

Divorce 1631

Chapter 1631 I am your man

"Aiyo, I didn't know you had such a small apartment." Fang Xiao sat down on the only single SOFA and quickly scanned his small apartment.

It was a simple one-bedroom-one-living room. She didn't know how big the room was, but the living room was really small. There was only this single sofa and a foldable coffee table in the closet.

"Why is your closet in the Living Room?" Fang Xiao looked down at Xi Lingheng, who had already taken some ointment and was gently rubbing her ankle. She frowned and asked.

"because there's no room for the wardrobe in the bedroom," he explained briefly, then added plainly, "this was originally a bachelor apartment, but I divided it into a room and a living room myself."

Oh, no wonder it was so small. The bedroom could probably only fit one bed, right Since he was already so poor, why didn't he stay in the dormitory Wouldn't it be more expensive to rent a house?

"Alright." Xi lingheng covered the ointment and pulled down her pants. He said plainly, "I think I'll need to rest for a night before I can walk."

"Then what should I do?" Fang Xiao was anxious when she heard him. "I have to rush back to school. I wonder if a KA is back yet? It's her birthday tonight, and she said she's going to Karaoke."

"Why are you still singing Karaoke when your feet are like that?" He said impatiently. "Stay with me tonight. I have to go to school first thing tomorrow morning, and then I'll take you there on my bicycle."

"sleep with you?" Fang Xiao's eyes widened immediately. She looked around his corner and could not help but ask carefully, "then I'll sleep on the bed. Where are you going to sleep?"

"Of course I'll sleep on the bed too." Xi Lingheng looked at her with amusement. Then, he could not help but tease her. "You don't even want to sleep with other women. Do you still want me to sleep on the floor?"

"Damn, who doesn't want you to be slept with by other women?" Fang Xiao was immediately enraged. She could not help but defend herself. "I remember that you're the one who repeatedly stated that you're a waiter and you don't drink with me. I just wanted to help you out..."

"But you told that woman that I'm your man!" Xi lingheng quickly interrupted Fang Xiao's words. His face was already smiling like a flower. He looked at her and teased, "your man, why aren't you sleeping with him?"

Fang Xiao was so angry that she almost vomited blood. She could not help but stand up from the SOFA As she hopped toward the door, she said angrily, "Xi Lingheng, I don't want to meet you again. In the future, when I meet you, I'll pretend that I don't know you. In the future..."

Fang Xiao's future would end everywhere. She would never have the chance to go down again because that shameless man had shamelessly used his thin lips to cover her chattering mouth again.

He pressed her against the door frame and pressed his entire body against hers. He kissed her arrogantly and domineeringly, as if she had said something wrong.

He seemed to be very angry, but he also seemed to be very angry. Therefore, this kiss was so strong that it almost suffocated people. There was a ball of fire in his body. Fang Xiao felt that if she did not break free, she would probably be burned by this ball of fire.

Chapter 1632: I'm still a poor boy

“Why are you still singing Karaoke when your feet are like this?” He said impatiently. “Why don’t you stay at my place tonight? I have to go to school tomorrow morning, and then I’ll take you there on my bicycle.”

“Sleep at your place?” Fang Xiao’s eyes widened immediately. She looked around the corner and could not help but ask cautiously, “then I’ll sleep on the bed. Where are you going to sleep?”

“Of course I’ll sleep on the bed too.” Xi Lingheng looked at her with amusement. Then, he could not help but tease her. “You’re not even willing to sleep with other women. Are you still willing to let me sleep on the floor?”

“F * Ck, who doesn’t want you to be slept with by other women?” Fang Xiao immediately became angry and could not help but defend herself. “I remember that you repeatedly declared that you’re a waiter and you don’t drink with me. I just wanted to help you out...”

“But you told that woman that I’m your man!” Xi Lingheng quickly interrupted Fang Xiao’s words. His face was already smiling like a flower. He looked at her and teased, “your man, you still don’t want to sleep with him?”

Fang Xiao was so angry that she almost vomited blood. She could not help but stand up from the SOFA. As she hopped towards the door, she said angrily, “Xi Lingheng, I don’t want to see you again. In the future, if I see you again, I’ll pretend that I don’t know you at all. In the future...”

