

Divorce 1901

chapter 1901

The feeling of being betrayed

Qiao Fan saw that she had been unresponsive, thinking that this matter was just a little thing like drizzle.

But looking at the relationship between the two of them, it is obviously not the same as before, and it has become a lot more rusty.

In particular, Qin Yu's eyes on Shen Liang were not as sparkling as they used to be.

As someone who has come before, she understands what this means best?

"Indeed, but she appears again, and the purpose is not pure. Even if she is nothing, you have to take precautions. It

is not easy for you to come together. I don't want you to feel awkward because of this person."

Shen Liang: " Mom..."

Qiao Fan gave him a wink, motioning him not to interrupt her.

"When you were with her, I disagreed, not because your family background was unworthy.

To be honest, our family was not much better at that time, and we were all in jeopardy, so there was nothing to be picky about.

But this woman used your network resources . To achieve your goals, you have sold the projects you have worked so hard to get more than once.

Why do you think the bidding failed one after another in the first place?"

Shen Liang's face became ugly, and his whole body was tense and a little surprised.

Qiao Fan snorted coldly: "Not only that, after I found out, she also intensified her efforts to destroy the relationship between our Shen Group and the old partner.

Why did Liu Chengzhi, who had a great relationship with your father, be in your heart? When it was difficult, you suddenly turned against the water, haven't you thought about it?"

Qin Yu sat there, she was not so serious at first.

As a result, I suddenly felt as if I had discovered a great secret.

Qiao Fan stood up and took out a long-prepared kraft paper bag from the wine cabinet.

She took out the contents and handed it to Shen Liang.

Qin Yu could just see what was above.

Immediately, his face was a little ugly.

It is a photo of Liu Wen walking arm in arm with an elderly man.

That old man was Shen Liang's father's friend, Liu Chengzhi.

Not only that, Qiao Fan also took out other things and spread them out in front of him.

Shen Liang's face was even more ugly.

"These projects that you once lost are in the hands of the Hong Group. When the Hong Group overwhelmed our Shen Group, you won't forget it, right?"

Liu Wen is a special employee of the Hong Group. You lost it. Every project, she can earn a lot of money, you can look at the signature on it, and Liu Wen's income, they can be matched one by one."

Qiao Fan looked at him, Shen Liang had a breathless feeling. Feeling smooth, his face was ashen and stiff.

Not because of his ex-girlfriend's betrayal, but because of all this, he was kept in the dark.

Know nothing.

Liu Wen in his impression was obedient, gentle, and sensible, and he ignored her existence many times in a low-key manner.

So even if he broke up, on the premise that he didn't love her, he felt that he owed her and delayed his youth.

Now, one layer of skin was torn apart, and the other layer was bloody, and he didn't even notice it!

In those cramped days, he didn't know how much he paid to make the Shen Group stand up again.

Almost the whole person lives in the company, and his mind is full of projects and companies.

Now tell him that he had a chance to succeed, but he was just betrayed by the people around him?

The huge waves in his mind are really hard for him to accept!

Qiao Fan's words did not stop, and continued:

"You must be wondering why I didn't tell you, because I only got these materials after she went abroad and the Hong Group fell. I did

n't tell you, I didn't want to let these dirty people Dirty things affect you, but now it seems that I was wrong."

chapter 1902

She succeeded

Qiao Fan sighed and looked at Qin Yu solemnly:

"Her return must have caused you a lot of damage, and my mother wants to apologize to you.

When she left here, it was her He took the initiative to ask me for a sum of money, saying that she was going abroad for further study, but I didn't give it.

But she took the money on the condition that she broke up with Shen Liang.

I thought that she would not come back, but I didn't expect her to look down on her. You guys are having a good time, so you came back on purpose to block.

Obviously, she succeeded, didn't she?"

Qin Yu's face froze slightly, her lips were pursed, and her hands were clenched unconsciously.

do not know what to say.

It turned out that Qiao Fan had already seen something wrong between them.

Shen Liang slowed down for a long time, his voice was dry and hoarse, with unwillingness in his bones, he gritted his teeth:

"You should have told me earlier."

Qiao Fan looked at him, his eyes gradually reddened:

"If it wasn't for the Hong Group who offended Su Nan, you have the opportunity to turn a defeat into a victory, but who would have expected such a coincidence?"

