

Divorce 1861

chapter 1861

The last

little white flower twitched, she didn't want to say it, but the two bodyguards behind her suddenly stretched her arms hard.

Her painful face turned pale.

She immediately said, "Miss Su told Lin Yang about my relationship with Cheng Ershao

. Lin Yang came to trouble me. I really couldn't stand his entanglement, so I wanted to settle the account with Miss Su!"

Running down, her face was ugly:

"You have the guts to ask Su Nan to settle the bill, but don't have the guts to deal with Lin Yang? Are your brains flooded?"

Xiao Baihua was frightened by her and sobbed:

"I was really just impulsive, If I were to do it again, I would definitely not do it!"

Shang Qian stood aside and listened quietly before he said indifferently,

"Is it that simple?"

Xiaobaihua nodded timidly.

Shang Qian narrowed his eyes, waved at Manager Li, and said a few words in a low voice.

Manager Li's face changed slightly, and then his eyes turned a little deeper at Xiaobaihua.

But there is no room for his opinion.

He himself can't protect himself, and of course he has to make every effort to restore the Su family's impression of them.

He turned around and hurried to the back.

Xiaobaihua didn't know what he was going to do, so she pursed her lips:

"Let me go, or... I'll go and apologize to Miss Su in person!"

Su Qi sneered: "Stop dreaming, you will live in your life. The last time I saw her was just now.

Is a person like you worthy of talking to her?" It's

not even worthy to lift her shoes!

Less than three minutes.

Manager Li brought a large box from behind. There were a lot of empty bottles in the box, which made a crisp sound.

There is a person behind, and another box is brought in. It looks a little heavy, not an empty bottle.

For some reason, Xiao Baihua's face suddenly became more ugly, and there was a strong fear in her eyes.

"You... what do you want?"

Neither Su Jin nor Su Qi said a word.

The most angry person here is actually the calmest person, who looks gentle and has a good temper.

But at this moment, she doesn't think so!

Shang Qian pursed her lips tightly, looking at her with an indescribable chill.

Not seeing through his anger is the most terrifying thing.

At this time.

He opened his mouth.

"I'll give you two choices, or you can take this empty bottle and smash it on your head until it smashes."

Xiao Baihua shuddered fiercely.

He continued to speak.

"Or, drink this box of foreign wine without a single drop, until it's all gone."

No matter which choice, it may kill her.

She couldn't escape at all.

She looked up in panic, and the indifference of the three made people panic.

Shang Qian looked calm: "This is just interest, you choose, or I choose?"

His tone was terribly cold, as if it made people feel the cold of hell.

Xiao Baihua looked at the two big boxes with a pale face, trembling involuntarily.

That kind of deep-rooted chill completely crushed her.

She thought that Shang Qian in front of her was a gentle and decent person, but she didn't expect that his methods were much more ruthless than those who only knew how to beat him!

This would torture her to death at all, without even having to do it herself.

If something happened to her, she also drank it and beat it herself.

They will not have the slightest responsibility.

Fear and cold spread from the ground to her whole body, she couldn't stand, she fell limp to the ground.

Look at this person who seems to be from hell.

Couldn't even say a single plea for mercy.

Because his deadly and cold eyes told her that it was absolutely impossible to let her go.

chapter 1862

is not enough to understand

the stalemate for less than a minute.

The man in front of him was impatient, and he raised his head darkly, as if he was too lazy to look at her again.

"Since you don't want to choose, then come all over again."

She shuddered suddenly.

"No, I choose, I choose!"

There was despair in her voice, and she couldn't say the word regret.

"I'm drinking, can't I drink?"

She knew that if the box of wine went down, she might lose half of her life.

But if the empty wine bottle hit his head, his entire life might be in danger.

Although she was afraid and confused, she did not forget to choose the easiest way for herself.

At this point, she couldn't tolerate too much entanglement.

She went over to open a bottle of foreign wine and poured it into her mouth.

The spicy and irritating taste made her uncomfortable, and she subconsciously wanted to vomit.

But looking at the cold eyes of the person in front of her, she didn't have the courage at all.

One bite after another... She

felt embarrassed like fish on a chopping board.

