

Divorce 1881

chapter 1881

Afraid of her misunderstanding , the assistant

touched his head and looked around:

“It was there just now, but it disappeared in a blink of an eye, but there is no office either. I just came out of his office.”

I feel that Qin Yu’s smile is not really a smile.

So I didn’t even joke with her.

Qin Yu’s heart sank completely.

There was a bit of haze in his eyes.

Assistant: “Why don’t you go back to the office and wait and I’ll call President Shen?”

Qin Yu refused:

“No, you can go and get busy, I’ll just contact him myself.” The

assistant looked at her face with nothing extra. Emotions don’t look like anger.

He complied and turned to go about his own business.

Qin Yu paused, always feeling a bad premonition.

No conference room, no office.

Where will it go?

Holding the coffee in my hand, I was sweating unconsciously.

She walked around pretending to be nothing.

Everyone was used to seeing her casual look, and they didn’t take it to heart.

Go to the stairs, a more remote corner.

There seemed to be a deliberately low voice coming from inside.

Her heart trembled, and she stepped lightly and approached.

There are clutter around the stairwell.

She dropped her feet and approached the door.

I finally heard the voice inside.

Sure enough, it was the ex-girlfriend Liu Wen.

“I know you got married as a last resort. I really didn’t mean to take your mother’s money. Your mother designed me to say that I would agree to marry you after I came back from my two-year study abroad.

But as soon as I left, you I’m married, what’s the matter?”

Liu Wen cried sadly.

But Qin Yu could hear every sentence clearly.

She was stiff and cold.

I can’t express that feeling inside.

Betrayal?

Still disappointed?

It doesn’t seem to be, and it doesn’t seem to be.

She was looking forward to this one-man show for that ex-girlfriend Liu Wen.

Looking forward to Shen Liang not being there.

result.

The familiar voice was deliberately lowered, and that voice was still breathing sexy in her ear in the morning.

In the afternoon, it was so strange and distant.

Shen Liang: “No matter what the reason is, it is irreversible. When you finish this project, leave as soon as possible.”

Liu Wen’s crying voice trembled:

“Why? Why don’t you let me stay by your side? Your wife’s person is me, not the ignorant and ignorant young lady!

She has such a bad reputation. She acts as a mistress to others, destroys other people’s families, and runs away with others. How could you be with her with such a woman together?” for a

moment.

Qin Yu felt like a basin of cold water had been poured all over her body, and the bone-chilling chill swept over her instantly.

She couldn’t even move.

Buzzing in ears.

Those past, she has experienced and suffered.

She paid the price.

But now I hear with my own ears that others are recounting their unbearable past to their husbands.

She suddenly felt cold to the bone and was extremely humiliated.

Is she so unbearable?

loser?

Shen Liang's tone was calm: "she is my wife, it's already a well-known thing, I know all about her, and I don't need others to remind me.

No matter what her past is, I accept it, and I don't want others to come. Belittling her."

"Do you like her that much?

You protected me like that back then!

Others say I'm not worthy of you, but you still stand firm by my side, didn't you like me very much back then

? Liu Wen couldn't help it, trying to use the

past to awaken his love for him.

Shen Liang was silent for a moment before speaking in a low voice:

"I don't want to mention the past, and you don't want to mention our relationship in front of my wife. I'm afraid she will misunderstand."

chapter 1882

I don't love her

to hear here.

Qin Yu didn't want to listen anymore.

She didn't know what her actions meant.

to now.

Shen Liang actually wanted to hide it from her?

Even if everyone in the company already knew about it, she was the only one who kept her in the dark.

If she didn't know in advance, would she still be like a fool to befriend her new colleague?

She stood there, feeling sad for the first time.

He knew all about her.

But he didn't intend to share his secret with her.

After just one year of marriage, she thought that the two of them would be compatible enough to grow old.

But now it seems that it seems to be maintained, which can be called reluctance.

A door separates two worlds.

She didn't understand Shen Liang like this at all.

Liu Wen questioned him like a serious girlfriend:

"Misunderstanding? You are afraid she will misunderstand, so what should I do? I didn't spend a cent of the money your mother gave me, I'll give it back to her, please come back to me. Is it?"

Shen Liang was silent.

