

Divorce 1781

Chapter 1781 should act like a proper wife

It was a family in China. Fang Xiao was his legal wife, and it was a family in the United States. Du Caiwei was the woman he loved the most. This was the best solution he could come up with at the moment.

The winter solstice festival dinner of the Qiu family was originally scheduled to start at seven in the evening. Qiu Yitang's father, Qiu Boyuan, had arrived home at half past six, but Qiu Yitang had not arrived at more than seven.

Old Madam Qiu could not help but complain. She said a little irritably, "Yitang, this child is becoming more and more improper. I called him at noon. He said he would leave work early. It's already so late, and he still hasn't come back. I think he is becoming more and more disrespectful of the Qiu family's rules."

Qiu Boyuan glanced at his mother and daughter-in-law, then took out his phone to call his son who had yet to return home.

However, Qiu Yitang ran into the door at this time and said a little breathlessly, "grandma, there was a traffic jam on the road. I really didn't mean to come back late."

"Traffic Jam on the road?" Old Madam Qiu obviously didn't believe it. She snorted coldly and said, "who are you lying to? I called your office at five o'clock in the afternoon and your secretary said that you had already left. Is the Qiu family very far from the Qiu family? Why didn't you say that?"

Qiu Yitang immediately didn't say anything. Qiu Boyuan glared at him fiercely and couldn't help but lecture him. "How old are you? Who is more important and who is not important? Hurry up and sit down next to your wife and eat."

Qiu Yitang immediately didn't say anything. His father rarely scolded him, but that one was more important than the other. It was rich in content. It meant that Fang Xiao's weight was much more important than Du Caiwei's, so he didn't want him to make an obvious mistake on such a big issue.

He knew that his father was an extremely unfeeling person. When he married his mother, it was because his mother's family was beneficial to the Qiu family, and his father had abandoned the woman he liked for that small benefit.

Now, his father also hoped that he could be like him. The woman he liked could be placed outside, but this woman in the family had to bring benefits to lady Qiu. And Fang Xiao could bring sufficient benefits to lady Qiu now.

Qiu Yitang instinctively disliked his father's way of being a person. The reason why he had treated Fang Xiao that way back then was more or less because he wanted to marry the woman he loved, Du Caiwei.

However, this thought had changed now. He actually gradually fell in love with Fang Xiao, so he did not refute his father's words. He just sat down next to the Obedient Fang Xiao.

Fang Xiao lowered her head and acted like a obedient daughter-in-law, eating quietly. She did not expect to be dragged out by old Madam Qiu like this.

“Fang Xiao, you can’t always ignore Yi Tang like this.” Old Madam Qiu was very dissatisfied with Fang Xiao’s overly docile temper. She could not help but instruct her, “this man needs to be controlled. You should act like a proper wife.”

Fang Xiao could not help but laugh when she heard this. She raised her head to look at Old Madam Qiu and said indifferently, “grandmother, as the saying goes, where the heart is, the man is. If his heart is not at home, do you think he would still rush home?”

Old Madam Qiu was slightly stunned when she heard Fang Xiao’s words. She did not know how to answer for a moment. Fang Xiao, on the other hand, put down her bowl and chopsticks after eating her fill. She stood up and said, “grandmother, Fang Xiao’s ability is limited. Moreover, a person’s heart is not something that can be grasped easily.”

After saying this, Fang Xiao turned around and walked towards the kitchen. The servants were on vacation today, so she had to help the chef do something that she could do. Otherwise, the chef would be very busy.

Chapter 1782 I did not step on her

When Fang Xiao finished helping the chef in the kitchen, she came out. The hall of the Qiu family was already empty. Tonight, she and Qiu Yitang were both left in the Fang family’s old house, so she could only obediently walk to the building next door.

The Qiu family’s old house was a double-bundled Villa, which meant that the one on the left and the one on the right were independent. Qiu Yitang lived in the same house as his grandmother, and his father, Qiu Boyuan, lived in the same house alone.

His grandmother lived on the first floor, the second floor had two clients, and the third floor was the master bedroom. Fang Xiao still wanted to stay in the guest room, but the doors of the guest rooms were all locked. She had no choice but to go up to the master bedroom on the third floor.