After the two bottles of foreign wine went down, her consciousness began to blur, and she couldn't hold more in her stomach.

The movement slowed down noticeably.

She was in pain and cried a lot.

Shang Qian glanced at Manager Li next to him, and his tone was terribly indifferent:

"Find someone to help her, she must finish drinking tonight." As he spoke

, Manager Li's face changed slightly, and he couldn't forget to nod.

“Yes.”

It's all this woman who deserves it herself, who has provoked people who shouldn't be provoked, and also implicated them.

They would not have any sympathy for her.

Xiaobaihua was startled. She just opened her mouth and didn't have time to say anything, but the person next to her held her shoulders tightly, picked up a bottle of foreign wine and poured it into her mouth, no matter how hard she struggled. All to no avail!

Su Jin and Su Qi looked at each other and turned around indifferently without expressing any opinion.

Just then, a car came from outside.

When Shang Qian heard the voice, Su Jin patted him on the shoulder:

“Go and hold her down.”

Shang Qian nodded, then turned and left.

A group of people followed the car and left.

Only the little white flower was drinking alcohol under the control of the bodyguard.

She was almost unconscious.

But no one was soft-hearted.

Compared with Su Nan, the wine bottle almost killed her.

What does Xiaobaihua get punished for?

Su Qi and Su Jin shared a car, following Shang Qian's car.

Su Jin looked down at his phone and email, Su Qi rubbed his brows and drove in front:

“Brother, I don't think we know Shang Qian very well, what kind of person did Xiao Si find?”

Shang Qian was like that just now, he felt that Shang Qian might do it himself.

But he has a habit of cleanliness and disdains it.

Su Jin lifted his eyelids and said indifferently,

“It's you, not us.”

“Aren't you surprised? Although I said I was relieved just now, it doesn't seem like something he can do... ..

If Fu Yechuan were replaced, it would be more in line with his character. Su Qi 's tone was a bit puzzled.

After all, the impression of Shang Qian in his mind was always gentle and modest.

Not only did he obey and care for Su Nan, but also everyone in the Su family, even the housekeeper, are so respectful and polite.

Everyone thinks that Shang Qian is a modest gentleman, a considerate gentleman.

The scene just now was really shocking.

Hearing this,

Su Jin raised his head, rubbed his eyebrows, his face was tense.

Su Nan The situation is unknown, and their faces are not good-looking.

chapter 1863

She came back

Su Jin's tone was indifferent, and he said,

"I'm not surprised, how can a person who can turn back from defeat to victory from a businessman's den of dragons and ponds can be a person without temperament? What? If he is as weak and incompetent as he looks, do you think that I will agree to their marriage with my father just by coaxing Xiao Si to be happy with rhetoric

?" Su Qicai really changed his face. He gritted his teeth sharply: "You all know who he is? Has he always been pretending?" Su Jin glanced out the window lightly: "It can't be called pretending, but what he shows makes people feel more comfortable, Xiao Si also likes this." Su Qi felt that he was a hit, and tonight he really refreshed his three views. Is he the only one who dares to feel shocked? He is such a simple child! Along the way, he didn't speak again, silently digesting this knowledge. Can't say what it feels like. He just looked at Shang Qian with admiration. Maybe this is better, at least Su Nan will not be bullied! ... to the hospital. Shang Qian's face was obviously worried. Su Nan was sometimes awake, sometimes lethargic, and this state lasted for a long time. Everyone didn't close their eyes almost all night. Ning Zhiliao had already brought a talk about the child home, but the child couldn't stand it. She didn't know that such a big thing had happened, and she fell asleep after a while. Su Nan woke up again in the afternoon two days later.

She smelled the strong smell of disinfectant, and when she opened her eyes, the gray-white curtains swayed in the wind.

The sun outside was very strong, and the light shone on the trees, casting rustling shadows.

Her hand was held in the palm of her hand.

Scenes and scenes are reflected in my mind, from the shooting on the streets of Europe to the end.

She suddenly felt that although there were some detours in the middle, but the ending was so good, maybe it was God's will.

From the very beginning, the one who saved little Mike has spread and grown in that fate.

