Chapter 1721: Fang Xiao is pregnant

A child?

Qiu Yitang and Zheng Zihao were both shocked, thinking that their ears had misheard.

Therefore, Zheng Zihao hurriedly said, "well, doctor, I haven't seen Fang Xiao for a few years. Today is the first time we met. I didn't know that she was pregnant, and I didn't hit her. It was..."

Zheng Zihao pointed at Qiu Yitang and said, "he slapped her and then pushed her down. I don't know what relationship he has with Fang Xiao."

Qiu Yitang couldn't care less about the relationship between Zheng Zihao and Fang Xiao. He hurriedly asked the doctor, "you can't be mistaken, right? How could she... How could she be pregnant?"

"I have to ask you men?" The obstetrician and gynecologist had obviously been bullied by men before, so his tone was very bad. He immediately stuffed the receipt in Zheng Zihao's hand. He said coldly, "hurry up and pay the bill. I don't know if she can keep the baby in her belly."

Zheng Zihao did not ask any more questions after hearing what the doctor said. He took the receipt and turned to walk towards the payment window. He did not expect Qiu Yitang to reach out and grab the receipt in his hand.

Qiu Yitang held the receipt in his hand and looked at the female doctor. "Well, Doctor, I beg you, don't keep the child. Just perform an artificial abortion on her."

"What?" The female doctor and Zheng Zihao were shocked when they heard this. They could not help but stare at him with wide eyes.

"Qiu Yitang, are you still a man?" Zheng Zihao immediately flew into a rage. He could not help but glare at him angrily. "What right do you have to speak for Fang Xiao? Who are you to her? What right do you have to kill the child in her belly?"

"Fang Xiao is my fiancée." A complicated expression appeared on Qiu Yitang's face. He looked at Zheng Zihao and said coldly, "I don't have the right to speak for the child in her belly. Don't tell me you have the right to speak for her, young Master Zheng?"

"Fang Xiao is your fiancée?" This time, it was Zheng Zihao's turn to be shocked. However, after a short moment of shock, there was an overwhelming anger. "Since Fang Xiao is your fiancée, then the child in her belly is naturally your child. Then why did you slap Fang Xiao just now for a woman? You even pushed her down. Could it be that that woman is also your fiancée?"

"This is my own matter. Young Master Zheng, what right do you have to meddle in my private affairs?" Qiu Yitang's voice instantly turned cold. It was obvious that he was dissatisfied with Zheng Zihao's meddling.

He indeed did not know that Fang Xiao was pregnant. Of course, the child in Fang Xiao's stomach was not his, Qiu Yitang's. If it was, he would not have let the doctor do it. No matter how bad Qiu Yitang was.. He was not cold-blooded enough to kill his own child with his own hands.

The child in Fang Xiao's stomach was not his, but it had something to do with him. That night's erotic photo scandal, although he did not personally design it, he knew what Du Caiwei had done, and he actually did not stop her at that time He even acquiesced to Du Caiwei's actions.

He did not know whose child Fang Xiao was pregnant with. Because of the three vagrants that night, he thought that Fang Xiao definitely did not know that he was pregnant. If she knew, she would not have chosen to have this child.

"I do not want to participate in young master Qiu's private affairs," Zheng Zihao said with a cold face. "However, if someone wants to bully Fang Xiao, I will definitely not let that person go. Fang Xiao is my friend. I will not allow anyone to bully my friend."

Chapter 1722 the child can not be saved

Zheng Zihao paused for a moment. Then, he grabbed the bill in Qiu Yitang's hand and looked at him with a warning look. "Remember, it's anyone!"

Qiu Yitang was about to chase after him and snatch the bill back when the emergency room pulled it open. Then, the nurse pushed Du Caiwei, who had just had an abortion, out.

"The operation was very successful, but because of the relatively large pregnancy period, it's better to stay in the hospital for three days." As the nurse spoke, she pushed the movable bed towards the inpatient department At the same time, she handed the inpatient notification to Qiu Yitang. "Hurry up and go through the inpatient procedures."

Qiu Yitang nodded. After receiving the receipt, he walked towards the inpatient registration window. Just as he took a few steps, he heard the doctor at the entrance of the emergency room shouting, "Fang Xiao's family member, hurry over. The child can not be saved. We have to perform an abortion."

