

Divorce 1841

Chapter 1841, what was there to explain

The young girl did not expect her to reject her so bluntly. Her face was slightly embarrassed and she could not help but mutter, "sister, you're so stingy. "

Fang Xiao did not know whether to laugh or cry when she heard her words. This young girl's words were really direct. She quickly explained, "I'm highly myopic. I rely on these glasses to see things. Once I take them off, I can't see the things around me clearly. "

"Oh, so that's how it is. " The young girl seemed to have come to a sudden realization. Then, she looked at her with a sympathetic gaze and said, "No wonder you always do things like losing gold and picking up coal. It must be related to this high degree of Myopia, right? "

Fang Xiao's child was certain that this girl's words were very profound. She could not help but frown. Losing Gold and picking up coal What was she implying?

Just as she was about to ask further questions, the girl had already elegantly turned around and walked towards the door. It was very obvious that she did not intend to continue the conversation with Fang Xiao.

Fang Xiao looked at the back of the girl walking towards the door and frowned slightly. When she lifted her feet and walked up the stairs, she hesitated and felt that the pair of shoes seemed a little familiar. Had she seen it somewhere before.

Dongfang Yunheng was dragged to a corner by his sister, so he shouted impatiently, "alright, sis, are you done? Lei Zhenyu will be jealous later. He thinks you have a fetish for younger brothers? "

"Go, who's in love with you? " Ru Yu glared at him fiercely Then, she laughed again, "Don't tell me, your brother-in-law is becoming more and more jealous. Tonight, I asked him to accompany me to participate in the full moon wine for Leng Rong's child, but he refused to come no matter what. He insisted on giving me a big gift. There's no need for him to go personally. Tell me about him. ". ..."

"I can't be bothered to talk about him. What's there to talk about with a vinegar jar? " Dongfang Yunheng wanted to shake off Dongfang Yu's hand So, he hurriedly said, "sister, quickly let go of me. You've said a lot just now. I'm going to look for Fang Xiao now. She's not familiar with this place. I'm afraid that she... "

"Hehe, so distressed? " Dongfang Yu looked at his younger brother and sized him up from head to toe Then, he nodded and said, "alright, I remember that two months ago, it seemed that you and Gu Chenchen were engaged, right? " "today, you brought Fang Xiao to Leng Rong's villa. I didn't know that everyone who came today was from the circle. Tomorrow, your fiancée will definitely know that you brought Fang Xiao here. Let's see how you're going to explain it to her. "

"explain what? " Dongfang Yunheng did not take it to heart at all and said indifferently, "what's there to explain? Isn't it just breaking off the engagement? I'll give her face and let her announce that she's breaking off the engagement. Isn't that enough? "

“You plan to break off the engagement with Gu Chenchen?” Dongfang Yu looked at his younger brother. After a long while, he said in a low voice, “Yun Heng, this time, you have to think carefully. Gu Chenchen is not an ordinary girl. Five years ago, you were abandoned by Fang Xiao in New Jersey and nearly froze to death in the snow. At that time, Gu Chenchen was by your side to take care of you. At that time, father and mother also thought that the loss of the Gu family was not bad. As for Fang Xiao, father and mother did not have a good impression of her, especially mother. Every time she talked about how you were frozen to death in the snow, her heart would ache. She probably hated Fang Xiao very much.”

“That’s why I told you to put in more good words with our mother.” Dongfang Yunheng quickly took it. Then he sighed and said, “in short, this time, I won’t let her leave me. Regardless of whether my parents agree or not, I want to break off the engagement with Gu Chenchen and be with Fang Xiao.”

Chapter 1842, mid-autumn Festival

“You?” Little feather shook her head and sighed. “Five years ago, Fang Xiao abandoned you. Now that you’re with her, aren’t you worried that another five years ago, you won’t be worried that she’ll climb up the ladder again...”

“Alright, SIS, why are you saying so much?” Dongfang Yunheng interrupted Fang Xiao impatiently. Then, he hurriedly said, “the purpose of bringing her here today is to let you and Mu Yao have a look and then say something nice in front of our mother. If you want to persuade me not to let her go, then don’t say anything. I don’t want to hear it.”

