

Divorce 1891

chapter 1891

We have no hatred Shenliang

slowed down his speech and looked at her patiently, with guilt and treasure in his eyes.

After thinking about it all night, he felt that the best way was to make it clear.

Last night out of irritability and too many misunderstandings, he was not rational enough.

She drank and was not sober enough.

But today, they have completely calmed down.

Seeing that Qin Yu was silent, he paused, and changed from kneading his wrist to holding her hand:

“Don’t think about it, we will be together forever and ever.”

He held his hand to his mouth , kissed gently.

Qin Yu’s face was stunned, softened, and there was no coldness from the attack just now.

She kept looking at Shen Liang.

I don’t know if it’s to see if he’s lying, or what’s the difference between him and last night?

Together forever and ever.

So childish, but also straight to the heart.

She admitted that she was moved at this moment.

The wall that had been built collapsed.

Should she give him another chance?

She didn’t say anything, looked at Shen Liang and smiled, then opened the door and got out of the car.

Still sitting in the car.

hesitated.

Until the co-pilot was also opened.

Shen Liang held her hand and led her down.

Hand in hand, they entered the elevator together, not afraid of anyone seeing them.

In the past, for the sake of image, he was not used to showing affection in the company, and especially did not want his colleagues to see nonsense.

But at this moment, he wished everyone could see it.

The two went upstairs holding hands and went directly to the top-floor office.

Shen Liang was in a good mood. As he pulled her out, he turned around and said,

“I went to my mother’s place for dinner tonight. She said she made you your favorite short ribs?”

Qin Yu finally took a few words in her eyes. Share a smile.

But the next second.

The two walked together.

The assistants and colleagues looked at each other.

The assistant bravely stepped forward and said,

“Mr. Shen, Miss Liu came to wait for you early in the morning, saying that she has something important to say...”

In fact, he didn’t need to come over to report.

Liu Wen was sitting at the door of Shen Liang, his eyes were slightly red, he was pitiful, but he had a strong gaze.

look at them.

Shen Liang’s hands were tight, and for some reason, he subconsciously panicked and turned to look at Qin Yu.

Qin Yu had a smile on her face, like the cold and polite look on her face yesterday.

She smiled like that, as if she was rejecting people thousands of miles away.

Qin Yu lowered her eyes and said indifferently, “Then talk slowly, Xiao Song, prepare materials for the meeting, and let everyone wait in the conference room for five minutes.”

She didn’t even glance at Liu Wen, and went directly to her office.

The atmosphere was originally very stiff, but Qin Yu didn’t care, as if she didn’t care about Liu Wen.

Although everyone’s heart is towards Qin Yu, who doesn’t like this unassuming proprietress?

But that scene yesterday afternoon was really shocking.

They couldn’t stop Liu Wen, and they didn’t dare to stop...

Shen Liang watched her leave, thinking of what she said in the underground parking lot just now.

She won’t appear in the company today, nor will she in the future...

As a result, she was slapped in the face so quickly.

It seems that the people below are still doing things poorly.

Liu Wen walked over, his voice was a little choked, and he was more dissatisfied:

“Why did you want me to leave the company? What did I do badly?”

You are not the one who avenges private revenge, and we have no revenge...”

Shen Liang looked As Qin Yu closed the door, she couldn't hold back her emotions:

“It's my decision, your existence will affect my life, so I'll let you fire you.

It doesn't matter if you go abroad or go to another company, don't Here again.”

chapter 1892

You are not important

Shen Liang said decisively.

Not the slightest bit of sloppiness, nor the indecisive sympathy of yesterday.

Liu Wen's face turned pale.

“Our past is so unbearable? You clearly promised to marry me, and you said that marriage doesn't matter to you...”

She was almost incoherent.

Shen Liang interrupted her indifferently:

“You know that our past is nothing. Even if we changed someone, I would still say that, not because of you.

“

There were red blood in his eyes.

hold back tears.

“I spent the most difficult time with you, I don't believe you will forget it.”

Shen Liang's eyes were a bit cold:

“I was able to spend that time because of myself, not because you turned it around for me. The situation, don't think too much about yourself.”

Liu Wen took a breath and finally realized that he had changed.

No, it can be said that he has not changed.

