly, "it's not that Lei Zhensheng is bad, but I can't fall in love with him. Perhaps our lives and experiences are quite similar. He had a hard-working relationship before me, and I also had a life-and-death love experience before him. Therefore, both of us are good at disguising ourselves after we get married. However, two masters of disguising themselves are unable to develop true feelings for each other."

Yu Xin looked at Cai Shaofen like that. She had never dreamed that the answer would be like this. Cai Shaofen and Lei Zhensheng had lived for eighteen years, but they had never fallen in love with each other.

Cai Shaofen patted her shoulder. She said softly, "Yu Xin, actually Zhensheng is a good man. Of course, he did fail to do his duty in the following years of our marriage because he had an affair outside. However, that was because he wanted to have a child too much. It's understandable."

Cai Shaofen did not continue speaking until this point. Instead, she beckoned for the waiter to pay the bill. Then, with a smile, she said to Yu Xin, "I'm currently recuperating in the hospital and preparing to get pregnant. Oh right, that was my husband just now. The two of us have already applied for our marriage certificate for three months. The wedding is scheduled for this summer because the flowers in Korea are the most beautiful in the summer. We all hope that our wedding will be held at a time when the flowers are blooming. At that time, you are welcome to attend our wedding!"

Yu Xin gave Cai Shaofen her blessings and looked at the happy smile on her face. She was clearly a 41-year-old woman, but she looked as young as a 31-year-old woman.

She was 10 years younger than Cai Shaofen, but at this moment, she suddenly felt that she was even older than Cai Shaofen, who was 10 years older than her?

Perhaps this was a problem with her State of mind. Cai Shaofen's state of mind was good, and she coincidentally met her second love. Her days were too good, and the good days always made people unconsciously younger.

She still thought that if Cai Shaofen still loved Lei Zhensheng, then would she have a chance to escape from Lei Zhensheng? Now that she thought about it, her thoughts were too childish and funny.

If Cai Shaofen really loved Lei Zhensheng, then she would not have wanted to divorce Lei Zhensheng no matter what. After all, Lei Zhensheng was not willing to divorce Cai Shaofen.

It was already eight o'clock in the evening when she returned to the apartment in Seoul where Lei Zhensheng was. Because she had been wandering outside for too long, she walked one street after another, all the way back from the hospital.

Just as she pushed the door open, she saw an angry man. She pulled out a smile and said indifferently, "why are you so nervous? Isn't Seoul your territory? Can I run away from your territory?"

"Don't you know you're pregnant?" Lei Zhensheng was so angry that he blew his beard and glared at her. He grabbed her and carried her to the bed. Then he said with a huff, "hurry up and lie down to take care of the fetus. I read on the Internet today that some people will miscarry if they walk for too long. The first three months are very important."

"..." Yu Xin was speechless. Was she an ob / Gyn or was he an OB / Gyn ?

Which one of them knew more about how to take care of the fetus?

Alright, she would just lie down obediently. Anyway, she had walked for a long time and her legs were aching. It would be good to lie down for a while. At least she could rest, right?

Chapter 1597 the empress was like this

When she returned to Taiwan, Yu Xin no longer felt like she was in a foreign country. For some reason, she felt a lot closer to her.

Perhaps it was because the weather in Taiwan was warmer, but she was making excuses for herself. As for the villa in Yangming Mountain, where Lei Zhensheng was, she gradually felt like she was part of a family.

Perhaps it was because she had gotten a marriage certificate with Lei Zhensheng, but she was making excuses for herself. In short, now that she was living in the villa, ah Ling, the chef, and the housekeeper no longer called her Miss Lin. Instead, they all called her madam.

Lei Zhensheng, whom she had originally called a devil, a bastard, a beast, and a beast, had actually gone against his usual behavior. In the past, he had always bullied her from above. Now, he treated her like the Empress Dowager, and he himself was like Li lianying.

Lei Zhensheng had indeed become Li lianying. Because she was pregnant, and pregnant women could not be touched or touched, she had been putting on a show.

At night, she would always 'accidentally' kick him off the bed, but he did not even complain. He obediently climbed onto the bed and lay down beside her to sleep quietly.