Fang Xiao’s future would end everywhere. She would never have the chance to go down again because that shameless man had shamelessly used his thin lips to cover her chattering mouth again.

He pressed her against the door frame and pressed his entire body against hers. He kissed her arrogantly and domineeringly as if she had said something wrong.

He seemed to be very angry, but he also seemed to be very angry. Therefore, this kiss was so strong that it almost suffocated people. There was a ball of fire in his body. Fang Xiao felt that if she did not break free, she would probably be burned by this ball of fire.

He seemed to be very angry, but also very angry. Therefore, this kiss was so strong that it almost suffocated people. There was a ball of fire in his body. Fang Xiao felt that if she did not break free, she would probably be burned by this ball of fire.

“Ah...” the pain from her body pulled Fang Xiao back from her long memories. She had no choice but to face the cruel reality that she was being invaded by a strange man.

Even if it was just a dream between them, even if they would never meet again after daybreak, even if, from now on, they might never meet again.

Because, in a moment, he would check out and drive back to Bincheng. He would never stop where she was!

However, God had given him such a chance. He couldn't leave her with nothing, right?

Finally, everything stopped... ..

In the darkness, he held her in his arms and his hands caressed her body bit by bit. He had the strength to comfort her, but he also had the reluctance to part with her. ...

“I'm still that poor boy, but you are no longer you.”

He murmured in a low voice. While she was already unconscious, unable to hear anything. ...

At the same time, in a room on another floor of the Windsor Hotel

Qiu Yitang woke up from his dream and sat up a little nervously on the bed. He rubbed his forehead with his hand and turned his face to the side

Du Caiwei, who was beside him, had already fallen asleep with a smile on her face. He lowered his head to look at her beautiful face and sighed softly, his chest inexplicably uncomfortable.

Finally, he could not sit still anymore. He lifted the thin air conditioner and got off the bed. He picked up his boxers from the ground and put them on. Then, he walked out to the balcony with slight annoyance.

Chapter 1633: Misty Memories

He lit a cigarette and took a deep puff. Then, he looked upstairs. He knew that at this moment, his fiancée Fang Xiao was living in a room on the top floor.

He had a dream just now. He dreamed that Fang Xiao was being tortured by three men. The three homeless men who had been starving for too long were actually playing three games with her. P, in front of her, behind her, and in her mouth.

It was too terrifying. He was directly awakened by this devil. Then, his heart felt like it was being scratched by a cat. He fiercely threw the cigarette butt in his hand, turned around, and quickly walked into the room.

“Yitang, why are you wearing clothes in the middle of the night?” Du Caiwei got down from the bed naked and looked at the man who was frantically putting on his clothes. She asked in confusion.

“I. . . Want to go upstairs to take a look.” Qiu Yitang hesitated for a moment, but he did not stop putting on his clothes.

“Yitang.” Du Caiwei walked over and wrapped her arms around his waist from behind. Her soft body was tightly pressed against his back. Her voice sounded resentful and sad. “Yitang, are you worried about her?”

“I am.” Qiu Yitang turned around and looked at the woman with a sorrowful and sorrowful face. He suddenly returned to the night four years ago, the night when she was willing to be humiliated for him.

“Yitang, do you feel sorry for her?” Du Caiwei looked at the man who was still hesitating. She took the initiative to take off the shirt that he had just put on before he could button it.

“No.” He finally found a trace of reason. How long had he planned for this day? How could he... .. Be worried about her??

What right did such a vicious woman, such a woman who would stop at nothing to achieve her goals, have to worry about her?

Du Caiwei took off his shirt and her body slowly slid down. Her soft and boneless hands slowly slid down from his hard body. Finally... ..

On the top floor of Windsor Hotel, in the VIP room..

Fang Xiao had been dreaming. In her dreams, Xi Lingheng’s shadow was everywhere. The smiling him, the angry him, the running him, the shameless him who came to kiss her, and the running him on his broken bicycle.

Xi Lingheng Xi Lingheng Xi Lingheng!