I admit that your ability is good enough, but you were overwhelmed at that time. I heard that you stood on the roof every day, Mom is scared to death."

Shen Liang's face was tensed, and his whole body was extremely stiff.

Qin Yu turned her head sideways and looked at Shen Liang.

After hearing all this, she suddenly felt sorry for him.

Now he can be said to have what he wants, but what was it in the past?

In such a difficult situation, it did not knock him down.

She had always known that his willpower was strong.

But unexpectedly, he also stood on the rooftop sometimes.

Frustration, responsibility and burden must have overwhelmed him at first.

Countless times, want to jump from there, right?

The atmosphere is a little heavy.

Qiao Fan was silent for a while before opening his mouth:

"I told you this, not to want you to take revenge, but to tell you that that woman is not as innocent as you think.

Maybe in the eyes of others, I am a person who dislikes the poor and loves the rich, and takes money to pay for it. The mother of people.

But I hope you can live a normal and happy life.

Especially, don't affect your feelings because of an unworthy woman. "

Shen Liang didn't speak for a long time.

Qin Yu sat there without making a sound.

Looking at it this way, Liu Wen is indeed not worth it, not worth being a threat among them.

The strangeness between them was inexplicable, and she couldn't even find an accurate node.

Shen Liang's excellence is beyond reproach, it should be a good choice for her to marry him.

But a few days ago, she really had a feeling of regret.

I regret marrying so sloppily.

Leaving Jovan's house.

Shen Liang's face was not so ugly.

But still did not speak.

Maybe he also had a hard time digesting the news.

Qin Yu looked out the car window, coming and going, the decision in her heart did not waver.

the next day.

Company meeting room.

Shen Liang looked at the application report in front of him, his face was blue, and his eyes were a bit cold and puzzled:

"You still decide to go?"

Qin Yu nodded calmly. She had already greeted others in private, and there were almost no competitors with the same conditions as her.

As long as Shen Liang is not selfish, she will definitely get the spot.

The meeting room was silent and solemn, and almost no one dared to make a sound.

This matter has been stalemate for a long time, Shen Liang and Qin Yu suddenly have their own opinions, no matter which side they stand on, it is not a wise choice.

Shen Liang rubbed his brows, his face a bit cold and solemn.

"Let's end the meeting first."

He stood up and glanced at her:

"You follow me to the office."

chapter 1903

Get out.

Qin Yu didn't refuse. The point where the two are now deadlocked is not Liu Wen, but the question of whether she can go or not.

But Shen Liang seems to always like to mix things up.

office.

Shen Liang sat on the sofa and pointed to the opposite side with a negotiating gesture.

"Sit down and talk."

Qin Yu sat there.

Did not speak at first.

The assistant outside noticed the chill between the two, perhaps out of gossip, and came in to deliver coffee without fear of death.

The originally calm Shen Liang suddenly turned scarlet at the corners of his eyes, and scolded coldly,

"Get out!" The

assistant was so frightened that he hurriedly left.

Qin Yu looked at Shen Liang, who rarely lost his temper, and smiled.

Shen Liang looked at her coldly:

"What are you laughing at?"

Qin Yu: "Did you want to scold me just now?"

Shen Liang frowned, Qin Yu didn't give him a chance to speak.

"I really want to go, not for any other reason. I want to try it myself and see what step I can do without your protection?"

Shen Liang was silent for a moment, then looked up at her:

"You can go. Other places, other projects, you can choose, is that city C a joke?

Don't you know how dangerous it is?"

Qin Yu pursed her lips and looked at him with crooked eyebrows, causing Shen Liang to be full of stomach. The words caught in his throat.

He rubbed his forehead and took a deep breath:

"Are you still blaming me? If I knew she was that kind of person, I would never let her appear in front of our eyes. I really..."

Seeing his helpless and painful appearance, Qin Yu took a step forward and hugged him gently.

Shen Liang was stunned for a moment, and quickly reached out and hugged her tighter.

“Qin Yu, if you blame me, you can beat me and scold me, but don’t mention leaving, if I do something wrong, you can tell me directly, okay?”

His voice was a bit hoarse and helpless.