She walked to the door on the third floor, and when she saw that the room was covered with bright red wedding supplies and that Qiu Yitang was lighting candles and the lights in the room were very dim, she could not help but be stunned. She stood at the door of the room and did not move.

“Fang Xiao, why aren’t you coming in? Are you waiting for me to carry you in?” Qiu Yitang lit the candle, and when he looked up, he saw Fang Xiao standing there, so he could not help but ask teasingly.

Fang Xiao hesitated for a moment and walked in. Seeing that the room looked particularly ambiguous under the candlelight, she could not help but ask, “what do you mean by this?”

“What’s the point of making up for the wedding night?” Qiu Yitang felt that this woman, Fang Xiao, was really not enlightened. Didn’t she think that since they were husband and wife, the wedding night would come sooner or later?

“Wedding night?” Fang Xiao’s heart skipped a beat instinctively. Then, without batting an eyelid, she said, “manager Qiu, aren’t your words funny too? You just went to have sex with your beloved lover after work, and now you’re back to have sex with me. Are you that energetic?”

“I didn’t go in the afternoon...” Qiu Yitang stopped right there because he noticed that Fang Xiao’s eyes were fixed on his neck. He couldn’t help but be stunned. He instinctively turned around and walked to the cloakroom, turning on the light on the wall ...

Then, he discovered that his shirt collar was full of lipstick factors, and there were lipstick marks on his neck. His face instantly flushed red.

D * Mn it, he didn’t expect Du Caiwei to leave him with such conclusive evidence. No wonder grandma was furious and scolded him during dinner.

Therefore, he grabbed a tissue to wipe the Hickey marks on his neck, and then said impatiently, “yes, where did I go in the afternoon? But I didn’t do... that kind of thing with her.”

After saying this, he glared at Fang Xiao and said, “if you didn’t step on her fingers like that during the day, she wouldn’t have called me. Her fingers were originally white and slender, and only you had the heart to step on them.”

Qiu Yitang paused at this point, and then came over to look at Fang Xiao who didn’t say a word. He could not help but say irritably, “Fang Xiao, I know that I have let you down by still being with Cai Wei, but can you please be angry at me?” “You can hit me or scold me, but don’t hurt her because she has no family in this world. It’s already pitiful enough for her to be alone. I’m her only family.”

Fang Xiao listened quietly. When Qiu Yitang said these words, she did not refute a single word. Only after he finished did she slowly stand up. She said indifferently, “chief Qiu, I don’t want to say anything. The only thing I want to say is that I didn’t step on her. Believe it or not, it’s up to you.”

Chapter 1783, Fang Xiao, that’s enough

After saying this, Fang Xiao immediately turned around and walked out of the door. As the saying goes, different paths lead to different strategies. She and Qiu Yitang didn’t even have the least bit of trust, so how could they be husband and wife?

“Fang Xiao, where are you going?” Qiu Yitang immediately caught up with her and stopped her at the door, not waiting for her to answer. Then, he quickly said to her, “this room and grandma’s room are the only ones open in this building tonight. Don’t think that there’s a guest room for you to sleep in.”

“I’ll sleep on the SOFA downstairs,” Fang Xiao said faintly. Then, she looked at Qiu Yitang and said, “I think that President Qiu definitely doesn’t want to sleep with a ruined woman, right?”

“You...” Qiu Yitang was so angry that his face turned red. He couldn’t help but grab her arm and pull her to the side of the bed. With some dissatisfaction, he said, “Fang Xiao, don’t always use this excuse to stop me. Let me tell you, my patience is limited. We’re husband and wife. Why can’t I do anything to you?”

“Then what President Qiu means is...” Fang Xiao looked at Qiu Yitang. Then, she gritted her teeth and said word by word, “do you want to rape me?”

Rape Qiu Yitang instinctively let go of Fang Xiao’s hand. He looked at the woman in front of him who was clenching her teeth tightly and had an angry look on her face. He instinctively pushed her away and said with a trembling voice, “Fang Xiao, what do you mean by this?”

“Nothing.” Fang Xiao looked at Qiu Yitang. Her face was still cold and stiff. She said coldly, “I just want to remind you that I’m not a clean woman because I’ve been fucked by a woman before, and you’ve said that I’m a ruined woman. Now, I don’t know if you want me to experience the feeling of being raped again.”