Little feather couldn’t help but laugh out loud. Then, he shook his head and said, “it seems that the girl called Fang Xiao is indeed quite charming. She is worthy of you giving up your principles again and again for her. Alright, seeing that you have been in her hands for so many years, I will try my best to persuade our parents when the time comes, but —”

Little feather paused at this point, then looked at Yun Heng and said, “I think you should let Yun speak up for you. Mother likes Yun Zai the most now. It seems that she likes to listen to whatever Yun says.”

“Go, go, go. I’m not going to look for Yun Heng, playboy.” Yun Heng interrupted little feather as he spoke, then quickly added, “isn’t Yun Heng in Singapore? Where does he have the time?”

“Alright, if you don’t want to look for him, then don’t look for him. Little Mu Yao and I will help you put in a good word for him.” As little feather spoke, he raised his head and looked at the crowded banquet hall. He frowned and said, “I wonder if that girl, Mu Yao, is here.”

“Alright, that’s it then. When the time comes, you and Mu Yao have to help me convince mom. After Fang Xiao and I get married, I will ask her to toast to you and thank you properly.” As Yun Heng spoke, he patted the shoulder of little feather, who was shorter than him. He sighed and said, “sisters and sisters are still the best. I just want to have a few more sisters and sisters.”

“Go, stop sucking up. Be careful not to smack the horse’s leg.” Feather pushed his hand down. Then, he smiled and asked, “Oh right, when do you plan to bring her home to meet our parents? And when are you getting engaged? I think I’ll have to give her a big gift this time.”

“mid-autumn Festival, right?” Yun Heng thought for a moment and said, “isn’t our family members on the mid-autumn Festival every year? It’s best to bring her back that day. You and brother-in-law have to come by then. “

“Isn’t the mid-autumn Festival in September? It’s already the end of July.” Little feather frowned slightly and looked at his younger brother carefully to remind him, “so soon? Your engagement with Gu Chenchen hasn’t been broken off yet. “

“Yes, I’ll think of a way to break it off as soon as possible.” Dongfang Yunheng did not take this matter to heart. As he spoke, his gaze kept sweeping across the banquet hall, wanting to see where Fang Xiao was now.

“Alright, hurry up and look for her. Seriously, I can’t leave her for a while.” Dongfang Yu smiled and pushed his younger brother with his hand. Finally, he let him go and went to look for his jealous husband, Lei Zhenyu.

Fang Xiao sat in the back garden for a while. Just as she got up, she heard footsteps behind her. The moment she turned her head, she realized that Dongfang Yunheng had already come looking for her.

“Why are you sitting here?” Dongfang Yunheng immediately walked forward, held her hand and asked, “did a mosquito bite you? You have sensitive skin. A MOSQUITO BITE will cause a big bump. “

Chapter 1843: Meddlesome woman

“No, I guess he was killed in advance.” Fang Xiao took over his words indifferently and walked towards the banquet hall with him.

Fang Xiao originally thought that she would not meet any familiar people in this banquet hall, but she did not expect to see Zheng Zihao looking at her with a wine glass not far away when she and Dongfang Yunheng just walked down the stairs of the banquet hall.

She almost instinctively broke free from Dongfang Yunheng’s hand, but she did not expect Dongfang Yunheng to quickly grab her hand, so she used all her strength to break free.

“What do you mean?” Dongfang Yunheng was finally a little annoyed. He lowered his head slightly and whispered in her ear, “are you afraid that he will see? Do you care about his feelings so much? “

“I just don’t want your fiancée to misunderstand me,” Fang Xiao began slightly. She explained lightly, “I have already lost one eye. I don’t want to lose another eye because of destroying other people’s feelings. Otherwise, my life will probably be over. “

When Qiu Shaotang rushed to Huicheng hospital, du Caiwei had already bandaged the wound on her wrist in the emergency room. The person who sent her here was her neighbor, a woman in her thirties.