As if really afraid of losing Qin Yu.

It’s not that he can’t feel her change in just two days.

It made him at a loss, scared, panic...

But he didn’t know what to do?

He had never felt this way before.

Qin Yu patted his shoulder and said in a soft voice,

“Actually, you didn’t do anything wrong, and it’s quite unfortunate. Originally, I was very angry when I heard your conversation in the stairwell.”

Shen Liang paused, Slowly let go, “Did you hear? You left before you finished?”

Qin Yu nodded.

Sure enough.

If she really finished listening, I’m afraid she wouldn’t be so angry.

But who can be blamed?

Blame him for being too kind?

Or is it because Liu Wen sets traps everywhere?

He recalled that before his final statement, the conversation between him and Liu Wen seemed to be Liu Wen talking about Qin Yu’s bad.

He didn’t think too much about it at the time, but she came back too unexpectedly, plus she kept accusing Qiao Fan, he was really in a mess, and wanted to give her a compensation to send her away.

Now that I think about it, if Qin Yu were listening to Liu Wen’s conversation with him outside, listening to how Liu Wen belittled himself.

However, as a husband, he did not interrupt and correct in time, and did not immediately confront Qin Yu.

Qin Yu outside should be more disappointed with herself, right?

At that time, can I still expect her to listen to the entire dialogue in its entirety, waiting for him to defend her?

Thinking of this, his chest suddenly became dry, and the feeling of remorse surged up in an instant.

Qin Yu chuckled softly, her voice soft and light:

“But it doesn’t matter, she is right, my past really doesn’t need to be added, but to this day, I don’t feel that I am a sinner.”

Shen Liang pursed his lips and his voice was dry:

“I didn’t mind your past.”

chapter 1904

has to go

“I know, you’re not such a person, but it doesn’t mean that others are not.”

Qin Yu touched his hair, the texture was different from her own softness, but she used the same one. It’s the same brand of shampoo, so even the smell is what she likes.

Her heart softened for a moment.

“I can’t hide behind you everywhere. In the future, when people mention me, I can’t accomplish anything. It’s my ability to marry a good man?

I’m lucky, but I also deserve it.”

Qin Yu finished speaking, looking at Shen Liang’s handsome face, he stretched out his hand to draw a detailed description on his face.

“Shen Liang, don’t you think so?”

Shen Liang looked at her deeply.

It was rare for Qin Yu to be so gentle and calm, as if she had changed a person, and she grew up like this overnight.

He was tempted to say no.

But he knew he couldn’t stop it.

She had to go.

The determination in her eyes could not be shaken at all.

No one could stop it.

When the dust settled, he was not so worried about gains and losses.

“You really decided?”

Qin Yu nodded.

Shen Liang closed his eyes, “Three months, I only give you three months. If you can’t solve it in three months, even if you don’t want to, you have to come back.”

Qin Yu blinked, he was giving in.

She smiled immediately, lowered her head and kissed his face heavily.

“Okay.”

If she can't come back, won't she have the final say?

Qin Yu immediately went back and started preparing to hand over the work at hand.

There are still a few days to prepare.

She was not in a hurry, but also full of expectations.

Although Shen Liang promised verbally, he did not take any practical actions, and the appointment letter was delayed.

He smiled and asked Qin Yu to go back and wait for the news, and suggested that she should get together with her friends before going to City C to relax and eat.

Qin Yu had no doubts about him.

But after a while, I felt that something was not right.

Su Group.

Su Nan just came back from socializing outside and smiled when she saw Qin Yu sitting bored in her office.

“You're not going to see my daughter, what are you doing here?”

Be careful that she won't know you when you come back next time!”

Qin Yu pursed her lips, “she's so young and can't remember people, so don't lie to me!”

Su Nan smiled, and the whole person looked very good.

Although it is not as leisurely as at home after going to work, once she gets started with things in the company, she feels like a duck to water.

It's even happier than playing with talking children at home.

Especially Shang Qian was thoughtful and thoughtful, and didn't even give her a chance to get angry.

Yu Lou came in to deliver the materials, and saw Qin Yu greet him:

“Miss Qin, what would you like to drink?”

“Whatever.”

Qin Yu waved her hand and moved closer, wanting to have a good talk with Su Nan.