“later / I finally learned how to love / But you’ve long gone / disappeared in the Sea of people / Later / I finally understand in tears / some people never come back / once they’ve missed it.”

On the phone, Liu Ruoying sang her song “later” over and over again. Fang Xiao was still woken up no matter how deep she slept.

She opened her eyes. The strong light from outside the window shone in through the French windows, and she was neatly dressed as she lay on the bed. The hotel room was filled with a strange atmosphere.

Even after sleeping for the whole night, her brain still felt a little bloated and her head was still a little dizzy. This was all the after-effects of a hangover. She rubbed her temples with her hands, trying hard to remember everything that happened last night.

However, she was still in a daze. She only remembered some fragments. Du Caiwei and her drinking situation was extremely clear. Then, she and Du Caiwei went upstairs into the room, and then, Du Caiwei left.

Then, it seemed like three vagrants came in. The three vagrants wanted to rape her, but she resisted desperately and shouted for help. Then, a handsome man fell from the sky, and that handsome man actually looked like the Xi Lingheng in the depths of her memory. ...

Chapter 1634, she made the headlines

Thinking of this, she could not help but smile wryly. She must have been drunk and confused. How could it be Xi Lingheng?

He was far away in New Jersey, so how could he have flown to China, the tiny Hui city, across the world, in an instant?

Her phone was still singing, so she quickly got down from the bed. Because she was anxious, her feet wobbled, and the discomfort at the base of her thighs immediately reminded her that those embarrassing scenes last night were not a dream. They were all real.

But who was that man?

Liu Ruoying was still singing on the phone, so she had no choice but to answer the call. Before she could put it to her ear, her mother's panicked voice sounded, "Fang Xiao, where are you? The Fang family is bankrupt, you're on the entertainment headlines..."

Rumble. Fang Xiao felt countless thunderclaps above her head, and she was immediately struck on the spot.

She could not be bothered to remember what had happened last night. She quickly ran out of the door, ran to the elevator, ran out of Windsor Hotel, and quickly hailed a taxi to go home.

The summer sun was scorching and dazzling. The Fang family, which was originally decorated with colorful lights, was now in chaos. All their relatives and friends gathered together and discussed animatedly.

Fang Xiao only found out after running home that the news in Huicheng daily was particularly explosive today. The finance and Economics Section was that the Fang family was suspected of commercial fraud, helping foreign underworld forces to launder money, and their stocks had fallen to the freezing point. Now, they were already in negative assets and were on the verge of bankruptcy!

On the entertainment section, it was Fang Xiao who had topped the list with a nude photo of her half-naked body. Some people even said that her nightlife was decadent. The night before the wedding, she had gotten drunk at the fire bar and had not even come out until early morning.

The Fang family was already in a mess. The relatives and friends who had originally come to attend her wedding didn't attend her wedding. Instead, they watched as the Fang family made a fool of themselves. Everyone was pointing and pointing at her, saying that she was a prodigal daughter and a mischievous woman.

Fang Xiao held the newspaper in her hand as she looked at her mother, whose eyes were red and swollen from crying, and her father, who was at his wit's end. Her heart instantly became clear. Last night, she had fallen for Du Caiwei's trap.

As for the Fang family, it was likely that they had fallen for the Qiu family's trap.

Although the Fang family wasn't considered a high-class society in Huicheng, they could still be considered somewhat famous. Fang Anbang had started from scratch fifteen years ago, starting from the smallest renovation team. Now, he had two large renovation companies.

In order to strengthen the strength of the company, Father Fang made a venture capital investment more than four years ago. Almost all of his money was invested in stocks. However, that time, he was in an unprecedented desperate situation. The Fang family was on the verge of bankruptcy.

It was at this time that Qiu Boyuan, the president of the Qiu Real Estate Company, extended an olive branch to him. He lent him money without interest to tide him over. Later, his money was unloaded from the stocks before he returned Qiu Boyuan's money.

At that time, Qiu Boyuan said that he had a son who was a good-looking person. He also heard that Fang Anbang had a daughter who was studying in the United States, so he asked for a marriage alliance between the two families. He said that this would strengthen the relationship between the two families. Fang Anbang immediately agreed to the marriage without saying anything.