Qiu Yitang immediately took two steps back. Although he had long thought that the three vagrants’ behavior had left a big shadow on Fang Xiao, he didn’t expect the shadow to be so huge. He hadn’t even done anything to Fang Xiao.. She actually said that he was a rapist!

He rubbed his forehead with his hand and explained to her after a long while, “Fang Xiao, I’m not... I’m not raping you, I’m... I want to love you... this is... a way to love you.”

“What President Qiu means is... that night’s rapist is also a way to love me?” Fang Xiao grabbed onto what Qiu Yitang had just said and asked him back coldly ...

Qiu Yitang could not answer immediately. Fang Xiao did not wait for him to answer and asked again, “then boss Qiu, do you often love Miss Du Caiwei like that? I think Miss Du must like that kind of love, right? Then why don’t boss Qiu find a few more people to love Miss Du?”

“Fang Xiao, enough!” Qiu Yitang was finally forced to stop by Fang Xiao. He looked at the woman in front of him and kicked over the candle he had just lit. Then, he growled in annoyance.

“Isn’t it just a Du Caiwei. Are you so intolerant of her I’m already married to you, yet you’re still not willing to let her go. Tell me, what do I have to do for you to let her go. What do I have to do for you to be willing to be my husband and wife and for me to live a good life together?”

Fang Xiao stood at the door and looked at Qiu Yitang. She did not know where his anger came from. She did not do anything to Du Caiwei, nor did she think of doing anything to Du Caiwei, because she could not do anything to Du Caiwei either.. She did not have that much ability.

Chapter 1784, critical moment

However, Qiu Yitang was so angry that she was still shocked. She remembered that her brother’s surgery had not been performed yet. If Qiu Yitang was angry and did not want her anymore, then her brother would probably be a retard for the rest of his life.

“Yitang, I don’t mean anything else.” Fang Xiao quickly said incoherently, “I actually want to say that I won’t cause trouble for Miss Du. As long as she doesn’t come to me, I won’t care about your affairs with other women outside. So, you don’t have to worry about grandma’s words. Also... “. ...”

“enough.” Qiu Yitang was finally exhausted by her. He rubbed his forehead and said, “okay, you’re not ready. I shouldn’t be so anxious. You sleep here. I’ll sleep in the guest room downstairs.”

"I'll go to the guest room." Fang Xiao saw that he took out the key to the guest room and couldn't help but walk forward, wanting to take the key from his hand.

Unfortunately, just as she approached Qiu Yitang, he stretched out his arms and hugged her. Fang Xiao couldn't help but struggle hard. Unfortunately, Qiu Yitang was very strong and she couldn't struggle out at all.

"Fang Xiao, don't move." Qiu Yitang hugged her struggling body and could not help but comfort her in a low voice. "honey, we will get through this sooner or later. I know you are scared, but I will be very gentle. Hmm... believe me..."

"I don't..." Fang Xiao blurted out almost instinctively. Then she struggled hard and shouted randomly, "I don't want to be raped by a woman... I don't want to be raped by a woman..."

"Fang Xiao," Qiu Yitang called her helplessly. He lowered his head slightly and his thin lips fell on her pink lips. He comforted her in a low voice, "Fang Xiao... this is not rape... This is love... Hmm..."

Fang Xiao wanted to refute, but her lips had already landed in Qiu Yitang's mouth. She was shouting just now, so she gave Qiu Yitang a chance to take advantage of the situation. Her Lips pressed on hers.

Fang Xiao could not help but feel anxious. Her entire body was trembling, but Qiu Yitang smiled triumphantly. As he kissed Fang Xiao, he pulled out his other hand to lift up the hem of Fang Xiao's clothes and slowly drilled in... ..

Just as Fang Xiao was struggling to break free, Qiu Yitang's phone rang. Qiu Yitang's kiss on her instinctively stopped, and then slowly withdrew from her mouth.

She took advantage of the moment when Qiu Yitang was stunned to push Qiu Yitang away, but she could not. Qiu Yitang just looked back at the phone that was singing and dancing on the coffee table and frowned.