Liu Wen cried even more:

"I really want to go back to the past, I just want to be better, so I am worthy of standing by your side.

But how can you not give me any time?" For

a long time.

Hearing Shen Liang's silent and powerless opening:

"I'm sorry." The

word sorry was an apology to Liu Wen.

But Qin Yu outside the door heard that he regretted the marriage.

right.

He regretted it.

Don't regret why say sorry?

Their marriage is upright, why should they feel guilty about others?

For the first time, she felt powerless.

The fists clenched and loosened.

Accept the fact that he has more than her in his heart.

She turned around and walked out in despair.

Originally, I felt that I should slap him in the face and teach the pair of dogs and men a lesson.

But it was really coming, and she couldn't do such a thing.

Every relationship she seriously invested in was not magnanimous.

The first time she was tricked into going out and hurting a woman without knowing it.

This time, it seems to be the case.

No, it was someone else who hurt her.

Maybe, this is retribution!

There is a trash can next to it, and the coffee in my hand has long been cold.

She smelled sticky and disgusting.

As soon as I raised my hand, I threw it on it so that it could be taken away by the cleaning aunt.

She went out with a pale face, did not return to the office, and did not wait for him.

Go in the direction of the elevator.

The assistant was stunned for a moment:

“President Qin, are you waiting for Mr. Lin?”

Qin Yu left without saying a word.

The whole person is like an eggplant beaten by frost.

The bright and flamboyant Miss Qin is like a lost dog.

staircase.

Liu Wen thought that what he did would make him moved.

According to him.

Although Shen Liang is tough on official means, he has a high tolerance for his own woman.

He couldn't be soft-hearted.

As long as he can promise himself to stay by his side, it will be a matter of time before he will be further possessed.

“You are married. I know you don't love her, so why don't you give yourself a chance?

Shen Liang, I don't mind, as long as I can stay by your side, I don't mind the status!”

Shen Liang's eyes darkened For a few minutes, she looked up at her with a cold face.

Shocked by her thoughts.

“Liu Wen, I'm sorry for what my mother did to you, but that doesn't mean I'll regret it.

My wife is a very simple person, I hope you don't disturb her life.

Stay with me? Do n't

even think about it . . .”

Shen Liang turned around and was about to leave, put his hand on the doorknob, and the cold touch came over, he paused and turned his head slightly:

“Also, who said I don't love her?”

chapter 1883

He was blind

. After Shen Liang finished speaking, he left.

Liu Wen looked at his back in shock, his face extremely ugly.

Who said I don't love her?

In other words.

he loves her!

He actually loves her?

When they were together, at the most intimate time, he never said this.

She thought that he would not love, let alone express love.

But she heard him say he was in love with another person?

...

Shen Liang went out, and when he passed the trash can, he suddenly stopped.

He looked at the things on the trash can, his expression changed slightly.

I remember when he walked in, there were no two cups of coffee on the trash can.

Has anyone been here?

He frowned, picked up the two cups of coffee with a grim face, and went to the workstation.

"Whose is this?" As soon as

he asked, he really asked the right person.

The assistant smiled and his eyes lit up: "

President Shen, isn't this the coffee that President Qin brought you?"

Shen Liang's expression changed fiercely:

"Qin Yu? She came here just now?"

Very flustered feeling.

Like the wind, the emptiness that cannot be grasped.

The assistant nodded naturally:

"Yeah, I was looking for you just now, but I don't know why you left suddenly."

He paused and frowned, "Oh, her face doesn't seem very good, I don't know who made her angry."

Shen Liang's face sank, he threw the things, raised his feet and walked towards the direction of the elevator.

“Mr. Shen, you made an appointment with someone to play ball later...” Before the assistant could finish speaking, the elevator had already gone down.

The assistant touched his head and was very puzzled:

“President Shen is so strange, so is President Qin.”

Another colleague coughed:

“President Shen went to the stairwell with his ex-girlfriend just now and was probably seen by President Qin, who knew what to do? What’s wrong?” The

voice just fell, and a woman came out from the direction of the stairwell.

The eyes are reddish, and the water is shining, the whole person is lazy and charming, the clothes are messy, and the breath is a little short.

Everyone froze instantly.

The atmosphere is stagnant.