Because Qiu Boyuan's son, Qiu Yitang, Fang Anbang had seen him before. He could be considered a handsome man. Moreover, he studied finance and management. Among the younger generation in Huicheng, he could be considered one of the best.

The Fang and Qiu families had such a relationship, and Fang Xiao was the most reliable child of Fang Anbang. Therefore, he was relieved to work with the Qiu family. Coincidentally, he was not in good health, so many things were handed over to his future son-in-law, Qiu Yitang, to take care of. He had never been guarded.

Chapter 1635: The chaotic wedding

However, who would have thought that the Fang family, with Qiu Yitang's help, would actually reach such a state, suspected of commercial fraud HELPING FOREIGN UNDERWORLD TO LAUNDER MONEY. These were things that Fang Anbang had never known.

At 12 o'clock in the afternoon, it was originally the time for Fang Xiao and Qiu Yitang's wedding. As the groom, Qiu Yitang still came. However, he was not alone. Instead, he brought along her former best friend, du Caiwei, whom she regarded as a sister.

His white suit accentuated his muscular and tall figure. His handsome face was still handsome, but his handsome facial features gave off an extremely cold and oppressive feeling.

The originally chaotic crowd suddenly quieted down because of Qiu Yitang's arrival. All of them looked at Qiu Yitang and du Caiwei whom he had brought with him, with various suspicions in their eyes.

Qiu Yitang held up the newspaper with her sexy photos in his hand. His cold and emotionless voice came out from his thin and cold lips, "Fang Xiao, no matter how bad I, Qiu Yitang, am, I will not marry a ruined woman!"

After saying that, he held du Caiwei's hand and elegantly turned around to walk out of the door. It was as if he had come here to humiliate Fang Xiao apart from making a fool of the Fang family.

Before Fang Xiao could refute, mother Fang was furious. She took a kitchen knife from the kitchen and chased after Qiu Yitang and Du Caiwei. However, she ran so fast that she forgot the existence of the traffic lights. She was knocked away by a speeding truck at the door.

Fang Anbang was so angry that he spat out blood. His entire body rolled down the curved stairs. His head was bleeding, but he was still unable to escape the fate of being taken away by the public security authorities.

Fang Xiao could no longer bother to argue with Qiu Yitang and confront du Caiwei. The Fang family was already in a state of panic. With the help of everyone, they sent their parents to the hospital. However, their mother died because of excessive blood loss.

As for their father, he was taken away by the public security organs because he was suspected of commercial fraud. She was a weak woman. Not only did she have to deal with her mother's funeral, but she also had to deal with the Fang family's matters.

The Fang family was on the verge of bankruptcy. The employees were emotional. The merchants who owed money came to her every day to collect their debts. However, the so-called relatives and friends of the Fang family had all disappeared at this time.

Fang Xiao had never understood why Qiu Yitang wanted to do this for the sake of peace, and why would he want to harm her like this?

Although she and Qiu Yitang did not have any feelings for each other, no matter what, the two of them still followed the wishes of their parents and decided to get married. They could be considered as a legitimate fiancée and fiancé.

She and Qiu Yitang had met four years ago, and they were also engaged four years ago.

At that time, she was in New Jersey in the United States, attending university. She had been in a romantic relationship with a poor boy named Xi Lingheng for a year, and just as she began to think about how far her love with Xi Lingheng could go and where it would go.. She did not expect her mother to call and tell her to return to the country as soon as possible. She told her that her father was critically ill and was hospitalized.

She flew back to Hui city almost as fast as she could. Only then did she realize that it was not her father who was critically ill, but the Fang Corporation that was in crisis and on the verge of bankruptcy. The great responsibility of saving the Fang Corporation had fallen on her head.

"Xiaoxiao, whether or not the Fang Corporation can come back to life is entirely up to you. You can't let down the hopes your father and I have for you," her mother looked at her and said earnestly.

All of her hopes. She was only 19 years old, and she was still a university student. She was at a loss about society, and her management of the company was a complete mess. How could she shoulder the heavy burden of lifting the Fang Corporation out of its predicament?