In fact, Qiu Yitang hoped that the phone would stop after two rings. However, the phone refused to stop and kept ringing. Finally, he let go of Fang Xiao and walked to the coffee table to pick up the phone.

The phone call was from Du Caiwei. He hesitated for a moment and pressed the answer button. Just as he put the phone to his ear.. Du Caiwei's voice was heard. "Yitang, I burned my feet. I was cooking in the kitchen just now. Because my fingers were red and swollen, they were not stable. When a bucket of boiling water poured down, my feet were scalded and blistered."

"I'll be right there." Qiu Yitang did not wait for du Caiwei to finish her sentence and hung up the phone. Then, he turned around and looked at the woman who had already tidied up her clothes. He could not help but sigh again.

Actually, he really wanted to be a real couple with her tonight. However, since she was not ready and was still resisting just now, and Caiwei burned her feet over there, he could not bear to ignore her.

Chapter 1785, unread text message

Therefore, he decided to give Fang Xiao some more time, and he also took this time to quickly make arrangements for Du Caiwei. After that, he could wholeheartedly get along with Fang Xiao, hoping that she could cast away her prejudice against him and accept him as soon as possible.

“I’m going out for a while.” He put on his coat, looked at Fang Xiao and sighed softly. He came over and used his hand to wipe the saliva at the corner of her mouth. He said softly, “Fang Xiao, this time, I really want to be husband and wife with you. I hope that... we can live like a normal couple. You... I’ll give you some more time.”

After he said that, he immediately turned around and walked out of the door. Fang Xiao let out a long sigh of relief. It was not until Qiu Yitang’s footsteps disappeared in the corridor that she quickly closed the door and quickly locked it.

Fang Xiao also knew that after marrying Qiu Yitang, they would inevitably become a real couple. That kind of thing could not be escaped. Even if Qiu Yitang did not want to touch her, old Madam Qiu was forcing him from behind. In order to give his grandmother an explanation, Qiu Yitang.. He would probably still reluctantly touch her.

But even so, she also hoped that she could drag it out one day at a time. Of course, if one day really could not drag it out, then she could only admit it and treat it as being eaten by a dog.

Qiu Yitang left that night and did not come back. Fang Xiao slept peacefully. The next morning, she immediately drove back to her West Mountain Villa and let out a long sigh.

Christmas Eve was actually a holiday for foreigners. Chinese people generally did not celebrate it. However, schools nowadays, especially kindergartens or special schools, always liked to celebrate such a holiday for children.

Fang Xiao had originally planned to spend Christmas Eve with her brother, Fang Chen. However, she had not expected that she would receive a call from Qiu Yitang at noon, saying that she would spend Christmas Eve with the two of them at night.

The Sun had indeed risen from the west, but Fang Xiao was still somewhat touched. Although Qiu Yitang had not returned home for two days, she was already very grateful that he remembered her and her brother, Fang Chen.

She picked up her brother, Fang Chen, at noon. When Fang Chen saw her, he was exceptionally happy. After getting into the car, he asked, “where’s brother-in-law? brother-in-law, do you want to spend Christmas Eve with me?”

“Of course.” Fang Xiao immediately told her brother, “Yi Tang wants us to go to the beach at Yangmei pit in the evening and wait for him. At night, we’ll have a barbecue on the beach.”

“Yeah, I want to have a barbecue,” Fang Chen shouted like a child. If he wasn’t too tall, Fang Xiao guessed that he would definitely jump up in the car.

Fang Xiao took Fang Chen to mcdonald’s for lunch. In the afternoon, she took her brother to the children’s park to play for two hours. At three in the afternoon, she was ready to drive Fang Chen to Yangmei pit beach.

However, when she packed her things and was about to call Qiu Yitang, she realized that there was an unread text message from Qiu Yitang, so she instinctively opened it.

It turned out that the text message was sent at around one o'clock in the afternoon. At that time, she took her brother to ride the ferris wheel and put her bag in the locker, so she only saw it now.

The text message said that the weather was not good tonight, so the plan to go to Yang Mei hang beach to barbecue was canceled. It asked her to take Fang Chen to the Korean Barbecue restaurant in the evening and have a barbecue there.

Fang Xiao shook her head after reading the message and looked at the sky. In fact, the weather was not bad today, but since Qiu Yitang was not willing to go, she could only follow his instructions and go to the Korean Barbecue restaurant in the West.