He didn't care about women in the past, but here he refuted her self-willedness sentence by sentence.

Unlike before, he didn't care what she said and just smiled.

It seems to be distracted, but it doesn't.

Now, I want to break up with her.

Liu Wen knew that even though they were together at the beginning, she had always taken the initiative.

If you change someone, I'm afraid it will be the same.

This man doesn't have the heart to study who his girlfriend is?

Saying he is affectionate is not enough.

Said he was abusive, no.

He just doesn't care.

She left because he had clearly gone through a difficult time in his career, but he never mentioned marriage.

She wanted to go further, so taking the opportunity given by his mother, she took the initiative to take a step back.

The purpose is to get his attention, to make him realize his importance.

So she went.

But who would have thought.

As soon as she left, he got married.

She has completely become the past tense, this is not her original intention!

Before she came back, she had investigated Shen Liang's marriage partner.

It is not difficult to inquire about Qin Yu's affairs, and her private life is chaotic. Such a person is completely opposite to Shen Liang's preferences.

They can't get together at all.

But after a while, she found that everything was beyond her imagination.

Did the two really live a sweet life?

Shen Liang in those photos is full of happiness and joy, and will not cheat.

When I was with her, it was like never before.

She is not reconciled.

Heartfelt dissatisfaction.

So she's back.

Shen Liang's attitude towards her was too lazy to even deal with it on the surface.

She froze for a long time and looked at Shen Liang with red eyes.

"What's this?"

Shen Liang said indifferently:

“You can keep the money you took from my mother. You will have a compensation payment for dismissal from the company. You can find a job again.”

After speaking, he left directly, looking at the sluggish and stiff assistant next to him:

“Go and find out whose elevator card she took to go upstairs, and she won’t have to come up again in the future.” The

assistant’s face changed, and this also affected others?

He walked over, stretched out his hand, “Miss Liu...” In

the office on the top floor, ordinary employees can’t get up unless there is an elevator card on the upper floor or a special passage for assistants.

Without Shen Liang and Qin Yu’s orders, how could the assistant give Liu Wen a special channel?

But Liu Wen stood here today, indicating that she had a card from a certain high-level executive in her hand.

This high-level, I am afraid that it is going to be unlucky.

Liu Wen’s face was pale, he threw the card to him, raised his legs and left.

Very temperamental.

The assistant bent over to pick it up, glanced at the name, and put it away...

chapter 1893

Everyone watched the show for the people in the meeting enough, and he was relieved.

Fortunately, Shen Liang’s performance did not disappoint them.

What he said just now was really happy. He didn’t give Liu Wen any chance. This is how a good man treats his predecessors!

Everyone was happy for Qin Yu.

This means that there is nothing wrong with their relationship!

Yesterday must have been a misunderstanding!

Instead of going to the office, Shen Liang went to the direction of Qin Yu’s office.

He knocked on the door, but there was no response.

There was a low voice inside.

Paused.

He pushed the door in.

Seeing that Qin Yu was on the phone with someone, her expression was relaxed.

After speaking, he also looked up at Shen Liang, and finally looked away as if nothing had happened, his voice was indifferent and kind:

“I know that impulse is the devil, of course I don’t worry about it, isn’t there still you?”

Shen Liang walked in and sat on the sofa waiting.

Because Liu Wen stirred up in the morning, he was not sure if Qin Yu was angry.

I thought the call would be over soon.

In the end, she didn’t mean to end, even the assistant came in several times, and everyone in the conference room was full.

Qin Yu just nodded, indicating that she understood, and then moved on to the next topic.

When the assistant came in again, he could only pass Shen Liang his cry for help.

Shen Liang loosened his neckline, frowned, and knocked on the table:

“You can talk, I’ll hold a meeting for you.”

This was really something that the assistant could not ask for.

Shen Liang also wanted to find a chance to chat with her, but she didn’t give it a chance!

As soon as people leave, they finally calm down.

The person on Qin Yu’s phone questioned:

“Shen Liang was there just now?”

Qin Yu replied and chuckled:

“I’m guilty...”

Su Nan sighed: “Don’t say that, I’ve already looked for it. After investigation, he didn’t have that deep relationship with that ex-girlfriend.

He used to be an assistant by his side, and every day he asked for help.