Chapter 1636, such a fiancée

However, she soon understood that it was not for her to stay in the Fang family, but for her to get engaged to a young man named Qiu Yitang. Her parents said that he was the eldest son of the Qiu family in Huicheng, and the future heir of the Qiu family. The marriage between the Fang and Qiu families had become in-laws. The Fang family would not just stand by and watch.

The first time she met Qiu Yitang was in the restaurant of the only five-star hotel in Huicheng. At that time, Qiu Yitang was wearing a white Armani suit, which made him look like a prince who had walked out of the Middle Ages.

Handsome men and beautiful women were the intention of both parents. Although it was the first time they met, the two of them were still generous. In order to save the Fang family, he wanted to smoothly enter the Qiu family, so no one had any objection to this engagement.

She used the fastest speed to return to the United States. In fact, she went back to handle the transfer procedures because her parents were worried about her studying alone in the United States. They said that they wanted her to study at a university close to Huicheng so that the family could be reunited at any time.

Of course, when she applied for a transfer in the United States, she also casually ended the romantic relationship that was already drifting in the wind and rain.

Her other good friend, Luo Qili, said that when love and bread were placed in front of you, if you were a person who did not have to worry about food and clothing, you would definitely choose love because it would make your life better.

On the other hand, if you were a person who was so hungry that you did not even have the strength to walk, no matter how Beautiful Love was, you would not hesitate to choose bread because life was the root of human beings!

What incisive words, to the point, the illusion of love and the cruel reality of the analysis into the wood!

It was no wonder that Luo Qili never fell in love. It was a waste of time to talk about it, in case she could not be with her beloved person in the end!

After she applied for a transfer certificate in New Jersey and returned to the United States, she was engaged to Qiu Yitang in less than half a month. Until the day of the engagement, she had seen Qiu Yitang less than five times.

After the engagement, she went to university in city G, which was not far from Huicheng, while Qiu Yitang went to Cambridge, England, to study for a postgraduate, and this trip lasted for four years.

A month ago, Qiu Yitang came back. Qiu Boyuan asked Qiu Yitang to marry her because Qiu Yitang was going to be a vice president of the Qiu Corporation. The premise of the Qiu Corporation was that only a married man was stable enough.

Fang Xiao had no objection to this marriage that had been decided four years ago. Moreover, her father liked Qiu Yitang so much. Even though she and Qiu Yitang were strangers, everyone in Hui city knew that she was the future young Madam of the Qiu Corporation.

Qiu Yitang came back from England. He was still handsome and had added a bit of mature charm. When he descended from the sky at the Qiu Corporation's anniversary celebration, the young men in the venue instantly became dull.

When everyone was praising Qiu Yitang, Fang Xiao felt that his gaze was especially complicated when he looked at her. At that time, she was still wondering if it was because the two of them were not too familiar with each other?

The wedding was scheduled to be one month after Qiu Yitang returned to China. In this month, the two of them met more often because they had to take wedding photos, discuss marriage issues, and buy furniture for the new house that they were going to live in in the future.

In this month, Qiu Yitang acted very gentlemanly in front of her. Whenever he was going somewhere, he would drive over to pick her up. When he got in and out of the car, he would open the car door for her. When he discussed things with her, his face would always have a modest and gentle expression. He was an elegant man who completely respected his wife.

Chapter 1637: Ruined Reputation

When he bought the ring, he meant to buy a diamond ring, but she said that the diamonds on the ring were just decorations and that life was ordinary, so he suggested buying a plain ring. She liked a plain life.

He still acted very gentlemanly and respected her choice. In the end, he bought a pair of platinum plain rings to make a wedding ring.

At that time, the owner of Jiufu jewelry said to Qiu Yitang, "President Qiu, when we get married, do you want to buy other gifts for your wife, such as brooches, necklaces, and bracelets?"

Qiu Yitang looked at her meaningfully and then said indifferently, "there's no need. I brought a gift back from abroad. On the day of our wedding, I will definitely give her a big surprise!"

However, she never thought that the surprise he gave would be like this. It would ruin her reputation and destroy her family!