When Yu Lou saw this, he didn't bother much, he put down his things and went out.

Su Nan: “Didn't you say you were going to City C? When will you leave?”

Qin Yu looked distressed:

“That's what I'm talking about. I'm ready, but Shen Liang has been dragging it.

Of course I know he's worried about my safety, but it's not a solution for me to keep doing this.

I've already handed over my work, over there. My hotel has also been arranged.

He wants to drag me out until I lose interest!"

Su Nan raised an eyebrow, Shen Liang's approach was brilliant, it was really impressive!

"I don't recommend you to go there. It's too dangerous there, and I heard that the situation is very chaotic. There is a mix of black and white in the shopping mall. The Su Group's business has been withdrawn from the C city market a few years ago."

chapter 1905

Can't wait for

Qin Yu to frown slightly:

"I still want to go, can't say it's to prove myself, I know how much I have.

I just want to find a chance to fight alone. Go back."

Su Nan looked at her and nodded, "Pay attention to safety and call me if you need anything."

Qin Yu sighed, "But it's still a problem how I get there now!"

"He won't let you go. , you won't go?"

Su Nan knew her better, but Qin Yu's head was short-circuited for a while!

Qin Yu was stunned for a moment, and suddenly realized that she immediately stood up.

"Su Xiaosi, I knew you had a lot of ideas!"

After she finished speaking, she ran away with her bag without a word.

Yu Lou just came in with coffee, and in order to avoid Qin Yu who suddenly appeared, he sprinkled it all on himself.

Qin Yu patted his shoulder:

"Assistant Yu, thank you!"

Yu Lou was still stunned, the person in front of him was gone.

Su Nan laughed.

Yu Lou: "President Su, what's wrong with Miss Qin?"

Su Nan raised his eyebrows:

"I can't wait to go to the battlefield!"

Yu Lou: "..."

I don't understand what to do?

Su Nan glanced at him: "I'll give you half a day off in the afternoon to clean up?"

Yu Lou nodded happily:

"Thank you, Mr. Su." The

next day.

Su Nan had already heard the news that Qin Yu had gone to City C without permission.

Shang Qian was buttoning up his shirt, and he glanced at her with a half-smile but not a smile, and his handsome face had a bit of playfulness:

"Aren't you curious? I heard that President Shen was so angry that he even drove after him all night, but he didn't. Catch up."

Su Nan smiled and flipped through the news on the ipad lightly:

"What are you curious about? What can't Miss Qin do?"

Shang Qian smiled helplessly:

"But she ran away after passing you. , It's easy for President Shen to misunderstand!"

Su Nan rolled his eyes at him, "What about the misunderstanding? The legs are on Qin Yu's body, and no one can stop it."

Shang Qian walked over and hugged her:

"I I'm going to the company to pick you up for dinner at noon?"

Su Nan smiled and refused:

"I know you asked me to visit the crew, and I'll eat there at noon."

Shang Qian frowned slightly, "Who is her new actor in the crew? ?"

The expression on Su Nan's face froze slightly, and he blinked:

"I don't know..."

Shang Qian looked at her and said nothing.

After a few seconds.

Su Nan surrendered and conceded defeat: "Jiang Yu, it seems, I don't know, I just went to see it."

Shang Qian pulled the corner of his mouth, reached out and pinched her face, it felt soft and delicate, it was really reluctant to bear release.

"You'd better go and come back quickly, I'll come to visit at any time!" In

his tone, there was a faint and imperceptible threat.

Su Nan pursed his lips and said nothing.

Shang Qian is really careful, thinking about the man beside her everywhere.

She is indeed not as dashing and wanton as she used to be, but fortunately she doesn't look down on other men, not as good as Shang Qian in front of her.

When the phone rang, Shang Qian glanced at it and frowned slightly.

He walked into the elevator as he spoke, and Su Nan quickly followed.

Go out together anyway.

He went to the company, she went to the crew.

There seemed to be something to report on the phone, probably from Chengjie from abroad.

He simply dealt with it a few words.

Just as the elevator arrived downstairs, he also hung up the phone.

Su Nan waved at him and happily went to his car.

Before the door was closed, someone pulled it out of the car and stuffed it into the co-pilot.