Later, because of a drinking party, he drank too much for him, and he had a stomach bleed.

It is estimated that Shen Liang also had some I’m touched, the two have been together since then. They didn’t see each other often. At that time, Shen Liang’s company was in a difficult situation. He was busy with social work all day, and didn’t have time to talk about feelings. It was good to see each other once a month.

So In the past few years, he has just had such a legitimate girlfriend by his side. After a long time, people outside think that the relationship between the two of them is very good.

In fact, there should be a lot of water in the relationship. After all, after she went abroad, Shen Liang didn’t give up at all, and he didn’t contact him.”

Su Nan briefly explained the matter, which was the result of an investigation she had overnight.

The phone call Qin Yu made after drinking alcohol really made her worry.

I am afraid that my good girlfriend will suffer.

Fortunately, Shen Liang's background is clean, and the investigation is not difficult.

It seems to be the struggle history of a desolate aristocrat!

a long time.

Only then did I hear a voice from Qin Yu's side:

"After so many years, how can you not have any feelings at all?"

"Miss Qin Yu, you have to allow him to be emotionally unstable when you don't show up.

This time, it's obvious that the ex-girlfriend deliberately came to find fault. The most important thing is his attitude.

If his attitude is okay, you Don't do it too much, lest you lose all your feelings..."

Su Nan took a sip and persuaded her patiently.

Qin Yu sighed: "I know, I originally made up my mind to divorce him, and finally found an opportunity to divorce.

But this morning, he told me something in his heart, and I was swayed again.

I want to do it again. Believe him once, but who asked that woman to find him early in the morning? It just makes me feel bad!"

chapter 1894

You are still blaming me

Su Nan: "As long as she doesn't take the initiative to find you, don't take action and let Shen Liang solve her own affairs."

Qin Yu pouted, "I think so too . Yes, I'm afraid of getting my hands dirty!" The two chatted for a while.

Su Nan realized that she no longer had the negative emotions she had yesterday, so she hung up the phone with confidence.

Shang Qian hugged her from behind and laughed:

"You are really worried enough, the company's affairs are not enough for you?"

Su Nan sighed, very helpless:

"No way, if this matter falls on others Maybe after a few years of entanglement on her body, she will see it off.

But Qin Yu is different. As long as there is one, she will definitely get divorced.

Don't look at her that she doesn't care about anything on the surface, but when she likes someone, she must be unreserved. "

Shang Qian rubbed her neck and kissed:

"Who made Shen Liang unlucky to have such an ex?"

Su Nan raised an eyebrow at him, smiled, and stretched out his hand to flatten the folds of his neckline:

" Yes, you don't even have an ex, it's very happy, and it saves me a lot of trouble!"

Shang Qian squinted and smiled, with a smile in his eyes, and he wrapped his arms around her waist tightly. A few points:

"Then how do you reward me?" The

voice was low and hoarse, with a seductive sinking.

Su Nan's heart softened, and she went up to meet them.

Just as his hands were making fire all over her, he suddenly heard a child's cry.

Su Nan pushed him away suddenly and ran in the direction of the voice.

Shang Qian rubbed his eyebrows helplessly.

Such a good girl!

Net bad for him!

...

Qin Yu hung up the phone and went to the meeting in a hurry.

In fact, this meeting is mainly the next step, and she already knows it.

When pushing the door in.

Shen Liang sat at the top, and the people below reported tremblingly.

Seeing her come in, Shen Liang's eyes softened for a moment, and he beckoned.

There was an empty seat next to him, and Qin Yu sat there.

The person in charge of the next department was relieved when she saw her coming in:

"President Qin came at the right time. I just mentioned the matter of going to C city to supervise the construction of the project. At present, the candidate is still uncertain.

This candidate represents the company and is very important, not only to supervise the construction of that one. The unfinished project, in fact, has to find out a bad debt of the branch in C City, does President Qin have any recommended candidates?"

This person should preferably be his own.

Everyone here wants to arrange their own people in.

But no one wants to take a step.

So it's so stalemate.

In the end, it is up to Qin Yu to decide the best.

Qin Yu smiled without hesitation:

"I know, I have already decided, I want to go in person."

Everyone looked over in shock.

Unexpected.