It would cause her to lose her beloved mother, lose her warm family, lose the trust of her family, and even become the female lead of the erotic photos sect in Hui city. From then on, her reputation in Hui city would be ruined and she would have no face to see others.

Her mother had died, her father had been arrested, and the Fang Corporation had gone bankrupt. Fang Xiao finally could not bear it anymore. In the end, she went to the Qiu Corporation and met the man who had almost become her husband in the Qiu Corporation's luxurious vice president's office — Qiu Yitang!

"Why? Qiu Yitang, why did you do this? How did I let you down? How did the Fang Corporation let your Qiu Corporation down?" Fang Xiao's face was full of anger. Her cold gaze was like a sharp sword as it landed on Qiu Yitang.

She thought that if gaze could kill, she would have already killed Qiu Yitang!

There was no grudge between them. Although they had been engaged for four years, the number of times they met could be counted on one hand. And every time they met, the two of them were happy. In fact, they did not even bicker.

Even if Fang and Qiu had some grudges, she, Fang Xiao, did not let him down in the slightest. However, this man was actually so vicious that he wanted to ruin her reputation.

“Why?” Qiu Yitang sneered and replied, “Go back and ask your father, Fang Anbang. Do you still remember the Du Jianhua family that was killed by him? Do you still remember how Du Jianhua and his wife died? Do you still remember that Du Jianhua had an only daughter?”

“Your father forced Du Jianhua and his wife to die, and he didn’t even let his daughter go. Cai Wei and I love each other very much. We were about to get engaged, but your father called you back from America at this time and forced you to me. He ruined my marriage with Cai Wei. Do you think I will let you go?”

“The marriage was proposed by your father,” Fang Xiao argued instinctively. “If you don’t agree to this marriage, you can break off the engagement. I, Fang Xiao, will not shamelessly insist on marrying you.”

“CANCEL THE MARRIAGE?” Qiu Yitang could not help but snort coldly. “The Fang family father and daughter have done everything they could, and in the end, they just want to cancel the marriage. Do you think that’s possible “You once plundered it from the DU family. Shouldn’t I help Cai Wei get it back?”

“If your Fang family didn’t do it so ruthlessly, if you didn’t do it so ruthlessly, how could I have made such a desperate counterattack “The Fang family has fallen to such a state today. Fang Xiao, you have brought this upon yourself. You can’t blame anyone else.”

Hearing Qiu Yitang’s confident words, Fang Xiao could not help but doubt if this was true. Thus, she, who originally came to criticize Qiu Yitang, was instead criticized by Qiu Yitang.

Chapter 1638: An unexpected encounter

Fang Xiao did not know what kind of entanglement the DU family and the Fang family had. She only knew that fifteen years ago, Du Caiwei was ten years old. In the orphanage, she was recognized by her parents and paid for her education. Until she graduated from college, she even went abroad to further her studies.

Two days later, she went to visit her father in the detention center and found out that fifteen years ago, Du Jianhua and his wife had formed a construction team and cooperated with Fang Anbang’s renovation team. Together, they worked on construction projects.

Later, the strong preyed on the weak. Fang Anbang annexed Du Jianhua and his wife’s construction team. Du Jianhua and his wife were forced into a corner by the workers who demanded their wages. In the end, both of them jumped off the building and committed suicide.

Her father said that he originally thought that Du Caiwei was young and that he had been raising her. This child would forget the hatred of the past because he had raised her for so many years, but who knew?

Her father said that five years ago, he did not know that Du Caiwei had a boyfriend, and even more so, he did not know that Du Caiwei’s boyfriend was actually Qiu Yitang. If he knew, he would rather go

bankrupt than let his daughter get engaged to Qiu Yitang Because he owed the DU family, they shouldn't deprive du Caiwei of her happiness.

However, there were no ifs in this world, and time wouldn't go back. Therefore, the Fang family had unknowingly hurt du Caiwei again. That was why Qiu Yitang hated her so much and took revenge on her.

Fang Xiao buried her mother and then dealt with the funeral affairs of the Fang family by herself. In fact, there wasn't much to deal with. It was nothing more than the assets being seized and auctioned off, and then the workers' wages that should be paid, the arrears that should be paid, and so on.