This woman looked like the kind of woman with a yellow face in the family. She was dressed very simply. When she saw Qiu Yitang, she scolded him angrily, “Mr. Qiu, it’s one thing for you to abandon your wife to look for a woman outside, but you actually let a woman from outside bully you. How long has it been since Mrs. Qiu’s eyes recovered? “Now, you actually ignore your own wife because of a woman from

outside. Mrs. Qiu said that you haven't been home for a month. She called you but didn't pick up. You didn't do it on purpose. "..."

"enough." No matter how good-tempered Qiu Yitang was, he was still angered by this woman's words. Moreover, his temper had always been bad. Therefore, he couldn't help but retort coldly, "Madam, I think you are mistaken. Miss Du Caiwei is not my wife, so..."

"Not your wife?" The neighbor who saved Du Caiwei immediately interrupted Qiu Yitang's words. Then, he roared angrily, "Mr. Qiu, how can people be so heartless! I remember that I met you at the door the day you moved in. At that time, I asked if the two of you were going to live here for a long time, and you answered me that you were not. You just temporarily lived here. That's because you didn't deny that the two of you are not a couple."

The woman paused at this point. Because of her anger, she was a little out of breath. She pointed at Qiu Yitang and scolded, "men nowadays are really not things. All of them are eating in the pot and looking at the bowl. You don't feel sorry for the woman outside who blinded Cai Wei's eyes. Instead, you are focusing on the woman outside." "..."

"ENOUGH!" Qiu Yitang interrupted the woman impatiently. Then, he said impatiently, "I didn't deny it at that time, but I didn't admit it either, did I? Besides, everyone should clean up their own mess. Why are you meddling in other people's business?"

"meddling in other people's business?" The woman was immediately unhappy after being scolded by Qiu Yitang. She glared at Qiu Yitang fiercely. Then, she pointed at Du Caiwei in the emergency room and shouted, "Mr. Qiu, you mean I saved Miss Du wrongly? You mean you should let her commit suicide?"

"..."

Qiu Yitang was immediately rendered speechless by the question. In fact, he said that this woman should not meddle in his and Du Caiwei's affairs, but who knew that this woman would now use Du Caiwei's suicide as an excuse.

Chapter 1844 you have lost the chance to marry into a rich family

"You have nothing to say, right?" This woman was obviously bullied by her husband and could not find a place to vent her anger. Today, she caught Qiu Yitang, so she vented all her anger on Qiu Yitang. She put her hands on her hips and cursed angrily, "you men are not good. You always think that women outside are delicate and fresh, but have you ever thought that before we married you, we were also delicate and fresh..."

"Shut up!" Qiu Yitang finally could not hold it in anymore and roared angrily. He stared at the woman and pointed at Du Caiwei who had just walked out of the emergency room. "Ask her now, am I married to her?"

The woman saw the anger on Qiu Yitang's face and saw Du Caiwei lowering her head without saying a word. Only then did she realize that she might have made a mistake. She had just scolded the wrong person.

However, she quickly reacted and snorted at Qiu Yitang, “since you and Miss Du Caiwei are not married, then you used to come to her apartment often? What kind of behavior is this? You occupy her and still don’t want to be responsible for her? “

Qiu Yitang was obviously stunned when he heard this woman’s question. Then, he looked at Du Caiwei, who had her head lowered and had a docile and aggrieved expression. He frowned slightly and said indifferently, “This lady, it’s your own business to seek justice. However, between Miss Du and I, it’s a consensual affair. There’s never been the word ‘taking over’ . If it was really taking over, she would have already called the police. There’s no need for her to commit suicide at home. “

After Qiu Yitang said this, he saw that the woman was obviously stunned and did not dare to say anything. Therefore, he immediately turned around and walked out of the door without looking at Du Caiwei.

Du Caiwei saw that Qiu Yitang had left. She didn’t care about the woman who was defending her. She immediately chased after him and finally caught up with Qiu Yitang beside Qiu Yitang’s car in the parking lot. She quickly stopped his hand that was about to open the car door.

“Yitang, ” Du Caiwei looked at him with tears in her eyes. Her face was full of pain and sadness “Yitang, I know that it’s not right for me to ask your lawyer to add that clause when you and Fang Xiao divorced. But have you thought about it? What I lost is my eyes. If I don’t change my corneas as soon as possible, I’ll be completely blind and I won’t be able to see the world. The condition I proposed is to make Fang Xiao Blind in one eye. She didn’t lose the world. “...”