This time I went to C city to supervise, not only the task is heavy, but also the business trip time is at least half a year.

As soon as this word comes out.

In particular, Shen Liang's face was a bit gloomy and ugly.

He grabbed the plan in front of him, his fists clenched.

It can be seen that he is even more surprised.

"No."

He said immediately.

Qin Yu glanced at them with a smile, her voice was soft and not at all emotional:

"Actually, I know that this kind of thing is usually done by the vice president.

But you are worried that I am the wife of President Shen and a newcomer who just took over. So I don't want to make me work too hard.

I'm also a member of the company, I'll do whatever I'm supposed to do, there's no reason to be intimidated because of my identity, right?"

She smiled and looked at Shen Liang, her eyes soft. Clean, no other emotions at all...

chapter 1895

Unprepared

The meeting room was so silent.

Shen Liang stared at her stubbornly, trying to see a bit of anger on her face.

but.

She seems to have made a decision long ago, and she just announced it at this meeting.

Shen Liang's face was ugly, and he looked at her silently for a few seconds:

"You are not prepared, you can't start when you go, it's better to go to someone else."

Qin Yu expected his objection.

She raised her eyebrows and said,

"Just because I'm not prepared, City C won't be prepared. A well-prepared high-level executive, and a me who doesn't understand anything, how will City C respond?"

Shen Liang His face was tense, and he stared at her silently, without making a sound.

Some people below nodded in agreement:

"It makes sense."

In an instant, Shen Liang's stern eyes swept over.

Even if everyone agrees in their hearts, they dare not agree.

The atmosphere in the conference room was inexplicably tense.

They realized that it was Shen Liang who didn't want to let go.

Right.

The company here is inseparable from people. If Shen Liang let Qin Yu go, wouldn't he have to be alone for half a year?

There was a moment of silence.

Qin Yu couldn't help coughing:

"If you have no opinion, then decide..."

"Let's talk about this next time."

Shen Liang stood up abruptly, his voice was shocking, and his momentum was threatening.

He grabbed Qin Yu's wrist and went out.

The rest looked at each other in dismay.

Until the last assistant came in and coughed:

"Director Chen, please stay for a while."

Director Chen was stunned for a while, watching everyone leave one after another, he was still sitting there.

"Is President Shen looking for me for something?" The

assistant shook his head, smiled, and took out the card from his pocket:

"Is this card yours?"

“Yes.” The

assistant smiled: “According to the company’s regulations, with this The card can be used to enter the office area and leisure area above the 12th floor, but this card can only be used by yourself, you won’t forget it?”

Director Chen smiled indifferently:

“How could I forget? I just lent it to Liu Wen, Doesn’t that newcomer have something to do with President Shen?”

Director Chen blinked, presumably knowing the past of Liu Wen and Shen Liang.

The assistant coughed and looked at him solemnly:

“Director Chen, I solemnly convey the meaning of President Shen, you have seriously violated the company’s system and have been disqualified from the original. You can share your card with others in future meetings, and you should not go to 12 if you are a private person. The area above the building.”

Director Chen’s face changed: “What? I just borrowed it, isn’t she President Shen’s ex-girlfriend?” The assistant said lightly:

“The entire company, without exception, Liu Wen has been fired. , you can do it yourself.”

Director Chen lost his strength for a moment and slumped on the chair.

His face was pale.

The most inconspicuous behavior in the past can actually become his weakness.

I thought that Liu Wen had a good relationship with Shen Liang and could not offend him.

But who knew that it would make Shen Liang unhappy.

The assistant turned around and left, Director Chen hurriedly followed, with a flustered expression:

“You said Mr. Shen wouldn’t be mad at me, right?” The

assistant smiled and didn’t speak.

Why confiscate your card if you’re not angry?

“He won’t let me get out, will he? I can’t get this position in other companies at my age!”

He is worried now that only his job can be kept.

He is not ignorant of the gloom brought about by middle-aged unemployment among the people around him.

For fear of falling on his own head.

Isn’t Shen Liang’s move a heavy warning?

In the next step, are you going to do something to him?

chapter 1896

I took the wrong medicine. The

assistant smiled calmly: "Director Chen, I haven't received a notice yet. If there is a change in personnel, the personnel will contact you."