Chapter 1786: I can't get a divorce

So, at five in the afternoon, she got in her car and drove west. Because there were some traffic jams on the road, she couldn't walk fast, and she didn't reach the West until six o'clock.

But according to the address in the text message, she couldn't find the barbecue restaurant that Qiu Yitang mentioned, so she had to call Qiu Yitang, wanting to ask him where the Barbecue restaurant was.

But Qiu Yitang's phone was turned off, so she was a little annoyed, so she could only pull over and ask others. It was not easy to find out that there was a new Korean Barbecue restaurant a little distance away from here, but she didn't know whether it was open or not.. She let her drive over to take a look.

Fang Xiao finally arrived under the guidance of a passerby. She parked the car and led Fang Chen to the Korean bbq restaurant. When she reached the door, she realized that it was a newly opened restaurant, and there was no one inside.

She brought Fang Chen in to find a seat and then called Qiu Yitang. However, her phone was still turned off. She was finally annoyed, and Fang Chen didn't like this restaurant very much, so he insisted on leaving.

Just as they walked out of the restaurant's door, du Caiwei walked up to them. When she saw the two of them, she immediately apologized, "I'm sorry. Yi Tang drank too much at my place in the afternoon and is still sleeping on my bed. He asked me to come over and help you pay for it. He said that he would treat you to barbecue."

No matter how good-tempered Fang Xiao was, she was angered by Du Caiwei's actions. She could not help but growl in a low voice, "Du Caiwei, what do you mean? Get lost. Can't I treat my brother to Barbecue?"

"Xiao Xiao, I'm just helping Yi Tang bring you money." Du Caiwei immediately rushed forward and grabbed Fang Xiao's hand. Then, she hurriedly explained, "Xiao Xiao, how can you do this to me? I'm only in love with Yi Tang, and I didn't stop you from being with Yi Tang. Why are you still unwilling to let me go..."

“Who isn’t willing to let you go?” Fang Xiao only felt that du Caiwei was so annoying. She couldn’t help but use her hand to pull her hand away, trying to pull her finger away.

However, she couldn’t pull her hand away, so she growled in annoyance, “Du Caiwei, do you want to let go? If you don’t let go, I’ll call someone.”

“If I don’t let go, I won’t let go.” Du Caiwei seemed to have gotten into a fight with her. She held her hand and cried out as if she was begging, “Xiao Xiao, can you leave Yitang? Can you divorce him? Please, I really can’t do without Yitang...”

“It’s impossible for me to divorce him.” Fang Xiao almost directly rejected DU CAIWEI’s request. Then, she said coldly, “besides, Qiu Yitang won’t agree to divorce me. I’ll...”

“You’re just exchanging benefits with him.” Du Caiwei quickly interrupted Fang Xiao’s words. Then, she snorted coldly and said, “do you think Qiu Yitang really likes you? If he didn’t see that you could bring him benefits, do you think he would marry you? Even if he married you, do you think he would touch you? Let me tell you, in his heart, you are a ruined woman whose dirty face is worse than a prostitute. ...”

A CRISP SLAP rang out. In her rage, Fang Xiao couldn’t bear it anymore and slapped du Caiwei. Then, she pointed at her and said, “you don’t need to comment on what kind of person I am. If Qiu Yitang really likes you, he will naturally marry you. Since he didn’t marry you, he naturally doesn’t really like you.”

Chapter 1787. Cai Wei was blind

Du Caiwei did not expect that the usually elegant Fang Xiao would actually hit her. She was stunned for a moment before she reacted. Then, Meng retaliated. She raised her fist and quickly rushed toward Fang Xiao.

Fang Xiao did not expect to fight with Du Caiwei. Moreover, she did not have any experience in fighting. Moreover, Du Caiwei’s attack was so Meng that she was not prepared. Therefore, she was at a disadvantage.

Fang Chen had seen this woman arguing with his sister. Because he did not understand what they were arguing about, he had been standing to the side and watching.

When du Caiwei and his sister fought, even though he was only a four-year-old child, he knew that he had to help his sister, so he looked around and wanted to find a weapon.