Qiu Yitang instinctively stopped for a moment. Then, he turned around and walked towards the entrance of the emergency room. He looked at the doctor and took the surgery receipt from her hand. As he signed it, he said, "please help her perform a painless surgery. She is afraid of pain."

The doctor rolled his eyes at him and said coldly, "you knew she was afraid of pain, yet you still slapped her and forced her to miscarry? Now that she has lost too much blood, I don't know if sir can save her."

"What?" Zheng Zihao had just returned from paying the bill. When he heard what the female doctor said, he immediately became nervous. He quickly asked, "what happened to Fang Xiao? What couldn't be saved?"

The female doctor looked at Zheng Zihao and said, "I don't know what happened. Fang Xiao's bleeding can't be stopped now. We were worried to death. Hurry up and sign it. We don't know who is the real family member."

Qiu Yitang could no longer care about the sarcastic look of the gynecologist. He snatched the surgery list and quickly signed his name with his trembling hand. Then, he hurriedly handed it to the gynecologist.

"You're Fang Xiao's husband?" The gynecologist took the surgery list and glanced at the family member because Qiu Yitang had actually made a check in the box behind his husband.

"I'm her FIANC?." Qiu Yitang explained a little irritably, "didn't you not print the words 'fianc??' on the surgery list? If I didn't check in the husband column, could it be that I still checked in the Father Column?"

"I remember that you also checked the column for 'husband' on Miss Du Caiwei's surgical list just now." The gynecologist's lips were obviously pulled into a sneer. "could it be that you are also Miss Du Caiwei's FIANC??"

Qiu Yitang's face immediately turned green. How could he have known that Fang Xiao would fall pregnant and miscarry. If he had known, he would definitely not have written that he was her husband on Du Caiwei's surgical list.

Dongfang Yunheng left after the dinner party ended. He bade farewell to Gu Hongyuan with Gu Chenchen. The two of them walked out of Youran residence together and found that Wu Jianping was already waiting for them at the entrance of Youran residence.

"President, you're finally out." Wu Jianping said in a slightly anxious voice, "I've been calling your cell phone for a long time, but you haven't picked up. I was just about to go in to look for you."

"My cell phone is in my bag, and my bag, Fang Xiao, is holding it for me." Dongfang Yunheng rolled his eyes at Wu Jianping. Then, as he walked towards the car, he asked faintly, "where's Fang Xiao?"

Yun Heng had looked for her once in the banquet hall when the banquet was about to end. He did not find her, so he thought that she had sneaked out in advance.

Chapter 1723: Fang Xiao Fainted

"Fang Xiao fainted and was sent to the hospital by second young master Zheng," Wu Jianping reported truthfully.

Dongfang Yunheng was shocked and could not help but ask, "what happened to her? Why did she faint?"

"I don't know," Wu Jianping lowered his head and answered truthfully. He did not enter the banquet hall, so how could he possibly know the reason for Fang Xiao's coma?

"Chenchen, go back with your mother first. I need to go to the hospital to see Fang Xiao," Dongfang Yunheng immediately said to Gu Chenchen who was beside him.

Gu Chenchen did not expect Dongfang Yunheng to immediately ignore her when he heard that Fang Xiao was unconscious. Of course, he felt extremely uncomfortable, but he did not show it on his face.

“Since Fang Xiao is unconscious, I will go with you to see her,” Gu Chenchen immediately said to Yun Heng with great consideration. “after all, she is going to serve US tonight...”

“No need,” Dongfang Yunheng said with a slight annoyance. Seeing that she was stunned, he immediately understood. His tone seemed to be a little stiff. Thus, he quickly said, “it’s late. Don’t you have a fashion show tomorrow night? Go back quickly. Rest well tomorrow night and you’ll be full of energy.”

Gu Chenchen had always been sensible. Since Dongfang Yunheng had already found an excuse for her to go along with him, if she still did not know her place and insisted on going, she would probably not give Dongfang Yunheng face.

“Then I’ll get my cousin to send me back later.” Gu Chenchen immediately nodded meekly. She hugged Dongfang Yunheng and kissed him on the cheek. She gently reminded him, “Fang Xiao, if you have nothing else to do, hurry back and rest early. Don’t always stay up late. It will be too tiring.”