Also, she has such a well-behaved and beautiful daughter.

She and Shang Qian.

Life seems to be complete enough.

It turned out that the wine bottle hit her head, but it made her regain her memory and sober up.

She pulled out her hand, squinted her eyes, and touched Shang Qian's face.

Shang Qian woke up suddenly.

His face was a little tired, and he didn't seem to have a good rest.

There were red blood in the eye sockets.

Su Nan felt sour in his heart, and uncontrollable sadness poured out of his heart.

It's good, every time she encounters danger, he is by her side, never abandoning her.

Shang Qian touched her face in disbelief, and approached cautiously:

"Awake?"

Su Nan wanted to smile at him, but his voice couldn't come out.

Because she still has the instrument on her mouth.

Shang Qian hurriedly rang the bell on the side, and within a minute, the doctors came in.

Everyone looked more excited.

After some inspection, Su Nan also woke up, looking at Shang Qian standing in the corner, his eyes fixed on her, for fear that something would happen to her.

That feeling, like walking a long way, suddenly came home.

The doctor breathed a sigh of relief and took off some instruments for her.

"Is there any discomfort in Miss Su's head?"

Su Nan retracted her gaze and shook her head.

There was a smile in the doctor's eyes:

"Did Miss Su remember something?"

When he asked this question, Shang Qian's expression became obviously nervous.

His body was tense for a moment, and his eyes were a little deeper.

chapter 1864

You are very proud

of the silence in the ward.

They were all waiting for Su Nan's answer.

Su Nan lowered his eyes and nodded.

The doctors smiled happily:

“Miss Su is a blessing in disguise. The bruise that never dissipated has completely disappeared this time. It’s just a slight concussion. It will be fine after a few days of rest.” In the

ward, except for Shang Qian, every The faces of the individuals were filled with joy and ease.

Maybe Su Nan was in a coma these two days, they really put a lot of effort, for fear of being powerless.

She looked at Shang Qian.

The man’s eyes were so dark that he could not see any emotion, distressed, or regretful?

The most cruel thing is to remember those things. He would rather she forget herself than let her experience such a painful pain again.

So she remembered that it might not be a good thing.

Can you still be as free as before?

When the doctors were all out, Su Nan stretched out his hand, he came over, and looked at her with forbearance and concern:

“How do you feel?”

Su Nan nodded, “Well, I remember it all.”

Shang Qian’s eyes darkened : “I’d rather you never remember.”

Su Nan held his hand and looked up at her, her eyes were lustrous and soft, and she was beautiful:

“Then don’t I want to forget you forever?”

Shang Qian looked at her. , reached out and took her in his arms.

Su Nan’s eyes were slightly red, but a smile appeared on her bright face:

“Look, no matter when I am, I will fall in love with you, aren’t you very proud?”

Shang Qian trembled.

Hold her tighter.

She had never expressed her feelings so clearly and calmly.

He had been looking forward to it, but these words calmed his restless heart like a spring breeze.

Quiet instantly.

“Su Nan, you never leave me, okay?”

He whispered in her ear, and a hot kiss fell on her forehead.

That kind of careful cherishing is really heart-wrenching.

Su Nan reached out and hugged him, with a smile on the corner of his mouth:

“Okay.”

Every day with him will be a good day.

Someone pushed in at the door, breaking the warm scene.

“Are you awake? Are you awake?”

It was Su Qi who was flustered.

Seeing this scene, Su Qi immediately covered his eyes and stepped back, sighing:

“Can you consider other people’s feelings?” There

was a trace of displeasure in Shang Qian’s eyes, but he was very restrained.

He lightly stroked Su Nan’s hair, turned his head to look at the door reassuringly:

“Third brother, are you finished eating?”

Su Qi coughed, dodging Su Nan’s inquiring eyes, and couldn’t help rubbing his stomach .

“Well, oh, I’m full.”

Su Nan narrowed his eyes and sneered coldly:

“When my life and death are uncertain, can you still eat the third brother?”

Su Qi tutted, knowing that he was wrong, but he couldn’t. downwind.

“Don’t you think you’d be happy if your third brother fell down before you woke up?”