Director Chen's face was pale, and he was still in a hurry. 's departure.

The assistant turned his face away lightly, but fortunately he always stood by Qin Yu's side!

Shen Liang took Qin Yu back to the office, Qin Yu struggled to no avail, but was also impatient.

Once inside, she broke free.

One hand rubs the wrist.

This unfortunate wrist was damaged twice a day.

She looked at him dissatisfiedly, "What are you doing? Did you take the wrong medicine?"

Shen Liang stood there, his fists clenched slightly:

"Why didn't you discuss it with me in advance?"

He was talking about going on a business trip to City C.

Qin Yu's expression was light, and she raised her eyebrows:

"This is business, and business should be discussed in the company. Why should I discuss it with you in advance? It's

not too late to know just now!"

She said nothing wrong.

But Shen Liang was just not happy, he felt like something was about to burst out of his chest.

"Are you still angry about Liu Wen? I've made it clear to her..."

Qin Yu interrupted him with a light expression:

"Shen Liang, I'm not a person who doesn't care about public and private, you The matter with her has nothing to do with me, and I have considered going to City C, so don't mix it up."

Shen Liang's face was ashen:

"Do you know how dangerous it is? Can you bear it for half a year?"

He wasn't worried about the mission fail.

But there are too many dangers hidden there, and the source of the confusion in the accounts lies in the lawlessness of the forces over there.

But once designed for personal gain, who knows what crazy things they'll do?

He can't take Qin Yu to risk.

Qin Yu saw that he was really angry, and his face softened slightly.

He smiled, walked over, pulled his arm, and lowered his attitude:

"I know, of course I will be careful, just treat it as if I had practiced in the past, don't you always hope that I can grow up as soon as possible? Is

n't City C the best opportunity?" Shen

Liang's face was cold and his eyes were frozen:

"No, I won't agree."

"I have already decided."

Qin Yu's attitude was also very firm.

"I'm not allowed, you can't go."

Shen Liang gritted his teeth.

Qin Yu looked at him: "Then I'll resign."

The atmosphere between the two became stiff again.

It seems to have returned to the state of the cold war last night.

Qin Yu turned around and left his office.

The people outside were still a little puzzled. It was obvious that the third party Liu Wen was no longer a threat, so why did they quarrel again?

Qin Yu sat in the office and fell silent.

Soon.

Someone knocked on the door outside. The assistant held a cup of rose tea that she liked, "Mr. Qin, are you still angry?"

Qin Yu smiled, "What? Haven't seen enough excitement in the morning?"

Any joke can be made.

The assistant is not afraid of her either. Compared with Shen Liang, Qin Yu is simply too good to serve.

A couple of sweet words can make her happy.

"We all support you, we won't believe that Shen is always that kind of person, hey, I blame Mr. Qin that you are too good, so you are always envied!"

Qin Yu couldn't help but smiled,

“Okay, it’s over. Don’t discuss it, don’t spread it out, the province will affect the company’s stock market.” The

assistant paused, and looked at her with instant admiration:

“It’s still President Qin who has a big picture, which most people can’t think of. This floor! I’ll tell you to go on now!”

Qin Yu was not angry, and she was still in the mood to joke with him, which means that she didn’t really break up with President Shen!

chapter 1897

supports your divorce

after all.

How can people who have broken up still have the mood to care about the company’s stock?

Qin Yu looked at the door silently and restrained her smile.

She thought about it, and called Qin’s mother to tell her about it.

Mother Qin hesitated for a full minute before asking her:

“Are you really going?”

Qin Yu responded, “If I don’t go, I will never be able to hold on, and I will never be under the wings of you and the Shen family. Live for a lifetime?”

Qin’s mother sighed, probably after careful consideration.

“You can go, you must be aware of the danger. Although I want you to grow up, I don’t want you to have an accident, understand?”

Qin Yu’s eyes were sour and she responded.

“Mother I know, but Shen Liang has not let go. I wonder if you can say hello to Aunt Qiao. If she agrees, it will be much easier for Shen Liang.”

Qin’s mother paused, “Okay, Let me tell you.”

After a few seconds, she said again, “I heard that something happened to you. Shen Liang’s ex-girlfriend went to find him?”