Liu Wen didn’t say a word, just hugged his body and went to press the elevator alone.

A grievance has an indescribable style.

It’s hard not to wonder.

Wait for her to get on the elevator immediately.

Everyone looked at each other.

For a moment, he let out a sigh of sigh.

“I’m going!”

“Is President Shen blind?”

“Our President Qin is as beautiful as a flower, how can we not be better than her, look at that coquettish look-“

“Shh- maybe she really can. The superior!”

A colleague said cautiously.

“How is that possible?”

“Men just can’t help themselves playing.”

“Look, who else does President Shen play with besides President Qin?”

He is also a normal man. It’s normal to be fascinated by the world of flowers. Isn’t there such a big guy in the circle? Gone with the wind!”

“But Mr. Shen and Mr. Qin have always had a very good relationship, showing their affection every day!”

“No matter how good the relationship is, can it compare to an ex-girlfriend? An ex-girlfriend is the most annoying existence in the world, huh!”

..

everyone fell silent for a moment.

Shen Liang’s heart was burning.

He really didn’t expect to be met by Qin Yu so coincidentally.

What I didn’t want her to know was that her personality was out of line. If she knew, she would definitely make a mess.

But it would be better if she made trouble.

The key is that she didn’t make trouble and left quietly.

This is more worrying than making noise.

He tugged at his tie, frowning.

Going downstairs, Qin Yu was no longer there.

Call over.

Shut down directly...

chapter 1884

Divorce or branch

Shen Liang’s heart is restless and complicated.

He called directly home, and it was the servant who answered the phone.

“Has your wife gone home?” The

servant said, “No, didn’t your wife go to the company to find you?”

She was still surprised!

Shen Liang: “Tell me if she goes home.”

“Hey, okay.”

After hanging up the phone, Shen Liang took a deep breath.

She heard the conversation between him and Liu Wen just now.

That little girl, I don’t know what to think about?

Liu Wen’s words were hard to hear, but he also just knew that his mother had planned a game to get her away, and he felt that he was indebted, so he let her keep venting his grievances.

So there is no face-breaking reply.

Who knows, what a coincidence?

He looked at the number, lost in thought.

In the morning, the two of them were still exercising like glue, and now it's over so soon?

He didn't want it to end.

Nor can it end.

Now that he has no intention of going back to work, he drove his car to find her along the road, heading home.

Qin Yu walked by the side of the road alone, and walked to the door of the bar.

"Hearing" the bar.

She has been gone for a long time.

Push the door in.

It's not open yet.

The manager looked over and said, "Miss Qin, why are you here now?"

Even if it's not open, customers like this don't dare to drive people away!

"It's been a long time since you've been here. What about the wine you had here last time? Sit down at your old place, and I'll let someone sing you a nice song?" The

manager hurriedly flattered.

After all, they didn't know what they were doing. Miss Qin didn't come for a long time, and the business was much bleak.

Qin Yu pursed her lips and sat on the bar, "Okay, let's sing, I'm not going to the box, I'm here." The manager was very happy.

Immediately call and call the resident singer.

"What do you want to hear, Miss Qin?"

"Whatever."

"What do you want to drink?"

"Whatever."

Qin Yu lowered her head and felt very heavy.

She really wants to indulge herself, but can she get revenge on Shen Liang if she indulges herself?

She doesn't know what to do next?

How to face it?

Pretend you don't know?

Or maintain the superficial love, like other wealthy wives, deaf to her husband's flowery world outside?

Her feelings came and went so fast.

Probably disappeared in Shen Liang's "I'm sorry" to Liu Wen.

The kind of bitterness that spreads from my heart is really bad, almost despairing.

She was trapped in a negative mood, unable to extricate herself.

Seeing that she was in a low mood, the manager did not dare to pit her at this time.

Find a bottle of wine that she likes to drink on weekdays, but the price is not too expensive.

Music plays.

She didn't want to listen to it, but why did it sound like every lyric was the word "break up"?

It seems more sad.

The phone is off, it's very quiet.

She turned it on and wanted to find someone to talk to.

The result was Shen Liang's phone call.

Annoying as hell.

She was about to call Su Nan when Shen Liang's call came again!

Is it really over?

She calmly refused, then took a sip of wine and called Su Nan.