Su Nan rolled his eyes.

Angrily speechless.

Because of his arrival, the atmosphere was instantly lively.

Su Qi walked over, looked at Su Nan carefully, and sighed:

“I haven’t left here for a moment, so don’t be conscientious, I just ate this meal for two days!”

Su Qi Nan turned his head away and snorted coldly.

Shang Qian was relieved and happy because she had the strength to be angry.

“Are you hungry? The doctor said that you can only eat liquid food for the time being. I’ll make you something delicious when you get home. Would you like porridge now?”

Su Nan readily agreed.

Her stomach was empty, so she was not feeling well, so he reminded her that she wanted to eat everything.

chapter 1865

Well done , Su Qi immediately took out

his mobile phone: "I'll send it to my family, and tell them the good news by the way." When he came back, he looked at Shang Qian and said, "Brother-in-law, do you want to eat something? The Singaporean food downstairs is pretty good!" Shang Qian shook his head, "I'm not hungry." Su Qi twitched the corners of his mouth, and he also I haven't eaten for two days, can you be hungry? Before he could say anything, Su Nan tugged at his clothes, raised his head, and his eyes flashed: "Go buy a bowl of porridge from their house, their porridge is also good." Shang Qian's eyes softened for a moment, "I think Eat?" Su Nan nodded. "Okay, you wait, I'll go buy it." Shang Qian tucked the quilt for her before going out with confidence. Su Qi walked slowly and sat in front of him. Hesitant to speak. He couldn't hide things on his face. When Shang Qian said that he was not hungry, he couldn't help but want to say it, but he didn't know how to say it. Su Nan closed his eyes, "Third brother, do you have something to say?" Su Qi nodded. He rubbed his hands together, and his handsome face smiled with a desire to share secrets: "Little Si, I'm not trying to sow discord, but I can't help it. Your husband, my brother-in-law, he's really not Such a gentle person on the surface! Do you know the person who started throwing a wine bottle on your head? That woman probably regrets her reincarnation now."

Su Nan blinked and frowned slightly, remembering that it was a woman in a waiter uniform.

Looking up at her face, I suddenly remembered that it was the little white flower.

She doesn't even know her name.

Su Nan's face suddenly sank.

It's really useless to suffer in the hands of such a person.

"Where is she now?"

Not surprisingly, she was going to get revenge.

Su Qi hooked her lips: "In the hospital, right here."

She looked puzzled.

Su Qi smiled, then sighed:

"After this time, I really admire Shang Qian.

I used to think that in City A, Fu Yechuan's power was monstrous, and he was a wolf who eats people without spitting out bones.

But Now I don't think so anymore, he's just pretending at most.

Shang Qian is really unfathomable, a real ruthless man.

If he had taken root in City A, what would have happened to Fu Yechuan?"

Looking at Su Nan's face changed slightly, and Su Qi quickly changed his words:

"I forgot, you don't know who Fu Yechuan is, right? He's just a rich man!"

Su Nan paused.

She pursed her lips.

"I remember."

Su Qi: "Oh, does he know?"

Su Nan nodded: "Yes."

Su Qi was silent for a while, then sighed:

"Well, you've been unlucky for a while now. Now, my father said that I will find a master for you to do the math, and the surname is Fu!"

Su Nan: "..."

Su Qi: "Let me go on, do you know how Shang Qian dealt with that woman? She drank a whole box of foreign wine, and not a drop fell!"

Su Nan slightly Shocked, he pursed his lips.

Su Qi's face sank:

"So if her stomach is broken, she deserves it, not only that, but also two wine bottles were smashed on her head. The bodyguards have a lot of people, and it will be considered as a gift for her. A lesson."

Su Nan blinked, unable to express his feelings.

That gentle and modest person has always avoided dark things.

But for her, she did this.

The resentment in her heart against the little white flower suddenly disappeared.

Shang Qian did what she should do, even more ruthless than what she wanted to do.

What else is there to be dissatisfied with?

She curled her lips and smiled: "Nice job."

chapter 1866

Other unimportant

Su Qi looked at her reaction suspiciously.

Should not be!

"Aren't you surprised? Shang Qian's approach is so different from his usual!"