Dongfang Yunheng nodded. He didn’t have time to talk to Gu Chenchen anymore. He let go of her and immediately turned around. He opened the car door and got into the car. The moment the car door closed, Wu Jianping had already quickly driven the car out.

Gu Chenchen looked at the car that had disappeared in the middle of the night. Her face quickly darkened, and her hands couldn’t help but clench into fists under her sleeves.

It seemed that she could not continue to stand idly by. She had to seize the time to do two things. One was to pressure the Qiu family to let Qiu Yitang and Fang Xiao get married.

The other was to let Auntie and Mrs. Dongfang beat around the bush and urge her and Dongfang Yunheng to get married. Not to mention getting married, at least the engagement had to be carried out as soon as possible.

It seemed that she had to let her mother go to the Qiu family in Hui city tonight. According to what she knew, Mrs. Qiu seemed to like Fang Xiao very much. As long as Mrs. Qiu nodded, Qiu Yitang could not refuse to get married.

“Do you know which hospital?” Dongfang Yunheng turned to look at Wu Jianping, who was driving. Seeing that he only cared about driving, he could not help but ask again.

“I don’t know,” Wu Jianping said truthfully. “I tried to call Fang Xiao, but there was no answer. I don’t have Zheng’s cell phone number. I wanted to ask Zheng, but his cell phone was not in the service area.”

After saying this, Wu Jianping had already turned the car to the nearby hospital. Then he added, “I guess it should be sent to the nearby hospital. After all, Fang Xiao is unconscious.”

At the entrance of the emergency room, Zheng Zihao punched Qiu Yitang hard. Because of his anger, Zheng Zihao used all his strength, and Qiu Yitang happened to be defenseless. Therefore, Zheng Zihao’s punch forced Qiu Yitang to take a few steps back before he could stabilize himself.

Chapter 1724 — who can prove it

“Zheng Zihao, what right do you have to hit me?” Qiu Yitang’s hand held onto a pillar as he stood steadily. He was very dissatisfied with Zheng Zihao’s sudden attack on him. His hands instantly clenched into fists as he glared at Zheng Zihao, meaning that if he dared to attack again.. He would definitely return it.

“Zihao, what’s going on?” Dongfang Yunheng just happened to run in. When he saw that Zheng Zihao was holding Qiu Yitang’s fist, he could not help but quickly ask, “what’s going on? Why did you fight young Master Qiu?”

“because he’s an animal. I want to beat him to death.” Zheng Zihao, who was in a rage, signaled Dongfang Yunheng to stand aside and not stop him. He wanted to give the man who bullied Fang Xiao a good beating tonight.

“Zihao, what’s going on? Can’t you clarify the matter first?” Dongfang Yunheng immediately glared at Zheng Zihao and immediately acted like a boss. “Is the entrance to the emergency room a place for fighting?”

“Fang Xiao had a miscarriage.” Zheng Zihao’s anger suddenly rose again when he said this He pointed at Qiu Yitang and said angrily, “moreover, it was this man who pushed her to have a miscarriage. The most hateful thing is that this man still has the face to say that he is Fang Xiao’s fianc❖❖, but he brought another woman to attend the Gu family’s banquet. For the sake of the wild woman outside him, he actually didn’t even care about the child in Fang Xiao’s belly. If you say that he isn’t an animal, then what is?”

Miscarriage Dongfang Yunheng was instinctively stunned. Fang Xiao was pregnant, why didn’t he know?

Two days ago, he saw her throw up, and she was throwing up very badly. At that time, he thought that she was throwing up because of the memories of eating hamburgers and drinking coke, and also because she was disgusted by the smell of the perfume in his car.

He did not even dream that Fang Xiao might be pregnant, because she usually behaved very normally in the company, and he did not see any signs of pregnancy.

Fang Xiao had a miscarriage, then whose child was this Could it be... ..

“It was Fang Xiao who pushed Cai wei down the stairs first. At that time, Cai Wei lost a lot of blood.” Qiu Yitang saw Dongfang Yunheng’s gloomy face Therefore, he instinctively defended himself, “at that time, the situation was too critical, and Fang Xiao ran down again. I mistakenly thought that she still wanted to attack Cai Wei, so I slapped her in desperation. However, I did not expect that slap to actually hit her down the stairs, and I also did not expect that she was actually pregnant.”