Su Nan picked it up and sounded busy.

"Miss Qin, I asked you for dinner just now, but you went to find your husband, why are you looking for me now?"

Qin Yu paused, feeling uncomfortable.

"Su Nan, let me ask you a question."

Su Nan paused, hearing that something was wrong with her voice.

"You said."

"You said that I was divorced and separated, which way is good for me?"

She had a hoarse voice, trying to keep herself awake and not cry.

chapter 1885

There is no misunderstanding

that there are too many aspects involved in divorce, and it is an earth-shattering thing when it is brought up.

If only the whole world would know that she lost to Shen Liang's ex-girlfriend.

Where is Miss Qin's face going?

Separation means that she gave up Shen Liang, but did not give up the identity of Mrs. Shen.

She is just like countless wealthy women. She is willing to whitewash the peace, swallowing this disgusting thing, or squandering money to find little fresh meat.

It doesn't matter anymore.

Of course, she also has no right to take care of her husband's private affairs.

She can't be sure.

Be decisive?

Or is it better to be invisible?

Divorce or separation?

Su Nan may have been frightened by her sudden topic.

After a few seconds of silence, he asked her tentatively,

"Qin Yu, you're not joking with me? What happened?"

Qin Yu took a breath and said,

"I'm not joking, I'm serious, this is the first time I feel that I'm not joking with me. Being affectionate is a very cheap thing. It was like this to Mo Xian at the beginning, and it is still like this now that you are married.

Why can't you be more dashing? I am such a person!"

They dragged her into the whirlpool of love, but Tell her not to get too involved.

The lessons everyone taught her were profound.

But she just didn't teach a long lesson.

Su Nan realized the importance of the matter and comforted her softly:

"Is there any misunderstanding?"

Qin Yu suddenly lost control and cried out:

"Shen Liang got his ex-girlfriend to work in the company. Everyone knows it, but he's hiding it from me.

I heard the two of them talk to each other and say that he regrets getting married. Do you think there is any misunderstanding?

” The words shocked everyone inside and outside the bar.

The manager stood there for a while not knowing what to do.

She can only pretend that she didn't hear and continue to take good things to serve Miss Qin.

I also heard that Miss Qin is married and has a good relationship with her husband.

Unexpectedly, in this circle, there is no way to escape a fate that looks like a god.

What a pity!

Su Nan didn't speak for a long time, listening to Qin Yu's uncontrollable crying, her first reaction was that it was impossible.

But she was so sure, and said that she heard it with her own ears, and she didn't know what the truth was.

Shen Liang is not like that kind of person.

But no one can guarantee that he is really not.

There are many married couples in the wealthy family who play their own way. Everyone knows in their hearts that they come for profit and leave for profit.

There are very few people who really come together because of love.

But everyone felt that Shen Liang and Qin Yu were different.

After marriage, as everyone thinks, the relationship deepens day by day.

Now that Qin Yu suddenly hysterically brought up Shen Liang's derailment, Su Nan was taken aback.

Qin Yu was still crying. The last time Su Nan saw her like this, it seemed like when she knew that Mo Xian had been deceived.

She slowly exhaled, still calm:

“Qin Yu, where are you?”

Qin Yu's voice was hoarse: “I won't have an accident, I just want to be alone, I just want to ask you, what should I do? ?”

Su Nan was silent for a few seconds before answering:

“If you can bear it, you will separate.

If you can't bear it, then divorce. I will find the best lawyer for you and strive for the best interests for you.”

Qin Yu burst out laughing, Crying and laughing:

“It's almost the same. I can't go out of the house. I want to take away his property and spend all his money!”

After she finished speaking, she hung up the phone, feeling a headache in her heart.

Su Nan looked at the phone in a trance.

Shang Qian came over and hugged her from behind, "What's the matter?"

Su Nan pursed her lips, "Has there been any change in Shen Liang recently?"

Shang Qian: "Are you talking about business or private?"

"Private?"

"Then I I don't know."

Su Nan: "..."

chapter 1886

The person who found the bar accidentally heard Qin Yu's private affairs, and served more carefully.

The manager tried every means to make her happy, but Qin Yu only cared about drinking.

Her phone rang over and over, different numbers, but she didn't pick it up.

Shen family.