“enough, ” Qiu Yitang quickly interrupted Du Caiwei’s words. Then he corrected her with a cold face, “Miss Du Caiwei, what you said just now was completely wrong. You should have said that you obtained a pair of eyes and didn’t lose your light, but you lost a man who originally loved you, and you also lost the only chance to marry into the Qiu family. “

Qiu Yitang paused for a moment, and his cold gaze landed on Du Caiwei’s face. Then, he said coldly, “Caiwei, don’t play such suicidal tricks in the future. It’s useless, really. Because I won’t change my mind just because you committed suicide, and grandma will never agree to let you marry into the Qiu family just because you committed suicide. So, if you play such tricks again, don’t call my assistant, because it’s useless. “

After Qiu Yitang said this, he immediately reached out and grabbed Du Caiwei’s arm. With a little force, he threw Du Caiwei away by more than a meter. Then, he pulled open the car door and quickly got into the car. He didn’t take another look at Du Caiwei who was struggling on the ground. He quickly started the car, stepped on the accelerator, and drove away.

Chapter 1845 I won’t agree to it either

He thought that coming to the hospital to see her was a mistake, because his arrival made her think that he cared about her, and it was this mistake that might cause her to go even further in the future, or even make him look at her in a New Light.

He originally wanted to drive back to the West Mountain Villa. In fact, he had been living there ever since Fang Xiao left, but the Qiu family called and asked him to go back for dinner tonight. It seemed that grandma had something to talk to him about.

He actually didn't want to go back, but grandma called. He couldn't not go back. Moreover, grandma was still sick due to Fang Xiao's matter. She had just gotten better a while ago. He couldn't make grandma angry anymore.

When he drove back to the Qiu family's old house, old Mrs. Qiu was already waiting for him to eat. Qiu Yitang quickly walked over carefully and sat down beside her. He said with a smile, "grandma, are you feeling better today? Can you move around now?"

Madam Qiu stared at him for a while, then frowned slightly and said, "Yitang, your father called just now and said that you don't want to have a marriage alliance with the Cheng family. Is that true?"

"Grandma, I'm no longer interested in a marriage alliance." Qiu Yitang's voice sounded a little irritated. "because of the marriage alliance, I've already harmed the Fang family and Fang Xiao, so..."

"How can we generalize this?" Madam Qiu quickly interrupted Qiu Yitang. Then she said with a serious face, "Yitang, first of all, when we married the Fang family, it was out of sincerity. As far as your father and I are concerned, we didn't say that we didn't want Fang Xiao. It was you and Du Caiwei's matter that caused Fang Xiao to become like that. How can you blame it on the marriage? Could it be that you have fallen in love with one of Miss Cheng's best friends again?"

"Grandma, it's precisely because I've let Fang Xiao down that I've decided to make it up to her," Qiu Yitang concluded old Madam Qiu's words. Then, he looked at his own grandmother and said, "Grandma, I was indeed wrong in the past. I've already realized this kind of mistake now, so..."

"Don't be so," old Madam Qiu quickly interrupted Qiu Yitang's words. Then, she looked at him and sneered, "Yitang, when Fang Xiao was your wife, I told you to cherish her, but you refused and insisted on getting involved with that Du Caiwei, which resulted in such a tragedy."

Qiu Yitang lowered his head and didn't say a word. Because this matter was indeed his fault, he couldn't deny it, nor did he dare to deny it.

"Yitang, in the afternoon, you told your father that you wanted to look for Fang Xiao and even wanted to remarry her. I firmly disagree on this point." Old Madam Qiu looked at Qiu Yitang who was about to speak. She immediately stopped her with her hands. "Yitang, back then, you were angry at Fang Xiao because of Du Caiwei's eyes and wanted to divorce her. I could not stop you no matter how hard I tried. You were determined to avenge the woman you loved, Du Caiwei. You never thought about the feelings of Fang Xiao and her brother. You never believed a single bit of her. Now, you finally saw clearly Du Caiwei's true colors, so you want to go back and look for Fang Xiao. On this point, even if your father agreed to it, I wouldn't agree to it, let alone your father."