You didn’t suffer, right?”

Qin Yu laughed.

“Of course not. Others may be concerned about whether my relationship with Shen Liang can continue. Why do you ask this?”

Qin’s mother sneered, “I can’t just watch you being bullied. Although it was said to be a marriage, I am too. I have carefully selected for you. Shen Liang has a good character, so he agreed to marry you.

But if he bullies you, I will not sit idly by.

Don't bear it if you have grievances . , If you really can't get on, the divorced mother will also support you."

Qin Yu smiled at first.

Later, her tears really fell uncontrollably.

Across the phone.

She shed tears silently, she couldn't imagine the expression on Qin's mother saying these words.

Qin's mother has always complained to her that she hates iron and steel, and it is the helplessness of an unqualified daughter.

She always makes trouble outside, and Qin's mother manages the company alone and wipes her ass.

She thought that her marriage to Shen Liang would be the most satisfying time for Mother Qin in her life.

Therefore, her first reaction when encountering something is to endure it, and then consider the best way to fight for herself.

But considering the end, she still decided to endure.

As for marriage, she has already given up her whole life, and she can only admit that she is unlucky.

Because she felt from the bottom of her heart that Qin's mother would not agree to divorce.

Now that she heard her words, she suddenly felt that all the grievances she had swallowed had reasons to pour out.

In an instant, she was free from the shackles and shackles, and she no longer had any scruples.

She is the eldest lady of the Qin family, arrogant and fearless.

Both sides are quiet.

Mother Qin didn't need to speak, she just sighed.

"Marriage and falling in love are separate. You are still too young, you are always motivated, and feelings are just embellishments.

The money you spend lavishly on weekdays is not something that I have a relationship with your dead father.

You have to grow up sensible by yourself . so that you won't be bullied."

She often said this.

But only this time, Qin Yu listened.

She was silent, wiped away her tears, and said:

“I understand mom.”

Qin’s mother replied, and she wanted to say something else. Someone knocked on the door and came in, like a visitor. She was always busy.

Qin Yu didn’t pull her to talk too much, and hung up the phone with a smile.

Shen Liang and Liu Wen did teach her a lesson.

She knew that Liu Wen’s appearance was not pure.

But after all, he felt that he could be replaced in Mrs. Shen’s position.

chapter 1898

I didn’t blame you

for being in the stairwell, and Shen Liang didn’t stand up to speak for her. After all, I didn’t think it was worth it.

What’s the use of her self-pity?

What’s the use of caring about what other people think?

She has loved someone magnanimously, even if there is no happy ending, it is still vigorous.

For the first half of her life, she took her feelings too seriously.

First Mo Xian, then Shen Liang.

Shen Liang did nothing wrong, he was quite innocent.

But she just had an epiphany.

A new marriage with his honey, is a very good memory.

But she can’t always sink in forever.

She is incompetent herself, and she will always be Mrs. Shen. Others will only call her “President Qin” when they give Shen Liang face.

She didn’t seem to have anything to complain about.

Once you figure it out, those awkward things don’t matter anymore.

She took a deep breath and began to prepare materials for going to City C.

Shen Liang didn’t let go, not only did he not let go, he saw a lot of people this morning and planned to find someone to replace Qin Yu.

have lunch.

Qin Yu originally planned to go to the staff canteen to eat.

As a result, the assistant knocked on the door and came in, "Mr. Shen ordered the dishes in the private kitchen for you to eat."

Qin Yu paused and nodded.

"Okay, I see."

He reached out his hand, and she also wanted to have a good talk.

In addition to falling in love between two people, they can't be angry all the time.

Love can't last forever.

After Qin Yu felt that she had no brain for love, her IQ rose!

She knocked on the door and went in directly.

Shen Liang sat on the sofa, opened the insulated food boxes one by one, glanced at her, hesitated, and finally said,

"Have you washed your hands?"

Qin Yu raised her eyebrows, turned around and went to the bathroom in his office.

"I can't have you there, you can get there."

Shen Liang chuckled lightly:

"If you like it here, we can change the office."

Qin Yu came out after washing her hands, and seeing that he was serious, no Like a joke.

She couldn't take it anymore.

"You are the general manager, I'm the vice president, how can I beat my standards?"