If he did anything unruly, such as wanting to kiss her, she would immediately scold him with a straight face. Didn't she know that pregnant women's breathing was very important? You've blocked my breathing passage. It doesn't matter if you stun me for a while, but don't blame me if you stun me until I'm in my stomach.

Therefore, Lei Zhensheng obediently did not dare to kiss her. Even if he wanted to kiss her, he could only kiss her on the cheek. Moreover, he always carefully avoided her lips and nostrils, afraid that he would block her breathing passage.

Of course, other intimate acts were even more impossible. Therefore, even if Lei Zhensheng was forced to feel uncomfortable, he could only grit his teeth and endure it. Then, a certain woman looked at a certain aggrieved man with a smug look, and her heart was filled with joy. Needless to say, it was very exciting.

This kind of life was really great. No wonder all the women in the palace dramas wanted to be Queens. Because the treatment of Queens was indeed different. She had finally become an empress once.

Unfortunately, she could only be pregnant for ten months. She was a little depressed again. If only she could be pregnant for a lifetime. Then she could be the empress for the rest of her life. She could bully Lei Zhensheng from above for the rest of her life.

When she told Lei Zhensheng about this idea, Lei Zhensheng's face immediately darkened. He could not help but gnash his teeth and say, "Lin Yuxin, can you be more ruthless? More ruthless? You want to suffocate your husband to death, don't you?"

She immediately acted surprised. "Aiya, is that kind of thing suffocating to death? In ancient times, Eunuchs did not have a woman in their entire lives. Why didn't they suffocate to death?"

"because eunuchs were castrated," he explained to her with a dark face. "Eunuchs don't respond to that kind of thing, so they won't suffocate to death."

"So that's how it is?" Yu Xin looked as if she suddenly came to a realization. Then she smiled and said, "how about I castrate you, too, so that you won't..."

Unfortunately, before Yu Xin could finish her words, Lei Zhensheng's mouth had already blocked her chattering mouth. She was so angry that she used her hand to push her, wanting to remind him to block her breathing passage.

Fortunately, Lei Zhensheng did not block her breathing passage for long. It was only for a few seconds. She deliberately panted heavily, as if she had worked hard just now.

Chapter 1598-the empress was like this

However, when she turned around, she realized that the shameless man had already taken off his pants... ..

She instinctively shrank back to the back of the bed and blurted out, "Lei Zhensheng, I'm pregnant. Pregnant women can't do that kind of thing. Quickly put on your pants and don't hurt people."

“pregnant women can do that kind of thing properly after three months.” Lei Zhensheng leaned over and grabbed the woman who was about to get off the bed and pulled her into his arms. He coaxed her in a low voice, “be good, you’re already four and a half months pregnant. We can barely do it once... MMM...”

Of course, she did not want to agree to him. She just wanted to see him being suffocated. That look made her feel especially good, but he had plenty of ways to make her think about it.

Under his superb technical offensive, she finally gave up the gun and lay in his embrace obediently. She cooperated with his movements and enjoyed his intimate service.

As expected, he was a man of his word... ..

She reminded him with slight dissatisfaction, “pregnant women can occasionally have sex once in four to six months as long as their movements are not too violent.”

However, he did not dare to. He held her hand tightly and said carefully, “forget it, I’ll wait for you to give birth. What if I hurt the baby? It’s not easy for me to bear a child.”

“...”

Yu Xin was completely speechless. Was she pregnant or was he pregnant? Why was he more nervous than her by more than a hundred times?

That was indeed the case. Lei Zhensheng was much more nervous about this child than Lin Yuxin. If she walked a little faster, he would be so nervous that he would call out to her from behind and then quickly go up to hold her hand. He scolded her in a low voice, “you’re not alone now, but there are two of you. You can’t always care about yourself and ignore others.”

She was speechless again. Under his strong request, she walked like an Old Lady. What was even more outrageous was that she had to go for a prenatal check-up. He did not drive himself, but the housekeeper did, because he had to sit behind her.

The housekeeper’s speed was already very slow. Even if there was no traffic jam, it was only at 30 miles per hour. However, this kind of speed also made Lei Zhensheng unhappy. He requested that the housekeeper’s speed be below 20 miles per hour.