"Grandma, why are your words so contradictory?" Qiu Yitang looked at old Madam Qiu. Puzzled, he asked, "since you said Fang Xiaohao, and you don't want me to divorce her, then what do you mean by this? Don't tell me you don't like her anymore?"

Chapter 1846, don't even think about it

“Yes, I don’t like her anymore,” old Madam Qiu answered with certainty. “Fang Xiao is a nice person, and her nature is quite good. If you and she are still husband and wife, then I will accept the granddaughter-in-law of the Qiu family. Because the Qiu family is not an ordinary family. If you want to find a daughter-in-law, you can’t just find a beautiful woman. You have to be a responsible person, because the mistress of the Qiu family can not be taken care of by just any woman. “. “...”

“Grandma, are you trying to tell me that Fang Xiao used to be the female head of the Qiu family, but now she can’t be the female head of the Qiu Family?” Qiu Yitang frowned. He couldn’t help but ask about grandma’s contradictory words.

“Fang Xiao is very capable. She can be the female head of the Qiu family at any time.” Old Madam Qiu looked at her grandson and sneered, “the key now is, do you think Fang Xiao will come back to be with you? “

“This...” Qiu Yitang only said two words and didn’t continue.

The current Fang Xiao hated him so much that she didn’t even want to see him. The last time he saw her at Baihe Wedding Company, he went to look for her the next day, but was told that she had already left her job. As for where she went, no one knew. Because even her retarded younger brother who was studying in a special school had left the school.

“If you can’t answer it, then I’ll help you answer it. Fang Xiao won’t, and definitely won’t.” Old Madam Qiu looked at her grandson. She continued the topic, “why did I say that?” Because this was decided based on Fang Xiao’s personality. Fang Xiao looked extremely soft on the outside, but she was extremely strong on the inside. She wanted her Fang family to go bankrupt last year, and her parents died. This had something to do with you, and you and Du Caiwei once hurt her like that. The reason why she was willing to marry you back then was because she wanted her younger brother to go abroad for surgery. Now, she has disappeared with her younger brother in Huicheng. That means that she has given up the idea of performing surgery on her younger brother. So, do you think she will be threatened by you to marry you again?”

Qiu Yitang lowered his head and waited for his grandmother to finish speaking before he said in a low voice, “grandmother, this time, I won’t use any threatening methods to force her. I just want to apologize to her, to ask for her forgiveness, to...”

“Don’t even think about it.” Old Madam Qiu quickly cut off Qiu Yitang’s words. Then, she looked at him and sighed, “Fang Xiao left quietly with her younger brother, which means that she doesn’t intend to continue entangling with you. I don’t know if she will hate you, but I’m sure that she absolutely won’t like you. “

“Grandma, I’m almost done eating, so I’ll go back first. I still have to go to Bincheng tomorrow.” Qiu Yitang put down the chopsticks in his hand as he spoke. He was actually very clear about what grandma said.

It was just that people were so strange. They didn’t know how to cherish what they got, and when they couldn’t get it, they especially wanted it. Just like him and Fang Xiao, if he had cherished her a little bit

when they were married.. If he had broken off completely with Du Caiwei when they were married, then the situation between him and Fang Xiao would never have ended up like today.

Chapter 1847: I will not enter into a marriage alliance

“Yitang, I have put my words here today. Do I not agree to you looking for Fang Xiao again?” Old Madam Qiu shouted at her grandson who had already stood up and was about to turn around and leave. Then, she quickly added, “first of all, Fang Xiao will not turn back. There is no need for you to look for her. That is a waste of time and energy. Second, even if Fang Xiao is willing to turn back, I will not ask her to enter the Qiu family again. “

“Grandma, what do you mean by this?” Qiu Yitang could not help but ask when he heard his grandmother say this. “Why do you say that even if she is willing to turn back, you still need her? “

“because Fang Xiao is not a fool. Her nature is impossible to turn back. If she is really moved by your so-called sincerity and turns back, then let me tell you, the Fang Xiao at this time is very scary. And I would never want such a scary woman to enter the Qiu family. I would rather she hate the Qiu family forever than to really choose to turn back. ” Old Madam Qiu told her grandson her opinion.