“You mean, if Fang Xiao wasn’t pregnant, you should slap her?” Dongfang Yunheng’s face was dark, and his cold voice was low and deep.

“She pushed Cai Wei down first, and the child in Cai Wei’s belly was also aborted, wasn’t it?” Qiu Yitang said righteously It seemed that even if the child in Fang Xiao’s belly died, it was only a life-exchange with the child in DU CAIWEI’s belly.

“Even if the child in DU CAIWEI’s belly was aborted, you still don’t have the right to abort the child in Fang Xiao’s belly, do you?” Yun Heng’s face was still cold. A pair of sharp eyes landed on Qiu Yitang’s face. “Who can prove that Fang Xiao Pushed du Caiwei down? Did you see it with your own eyes?”

“Fang Xiao is my fiancée. I don’t have the right to have the child in her belly. Do you have the right?” Qiu Yitang immediately put on the airs of Fang Xiao as her fiancée.

Dongfang Yunheng was immediately unable to answer Qiu Yitang’s question. Only then did he remember the relationship between Fang Xiao and Qiu Yitang.

Chapter 1725: whose child is it

He had asked Wu Jianping to investigate Fang Xiao after he saw her at the entrance of the Royal Junjue Hotel. He knew that she had been abandoned by Qiu Yitang on the day of the wedding because of the pornographic photos. However, the Qiu family did not seem to have announced the annulment of the engagement.

And tonight, at the Gu family’s family banquet, Qiu Yitang had publicly said that Fang Xiao was his fiancée. From this, it could be seen that the Qiu family did not abandon Fang Xiao, even though Qiu Yitang had another woman outside.

Fang Xiao was Qiu Yitang’s fiancée. Although Fang Xiao had not gone through any affairs before the wedding, after she was abandoned by Qiu Yitang, she could not help but look for Qiu Yitang when she dealt with the funeral matters of the Fang family.

He trusted Fang Xiao’s character, but the key was that Qiu Yitang’s character as a scumbag made him have no trust at all. And the child in Fang Xiao’s belly... ..

Before Dongfang Yunheng could sort out his thoughts, the door of the emergency room was pushed open. The nurse pushed Fang Xiao out. The three men were stunned for a moment, then they surrounded Fang Xiao at the same time.

“Who’s going to go through the hospitalization procedures?” The doctor handed over the receipt in his hand. Dongfang Yunheng immediately reached out and caught it. He turned around and handed it to Wu Jianping who had followed him in.

“Doctor, is she alright now?” Yun Heng looked at Fang Xiao, whose face was as pale as a sheet of paper. His heart ached as if it had been pulled by a saw.

“What do you mean she’s fine?” The doctor glared at Qiu Yitang. Then, he said in a bad mood, “I don’t know which one of you is the real family member, but I still have to tell you that her health is not good. She’s too weak. She just bled out a lot. In the future, the chances of her getting pregnant will be very low.”

What The three men were shocked. They widened their eyes and looked at the female doctor. Everyone wondered if they had heard wrongly.

“I really didn’t know that Fang Xiao was pregnant,” Qiu Yitang muttered to himself. No one knew who he was explaining to. “If I knew that she was pregnant, I would never...”

If he knew that Fang Xiao was pregnant, he would definitely not let Fang Xiao be knocked down by him and fall down the stairs and have a miscarriage.

He would definitely bring her to the hospital as soon as possible and arrange for the best obstetrician and gynecologist to perform an abortion on her. No matter what, he could not let her leave behind a side effect that was very difficult to get pregnant.

Because Qiu Yitang said that he would never say those three words, and he did not continue. Therefore, Zheng Zihao could not help but ask sarcastically, “you would never what? Never let the woman outside of you meet Fang Xiao face-to-face? You would not wave your hand and hit Fang Xiao at that time? Because no matter what, Fang Xiao is carrying your child in her belly. You are not an animal to the point of attacking Your Own Child?”

Fang Xiao is carrying Qiu Yitang’s child in her belly. Dongfang Yunheng’s heart immediately thumped. Could it be that before he came, Qiu Yitang had said so?

Qiu Yitang did not say another word. He had just suffered a loss from Zheng Zihao, and now Fang Xiao’s boss, Dongfang Yunheng, was here. Dongfang Yunheng and Zheng Zihao seemed to have a good relationship. If these two men worked together.. He was definitely not their match.