Su Nan frowned, "Don't be surprised, this is a normal reaction!"

Su Qi: "..."

Could it be? Was he the only one who was shocked by the whole thing?

Su Nan rolled his eyes at him:

“Third brother, you’re really a fool in the entertainment industry, why do you look at people so superficially?”

Can the person I marry not know who he is?

In my eyes, Shang Qian covers up everything he does. No, he is a sincere and kind person, other things are not important to me.”

Before getting married, Su Yifeng and Su Jin had already talked to her.

What kind of person Shang Qian is, their analysis is comprehensive and clear.

No matter how he knew him, Su Nan felt that he was worthy of love.

Su Qi pursed his lips, he was completely convinced.

Shang Qian’s actions only shocked him.

Su Nan asked some other things that happened in the past two days, as well as some progress of the company.

Su Qi said it obediently, especially about the company. Su Nan kept frowning and wanted to scold him, but she felt bad.

After all, Su Qi was a big help, and it was a surprise that the Su Group did not go bankrupt.

She paused, and was about to call Su Jin when she heard the familiar footsteps coming. Shang Qian pushed the door and came in with a little anxiety in her eyes.

She put down the phone and smiled.

Shang Qian walked over warmly and sighed:

“I’m afraid you can’t stand it because you are hungry, so I asked them to make it urgently. It’s still hot, so try it.”

He opened the lunch box gently, and the smell of shrimp porridge filled the air. Su Nan really felt hungry.

But because I just woke up, I couldn’t eat after a few bites.

When I was discharged from the hospital the next day.

Su Yifeng took the talk that the children came to pick her up together.

Su Nan looked at the talking child again carefully, her heart was soft and messed up.

How could she almost forget such a beautiful daughter?

Su’s house.

Wen Xiang brought her son over to celebrate Su Nan’s discharge from the hospital, and had already started preparations with Su Jin at the old house.

When Su Nan went back, everyone gave a simple hug.

Su Jin's son Su Lin can already walk with the help of others.

Seeing the little sister in Su Nan's arms, she happily kissed her several times, and Shang Qian silently took her daughter away.

After dinner, everyone sat and chatted.

Shang Qian naturally hugged the talking child on his lap.

Su Jin was discussing the next plan.

Su Yifeng did not agree with Su Nan going back to the company directly.

"You'd better rest for a while. Your elder brother and third brother will help you with the company's affairs. Your health is the most important thing."

Wen Xiang also nodded, "I was hospitalized twice in a row and my vitality was severely damaged. For the sake of your body, Shang Qian, what do you think?"

She gave Shang Qian a wink.

Shang Qian paused, glanced at Su Nan, and said with a smile:

"No matter what she decides, I will support it."

Su Qi gave him a white look and said:

"Although I'm tired in the company, I've been there long enough, but your health is important, don't force it."

Su Nan knew that they were all for her own good, but she felt that she had nothing to do when she stayed at home.

"Well, I don't go to work in the company, I let Yu Lou sort out the latest situation for me every day, send me an email if anything happens, and when I'm fully recovered, it's logical for me to go there again."

Su Yifeng finally had no opinion at all, and everyone also can only agree.

chapter 1867

It has been less than half a month since it was so shameless, and almost everyone knew that Su Nan had recovered and was about to return to the company.

Su Qi also gradually rearranged his work and returned it to Su Jin and Su Nan.

He was really relieved.

On the day I left the Su Group, I couldn't wait to jump up to celebrate regaining my freedom.

Su Nan chose a day to go to the company to sort out the materials.

Early in the morning, I attended three or four meetings.

Originally I just wanted to listen and left, but I couldn't get out of it.

Now that her professionalism has recovered, she is naturally in her teens as before. She only knows that the memory of eating, drinking, and having fun is different, and she knows which one is more important.

When it was time to leave, it was already evening.

Before I knew it, I felt like I was back in the old days.

Shang Qian called a few times. He went to the company and went back to talk about the children. He said that the children were very sticky to Shang Qian, and he was reluctant to part for a moment.

Seeing that it was almost time, she took her things and went out.