This kind of speed was naturally hated by people. In the end, she was rear-ended by a car. Fortunately, Lei Zhensheng’s car was good. After being rear-ended by someone, it only swayed twice. The car behind also stopped.

When the car swayed, he immediately used his hands to protect her. He was deeply afraid that she would have the slightest mishap. Then, he raised his head and asked the housekeeper in front how she drove.

The housekeeper wiped her sweat with her hands and explained, “President Lei, according to your instructions, I drove the car to 20 miles per hour. It was probably because the people behind us felt that we were too slow...”

Of course, people hated people for driving at such a speed. In the end, they were rear-ended by a car. Fortunately, Lei Zhensheng's car was good. After being rear-ended by someone, it only shook twice. The car behind them also stopped.

When the car shook, he immediately used his hands to protect her. He was deeply afraid that she would have a small mishap. Then, he raised his head and asked the housekeeper how she was driving.

The housekeeper wiped her sweat with her hands and explained, "director Lei, according to your instructions, I drove the car to 20 yards. It was probably because the people behind us felt that we were too slow..."

Before the housekeeper could finish her words, someone had already kicked the door of the driver's seat. A woman's voice was heard, "get down, how did you drive?"

Damn it, she had hit the butt of the other person's car. She was even fiercer than the other person. Therefore, the housekeeper and Lei Zhensheng pushed open the car door and got out. They wanted to see who this unreasonable woman was?

Chapter 1599: Meeting old friends again

Lei Zhensheng did not expect to see Lan Ruoshui, the woman who once called him father, the shameless woman who drugged him and climbed into his bed.

Lan Ruoshui also did not expect that her car would hit Lei Zhensheng's car. When she saw Lei Zhensheng's gloomy face, she was so scared that her body trembled. She immediately wanted to turn around and go back to her car.

Lan Ruoshui had just used the old man's money to buy a car, and she had just gotten her driver's license. Today, she was bold enough to drive on the road, and she felt refreshed on the way. She did not expect to bump into someone else's car butt in the blink of an eye.

Lan Ruoshui was not familiar with cars, so she did not see the value of the car in front of her. Thus, she walked over in her high heels and even took the initiative to kick Lei Zhensheng's mercedes-benz.

"Lan Ruoshui, why are you here?" Lei Zhensheng immediately called out to the woman who was about to turn around. He took a few steps forward and blocked the woman's path with an ice-cold face.

"I... I..." Lan Ruoshui repeated the word "I", but she did not say a word.

"If I remember correctly, the Dongfang family took you away after you killed Jin Zhengnan and caused ru Yu's miscarriage, right?" Lei Zhensheng frowned. In fact, how did Dongfang Mo deal with Lan Ruoshui He really didn't know.

At that time, he was imprisoning Lin Yuxin, and his heart was on Lin Yuxin. Therefore, he only knew that Jin Zhengnan was dead, Che Ru Yu had a miscarriage, and Lan Ruoshui was taken away by Dongfang Mo..

Lan Ruoshui's face was pale. She said angrily, "Dongfang Mo, that devil, he will die a horrible death for the rest of his life. He actually got someone to throw me into a casino in Las Vegas to be a casino treasure. I... I..."

Lan Ruoshui repeated her words twice, but she didn't say the rest. However, Lei Zhensheng already understood what was going on.

There were indeed casino treasures in Las Vegas Casinos, and casino treasures were different from football treasures. Las Vegas Casino treasures were used to reward men who won money.

"since you are a casino treasure in Las Vegas, why did you come to Taiwan?" Lei Zhensheng's face was still gloomy. To this woman in front of him, this woman whom he had mistaken for his daughter.. He actually could not feel any pity for her.

"Can't I meet a rich person?" Lan Ruoshui said angrily, "not everyone in this world is as cold-blooded and heartless as you and Dongfang Mo. not everyone doesn't know how to take care of women, and not everyone is blind... ".

"I was indeed blind back then, " Lei Zhensheng cut off Lan Ruoshui's words and said coldly, "of course, there was another person who was blind as well, and that was Jin Zhengnan. It's really not worth it for him to die in the hands of someone like you..."