Most importantly, he did not dare to deny that the child in Fang Xiao’s stomach was not his. If he said it was not, then Zheng Zihao would definitely ask, you are Fang Xiao’s fianc? If the child is not yours, then whose is it?

Then how would he answer? Say that the child is someone else’s? But who is the person outside Zheng Zihao? Zheng Zihao said that he and Fang Xiao’s former classmates. If he were to stand up for his old classmate Fang Xiao and investigate the incident two months before the wedding, then the matter of him and Du Caiwei Scheming to frame Fang Xiao would definitely be exposed.

Chapter 1726 could only be aborted

Moreover, he already regretted this matter, especially after he had just learned that it would be very difficult for Fang Xiao to get pregnant. He regretted it so much that his intestines turned green.

He hated Fang Xiao because she had once treated Cai Wei like that. He only wanted to use the same method to take revenge for Cai Wei, but he did not think that he would bring her to such a state.

The three of them followed the nurse and sent Fang Xiao to the gynecology department’s Inpatient Department on the sixth floor. Fang Xiao’s ward happened to be next to Du Caiwei’s ward. When the nurse saw Qiu Yitang, she immediately called for him.

“Du Caiwei’s family, Miss Du has been crying out in pain. She’s been looking for you for a long time.” The nurse glared at Qiu Yitang. Men Nowadays really didn’t know what to do with such a woman. Wasn’t it tiring to be busy with this and that?

Qiu Yitang's face was gloomy. At this moment, he seemed to have become a rat that everyone wanted to beat up. However, in the conscience of heaven and earth, he didn't want things to go to this extent.

Seeing that Zheng Zihao and Dongfang Yunheng had already followed the nurse and pushed Fang Xiao into the ward next door, he hesitated for a moment before walking into du Caiwei's ward.

When du Caiwei saw Qiu Yitang enter, she immediately threw herself into his arms and sobbed as she complained, "Yitang... our child... Yitang... Fang Xiao... she killed our child..."

Qiu Yitang used his hand to stroke her head and said a little irritably, "you just had a miscarriage, you should rest well. It's fine if the child is gone, but can you cry back?"

Hearing Qiu Yitang's words, Du Caiwei secretly raised her head to look at him. Seeing his gloomy face, she immediately stopped crying, but in her heart, she was guessing what he was thinking about.

Fang Xiao did not know how long she had been asleep. In short, it was as if she had fallen into a bottomless darkness. She only felt that there was a pain in her body that was pulling her, and that pain was pulling at her nerves. And that nerve had inexplicably traveled to the bottom of her heart. Then, it spread from the blood vessels in the bottom of her heart to her entire body, all the way to her limbs and bones.

She was really confused. She did not even know that she was pregnant. It was not until she was pushed and bleeding to the hospital that she realized that a seed was sprouting in her stomach.

When she woke up from the coma, the doctor told her that there were signs of miscarriage. He said that her fianc~~??~~ let her have an abortion, so he asked her what she wanted. Was it to preserve the pregnancy or to have an abortion?

At that time, she was shocked. Her fianc~~??~~ let her have an abortion, and she finally realized that it should be Qiu Yitang.

She remembered that she was slapped by Qiu Yitang at the bottom of the stairs. Then, Qiu Yitang seemed to scold her. Then, she could not remember how she came to the hospital. She vaguely felt that the person should not be Qiu Yitang. Because he could not even care about the woman he loved, Du Caiwei.

She was bleeding. The doctor asked her what she thought. She pondered for a long time, but she did not make any decision. Because this was the child of a stranger, but it was also her child.

That night, she was indeed drunk and confused, but she still vaguely remembered that the strange man was so handsome, as if he had flown over from New Jersey.

She knew that it was an illusion because of the drug control. The strange man could not be him, and it could not be him. She knew this very well.

Just as she was debating whether or not to save the baby, the doctor said that her blood could not be stopped, so she could not save the baby, and she had to have a miscarriage.

Chapter 1727'why am I here? '

Her memory stopped at the time of the anesthetic. She heard the doctor order the nurse, "give her the anesthetic. It's the type of general anesthetic. Her fianc❖❖ said that she's afraid of pain."