Yu Lou stood outside and was about to go in to report, but he hesitated.

Su Nan was stunned for a moment, "What's wrong?"

Yu Lou pursed his lips, "Mr. Ringo Lin from Juli Group is here, saying that he wants to talk to you about the contract for the next quarter, you see... "

Su Nan frowned slightly.

Why did Ringo come here at this time?

Besides, there is no news at all!

"Tell him, change the time, or talk to my elder brother."

She looked at the time, not wanting to delay.

She had made an appointment to have dinner with Qin Yu. If it was delayed for too long, she should be in a hurry.

Just as Yu Lou was about to speak, a man walked out from the meeting room opposite. He had a tall figure and stern facial features. The silver spectacle frames he wore reflected a slightly cold light. .

It was Ringo. He raised his eyebrows slightly, and walked over with a smile:

"Mr. Su, it's been a long time since I've seen you. Why don't you show any respect?"

How can you say that you're an old acquaintance, and it's even difficult to meet each other?"

Su Nan squinted Squinting, he glanced at Yu Lou.

She hooked her lips and said lightly:

"If Mr. Lin said hello in advance, he would have to set aside time to entertain him tonight, but unfortunately, I already made an appointment in advance and I can't entertain Mr. Lin. "

Originally, he didn't ask, and with the current cooperation between the Su family and the Lin family, we still need to wait and see, so naturally he will not be so happy to fulfill him.

Ringo chuckled in a low voice, his attitude was casual, and he didn't take Su Nan's indifference to heart:

“It’s my fault for not asking Zilai, but I came to visit Miss Su on purpose.

You are in charge of the Su family again, and you will treat us well. The cooperation has also given greater expectations.

I also hope to cooperate as before.”

Su Nan lowered his eyes, paused, and nodded with a smile:

“Mr. Lin has thought too much, the two companies can cooperate and benefit each other is the trust in each other. , of course our Su family is happy to see it happen.”

Ringo smiled, “I’m relieved to see it, I won’t disturb Miss Su on the date, why don’t I take Miss Su downstairs?”

Su Nan looked at it quietly. He glanced.

In fact, I have always had a good impression of Juli Group. The company has sufficient innovation ability and certain market positioning, and quickly occupied a place in the market in a short period of time.

Previous cooperation has also achieved unexpected results.

But the only disadvantage is that he is backed by the power of the Fu Group.

The Fu Group has provided him with a great platform and opportunity.

But to a certain extent, it also cut off many of his chances...

chapter 1868

Even if your acquaintances can get huge benefits temporarily, in the long run, the Su Group will not get more benefits.

Once you rely on the core of the Juli Group, it will be difficult to develop independently in the future.

Therefore, Su Nan did not have much expectations for the cooperation between the two parties.

She has her own plans to develop her core technology.

Ringo looked at her with a smile: “It’s just the way to send you down, and I happen to be able to say a few more words to you. Miss Su won’t even give me this time, right?”

“Why ? Please treat Mr. Lin well, please.”

Su Nan smiled and said.

Ringo smiled meaningfully, raised his eyebrows, and took the initiative to step forward to press the elevator. The gentleman bent down and stretched out his hand:

“Miss Su, please...”

Su Nan smiled and followed.

Yu Lou naturally did not keep up.

Inside the elevator.

It's not quiet either.

Ringo: "I heard that Miss Su lost her memory for some reason, but I didn't expect to forget me? I'm really honored."

Su Nan took a look at Ringo and withdrew her eyes lightly.

"Don't worry, whether you forget it or not, it will not affect the cooperation between our two families."

Ringo's face stiffened: "I wonder if Miss Su remembers the request you made to the Lin family when we first met?"

Su Nan: "Mr. Lin, I know that I have lost my memory, so why do you pick up these old things?"

"Damn me, I don't know that mentioning these will make Miss Su unhappy. I hope Miss Su will not blame me for being abrupt."

Su Nan did not Respond.

Ringo didn't know where she had lost her memory, and not many people knew about it.

Did he come to inquire about her details?

But he didn't even know that he had recovered his memory.

If you don't know it, just put it on.

The elevator has arrived.

The two left side by side.