She was stunned, looking at the driver's seat where she should have been sitting.

"Aren't you going to the company?"

chapter 1906

Let it go, let 's talk

, Shang Qian turned his head and smiled at her, calm and gentle:

"I'll take you to the crew first, anyway, by the way."

Su Nan: By the way? Isn't it both directions?

But she still smiled gratefully:

"Okay, it's great to drop by!"

Listening to her duplicitous smile, Shang Qian was obviously in a good mood.

Bored on the road, Su Nan happily made a video with Su Yifeng at home.

Su Yifeng hugged and said that the children were telling stories.

It is said that the children are obviously impatient and deliberately throw the things in front of them on the ground from time to time.

But Su Yifeng was very supportive:

"Isn't Grandpa's speech very good, we love listening to it!

Come on, Grandpa will read you a piece of quantum mechanics knowledge..."

Su Nan rubbed his forehead:

“Dad, let’s talk about it!”

Su Yifeng said, “Education should start with children. I used to be too busy with work, so I didn’t have time to take care of you. I will teach you one by one like this!

Now that I have time, I want to Put all my energy into our talk, and you can go out and play with confidence!”

Shang Qian hesitated, but finally decided to concentrate on driving.

Su Nan was angry and hung up the phone directly.

Shang Qian glanced at her:

“Dad, it won’t always be like this, right?” Su Nan chuckled, “When she can talk, she will refuse. Then my dad will let her go, don’t worry!”

Worry not, but the face is still calm and deadly.

Su Nan saw Shang Qian’s entanglement, so he didn’t hide it from him at all.

really.

Hearing this, Shang Qian exhaled slowly.

“That’s good.”

Su Nan smiled.

During this time, Su Yifeng has spent all his energy on cultivating and talking about children. He is not tired himself, and the people around him are tired for him!

Although Shang Qian saw it in his eyes and felt pain in his heart, it was not easy to sway the elders’ hearts.

What’s more, that person is Su Yifeng.

“I don’t want to talk about how good a person will be when she grows up, as long as she is happy and healthy, what do you think?”

Shang Qian’s voice was gentle and clear, “I can work harder, enough for you to squander, no matter what she becomes. Such a person, I hope she can have a successful life!”

Su Nan listened to this, smiled, and looked ahead:

“Mr. Shang, the dream is good, but if you think, why do you still report to Mike So many interest classes?”

Mike was sent to the Y country summer camp by Shang Qian within a week of being at home.

Although Shang Qian was reluctant, he didn’t need to say more about that kind of love, but he didn’t change his decision.

With a precedent in front of him, Su Nan didn't believe that Shang Qian would allow him to say that children were unscrupulous.

Shang Qian glanced at her with a guilty conscience, then coughed:

"Boy, of course he will have to work harder in the future, and he will depend on him to take care of us, just like your brothers take care of you."

Su Nan smiled Laugh: "Mike hasn't grown up yet, so you put so much pressure on him!"

"His honor!"

Shang Qian bullied his son and took it easy.

Mike, who was far away in country Y, sneezed fiercely.

He rubbed his nose and continued to lecture to the female classmate next to him.

The female classmate's face is round, like an apple, so cute!

to the theater.

Ningzhi had someone waiting at the door to pick her up early.

Su Nan didn't know who he came to know, but when he got out of the car, he heard someone calling his name:

"Miss Su..." Following

the voice, Su Nan was stunned.

It turned out to be Jiang Yu himself?

chapter 1907

Su Nan is quite impressed with this person, but is not familiar with it.

Sun Haoyang once nominated the Huaying Award, and finally won the best actor is Jiang Yu.

This is where the only understanding comes from.

His popularity is very high, he takes the way of acting, and he has a good reputation in the circle.

Ningzhi asked her to come over, mainly because she wanted her to help and see, could Huaying Entertainment sign Jiang Yu?

His contract with the agency recently expired, and he originally planned to set up his own studio.

As a result, he accidentally offended a big guy in the circle, and the big guy deliberately stumbled him and everything went wrong.

So he hinted that Ning knew, carefully asked questions, and wanted to stay in Huaying Entertainment for a few years first, and then talk about it when the limelight passed.

Su Qi was not interested in this person, so he left it to Ning Zhi and Su Nan.