"He didn't die in my hands, " Lan Ruoshui suddenly shouted, as if someone had poked her sore spot. Her entire face changed color She shouted hysterically, "Jin Zhengnan didn't die in my hands. He died in Che Ru Yu's hands. It was that Damn Woman Che Ru Yu who harmed him. It was che ru Yu who caused Jin Zhengnan's death..."

"It doesn't matter who killed Jin Zhengnan. " Yu Xin stood by the car door and looked at Lan Ruoshui who was squatting on the ground and crying She said faintly, "what's important is that Jin Zhengnan opened his eyes wide before he died. He has already recognized what kind of person you are. He has also recognized his own heart and his own feelings..."

Chapter 1600 my wife, Lin Yuxin

Lan Ruoshui widened her eyes and looked at Lin Yuxin. When she saw Lin Yuxin's bulging belly, she looked at Lei Zhensheng in confusion and could not help but laugh again.

She stood up from the ground She looked at Lei Zhensheng and said sarcastically, "Lei Zhensheng, you are indeed blind. I have seen this woman in Tainan. At that time, she was with another man. Now, she is pregnant with another man's bastard child to follow you. I didn't expect you to actually..."

"PA!" A crisp slap sounded on the roadside. The furious Lei Zhensheng used all his strength. After hitting Lan Ruoshui, he even took out a handkerchief to wipe his hands. Then, he threw the handkerchief away without hesitation.

"So dirty. " Lei Zhensheng's face was dark and his thick eyebrows were tightly knitted together He looked at the woman who was shaking her body and said, "Lan Ruoshui, there is a saying that a dog can not change its behavior. I see that this saying is very suitable for you. I believe that your financier still

doesn't know what kind of person you used to be, right "Do you want me to act as a microphone for you and tell him everything about your past? "

Lan Ruoshui was finally afraid. She used her hand to cover her face that was imprinted with five fingers mountain She said angrily, "Lei Zhensheng, killing a person is just a nod to the ground. I was indeed wrong in the past. However, I have already changed. Moreover, I have left Korea and came to Taiwan Province in China. You... are still unwilling to let me go? At least, I didn't offend you, right? "

"You didn't offend me? " Lei Zhensheng immediately flew into a rage when he heard these words. He couldn't help but raise his voice by two decibels and growled, "according to your logic, that rapist isn't considered a crime anymore? He can be as strong as he wants? "

Lan Ruoshui immediately fell silent. She did not expect Lei Zhensheng to treat her that night as a rape. On the night of her and Lei Zhensheng, the rapist was actually her, even though she was a woman.

"I will avoid you from now on. " Lan Ruoshui saw Lei Zhensheng's black eyes that were dancing with flames. She was finally truly afraid. She could not help but kneel in front of Lei Zhensheng and began to cry.

"Director Lei, in the past, even if I was unpardonable, I have already been punished. The six months I spent as a casino's treasure in Las Vegas was a living hell. Every day, I had to do that kind of thing with men of different skin colors and ages. I was so disgusted that I vomited countless times. Now, I finally met a man who likes me and brought me here. I beg you, don't tell the Dongfang family about what happened to me in Taiwan. I beg you, your car was hit by me. I'll help you repair your car. I'll compensate you. I... ". "..."

Lei Zhensheng looked at Lan Ruoshui who was kneeling on the ground and begging him. He felt a little uncomfortable. No matter what, she was Lan Yunxi's daughter after all?

"You should take care of yourself in the future. " Lei Zhensheng finally stopped chasing after Mengda Thus, he snorted coldly and said, "of course, if you dare to be as devious as before, then your ending will definitely be even worse. At that time, I won't have the conscience to throw you into a Las Vegas casino like Dongfang Mo. I will directly throw you into the Pacific Ocean to feed the fish. "

After Lei Zhensheng said this, he immediately turned around He put his arm around Lin Yuxin and said to Lan Ruoshui, "I forgot to introduce you to my wife, Lin Yuxin. She's pregnant with my Lei Zhensheng's son. In the future, if you see her, stay away from her. Don't show up in front of her. If she's in a bad mood because she saw you, I won't forgive you. "