An unfamiliar car stopped at the door. Ringo smiled:

"My car is there, and there is an acquaintance in it. Do you want Miss Su to say hello?"

Su Nan squinted and paused, his face slightly changed. Shen:

"Since I'm an acquaintance of President Lin, I won't go there, right?"

She had an intuition in her heart, she probably didn't want to see the person in the car.

Otherwise, why did Ringo come here, leave so simply, and bring her down to meet this person?

Ringo had already stepped forward, and his tone was a little anxious:

"Miss Su, you knew it before you lost your memory, and it's also your acquaintance."

Su Nan didn't listen, turned around and walked in the other direction.

"Hey, Miss Su..."

The person in the car suddenly drove down.

Su Nan suddenly heard a low and hoarse voice:

“Su Nan...”

She stopped.

A familiar yet unfamiliar voice.

Su Nan took a deep breath.

She thought that Fu Yechuan had left her world and that she had been freed.

But why is he still everywhere?

Fu Yechuan was already behind her and stopped:

“You...remember me?”

Su Nan opened her eyes, her heavy heart suddenly felt no pain, no pain, no numbness.

It was as if he had just met a stranger.

She turned around as if nothing had happened, her eyebrows were still vivid, but she faced him with a little more alert:

“I don’t remember, who are you?”

Fu Yechuan’s face was obviously paler, and his body shook slightly.

I know clearly about her memory loss, but I still feel pain in my heart when I see it with my own eyes and hear it with my own eyes.

The pain of suffocation in the chest.

At this time, Ringo didn’t come forward and say more nonsense.

chapter 1869

You are not welcome to

Ringo feel.

I have done my best to bring Su Nan to Fu Yechuan, knowing that the people in the company are guarding him like a thief.

Isn’t that Yu Lou next to Su Nan the dike?

But from a distance, the two seem to be from two different worlds.

It doesn’t seem to fit together at all.

The past is the past.

Fu Yechuan looked at her, his eyes were full of scarlet blood, and he fiercely suppressed the turbulence in his heart.

But under her indifferent and calm gaze, she had to behave calmly and calmly.

He hooked his lips, "It's okay to forget, we can get to know each other again..."

He stretched out his hand and waited a little nervously for her reaction.

After the silence.

Su Nan slowly lifted her eyelids and chuckled:

"No need, I'll talk about it later when I think about it, how do I know if you're a good person?"

After speaking, she looked past him and leaned on the car behind him. Ringo.

Meaningfully hooked his lower lip and turned away.

Fu Yechuan stood there stiffly, as if a basin of cold water had been poured down, freezing to the bone.

How do I know if you are a good person?

Her tone seemed to recognize him, but she didn't.

Made him feel a guilty conscience.

He's not sure.

Ringo walked up slowly and watched Su Nan get into the car and leave.

Fu Yechuan still didn't move.

Indescribably poor.

Fu Yechuan, who was stomping his feet in City A, would have an earthquake, how could he even have today?

Ringo patted him on the shoulder:

"Mr. Fu, do your best, forget it, don't delay the flight at night."

Go back to the car.

The car did not go anywhere else, but went directly to the airport.

After all, this was the last visit before he left, and the last chance he gave him.

If Su Nan is willing to give him an olive branch, he will catch it even if he gives up everything.

Too bad...she didn't.

Fu Yechuan's eyes were dark, looking at the rapidly passing scene outside the window, his voice was dark:

"She can't remember, it's probably a good thing."

Ringo sighed: "Maybe, but I always have a bad premonition."

He opened his mouth, but did not continue.

He was a little afraid of Su Nan's last look at him before he left, which made him feel cold on the soles of his feet.

Hope she doesn't implicate herself.

...

Su Nan called Qin Yu on the way, and I couldn't eat this meal today.

It was really unpleasant to be affected by Fu Yechuan.

She immediately returned to the Su mansion.

Qin Yu was let go of the pigeon, and it was useless to be angry. Who told that Fu Gou to stand in front of Su Nan's eyes?

But the box was ready, and she immediately called all her colleagues from the company.

Shen Liang went out to socialize, and naturally no one was watching in the company.