He saw that the warriors in cartoons had weapons when they fought, but there was nothing around them. There was only a pile of white ash and cement used to powder the outer walls.

He remembered that his teacher had said that white things were clean, and black things were dirty, so he, who loved cleanliness, grabbed a handful of white ash and threw it at du Caiwei’s face.

“Ah!” Du Caiwei shouted and immediately let go of Fang Xiao’s hand. Seeing that her move worked, Fang Chen could not help but be happy, so he threw the handful of white ash in his other hand forcefully at Du Caiwei’s face.

“Chen Chen, don’t sprinkle anymore. ” Fang Xiao immediately pulled Fang Chen, who was still trying to grab the White Ash. Looking at Du Caiwei rolling on the ground, she could not help but become anxious. Looking at the people around them, she could not help but use her trembling hand to take out her phone to call 120 emergency.

Qiu Yitang woke up in Du Caiwei’s apartment. When he woke up, the room was pitch black, so he instinctively got up from the bed and fumbled to turn on the lights.

He instinctively went to get his phone. Only then did he realize that his phone was charging. He could not help but frown. He remembered that his phone seemed to have a battery. Why did it run out of battery now?

He picked up the phone and realized that it was turned off, so he quickly turned it on. Only then did he realize that it was eight o’clock in the evening. He remembered that he had also invited Fang Xiao to go to the Yangmei pit to have a barbecue and spend Christmas Eve with the siblings.

Today was Christmas Eve, so he left the night to the Fang Siblings. Because he wanted to conquer Fang Xiao’s heart earlier, he could only spend Christmas Eve with Du Caiwei at noon.

Therefore, he came to Du Caiwei’s place after work in the afternoon. As expected, she had prepared a sumptuous lunch and exquisite snacks, all of which he liked to eat.

Of course, since it was the new year for foreigners, it was inevitable to drink red wine. And for the sake of the climate, she had even drawn all the shades, made the room into a night atmosphere, and even lit candles.

He remembered that he did not drink much, but he was drunk. Cai Wei took the opportunity to slip into his arms, and then she took the initiative. The long-suppressed desire in his body was finally aroused by her, and then he rolled onto the sofa with her.

He remembered that when he and Du Caiwei were on the Sofa, their minds were still thinking about the barbecue at night, but later on, they gradually became addicted. Perhaps they were too tired, and finally they actually fell asleep.

He only felt uncomfortable, thinking that he had to quickly send Du Caiwei abroad. So, he quickly went to the bathroom to wash up and change his clothes. When he went out, he immediately called Fang Xiao, wanting to ask if she was still waiting at the beach of Yangmei pit.

The phone rang for a few seconds before it was picked up. Just as he said ‘hello’ , Fang Xiao’s voice came with a sobbing tone, “Yi Tang, not good, Caiwei’s eyes... CAIWEI’s eyes might be blind... ”

Chapter 1788 you’re so ruthless

Qiu Yitang’s brain immediately rumbled. He could no longer remember what Fang Xiao had said. There was only one sentence in his brain: Du Caiwei’s eyes are going blind!

When Fang Xiao called Qiu Yitang, she said that Du Caiwei’s eyes might be going blind. However, when Qiu Yitang rushed to the police station the next day to see her, she knew that Du Caiwei’s eyes were indeed blind.

At that time, Du Caiwei was rolling on the ground in pain after being sprinkled with two handfuls of lime by Fang Chen. She was busy calling the emergency number 120 while the bystanders called the police.

Then, 110 and 120 arrived almost at the same time. 120 people carried du Caiwei to the ambulance while she and her brother were taken to the police station for questioning.

The truth was very obvious. She and Fang Chen ganged up to bully du Caiwei alone. Although Fang Chen's iq was only four years old, he was tall and big. No one believed that he was just a child.

Du Caiwei was injured, so the siblings had to take responsibility. Fang Chen's two handfuls of lime had to take the main responsibility, and she was the elder sister. Not only did she not educate her brother well, but she also took the initiative to fight with others, so she had to take responsibility.

Not only did the people around them witness the fight between her and Du Caiwei, but there was also a surveillance video installed at the Korean Barbecue restaurant. From the surveillance video, it could be seen that Du Caiwei was holding her hand at first She had a pleading look on her face, but she raised her hand and slapped du Caiwei in the face.