Shen Liang glanced at her and handed her chopsticks.

"Hurry up and eat."

Qin Yu was really hungry. Looking at the delicious food, she didn't hesitate to sit down and eat.

Shen Liang didn't do anything, just watched her eat.

She was used to talking and laughing, but in the past two days, she had let him know another side of her.

When she laughs, she will also distance herself from indifference, she will quietly distance herself from you, and she will look at him with indifferent eyes.

In just a day or two, he went up and down like a roller coaster, and he was so tired that he lost half his life.

Qin Yu ate for a while, only to realize that he didn't do anything.

“Why don’t you eat?”

Shen Liang twitched the corners of his lips and looked at her:

“You eat, I’m not hungry.”

Qin Yu swallowed, took a sip of water, put down her chopsticks, and looked at him:

“Do you have something to tell me?”

His expression was clearly a prelude to something to say.

Shen Liang looked at her, his eyes were heavy, and he didn’t show his previous emotions. Right now, he really couldn’t figure out what he was thinking.

“I’ve already found someone to go to City C.”

Qin Yu’s face froze.

Shen Liang put his arms on his legs and looked at her without squinting:

“I still have a municipal construction project in my hand, you can use it to practice.”

Qin Yu lowered her eyes, not very happy.

She gently hooked her lower lip, as if casually:

“Municipal construction is a piece of fat, it’s like giving me money for nothing, give me a hand training?”

Her unique voice has a somewhat lazy tone, so casual, yet With a bit of disdain.

chapter 1899

What do you want

Shen Liang’s eyes sank obviously.

Qin Yu’s reaction was not what he expected.

She is not happy.

If it was before, she would be so happy.

But there was no joy in her face.

He was heartbroken.

“Qin Yu, are you still blaming me?”

Qin Yu lifted her eyelids: “Which thing are you referring to?”

Invisibly, he had done a lot of things that made her unhappy.

Since their marriage, the two have never encountered such a big difference.

Shen Liang pursed his lips and looked at her, without letting go of the emotion on her face:

“It’s about Liu Wen.”

Qin Yu smiled indifferently: “It’s all over, isn’t it?”

Shen Liang rubbed his eyebrows :

“If you are unhappy, you can tell me.”

Qin Yu: “I knew this person existed before I got married, she couldn’t be a threat to me, I am not unhappy.

And I also have an ex, I can understand you , you don’t have to explain it many times.”

Mentioning her ex, Shen Liang’s heart inevitably tensed.

Her predecessor was more profound than Liu Wen’s existence.

If Mo Xian turned back to her, I’m afraid he wouldn’t be able to deal with it calmly.

So Qin Yu’s reaction was unexpected.

No quarrel, no fuss, no hanging.

What else is he dissatisfied with?

But there was an indescribable sigh in his chest.

Can’t dissipate.

“That’s because of the matter of going to City C. As I said, you are not suitable. It is too dangerous for you to cope with it.”

Shen Liang’s tone was low, and he had persuaded her very patiently.

Qin Yu sat there, frowning slightly:

“Why do you think so? You judged my failure before I even went?”

“What if something happens to you?”

Shen Liang’s tone was a little anxious.

Qin Yu: “I will be careful, and it’s not like I don’t have bodyguards and assistants by my side.”

“What you think is too simple. This is not something that bodyguards and assistants can solve . You can do anything crazy.”

His fists clenched unconsciously.

Qin Yu nodded:

“I’m mentally prepared, and I won’t give up halfway.

Shen Liang, this is the first time I want to do a job seriously.

Not on the shoulders of you and my mother, but on my own. Let's face it."

Shen Liang took a deep breath, and his eyebrows became a little gloomy:

"Qin Yu, practice your hands here, isn't it bad to go shopping and spend money when you have nothing to do?"

Don't you like this kind of life?

Why do you have to go to danger? What are you going to do?"

Qin Yu raised her head, looked at him, and smiled slowly.

She sighed:

"I'm your wife and your subordinate, not your daughter, you don't need to control me like that.

Of course I liked those days when I was intoxicated with money, but I always felt uneasy, so I wanted to stand up and try it myself. Shen Liang was silent,

his eyes fell on her face.

For a long time,

no one spoke first.