When Su Nan came here this time, it was like taking a look.

I didn't expect to meet such an enthusiastic person — Jiang Yu.

Jiang Yu waved his hand and was about to come over to pick her up.

He watched the person in the driver's seat get out of the car, stood behind Su Nan, and put a thin coat on her abruptly.

Su Nan glanced back blankly:

"I'm not cold."

Shang Qian pursed his lips, glanced down, and whispered in her ear:

"I'm cold."

She felt a numbness pass through her ear, and she shuddered for a moment. , touched him with his arm in a coquettish manner:

"Don't make trouble."

Shang Qian bent his lips, satisfied with her response.

The person on the opposite side also saw the intimate movements of the two people, and stood there suddenly not knowing whether to come or not.

Yep.

Isn't the purpose of his coming to let others not make up their minds? Shang Qian gently gathered her hair, kissed her on the forehead

gently, and said in a gentle voice,

"I'll come to pick you up in the afternoon, don't run around, you know?"

, No matter how thick-skinned she was, she couldn't keep her composure.

Fortunately, Shang Qian didn't get tired of being crooked for too long. After glancing at that Jiang Yu, he looked away lightly and turned to get into the car.

Jiang Yu could feel that every look that Shang Qian looked at himself was as sharp as a blade.

Chilling.

Immediately his enthusiasm dissipated in half.

Waiting for the car to be out of sight, Su Nan smiled and walked in his direction.

He dared to take a step, and the smile on his face became a little stiff.

"Miss Su..."

Su Nan nodded, "Jiang Yingdi, why did you come in person?"

Jiang Yu smiled, "Just call me Jiang Yu, during the filming interval, I don't have any of my scenes, I came out when I had time.

Director Ning was busy inside..."

Su Nan raised an eyebrow, so it was!

"The one just now..." Jiang Yu hesitated.

Su Nan said naturally: "It's my husband, he sent me here by the way."

Jiang Yu paused, his eyes dimmed obviously.

There was no passionate "oh" sound, and then I was a little lost.

Su Nan walked for a while before realizing his change.

"What do you think of him?"

Jiang Yu shook his head quickly:

"Of course not, I haven't seen much before. I'm too busy filming on weekdays, and I haven't heard the news of your marriage..."

"Our marriage is relatively low-key, and not many people pay attention, unlike your big stars, people everyone wants to know."

Su Nan said in a low-key manner.

Jiang Yu pursed his lips: "You are our goddess, and most of the people in the entertainment industry are paying attention to your affairs!"

Su Nan twitched the corner of his mouth and didn't speak.

Continue to talk, there is no guarantee that you will talk about other aspects.

They are not very familiar yet!

chapter 1908

is too

immodest The reason why Su Nan has such a big influence in the entertainment industry is because she once held Yu Fei and Sun Haoyang in one hand.

How many people are jealous and jealous!

As soon as I turned the corner, I saw Ning Zhiliu sitting under the studio watching, quite serious.

Seeing Su Nan coming, she beckoned.

Su Nan didn't really want to show his face in front of so many people, but everyone came, and it's not good to leave now.

Can only bite the bullet and walk over.

I heard that the director was still scolding the female No. 2 who had NG several times.

“You can’t cry even when you cry, and you can’t even laugh when you laugh. Is your face so stiff that it scares people to death? I

really don’t know what’s the use of the people behind you pushing you in? Dare to come out before the plastic surgery recovery period is over. Are you trying to hold everyone back during filming?” The female No. 2 stood there with red eyes, and the surrounding staff went over to help her touch up her makeup.

It is not surprising that such a scene is present.

They can handle it just fine.

As soon as she turned her back, the scolded female No. 2 started throwing things and losing her temper.

Su Nan took a few glances, secretly thinking that the crew is still lively!

How could something like this happen in a company?

She couldn’t bear to scold the staff who worked hard for her!

The director and many actors have seen her.

The director smiled and nodded: “Miss Su, come to visit the class?”

Su Nan smiled, “Yes, I’m bothering you.” The director

waved his hand: “Don’t bother, rest for half an hour!”

walk over.

The weather is not bad, the cool breeze is refreshing, although it is a little hot in May, it is not enough to be too hot.