Everyone was so happy.

That's the benefit of listening to the boss's words.

More than a dozen people came and it was lively enough.

Drinks, snacks and fruit plates were delivered one after another.

Some colleagues who are more open have already started to roar with the microphone, and everyone is obviously excited.

Others started playing cards and playing games.

Qin Yu happily sipped a few bottles of expensive wine, "Everyone, have a good time!"

Everyone happily finished drinking, laughing and gag.

Qin Yu's cell phone rang.

She glanced down, and the phone almost dropped to the ground.

"Husband is calling."

She paused, took her mobile phone and went out to answer the call.

"Hello?"

Shen Liang's tone was calm, as if he just took the time to call her.

"Who are you playing with?"

chapter 1870

was dismantled.

Hearing the sound of his lighter, Shen Liang seemed to be smoking.

Qin Yu paused, feeling that she couldn't continue chatting so calmly. According to her experience, it was easy to talk herself into it.

"I'm with Su Nan, didn't I tell you long ago?"

She wanted to end the call quickly, so she had to take the initiative:

"Do you not trust me and want to check

the post?" The other party remained silent. For a few seconds, he chuckled softly, with a bit of coldness.

"Su Nan?"

"Yeah!"

She replied bravely!

Shen Liang seemed to take a breath to calm himself down.

Qin Yu had a bad feeling.

Didn't have time to say.

Shen Liang said, "Wait a minute, I'll ask Su Nan to say hello to you."

After speaking, he handed the phone to the person next to him: "I'm sorry, have a word with Qin Yu?"

Qin Yu was stunned for a moment. , all stiff.

There was a premonition that it was over.

next second.

A familiar voice came from the phone:

"Qin Yu, it's me. Shen Liang and eldest brother went back to my house just now. I want to ask you, would you like to come over together?"

Qin Yu closed her eyes and suddenly felt dark.

This is the first time a lie has been exposed so quickly!

She opened her mouth, "No... no need."

Shen Liang answered the phone and chuckled:

"Qin Yu, go back and think about how to explain this matter?"

After speaking, he hung up the phone.

Su Nan pursed his lips, and quickly turned around and took his mobile phone and sent a WeChat message:

"Are you lying?"

Qin Yu: "I didn't expect such a coincidence!"

Su Nan: "Your boss Shen seems to be very angry."

Qin Yu : "I can feel it."

Su Nan: "Go back and apologize!"

"Let me have a good time before you die!"

Qin Yu took a deep breath and returned to the box.

Anyway, it was dismantled, so she simply broke the jar and broke it!

Unexpectedly, she went in quietly, no one paid attention to her, and she was doing her own thing.

Enough people playing cards, people singing too bad.

She turned around and found a bunch of little girls who were gossiping and drinking, a few girls at the front desk.

She sat silently in a corner, not very conspicuous, and was ready to interject at any time.

"Why did she come?"

"Who knows? There's still a face? President Qin doesn't know her identity, right?"

"I definitely don't know, knowing that she can still come?"

"Should we pretend that we don't know ? ?"

...

Qin Yu was sitting there, almost dying of anxiety.

Who is she?

Can the people in their mouths be understood without names?

Another younger girl sighed:

"Mr. Qin is so kind to us, and we still hide it from her, I'm so sorry."

Qin Yu stood up unbearably, walked over, and sat across from them.

Everyone was taken aback.

Qin Yu smiled and looked at the person who spoke:

"Then don't hide it from me, what are you talking about?"

Everyone looked at each other with guilty conscience.

I don't know how much she has listened to?

Don't know what to say or not?

"Mr. Qin..."

Qin Yu sighed and took a sip of wine. "Actually, I know it all, and I also know your kindness. I didn't expect her to come..."

She followed their words and was always right.

Everyone was shocked for a moment.

His face was a little weird.

"Mr. Qin, I didn't expect you to know..."

Qin Yu nodded calmly:

"Of course, so I know what you said, and I don't blame you. Who would have guessed?"

Sitting next to her A little girl looked at her with encouragement:

"Although she is President Shen's ex-girlfriend, but in our hearts, you are our eternal boss lady, and no one can replace you!"