“Grandma, you can’t always use your own vision and thoughts to measure a person. Although your analysis just now is somewhat reasonable, it doesn’t mean that everything is correct. Moreover, ” Qiu Yitang paused for a moment. Then, he exhaled and said, “grandma, I don’t want to continue discussing this matter with you, and I don’t want to continue arguing with you. You’ve just expressed your opinion. Now, I also want to express my attitude to you. First of all, I won’t marry the Cheng family. Secondly, I don’t want to marry any other woman. I’ve already caused Fang Xiao to be beyond redemption. Now, I don’t want to harm any woman who has nothing to do with me. “

After saying this, Qiu Yitang immediately turned around and walked towards the door. He really didn’t want to continue discussing with his grandma because there was no need to discuss.

Fang Xiao had always thought that she would never meet Qiu Yitang again because her company was a foreign trade company. Moreover, it was a trade business and had connections with the finance and Real Estate Department of the Qiu Corporation. Therefore, it was impossible for her to have any social contacts even on official matters.

Moreover, Qiu Yitang would not come looking for her. After all, he hated her so much, and now that he was going to marry the woman he loved, Du Caiwei, he must have either forgotten or hated her, the ex-wife of a ruined woman, right?

However, this thought of hers was shattered within a few days.

After Dongfang Yunheng took her to attend that child’s full moon banquet, he seemed to have disappeared again. He didn’t come to her dormitory to look for her for a few days, and she was also extremely happy to be alone.

Actually, on the night of the full moon banquet, Dongfang Yunheng drove her back. Originally, he wanted to stay in her dormitory for the night, but the car was still on the road. Dongfang Yunheng’s cell

phone kept ringing, but he didn't pick up the call, contrary to his usual behavior He kept cutting off the phone and then turned it off.

In such a situation, Fang Xiao did not need to ask to know that Gu Chenchen must have called him. It must be true. When he took her to such a banquet, there were all his acquaintances, and many of his acquaintances were also Gu Chenchen's acquaintances Therefore, it was too easy for Gu Chenchen to know that his action tonight was too easy.

Dongfang Yunheng drove her back to the dormitory. He did not even get out of the car. When she got out of the car, he directly drove away. He must have rushed to apologize to Gu Chenchen.

Chapter 1848: Fang Chen plays a game

On a sunny day, Fang Xiao went to Binhai's special school because there was a basketball game today. Although the game was very small-scale, for Fang Chen, this was the first time in history that she had participated in such a game Therefore, it was very important, and as her elder sister, she had to go.

On the way there, Fang Xiao thought that the basketball game that Fang Chen was participating in should be a game between the special schools and the special children of the special schools. However, when she arrived, she realized that it was actually not the case. The game that Fang Chen was participating in.. Was actually a game against a high school basketball team in the annex.

When Fang Xiao arrived, the game had not yet begun. Everyone had just changed into new jerseys. Fang Chen seemed to have grown a little taller because of the practice of playing basketball. When she saw Fang Xiao Go, Fang Chen was especially excited.

"sister, I want to play a game. I want to beat them." Fang Chen's voice was as excited as a five-or six-year-old child. The smile on his face was especially pure.

"Go for it!" Fang Xiao held her brother's hand and tiptoed to help him tidy up his jerseys. Then, she patted his shirt Then, she said with great satisfaction, "Chen Chen can play in the game. My sister is very happy. Today, I will cheer for Chen Chen on the sidelines. My Chen Chen will definitely be the best. "

Fang Chen smiled very brightly. Then, he heard the coach's shout and quickly returned to the team. His running movements were very light and brisk. His feet were like the wind. He was a natural athlete.

Although this game was just between students, it was still very intense. Not all of the players on Fang Chen's team were mentally disabled. There were also a few normal children.

The competition was very intense, but Fang Chen ran very frequently, and his shooting rate was very high. He even took a few three-pointers, winning applause from the crowd.