She didn't know why, but her nose suddenly felt sore. Her eyes were stinging, but she gritted her teeth and didn't let the warm liquid in her eyes roll down.

Then, the anesthetic needle pierced into her flesh. Then, she felt that her eyelids were getting heavier and heavier. Then, she slowly fell asleep.

She actually slept for quite some time. When she woke up from her deep sleep and opened her eyes again, she suddenly realized that this was not the room of Dongfang Yunheng from Jiangnan famous city, because the rooms here were all white.

The white walls, the white quilt, and the pillow. She turned her head slightly in puzzlement and found that this bed seemed to be somewhat different from the beds in Jiangnan famous city. What was even stranger was that there was actually a hanging bottle hanging at the head of the bed.

She looked down from the tube of the hanging bottle and realized that the tube went all the way to the back of her hand. There was still a needle on the back of her hand, and this needle had obviously pierced into her blood vessels.

She finally woke up completely. She blinked her eyes twice and then paid attention to everything in the room price. She was shocked to find that this was a single ward, and there was a simple chair in the ward. At this moment, there was a person sitting on the chair.

And this person was actually her former high school alumnus: Zheng Zihao!

"Zihao," Fang Xiao could not help but call out to him. She used her hand to support herself on the edge of the bed and sat up. Then she asked softly, "um... why am I here?"

"You're awake?" Zheng Zihao quickly walked over. Seeing that she had already sat up, he immediately helped her to pick up the pillow and put it behind her. "It's more comfortable to lean on like this."

"I... Why am I in the hospital?" Fang Xiao was still a little confused. Even if she had a miscarriage, there was no need to be in the hospital. She remembered that in the past, when Luo Qili went to the hospital for an abortion, she would leave after resting for two hours ...

"this... the doctor said that your situation is a little special." Zheng Zihao pondered for a moment. Then, he quietly comforted her, "well, it's actually not a big deal. It's just that you bled a little too much at that time. Wouldn't it be better to rest in the hospital for three to five days?"

"Rest?" The corner of Fang Xiao's mouth pulled into a bitter smile. Could she afford to rest? So, she said faintly, "I still have to work tomorrow. Well, Zihao, help me go to the hospital to go through the discharge procedures. I don't know how much the surgery just cost. When I go back..."

"What relationship do we have? Why are you still asking me for money? Besides, I didn't pay for that money." Zheng Zihao glared at her. Then, he quickly said, "you're already like this. Can you go to work tomorrow? Yun Heng just left. He already knows about your miscarriage. I think he will give you a holiday."

Dongfang Yunheng came Her head instinctively exploded. Then, was the Gu family's banquet already over And he didn't accompany his Miss Gu Chenchen?

Coincidentally, a nurse came in to take her temperature. When she saw that she was awake, she immediately asked if she felt uncomfortable anywhere?

Her face turned slightly red. Then, she softly said, "I just feel a faint pain in my lower abdomen. That's all."

Of course, it wasn't just her lower abdomen that was hurting. In fact, she felt that her pants were completely wet. No, it should be her entire buttocks that were wet. She guessed that the bedsheets were probably wet, but Zheng Zihao was here.. She was too embarrassed to tell the nurse about these things.

Chapter 1728 reality was cruel

"The pain in the lower abdomen is caused by the contraction of the uterus." The nurse glanced at Fang Xiao She said indifferently, "you're taking your body too lightly. Even if you don't want the child in your belly, why don't you just go to the hospital and have an abortion Why did you have to bleed so much to come Aren't you making things difficult for yourself?"

Fang Xiao was silent when she heard this. She bit her lips and did not say a word.

If she was pregnant and did not want to have a child, she should go to the hospital and find an obstetrician to have an abortion. She had never experienced this before, but she knew it. After all, she had accompanied Luo Qili to the hospital before, right?

Most importantly, she did not know that she was pregnant at all. Although there had always been cases of nausea in the past, she thought that it was because she was too tired. Moreover, she had stomach problems in the past She also thought that it might be because she kept recalling some of the things that happened five years ago when she was with Dongfang Yunheng because she was in a bad mood.

Of course, in the past two months, her family had encountered such changes. Her mother died and her father's family went bankrupt. In order to save her father, she even sold herself.

In short, her life was in a mess. She had forgotten about her period. That was why she was so confused that she did not even know that she was pregnant.