Shen Liang lowered his head: "What if I still disagree?" "

How can he feel at ease to throw her in such a dangerous place?

Qin Yu: "Then I will resign." "

Shen Liang stared at her with dark eyes:

"Are you serious?" "

I'm not joking, it's like going back to work at Qin's, but my mother won't control me with her hands and feet, and she will definitely support what I want to do. "

She needs a chance to grow up on her own.

Shen Liang was silent, and didn't speak again.

He was almost helpless against Qin Yu, unable to do anything.

She became stubborn, and no one could do anything...

chapter 1900

is not just an ex-girlfriend

's afternoon.

After agreeing to go to Qiao Fan's place, Qin Yu had already prepared a gift.

When Shen Liang went back, let the driver pick him up.

He and Qin Yu sat in the back, and neither of them spoke for a while.

The driver is still a little uncomfortable.

In the past, Qin Yu would always chat and talk non-stop. Although Shen Liang listened casually, he always answered questions and responded to every sentence. Everyone was used to it.

Suddenly so quiet.

Weirdly uncomfortable.

They didn't speak, and neither did the driver.

And so on to the place where Qiao Fan lives.

A single-family villa, the area is not large, but there are gardens in the front and back, and the scenery is very good.

As soon as the land was developed, Shen Liang bought the villa here.

The nanny smiled and came over to open the door:

"You are finally here. Madam has been busy for a long time."

Shen Liang nodded and led Qin Yu in.

Qiao Fan was welcoming him out, looking at Qin Yu's friendly face, his smile turned into a flower, and he liked it very much.

She hugged and hugged, and then reluctantly let go:

"My darling, why are you so thin?"

She looked at Shen Liang with complaining eyes.

Shen Liang shrugged, "I don't speak, I'm afraid of being beaten."

It can't be said that she is not thin, let alone that she is thin.

Your best bet is to keep your mouth shut.

Qin Yu smiled and walked in with her arms around her shoulders:

"Mom, I'm alright, do you like the silk scarf and perfume I gave you?"

She specially chose it according to Qiao Fan's preferences.

really.

When Qiao Fan took it out, his eyes lit up.

"It's the first time in my life that I have received such a thoughtful gift. It's really smoking on my ancestral grave!"

The exaggerated appearance made Qin Yu laugh uncontrollably.

Shen Liang: "..."

Qin Yu also laughed, and the moment the two of them entered the door, they resumed their previous intimate relationship.

Auntie came out after carrying it from the inside, and said with a smile:

"There is another soup, it will be ready soon, wait a while."

Qiao Fan pulled Qin Yu to sit down, "Just so, I went shopping a few days ago and saw a few If the bag is suitable for you, I will buy it and wait for you to come."

Qin Yu: "If you had said earlier, I would definitely come every day, so don't feel bad about it."

"What do I feel bad about? I have everything good. I'm willing to give it to you."

Qiao Fan smiled: "I called your mother, she is still in a meeting, she doesn't have this kind of good luck, I'll make an appointment with her next time."

Qin Yu nodded.

Originally, her trip today was not an ordinary family gathering.

Jovan must have something to say.

Shen Liang rolled up his sleeves, washed his hands, and helped his aunt serve the dishes.

It looks like a really big difference.

Qin Yu glanced at it and looked away.

When Qiao Fan saw this, his heart froze for a moment, his face returned to normal immediately, and he led to other topics with a smile.

Until the meal is ready, everyone sits at the table.

The three clink glasses and take a sip of wine.

Qin Yu chatted and laughed with Qiao Fan as if nothing had happened, while Shen Liang didn't say a word.

Qiao Fan glanced at the two before solemnly putting down his chopsticks.

"Actually, I asked you to come here today because there is something I want to tell you."

Qin Yu and Shen Liang looked at each other and put down their chopsticks.

Shen Liang frowned slightly, puzzled:

"Mom, what's the matter?"

Qiao Fan glanced at him, pursed his lips, and said calmly:

"About Liu Wen."

Shen Liang's face stiffened, he opened his mouth, wanting to say What, but worried that Qin Yu was also there, he didn't say it after all.

Qin Yu was stunned for a second, then said with a smile,

"Isn't she an ex-girlfriend? Is it worth such a solemn introduction?"