Shen Liang changed countless numbers, but no one answered the call.

His patience was running out.

Worry on his face.

Finally, I called Su Nan, and Su Nan also hung up resolutely.

Needless to say, Qin Yu must have called her beforehand, otherwise Su Nan would not have refused so decisively.

He hesitated whether to call Shang Qian and ask Shang Qian to help him ask, but he was afraid that too many people would know about this matter, and he would make a joke instead.

Aunt Sun, the servant on the side, didn't know what was going on, but just stood there trembling and at a loss.

Shen Liang was upset and asked her to do her own thing.

Aunt Sun suspected that it was related to Qin Yu, so she quietly told Shen Liang's mother Qiao Fan.

She was originally sent by Qiao Fan to take care of them, although Qiao Fan said that there is no need to tell her about their young couple, they must be left in their private space.

But it seems that the matter is quite big at the moment, she subconsciously is the first to discuss with Qiao Fan.

Shen Liang stayed at home until evening and didn't see her come back.

He was really anxious and could only go out to find it.

The first reaction was to go to Su's house.

But Su Nan's attitude was indifferent, and he just asked the housekeeper to come out and say "Miss Qin is not here".

After Shen Liang left, he turned around, but there was really nothing he could do. He called Qin's mother and asked Qin Yu if she had gone back.

Qin mother, such a shrewd person, immediately realized something.

"You two quarreled?"

Shen Liang rubbed his forehead, not knowing how to explain.

He didn't even get a chance to fight.

If she really came back to make a noise, he would be relieved.

But she seems to have evaporated from the world, but she can't find anyone.

"No..."

He arbitrarily found a reason to prevaricate, not wanting to let the elders know too much.

Seeing the sky darken a little bit, his heart became even heavier.

At this moment, Aunt Sun called from the family:

"Sir, madam is back."

Shen Liang breathed a sigh of relief, taking advantage of the fact that his face finally improved.

"Got it."

He hung up the phone and drove home.

The confusion in my heart also dissipated a little.

However, his face was still not good.

Do not answer the phone without saying hello disappeared for so long, do not know others will be worried?

But thinking about what happened in the afternoon, most of the anger disappeared.

She must have heard those words and misunderstood them, so she left silently.

Just explain clearly.

He arrived home in one breath and pushed open the door.

Even if it's not deliberate, it's easy to smell the faint smell of alcohol.

He frowned slightly, and the servant came out of the kitchen, "Sir, are you back?"

Shen Liang walked in while loosening his neckline:

“Where’s the wife?”

“The wife was in the room. She drank too much when she came back, and now she’s asleep. I’m making her sober soup.”

Shen Liang nodded, Go to the bedroom.

Suddenly thinking of something, he paused:

“She drank too much, who brought it back?” The

servant: “That person said that the owner of the bar brought it back in person.”

Shen Liang’s face was a little dark.

The owner of the bar actually knew where Qin Yu lived?

This made him very unhappy.

However, his face quickly covered the past and pushed the door in.

Qin Yu slept soundly wrapped in a quilt, her clothes were littered, and half of her shoes were left on the bed.

I drank a lot.

He shook his head, walked over, and put away her clothes.

“Go out, call me when the hangover soup is ready.” The

servant nodded: “Okay, sir.”

chapter 1887

can explain that

Shen Liang sat over, reached out and touched her face, her soft and delicate skin, like a baby, was blushing drunk at this time.

The appearance of sleeping, harmless and ignorant.

When he saw her, all his anger disappeared.

Shen Liang may never have dreamed that he would be so obsessed with a woman.

In the past, he just thought that marriage was a business, as long as they respected each other, feelings were optional.

He never expected how much he would love his future wife.

But Qin Yu’s appearance disrupted all plans.

She was like a runaway symbol, scurrying around in his life, but she was indispensable.

He made the originally rigorous and cold life hot and hot, and he was immersed in it like a fascination.

Almost, he lost her.

It's great that she's back.

He looked at her silently for a long time.

not moving at all.

When the servant came over with the hangover soup, he was relieved to see this scene.

It seems that Shen Liang is still very interested in Qin Yu.

She can tell Qiao Fan, don't worry about it.

He took the sobering soup and woke her up softly, but Qin Yu slept so deeply that she couldn't wake up with a soft voice.