Ning Zhiliu came over with an umbrella and said with

a smile, “Thank you Jiang Yu.”

“You’re welcome, Director Ning.”

Jiang Yu raised his chin with a smile, saying that it’s a trivial matter, no problem.

Su Nan glanced at the studio:

“It won’t affect your supervisor, right?”

Ning Zhi clicked his tongue, “No, I’m not important, I just want to watch the play I invested in, will I lose my life? “

Su Nan twitched the corners of his mouth: “You invested?”

“Of course, otherwise what am I doing so hard here?”

Su Nan recalled the scene just now, and suddenly sighed:

“Aren’t you afraid of heart disease? The director often curses like this?” Why don’t you change roles?”

Ning Zhi brushed the broken hair beside his ears, very casual, smiled casually, and the two walked under the corridor, which is a classical-style building with a lot of charm.

“For what? The sponsor behind her made a lot of money, just to put her in.

Why don’t I make the money I can make?”

Su Nan glanced at her: “You want to delete her footage in the end. already?”

Otherwise, she couldn’t think of a better way.

According to the director’s anger just now, the acting skills of the female No. 2 may be difficult to see.

Even if it was broadcast, it was a bad drama that was scolded to death.

I’m afraid it will be difficult to even get back to the original.

Ning Zhiliu squeezed her arm and hooked her lips playfully:

“If you say that you are smart! Anyway, when the sponsor signed the contract with us, he didn’t say how much she played.

Just shoot it, you don’t need it when the time comes! “

Su Nan smiled and shook his head.

Standing here and looking out, it was a piece of greenery, the breeze was blowing, and I could smell the strong fragrance of flowers. It was

fragrant and fragrant.

Ning Zhiliu touched her with his elbow . :

“See Jiang Yu? how do you feel? “

Su Nan frowned slightly, and directly said the first impression:

“Not too deep, not a high-profile person, seems to have a good personality?” “

chapter 1909

Ningzhi nodded his head: “Yes, he is the male protagonist of this play, and he also has investments, which is not a big deal, so we have an intersection.

His purpose is obvious . , I just want to get the protection of Huaying Entertainment and be a springboard.”

Su Nan paused, “Are you such a kind person?”

“Of course not, I saw the commercial value of him, you know?”

Jiang Yu is known as Su Qi's successor in the circle, and his acting mode is completely learned in the way Su Qi left behind.

Among so many people, he is the most similar and the most successful."

Su Nanton He paused, listening to the excitement in her tone.

"You don't want him to rub my brother's heat, do you? He hates being rubbed off on him the most."

Ning Zhiliao: "I know, but there's nothing I can do. I want to sign him in the name of my company and hang up. Under the name of Huaying Entertainment, what do you think?"

Su Nan thought for a while: "Do you want to take him yourself?"

Ning Zhi nodded: "In this way, it will not be so easy for him to escape."

"He can agree . "

It's deep in the mud, it would be good if someone rescued him, but what else is there to consider?

If he refuses, it means that his situation is not critical enough, so I can wait!"

Ning Zhi's tone was determined to win!

Su Nan: "Find someone to dig up his black material, but don't bury the thunder and blow it back in your own hands."

"I was prepared."

Ning Zhi was full of confidence.

Su Nan smiled.

There was a piercing cry in the distance, as if everyone was attracted to it.

Su Nan squinted for a while, but couldn't see what was going on.

Ning Zhi sighed: "Don't look, it's the second female lead."

"Does this happen often?"

"Do you know who the female lead is?"

"Who is it?"

"Meng Shuang."

Ning Zhi let out a sigh .

Su Nan frowned slightly.

She had a good impression of Meng Shuang, but every time she heard the name, she would think of her entanglement with her brother-in-law Li Suizhou.

In particular, she also knew Meng Shuang's sister, Meng Xue, that silly Bai Tian who only knew investment.

This pair of sisters is really entangled enough.

"Meng Shuang is the heroine? I didn't see it..."

Su Nan also glanced around, but did not see Meng Shuang's shadow.

Ning Zhiliao: "How smooth the filming is, I won't waste time with these little shrimps.

Her next scene is two hours later, and she is still resting in the hotel now."

Su Nan tilted her head to look Glancing at her:

"I thought you had a good relationship before, why do you seem to have any opinion on her?"