If she had known that she was pregnant before this, what would she have done?

She thought that she would probably choose to go to the hospital to have an abortion in the end. After all, this child was just the product of someone drugging her and a strange man. She was not stupid enough to want to give birth to the child of a strange man.

Although many online gossip often wrote about women who had sex with a strange man for a night and then gave birth to a child and then returned with the child.

However, she knew that those online fictions were ultimately fictions. In real life, there were very few women who had that kind of courage, and she definitely did not have that kind of courage.

Of course, other than not having that kind of courage, she also did not have that kind of financial strength. Right now, it was a little difficult for her to raise her younger brother, Fang Chen, so how could she have the money and energy to raise a child?

Moreover, she had sold herself to Dongfang Yunheng for a year, and for the next year, Dongfang Yunheng was her financier and she was Dongfang Yunheng's slave. How could Dongfang Yunheng allow her to become a pregnant woman with a big belly?

The female nurse took her body temperature. Coincidentally, the liquid in her IV bottle had run out, so she took out the needle and reminded her of a few precautions. Then, she took the empty IV bottle and walked out of the ward.

Zheng Zihao saw that the nurse had left. Just as he got up and was about to go to the bedside to ask Fang Xiao if she was hungry, the ward door was pushed open again. Dongfang Yunheng walked in with a restaurant bag.

"Zihao, your brother called you just now and asked you to hurry back," Dongfang Yunheng said naturally. "I helped Fang Xiao get a nurse. She will be here in a few minutes. You should leave quickly."

"But..." Zheng Zihao glanced at Fang Xiao, then looked at Dongfang Yunheng and said, "she should need to rest for a month. I think..."

"Zheng Zihao, when did you get to tell me what to do with my company?" Dongfang Yunheng lowered his voice. He said coldly, "I will naturally approve the leave for my employee based on her condition. However, it's definitely not up to you to decide how many days it will be."

Chapter 1729: What do you need to buy

Zheng Zihao was choked by Dongfang Yunheng, so he couldn't say anything more. So he quickly said to Fang Xiao on the hospital bed, "well, Fang Xiao, I'll go back first. I'll come to see you tomorrow. Take care of yourself. Don't talk too much to your... inhumane boss."

Fang Xiao nodded. Before she could say anything, Dongfang Yunheng had already kicked her. Zheng Zihao flashed and immediately ran out of the ward door. Dongfang Yunheng chased after him and closed the ward door the moment Zheng Zihao ran out.

Fang Xiao saw Dongfang Yunheng chase after Zheng Zihao and got out of bed. Because of the infusion, she felt that her abdomen was a little bloated, so she wanted to go to the toilet.

Of course, going to the toilet was not just about urinating. She also wanted to take the hospital gown that the nurse had given her to the toilet to change, because the pants on her body were completely stuck to her buttocks and thighs.

Of course, it was still not enough to change into the hospital gown. When Dongfang Yunheng left, she had to ask the nurse to go downstairs to buy a pack of sanitary pads and two pairs of underwear.

However, just as she got down to the bed, before she could take a step forward, Dongfang Yunheng actually turned around and came back. When he saw her getting down from the bed, he instinctively frowned.

“Why did you get down from the bed when you have nothing to do?” He asked very unhappily. Without waiting for her to answer, he said, “Oh right, I just brought a jar of chicken porridge from Chaozhou Porridge. Sit on the bed, I’ll bring it over for you to eat.”

“I... I want to go shopping.” Fang Xiao played a little joke. Actually, she wanted to say that she wanted to go to the toilet, but she was worried that Dongfang Yunheng would come over and help her get an IV bottle. Then, he would let him see the sorry state of her buttocks.

Dongfang Yunheng looked at the woman standing by the bed. Her sparkling white feet were wearing a pair of black, androgynous slippers provided by the hospital, just like the White Lotus quietly blooming in a quiet pond.

Her originally smooth hair, perhaps because she did not want to be comforted and turned over in her sleep, had a few strands sticking to her forehead, which had an imperceptible hint of playfulness. It accentuated the thin and thin chin, and her face was Pale and colorless due to the loss of blood Under the illumination of the lights, her deep and dark eyes were as bright as black pearls.