Of course, he still lost in the end. After all, there was still a certain gap between the children of special schools and normal children. However, Fang Chen won the title of the best player in the entire game.

On Monday afternoon, the general manager looked for her again. He said that a big client had come, and he spoke in plain English. She was the only one in the company who could speak plain English, so she needed to accompany him to the dinner party tonight.

In such a situation, she could not refuse, and she could not refuse either. Moreover, the overtime pay in this company was very high, and accompanying the manager to socialize was considered overtime. Not only could she have a big meal, but she could also get overtime pay.

When she got off work, Dongfang Yunheng called her and asked if she would go straight back to the dormitory. If she did, then he would drive to her dormitory downstairs and wait for her. He would take her to eat farm food at night.

She answered calmly on the phone to her financial backer. She was sorry, but she probably could not accompany him to eat some farm food at night because she had to work overtime at night, so she let him eat by himself.

After hanging up the phone, the other colleagues had already gotten off work, but she couldn't get off work. Instead, she had to follow the general manager to meet that so-called big client who spoke vernacular.

The general manager booked a large private room on the second floor of Binhai's Yunxiao pavilion. This restaurant cooked Cantonese food. When Fang Xiao saw the words "Yunxiao Pavilion" when she got off the car, she had a bad premonition. Could this so-called big client be Dongfang Yunheng?

Dongfang group covered a wide range of areas, including real estate, shopping malls, finance, securities, stocks, and so on, so it wasn't surprising if they had dealings with this company.

In the blink of an eye, she had been in Binhai for two months, and Dongfang Yunheng had been looking for her for almost a month. In other words, the

Chapter 1849, the so-called big client

However, when she walked into the private room and saw the so-called big client, she realized that the bad premonition was indeed effective. However, the big client was not Dongfang Yunheng, but Qiu Yitang.

She did not know what kind of cooperation Qiu Yitang had with this foreign trade company. The general manager was very polite to him and was willing to spend money for him. When he ordered the food, he ordered several expensive seafood.

The group of six people sat around the round table. Fang Xiao prayed in her heart that Qiu Yitang would not sit next to her because he was a big client and should sit next to the boss.

However, her prayers were probably not heard by God, so unfortunately, there was an empty seat between the boss and her. However, Qiu Yitang acted as if he did not know her and directly sat down on the empty seat.

Fang Xiao only felt that everyone was nervous. While the dishes were served, she took the opportunity to get up and go to the bathroom while the boss and Qiu Yitang were talking. In fact, she did not need to wash her hands, but she needed to stabilize her emotions.

Standing in front of the Bathroom Mirror, Fang Xiao took off the glasses on the bridge of her nose and used her hand to wash her face with cold water. She kept cheering herself on in her heart. Don't be

afraid, there is nothing between you and Qiu Yitang. You don't owe him anything.. What are you afraid of Just pretend that you don't know him.

This job was found for her by Liu Yijun. Moreover, she already liked this job very much. She couldn't resign just because Qiu Yitang was a big client of this company. If that happened, she would only be at a disadvantage.

She let out a long sigh, put on the glasses, and tidied up her hair. She steadied her mood in front of the Mirror. When she couldn't see any emotions on her face, she finally left the bathroom and walked to the private room.

Qiu Yitang was sitting beside her. She could not say anything other than being patient. After all, she was only an employee of the company. Moreover, she was responsible for communicating with this big client in plain English.

Fortunately, the dishes were served when she sat down. She did not have time to communicate with the client before she began to eat. The waitress standing behind them immediately came over with a smile and poured them wine However, Fang Xiao immediately covered her glass with her hand. Then, she looked at the boss with an apologetic look. "General Manager, I don't know how to drink. I'm sorry! "

Actually, Fang Xiao had some tolerance for alcohol. The last few times she went out with the general manager, she had also had one or two glasses of wine. Of course, they were all wine, the kind that was not intoxicating.

However, in front of Qiu Yitang, she absolutely could not drink because she did not know how bad this person's heart was. Moreover, he was like Du Caiwei who always wanted to kill her. She had to stay sober at all times to prevent herself from falling into his trap again.