Meanwhile, Fang Anbang stayed in the detention center for half a month. In the end, because he was suffering from uremia, he applied for medical parole. She sent her father directly from Huicheng detention center to Binhai's third hospital because Binhai's third hospital was one of the nation's leading hospitals for uremia However, Huicheng hospital did not have a better plan for uremia.

A month later

Five years ago, after Fang Xiao and Xi Lingheng broke up, she had thought of hundreds of scenarios where she would bump into him unexpectedly.

For example, in a certain banquet hall filled with bustling voices and fragrant hair, he had a beautiful and charming female companion by his side, and she was holding Qiu Yitang's hand. The two of them met each other's eyes in the crowd by chance, and then they raised their glasses from afar, separated by hundreds of people.

For example, in a world-famous supermarket chain, the two of them pushed the shopping cart, just like what Gu man wrote in why Sheng Xiao Mo. he also pushed the shopping cart, but she was alone And beside him, there was a woman who whispered to him as they walked. The scene was as beautiful and heartbreaking as a Korean drama.

For example, in a foreign country on a foreign street, the sky was raining. She held up a white transparent plastic umbrella like a movie. Her white clothes fluttered elegantly as she stood by the roadside, waiting for her family's driver to arrive Meanwhile, he held up an umbrella that had already broken stake. He was in a sorry state as he ran from her to the bus stop not far away.

... ..

There were thousands of scenes of them meeting again, but there was no one like this one.

At the entrance of the dim and ambiguous Royal Junjue nightclub, a woman wearing cheap but slightly revealing clothes was hugging her body that was slightly trembling because of the cold wind. She lowered her head.. Her mouth was constantly begging the men who came here to have fun.

"Sir, please let me have it. I only need 500,000. You can set the time limit. "

"Sir, I really only need 500,000. Please let me have it..."

"Sir, please..."

Chapter 1639 I'm not selling anymore

Fang Xiao kept praying, but no man was willing to stop for her. Perhaps her haggard appearance did not attract any men's attention.

Beside her, there was a girl who was also wearing revealing clothes but was dressed gorgeously. She was the only one who was not even willing to look at her.

Other women were as delicate as a budding flower, but she was as Pale and haggard as yesterday's yellow flower!

It was already midnight, and she had yet to find a buyer. She had yet to raise a single cent.

A low-key luxurious limousine stopped at the door. She immediately rushed over without caring about her image. She bowed and begged the man who had just opened the car door, "sir, please give me your money. It's only 500,000. Really, it's only 500,000."

There was no reply. The silence above her was suffocating. A slightly familiar smell faintly came from the tip of her nose. Fang Xiao was slightly stunned, then she took a step back and raised her head.

In front of her stood a young man in a hand-made navy-blue Armani suit. His deep facial features were as if they had been carved by a sculptor.

He had a handsome face, straight eyebrows, a high nose bridge, and Sexy Thin Lips!

Even after five years, even if time had washed away her face and erased her long-lost memories, she still only needed 0.1 Second to call out his name —

Xi Lingheng!

Xi Lingheng!

Xi Lingheng!

The man who rode the old bicycle with her!

The man who dragged a chair for her and could fight in a group!

The man who held her waist and stood on the table and announced loudly, "from now on, Fang Xiao, she is my girl! "!

The man who begged her over and over again in the snow, "Xiao Xiao, don't leave me. Xiao Xiao, please don't leave me! "!

And now, she and he were standing face to face at the entrance of the Royal Jun Jue's nightclub. She was a prostitute, but he was the supreme financier!

If God did not make a big joke out of her, then this should be a myth!

Fang Xiao was dragged into the car by Xi Lingheng. The main reason was that she turned around to escape, but Xi Lingheng was an expert. He reached out and grabbed her arm.

“SINCE YOU’RE here to sell your body, why are you running away if someone wants to buy you?” Xi Lingheng forced her into the car. “Isn’t it just 500,000? I’LL BUY IT!”