He had no choice but to put the hangover soup aside.

Walking over to help her up, Qin Yu was disturbed to sleep, and the eldest lady got angry and slapped Shen Liang on the face.

Shen Liang's face darkened for a moment, he sighed, controlled her hand, and patted her face gently:

"Wake up, drink the hangover soup before going to sleep, be good, open your mouth..."

He rolled up his sleeves, revealing his strong and strong arms, and didn't care that the alcohol smell from Qin Yu's body stuck to him.

Qin Yu was so annoyed by the noise, she raised her eyelids hazy, and closed her mouth tightly.

A look of incompatibility.

Shen Liang patted her face, brought the hangover soup to her mouth, and coaxed her to speak:

"Just a few sips, haven't you always liked Aunt Sun's hangover soup? Open your mouth..."

Qin Yu stared at him blankly for a few seconds, wondering if he was sober or not.

Shen Liang looked at her softly, and touched her forehead:

"Good, I'll let you sleep."

Qin Yu closed her eyes, and in the next second, pushed his hand away and got out of bed.

Hangover soup spilled on the bed and the floor.

Shen Liang's face froze, "Where are you going?"

Qin Yu didn't answer, ran to the bathroom, and vomited...

Although he didn't hear an answer, Shen Liang breathed a sigh of relief.

He asked Aunt Sun to pack up the things here, and then pour a bowl of sober soup and send it over.

Qin Yu didn't come out so quickly. After she vomited, she felt much more comfortable, as if she had woken up from alcohol.

When Shen Liang was about to come in to help, Qin Yu suddenly closed the door from inside and locked it.

He touched his nose and was not annoyed.

The atmosphere at night was neither relaxed nor solemn, but it was very strange.

Even Aunt Sun felt a change. She didn't say a word, just lowered her head and did things.

Shen Liang knocked on the door and loosened his neckline:

"Need help? Would you like me to go in and help you?"

There was no sound inside, only the movement of water was heard, it may be that Qin Yu poured water into the bathtub again.

He paused, "It's not good to take a bath after drinking wine, you can simply take a shower."

But there was still no response.

Too quiet.

Shen Liang finally realized that something was wrong, and he felt a little uneasy in his heart.

For a while.

He then said in a low voice:

"I know you went to the company today and heard me talking to Liu Wen, I can explain."

chapter 1888

I don't want to hear

any extra movement in the bathroom except for the sound of water.

Shen Liang's words were like a punch to cotton, and there was no response, very powerless.

For the first time facing Qin Yu like this, he thought it would be easy.

But now, it seems not so simple.

The sound of the water stopped and she started to take a bath.

Don't even think about it, Qin Yu's complicated series of procedures, massage and skin care, can't come out for two hours.

In the past, she would also invite Shen Liang to join, and the interest naturally came naturally.

He occasionally cooperates, because facing Qin Yu is really uncontrollable.

Occasionally punishes her for her gibberish because she delays many of his video conferences.

Now that she locked the door and shut him out, he suddenly felt helpless.

No more, no less, just two hours.

The door opened.

He breathed a sigh of relief.

Sitting on the edge of the bed, looking up at her, picking up the towel on the side, walking over, preparing to wipe her hair.

Qin Yu's face was blushed by the water vapor, and the drunkenness dissipated a little. When he came out, he was slightly taken aback.

But soon returned to nature.

"You haven't slept yet?"

There was no ups and downs in his tone.

Shen Liang looked at her for a few seconds, hummed, then put a towel on her hair, ready to dry her as usual.

Qin Yu didn't refuse, but her body froze for a moment, then she relaxed and sat there and started to prepare skin care products.

Shen Liang did not miss the slightest change in her stiffness.

In her mind, she still cares.

But fortunately, she did not reject her approach.

He eased his movements and sighed:

"Qin Yu, I know you are very angry today. You already know about Liu Wen going to work in the company?"

Qin Yu kept lowering her head and pressing the essence, gently patting on the face.

She didn't even lift her head, she chuckled lightly:

"Who is Liu Wen?"

Shen Liang paused slightly, his dark eyes looked at her through the mirror, and pursed his lips.

Qin Yu finished the makeup steps meticulously, her hair was half dry.