She was the one who started the fight, and it was also her and her younger brother who jointly hit the person. Moreover, the two siblings had even blinded du Caiwei's eyes. What awaited them would be imprisonment.

It was not Fang Xiao's first time being locked up in the police station, so she was not that afraid when she saw the police. However, Fang Chen looked like an adult, and his temperament was still that of a child. When he saw the police, his entire body trembled.

In Fang Chen's understanding, the police uncle was there to catch bad people. Now, he and his sister were actually caught by the police uncle, so he instinctively thought that he was considered a bad person by the police uncle.

Therefore, he kept crying out, "police uncle, I'm not a bad person. You've caught the wrong person. Police uncle, I'm not a bad person..."

One night, Fang Xiao held her brother Fang Chen's hand. The siblings held each other's hands and sat in the cold room. In the end, Fang Chen finally cried enough and fell asleep, but she was not sleepy at all.

Not only did she remember the incident two months ago when she smashed a fool, she was also locked up in the police station. But that time, there was Dongfang Yunheng. Although he was cold and indifferent to her, he hated her But in the end, he still thought of a way to help her settle the matter and let her walk out safely.

Now that she was once again locked up in the detention center, who would help her Could she and Fang Chen still walk out of the police station What was waiting for them, sister and brother?

The next morning, Qiu Yitang came. The first thing he said when he saw her was, "Fang Xiao, you're really ruthless. You're a vicious woman that I've never seen before. Cai Wei's eyes are blind now. Are You satisfied?"

Fang Xiao listened like that and looked at Qiu Yitang, whose face was distorted due to anger. After a long while, she refuted, "I didn't expect Fang Chen to grab the lime and throw it on her face. I..."

“enough, Fang Xiao.” Qiu Yitang was so angry that he wanted to strangle her to death. Of course, if this place was not the police station, it was fortunate that this place was special, so Qiu Yitang controlled himself and did not make a move.

Chapter 1789: No one can save her

“From now on, you and your brother can stay here. It’s safe here. No one will come looking for you anymore,” Qiu Yitang said and left without looking back.

Fang Xiao and her brother were sent to the detention center from the police station the next day because the police station had told her that their behavior was too bad. If the injured party did not press charges, the public security organ would probably press charges.

Originally, the detention center was a place where people ate people. Usually, the strong bullied the weak and the related ones bullied the weak. However, because the incident where Fang Chen had blinded Du Caiwei was too bad, they did not dare to put him in the same room with other people. They didn’t want him to hurt other people.

Fang Chen didn’t want to stay in the same room alone. He kept crying and calling for his sister. “I want my sister. I’m scared.” The guards were at a loss and didn’t dare to hit him. Thus, they could only come to the female detention center to ask Fang Xiao what was going on.

Fang Xiao quickly told them that her brother was retarded. Then, she begged those people to lock her and her brother together. She said that if no one took care of her, Fang Chen would definitely die. Don’t look at how big he had grown up. But his ability was that of a four-year-old child.

In the end, the people in the detention center were left with no choice because of Fang Chen’s noise. Moreover, this person was also a hothead. In order to find his sister, he almost got into a fight with the guards when he was on guard duty. Moreover, he didn’t eat. He said that he wouldn’t eat without his sister.

Later, after a lot of mediation, Fang Chen was finally transferred to the women’s detention center. She was allowed to live in the same room as Fang Xiao, but at the same time, she urged Fang Xiao to take good care of her brother. If she hurt him in the detention center.. It was likely that the siblings would have to stay in prison for the rest of their lives.

However, the people in the detention center still told Fang Xiao to be mentally prepared. They said that when the trial started, she would be an adult, and Fang Chen would be a minor. Fang Chen would definitely stay in the detention center until she became an adult, and Fang Xiao would probably go straight to prison to serve her sentence.

Of course, after the people in the detention center knew about Fang Xiao and her younger brother’s suffering, they also sympathized with the siblings. Therefore, someone said that if someone outside was willing to help them, if the injured party was willing to accept compensation and mediation, they would not pursue this matter.. Then, the siblings would definitely be fine.