She was still wearing the black uniform she wore during the day. Under the jacket of her small suit was a white shirt with gray and white stripes. At this moment, due to the lighting, her Pale, colorless face was becoming more and more transparent The uniform and trousers underneath her were tightly pressed against her legs. Perhaps it was because she had just gone through that kind of surgery, she seemed to be at a loss as she stood there, but she looked more and more attractive.

Suddenly, Yun Heng felt that this was not a hospital room in Bincheng, but in New Jersey five years ago. She was still as beautiful as when they first met. Even if she stood in this hospital room that was filled with the smell of disinfectant, she was still like a clear stream in the mountains The pure and transparent heart that could make people feel irritated instantly calmed down.

Seeing that she had been standing there refusing to go to bed, and even looked like she wanted to walk, Dongfang Yunheng, who was stunned, finally came back to his senses. He could not help but raise his eyebrows and asked unhappily, “what do you need to buy?”

What did she need to buy Fang Xiao glanced at Dongfang Yunheng, but she gritted her teeth and did not say a word. Her sparkling white teeth left a row of visible teeth marks on her originally colorless lower lip, but she did not say the name of the thing she wanted to buy for a long time.

Chapter 1730: Awkward Moments

Dongfang Yunheng felt his throat dry and itchy when he saw how embarrassed she was. Although he had spent 500,000 yuan to buy her since he met her, this was the first time he had seen her with such a feminine side It made his heart skip a beat.

“What exactly do you want to buy? Can’t I just go and buy it for you?” Dongfang Yunheng saw that she was still biting her lips and standing there. He had recovered his emotions, and his face immediately darkened. He asked impatiently.

"I . . . I'll go alone." Fang Xiao was so bitter that she was about to cry. She lowered her head and did not dare to look at Dongfang Yunheng. She only said in a pleading voice, "president, you... go back. I'm fine. I don't need anyone to take care of me."

Dongfang Yunheng looked at her with some confusion. What was wrong with this woman, Fang Xiao She had just had an abortion. She should rest. Moreover, he was only going to buy some things for her.

When Fang Xiao saw that Dongfang Yunheng was not leaving and was staring at her, she lowered her head even more. At this moment, she really wished that a crack would suddenly appear on the floor so that she could crawl into it and never come out again.

Dongfang Yunheng saw her awkward look and thought that she had just had an abortion. He immediately understood and could not help but feel awkward as well.

"Alright, hurry up and go to bed to rest. Your body is weak and you can't walk around casually. I'll go and buy the things for you now." After saying this, Yun Heng quickly turned around and walked towards the door.

"this... isn't good." Fang Xiao was so ashamed that she was about to cry. "I think... It's better for me to go by myself."

Yun Heng had already walked to the door of the ward. When he heard her say that, he turned back to look at her. Then, he said nonchalantly, "what's not good about it? Isn't it just shopping? I'll be back soon."

Fang Xiao waited for Dongfang Yunheng to leave before she quickly took the hospital gown and walked into the bathroom. She went to the toilet and quickly changed her clothes. However, because her underwear was soaked, she was only wearing a hospital gown now. She reckoned that it would be dirty very soon.

She was extremely distressed, but there was nothing she could do. Fortunately, there was a roll of tissue in the bathroom. It was probably left behind by the previous patient. At this moment, she could not care less. She immediately pulled down almost half of the tissue and folded it into a long strip as long as a sanitary pad. Then, she pulled the pants of the hospital gown up tightly, trying to make the tissue stick to her lower body as closely as possible.

After doing all this, she carefully came out of the bathroom and walked step by step to the chair beside the coffee table. Every step was like stepping on the tip of a knife, because if she was not careful, the emergency toilet paper would fall out of her pants.

She was indeed hungry, and it was the fast food she had for lunch. At this moment, there was a pot of hot, fragrant porridge on the coffee table. She could not care less whether Dongfang Yunheng's pot of porridge was a great irony to her. Instead, she quickly opened the earthen Jar and took a spoon to bring out the porridge to eat.

She had eaten less than half of the pot of porridge when Dongfang Yunheng came back. He was carrying a shopping bag full of porridge in his hand. Seeing that she was eating porridge, he immediately put the shopping bag on the seat beside her.

“Go and change into it after eating the porridge.” His voice was very soft, but his face was slightly red. Then he said in a low voice, “I just told the nurses at the nurses’ station to get another set of clean bedding for you to change into.”