She lifted her eyelids, looked at Shen Liang, and the corner of her mouth curled up:

"Tell me, who is Liu Wen?"

She wanted to see, behind the mask, how many faces of Shen Liang were left?

She hated his cautiousness, which would only make her feel that he was guilty.

Since he openly arranged people under his nose, does it mean that there is no need to cover up?

Shen Liang: "Ex-girlfriend."

"Oh."

Qin Yu was not surprised by this answer.

The two knew each other well.

A smart person like Qin Yu is just pretending to be stupid now.

As smart as him, he didn't know what she wanted to do for a while?

Paused.

The only silence in the room was the sound of her slapping her breasts.

Shen Liang took a deep breath, softened his voice, and explained:

"I didn't know she went back to work in the company. She suddenly ran over and told me that my mother designed her to go abroad. I didn't know all of this..."

Qin Yu looked up at him, then A very calm look.

A little too quiet.

He suddenly felt a certain premonition, breaking through his chest.

Qin Yu smiled, the arc was very light, she tilted her head and looked at him:

"So, you want to show how innocent and miserable you and your ex-girlfriend are?

You were tricked by your mother, so you want to compensate her. , or do you want to rehabilitate?

By the way, let me understand, right?"

Shen Liang looked at her silently.

His face was ugly for a while.

He did want to compensate Liu Wen, but he didn't want to take his own marriage compensation.

Qin Yu's contemptuous attitude was obviously dismissive.

To him, to Liu Wen, to their marriage.

chapter 1889

I didn't believe it

for a long time.

Shen Liang's throat rolled, and the darkness in his eyes deepened:

"I didn't mean that, I just wanted to explain this matter, what you heard during the day..."

Qin Yu smiled lightly, eyebrows curved, The smile is very light:

“I want to say that what I heard is not true?”

I want to say that I misunderstood you, but you don't know her existence at all? Want to say that you only saw her today?”

, his face tightened slightly.

Obviously, Qin Yu guessed everything he said.

If he really said it, she would probably die of laughter.

This explanation is pale.

He opened his mouth: “Whether you believe it or not...”

“I don't believe it.”

Qin Yu restrained her smile and looked at him blankly:

“I don't believe every word you say.”

The two were completely stalemated.

Why should she believe it?

That Liu Wen took the initiative to attend the party, didn't he just want to get her attention?

He let her into the company without telling himself, didn't he just want to rebuild the old one?

She's dull, but not stupid!

Shen Liang looked at her intently, that bright and charming face was full of coldness at this time.

He didn't want to make things worse, and he didn't want to make things worse.

Obviously nothing happened!

He chuckled lightly, with some suppressed emotions:

“So what? You don't even listen to the explanation, so you sentenced me to death?”

Qin Yu stared at him, a bit blank and ridiculous in her eyes.

“I heard it clearly enough during the day, and I can't tell which sentence is true and which is false.”

Shen Liang's eyes were startled, and instantly dimmed.

He rubbed his eyebrows.

“I'll let her go, you don't have to worry.”

Qin Yu hooked her lips gently, her voice cold and unfamiliar:

“There's no need to be so reluctant, even if she stays, I don't mind.”

Shen Liang slightly He was stunned, as if he had heard it wrong.

“What did you say?”

Qin Yu smiled, with a little distraction:

“I said, you are not afraid of shame, I am not afraid.”

After she finished applying the hand cream, she went around to the other side of the bed. Open the quilt and lie down.

Close your eyes.

The room was silent.

The man looked at her in shock.

Qin Yu didn't open her eyes, her voice was indifferent:

“If you don't want to sleep here, go out to sleep, please turn off the light for me.”

She didn't even bother to paint the peace.

The words he heard during the day hit her in the face like a slap. Although it was said from Liu Wen's mouth, did Shen Liang refute a sentence for her?

No.

The reason it didn't was because he thought so too.

isn't it?

This relationship came suddenly, too happy and happy, but ignored the risk of being vulnerable behind it.

A few minutes later.

The room fell into darkness.

The man walked out and quietly closed the door.

The servant saw him come out with the freshly warmed hangover soup in his hand.

“Sir, ma'am she...”