Ning Zhi sighed and sorted out his emotions.

I looked left and right to see that no one was there, and then said,

"I thought this person was relatively open-minded before. Unlike other actresses, he would not climb up without compromise."

"What about now?"

Su Nan asked lightly.

Ningzhi frowned slightly: "Do you know how she got the female number one?"

Su Nan raised her eyebrows: "What?"

Ning Zhi glanced at her:

"It was Li Suizhou who said hello and squeezed out the female No. 1 that was originally set, and replaced her."

Su Nan's eyes widened in surprise, and it took a while for her to return to normal.

"So blatant?"

"Nominally she is Li Suizhou's wife's sister, so she doesn't care much, but I saw Li Suizhou go in and out of Meng Shuang's hotel with my own eyes, and it's not disgusting enough!"

Ning Zhi's voice became cold with disgust.

"And that Meng Xue, who doesn't have a brain all day long. I hinted before that she should have more hearts, and she has grown into Qian's eyes!"

chapter 1910

Thinking of danger in peace

Hearing Ning Zhi complain, Su Nan was also stunned for a long time.

I only know that there is chaos in this circle, and the wealthy families are only entangled in their interests, but it is rare to see such a blatant sister.

Ning Zhi rubbed his forehead: "Forget it, come in with me, I just got someone to bring some delicious local desserts."

"Are you trying to make me fat?"

Su Nan complained from the bottom of his heart. smile. Ning Zhi also laughed and joked

: "Mr. Shang sent you here? I have seen it all. You are both married and you are so conscious of crisis?

"Ning Zhi laughed and didn't turn his head away: "Come on, I think he's afraid that there will be some little fresh meat in the crew that you will take back with you?" "I'm not interested in little fresh meat for a long time, okay!" Su Nan really didn't hesitate at all. Anyway, in her heart, no one can match Shang Qian. There are little fresh meat everywhere, but Shang Qian has only one! Passing through a hallway room, there is a lounge area with a wide view behind, which is like an extended pavilion sitting on the lake, which has not yet been demolished. Ningzhi pulled Su Nan over. Su Nan looked around and couldn't help but admire: "This angle is amazing, how do you feel that you can see several crews?" "Of course, but apart from us, no one has time for tea and desserts here. And this From the angle, you can see the three surrounding crews filming, isn't it great?" Su Nan nodded.

There are several lunch boxes on the table in front of them, and there are many desserts in them, which makes people appetite.

Ning Zhi sighed:

"I don't know what happened to Qin Yu there, nothing will happen, right?"

Su Nan pursed her lips, "You care about yourself, how can something happen to her?"

Shen Liang's person, Aunt Qin Everyone is secretly protecting you, so don't worry about it."

Ning Zhijiao put down the phone, picked up the fork beside him and handed it over, pointed to the direction he came from, and signaled:

"Look, the real excitement is coming."

Su Nan followed the direction and looked over , suddenly stunned.

Dozens of people poured into the crew together. Su Nan had stayed in that place just now, and now there is no place to stay.

"That's... a fan?"

Su Nan frowned, looking like a fanatical groupie.

"It's Jiang Yu's black fan."

Ning Zhixiao explained. "It's going to happen once every

three days. When they come to make trouble, they don't do anything, just take pictures and harass the actors around. It's very annoying. They can't drive them away, and it's useless to call the police.

, will delay the progress, Jiang Yu is also afraid of tossing.”

Su Nan shook his head: “Who offended?”

“It’s the gold master of the second female... I heard that it is the gold master. My wife had a relationship with Jiang Yu before, but I don’t know why, but when the sponsor found out, she started tossing Jiang Yu.”

Ning Zhi began to gossip.

Su Nan: “Really?”

“Jiang Yu has a guilty conscience, it should be true, but he said it was his girlfriend in college, who knows if it is true?”

Ning Zhi said indifferently.

Su Nan smiled and said, “It’s really unfortunate.”

“Yes.”

As he was talking, he suddenly heard someone hurried over not far away.

The two looked up and were stunned.

“Meng Xue?”

Su Nan glanced at Ning Zhi in surprise, Ning Zhi said that she didn’t know Meng Xue would come.