“I’M NOT SELLING ANYMORE!” Fang Xiao Shrank back into the corner with her head lowered, but she did not even have the courage to look up at him.

“NOT SELLING? Is it too late to say it now?” Yun Heng’s face was cold and dark, and his dark eyes were dancing with the flames of anger that he was suppressing.

Five years ago, wasn’t she going to marry a rich woman Five years ago, didn’t she not want a poor boy like him?

He had begged her before, but her heart was as hard as stone, trampling on his dignity. Now that she had finally fallen into his hands, how could he let her go?

“I won’t sell it to you!” Fang Xiao made a final struggle.

“Do you think that someone will buy you tonight?” Yun Heng’s lips curled into an imperceptible sneer. “Or do you think that you are a verdant virgin in the entertainment industry, and that there are a lot of rich people fighting to throw money at you?”

Fang Xiao immediately fell silent. She was not. She was nothing. She was already 24 years old and had long passed the most beautiful period of a woman’s life.

Chapter 1640 continued

After a month of stressful life, the 24-year-old she actually looked older than a 30-year-old woman.

The maybach quietly drove on the streets in the middle of the night. Twenty minutes later, the car drove into the residential area of the Lakeside Villa and stopped under a villa.

The noble man opened the door and got out of the car. He looked at the woman who was hiding in the corner and said coldly, “If you want to sell your body, you can get out. If you don’t want to sell your body, I’ll have to trouble you to get out. However, I’m not responsible for sending you back to the entrance of that nightclub.”

She got out of the car obediently and followed behind him with her head lowered. The maybach also drove away quietly.

The lights were very dim. He did not turn on the headlights when he entered the door. He only turned on the wall lights. She followed behind him fearfully. She crossed her arms around her body and tried her best to hide the fear in her heart and the impulse to turn around and run away.

She thought that if it were any other man, even if it was an old man in his sixties or seventies, she would be much calmer than she was now.

“since you’ve already sold yourself out, why are you still so reluctant to let go?” Yun Heng Sat down on the Sofa in the living room on the second floor of the Bedroom, and the mockery on the corner of his

mouth became more and more obvious. "Don't tremble like that. Those who don't know will think that I'm forcing you to become a prostitute."

Fang Xiao also wanted to control her trembling, but the control was not there. She knew that this was not the reason why she could not let go, but because the man in front of her was the man she never wanted to see again in her life.

"COME HERE!" Yun Heng Lay on the spacious consort's couch and pointed at his belt buckle. "UNTIE IT!"

Fang Xiao walked over carefully and squatted down. She hardened her heart and gritted her teeth. Finally, she stretched out her slightly thin and Pale hand and touched his belt buckle with trembling hands.

The sound of the belt buckle being untied was heard. With a slight pull, he finally untied his belt.

"continue?" The man's voice sounded coldly. "since you're in this line of work, don't you know what to do next? Have you never served a man before?"

She bit her lips lightly and controlled her trembling body. Her hand pinched the zipper buckle of his zipper. With a slight force, the Zipper was pulled down. At this moment, something that had long been in full bloom was jumping under a thin layer of pure cotton cloth.

She closed her eyes slightly and her trembling hand grabbed his trousers, trying to help him take them off. However, she was powerless. Her hand seemed to have no strength at all at this time.

A thin business card flew into her hand like a dart. The Sharp Horn had already scratched the back of her hand a little bit, and there was a faint trace of blood flowing out. ..

She could not help but let go of her trousers in pain and immediately used her other hand to rub the back of her hand. Meanwhile, he had already stood up and was holding the pants that had just been unzipped by her belt with incomparable elegance.

"That's my secretary's business card. Her number is on it. Contact her tomorrow and she will tell you where to get the money." After he said that, he turned around and walked downstairs.

She picked up the business card in a hurry. It was very simple. There was only a name and a phone number. The name was very common and vulgar. It was called Lin Shanshan.

She bit her lip lightly and hesitated for a moment before putting the business card away. When she walked downstairs, Xi Lingheng was no longer in the room. There was a BMW parked at the door.

"Miss Fang, sir asked me to send you back," a man in his thirties politely opened the car door for her and invited her into the car.