Shen Liang rubbed

his brows: “She's asleep, no need.” The

servant nodded and turned back to the kitchen.

Shen Liang stood quietly on the balcony, the wind blew in, and the collar of the blown shirt made a noise.

He took out his mobile phone and called the person on the HR side:

“Let Liu Wen leave tomorrow.”

“Mr. Shen, why? Liu Wen has just gone to work, and he is a talent poached from abroad...”

“Small Nonsense!”

It was rare for Shen Liang to speak so coldly, and he shut up the other party with a single sentence.

The night wind was rustling, permeating the chill.

He had a hunch that Qin Yu’s indifference tonight was no joke.

He will not test his wife’s bottom line because of a Liu Wen.

The phone rang suddenly.

Look down.

It’s Jovan.

chapter 1890

Change the surname to Liu

Ba Ms. Qiao Fan: “Take Qin Yu home for dinner tomorrow.”

Shen Liang’s forehead was a mess:

“I don’t have time.”

His tone was not good, and Qiao Fan could hear it . come out.

She sneered a few times:

“Why, that woman made up some nonsense, and you don’t know what to do, thinking I’m the evil woman who broke up you?”

Shen Liang pursed his lips, “Mom...”

“Don’t call me My mother, if you don’t bring Qin Yu back tomorrow, change your surname to Liu!” The same surname as that woman.

Qiao Fan stubbornly hung up the phone.

If she wasn’t suspicious of the phone call from the servant, Aunt Sun, how could she have been investigated into the company?

In the company, there are rumors about the love affair between Shen Liang and Liu Wen going down the stairs.

She didn’t believe that Shen Liang would cheat during marriage and do such bad things.

The only possibility is that Liu Wen deliberately acted for others to see, so that others could misunderstand their relationship.

She had already seen such a method.

Only she can explain what happened in the past.

At first I thought it was the two of them fighting a little, but who knew that Liu Wen would appear, so I can't underestimate it.

Shen Liang hung up the phone and felt a headache for a while.

He didn't even go to the guest room, he just lay down on the sofa in the living room.

Not the slightest sleepiness.

When the sky was getting bright, I only squinted for a while.

But soon woke up again.

The maid wakes up early in the morning to make breakfast.

Not long after, Qin Yu also got up to wash.

He went to the cloakroom to change clothes and walked out, seeing Qin Yu coming out too.

Paused.

Qin Yu smiled: "Morning."

Shen Liang looked at her as if nothing had happened, and his heart was inexplicably sullen.

Qin Yu turned around and went to the dining table to eat breakfast, and also praised Aunt Sun for her good craftsmanship. Today's seafood porridge was extraordinarily delicious, and Aunt Sun laughed from ear to ear.

It's almost time.

Shen Liang looked at the time, "Let's go, go to the company."

He said to Qin Yu.

Qin Yu wiped her hands with a tissue, then stood up and turned back to take her bag.

The two got into the car silently, speechless all the way.

The feeling of being very close but far away makes each other feel powerless.

The car is parked in the underground garage.

When Qin Yu pushed the door and got out of the car, she didn't push it.

She looked back at him, her eyes cold.

Shen Liang loosened his neckline and moved his throat:

"Are you going to be like me for the rest of your life?"

So cold, so unfamiliar, so like two strangers?

They clearly shouldn't, and they have a good relationship.

He looked at the expression on her face.

Qin Yu pursed her lips and smiled, with a bit of erratic daze in her voice:

"We may not be together forever,"

she said.

No joke meant.

Shen Liang froze for a moment, and his face sank fiercely.

His eyes narrowed, and when he saw what she meant, his heart suddenly collapsed.

Somewhere, it seems to disappear uncontrollably.

He grabbed her wrist suddenly: "what did you say? What do you mean?"

Qin Yu earned, but she gave up before she did.

smiled.

"It's not interesting, just talk about it."

She didn't care about what she said just now.

Shen Liang's heart trembled for a moment, watching her wrist was accidentally pinched red by himself, and then slowly let go.

But didn't let go.

He gently kneaded her wrist, his tone as slow as possible:

"I have already ordered her to continue, she will not appear in the company today, nor will she in the future.

Regardless of whether she misunderstood when she went abroad, we are already married. , I will be responsible for you, the marriage, and will not betray."