"Fang Xiao, you should at least drink a little. This is the first time that President Qiu came to our company to discuss a cooperation. You should at least have a drink with President Qiu, right? " The general manager was very dissatisfied with her current behavior He thought that she was deliberately embarrassing his big client.

"General Manager, I have a stomachache these two days. I really can't drink, " Fang Xiao continued to explain to her boss with a smile on her face. Then, she said to Qiu Yitang with a smile, "CEO Qiu, I'm sorry. I really can't drink tonight. Please forgive me. "

Fang Xiao had never forgotten that she had fallen into Du Caiwei's trap because she went to a bar with du Caiwei to drink. And it was precisely because she was drunk that she not only lost her innocent body and her marriage that originally belonged to her.. Moreover, she had also let herself be called a ruined woman.

Chapter 1850: What does He mean exactly

When the boss saw that Fang Xiao was so tactless, his expression was obviously displeased. He wanted to put pressure on Fang Xiao again However, Qiu Yitang spoke from the side, "since Miss Fang has stomach problems, it's fine if she doesn't want to drink. People with stomach problems will feel even worse when they drink. "

When Qiu Yitang said this, the boss immediately stopped making things difficult for Fang Xiao. So, he quickly called for everyone to eat. At the same time, he asked everyone to raise their glasses and toast to boss Qiu.

Fang Xiao used tea as a substitute for wine. After one cup, everyone immediately sat down to eat. Fang Xiao did not want to communicate with Qiu Yitang, so she buried her head in food and let the boss and Qiu Yitang drink and chat.

Because Fang Xiao had been buried in the plate of vegetables in front of her.. Therefore, on the other side of her, the boss's secretary DONE enthusiastically picked up a crab leg for her and placed it on her plate. "Susan, this crab is not bad. Don't just eat vegetables. The nutrition of vegetables is very limited. "

"This... .. I don't really like eating crabs. " Fang Xiao picked up the crab leg and brought it to her mouth as she said to DONE beside her, "don't eat too much seafood. It's said that crabs, prawns, and the like are not very suitable for us women to eat. It's said that only impotent people should eat more. This is to nourish the kidney. ". ..

Fang Xiao said this very softly. In fact, she was talking to DONE. The only people who could hear her were her neighbors. Therefore, before she could finish her words, DONE knocked her arm with his hand, indicating for her to stop talking.

Fang Xiao was stunned for a moment. She followed DONE's gaze and saw that Qiu Yitang was holding a white prawn on his chopsticks.

Fang Xiao saw this scene and couldn't help but sweat in her heart. She couldn't help but mutter, "what's wrong with Qiu Yitang? She's whispering to the general manager's secretary. Why is he helping her with a prawn? "?

Now, Qiu Yitang was a big client of the company. She didn't know if her words had offended this big client, so she quickly thought of something. Without looking at Qiu Yitang, she turned her face to the right She said to the general manager's secretary, "DONE, I remembered wrongly just now. Actually, crabs and prawns are not used to treat impotence. Sea Cucumbers, oysters, and Mussels are the ones that want to treat impotence. "

Done listened to her words and became more and more silent. However, his eyes were looking to the left of Fang Xiao. Fang Xiao instinctively turned her face to the side. Only then did she realize that Qiu Yitang, a big client of the company, had not only the white sand prawns but also the Mussel on his plate.

This time, Fang Xiao was completely speechless. What was the meaning of Qiu Yitang The dining table was so wide, yet he insisted on sitting next to her. Not only did he have to sit next to her, he even had to make some food to help her talk to him?

Qiu Yitang had heard Fang Xiao's words clearly and aggrievedly. Therefore, he had no choice but to eat the food on his plate, and the way he looked at Fang Xiao from the side.. It was also so complicated that Fang Xiao could not understand or explore the world at all.

Fang Xiao's head could not be lowered any further. Qiu Yitang was a big client of the company. Although she did not know how big the deal was, it was still a client. If she accidentally offended him, and the final cooperation could not be negotiated.. Then wouldn't the general manager of the company blame her?

Therefore, Fang Xiao did not speak to DONE anymore. Of course, she did not dare to speak to anyone else on the other side because disaster came from the mouth. What if she accidentally offended someone?