Someone was willing to help them. Who would be willing to help the siblings? Du Caiwei was blind. There was probably nothing that could not be settled with hundreds of thousands or millions of dollars.

And she was penniless. Not to mention being in the detention center, even if she was outside, she would not be able to get hundreds of thousands of dollars, because who would lend her so much money?

Dongfang Yunheng's shadow flashed through her mind, but when she thought of his ruthlessness, she felt that it was impossible. However, when she could not think of anyone else, she still suggested to the guard that she give him a call.

The number she called was the number that Dongfang Yunheng used to contact her. However, when she called again, his phone was already empty.

No one could save her. Her former high school classmate, Zheng Zihao, who sent her to the hospital that night, gave her his number. At that time, it was only stored in his phone card. Later, when he returned to Huicheng to change his phone number, he threw away the card. She did not even remember that Zheng Zihao's phone number was around 13.

As for the rest of her friends, whether it was Luo Qili or Liu Yijun, they could not help her. Moreover, she and Fang Chen were not even allowed to visit each other in the detention center. They could not even meet her face to face.

Chapter 1790 exchanging eyes for freedom

Therefore, Fang Xiao thought that her and Fang Chen's lives might have been miserable, so much so that after their families were destroyed, they finally saw a glimmer of hope, but it was completely destroyed in an instant. What awaited them would be a few years.. Or even more than ten years in prison.

Just when Fang Xiao thought that she and Fang Chen would no longer see any hope, Qiu Yitang's lawyer came to see her half a month later.

The lawyer brought her two documents. One was the document to sue her and Fang Chen. This document was of little value because the facts were laid out there. She and Fang Chen had indeed hit Du Caiwei. And one of Du Caiwei's eyes was indeed blinded by Fang Chen's lime.

And the other was, of course, the divorce agreement between her and Qiu Yitang. In other words, from now on, she and Fang Yitang were no longer husband and wife, and she was no longer the young Madam of the Fang family.

However, in this divorce agreement, there was an additional agreement. That was to say, if she and Fang Chen wanted to obtain freedom, of course, they did not have no chance at all. As long as she let Du Caiwei's eyes see again.. Then, Du Caiwei could dismiss the case as a party who did not pursue the matter.

Du Caiwei's eyes were already blind. How could she make her eyes see again? Hence, the lawyer reminded her lightly that Du Caiwei's eyes were blind because her corneas had been burned by lime. In other words.. Du Caiwei only needed to change her corneas and she would be able to see again.

Change her corneas Fang Xiao reacted under the lawyer's blinking eyes. She almost instinctively touched her eyes and then asked, "you mean to use my corneas in exchange for the freedom of my life and my brother's? "

“just one is enough.” Qiu Yitang’s lawyer looked at her He reminded her lightly, “the cornea of one eye can make three or four eyes see again, and you are only blind in one eye. Actually, it doesn’t affect your ability to see the world. At the same time, you and your brother can walk out of this detention center safely and gain the freedom of life from now on. “

The lawyer saw that Fang Xiao was stunned, and then he sighed softly, “of course, that depends on your choice. You can think about it for a few days. I’ll come back in a few days. “

“I don’t need to consider it.” Fang Xiao covered her eyes with one hand and felt the effect of seeing the world with one eye. Then, she immediately said, “then that’s it. I’ll give her the cornea of one eye...” “

The lawyer was a little surprised that she had made a decision so quickly, but he did not say anything. He just took out the two documents for Fang Xiao to sign. One was a divorce agreement, and the other was that she used one of her corneas to exchange for peace between herself and her brother

Of course, on the transaction agreement that she used her corneas to propose, Du Caiwei had already signed it. She promised that she would not pursue this matter after her eyes were restored. She would pretend that this matter had never happened.

Therefore, three days later, Fang Xiao was released on bail by the lawyer. She followed him to a hospital and went straight to the operating theater. After undergoing a series of examinations, she lay on a moving bed and was pushed into the operating theater.

When her corneas were removed, she was completely anesthetized. However, she still felt pain, a piercing pain. She knew that losing an eye would not affect her ability to see the world, but she was still reluctant to part with it.

Some people said that the eye was the window to the soul, and a person only had two windows in their entire life. However, she had forcefully blocked one of her windows. From then on, the window became a wall and nothing could be seen.
